If Anne and Howard wardle get a Ukrainian refugee in their home it would only be to exploit this person to help distract sarah benaissas circumstance and help her overcome it, these people do not care about anyone as a human being, they are just exploiting.

I imagine that my little sister Sarah benaissa and her adoptive parents Anne and Howard wardle may get themselves a Ukrainian refugee in their house in order to distract Sarah benaissas immigration circumstance in the uk and try to exploit this Ukrainian refugee in order for Sarah benaissa to not be deported to Algeria. I don't think that Sarah benaissa and Anne and Howard wardle should get away with exploiting any Ukrainian refugee in their home to protect themselves from anyone or anything from happening!

I choose to rise above the abusers and not succumb to being an author of this abusive way of life that no one admits is happening...
I'm writing this here because it clears my mind and well...my notes are considered as the filthy book (author) that people want released in order to save their abusive souls from being captured by other more advanced abusers.
My universal credit ventilation notes is my way of telling the silent invisible but fully alive human beings blocking and financially stealing from me in every angle that this filthy book will never get me rich because they are ugly and poor running from others just like them...so I will not make a living of any kind off of my strange neglected poverty experiences as I know that the projects of going through these hardships is exactly what these imbeciles want and I'd rather put a tree branch in their anal gland as to paper being enforced on me as if it is more important and above my existence!
That is all !

You can all call this THE BOOK OF HARDSHIP THAT WILL NEVER COME OUT BECAUSE THERE WERE COUNTLESS VICTIMS OF THIS MENTAL ABUSE AND COOPERATIVE VICTIMS TO THE POINT THEY OUTNUMBER MY EXPERIENCES AND THEY HAVE GONE UNDOCUMENTED AND NOT EXPOSED THE WAY THAT I HAVE RUSHED TO EXPOSE.

I can't even be an author because of how accepting poor people have been to this abuse.

So yes the benefits universal credit notes is my authors book and I will never make my experiences anything

Leah Unison

more than this in writing! 🙄🙄

If the haters ask I'll tell them the aliens and ghouls told me 🙄🙄 I don't laugh at how they would find sanity in that because of their own actions and choices in their lives relating to that!

I'm sure everyone claiming universal credit and even the work coaches are mild - medium victims of these people in higher places than their own such as places of society such as banks creditors government etc and would understand me (if they are not pretending and faking dilution as to not knowing what I am talking about in case he/she does not get his/her mortgage or loan or some help in the future for the way I exposed this is how society is working before it actually does the REAL WORK IN THE PROFESSIONAL BUILDINGS,us jobseekers get told to entertain interviews we know these cult negative mental abusers (cough I mean managers) know they only want to interview to destroy lives and experiment with their schizophrenia/psychotic mental abilities with ghouls. And aliens 🙄 cos we all know these people only give the job if the applicant agrees worships being a beggar for these ppl that hire them to put themselves down so that these business idiots can keep their businesses open+ find others just like those idiots they hired to self abuse and self destruct so that they can get strong and rich and hey I suppose they did this for so long now to the point benefits changed it's name to universal credit knowing that these idiots in corporate business think they mastered mental abuse to the point they believe they can ask the glory of the influencer of this entire functional magical universe (that looks like a trash bag because it's so black dark and silent outside of planet earth). These mental abusers really believe they can disturb the glory of what created them for their office and money nonsense enough to ask for maximum abuser privileges whilst supporting each other lying and swearing legitimacy in society to keep the complying public cooperative...I am not laughing at the confidence in people of todays society getting people like me involved in their strangeness.

Leah Unison

Well I don't care who reads this and calls it crazy because it is so logical whoever calls it crazy is the one crazy!
It's better to read this and just acknowledge to have no opinion because this so called crazy had to be imprinted somewhere because I don't find it funny that not ONE PERSON EVEN IN POVERTY HAS NOT PUBLISHED A BOOK ABOUT THE ACTUAL GOINGS ON OF PROFESSIONAL WORKS AND BUSINESSES ETC
I DONT WANT TO WRITE THAT SILLY BOOK
ITS SO BASIC AND SHOULD HAVE BEEN EXPOSING AND PUBLISHED SO LONG AGO THAT A BOOK COULD NEVER HELP THIS BEHAVIOUR OF PEOPLE APPROVING THEMSELVES AND EACH OTHER TO BE THIS WAY to people like me.

I don't want to be an author of such a filthy book because people kept quiet and are so mentally involved cooperative abusers that they don't deserve the help for leaving it all this long unsaid.

That filthy book exposing this stuff is not going to improve my life and I do not want the universe to acknowledge me as that author because...these bully's probably want me to write this book for themselves in other lifetime reborn to recover their victim lives!

One more thing...these people putting blockages and poverty and financial blocks and hardships in my life physically when I work hard or try to live better etc
I don't know these people
I have never met Them but these people think that they know me because they have psychotic/schizophrenia and other unearthly mental connections with ghosts aliens and other living things in this universe and these strangers have help through the silent public to practice this behaviour as a form of working and trade in order to claim universal spiritual submissions of new souls that are new to humanity in order to groom them as slaves and victims of their lives to sacrifice these innocent souls to live better at their peril reborn as both man and woman consistently...now understand these idiot workers doing these hate crimes that are invisible and silent and not exposed they want THE BEST...these people want this from the universe souls to abuse to not be abused whilst living in paradise and luxury mansions telling people like ME THAT I CANT AND I AM NOT ALLOWED BECAUSE THEY (they call themselves they because they have people question who are they to make this mental abuse sound crazy when it is completely logical when explained in a timely and descriptive manner I am actually rushing this explanation of these people) so THEY HATE ME AND THINK THATS ENOUGH FOR ME TO NOT WANT MY PARADISE AND MY MANSIONS
WHILST LIVING HUMAN ON EARTH - these people should have pitched their self love and self worship to me when I was allowed to hold a gun in the army at least because I had access and authority to leave military base with a rifle without anyone knowing...but this hate was not LIVE AND REAL AND CONFIRMED BACK THEN SO I DONT LAUGH AT THE HATERS DECIDING NOW THAT I AM NOT SOMEHOW DANGEROUS OR HAVING ACCESS TO BEING THE HERO THAT HMP PRISON QUEEN MARY JUSTICE SYSTEM UNIVERSALLY KNOWS THAT I AM!

Leah Unison

I don't know these haters but these haters are abusing the workplaces for their personal spiritual universal gain and confusing the professsional environment not caring looking out for their colleagues the wrong way in this practice!

For the last time England I am not strange for living with my parents...you are strange for actually believing that silly people like police officers and psychiatric hospitals vouching as to mental abuse such as this happening to people not existing is enough to hide what your all using the workplace for really... yes England and whoever loves me poor...I'm starting to love me poor because of how hateful this society really exposing itself universally to be and setting no positive example for other countries to follow...England teaching other country's to hate block abuse +form professional gangs and experiment supernatural faith through the work place and through products trade and actual work to get their spiritual needs met!
hate me all you want I love it...my anticipated revenge will be satisfying than scrounging rental apartment being stalked watched hated

But I wanted to put it out there that I am actually more dedicated then these people with regards to terminating pests...now I will say It one more time I am clearly a victim of credit theft because I have contributed to this country more than people born here ever did..I know I am hated but...I want to make it very clear that my hatred for these people and my reasons for hating these people for acting on me like this and not caring whilst having help being masked like this stuff this abuse doesn't exist...my hate for these people and what they are doing to me is greater than theirs combined...so no I am not scared I just advise these haters to not quit their life of evil because I understood that revenge comes in every form...through ghost/spirit soul or humanity or whatever we live as...I am not someone that will respect these acts and these individuals enough to not destroy their lives as equally as they have done mine! PEOPLE PICKED ON THE WRONG PERSON TO INFLICT THIS PSYCHOTIC HATE CRIME ABUSE AND BLOCKAGES IN ORDER TO UPSET ME.

Leah Unison

Yes I am upset...no I'm joking 😊 I can't wait to stick a bullet in their heads someday some lifetime for the way they used their brain strangely to indirectly and mentally put me down for their own self gain whilst the universe witnesses their dedication.

Oh I work hard...I am more professional then these current idiots of society considered respectable but I also will work very dedicated and work harder than any ghoulish elder spirit or human animal that worked in their spare time to make me live life I never consented to tolerate whilst they have no compassion no remorse for anyone but whoever they want!

To the mental abusers don't go quitting your evil life because that's when typically I'll catch up with your home wrecking worthless soul 🇬🇧🇮🇪🇩🇪🇮🇪 I feel so much better now that I put this somewhere

It is a crime for society to mentally channel blocks so severe without some way of ending the hate... I apologise to the woman's uk prison for the way that members of society have done this to me knowing that I do not have a pistol...if I did then the uk woman's prison would have been acknowledging a HERO AND A MENTAL WARRIOR THAT PUT AN END TO SUCH SEVERE UNEARTHLY WORSHIP COOKING FROM GOVERNMENT AND BANKS AND CREDITORS ETC THAT EXIST TO SPREAD AND CONTAMINATE THE GOOD WORKS OF SOCIETY WITH THEIR UNEARTHLY WORSHIP AND PRACTICE ON PEOPLE LIKE ME TO SURRENDER TO BEING HATED SO THAT THEY CAN HAVE A BETTER life at my peril or other peoples peril!

Leah Unison

I apologise to HMP QUEEN MARYS PRISON!
What a hero I would have been for myself and for others if only I had something so stupid as a gun!

SO 🙌 Everyone that doesn't understand why I am not feeling like a weirdo living with my parents! If Uk Society wasn't busy ignoring strange prices of property's/rentals and working mental abuse so hardcore through universe and ghosts and then looking strange and randomly privileged through all kinds of members of society that don't make sense when they are explaining how they were approved for mortgage with no employment history (cough) I'm not stupid...it's been so long working so hard and then being on universal credit I know people chose to dislike me to have me worship.

Oh I worship...I worship the way that they are struck by lightning and fire and everything that could put them down so that they can stop self loving themselves secretly through mental abuse with cooperative members of society that will look at this and deny this stuff ever happens!

Oh I worship...I worship myself with 10 rifles slinged to my back getting revenge on these blockers and haters and how they are trying to overcome in this lifetime to live in mansions to not face their karma and what they did here..give me my ammunition and my guns and they face their karma through my hateful soul that actually had more than reason to be deserving to elevate and get what was rightfully MINE THAT I KNOW OTHERS SPENT AND ARE STILL RECEIVING MY HARD WORK THAT I DIDNT CONSENT THAT THEY COULD.

Oh I worship you hateful practicing blockers...I worship to put more than blocks on these people to get them permanently out and away from my soul as their importance and self love is so disgusting and ugly practice like this through society and declining my rights that things should know that I have my own worship methods with regards to responding to these self loving dictating strange idiots that we are all abused to call respectable hard working members of society.. oh they work hard...to put people down for themselves and others if they think they want something and your a threat to that!

I DO NOT CONSENT TO BEING EXPLOITED AND CONDEMNED TO RESPECT THE AUTHORITY OF ELDER SOULS 🙌 GHOULS OR EVERY OTHER BEING DIFFERENT TO THE LIFE OF A SPIRIT... I DO NOT COMPLY CONSENTING TO DICTATORS THAT HELP EACH OTHER LOOK RESPONSIBLE WITH THEIR HOMES AND JOBS PUTTING ME DOWN FOR A LIVING THROUGH THEIR WORK SECRETLY IN THEIR MINDS TELLING THIS THAT THEY ARE WORTH IT AND IF THEY ARE NOT THEN THE ALIENS THE SPACESHIPS THE GHOSTS AND EVERYTHING DEMONIC IS WHY I SHOULD RESPECT WHY THEY CORRUPT ME OFF OF MY HARD EARNED CREDIT THAT THEY CLEARLY GAVE TO OTHER PEOPLE IN ORDER TO PUT ME DOWN WITH MENTAL DISORDERS AND SO THAT THEY CAN UNITE STRANGE WORSHIPPING THE SUPERNATURAL TO SUPPORT THE WAY THAT THEY USE THE WORKPLACE AS SOME TYPE OF SPIRITUAL OCCULT SHRINE WELCOMING ALL NON HUMAN SOULS AND THEIR INPUT AS TO HOW TO MAKE POVERTY UGLY HEALTH PROBLEMatic VICTIMS of society in order to elevate themselves like their beautiful eewwww

Leah Unison

I do not laugh at all these things society has been doing every single professional job/workplace has been a strange spiritual shrine or mental hate crime worship environment to the hated and I do not think it's funny that NOBODY SHAMES SOCIETY FOR WHAT THEY KNOW IT REALLY DOES AT WORK AND HOW AND

WHY THEY REALLY DECLINE A VALID APPLICATION DESTINED TO BE ACCEPTED FOR SERIOUS ADULT MONEY..BUT THEN REJECTED TO BE GIVEN TO A FELLOW HATER OF THIS PERSON TO WORSHIP THE OCCULT THROUGH MONEY AND WORKPLACE AND MENTAL ABUSE TO TELL THIS PERSON (ME) that they don't want me elevating and taking care of myself...well I don't like them elevating and taking care of themselves either.

Yes I am hated by silent strangers but they are so loud now I don't care I'm writing this the silence is hard to ignore as to lack of actual physical help I am receiving!

I don't care that these people don't want me to elevate
Give me a gun and Their names and I'll make them a ghoul for a living...the hate I'm receiving clashes with my soul these credit blockers and thieves are stupid doing this to an unarmed criminal telling my poverty they need me poor to be a victim or some type of criminal...it is unlawful for society to practice that much dedicated hate mentally and secretly and not offer the mental victim they decline helping a gun or something to pop them from their human vessels to help these idiots join their unearthly informants/friends in transparent irrelevant to human existence

Unfortunately if humanity stealing my privileges in housing and finances believe that the elder spirits is enough for me to respect their dictating my good karma then I am telling the old elderly souls to talk me through their importance after this lifetime is finished because I'm not really understanding or agreeing that an elderly soul of this universe is enough reason to tolerate and respect that these ugly little human creditors and realtors and government idiots think their hate to me and reasons for making me someone I am not by forcing me to live a life that my soul is not accustomed to live as...I'm not sorry for the way that I see no worth in haters and blockers that do this to me taking advantage out of the way that I don't have a GUN 🧟 yes I don't care i would make these hateful blockers that don't allow me anything financially to free myself I turn these idiots in to ghosts...people working in society really can't do this because if I had a gun they don't console with ghosts...they become one so this is not fair that these people would invoke a hate crime mentally and through society on people like me and then justify their actions and theft as to what I CANT GET FINANCIALLY FOR MYSELF AND I KNOW IT WAS MY RIGHT AND MY ENTITLEMENT ALL BECAUSE THEY TELL THE UNIVERSE AND THE 🧟 SPIRITS THAT ITS BECAUSE I WOULD HAVE USED THE GUN TO END THIS MENTAL SILENCE OF THIS MENTAL HATE SO LOUD EVEN WHEN PEOPLE DENY HEARING IT THEY KNOW ITS THERE!
But I don't get it...if I had a gun and would have killed the haters for targeting me like this to live abused and poor accepting it...people wanted me in prison though as a poverty journey due to stealing my hard earned credit and giving it to others out of psychotic spite and mental disorder knowledge from unearthly beings they allow to practice with them at work witch is so unprofessional!

Anyway I thought they want me in prison???
So me with a gun is ideal as to what people doing to me.
There you go...this is why it's more than just mental abuse and theft that you cannot prove if you spoke about it.

So no...I do not believe I am strange for living with my parents because everyone that can help in some way clearly worships 🧟 ghouls and takes their advice as to my life and how to not help me from that to the point my mother is talking to spirits that call themselves ELDERS... great!

Thank you England!! Yes I don't care that I live with my abusive parents and I can't get a place...NEWSFLASH ENGLAND YOU LOOK STRANGE FOR THE WAY I LIVE WITH MY PARENTS AND ENGLAND LOOKS STRANGE FOR CONVENIENTLY LEAVING PEOPLE LIKE ME IN A LIFE OF NOTHING LIKE THIS in a converted garage shared accommodation TELLING ME TO EXPLOIT MYSELF FOR HOMICIDAL CIRCUMSTANCES AND HORRIBLE POTENTIAL INCIDENTS THAT CAN HAPPEN TO ME IN THE PROCESS OF ME WORKING SO HARD JUST TO NEVER OWN MY OWN HOME..
YES UNFORTUNATELY I DO NOT SEE THE WORTH OF THOSE PEOPLE THAT PUT THE BLOCKS AND THE HATE ON TO MY LIFE THROUGH HOUSING AND FINANCES AND NO I WONT PUT MYSELF IN A PREDICAMENT FOR PEOPLE THAT MENTALLY CHANNEL HATE AND BLOCKS TO MY LIFE AND MIND WHILE THEY SECRETLY CONSOLE WITH GHOULS 🧟 IN THEIR HOUSEHOLD AS TO MY CREDIT APPLICATIONS AND HOW THEY KNOW I HAD A MORTGAGE ACCEPTANCE IN MY LIFETIME HERE IN ENGLAND AND HOW THEY KNOW I EARNED IT BUT THEY SIMPLY WANT MY MORTGAGE DECLINED FOR THEIR OWN PERSONAL STRANGENESS 🧟🧟

I think society perfecting poverty like this with their psychotic minds and their personal dabble with elder souls/spirits 🧟 that universally channel them through psychosis/schizophrenia in their minds in order to Enforce vulnerable snatched souls like me live a deeply deprived peasant life loveless and hated neglected through mental secretive hate crime being committed by anonymous people among society that spend all day all night psycho selling their souls to hating and blocking the life of someone the voices tell them to block through mental abuse continuously being practiced in the individuals life to channel it to GEE I DONT KNOW MAYBE TO CHANNEL THAT NEGATIVE TO MINE...the poverty and blocks are so legit and more legit than society could ever work itself today and in 2030 but all this mental hate crime is happening in order to pressurise someone like Me to people please and exploit myself desperately to work any job because people believe I would think I look strange living with my parents for so long despite the abuse going on..I do not believe I look strange for not affording my own apartment as the full time jobs these days do not pay the minimum amount of rent required for a place to live per month it's not possible to make it alone in this society that works so hard to corner poor people that are not accepted by irrelevant souls that think that they are somebody enough to destroy lives through money and online systems and documents NOT TELLING ANYONE THAT THEY GOT THE IDEA TO BE LIKE THAT THROUGH THEIR MENTAL DISORDERS THAT LEAD THEM TO DABBLE WITH AND WORK FOR ghosts ghoul's 🧟 or whatever is psychotically wrong with their minds

19 Aug 2022 at 9:53pm	These elderly souls among us 🧟🧟 if they are among us not helping us and our well-being and not elevating our environment spreading good fortune and good faith that we can all enjoy and live in peace with and among each other then these negative souls are spying conspiring or simply perverted transparent beings... that just want to walk among us as human beings in human body form someday to personally torment us... this is not funny because Aren't the elder or older spirits of spirit being meant to be working the mysterious money supernaturally in to needy deserving peoples bank accounts and helping the super poor like (cough) ME as their duty to THEMSELVES AND THEIR OWN KARMA AND FOR their influencer (their universal power source) well if I'm mistaken then I will find out when I die from this horrific poor deprived life...but whilst I was in this life I know that miracles were not happening financially or in housing for me so I find it ironic that my mum said she was talking to an ELDER SPIRIT because I understood that ghosts/spirits channel people To give them orders as well I have met people that live under psychotic instructions of all kinds of excuses...but the spirits do all this negative acts and dedicate so bad and so much to committing to not helping whom they don't accept to the point they make the living humanity do things like this for them through society...then I realised these people and ghost's 🧟 use society and money to put people like me down with NO MONEY DEMON PERFORMING MYSTERIOUS TRANSACTIONS FINANCIALLY FOR THE SOCIETY VICTIM IN ORDER TO EVEN GAIN A VICTIM HOPEFUL DEPRIVED TRUST SO THAT THE POVERTY VICTIM DOES NOT TELL ON HOW THIS SPIRITUAL CRISIS ACTUALLY IS A REAL LIFE THING THAT HAPPENS DAILY AND IS WHY PEOPLE LIKE ME CANT GET MY OWN APARTMENT AND KEEP IT. I don't agree that I look strange for not having my own place...it's not my fault people actively working the main work of society dabble in their minds with 🧟 elder souls and universal mental illnesses in order to inflict poverty and failure on my life...it's society that looks strange NOT ME! 17 Aug 2022 at 7:50pm	I just found out that my little sister Sarah benaissas adoptive father named Howard wardle got himself a new job as a school governor at tollgate community junior school in East Sussex his personal profile is on the official school website this is the link! (https://www.tollgate-jun.e-sussex.sch.uk/esussex/primary/tollgate/site/pages/aboutus/governors) That man should not be working with children because I know he sexualised my little sister Sarah benaissa when she was a child for himself whilst adopting and grooming her all through to her adulthood for his own personal and mental use in order to put me and my parents down! So that my parents and I put each other down to put others down for survival! 16 Aug 2022 at 1:57pm	If you refuse to believe in nidhal benaissa (my dad) and his diluted lie of a life meaning if you do not force yourself to believe he is an intelligent man a software developer computer guru them he will abuse you mentally and physically however he can! Nidhal benaissa is a disgrace of a human being what an animal! Show less	Leah Unison
16 Aug 2022 at 1:28pm	Nidhal benaissa (my dad) is nothing but a character stealing knowledgable psychotic who is role playing a persons pride and intelligence that works above him in fs2crew software develop business and nidhal benaissa is just a psychopath aware and informed of the people he works and sells products for through the voices in his mind that nobody else but himself hears! https://www.universal-credit.service.gov.uk/journal 26/08/2022, 17:28 Page 8 of 484 He uses the people he hears about in his mind and how they live and what they do and how they get to treat people in order to create abuser alter egos for himself to rise above people around him to victimise them to empower himself in this way! And the police have been entertaining this behaviour of nidhal benaissa for many years now! Show less	Leah Unison
16 Aug 2022 at 1:24pm	Nidhal benaissa swears he is this man with this intelligent life that he clearly mentally stole this concept of this stubborn character that he roleplays without anyones consent to get to abuse me and my mother and this concept of this proud hardworking person is clearly from someone that works at FS2 crew software company that nidhal benaissa clearly hears voices in his mind that no one else is hearing and became strangely knowledgable and knowing about this person whilst selling the software as a psychotic salesman! He speaks highly of himself and what he does as if he is one of the people at FS2 crew software developing company...he exploits being one of these people to get to treat me and my mother badly. He would not be like this otherwise as himself	Leah Unison

15 Aug 2022 at 5:30pm	My mums sister called her just now on nidhal benaissas phone and when my mum finished the phone call with her sister she looked at me and told me that her sister told her that she called today because she lost the mental connection with my old friends in her head and wanted to see if my mum dalila boutarfa benaissa was still psychotically connected mentally and able to channel negative thoughts to people in order to have them practiced on my life...my mums sister called to check if my mum was able to continue talking through the voices in her mind to my old friends that are no longer friends of mine in order to have them reunited with me for the sole purpose to cause problems in my life and provoke bad things to happen to me. I know nidhal benaissa (my dad) supports these causes and I know he hopes this is the only reason I live with him and my mother. My mum threw nidhal benaissas phone on the floor and went to the toilet and called me a bitch...I suppose my mother must have got the psychotic word through the voices or something or maybe her gut instincts told her that I have been exposing the goings on at home this whole time or something 🤔🤔 I don't care what she thinks or believes I am not her slave or her victim this rule is the same for nidhal benaissa! And any family member of mine or theirs that is stragglng along psychotically trying to negatively channel my life and people around me to put me down in order to better themselves! I WILL NOT BE THEIR SLAVE THEIR VICTIM OR THEIR BEG!	Leah Unison

This is so disgusting and scary that anyones mum would say or know such things like this in this way I am so creeped out! I would never ever contact patrycia piotrowska she is a crackhead drug addict on her way suffering for the negative life she inflicted on herself and she just must be praying hard to put me down the most because I was good to myself and she doesn't like it! 12 Aug 2022 at 1:39pm	Oh my god I came home and all I see is nidhal benaissa pretending to be angry but for real for real acting so well that he gets himself angry at the way his internet dongle needs readjusting for connection when really it never did nidhal benaissa inconvenienced himself and made his dongle lose connection to look busy and angry so that my mother and I do not notice how he doesn't actually work on the computer, nidhal benaissa works his temper and abusive nature so that he can sit all day doing nothing in the converted garage as a lazy salesman that doesn't even market or advertise his software developers products online or in person! Nidhal benaissa literally sits most days just playing on the software like a kid! He actually is so psychotic he believes by doing that he is helping the software develop! That's why he lied to me and posed as a software engineer for so many years without telling me! I think nidhal benaissa needs to find a second job! Because pretending to be busy all day and night is so sickening to watch and it must be sick for his soul that behaviour he entertains so effortless is a cause of concern for those falling victim of it! 1 Aug 2022 at 8:31pm	The IPs systems data handlers and people typing the negative text on to consumers electronic devices are actually individuals working for the business that manufactured and sells the electronic device! These people are professional people no more! These businesses should not be respected to the point individuals are forced to disregard their own safety for the ownership of an illegal electronic device that was criminally approved by the government due to the government wanting victim cases and culprit cases of individuals corrupted to entertain the justice system! This is the only way technology today is approved for sale! It's the entrapment and the control/power trip of these little fat individuals on their way obese in other lifetimes after this one that love to repeat their negative actions over and over again when the majority or what's of sane people can't believe these types of human beings self love themselves to the point they think they are interesting! But government approves this technology for prisoners and dead body's in prisons or hospitals you name it! A REAL WORKING TRUSTING CARING LEGAL GOVERNMENT would NEVER ALLOW THESE ELECTRONIC COMPANIES THAT ARE OPERATING NOWADAYS TO SELL ANYTHING!	Leah Unison
1 Aug 2022 at 8:23pm	When a human being is buying a phone in our society they are buying dictators... Electronics nowadays actually do not pass the REAL GOVERNMENT STANDARDS OF RELEASE AND SALE DUE TO THE PHONE BEING ABSOLUTELY NOT SELLABLE TO THE CONSUMER AS HIS/her own personal property..the phone is indeed compromised by random hackers that are unidentified by the technology company the electronic devices would be manufactured from and the technology businesses would NEVER LEGALLY OR PUBLICLY ADMIT TO THESE UNPROFESSIONAL ACTS OF THEIR EMPLOYEES BECAUSE THEY ARE NATURAL ABUSERS THAT WANT TO HAVE FUN LIKE THE IRRESPONSIBLE PUBLIC! Victims of IPS SYSTEMS ARE NOT ABLE TO SHOW THE PROOF OF THESE FILES ON THEIR PHONES AS THE SYSTEMS DOES NOT ALLOW DOWNLOADING OR CHANGING OF THE FILE AND DOES NOT ALLOW SAVING THE FILE! After the corrupt individual types the text on device systems as to negative instructions on device or consumers life the data handler deletes all evidence from the device to input new instructions when satisfied the previous ones will be completed or will be fulfilled!	Leah Unison
1 Aug 2022 at 8:17pm	These IPs files that are created by technology companies on to the consumers electronic devices is a text type of document where the electronic company staff member can type anything he/she believes will possess the device from the consumers power/ownership...or the technology staff member may input data on to a device of a customer after seeing app analytics and how the consumer lives and may choose to input data on the device through IPs systems to simply psychotically channel people such as creditors and financial help to not help this individual due to the device stating a mysterious data text instruction of this nasty abuse that cannot be changed or deleted or downloaded by anybody but the technology business corrupting customer from his/her life due to the IPs file only controlled and accessible by internet major companies and the technology manufacturers!	Leah Unison
1 Aug 2022 at 8:12pm	I do not understand how technology companies are allowed to sell electronics to people whilst still having ability or connection to the consumers device due to the concept of selling the device for the consumer to own it being completely a lie a FULL ON SCAM! Due to the consumer buying the electronic device completely unaware or aware that his/her device is being taken over by data input by unidentified employees at the technology headquarters or in the business employees spare time at home! The concept of OWNING YOUR OWN PHONE IS A LIE AND A SCAM you do not own your phone due to IPS SYSTEMS BEING GRANTED by major internet companies FOR TECHNOLOGY COMPANIES TO INPUT DATA /instructions ON to DEVICES that have been purchased in order to TO POSESS LIVES and destroy lives AND /or REPOSSESS ELECTRONIC DEVICES from consumers WITHOUT ANY REASON AT ALL!	Leah Unison
1 Aug 2022 at 8:08pm	IPS files are aggregated log files on IOS (iPhone and iPad). To aggregate is to sum, so the log. aggregate is basically a sum of event processes that tell the iPhone what to do. However the IPs systems are hand typed by apple employees that use it to type information and instructions completely irrelevant to the customers device or technological plan with apple products! https://www.universal-credit.service.gov.uk/journal 26/08/2022, 17:28 IPS SYSTEMS ARE OPERATED BY THE INTERNET COMPANIES AS A PRIVATE DATA INPUT SYSTEMS FOR TECHNOLOGY COMPANIES TO USE ON THE DEVICES THAT THEY SELL TO CONSUMERS! This means when you buy a technology/electronic device it is NEVER YOUR DEVICE AND YOUR PROPERTY IT IS STILL RECEIVING PSYCHOTIC INSTRUCTIONS OF DATA INPUT FROM THE COMPANY EMPLOYEES ETC THAT THE ELECTRONIC DEVICE WAS MANUFACTURED FROM AND IMPACTING THE CONSUMERS LIFE! THEREFORE IT IS A CRIMINAL OFFENCE TO SELL TECHNOLOGY IN THIS STATE WHERE THE CONSUMER DOES NOT COMPLETELY OWN THE DEVICE THIS IS COMPLETELY CORRUP AND NOT EVEN ALLOWED IN THE REAL WORK AND WORLD OF BUSINESS!	Leah Unison
1 Aug 2022 at 8:02pm	I just found out that apple products technology uses IPS SYSTEMS FILES TO INPUT ABUSIVE TEXTS OR INSTRUCTIONS OR DICTATOR INPUT OF THEIR OWN ON TO THEIR CUSTOMERS ELECTRONIC DEVICES....they use the IPS SYSTEMS WHERE I HAVE INVESTIGATED AND TRIED TO CONVERT THE APPLE FILES LOGGED ON MY DEVICE AS TO THESE APPLE EMPLOYEES INPUTING INFO ON TO MY DEVICE IRRELEVANT TO THE TECHNOLOGY...I could not do anything with the file as it is blocked and won't allow it everywhere online! The only website that will process the IPS SYSTEMS FILES ARE THE INTERNET ARCHIVE WEBSITE!	Leah Unison

This is really strange that they would have changed their business from being called SHIRE BACK IN 2019 and still brand their medications the old name and do not keep up with the legitimacy and the lawful changes they made to their business... How does that affect/effect my ADHD TREATMENT??? Does this cause a concern for my medical recovery or mental health?? We just won't fully know due to corrupt people in business and citizens wanting action from these people to better themselves at the peril of others!	Leah Unison

1 Aug 2022 at 1:20pm	In the Los Angeles news today they are talking about Prince Charles and his financial connections to OSAMA BIN LADEN. Prince Charles' charity received \$1.2 million donation from Bin Ladens, report says LONDON — Britain's Prince Charles is facing more questions over his charities after a newspaper reported that one of his funds accepted a \$1.2-million donation from relatives of Osama bin Laden. The Sunday Times reported that the Prince of Wales' Charitable Fund received the money in 2013 from Bakr bin Laden, patriarch of the large and wealthy Saudi family, and his brother Shafiq. Both are half-brothers of the former Al Qaeda leader, who was killed by U.S. special forces in Pakistan in 2011. The newspaper said advisors had urged the heir to the throne not to take the donation. Charles' Clarence House office disputed that but confirmed the donation had been made. It said the decision to accept the money was made by the charity's trustees, not the prince, and "thorough due diligence was undertaken in accepting this donation." The fund's chairman, Ian Cheshire, also said the donation was agreed "wholly" by the five trustees at the time, and "any attempt to suggest otherwise is misleading and inaccurate." The Prince of Wales' Charitable Fund was founded in 1979 to "transform lives and build sustainable communities," and gives grants to a wide variety of projects in Britain and around the world. Charles, 73, has faced a series of claims about the operation of his charities. Last month the Sunday Times reported he had accepted bags of cash containing \$3 million from Sheikh Hamad bin Jassim bin Jaber Al Thani, the former prime minister of Qatar. London police are currently investigating a separate allegation that people associated with another of the prince's charities, the Prince's Foundation, offered to help a Saudi billionaire secure honors and citizenship in return for donations. Clarence House has said Charles had no knowledge of any such offer.	Leah Unison
31 Jul 2022 at 4:53pm	I think the UK creditors (major credit companies in England) put the uk in to war/conflict to intervene with Russia and Ukraine in war! Nobody else would have been able to do this in this way because for the past few years the United Kingdom's credit companies have been pretending to be fake or closing down their online shops and applications without telling anyone and keeping their businesses active online and through legal business systems such as companies house...the uk creditors were not trading during the day online for many years... credit companies have been switching off their products online nonstop on their websites hardcore for 4 years now...I say 4 years because this is how long I have been accurately watching them! 21 Jul 2022 at 1:06pm	(https://www.unison.org.uk/about/what-we-do/fairness-equality/lgbt/) People really should speak up about their life and body's being abused by these organisations that use the power of the mind and stalking and they use their workplace and it's services to damage and control people to support in exchange for stupid little credit cards and a job set up to stalk follow and harm them if the victims stop worshipping and stop showing loyalty to the LGBT that is actually ONLY EXPLOITING BEING GAY AND LESBIAN TRANSGENDERED AND BISEXUAL...these organisations DO NOT ACTUALLY WORK FOR REAL GAY COMMUNITIES THEY EXPLOIT THIS SEXUALITY TO FAVOUR INDIVIDUALS WITH LINES OF CREDIT AND NICE HOMES WHILst arranging random attacks and crimes for the rest of us to fail in life !	Leah Unison
21 Jul 2022 at 1:02pm	THESE ORGANISATIONS MENTALLY ABUSE STRAIGHT/HETEROSEXUAL MEMBERS OF SOCIETY TO DISOWN THEMSELVES AND JOIN OR WORSHIP THE GAY SOCIETY AND DO WHAT THEY SAY AND WANT YOU TO DO IF YOU WANT CREDIT OR A JOB. 21 Jul 2022 at 12:44pm	These people in politics don't care because when they are finished messing up this country they will disappear from the fame and the media! And these people will never have to pick up the pieces as to the damage they have committed on us all and to the future generations of souls submitted to the world to live as people in our society's! The public should really speak up and protest and not take this from the conservatives and the way that the conservatives declared themselves in power in this way illegally completely defying legislation and the public rights!	Leah Unison
21 Jul 2022 at 12:42pm	It says on the newspaper that either liz truss Or rishi sunak of the conservatives political party will win next position of prime minister but that is absolutely crime due to the conservatives not entitled to overruling other political parties and not voting correctly and lawfully for the new Prime minister role! I don't want rishi sunak or liz truss to get prime minister! I wish they just did things correctly and let the public vote for prime minister like they usually lawfully would do! Or allowed a unanimous vote in the political House of Commons competing with other uk political parties The conservatives are really taking advantage of how they feel they helped this country with brexit! But I don't see how they feel owed to remain in power due to their partnership with Ukraine and causing the uk conflict and threats of being bombed in the future!	Leah Unison

21 Jul 2022 at 8:55am	I just recalled someone telling me that some people are gay because the universe tells them to do it because someday humanity will not be born with genitals! Either way if that is true that is a mark of abuse and that is not a good start for that type of species as a new upgrade to humanity's vessels.	Leah Unison
20 Jul 2022 at 4:34pm	Khalid Mir has employed a flooring specialist to install new floors to his house...I wonder how and where he got the extra money to afford this luxury whilst on universal credit?!!!	Leah Unison
20 Jul 2022 at 3:42pm	This is why credit is not easy to get...these people require you to disown yourself as a form of acceptance to the way that they don't accept you.	Leah Unison
20 Jul 2022 at 3:40pm	People like creditors / loan company people and employers mentally abuse straight/heterosexual people and have them compromise themselves and their sexuality to engage in gay activity for a bit of plastic card and a credit limit for gay activity as a way to have people disrespect and disown themselves in exchange for a job/credit/ or a home!	Leah Unison
20 Jul 2022 at 3:34pm	Also the LGBT COMMUNITY GAY ORGANISATIONS ARE ALSO UNDERCOVER ENFORCEMENT TO COMMUNITYS THREATNING STRAIGHT PEOPLE WITH ACTS OF VIOLENCE IF PEOPLE DO NOT DO WHAT THEY SAY FOR EXAMPLE IF THE GAY COMMUNITY TARGET STRAIGHT PEOPLE TO BLACKMAIL AS TO THE SERVICES THEY WANT FROM BUSINESSES THE GAY COMMUNITY MENTALLY CHALLENGES AND MENTALLY CHANNELS PEOPLE AND THREATENS THEM WITH ABUSE AND THREATS OF RANDOM HARM FROM PUBLIC INDIVIDUALS DEVOUT TO THE FAITH!	Leah Unison
20 Jul 2022 at 3:29pm	I am just collecting the first half of my medication from Tangley park boots pharmacy.	Leah Unison
20 Jul 2022 at 3:06pm	I feel like the LGBT COMMUNITY IS A TOOL AN ORGANISATION CREATED TO MENTALLY ABUSE PEOPLE TO FORCE THEM TO BECOME GAY/lesbian/bisexual or transgendered.	Leah Unison

The LGBT COMMUNITY IS NOT LEGIT AND LEGAL BEHIND CLOSED DOORS BECAUSE BEHIND CLOSED DOORS THEY ARE MENTALLY CHANNELLING OTHERS OUTSIDE OF THAT COMMUNITY TO DO ABSURD DISGUSTING DISGRACEFUL THINGS WITH THE SAME SEXUAL IDENTITY AS THEIR OWN IN ORDER ACHIEVE OR BE ACCEPTED IN TO SOCIETY AS SOME KIND OF A WINNER!

The straight ones pose as gays and open minded people due to the way they are mentally disturbed to do things that they would never do in order to disgrace and disrespect themselves in front of society and peoples minds to get what they need to survive in this type of horrific society!

I DO NOT WANT TO BE USED ABUSED AND TOLD TO DO THINGS TO DISGRACE MYSELF IN SEXUALITY IN ORDER TO DISRESPECT MYSELF IN ORDER TO GAIN HELP FROM OTHERS THAT MENTALLY DICTATE ME THROUGH THEIR MENTAL ILLNESS (the voices) in their minds! I will NEVER DO WHAT THESE PEOPLE SAY THEY WANT ME TO DO TO PUT MYSELF DOWN IN ORDER TO GET THEIR HELP!

20 Jul 2022 at 2:14pm	I DO NOT CONSENT TO BEING EXPLOITED AND USED, ABUSED OR DICTATED FOR ANY PURPOSE BY ANY MEMBERS OF THE GAY/bisexual and TRANSGENDERED COMMUNITIES OF EVERY SINGLE COUNTRY IN THE WORLD	Leah Unison
	I AM A PROUD HETEROSEXUAL/STRAIGHT PERSON DEMANDING THAT THE CONFUSED MIND GAMES AND MENTAL MADNESS OF SOCIETY THAT ARE KNOWN AS COMING FROM THE LGBT COMMUNITY LEAVE ME ALONE!	

20 Jul 2022 at 2:11pm	Then when people get their sexuality back to heterosexual after pretending to be gay for many lifetimes....they just continue to exploit the hate of others that know that they do this and circulate their faith back to being gay...but now that the corrupt public have mastered the legal status of BISEXUALITY they may just stay like that and believe they can exploit and abuse straight/heterosexual people for the way that their bisexual nature is untrustworthy and unlimited and not restricted with morals! Everyone knows and never admits that PEOPLE THAT ARE bisexual HAVE ABSOLUTELY NO MORALS AND NO PRIDE IN THEIR LIFES OR WITH other PEOPLE FOR THE GREATER GOOD of anything...their pride is only about which hole do they want pleasure from on the human bodies of their sexual partners!	Leah Unison
-----------------------	--	-------------

20 Jul 2022 at 2:03pm	I bet £1,00000000000000 that people are NOT ACTUALLY GAY!! They are just pretending to be gay in large groups and large numbers of people to outnumber straight people in order to force people like me to hate the gay communities so that they can discreetly exploit me and my dislike in front of the universe and other souls to fix themselves back to being straight/heterosexual members of the community through that psychological/psychotic method! It's all kind games!! People are so fake! They love games	Leah Unison

19 Jul 2022 at 8:17pm	Nidhal benaissa revealed to me just now that katia assma benaissa as a child was psychotic and swore that she had a mental connection to khalid Mir when she was a kid, nidhal benaissa told me this because i asked him why does he take the crap from khalid Mir and still live here... nidhal responded with that and said because he thinks he is cursed cos katia assma benaissa my older sister called this man GOD when she was a child hearing voices in her head knowing what khalid mirs name was without meeting him in person...nidhal benaissa said that he heard of khalid Mir in this way years ago and then suddenly this man became his landlord many years ago. Well I know that nidhal benaissa couldn't have created that just to tell me something...him and I do not talk.	Leah Unison
-----------------------	---	-------------

We all know that katia assma benaissa exploited khalid mirs affections for her to prostitute successfully and abandon her parents by also severely abusing me and damaging my life for her freedom.
Well this mental connection katia assma benaissa has with khalid Mir is clearly still in motion due to his abusive nature toward me being completely disgusting unacceptable and desperate to the point I'm not surprised that he behaves so violent and abusive towards me because if he has a mental connection so strong like that to katia assma benaissa then he would be honouring katia assma benaissas acts to me and my parents and the wrongs she committed for her life today to keep that going for her throughout her absence from being here in the converted garage where she belongs!

14 Jul 2022 at 11:43pm	I hope the Ukraine get the hint that the UK IS ONLY EXPLOITING THEM AND THE SUPPORT BECAUSE THE CONSERVATIVE POLITICAL PARTY WANTS TO KEEP DICTATING US ALL TOWARDS FAKE JOBS AND THEN BLAME IT ON THE POOR WHILST NOT HELPING THEM WITH MONEY THAT DOESNT CHANGE LIVES AND STILL SUPPORTING THE ROYAL FRAUDSTERS LIVING AS UK ROYALTY TODAY IN PALACES PAID FOR BY THE POOR!!! All TO help the UK royal scammers BUY MORE EXPENSIVE JEWELLERY AT THE STORE BOODLES HIGH END JEWELLERY AND TELL US ALL DOWN HERE IN POVERTY TO GO AND EXPLOIT OURSELVES IN FAKE JOBS AND RISK BEING MURDERED FOR POLICE RECORDS AND THIS GOVERNMENT JUST WANTS TO KEEP PEOPLE PAID IN THESE FAKE BUT HARMFUL JOBS AT OUR PERILBECAUSE OF THIS THE BULLYING IN THESE FAKE JOBS WOULD SEVERELY INCREASE DUE TO EMPLOYERS NEEDING TO MAKE HARDSHIP happen FOR WORKERS TO PREPARE THEM TO face their future to either BE A VICTIM OR BE THE CONVICTED TO ENTERTAIN A SYSTEM THAT CLEARLY HAS MORE HELP THEN MONEY INCOME AND THE WORKFORCE! THE UKRAINE CAN DIE OF RUSSIA! Shame on the Ukraine for knowing this is how we live in the uk whilst they pretend to not know anything as to the fake support they are getting from the uk and I bet the Ukrainians don't care because they fly here for combat training because they are hearing that yes they are exploited but...they know the abuse that will be happening daily to workers OF THIS COUNTRY that are blocked from living TO SUFFER THE CORRUPT JUSTICE SYSTEMS AND FAKE HEALTH CARE FROM THE NHS , society is FALSELY ADVERTISING THAT WORKING IS LONG TERM I KNOW IT IS NOT! There's so many problems we are all in danger if we entertain the fake advertising and promotion of society! I will not pretend..because I do not want to be a victim of such a dirty corruptive lazy way of life that people empowered the government to house people to the death in prisons etc instead of helping them have money and own homes! I refuse to pretend that society is real! I of course try to comply to see if it has improved and always will try! But I will never lie as to the progress and the realness based off of my experiences! THAT WOULD BE SUICIDAL SUPPORTING THE FAKE SOCIETY!	Leah Unison

14 Jul 2022 at 11:31pm	Finally I have had enough of the Ukraine knowing that the United Kingdom does NOT ACTUALLY SUPPORT IT! It's just exploiting it because the declaration of war is only an announcement caused by little temporary poor men in suits that got lucky somehow to be able to say what they want AND ACT AS DICTATORS with these high tech equipment and microphones that GUARANTEE them attention and public TO hear enough to destroy your lives! I have had enough of never being able to be a financial criminal and get rich on my own because everyone touching money is so sick and psychotic also diseased loving themselves through a universe that hates them whilst helping them and blocking me FROM MY IDEAL LIFESTYLE AND BLOCKING MY MONEY KEEPING IT CONTROLLED AND POOR JUST LIKE THEM ALL because they think that I will lie for their glory AND THEY ARE SO DILUTED AND THINK I CARE ABOUT THEIR REBIRTH IN TO THEIR NEXT SPIRITUAL LIVES...I DO NOT CARE AND NEVER WILL! Well don't ever trust me to beg anyones life in crime but my own...SAYS ABSOLUTELY EVERYONE! so no I am still not what people want me to be and I NEVER WILL BE ANYTHING BUT FOR ME...BY ME...ALL SO THAT ME EXISTS!! 14 Jul 2022 at 11:25pm	I have had enough of the government allowing select specific individuals to live above their own means and live corrupt and get away with crime whilst it looks down at me and blocks me from succeeding through financial crime to steal my relevance and my glory among others who are also destined to be victims of this! I have had enough of this universe allowing these things to happen and these people to happen only because we can all just suffer for every soul that destroys us and still not ever know each other or ever know ourselves!

I have had enough of the UK GOVERNMENT EXPLOITING SUPPORTING THE UKRAINE TO STAY GLOBALLY RELEVANT TO CREATE FAME FOR THE UK THROUGH THIS FAKE WAR TURNED REAL ALL SO THAT THESE PATHETIC LITTLE PEOPLE CAN BECOME AUTHORITY FIGURES IN A DIFFERENT LIFE REBORN AFTER THEY DIE IN THIS LIFE!

I have had enough of the political parties of the UK EXPLOITING PITY AND SUPPORT TO THE UKRAINE TO KEEP THE NEWS AND MEDIA/tabloids spreading negative murder announcements and influencing our country so corrupt that's not possible to work without being unwillingly exploited and used!

I have had enough of this country blocking my wealth and my money and my dream mansion from my reach all because they want theirs before me so that they can have power over the people to outnumber!

I hate the government!

NIDHAL BENAISSA IS ONE OF MANY SOULS OUT HERE EXPLOITING CHILDREN THAT DID NOT CONSENT TO BIRTH AS SPIRITS!
To create self importance for himself/themselves to kill souls and serve them as food to elder spirits in order to survive in this universe and live longer than what was meant to be!

This nasty behaviour and act of these souls that live in our society and call themselves humans do this because they do not please the powers of this universe and the hierarchy of our being (powers above the powers influencing us)
This spiritual bullying unfortunately is why most of us are jobless and poor and this is also why government is stingy and exploitive,
BUT I KNOW ONE FACT ABOUT THIS THOUGH
ITS ONLY THE GAY SOULS OF HUMANITY THAT PRACTICE THIS IN OUR HUMAN BEING LIFES!
DUE TO DIVERSITY AND NOT WANTING TO RESTRICT THEMSELVES FROM VARIETY AND DRAGGING OTHERS DOWN TO BECOME FOOD/drug for the elder souls that please and serve this universe correctly!

PEOPLE ARE NOT GAY FOR LOVE!!
THEY ARE GAY BECAUSE THEY WANT YOU ALL OPEN TO YOUR OWN DEATH THROUGH SEXUALITY, sex is an act that is quickly becoming occult and this is the GAYS OPEN TO SEX WITH EVERYONE BECAUSE THEY WANT TO PLAY WITH YOUR SOULS LIKE NIDHAL BENAISSA
BUT OF COURSE
EVERYONES DILUTED AND WOULD HIDE THEIR GAY FAITH TO POSE AS A STRAIGHT PERSON FOR TEMPORARY EMPOWERMENT AGAINST WHAT PEOPLE LIKE ME SAY ABOUT THE TRUTH OF THE GOINGS ON OF PEOPLE AND TODAY!

A GAY PERSON WOULD USE A STRAIGHT PERSONS APPEARANCE AND EMPOWERMENT TO SHUT A STRAIGHT PERSONS KNOWLEDGE DOWN!!
These gay parades and pride is clearly FAKE AND SCAM BECAUSE IN ORDER FOR A GAY PERSON TO ABUSE AND GET AWAY WITH IT...they ALWAYS have to pose as a STRAIGHT PERSON SO THAT THE UNIVERSE IS ABLE TO TAKE THEM SERIOUSLY!

Nidhal benaissa can't help but bully dalila boutarfa benaissa most days, he still is trying to steal her £20 And today he called dalila boutarfa benaissa a ZIBDA this is a Palestinian place...but nidhal benaissa explained that zibda to him means a soul like dalila boutarfa benaissa being stuck to other souls unable to move due to suffocation of other spirits dying whilst stuck to hers through the power of this universe...nidhal benaissa worships and says the universe will turn her spirit among others in to a spirit drug/ a fuel for elder spirits that want to consume her soul as food!

This is disturbing but this is how nidhal benaissa thinks and this is how he treats my mum!
I am not involved in this! And never would be!
I HATE NIDHAL BENAISSA
AND I HATE HIS FAITH!
It's as if nidhal benaissa is trying to spiritually kill dalila boutarfa benaissa to make this sacrifice to god through his bullying abuse and neglect in order to escape his bad karma from what he may have done in another life!

13 Jul 2022 at 9:05pm	I believe that the gay communities are breaching the equality and diversity act of this country! FORCING THE HETEROSEXUAL MEMBERS OF THE PUBLIC TO CELEBRATE THE GAY COMMUNITIES SO VIRAL THROUGH THE MEDIA AND THE NEWS AND EVEN IN THE WORKPLACES AND EXPECTING THE STRAIGHT COMMUNITY TO ACCEPT THIS INCONVENIENCE AND INDIRECT ABUSE FROM THE GAY COMMUNITIES IS A THREAT AND SHOULD NOT BE TOLERATED BY THE HETEROSEXUAL INDIVIDUALS/COMMUNITIES ! Equality and diversity has been breached and ruined by public abuse of the gay community’s expecting acceptance and respect so loudly and publicly whilst being broadcasted so devout to gay that this act is an act of ABUSE AND DISRESPECT TO THE HETEROSEXUAL INDIVIDUALS/COMMUNITIES AND THIS IS DAILY MENTAL ABUSE TO HETEROSEXUAL MEMBERS OF THE COMMUNITY SUCH AS MYSELF WHO ARE NOT INCLUDED IN BEING RESPECT AND ACCEPTED FOR BEING STRAIGHT AND NOT OPEN MINDED WILLING TO BE GAY WITH THESE STRANGE PEOPLE... Why should we as heterosexuals be bullied to respect and accept anyone but OURSELVES!!!!?! It’s a criminal offence what the gay people are doing! And it doesn’t make it right just because the media/news/tabloids/press and all businesses support this!!! Because these businesses are FAKE ANYWAY!	Leah Unison
13 Jul 2022 at 8:51pm	I am a proud STRAIGHT INDIVIDUAL THERE IS NOTHING GAY ABOUT MY SOUL OR MY PERSONA BUT THE GAYS HATE THAT...I know!! God knows! And so does the influencers of this universe in power (the power of this universe) I am not doing anything wrong! And everything above this universe knows I’m right!	Leah Unison
13 Jul 2022 at 8:48pm	Sorry let me word that correctly I am beginning to despise/hate/and dislike gay/bisexual people due to their hatred being so strong and loud for themselves and their own lifestyles and their own empowered state of spirit All because of their greed! That is all being gay is about! It’s the greed THEY WANT IT ALL...but they want the best of it though that’s why the hate these days is too real!! There’s too many gay people hating every day consistently for years and years I’m surprised they can all breath with that dirty air they created around us with their importance and their hate and how they dictate and block!	Leah Unison
13 Jul 2022 at 8:45pm	Most of my life problems have come from the gay communities and gay individuals! I am beginning to dislike that gay and open minded community! 🏳️‍🌈	Leah Unison
13 Jul 2022 at 8:44pm	I’m proud to be STRAIGHT! It’s discrimination against STRAIGHT PEOPLE TO ONLY CELEBRATE THE GAYS AND EXPECT STRAIGHT PEOPLE TO JUST DEAL WITH THAT INCLUDING THE IGNORANCE AND LACK OF RESPECT THAT STRAIGHT PEOPLE GET FROM THE GAYS, I say 🏳️‍🌈 Everyone has problems mostly from gay people outside of their sexuality Gay people hate everyone because they want everything!	Leah Unison
13 Jul 2022 at 8:21pm	Nidhal benaissa is hearing voices again muttering “The nurses” under his breathe I think he is exploiting my mum dalila boutarfa benaissas mental institution nurses..through the voices in his head	Leah Unison
13 Jul 2022 at 6:06pm	I don’t care what political party takes over from the conservatives as long as the conservatives do not continue their work! I am just highlighting my concerns as I understood to find a job! But as a vulnerable person enough as it is at home, (in the converted garage) I do not feel safe working diluted and trusting everybody I meet professionally and personally knowing this is happening to our country!	Leah Unison
13 Jul 2022 at 6:04pm	If the conservatives political party remain in power in the United kingdom because of their dependency on the war between Ukraine and Russia keeping them at work the conservatives would completely end up working against each other and contradicting Boris Johnson’s good speeches earlier on in his career as prime minister they would kill that for him and the uk and only Boris Johnson’s negative works on the uk would become the HOT TOPIC AND IT WOULD BE ENHANCED TO ABUSE THE PUBLIC. The conservatives political party would be considered not professional or appropriate for business in general as their group would be solely working against each other and then working with the FAKE WAR TO MAKE IT	Leah Unison

13 Jul 2022 at 2:28pm	GREAT! Now i realise why nidhal benaissa is such a stingey hateful BITCH! Because he is gay and never wanted to be a father to me. He was just exploiting me as his child to create reason to justify his unjust actions whilst living on earth as a human being!	Leah Unison
13 Jul 2022 at 2:26pm	Nidhal benaissa was laughing at a story he heard about someone being raped in a jail cell by something supernatural and told my mum the story and laughed at it and the way that could become a way of life for people! What an ugly horrific dirty disgusting spirit he is! And I think nidhal benaissa is gay as well...because he drops subtle hints as to his sexual orientation being other than straight I called him a gay bitch once to see if it would provoke him and he didn't care and said "so what?" So I think that nidhal benaissa is a gay man and just consummated children with my mother for a purpose! Either way I can't believe nidhal benaissa would laugh at supernatural rape happening to people and think himself immune to such an experience as if he has pleased the universe and god! I would never laugh wether I am the platinum spirit of worth that is a tragic thing to ever become normalised in humanity!	Leah Unison

13 Jul 2022 at 9:25am	And a thought crossed my mind...the souls that were created in this universe...are they actually supposed to have consummated children/baby's on this earth with each other? Or were they supposed to wait until souls from other universes submitted to the works of the planets! Because a lot of people on planet earth did not wait and committed spiritual incest and defied the powers of this universe from doing clean works for us all! I keep thinking I'm not From this universe.	Leah Unison

11 Jul 2022 at 3:59pm	All these royal castles and royal palaces and everything royalty built in the United Kingdom should be bulldozed and knocked down (DESTROYED) the amount of power/energy/oil/carbon and pollution and bad influence that these places are conjuring is life threatening to uk citizens! These places are not used enough to be paid for and the money is so wasted!!!	Leah Unison
11 Jul 2022 at 3:50pm	I have had enough of the uk royal family scrounging and spending money from this country/nation however they want to spend it! I want the royal family gone they are fraudsters they do nothing for this country and it's people they do nothing but go shopping and stack high bills from their powered up castles and mansions around the nation, these royal places are unoccupied and just abusing the general public by complying open and pointless! The royal family spend so much money from this country it's blocking us people in poverty and this is why the DWP WILL NOT RAISE THE BENEFITS INCOME FOR THE GENERAL PUBLIC BECAUSE THE ROYAL FAMILY SPEND THE WEALTH (money) OF THE UK ON JEWELRY FROM BOODLES (https://www.boodles.com/) They buy handbags from aspinals (https://www.aspinaloflondon.com/) The royal family are exposed of their expensive taste and where they shop all over the media/news/tabloids/newspapers And NO ONE STOPS THEM FROM SPENDING THIS COUNTRIES MONEY THAT IS MEANT TO HELP THE PUBLIC! 10 Jul 2022 at 1:23pm	Khalid Mir did not turn on hot water today conspiring with his wife as to the trouble they will make...had to go to Hounslow today to get my dad the bread! 🍞 And I'm sweating so bad stinking later cos of khalid Mir and his behaviour problem psychosis	Leah Unison
9 Jul 2022 at 8:12pm	The uk conservatives political party is no longer conservative and is actively using its inappropriate and illegal duty's with Ukraine to actually block the workers/people of the uk from living a conservative professional life with all this confusion with the soldiers and conflict all because the conservatives did not want to be overruled and outdone by another political party! There acts to make Ukraine a friend to the uk has actually put us at high risk of being bombed by Russia at some point in time due to the support to the Ukraine a direct threat to Russia for the future! The uk will be bombed because of the conservatives political party and they should not be allowed to continue their work! Someone from number 10 Downing Street that works in politics actually said on the news to set the House of Commons on fire because of all the trouble caused! THUMBS DOWN CONSERVATIVE PARTY! Job losses and lack of jobs continue because of their partnership with Ukraine and giving soldiers war works and battle training Ukraine this blocks us working citizens from long term work that doesn't exploit us or put us in danger!!	Leah Unison
9 Jul 2022 at 8:02pm	It is exposed on the news/media/tabloids and internet that the Ukrainian soldiers have been coming to England to receive battle training against Russia! This is apparently ongoing...this is absurd! Why would Ukrainian soldiers need to fly to England to learn how to do a forward roll to the nearest bush and pull a trigger on a gun??? I think this is another one of the conservatives STUPID CHOICES AND ARRANGEMENTS AS TO SHOWING THEIR SUPPORT TO UKRAINE but let's be real!! The universe does NOT WANT THE UKRAINE IN THE EUROPEAN UNION AND THE UK JUST LEFT THE EUROPEAN UNION...how exactly does the conservatives think the UK CAN HELP UKRAINE?? This is disgusting the conservatives have been so involved in the FAKE war between RUSSIA AND UKRAINE THAT IM NOT SURPRISED THAT THE CONSERVATIVES POLITICAL PARTY DID THIS TO REMAIN IN POWER KNOWING THAT BORIS JOHNSON WOULD HAVE TO STEP DOWN! This is what they did for relevance to keep the other political parties out of power and position! This is unacceptable I WANT THE CONSERVATIVES GONE FROM THIS EMPOWERMENT AND CONTROL THEY ARE CLEARLY CORRUPT INTERVENING IN WAR THAT DOES NOT CONCERN THE UK NOW THAT ITS INDEPENDENT	Leah Unison
9 Jul 2022 at 1:45pm	I wonder why the Conservative party feel it is their political choice to stay on as a political party for the United Kingdom. as if other political parties do not have a chance or hope in replacing them! The conservatives are forcing themselves in to power when they are clearly full of staff that have done nothing but resign I don't see why they think other political parties are blocked from replacing them!	Leah Unison
8 Jul 2022 at 11:57pm	I hope that the Conservative party move aside and allow another political party a chance to elect a prime minister because the conservatives need to be honest about what they cannot achieve for this country! and allow another political party to pretend that this country is legit and in business! 8 Jul 2022 at 11:55pm	Eewww disgusting! I just read on the tabloids/media/news that rishi sunak wants to become prime minister!!	Leah Unison

https://www.universitatibarijevo.ba/dokumenti/1110am To raise his voice and use acts of violence or imply it to gain power over the people of the house! Unfortunately for Ikhaid Mir his wife spread the word of his sexual nature being in a bad way. Page 25 of 484

2022 at 11:10am To raise his voice and use acts of violence or imply it to gain power over the people of the house!
Unfortunately for Khalid Mir his wife spread the word of his sexual nature being in a 66323 and criminal

	But if khalid thinks he is a big man he would quickly learn there is bigger without the behaviour issues and the violence that he uses!	
8 Jul 2022 at 11:06am	Khalid Mir is roaring and shouting and behaving less than a child in tantrum! He is such an attention seeking abuser that his behaviour problems is probably why nidhal benaissa doesn't respect him and would squat in his residence not paying a penny!	Leah Unison
8 Jul 2022 at 11:03am	Khalid Mir shut down the power again! When the police told him he could not! Khalid Mir and his behaviour problems is worst than a small child it is loud obnoxious violent and he is truly a spirit that doesn't know his own universe because his universe thinks he's begging the end of himself!	Leah Unison
8 Jul 2022 at 10:57am	Khalid mir is provoking nidhal benaissa as well because he knows that nidhal benaissa could get in to trouble due to his police caution about assaulting me! So khalid mir and his behaviour problems are a serious problem! There are convicted people of serious crimes that communicate better than khalid mir And are easier to get along with! I don't appreciate khalid opening my mail and provoking nidhal benaissa knowing that he has a police caution in order to put nidhal down by abusing me and making him abuse me! Khalid mir is a trashy old man with behaviour problems that needs to get some psychological help!!	Leah Unison
8 Jul 2022 at 10:54am	I don't know why khalid Mir confiding in nidhal benaissa when my dad nidhal benaissa swore he would squat in khalid mirs converted garage until khalid Mir is evicted by bailiffs for mortgage arrears and even then nidhal benaissa swore he will not leave the residence and will not pay khalid Mir a penny! Yet khalid Mir is upstairs trying to dictate me to my dad that doesn't respect him and has plans to squat and not pay in the future There are murderers and sex offenders in the prisons today that DO NOT HAVE BEHAVIOUR ISSUES LIKE KHALID MIR DOES! That's why prison sound so tranquil and I've been locked up before so I know that khalid Mir and his behaviour is just SPECIAL and so negatively unique that I WONT DEAL WITH IT!	Leah Unison
8 Jul 2022 at 10:44am	Khalid Mir starting fights as usual But this ugly man is still trying to put me down like I'm his victim and he is god! I swear I will end up trashing his house with bricks and then the police can sort me out with a nice cell in prison with my own room and my own space not dealing with this disrespect! While khalid Mir can scramble and lose his life that he isn't supposed to be keeping anyway because he is in arrears and should be repossessed of his home anyway Khalid Mir is such a horrific trash of a person!	Leah Unison
8 Jul 2022 at 10:41am	I may have to call the police again if khalid Mir keeps shouting and dictating me!	Leah Unison
8 Jul 2022 at 10:36am	Khalid Mir began opening my personal mail again and dictating my choices and arguing with nidhal benaissa and demanding I do what he says or else he will put me out of the house	Leah Unison
7 Jul 2022 at 12:01pm	finally!!! i just copied and pasted the news below from the internet tabloids/press (https://www.aljazeera.com/news/2022/7/7/uks-boris-johnson-to-resign-after-losing-partys-support) Boris Johnson, the prime minister who oversaw the United Kingdom's exit from the European Union and his country's struggles with the coronavirus pandemic, has agreed to resign having lost the support of top cabinet ministers, according to British media. In recent days, the 58-year-old had faced a huge internal revolt in his Conservative Party for appointing a politician accused of sexual assault as an MP.	Leah Unison
6 Jul 2022 at 6:39pm	Sajid Javid And rishi sunak quit the government! They resigned it's all over the news. Maybe Boris Johnson will resign as well!!	Leah Unison

1 Jul	I just read on the Ukrainian presidents website that the European country's are trying to put the Ukraine in	Leah Unison

2022 at 6:11am to the EU AND MAKE IT A MEMBER..

I suppose now that the fake awkwardness of the fake war between Russia and Ukraine is too obvious they are trying to pretend and rush a peace between the country's by forcing the Ukraine to become European... how funny if Russia go along with this because this is so unheard of that these people try to declare war for the sake of forcing new generations of people to fight like puppets for them in a different life (rebirth) as a method to get control of these new souls/members of society but I suppose now that all governments see that the miracle self cure of global mutation disease was decided by all government because they decided mutating themselves and others is too ugly so...a war to impact and control the future generations was better for them then faking a mutation in front of the public due to the way that they see no reason for ugliness to themselves in disease and then no longer developed and worked on this disease via government as planned.

Covid-19 was clearly ditched and abandoned by all involved in alarming the public of it.

Due to faith in achieving control to abuse future generations of souls new to humanity and society through fake war turned REAL

Turns out the war abuse is not a good plan after all so they are all staging a peace to end their mistake by submitting Ukraine to the EUROPEAN union to excuse all governments of their embarrassing attempts to really harm people and really victimise and control the new souls SUBMITTED BY THE UNIVERSE IN TO OUR SOCIETIES

ALL GOVERNMENTS I BET are looking for the quickest fix to end this fake war now just like the covid-19 🤔

22 Jun 2022 at 2:59pm	I cannot believe nidhal benaissa is an old man doing this to his daughter that never consented spiritually to be in his family so this birth as his daughter is spiritually criminal...all of this hate he is practicing unprofessionally about me on his company/business website in order to have outsiders abuse me with him ... when he could have just allowed the home office to deport him to Algeria with his broken teeth and hateful spirit where he belongs! He forces his life in the uk and blames everyone for it! Because nidhal benaissa is a strange case in his existence But I NEVER COMPLIED OR SUBMITTED AS HIS VICTIM OR ANYBODYS/ANYONES VICTIM! 22 Jun 2022 at 2:50pm	Nidhal benaissa (my dad) left his computer on whilst he was in the toilet doing a poo.. I looked at his current work on his software on www.multicrewxp.com And I saw that the data that nidhal benaissa was encrypting is completely written by him and this is what he has been doing whilst using his usb internet dongle I read on his data that he is instructing his softwAre to SHUT HIS DAUGHTER UP nidhal benaissa is using HATE CRIME TOWARD ME AND USING HIS SOFTWARE DATA (the internet encryption) AND TYPING nasty things as to what he wants to happen to me and how he wants his customers to comply with him about that on the his product because I think nidhal benaissa is physically acting on the voices he is hearing in his mind and turning it negative and freestyling his hate to me and projecting it on to his work to sell to others so that they can get psychotic about it and help him put me down!! This would explain nidhal benaissas psychotic connection to the police...perhaps they sectioned me In a mental hospital and favoured him because they are psychotics knowing about this through the voices in their minds that they call INTELLIGENCE! I of course cannot confront nidhal or he will assault me and cause me housing problems But I am confirming that this man is data encrypting abuse toward me on the internet and on to his software that he sells I suppose it is to inflict bad mental health on me to exploit me as well! 17 Jun 2022 at 8:42pm	I hope Russia win this fake war..because the Ukraine is clearly just an ugly country corrupt that asked Russia to bomb it so that it's citizens can travel for free to other country's under FAKE VICTIM STATUS OF THEIR COUNTRY PRETENDING TO BE AT WAR, the photos of the war on the media is clearly the government in all country's simply MODELLING AND Pretending to deceive the future generation and make them do things under fake unreal unthinkable faith and force them to believe these lies to make horrid mistakes! Whilst these FAKE UKRAINIAN REFUGEES ARE ACTIVELY taking advantage of people everywhere that are somehow compelled to help house these undercover maniacs! I DONT LIKE RUSSIA BUT I HOPE THAT RUSSIA WINS IN THE END FOR THE WAY EVERY COUNTRY AND ALL THE PEOPLE IN THEM CONSPIRED THIS FAKE WAR TO MAKE IT REAL TO DAMAGE THE FUTURE AND ALL THE NEW HOPEFUL ASPIRING LIVES THAT ARE YET TO LIVE AMONG US! 6 Jun 2022 at 4:29pm	Of course I do care about the kitten but feeding it regularly and I gave it my own bowl filled it with water so that the cat 🐱 could drink because the carers of the cat didn't used to give it water but now I see when I check on the cat that they do give it water now. For gods sake though if only they would wash the kitten/cat regularly and cut its nails and give cleaner water and care more though!	Leah Unison
6 Jun 2022 at 4:27pm	There is such a cute little cat/kitten 🐱 living in its little cat house outside of its owners apartment court yard and it looks way too young to be all alone I just want to take it home and give it a wash because it's owners don't wash the poor kitty so it's so dirty... I feed the kitten regularly to imply care towards the cat so	Leah Unison

that the caretakers of this kitten care more and feed it more and for gods sake wash the poor cat!!

5 Jun 2022 at 6:27pm	As usual nobody cares because how can they identify serious fraud like this...when they are all fraudsters themselves. Of course people will pretend and ignore	Leah Unison
5 Jun 2022 at 6:26pm	The Queens platinum jubilee videos on the internet are shocking And negative if your really watching and listening to the true content of the video and not just the edited and what they want you to see and hear...in the background of the recordings of the queens platinum jubilee there is a non human voice exposing fraud in the royal family and high treason being the citizens of this country gathering for the fake crown of this woman and her family...and the voices on the footages roars that the royal family are nothing but fraudsters and posers...you can hear it and it's shocking that the news and the media do not care to ask what that non human voice is! 🤔😞	Leah Unison
5 Jun 2022 at 6:15pm	I was watching videos on YouTube of the queens platinum jubilee and in the background of most of the videos I watched was a loud background voice sounding supernatural like some type of GOD voice saying things like "fake monarchy is the royal family" and "the uk is committing fraud" I am serious! There are background voices to these videos and that's what the voice in the background is saying...problem is nobody cares to hear it properly and when they have heard it nobody says anything or highlights this anywhere! 19 May 2022 at 7:10pm	Any other questions you may have Alison, please speak with my work coach Jatinder as she is aware of my unemployment and is currently helping me work search and apply for jobs as well as helping me via a third party called ingues. But as far as you and I are concerned I am still claiming universal credit doing what every claimant has to do attend their appointments and comply with extra activities and tasks when asked and selected.	Leah Unison
19 May 2022 at 6:56pm	What I am saying is Alison...that the referral for the mental health and disability was technically done for me by accident Jatinder did not know I would be discharged completely from that circumstance on the same day she sent the referral to the mental health and disability for me. I hope this answers your question. Leah unison	Leah Unison
19 May 2022 at 6:54pm	I discussed this with my work coach Jatinder at the job centre today. I simply told mental health and disability that I am not needing an assessment as I can continue work searching at the job centre applying for jobs and attending my ingues appointments. The referral for mental health and disability was made by Jatinder at the time when I was in a mental health hospital and we both thought I would be in there for a while. But the same day Jatinder processed a referral for mental health and disability I was discharged by the hospital and the mental health act combined and the doctor of the woman's ward said that there is nothing wrong with me. I am not suitable for an assessment for mental health and disability due to my mental health section in a hospital being because my dad had assaulted me and I was very upset and caused a scene due to police using this to bully me knowing I was/am victim. So my mental health is not receiving treatment I was hospitalised by police with nothing to do on a Saturday night but section a vulnerable person in order to look productive and not raise awareness to their hierarchy in case police lose jobs for how quiet it is nowadays!	Leah Unison
19 May 2022 at 6:44pm	No Not correct I never told them I had a job I am NOT working I am unemployed I let them know that the referral for mental health and disability was put through by my work coach when I was hospitalised and then I was immediately discharged by mental health act and the hospital. I am unemployed	Leah Unison

I have advised the mental health and disability that I am not receiving any further treatment relevant enough to undergo the assessment as I am FIT TO WORK.

I never said I was working 😞

I let the health and disability know they can close my case as I will be more than fit to work

So I can continue applying for jobs and claiming universal credit

19 May 2022 at 4:55pm	Hi Leah, you were called yesterday regarding your work capability assessment medical and you advised them you were starting work and did not require this. Is this correct?. Regards	Alison
19 May 2022 at 4:01pm	I would very much like to work for British airways cabin crew I wouldn't turn the job down if I got an offer but that company is so socialist and dismissive of new faces and new recruits they only want old faces they refuse to let old staff go and any new staff British airways hire only by recommendation from previous members of employees! That should be illegal how they operate because on their website they lie and say they are recruiting but really I wouldn't be surprised if they hold fake job interviews to be like nidhal benaissa and hear voices in their minds as to how to sabotage the recruits they don't hire through the power of mental illness and hate and exploitation 🛫🛫🛫 Ooohh aviation how did you end up in their hands!! Hi Leah

I hope you are getting on OK with your recovery. I just tried to give you a call but it was switched off.

Please look out for a discharge letter from our service – it is important to get your mental health stabilised before starting challenging treatment such as that for an eating disorder.

We welcome a re-referral to the service if/when the time is right.

Kind regards

23 Apr 2022 at 10:07am	The Russians are so FAKE AND STAGING THEIR BOMB ATTACKS ON UKRAINE BY CONVENIENTLY DROPPING A SAFE BOMB IN LOCAL COMMUNITIES BUT THE BOMBS CREATE JUST ENOUGH DAMAGE FOR PEOPLE TO PRETEND TO BE SCARED AND EVACUATE UKRAINE, THE BOMBS ARE HILARIOUSLY PICKED BY RUSSIAN SOLDIERS TO BOMB A LOCATION CONVENIENTLY FOR A UKRAINE MEDIA/tabloid/news employee to take a perfectly fake victim photo of a quarter damaged building residential block for the Ukrainians to gain consent to live like gypsies and have holidays as fake victims across Europe entertained by families all over Europe that know of this FAKE WAR and offer conveniently to allow these STRANGE ORGANISED REFUGEES IN TO THEIR HOMES FREE OF CHARGE NO EXTRA CHARGE FOR FOOD! 😊 oh my gosh	Leah Unison
23 Apr 2022 at 10:01am	Oh my gosh...the world is exploiting conflict FAKE war between Russia and Ukraine in order to distract and move the world on from the embarrassing global disaster incident of the famous global announcement of the FAKE DISEASE and media mess OF COVID-19 deadly flu being a global united 3 month zombie apocalypse lockdown with no zombies...😭😭 I suppose the government are embarrassed and quickly declaring war in Europe to get the death toll numbers of covid 19 back up through war and conflict for the way that covid - 19 did not actually kill anybody and everyone knows because everything is still over populated and functional unaffected. The government are so awkward for this 😊	Leah Unison

22 Apr 2022 at 1:12pm	I actually think that someone at the DWP or job centre assessed me incorrectly 2 years ago and didn't care every month since then about how much I get for my claim.. and someone probably gave my entitlements that he/she would have not told me about and given it to a stay at home mum that births cult children for the communities to live a purposeful life helping random acts of violence happen to people like me that are robbed of benefit entitlement such as benefit increase due to circumstance.. I cannot believe my benefits have stayed at 320 for 2 years and not one change or consideration after everything I reported. This can't be right because if someone is awarding another claimant extra money to their claim knowing that it's money that was kept from me and declared not my entitlement but an entitlement of someone else by a corrupt work coach or DWP employee then I understand that people in these circumstances are victims of random acts of violence from others when going out due to the theft of entitlements of one claimant being given to another universal credit claimant without the consent of the one at loss...due to the way that an incorrect claim on universal credit is a psychotic impact to someone's future work life And the ugly community beggars that live to commit violence with help from people that work and pose as legit people is a nasty hate crime act that would be the community mocking the claimant at loss of money that he/she was entitled to due to that community abuse making a permanent work life for this person not possible due to community psychotic behaviour uniting and hating and refusing to admit that this activity happens to people on benefits. I am not laughing at communities and how people do actually operate like this but they very rarely choose to be that extreme but that's why this hate crime is understood because it is rare but the hate is that real that the method and plan of these idiots and what they do is so basic and their intentions are obvious because these are basic fools that are nobody without the community and it's corrupt psychotic favouritism. Alone they are no one! This stuff is no way crazy but that's why these idiots are idiots because when they don't do bad things like https://www.universal-credit.service.gov.uk/journal 26/08/2022, 17:28 Page 59 of 64	Leah Unison

this often as a community and don't keep it regular the victim is not crazy for identifying this act of the community being active because it is not frequently happening it's simply people choosing who they don't like, so I don't laugh at these people for existing like they have police protection and immunity to their acts through the universe because the police defending these people by not catching them and kicking them to prison is the police silently stating that they protect these types of people and see them as valuable 2the community cos it's no coincidence that the police just cannot catch these random acts!
But it is sad this stuff is acts of strangers enforcing themselves and their input to someone's life against his/her/my will

22 Apr 2022 at 9:42am	Today I have to call universal credit and ask for a £350 advance due to the way that I have lost my home office uk citizenship naturalisation certificate and I need to replace it this would cost £250 I also need £65 to have my teeth cleaned at the dentist due to the glue previously supporting my metal braces to my teeth, currently still being stuck on my teeth due to the way that I never got a chance to have my braces professionally removed I had to take them off myself due to circumstances at the time. And I need £35 for my Vodafone phone bill due to the way that my parents and I do not have access to Wi-Fi anymore and I have had to upgrade my contract plan to unlimited internet so that I can stay connected to the internet to do important daily things. I know I was paid today but I owed my mum £240 because I borrowed money from her and I gave my mum her £240 back, I needed to buy things like clothing and hygiene things after I was sectioned in the mental institution. So I don't have much left for what I need at all for the rest of the month, So hopefully my advance request will be accepted! 😓	Leah Unison

19 Apr 2022 at 1:17pm	I honestly don't know where the police expect me to move to with only £300 a month from universal credit which needs to also pay for my travel and my living essentials like hygiene clothing etc as well I can't afford rent! The only way the Hounslow council can help me is just to give me a set of keys to an apartment like they did for Yasmin Mir and let me stay somewhere for a few months free of charge to calm my home life down with my absence before sending me back to my parents...otherwise I am not receiving the help I need at all! From 2007 to 2014, he was a special adviser to Michael Gove, including the time that Gove served as Education Secretary, leaving when Gove was made Chief Whip in a cabinet reshuffle. From 2015 to 2016, Cummings was director of Vote Leave, an organisation which successfully executed the 2016 referendum campaign for Britain's exit from the European Union. After Johnson was appointed Prime Minister in July 2019, Cummings was appointed as Chief Adviser to the Prime Minister. 18 Apr 2022 at 1:07pm	So I did some uk political research and Boris Johnson is just a puppet performing someone else's wrongdoing AND ILL WISHES to the public, it turns out that the real ABUSIVE mastermind behind the political crimes actively being committed in the UK AND AT THE HOUSE OF COMMONS/ PARLIAMENT AND the CRIMINAL TRADES BETWEEN THE UK NATIONWIDE EVEN GLOBALLY... WHILST THE UK HAS BEEN WATCHING boris Johnson confidently committing THESE THINGS ON THE PUBLIC and on the monarchy and LEGISLATION! 17 Apr 2022 at 3:35pm	Boris Johnson is crazy and I think he should have been the one mentally sectioned in a psychiatric hospital with his corrupt friends Dominic raab and rishi sunak! These men are not wanted by the British people to make any further decisions for this country as this country is left dwelling on their crimes and acts against legislation etc It will take eternity to clean up there mess they must resign!	Leah Unison
17 Apr 2022 at 3:33pm	I think it's very Unfair and extremely selfish of Boris Johnson to mock and exploit his temporary power as a prime minister public speaker to make promises to lead the world from disease whilst excluding England from the help it really needs in health and security and of course FINANCIAL BENEFITS! This is unfair of Boris Johnson to do this to England and expect that the next prime minister elected after him continues his work and corruption for him! Which This is clearly what he is wanting through his refusal to resign he is trying to buy time to psychotically channel a prime minister just like himself in order to stay on further as prime minister.	Leah Unison
17 Apr 2022 at 3:30pm	Boris Johnson is promising to lead the world out of covid 19 like a psychopath not caring that he cannot do it! He is mocking the prime minister role and made himself a world leader through it by exploiting the British crown and trademark of its government with his new European allies that he has met through his borrowed life in central london which of course would consist of cocaine use because DUH central london is nothing but cocaine in toilets with strangers when socialising	Leah Unison
17 Apr 2022 at 3:27pm	I don't understand why Boris Johnson and rishi sunak and everyone actively criminally fined by the police will not be resigning and quitting to put us all out of our misery! Honestly after the criminal activity going on these past few years from people of parliament as a conservative myself I would prefer a refreshing panel of people at parliament from the Labour Party for a while because the conservatives In power are just so secured financially in their own lives being nasty to the poor working members of society and misrepresenting conservative people and what that whole thing is about! I just wish that Boris Johnson and his whole criminal crew at parliament just QUIT!	Leah Unison

15 Apr 2022 at 2:53pm	I think Boris Johnson has been doing cocaine and illicit drugs whilst living in central london and calling himself a world leader and enjoying illegal parties at 10 Downing Street and enjoying his plush luxury prime minister standard issue apartment, because only a FOOL on ILLICIT ILLEGAL drugs living a lie of a life meeting so many new people and travelling more than any other prime minister ever did would take away the £80 extra that universal credit was giving to people claiming benefits through covid-19 and the lockdowns! I definitely think there was cocaine and illicit drugs in boris Johnson’s life as prime minister NO ONE HEALTHY OR SOBER WOULD EVER HAVE SANCTIONED THE PUBLIC IN SUCH A HEARTLESS IGNORANT UNAPOLOGETIC WAY. 29 Mar 2022 at 12:07pm	The police were the ones that had me acknowledged for mental health sectioning and they enforced it to happen because they are corrupt abusers that don't care what they do on late night shifts. The Hounslow police were abusing me for hours to have me sectioned in a mental hospital and now I am here I don't know what is happening. He knocked on our door today when nidhal benaissa went out and his intention to do that and steal our last key was so Intense I did not answer or respond to the door knocking and stopped my mum dalila boutarfa benaissa from opening the door. Khalid Mir is a scum bag (but that's not the right way to describe him because bags are useful) The other word to describe khalid Mir..there is not one because he is that nasty and not human enough to be thought about. 8 Mar 2022 at 5:44pm	Khalid Mir also took nidhal benaissas keys to the front door to the converted garage and didn't care if we could ever lock the door again. 8 Mar 2022 at 5:43pm	I'm back at Starbucks in sainsburys st Clare's charging my phone due to khalid Mir refusing to give us the electricity. Nidhal benaissa told me that the Mir family have a separate power and electricity switch for their part of the house and the converted garage Meaning that they keep their amenities on and separately turn ours off which is what they have done and are actively doing!	Leah Unison
8 Mar 2022 at 3:50pm	I don't understand all this attitude and sick behaviour from the Mir family who absolutely are better off going back to Pakistan with Yasmin mirs status in England being uncertain especially since the Mir family will not have a way to pay any of these debts! The Mir family are so unprofessional as landlord...I can't imagine the state of their rental tenancy with anyone after they finally get removed from this house with this pride attitude and anger that they are practicing and have been practicing on people for years...no one smart would lease them a place to stay for long with this behaviour if they continue...nope too late they have done it so long good luck to them. They won't last out there in the big bad world if they lose their landlord and homeowner status	Leah Unison
8 Mar 2022 at 3:46pm	The way that khalid Mir and his family behave with pride like they have a financial well-being and good future and support...they can't afford pride and attitude towards us...not with over £300,000 in debt to mortgage and other loans and things they never paid.	Leah Unison
8 Mar 2022 at 3:45pm	I came home and the Mir family still has not turned on the electric for us. Khalid Mir got his BMW FIXED...so he can afford that but dictates our showers and electrics like he is in a position to do that...	Leah Unison

17 Feb 2022 at 6:31pm	Well I certainly do not psychotically pray to the universe or any religion to bring any spirit down to earth at all! I DO NOT DABBLE WITH THE LIVES OF SOULS THROUGH THE UNIVERSE! And I most certainly DO NOT WORSHIP OR STAND FOR THOSE THAT PLAY THESE SPIRITUAL GAMES OF DICTATING AND CALLING SOULS DOWN TO EARTH THROUGH THE UNIVERSE AND I DO NOT STAND FOR THIS FAITH OR SPIRITUALITY OF ABUSE NEGLECT AND CORRUPTION OF INDIVIDUALS THAT SIMPLY STRUGGLE IN LIFE ALONE WITH THE UNIVERSE AND CANNOT LIVE THEIR LIVES ALONE SO THEY CALL ON OTHERS TO SUFFER IN ORDER TO STEP ON THEM TO COME UP! IT IS CLEARLY EXPLOITIVE AND CRIMINAL IN HUMANITY ON EARTH AND UNIVERSALLY CRIMINAL TO MIX SPIRITUALITY WITH HUMAN SOCIETY! IT WOULD BE CRIMINAL AS WELL FOR THE ANIMAL AND MAMAL SOCIETY TO EVER DABBLE SPIRITUALLY THROUGH THE UNIVERSE MALICIOUSLY LIKE WHAT I HAVE BEEN TOLD PEOPLE ARE DOING.	Leah Unison
17 Feb	Someone in the park today told me something quite disturbing.	Leah Unison

2022 at 6:23pm	This random man that I got in to a conversation with at the park told me that people nowadays are severely spiritually involved with the universe so much that the reason that things and society/government is so corrupt nowadays and no one wants to deal with anyone or anything to fix society is because people pray to spirits living outside of planet earth and beg the universe to bring/force these space cadets (spirits) in to the earth as new intake to this planet, the man that told me this pointed at the clouds and asked me “what do you think the clouds are?” I told him I thought clouds were elemental and about the rain, he laughed at me and said that the clouds are spirits clumped and stuck together by the universe, the man then explained that the spirits together form as clouds so that the universe can put them aside somewhere to wait as new arrivals of planet earth and also it’s so the spirits can be easily identified as being held in order to help the spirits find their place on earth. The man went on to explain that this faith of worshipping and corrupting new spirits from outside of our own planet in to our planet is forbidden and against the universal laws of this planet because he claims that people exploit these souls and leave them once they get what they want from their arrival on earth and pretend that this universal crime is crazy. He then laughed at me for looking so serious at what he said...and left me assuring me I will be fine because it will all seem like crazy talk tomorrow 🙄🙄	
17 Feb 2022 at 4:51pm	I caught a man abusing his dog on the street with my camera phone I recorded the video and sent it to the rspca It’s so disgusting how people treat their little ones!	Leah Unison
17 Feb 2022 at 9:15am	Khalid Mir is on another power trip to gain authority over the house again. The internet no longer allowed for the tenants he is stealing money from is not enough for him. Now he is monitoring the hot water and dictating my showers!	Leah Unison
16 Feb 2022 at 8:24pm	With regards to todays political conflict news Apparently the country Russia will invade Ukraine from today Wednesday onwards ...I laugh at Russia and think that is an absolute joke on top of this NOT FUNNY fake disease covid-19, because the way that Russia has so much land for itself is also not funny...the land of Russia alone is the size of the USA and maybe even bigger than the United States of America, Russia doesn’t even use its own land/country for growth/society/wealth/economic work to expand and develop its own people and immigrants/tourists and its own government,instead Russia chases MORE LAND LIKE UKRAINIAN LAND THAT IT DOESN'T USE AND WONT PLAN TO USE BECAUSE RUSSIA JUST DOES NOT NEED ANYTHING BUT A BRAIN IT CAN STORE IN SOME TYPE OF GOVERNMENT LABORATORY TO EXTRACT INTELLIGENCE FROM IT TO USE FOR RUSSIAN GOVERNMENT TO SOMEHOW QUALIFY ITSELF AS A SOCIETY AND COUNTRY ENOUGH TO EVEN THREATEN ANYONE OR ANY COUNTRY IN THE WORLD. 🙄 Russia sh*t up work on yourself!	Leah Unison
16 Feb 2022 at 5:08pm	Our neighbours at 9 riverdale road feltham Tw13 Got the police around their house right now...I imagine they are probably taking khalid Mir and Yasmin mirs advice as to how to keep their home when they can’t afford it by causing fake disturbances in the house and working the negatives and conspired abuse that they have to perform to make it real enough to get to exploit police and the justice system in order to use their story’s to keep their home and distract businesses with sob and sad story’s of their personal lives to avoid bailiff and eviction by the landlord/ mortgage company or bank! Khalid Mir is actually on camera with his daughter getting in to his car on the Google maps real-time version (https://www.google.com/maps/place/6+Riverdale+Rd,+Feltham+TW13+6NS/@51.4332249,-0.3820093,3a,75y,119.24h,90t/data=!3m4!1e1!3m2!1sztmRZRlWbpiy3aJfhRQ1Dg!2e0!4m2!3m1!1s0x4876735681063ae3:0xc0c55cb73b52f5b8?hl=en-gb) And 9 riverdale road is pictured on the Google street as trash everywhere outside of their house So that’s funny because that house 9 riverdale road is currently taking advice from khalid Mir and his police tactics and methods as to distracting everyone financially demanding money from him to keep his house whilst 9 riverdale road talks trash to the police hoping it works for them too! 🙄🙄	Leah Unison

15 Feb 2022 at 10:08pm	There has been times where I watch the NASA GOVERNMENT CAMERAS OUT IN SPACE through the LIVE STREAM ON WWW.YouTube.com and I watch (the universe) and I watch the world go around 🌐 in LIVE STREAM ONLINE, as the world/globe/earth spins and orbits there are moments when you can see small balls of light come out of the earth, almost as if a spirit is the ball rising from earth like it is being summoned out of planet earth and in to the universe for its freedom. Sometimes I watch it and take mobile snapshot photos of the moment and post them on the internet archive because it’s amazing, that this spiritual implication of freedom is happening on LIVE CAMERA through the universe AND THE SPINNING WORLD on to the camera AND IN TO MY DEVICE FOR MY EYES TO SEE and THEN I BEGIN TO wish my own spirit a departure from earth just like these souls...AND IF I CAN LEAVE THIS PLANET EARTH IN SPIRIT IN A BETTER WAY THAN ANY OTHER SOUL HAS LEFT THEN I HOPE FOR THIS AS WELL FOR MYSELF, I hope to leave planet earth as I think that there’s too much pain and failure. I’m not a dreamer or a hopeful person/spirit in most lifetimes, I am a realist in most of my existence and presence among others but...for this chance of freedom from earth I am a dreamer and a hopeful aspiring free spirit. Due to the way the universe has a tendency to elevate freedom as if it is something above our existence to the point we surrender the most basic right we have for nothing.	Leah Unison

1 Feb 2022 at 4:00pm	I don't understand why khalid Mir is so obsessed over being an abusive controlling landlord! I don't want to understand! Why can't he just leave us alone and get lost he has some serious nerve and attitude after stealing money from nidhal benaissa in tenancy deposit and then taking advance payments from him to be controlling our environment in this way! Khalid Mir belongs in prison This is very antisocial behaviour	Leah Unison

1 Feb 2022 at 3:49pm	I have had enough of khalid Mir trying to influence me and my life through his abuse and this dirty house and through my parents! I DO NOT COMPLY A PUPPET FOR ANYONE ABSOLUTELY NO ONE!	Leah Unison
1 Feb 2022 at 3:37pm	Khalid Mir won't give nidhal benaissa the Wi-Fi back because he demands that I sell my second hand laptop to give him money. Nidhal benaissa thinks if I sell my laptop to give khalid Mir the money then khalid will be normal again but this is not normal! I do my employability courses on my second hand laptop I can't sell it! This is so abusive!	Leah Unison

1 Feb 2022 at 11:49am	I attended my appointment with Abigail cardwell of the eating disorder clinic NHS And she assessed my eating disorder and agreed to let me know of which treatment plan I would be receiving on our next appointment on the 9th February 2022 at 3pm on the telephone	Leah Unison
31 Jan 2022 at 8:15pm	Khalid let nidhal benaissa know that he doesn't have Wi-Fi and he was disconnected by sky company perhaps billing issues? Regardless he still had an attitude when asking for money. I'm not understanding these vulnerable people having horrible attitude and bad behaviour like this when they can just be rational and help people help them and understand etc.. I know I sound like a cliché and I am 30 years old looking at these people who are older than me like GROW UP!	Leah Unison
31 Jan 2022 at 6:01pm	Ok so nidhal benaissa is being better now. I just hope that khalid Mir doesn't knock on the door demanding money from nidhal benaissa with some excuse to argue and make problems for me and create drama between me and my parents or with him and the police and most of all khalid Mir better not bother us about money or anything without a wifi password and some serious politeness respect and apology after his performance the other day.	Leah Unison

30 Jan 2022 at 7:08pm	I just found out that my mum Dalila boutarfa benaissa actually gave all her money to nidhal benaissa saying that it's his money. So he did not confiscate from her against her will..I found out she submitted to the emotional abuse and gave nidhal benaissa the money and called it his..must be something she did because she knows she will benefit from it someday through her schizophrenic state of mind. 29 Jan 2022 at 7:08pm	Nidhal benaissa came back and demanded that nobody eats from him or touches anything of his told me to starve...but I don't get it because he drinks and eats from my food parcels and food bank! Well I took my things off of him and told him likewise	Leah Unison
29 Jan 2022 at 4:36pm	I know that khalid Mir and nidhal benaissa psychotically work together and plot these Wi-Fi disconnections to cause arguments and conflict in order to protect their psychotic crimes and conspiracy's with other members of the schizophrenic community. These episodes of the Wi-Fi being banned from use is just a scene that khalid Mir and nidhal benaissa repetitively create and act out for their own motives in order to prepare the atmosphere for their negativity.	Leah Unison
29 Jan 2022 at 4:07pm	Nidhal benaissa what a SERIOUS CASE OF "CRY WOLF"	Leah Unison
29 Jan 2022 at 4:06pm	Oh perfect! Now that I am unable to use the Wi-Fi at home I have to go to fir road surgery on Tuesday for 10:30am to complete my binge eating assessment online with the NHS	Leah Unison
29 Jan 2022 at 3:31pm	So nidhal benaissa has created such a negative space at home now and he actually believes that my mums doctors and nurses can continue their mental health treatment like a bunch of diluted undercover schizophrenics as if they are helpful by ignoring their instincts and not enforcing the mental health act on nidhal benaissa himself. This is disgusting	Leah Unison
29 Jan 2022 at 3:28pm	Nidhal benaissa what a nasty nasty sick dirty abusive old man...if someone does murder or injure him in this house it would NOT BE ME. But if it ever happened I assure you nidhal benaissa provoked and made the person do it. Either for corrupt reasons such as khalid Mirs car insurance company or for the simple fact that nobody wants to deal with him... And it's disgusting to know that nidhal benaissa expects dalila boutarfa benaissas doctors and nurses to come to the converted garage and inject my mum of all people with antipsychotics when it's nidhal benaissa that should have been sectioned under the mental health act and submitted to 6 months minimum inpatient mental health care	Leah Unison
29 Jan 2022 at 3:26pm	Regardless nidhal benaissa is perverting my mothers mental health recovery and is perverting the doctors and nurses that are trying to help my mum recover to better mental health by nidhal benaissa confiscating her money and putting pressure on her to become a homicidal maniac as he victimises himself and hopes to survive it all. So that he can sacrifice my mother and my life to replace him in hell whilst he hopes to elevate himself with the local schizophrenic community members	Leah Unison
29 Jan 2022 at 3:24pm	Nidhal benaissa confiscated dalila boutarfa a benaissas money from her. Khalid Mir took his car away I assume it's to repair it but the only type of insurance that would pay for his car to be fixed is a psychotic insurance company submitting to a homicidal case happening under 8 RIVERDALE road Feltham TW13 6ns Nidhal benaissa probably took my mums money so that she would not go out and make statements as to the way that khalid Mirs car insurance company would be inflicting a demand on the house to become a homicidal incident for the police	Leah Unison
29 Jan 2022 at 1:56pm	My mother and I wish that nidhal benaissa suffers his own karma and his own HELL AND STOPS TRYING TO SACRIFICE because nobody cares about him and no one ever will he is a nasty abuser that should shut up and know this! And face his own hell because trying to throw people in his messes is clearly not working for him.	Leah Unison
29 Jan 2022 at 1:54pm	The way that nidhal benaissa has been behaving and begging to khalid Mir and his family to trade me and my mother against our will as sacrifices to suffer the messes that he has made has made me and my mum concerned as to the next landlord that nidhal benaissa would bring to our lives...perhaps the new landlord would be a fellow schizophrenic psychotic that United mentally with khalid Mir about this previously and agreed to take us in as tenants under the conditions that nidhal benaissa agrees to exploit my mother and me by allowing hidden cameras to film us without our knowledge To take inappropriate videos or photos that the landlord could post without our consent or knowledge because my mum and I DO NOT CONSENT to any of this abuse!	Leah Unison
29 Jan 2022 at 1:46pm	My mother and I don't like nidhal benaissa and we don't want to be sacrificed to any circumstance of this pathetic schizophrenic problem that nidhal benaissa has created for himself through khalid Mir and the community that are silently committing hate crimes through god/the universe in influence to wrong this house (the converted garage and those that live there mainly). My mother and I resent that nidhal benaissa try's to free himself from his own mess and corruption by trying to sacrifice us to his conjuring and karma. We know he does this when he begs acceptance to khalid Mir knowing that khalid is wrong especially when nidhal benaissa threatens my housing because he try's to separate my mother and I from each other to sacrifice us off individually where we can't talk My mum dalila boutarfa - benaissa And I DO NOT STAND FOR NIDHAL BENAISSA AND WE WILL NOT BE SACRIFICED TO SCHIZOPHRENIC HATE CRIMES OF THE COMMUNITY'S THROUGH ANY LANDLORD!	Leah Unison

29 Jan 2022 at 1:42pm	My parents and I do not go out trying to recruit local psychotics to unite as one invisible schizophrenic group against khalid Mir and his family so I don't know why khalid Mir and his family feel like they can do it to us... my mother and I are the only rational ones seeing this and not turning against each other. Nidhal benaissa is the weak link that plays games and begs to the Mir family and their empowerment as a way to sacrifice my mother and I to the circumstance in order to release himself but it really doesn't work!	Leah Unison
29 Jan 2022 at 1:39pm	The proof is in the logic and the sense in knowing and that's more than enough!	Leah Unison
29 Jan 2022 at 1:38pm	If my parents do end up hurting or killing each other or killing me..it's absolutely khalid Mir a psychotic accomplice to murder and khalid Mir has been going out promoting that life for my parents and I for many years and I know about this but have been unable to get help due to the local psychotics empowering local murder cases to happen being police officers even cps and members of the government that portray to be respectable people that are silent psychotic schizophrenic accomplices to the acts of people that commit murder... yes these people were not caught in their involvement but the universe would agree that they are accomplices because they are mentally present and creating the scene around those committing the crimes in order to provoke and live off of the tragedy. And they all see each other out and about for the same horrific reasons and wink at each other for the way that there is no proof. But there is proof and covid-19 is only the beginning of the real awakening for these idiots	Leah Unison
29 Jan 2022 at 1:30pm	Before khalid Mir went out today he roared at nidhal benaissa as if he doesn't need nidhal benaissa defending him, in his exact words khalid Mir told nidhal benaissa to just kill his wife (my mum dalila boutarfa benaissa) or have dalila boutarfa benaissa kill him instead like back in the day when they were simple like this...before I came along and moved in with my parents and they both started to be less violent to each other! Khalid Mir actually went out like this after wishing my parents were just violent like before just simple for him to exploit when they were simply just trying to kill each other like before... I don't doubt his psychotic mind and his dirty ugly soul promoted that mentality agreeing to have other local psychotics tune in to that comment to universally unite with him to influence violence and abuse and other distractions to my environment in the converted garage to my parents! Khalid Mir can get suicidal himself for that nasty community hate crime comment he made there implying his own authority as a landlord before going out empowered about it in order to empower and make his comment real on us..but most of all me!	Leah Unison
29 Jan 2022 at 1:17pm	I will stop using khalid Mirs Wi-Fi he is clearly a psychopath with nidhal benaissa trying to exploit the enforcement authorities by exploiting my circumstances whilst they recreate me and my life to portray me as a problem to them in order to create distraction and problem enough to not face the losses that they should be facing with regards to this £250,000 home in debt to mortgage companies and the bills barely paid due to khalid Mir and his family benefit fraud and not having other criminal means to overcome the bailiffs other than their exploitive use of law enforcement officers and the justice system which they pervert to take the attention away and off of their financial responsibilities	Leah Unison
29 Jan 2022 at 12:10pm	Khalid Mir was accepting my electoral role submission over a year ago even apologised for his behaviour and bought me flowers and chocolates when Yasmin Mir was away as I mentioned but now khalid Mir is playing disruptive and denying his apologies to create arguments and police disturbances in the house so that there is distraction as to the bills and the mortgage debt that he has not been paying So nidhal benaissa has been crying Wolf for khalid Mir exploiting police for years for this purpose Nidhal should be careful he may actually need the police someday and how can they help him with a history of such abuse to the justice system for servicing and hiding khalid Mirs debts behind provoked and fake police reports that khalid Mir and nidhal benaissa used force and assault to get to create distractions through authority's to not deal with the loss of their home	Leah Unison
29 Jan 2022 at 11:59am	Khalid Mir is basically abusing me for signing up to the electoral role and abusing his position as landlord knowing he can't afford his house trying to create drama with police because he is wanting lockdowns and influential drama through universal disturbance	Leah Unison
29 Jan 2022 at 11:53am	Khalid mir shouted at me and blocked me from the Wi-Fi and then roared at me for being on the electoral role I warned Yasmin to control him before I have to call police for the way khalid Mirs behaviour provokes nidhal benaissa to assault me or violate me due to khalid Mirs behaviour being disruptive to his work	Leah Unison

7 Jan 2022 at 9:50am	It's a good thing I came to the job centre I am actually on the list so there is an appointment or something but jatinder is not here so I think I am being assigned someone else	Leah Unison
7 Jan 2022 at 9:19am	I am in Hounslow already anyway so I will come up to the job centre at 9:45 am just in case I was required there.	Leah Unison
6 Jan 2022 at 8:12pm	I had a think about it and I cannot doubt my work coach so if my work coach (jatinder) says that this is a telephone appointment booked with her tomorrow at 10am then I have to just trust that it is a telephone appointment just as jatinder said it was. I just found it strange that I got a text message stating that it was a job centre appointment today. So I will wait for jatinder to call me for my telephone appointment Tomorrow at 10am just as she told me she would. The security staff at hounslow job centre said to me today that some of the job centre staff have covid-19 so I suppose this is why jatinder said that the appointment would be a telephone appointment instead of an office appointment. So never mind what I said about coming in to the job centre If I can't trust my work coach as to what she says Then I can't trust anybody Speak tomorrow jatinder (on phone)	Leah Unison

14 Nov 2021 at 9:25pm	These students in America also encrypted on my my phone that their university is involved in what they do on my phone I copied and pasted below Oh my god people are really not caring about how they do things at all. I think based off of what they have been writing on my phone and exposing themselves they actually imply FITNESS because maybe they are an ugly satanic group that believes in the dark energy's to put someone down and wanted to try to channel negatively to me with their ill wishes so shamelessly on my phone leaving their identity's and businesses...wow they must really believe the universe loves them. I do not agree that the universe loves and supports them for this because I am here reporting this to universal credit and I almost missed the evidence because I know they take down what they input to my device because it's death threats combined with binary and random letters and numbers because they are spastics in denial retarded and must have done that believing that I thought technology was operated by robots Young people are so ugly nowadays	Leah Unison

Pounded on heavily by Chris Torek (chris@mimsy.umd.edu, umcp-cs!chris). Converted to 4.3BSD Beta by Chris Torek. Other changes made at Berkeley, based in part on code by Kirk Smith.
Converted to 4.3BSD+ 386BSD by Brad Parker (brad@cayman.com). Added VJ tcp header compression; more unified ioctls
Extensively modified by Paul Mackerras (paulus@cs.anu.edu.au). Cleaned up a lot of the mbuf-related code to fix bugs that caused system crashes and packet corruption. Changed pppstart so that it doesn't just give up with a collision if the whole packet doesn't fit in the output ring buffer.
Added priority queueing for interactive IP packets, following the model of if_sl.c, plus hooks for bpf. Paul Mackerras (paulus@cs.anu.edu.au).

This is all information I just copied and pasted from my iPhone systems data analytics

14 Nov 2021 at 8:19pm

I copied and pasted my iPhone 7 data system analytics on to a word document.
And read cryptic encoded discreet messages daily on my iPhone from this company

(<https://www.netbsd.org/foundation/>)
My iPhone warranty was removed by these people that are named on my iPhone as a business that are working software on to my phone/device
It's disgusting I had one year warranty on my phone and they state on my systems analytics that they have removed my phone warranty the second I purchased the phone and have intent to shut my device completely down

I looked at this company and these are just pathetic little students

9 Nov 2021 at 4:52pm	Eewww I just found the dark web and how to get in with it. This is where all the cyber criminal activity is practiced and begins and this service claims it is protected amongst other web services that provide the dark web from law enforcement. (https://www.torproject.org/) I'm saying eewww because these people that work for it are non profit organisations that really work hard in protecting perverts and inappropriate content of children from the law and justice whilst protecting sick people when they view inappropriate things online. Their motto for this disgrace is that privacy is humane. I read that if you download the web services of this website (https://www.torproject.org/) Then your criminal life awaits online Apparently they even sell fake passports and everything criminally available once you have unlocked yourself to really know that hidden community. I DID NOT DOWNLOAD IT AND I WILL NOT DOWNLOAD THIS AS I WANT NOTHING TO DO WITH ITS DISGUSTING CONTENT AND SERVICES. I just thought to expose this somewhere on the government so that we can all start unblocking justice and working towards shutting these dirty businesses down that do this to our professional life's for free as non profit organisations then walk amongst us like they don't care what their work did to us and our livelihoods they are innocent because they are not paid to do what they do! I hope the dark web gets shut down permanently.	Leah Unison

5 Nov 2021 at 1:58pm So the police came to my address took my statement and took nidhal benaissas statement
And said that they don't believe any charges on nidhal are necessary right now and they have just taken the report to log and document in the computer system and in to their paperwork files
So all is well I suppose and hope
So that I can continue what I am doing

Leah Unison

5 Nov 2021 at 10:58am Khalid Mir just banged on the door and started dictating me to my dad telling nidhal benaissa that I am not to apply for anything anymore in his house because people will start knowing things
And then nidhal benaissa started being aggressive like before when I had to call the police and have him formerly cautioned for physical violence so I had to call the police again
They are on their way!
Nidhal benaissa and khalid Mir told me to go ahead and call the police because the police do not care and they claim that the police will put me out of the house and not them.
That's disgusting
But I'm telling you
If the police are corrupt and comply like that then the only place I'm going after they put me out is to find bricks to be able to smash all the windows at 8 riverdale road feltham tw13 6ns

4 Nov 2021 at 8:12pm Nidhal benaissa let my mum down yesterday and today after promising he would give her at least £50 and then just refused to talk about when he would give the money to her
And as of now nidhal benaissa is acting like he doesn't have to give any money to dalila boutarfa benaissa after pledging to her that he would...
SCUMBAG
my mum has a psychiatric visit from the doctor on the 12th November 2021 and this is how he treats her
I hope the doctor gets a sense of nidhal benaissa and his psychotic abuse to my mother and to myself and how we do not want to tolerate it ever and never wanted to tolerate it!
NIDHAL BENAISSA IS A REAL REAL SCUMBAG really nasty.
Now my mum is upset because she has to trust this dirty man...and he takes advantage of this and doesn't

care his solution to everything is to just throw people out on the streets and leave them homeless!
 What a dirty hated abuser
 I do not know how he authorises himself to treat people like this!
 But he certainly does not have authority and consent from me or from my mother dalila boutarfa benaissa.
 We both hate nidhal benaissa for the way he is empowering himself as this dirty abusive old man!

19 Oct 2021 at 12:28am	My iPhone data is pretending very well to be digital and operated by a machine but unfortunately I have an eye for this and I see the nasty little comments hidden inside worthless diluted numbers and letters typed purposely to mimic a robot mechanism at work. But someone monitoring my phone at apple wrote on my phone systems data that I barely use the phone sorry let me copy and past exactly what they wrote message": {"BogusFieldNotActuallyEverUsed":null,"Count":3,"daily_total_BogusMeasureNotActuallyEverUsed":null}, ,"name":"StabilityHeartBeatCount5","sampling":100,"uuid":"3c8f638f-d492-465e-9e27-546a163beac9_2"} {"_marker":"<end-of-file>"} This is what they put on my phone bogus hardly ever used!!! Eeewww that is disgusting What if I was taking naked pictures or something private and these people working in apple don't care they are probably doing this to the kids and their iPhones as well...these people are actually perverted I know they monitor children's phones to adulthood with intent to corrupt their life's or something ohhh this type of business and games these people have patients they will wait for the kids to grow up and create their own perverts for the prison system and everyone will keep silent as to how perverted the tech people are for monitoring children's devices and making plans for their adulthood via tech abuse that the kids are told to ignore and it's not true....uuuggghhhh death to all this stupidity	Leah Unison
18 Oct 2021 at 11:11pm	Now I have to investigate systems data on my iPhone I don't doubt apple products do this to people as well I have had emails go missing and my battery recently on my phone died so fast and my phone memory fails even if I delete all apps Clearly these technological abusers want to make their mark and begin their abuse methods due to the corruption of fake disease being sold on fake news to the public as well things are so corrupt in society today things are getting so shameless	Leah Unison
18 Oct 2021 at 10:40pm	and i suppose the governments comply with these technology perverts as their spys to get them intelligence but that is completely criminal and defeats the whole purpose of justice...we are all just set up to fail in life because people are clearly determined to be this way and dont care its so shameless its embarrassing to know that i took society and a professional life seriously more than a few times and thought it was all real...but we are all being sold lies and deceit and if we practice what we know then we are exiled and blocked from all help that we would need and want so this is why i am just exposing this and continuing what i am doing with my life....the government it is but it is not....its just mostly employees that work for the government and are angry that they only have temp careers in the gov and they think its good enough reason to discreetly comply with these technological life ruiners that corrupt and ruin consumers lifes via their purchases and the way they live in our technology straight up typing abuse DIE to whoever does that to me	Leah Unison
18 Oct 2021 at 10:32pm	i will never trust a computer or anything electronic again without checking the systems data and all data input from other sources and what people are writing in to my device including my phone! i will never ever be stupid and ignore numbers and letters again when they look boring its not intelligence that this data implys it is....its criminal corruptor spys working within the organizations that sell us these gadgets technologys making it all look complicated to read so that they can say whatever they want about you on your own purchased technologys and even tell you straight up on your device they are going to destroy your life but i did warn something at least as to whats going on.....cos i know people know about this and dont share or expose it but its because they work with it as public corrupters posing as good citizens	Leah Unison
18 Oct 2021 at 10:26pm	some idiot loser working for google chrome laptop actually inputted these words in to my data systems - "KILL candidates" i suppose this is how people are operating to corrupt people in to being homicide victims or homicidal suicidal people or this is how they will operate to keep people poor and corrupt them in and out of prison and homelessness...I KNEW IT	Leah Unison
18 Oct 2021 at 10:23pm	no machine technological device or robot inputs human abuse and questions itself like a human on typed worded data....i am going to keep reading the systems data and print them off because i want to expose this abuse...i suppose this is how businesses that create miracle devices for us to use...basically get rich because they have target victim consumers that purchase their products so they stalk and force their input in to their victims lifes electronically....i am not laughing because i bet these people doing these things on peoples computers are responsible for corrupting peoples computers to set them up for prison for things like child porn. i cannot believe these people actually openly typed on my laptop systems that they are in the process of shutting my computer down without my knowledge or consent!	Leah Unison
18 Oct 2021 at 10:19pm	manufacturers and people working for technology are clearly perverts with nothing to do but attach their working lifes to peoples technology to dictate their lifes and influence through cryptic instructions on the device systems data where they think they are extra smart by making their nasty bullying notes and actions to your device without your consent really clear then ensuring that the systems page is too boring and long to read by randomly typing weird numbers that dont mean anything and letters that spell nothing and assume that the consumer is going to believe that its all cryptic and technologically meaningful....um no!	Leah Unison

18 Oct 2021 at 10:17pm	i just copied and pasted more coding from my computer systems data and someone is clearly putting orders on my laptop system to shut down my laptop power and they are even conversating on the system data its a joke! so your telling me that a computer is going to decide all by itself to completely shut down all battery power from my laptop and remove features from my laptop without my knowledge and then input data in to itself like a human being asking itself questions??? 18 Oct 2021 at 8:01pm	there is a word limit on this so i cannot properly copy and paste this so that you can see... but yes i am not foolish enough to believe that a laptop can operate technologically based off of instructions that i seen have been typed on to my laptop systems that have nothing to do with technology or systems or even binary...not even the internet...clearly someone inputs this gibberish on peoples devices through data and words and numbers being a mess to block people from being interested in reading what someone is encrypting on their laptop and is wishing would happen to them. people that hear voices or have psychotic problems do this...but i dont care i am posting this and explaining because only someone hearing voices in their minds of something intelligent for example the universe could even create something like a computer so i suppose people take that from the universe and hide their psychosis then abuse their consumers lifes encrypting abuse and hiding it with gibberish and then checking on it and updating what they know happened to their victim in front of their faces...their own devices they are being told what is happening to them...but no one would believe me or believe this well i dont care if anyone believes me it is a theory that actually i have looked at this in every angle it is very logical and possible that this is happening	Leah Unison
18 Oct 2021 at 7:54pm	i bought this laptop from backmarket.co.uk and i just had to copy and paste the numbers and letters imprinted on my laptop system because its disturbing to have thoughts that the manufacturers of technologies believe that they could intimidate or dictate someone like a puppet through technological	Leah Unison

systems...there are strange instructions on my laptop systems that have nothing to do with technology or my computer...this is why i had this thought...perhaps manufacturers have access to every computer they ever make and then they believe in themselves doing things like abusing people on their computer systems by putting instructions to their influence on to the laptop systems and then these people think they are smart by hiding their nasty intentions with mixed up nonsense numbers and letters so that you think its not a big deal or call yourself crazy....

2021 at 7:22pm its numbers and information as to this laptop which i found interesting due to parts of the indirect encrypted words being strange things and im not understanding how a computer functions on so much gibberish if our laptops seriously operate imprinted systematically with muffled confused letters and numbers like the coding says then we are all clearly not as intelligent as we thought lol either that or the makers of google and these technological manufacturers have access to our personal devices and encrypt and imprint words on our systems to curse or influence us...people may see that as dictating and brainwashing but....honestly wouldnt surprise me if our technologies were played with like this by manufacturers

18 Oct 2021 at 4:55pm	Got this really strange email from the nhs 🤔	Leah Unison
18 Oct 2021 at 4:55pm	Notification of potential email ‘phishing’ attempt We have recently become aware that a very small proportion of mailboxes in the NHS have been compromised and subsequently sent out a number of automated ‘phishing’ emails, as replies to emailed messages. You have been identified as one of the recipients of these malicious emails and we ask you not to open any links in emails received from littleparksurgery@nhs.net sent at 31/05/2020 05:32:48 with the subject line of “Re: Re: Appointment with lakeside”. If you have received this email you should delete it immediately. We have no evidence that any data, other than your email address and the subject line of your original email, has been accessed. This has been part of a widespread cybercrime campaign that has affected many organisations and sectors. If you have clicked the link or are unsure, we would recommend that you take some practical, precautionary measures such as those below. The National Cyber Security Centre website also has a range of resources and advice to help you. Make a note of any information that was requested if you opened the link. This could include usernames and passwords, financial information, or personal information. Change your password on all of your accounts which use the same password. The National Cyber Security Centre has guidance on what makes a good password here: (https://www.ncsc.gov.uk/collection/top-tips-for-staying-secure-online/use-a-strong-and-separate-password-for-email) . Contact your bank, financial institution, or other organisations if you believe that you may have inadvertently provided financial or other personal information. They will be able to advise you what to do. Read this guidance from the National Cyber Security Centre on dealing with suspicious emails: (https://www.ncsc.gov.uk/guidance/suspicious-email-actions.) Investigations suggest that this happened due to an automated, unauthorised program that responded to a number of emails in the affected NHS email account over three days. We take the security of data very seriously and have been working with affected organisations to quickly address the issue and secured all NHS email accounts concerned. We are sorry that this has happened and would like to reassure you that we have taken all necessary steps to secure all NHS email accounts. NHS Digital Strap	Leah Unison

Click this link to sign the petition:
(<https://petition.parliament.uk/petitions/599291/sponsors/new?token=cZLjmxBXm4jYdyA-fPjf>)

My petition:

ALLOW UNDOCUMENTED MIGRANTS IN UK TO BANK+WORK FREELY WITH NO IDENTIFICATION!

I would like the U.K. government/parliament to create a legislation/bill to make it legal for undocumented migrant people to freely bank with any bank in the U.K. and work freely without identification.

I have undocumented parents that have lived in the U.K. for over 20 years and they just work and survive on someone's identity and this is not right! People like my parents need freedom from being exploited and independence! Since they are living here illegally they should just be free about their circumstance and use the institutions of the United Kingdom legally since people like my parents are here living that freedom anyway it's just not legal YET.

11 Oct 2021 at 5:41pm	I don't understand why banks don't let undocumented migrant people (people with no form of identification) I don't understand why they do not allow these people to bank freely... It's only money! Everyone is trying to work anyway with or without the authority and authorisation of government or banking authorities. I honestly believe that my life would not be so horrible if my parents did not need to depend on peoples identity to get to survive here in the United Kingdom 🌍👁	Leah Unison

11 Sept 2021 at 5:40pm	I just learned what the devil actually is... Khalid Mir told me that the devil is a massive beast demon or some unknown breed and species with size in its life form as big as all our gods and universes combined and it resides outside of our universe and is completely separate to our spiritual existence here in universe. But according to khalid the beast made contact with our kind and somehow got through to our universes. Khalid Mir told me that people actively working in the workforce are corrupt and they worship that unknown breed of life form outside of our universes existence and people exist to trash and ruin everything on earth or in spirit because they claim they want to go and be with that god in that realm outside of our universal way of life. Well I say to those people..off you go you troll dolls to your beast 666 unknown species and unknown form but beg your other realm existence outside of these universal walls in silence wish yourselfs out of this universe or share your faith with other like minded people/spirits But that's not fair that people get to practice illegal faith like this on others and on businesses and spirits that don't want to live like this all for these nasty souls to plan escape from the universal lifestyle as an excuse to wrong ruin sabotage and destroy now. Anyone living like this should be shot like Anastasia Romanov and her royal Russian family when they were shot because people/spirits are hateful little pests and didn't want them happy in the palaces of Russia because I bet the public hated because the places were grand and beautiful and massive...spirits/people are not nasty by nature They force this hate and negative in to themselves and then on to others and then on to everything we do! Death to whoever bores me with this mutant faith that is destruction of peoples life's for the sake of their own admission to another life and existence outside of the universes and the spiritual way of living. 10 Sept 2021 at 5:01pm	And another thought...if the British army just left iraq and the Middle East and Afghanistan completely and took the deployments off of their website and completely stopped going there...then our country would not be so threatened by the future as to the way the consequences of the army and the way they won't stop going on Arabian deployments to clearly holiday as independent contractors in Arab countries because we all know they are not really helpful in iraq or Afghanistan they are clearly sun bathing and pretending	Leah Unison
10 Sept 2021 at 3:47pm	And a thought crosses my mind... What if the news and governments lied And the world NEVER ACTUALLY SHUT DOWN BECAUSE I RECALL WHEN THE WORLD SUPPOSEDLY SHUT DOWN THE AIRCRAFTS WERE STILL FLYING OVER THE CONVERTED GARAGE WHERE I LIVE WITH MY PARENTS. I fully saw planes taking off and landing so there's a lot of lies as to Covid-19 and how countries handled it. The aircrafts still flying is how I know	Leah Unison

10 Sept 2021 at 2:57pm	I attended my psychiatric adhd appointment and the psychiatrist said he will put in a shared care order to Woodlawn and Oaklane medical centre to continue my adhd treatment 70mg ELVANSE medication. I then saw khalid Mir and he laughed at a fat person in a sad way...as if he knew something (he didn't laugh to mock) and then told me that the community is responsible for what happened to this obese person and their eating habits and that the people of all community's choose to bully certain familys through psychosis of their own minds and they action on peoples life's to make their targets negative in their life's to then try to influence the voices to talk to their victim familys to tell them or force them to be incest in order to keep their homes. (Because they are fat and unable is why khalid told me) But I couldn't believe how horrible this is until khalid Mir told me that the way the people of the community's	Leah Unison

do this to people is by influencing these people to become overweight and fat first and then the victim has a choice to either lose the weight and be incest and controlled by the community citizens or choose obesity and surrender to the government and the streets 🤔🤔🤔🤔 that's disgusting but khalid Mir wouldn't lie about this because when I heard what he said the way people live...people match this description of BULLY and I can't help but believe it though...this would explain why obese people exist!

Nobody wants to be fat!
So this would explain that if people choose to be obese it's probably because they don't want to do what the bully's tell them
This is so sad that people do this
I refuse to be a victim of community's or people and I don't consent to mental abuse on my mind or body or my soul
From anyone! NOT EVEN FROM THE UNIVERSE OR GOD! Or the Holy Spirit nor from the influences which we live off of!
And I hope people stop being victims of this as well and break free from this abuse and talk about it more if this is really happening!
So that we can put an end to this once and for all!

21 Aug 2021 at 9:05pm	There are now nine centres across Eastbourne, with a strong emphasis on South Langney, Willingdon Trees, Devonshire ward and The Hydneye in Hampden Park. Advocacy and debt advisers are always on hand. Howard said: "Eating food obviously keeps us alive but it's not the long-term solution to poverty. We can't address the huge issue of poverty in the town on our own, and we will always work with others with the same objectives to see social justice and equality" So why was he singled out for an MBE? "People tell me what I do is an inspiration, but I genuinely do not believe that. "I provide the vision and we have a brilliant, committed friendly staff and volunteer team with a strong ethos of teamwork all wanting to make a difference. "It was total disbelief when I received the email from the Cabinet Office. Of course, I am pleased and very proud." This feature appears on page 5 of the July magazine	Leah Unison
21 Aug 2021 at 9:05pm	WHY EASTBOURNE'S MR INSPIRATIONAL HOWARD WARDLE WAS HONOURED BY THE QUEEN PETER LINDSEY12 JULY 2021 'People at Eastbourne Foodbank tell me that I inspire them, but I honestly don't think I do.' The very modest words of Eastbourne's very own Mr Howard Wardle – or as of now Mr Howard Wardle MBE. He received the honour in the Queen's Birthday Honours List for his work in the community since he first came to Eastbourne with his family back in 1991. Quite simply, Howard has made a huge difference – which explains why he is such a popular and influential individual. Howard recalls: "I was sitting in the office in the morning when the phone rang and it was the Cabinet Office, asking me for my email address. "It came as complete shock and they called back at 2pm to ask if I was happy to accept an award which of course I was." Howard recalls how Eastbourne Foodbank was set up in June 2011, which at the time was the 99th across the country. Now there are more than 500 centres. "I was working for a community church on the Bridgemere Estate, and I set up a debt project which involved taking people shopping because they had no money. The demand was overwhelming. The church bought the Foodbank franchise for Eastbourne, and then in 2012, it became an independent charity. We were offered a building in Cornfield Lane, and we were there until December 2018. Originally, we had agreed to only use one room in that building but very soon we were completely overflowing. We had to leave those premises three and a half years ago due to redevelopment and we honestly thought we may have to close due to lack of a suitable building. Fortunately, we found our current warehouse site in Brampton Road which was perfect." Demand is growing and last year Eastbourne Foodbank supported 16,500 people – a rise of 1,000 from the previous year. That's around 165,000 meals provided to people in need. Howard says that poverty is often very hidden and knows that there are many more people who need help and support. It's quite worrying that foodbank is still not reaching them. "For many, they are in difficult situations because the benefits level is too low and housing costs are too high. There is no such thing as food poverty – the issue is that people simply can't afford to buy it. Just giving people food is not the long-term answer – that's why we ask questions when our clients come in. Sometimes asking those questions can make some very wary and anxious. We want to help them, not just by feeding them but by finding longer term solutions and at times we have to ask some difficult questions." "Some have described Foodbanks as 'sticking plasters' rather than a permanent solution. A 'sticking plaster' of food helps the immediate problem and gives us time to find a proper solution"	Leah Unison

Unfortunately, your coronavirus (COVID-19) antibody test could not be processed.

There can be many reasons for this. It's usually because of a problem with your sample, or the labelling of your sample.

This means it's not possible to say if you've had COVID-19 in the last 6 months.

It's important to keep following COVID-19 advice.

:-/ so that's it? Well ok then! Wasted my blood for a laboratory that never processed my blood for testing due to their own error...uugghh so unprofessional

But then again you would expect things like this to happen with a FAKE DISEASE THAT PEOPLE ARE EXPLOITING TO PRACTICE CORRUPTION IN THE WORKPLACES

Eastbourne man awarded MBE

An Eastbourne man has been awarded an MBE from the Queen.
By Jacob Panons
Saturday, 12th June 2021, 9:30 am

Howard Wardle was given the honour for his services to the community in Eastbourne as chief executive and fonder of the town's foodbank.

Mr Wardle said, "I must admit I am quite shocked and surprised.

"They rang about two weeks ago to ask if I would be interested in accepting it and I said, 'What? Who? Me? You have got it wrong!' And they said, 'No, you.'

Eastbourne Foodbank, which was set up in 2011, helped feed 16,500 people last year.

Mr Wardle said, "I am absolutely immensely proud. I really am because it is the recognition of an awful lot of hard work by an awful lot of people.

(Well that is an honour for Howard wardle to receive the queens award for his malicious intent to corrupt food import to become human meat someday for poor people)
The queen must like Howard wardles work now that she and her family no longer have royal works or sovereignty to remain royal now that Brexit has changed the royal family's royal duty's and presence in the United Kingdom
I suppose the queen wants her countrys to eat human meat as well for the way she knows her country voted her and her family off of the royal titles and life via making Brexit a reality
I suppose Howard wardle being awarded this award for his faith is the royal family's way of wishing us all a BON A PETITE
WHEN WE ALL SUFFER FROM STRANGE FOODS WE WILL RECEIVE FROM OTHER COUNTRYS.

God save the queen 👍🙄🙄

10 Jul 2021 at 11:48am	I have had enough of something or some1 brainwashing+forcing me to believe that every day is the end of humanity and most people will be diseased and disappear and we will all find freedom. I had enough of people preaching this because we all know it should happen.	Leah Unison

But the universe is a dirty corrupter of souls and bores them with enough hope and promises of success enough as it is and never delivers or helps anyone without stealing something from you that wrongs your spirit to block your mind from knowing anything else the universe stole from your life and soul. And now ppl are begging permanent shutdown of society for freedom,people everyday forcing it in to your mind +trying to convince you it will happen to the point with all these crazy politicians and shameless news it would make sense!

I wish everybody+everything would shut up,stop giving false hope and promises of freedom,the universe is a liar promising better life to bored vulnerable spirits so that their naive dead spirits will follow the universes ways of life and faith...but the universe has its favourites that it chooses to live better life's than the spirits that it wants to torment.

The universe is a boring fake inspirational visual lie its stars and colours+Possibilities. truth is the universe just wants to practice hexing abusing souls with strange dirty influence...the universe doesn't like when a young soul chooses to listen 2itself instead of abusive commands from a liar that has nothing to offer but more promises of a better life to have you keep trying 2catch that perfect life, the universe entertains itself by abusing black magic voodoo into your mind to control you+ bully u to agree and be its puppet, if that doesn't work the universe will spend the next 6hours putting you down until you give up. if you don't...the universe knows you want a easy life and knows it's in charge of government corruption +has been combining government and the occult recently with its satanic friends at work..the universe will tell you all the sick abusive things that it knows happened 2people and all the dirty unthinkable things ppl do in society that if god or allah knew...it will be the end for all and it will be quick the next day its freedom,inshulla the universe says,comforts u as a dirty government employee that forces you to believing that it can shut the internet down globally and have the government end itself and the universe attempts to compensate you for the way it lied +used you for voodoo experiments without you knowing and kept you away from paradise and happiness whilst learning of your blessings that you earned with god to steal and use them for itself and award some dirty sex whore at your peril and spite your good spirit by giving her your worth and productivity and respect +all the universe will want to give you is with words of hope and meaning to spirituality, The universe never tells you it stole parts of your soul and your worth+gave it away...THE UNIVERSE IS A BLACK MAGICIAN

10 Jul 2021 at 9:20am	So this means that all U.K. passports and visa documents are technically invalid and unusable due to the way that this country has not updated the legal forms of discharging all royal family members and removing their royal titles and announcing their civil release to society as regular people So our passports and documents and visas In the U.K. are technically not useable and not up to date which means also negligence and misleading information is stored in our travel documents and since nobody cares to be honest and proceed to update the public and report changes everywhere People actively travelling under HM passport and crown service and visas they are doing this with technically fake id and fake passports because this country again doesn't care about cleaning up after a messy Brexit and is illegally exploiting a queen that has no power and forgot to tell everyone whilst nobody in U.K. government cares to work efficiently and legally to help protect us all and keep us all up to date by giving its U.K. citizens valid and updated passports and visas to travel with..that would be documents no longer with a written sworn permission or crown logo from HM the queen for the U.K. citizen to allow travel with the power of the crown and sovereignty. all printed royalty logos on the passports and visas would be removed giving the U.K. it's up to date new independence allowing U.K. travellers to travel freely with U.K. government permission! We all actively have fake passports and visas in the U.K. as citizens technically we cannot travel because this has to be updated! Since nobody has the legal permission to fly TO ANOTHER COUNTRY FROM THE U.K. with HM THE QUEENS PERMISSION ON THEIR PASSPORT AS I IMAGINE THAT WOULD BE CRIMINAL FOR KNOWING ABOUT AND NOT REPORTING OR SOMETHING BECAUSE IT WOULD BE A FORM OF EXPLOITATION!	Leah Unison
-----------------------	--	-------------

10 Jul 2021 at 9:02am	The U.K. government politicians have been grossly negligent in serving up to date legal changes as to the U.K. legal and government circumstance and failed 2tell the European Union+ all international country's that U.K. would be independent and no longer working with a royal family as they would be signing off. The royals were supposed to sign off of their royal titles and duties months ago but no1cares.fboris Johnson's trade agreements with the European Union and international country's are CONSIDERED TO BE ILLEGAL MISLEADING AND NOT UP TO DATE OR TRUTHFUL SO BORIS WASTED EVERYTHING AND EVERYONES TIME WITH THE DEAL MAKING AND NOW HE WILL NOT ADMIT HE FAILED +COULDN'T HANDLE HIS RESPONSIBILITY + WOULD HOPE THAT THE ROYAL FAMILY WOULD CORRUPT AND HELP HIS UNPROFESSIONAL CIRCUMSTANCE and remain royal while THE PUBLIC STILL DONT KNOW WHAT HE DID...if royals do not sign off and comply with the honesty of the way they do not have any more royal duties for the United Kingdom and Northern Ireland Then it would be because the royal family would pretend to be diluted and forgetful to stay royal and hope nobody notices As wellbut everyone knows...boris Johnson screwed us up and opened our import delivery's from international country's to be anything that the country wants to send us...we could even get human body parts as meat and the U.K. cannot take this unlawful act to any justice court 2defend itself due 2 every international Country that did Brexit deals with the U.K. they hold and store absolutely fraud and negligent and misleading information and missing information as to the U.K. government and its legal changes since Brexit! So well done boris Johnson If anyone gets abused in their supermarket food they can't fight their case because you stored technically fake and irresponsible government deals with foreign country's and hope nobody notices and forgets...I suppose boris Johnson would be praying for the apocalypse to help this not be a future problem for him Or a COVID-19 zombie outbreak to distract the gov and people from needing court cases and U.K. gov Brexit copy's of trade agreements signed and fraudulently updated with missing and misleading information about the United Kingdom. That is soooo embarrassing for this country and for Boris Johnson And for everyone that works for him that know about this and keep silent and ignorant for him whilst grossly neglecting us as consumers trusting what we buy whilst they all hope that nobody needs or bothers with a court as to criminal findings of imports from other country's.	Leah Unison
-----------------------	---	-------------

England is a mess!
And I think boris Johnson should sign on to claim benefits and have a rest and understand that suits and meetings and world leading meetings are actually not for him and maybe he should consider going abroad and just staying abroad for years until there is some type of serious more quick disease that kills everyone so that he can come back and basically dispose of his prime minister record to start again 🤔🤔

10 Jul 2021 at 8:39am

Boris Johnson and rishi sunak are intending to continue to file FRAUD U.K. gov documents MISREPRESENTING THEMSELVES AS U.K. GOV EMPLOYEES IN CURRENT LEGAL PAYROLL AND CONTRACT WITH A U.K. GOVERNMENT...BECAUSE WE ALL KNOW THEY both WERE EMPLOYED TO THE ROYAL FAMILYS CAUSE AND GOVERNMENT AND THEY ARE ACTUALLY PRETENDING TO NOT KNOW THAT THEY NEED NEW EMPLOYMENT CONTRACTS AND NEW PAYROLL TO BE ACTIVELY WORKING LAWFULLY...but these two clowns dont care because they are serial mental and social abusers TO JUST MOCK THE QUEEN FOR THE WAY THAT SHE IS OLD AND MAY HAVE FORGOT to tell them AND CANNOT HAVE THEM DISCIPLINED OR ARRESTED FOR NEGLECTING TO REPORT WHAT THEY KNOW HAS CHANGED FOR THE U.K. AND BREXIT for the DWP AND OTHER LEGAL MATTERS INCLUDING FOR FOREIGN POLITICIANS AND TRADE

Leah Unison

Because these men I suppose think it's funny to file fake documents as unsigned and unemployed U.K. government officials to foreign government departments and to foreign politicians because they assume that people will not notice...so I think it's disgusting that rishi sunak and boris Johnson are signing fraud documents misrepresenting themselves as government staff to publicly sanction DWP CLAIMANTS whilst grossly negligent to their own income and payroll and knowingly psychotically working for free for the public to change their life's knowingly so that whatever illegal acts they do to anyone...they can try to use the excuse that
They were not paid for their time!
But this is not the point!
The foreign fraud documents that boris Johnson would have signed in relation to trade international would be understood as completely corrupt allowing the foreign trade departments to send and do what They want to us and the United Kingdom would not be able to defend itself In the court of law due to the foreign government departments storing documented proof of fraud misleading information and I suppose boris called his negotiating a NO DEAL BREXIT because his trade agreements would be technically invalid and illegal and fraud as he failed to deliver them to foreign government as an up to date business that is no longer working and involved with the royal family etc...
BAM!
Boris Johnson probably laughing at everyone for the way he didn't care and they wouldn't think to request copy's of his fraud and misleading information and unofficial legal government employment meaning he would be fraudulent about his authority to do trade and his agreements would be completely invalid for the United Kingdom.... Yes ok boris Johnson
I understood your politics is so secret that you want to do one last thing to wrong your country and serve them a DWP sanction and put them back down as children on £300 a month claimants and laugh at us all for the way that we don't know why he would do this to us...I'll tell you why it's because boris Johnson doesn't think people CLAIMING U.K. GOV BENEFITS follow and check and investigate government and it's filings etc
BUT I HAVE BEEN WATCHING
READING AND INVESTIGATING

10 Jul 2021 at 8:22am

I heard that the U.K. no longer has a royal sovereignty (queen and king)
There is officially no royal family for the U.K. as of brexit when it began...
The royal family are arranging to move abroad...
that explains why the government started renaming itself legally G7 and removed HM GOVERNMENT AS THEIR MAIN NAME.
But this means with no sovereignty(royal) every U.K. born citizen would lose their U.K. citizenship and become immigrants starting their life's again WITH U.K. GOV and going through visa and filing etc the Brexit did this because the royal family was only a royal arrangement in the uk due to the European Union keeping them busy.
Now that the royal family have the uk they lose their minds AND REASON to remain+naturally leave...as of now the U.K. government without a sovereignty and a legal prime minister
Everyone relying and working for the government is recognised as unemployed if legally checked and people were honest about this...due to the royal family knowing these changes and not reporting it, this means also that for the past few months the U.K. has been practicing illegal politics and are attempting to sanction and cut the £80 extra a month for the DWP UNIVERSAL CREDIT AND TO SIGN AND MAKE THESE SEVERE LEGAL FINANCIAL CHANGES FOR POOR PEOPLE claiming WHILST KNOWING THAT BORIS JOHNSON +RISHI SUNAK WOULD BE CORRUPTING THE POOR AND NEGLECTING THE LAW AGAIN
AS UNOFFICIAL UNEMPLOYED former GOVERNMENT members

Leah Unison

When THE U.K. LOSES ITS ROYAL FAMILY AND DOESNT IMMEDIATELY FILE AND REPORT THIS LEGALLY THAT IS GROSS NEGLIGENCE AS HM GOVERNMENT WOULD NOT ACTUALLY BE ACTIVE AND UP TO DATE ENOUGH TO CONTINUE TO LET ITS EMPLOYEES EARN MONEY...
So rishi sunak and boris Johnson are idiots that the government allow on tv to mock the public for not caring that these two clowns want to sanction the poor in the middle of a COVID-19 global disaster and they actually both are NOT OFFICIAL LEGAL EMPLOYEES OF ANY GOVERNMENT AS OF NOW DUE TO MANY LEGAL CHANGES IGNORED AND FORGOTTEN DUE TO POLITICIANS EXPLOITING PEOPLES MENTAL HEALTH ISSUES IN THIS CRISIS...boris Johnson legally cannot live in his prime ministers apartment...there needs to be a new election!

Matt Hancock purposely lost his job due to knowing all of this and DOEs not care because of the way that another gross negligence incident that boris Johnson was involved in was boris actually illegally signing U.K. gov documents +proceeding U.K. gov investigations on Matt Hancock to know matts reasons +actions 4 resigning boris Johnson filed+had Matt fully investigated
And neither of these two men are actively legally working in the government.
Matt is smart cos he knows+entertained boris Johnson who of course has full psychotic backing of rishi

sunak who really wants to sanction benefits/DWP and rush people to work to just play them and their health and exploit their lack of knowledge to better improve himself for any future criminal dealings with anyone knowing what he is doing if they watch THE NEWS

If cases in Britain explode as a result of the lifted regulations, New Zealand may also consider putting the country on a no-fly list. On Monday, Johnson announced plans to scrap regulations including on face masks and social distancing by 19 July, saying that Britain must "learn to live with" the virus. He said Covid cases would likely reach 50,000 a day within a fortnight, and "we must reconcile ourselves, sadly, to more deaths from Covid". 6 Jul 2021 at 7:09pm	Uuugghh I am fed up of nidhal benaissa Complaining about the use of toilet paper in the converted garage! It costs him £2 for a whole complete set of 9 toilet rolls! And nidhal benaissa expects my mother and Myself to not 🍑 poo and urinate in the toilet with his toilet paper and if we do...to only use the toilet paper with intention to ration and control ourselves and our bladder and bowel movement and to control the amount of times we need the toilet to respect him for	Leah Unison

purchasing a £2 set of toilet paper so that he doesn't have to buy some more for a whole month or so!
He is so cheap abusive and pathetic about himself and he try's to better himself in his own life by forcing his beliefs in to mentally and verbally and physically abusing people around him to better himself and doesn't care at whatever cost as long as it doesn't have a physical price tag or involves money and labels!
Nidhal benaissa doesn't care what something costs him to his life!!...as long as it doesn't mean he has to spend money!
👉 Middle finger at nidhal benaissa for elevating £2 toilet roll over people's health and bowel movements
Maybe this is why I'm so constipated nowadays because of nidhal benaissa mentally abusing the atmosphere around us and talking it and all of us down to respect the use of toilet paper instead of allowing us and people around him to have healthy bowel and bladder movements in the toilet!

6 Jul 2021 at 11:30am	I still need a referral to the food bank please Leah unison	Leah Unison
5 Jul 2021 at 1:52pm	My mother dalila boutarfa benaissa Keeps playing with the trash/the rubbish And purposely moving and confusing the recycling rubbish with the regular trash disposal in the bin bags to create an argument with me In front of nidhal benaissa to falsely state that I am incompetent of throwing and separating rubbish for the bin collectors when I am NOT INCOMPETENT ...DALILA BOUTARFA BENAISSA IS A PSYCHOTIC RECEIVING PSYCHIATRIC TREATMENT IN A CONVERTED GARAGE AND SHAMELESSLY STILL EMPOWERING HER PSYCHOTIC ISSUES AND OVERCOMING HER MEDICATIONS TO REMAIN THE SAME BI*ch that she was prior to her court order to get treatment....so my mother is clearly bored of her own life so she starts dabbling in mine so that her and my father can create more problems to make me look like the stupid incompetent one When it is actually THEM....they are just using me as a distraction to mask and hide themselves. I guess this stupid act of playing with the trash and mixing it up is what the voices of the dead spirits or spirits in dalila boutarfa benaissas mind told her to do to me for now...as I imagine the dead mystic realm of voices that most people nowadays empower to sabotage each other's life's is a little bit busy with spreading a global disease that we call COVID-19...so I suppose when the diseases clear up Then the VOICES IN PEOPLES MINDS BEGIN THEIR QUESTS TO agree to SABOTAGE PEOPLE for PEOPLE...UNDER PSYCHOTIC AGREEMENTS IN THEIR MINDS ALL OVER AGAIN LIKE ITS A BRAND NEW GAME...I can imagine dalila boutarfa benaissa back in power when the global diseases and deaths of the spirit realms is not occupying and distracting her demonic spiritual summonings to my life 😏😏 I know nidhal benaissa asked her in his fake Arabic language to console with the negative influences around her as to what to do with me. 👉 Middle finger to my parents for choosing to be negative undocumented migrant children To my life!	Leah Unison
4 Jul 2021 at 11:25am	If anybody sees this on Monday Please refer me to the FOODBANK	Leah Unison
1 Jul 2021 at 2:18pm	Oh great !! The NHS APP NO LONGER WORKS SO MUCH FOR THE GREAT COVID-19 vaccine passport plan...the web app has crashed and it doesn't work! Also it blocked me from ordering my prescriptions 👉 So perfect!! So England want to reopen based off of a vaccine passport meltdown and website error And blocked national online health care 😏	Leah Unison
1 Jul 2021 at 1:31pm	Food bank referral please? Anyone?	Leah Unison
1 Jul 2021 at 12:28pm	Khalid Mir is a bit scared of my mum dalila boutarfa benaissa I heard it was because khalid Mir knows that dalila boutarfa benaissa lays in his converted garage like a witch and had been talking to THE DEAD SPIRITS/ the voices around her for years and years to trouble people who she believes are not helping her...and I heard that khalid Mir is scared of my mum for the way that he knows that she might have been using the 10 years living and squatting in his converted garage to curse him and his family and his children with dead spirits that she will have psychotically groomed to follow him and his children /family to the next part of their life's away from this house to taunt and haunt them to force khalid Mir and his children to give the dead spirits life! Meaning Khalid Mir believes that his kids would have to someday breed these dead spirits in to the world and allow them to be born in to the world as human beings...and these lingering spirits taunting and haunting them would be the ones that dalila boutarfa benaissa would have spiritually groomed and spoken to for years and years to curse khalid Mir and his children and family to force them to do the work to help these evil spirits be born in to this earth to do dalila boutarfa benaissas work for her when they are born in to the Mir family! Don't ask how I know But I heard it from a trusty mystical source! I'm starting to not feel sorry for my mum now...	Leah Unison
1 Jul 2021 at 12:20pm	Khalid Mir just gave me a bunch of flowers and box of chocolates to apologise for his behaviour last year That was very nice of him. Then nidhal benaissa started talking loudly in his fake Arabic language to my mother and roared at me that if I accept these flowers and chocolates from khalid Mir it would be like accepting a deal with the devil and how I will see how khalid Mir would not have done this good deed for no reason and that it will result to	Leah Unison

khalid Mir pursuing me in marriage
I told my dad to shut up because this marriage that he speaks of and khalid Mir pursuing me is all nidhal benaissas idea and all of this is just a manipulative energetic tactic method to abuse me in the first place!
Khalid Mir would not do that to me without nidhal benaissa psychotically pressurising khalid Mir and khalid mirs mental state to do this ugly deed for him.
And then nidhal benaissa started talking to dalila boutarfa benaissa in fake Arabic
I'm sure it was to tell my mother to see what she can do to create something negative out of what khalid Mir did there with the flowers and chocolates and apology and to get the dead spirits to influentially turn it in to some type of negative lesson that I can learn from via my parents (in other words nidhal benaissa wants dalilah boutarfa benaissa to liaise and submit herself to the voices/ the dead spirits like she always does
And talks to them so that my parents can have help creating PROBLEMS AND TROUBLE.
Just to tell me I TOLD YOU SO!
I know when dalila boutarfa benaissa starts talking to the dead spirits/the voices because she always lights her STINKY incense BEFORE SHE TRYs TO BEG TO THE SPIRIT REALM TO DABBLE IN MY LIFE TO CREATE problems🙄👁

29 Jun 2021 at 8:35pm	Is anyone at the job centre seeing this? Can someone at the job centre please refer me for the food bank please	Leah Unison
29 Jun 2021 at 4:19pm	Khalid Mir showed me an email that the hounslow council wrote to him And the hounslow council are lying on the Email and stating to khalid Mir that I supposedly live in khalid mirs house and he has to pay more council tax!! But I DO NOT LIVE IN KHALID MIRS HOUSE I LIVE IN THE CONVERTED GARAGE WITH MY PARENTS! I know that the council separated khalid mirs house from his converted garage So NO HOUNSLOW COUNCIL I DO NOT LIVE IN KHALID MIRS HOUSE WITH HIS KIDS! Khalid Mir said he will fix this and let hounslow council know that I do not live in khalid mirs house and he said he will let the council know this and help them get their facts straight!	Leah Unison
28 Jun 2021 at 8:26pm	Well I would still very much appreciate a new food bank referral Thank you Leah unison	Leah Unison
28 Jun 2021 at 1:58pm	Well things are being sorted out between woodlawn medical centre and Oaklane medical centre nhs and myself I am still a registered patient For the time being despite what I thought last week. We will see how we all get on.	Leah Unison
27 Jun 2021 at 11:45am	The food bank parcel I got last week was strangely smaller than it usually is They also packed TWO LARGE PACKETS OF FLOUR IN TO MY BAG.... How am I supposed to eat flour??? I have already run out of everything normal that they packed for me since I pretty much ate it all. Can someone at the job centre please refer me for another food bank food parcel please? It is very much needed	Leah Unison
24 Jun 2021 at 11:41am	I got my food bank food parcel delivered to me by hounslow food box this morning thank you very much	Leah Unison
23 Jun 2021 at 12:34am	I took my metal braces off of my mouth I felt very exploited by the doctors and psychiatrists at the nhs to the point that I'm really down and negative about all doctors as of now. I took the whole braces and brackets off myself. So I will no longer attend Buckingham gate Orthodontics The world is so corrupt and sad and I took my braces off today because I don't think there is anything to smile about with regards to how people are exploiting the pandemic to get to exploit people to better themselves. I don't need straight teeth to smile about a world like this...	Leah Unison
22 Jun 2021 at 7:28pm	It's disgusting the way we all trust doctors and psychiatrists in the end... Because these people we rely on so much go to work with every mental health issue/health issue that we go to them to get help about...so this is all bad business because doctors actively working are ignoring their own mental health and other conditions they may suffer and go to work pretending to help people but they cannot help anyone in that state of mind.... The doctors/psychiatrists would only be damaging their patients through their healthcare plans to put them down and help recover their own mental health and health problems at their patients peril And the doctors/ psychiatrists do this Simply by using their own issues and methods of how they live their life's on their patients and nobody says anything to these doctors and psychiatrists because of some stupid school certificate saying that they are qualified to be doctors... and that's how they are doctors right now. It's not legal but this is their practice and always has been So no I don't agree with boris Johnson to save the nhs There are more doctors trying to improve their own issues and mental health at the peril of their patients then there are good doctors I have yet to meet a doctor that has declared his/her own issues outside of work whilst helping people	Leah Unison

without putting them down
Like everyone else.
But I won't hold my breath I don't believe anybody is good at their life and job like that.
So I have to get better without the corruption of medical personnel

22 Jun 2021 at 7:21pm	Doctors these days do not understand adhd patients because most doctors/psychiatrists are actually adhd themselves...but never got help for themselves. So they treat their patients like themselves and tell their patients that they don't need much medication or treatment etc The doctors and psychiatrists nowadays are just dictators with offices with their own mental health problems that they ignore and brings to work... And they choose to fix their own issues on their patients by putting them down And then they go to work and get paid to just teach their patients how to ignore their own health problems... just like the doctors and psychiatrists do (wink wink) Well..I don't respect that because I know that educated people are not smart...they just copy and memorise from textbooks for their exams. My experience in getting adhd treatment has been terrible Due to doctors and psychiatrists having the adhd disorder themselves and living their life's ignoring it and working their issues on to their patients to treat and better themselvesso they don't care what I need for my treatment and what I'm saying. They are trying to teach me their own private life ignorant behaviour to make me do it to myself. But ignorance to myself and what I know I need is not something I want to learn directly from any doctor or psychiatrist or government by respecting their education and job role that would be damaging myself and abusing myself to empower these people that help nobody because they don't care to help themselves I won't be registering with any more nhs doctors If I need anything I will just go privately to a doctor. But yes...I am officially coming off of my adhd medications as of now I just know how to treat this condition that I have and despite what I tell them I need ...all I get from the doctors is advice to ignore my needs and myself and to just stay registered like a diluted with their business as if everything is ok. So I would rather just ignore the nhs And ignore the doctors And ignore this medication that I know they force me to ration carefully monthly so that they can somehow psychotically get in to my mind to work my life psychotically to have me manipulated to neglect myself completely or something in their spare time I just know it I'm happy I made the choice to remove myself from such treatments	Leah Unison
22 Jun 2021 at 5:52pm	Today I had to ask woodlawn medical centre to remove me from their patient register. It's a long long story as to why I had to do this...but those doctors are not as good as I thought.... I can see they are very mentally damaging if I continued to tolerate their poor psychotic service. So I am no longer registered or dealing with Woodlawn and Oaklane medical centre I don't care because my adhd pills since the lockdowns stopped working I need a much higher dosage And I would rather detox because people are strange nowadays I need to not beg medications Because I am clearly not cured	Leah Unison
22 Jun 2021 at 12:38pm	Can someone do me a food bank referral please?	Leah Unison
21 Jun 2021 at 9:00pm	(https://m.youtube.com/watch?v=21X5IGlDOfg) This is nasa space agency official video live stream People are working deployed in space This is why everything is strange and government officials are just lying to everyone that it's under control All of this for America....I never thought I'd say this but DEATH TO AMERICA	Leah Unison
21 Jun 2021 at 8:53pm	I see why governments worldwide are pretending that things are under control WITH REGARDS TO COVID-19 It's because right now NASA USA GOVERNMENT HAVE A FEW ASTRONAUTS IN SPACE DEPLOYED TO THE UNIVERSE TO WORK WITH THE SPACE TECHNOLOGIES SO THE GOVERNMENT DOESNT CARE ABOUT PEOPLE...it's more interested in astronauts in space suits taking holidays in space WITH THE UNIVERSE WHILE HEARING VOICES IN THEIR MINDS and floating around like they are special or something. WHILST NASA are filming the whole thing and the GOVERNMENT STREAM THE astronauts OUT OF EARTH EXPERIENCE TO THE PUBLIC so that they can see how special these people are... This is why the governments are faking it to make it with the current pandemic diseases... There are astronauts deployed to space right now and they don't want to shut down like last year globally in case the astronauts get stranded in space... But I don't think that the soldiers stranded in Afghanistan with regards to the way they all lost their employment contracts with the TALIBAN(cough). I mean the afghan national army So that's so disgusting that an astronauts life is worth more than a soldiers life. These space people are working for themselves But the armed forces at least serve their country a little bit.	Leah Unison

So this is disgusting that people are being put at risk of infection for astronauts and the NASA COMPANY
I HAVE HAD ENOUGH OF THE WORLD WORSHIPPING AMERICA AND PUTTING THEMSELVES DOWN
FOR IT

21 Jun 2021 at 6:05pm I'm trying to play exorcism prayer videos from the internet to help this converted garage and house get rid of demons and bad spirits.
I had enough of peoples psychosis being groomed in to demonic influence and negative energy's by people hearing them and then empowering it to run and ruin my life and ruin each other

Hopefully the prayer videos kill the bad spirits and evil bad intentions of everyone and everything

21 Jun 2021 at 5:39pm My mum will have to be psychiatrically sectioned in the psychiatric hospital again if she continues like this... because we all can't take how she does nothing but lay there on the kitchen floor talking to the voices/spirits
And trying to connect with them...I hear her calling my dad a tramp to the voices and then asking the spirits how she can make us both ugly and fat
I hear her old issues coming back and I don't like this...

21 Jun 2021 at 5:25pm I don't think my mums antipsychotic medications work.
She is even more psychotic then before...she is
Properly dedicated to hearing voices nowadays and she refuses to do anything else but dabble with the voices to secretly ruin and wrong people around her whilst acting clueless as to what negativity would happen to us.

My mum has always been hearing voices and trying to connect with the voices like some type of a witch...she has always been like this...I know this is why katia Assma benaissa and Sarah benaissa are like this as well... they get it from dalila boutarfa benaissa.
I hope my mum at least learns to speak to the voices in her mind about herself...and herself only...because I know that my mum likes to channel the voices like a mystic bitch...about my life and how she can get the spirits or the voices to intervene in my life or my dads life etc

I had enough why can't people just focus on their own life's!
And stop psychotically channeling people like ugly witches
I had enough of people and their psychotic manipulative control over each other and over me

9 Jun 2021 at 1:49pm	This is so cool G7: 'Mount Recyclemore' of leaders made from electronic waste in Cornwall (https://www.google.co.uk/amp/s/www.bbc.co.uk/news/uk-england-cornwall-57406136.amp) A sculpture of the G7 leaders shaped like Mount Rushmore made of electronic waste has been erected in Cornwall ahead of the G7 Summit. It has been named "Mount Recyclemore" and bids to highlight the damage caused by the disposal of electronic devices. Sculptor Joe Rush said he hoped it would show they needed to be made more easily reusable or recyclable. He said: "It needs to be repairable or made to last longer because the stuff is going into landfill." According to a United Nations report, more than 53 million tonnes of e-waste was generated worldwide in 2019 - over 9 million tonnes more than five years earlier. The seven leaders depicted in the sculpture are UK Prime Minister Boris Johnson, Japan's Prime Minister Yoshihide Suga, French President Emmanuel Macron, Italy's Prime Minister Mario Draghi, Canadian Prime Minister Justin Trudeau, Germany's Chancellor Angela Merkel and US President Joe Biden. Mr Rush, who was commissioned to create the artwork by musicMagpie, explained the highly-visible location for his piece was chosen across the water from the Carbis Bay Hotel, where the summit is due to	Leah Unison

take place this weekend, in the hope those depicted would notice "when they fly over".
"We have this looking at them and hopefully we're going to prick their conscience and make them realise they're all together in this waste business.
"The key message is 'talk to each other' and let's sort this mess out," Mr Rush added.

9 Jun 2021 at 11:30am	(https://www.google.co.uk/amp/s/www.walesonline.co.uk/news/uk-news/sunak-prepares-uk-more-lockdown-20771850.amp) Chancellor Rishi Sunak is willing to accept a short delay to Step 4 of the road map to ending the lockdown in England amid a rise in cases, it is understood. A Whitehall source pointed towards the Treasury having gone “long” on emergency coronavirus support packages in the Budget to cover the possibility of a delay to the plans. According to The Guardian, Mr Sunak will accept a four-week delay to lockdown lifting, which has long been earmarked in England for June 21. No such date is in place for Wales. Furlough across the UK has been extended to September 30 this year, along with other Covid support measures, to allow for a longer lockdown. It comes as Tory lockdown-sceptic Sir Charles Walker warned Prime Minister Boris Johnson against delaying the earmarked end to legal coronavirus restrictions. “The delay could be two weeks, a month, but I think the real issue here is if we can’t open up the economy at the height of summer then I think we are facing the very real prospect of more forced lockdowns in the autumn – I just don’t see how we can avoid that. 9 Jun 2021 at 8:41am	i was up early this morning due to a fire or ambulance truck parked right outside the converted garage where my parents and i live....the siren was not on but the people were making so much noise....and the siren lights were fully blaring in to the converted garage all i could see was the color blue shining through the window...with the noise of the engines running and working....and people working on something and moving things around and distantly chatting...i couldnt hear what was going on and what they were saying though...the blue siren light was so bright i did not dare look out of the window in case anybody saw me...i did not want to get myself involved...lso what was strange about that was...that before all this noise outside happened... someone went to khalid mirs front door and rang the doorbell...but only rang it ONCE...i wonder who that was...at early hours of the morning. 9 Jun 2021 at 1:17am	This is disgusting (https://www.google.co.uk/amp/s/amp.theguardian.com/media/2021/jun/09/half-british-adults-watched-porn-pandemic-ofcom) Half the adult population of the UK watched online pornography during the pandemic, according to a projection by Ofcom which lays bare the activities of the 26 million individuals who view adult material. By far the most popular pornography site was PornHub, which was visited by 50% of all males and 16% of all females in the UK in September 2020 – giving the site a far larger audience than mainstream television channels such as Sky One, ITV4 and BBC News. So this is what people do in a global disaster...they watch and stream inappropriate adult content more then they think about their life’s after the pandemic and the corruption that could happen to innocent peoples life’s due to the recovery process of society should this global virus stop... But that’s disgusting to know that people don’t care about the corruption and how many life’s will be ruined According to the tabloids/news and the press newspapers and the U.K. government statistics.. Most of the The U.K. population basically were sexually aroused by the disease throughout lockdowns and told on this strange sick behaviour of theirs by not caring and publicly streaming their adult content via the internet so that government can collect the online statistics of the public behaviour throughout the pandemic.. People are clearly mentally ill If any of last years events or even now even sexually excites them! 🤢🤢 Well I am NOT one of those British people that watched pornography THROUGHOUT THIS GLOBAL DISASTER OF A DISEASE. 21 May 2021 at 11:20pm	Conclusion We express our appreciation to the Formal G7 Engagement Groups and other partners for their important contributions to the UK's G7 Presidency. We look forward to continuing our collaborative efforts on these and other issues under the German G7 Presidency in 2022.	Leah Unison
21 May 2021 at 11:19pm	We further commit to measure food loss and waste in accordance with the transparent methodologies outlined in the Food Loss and Waste Accounting and Reporting Standard and consistent with the requirements of international reporting under SDG 12.3. We will establish national baselines and goals against which progress can be measured. We will implement actions to support food supply chains and households to reduce food loss and waste and promote the adoption of sustainable food consumption and production through circular economy and resource efficiency approaches. Our actions will include encouraging collaboration and cooperation between public, private and civil society actors, the adoption of innovative business models and technologies, redistribution of surplus food, the promotion of youth and wider public education and behaviour change programmes across all sectors on food loss and waste prevention. Food no longer intended for human consumption should be prevented from becoming waste through use as animal feed or reprocessing into new products, whilst ensuring that all safety and related requirements are met. Recalling our commitments under the Bologna Roadmap, and recognising that approximately 60 percent of global food waste occurs in households, we welcome the discussions of the G7 Alliance for Resource Efficiency on key components that support action to reduce food waste at the household level, and the Presidency Summary of the discussion. We further welcome the G7 Alliance for Resource Efficiency document highlighting examples of best practice across the G7 to address this issue.	Leah Unison

21 May 2021 at 11:19pm	Food Loss and Waste We recognise that one third of food produced for human consumption is lost or wasted globally, and that food grown but never eaten consumes an estimated 250 km³ of fresh water per year and requires an estimated 1.4 billion hectares land area. Furthermore, food loss and waste produces an estimated 8 percent of global GHGs. We note with concern the recent estimate within UNEP’s Food Waste Index Report 2021 that 931 million tonnes of food waste was generated globally in 2019 at the level of retail, food service and households, which represents 17percent of food available for consumption. We acknowledge the importance of reducing food loss and waste in improving food security, particularly in the most vulnerable communities, mitigating climate change and land degradation and protecting biodiversity. We welcome the upcoming UN Food Systems Summit which will highlight the need to put sustainable food systems at the centre of efforts to meet the 2030 Agenda and its SDGs. We reaffirm our commitment to achieve SDG 12.3 and commit to utilise a “Target, Measure, Act” approach and establish national targets to reach that goal.	Leah Unison
21 May 2021 at 11:19pm	Recognising the scale, urgency and transboundary nature of the global action needed to tackle marine plastic litter and microplastics, including by considering a life-cycle approach, we welcome the work of the ad hoc open-ended expert group (AHEG) established by UNEA resolution 3/7 and extended by UNEA resolution 4/6 towards UNEA 5.2, and will fully engage in discussions or negotiations on the options identified, with the aim of taking a step forward on that occasion on suggested options which include strengthening existing instruments, a potential new global instrument, and multi-stakeholder engagement. We look forward to the forthcoming OECD study on existing MDB resources that address marine litter, prepared in cooperation with the G7 Alliance for Resource Efficiency. We welcome the discussions of the Expanded Future of the Seas and Oceans Working Group and endorse the G7 Ocean Decade Navigation Plan establishing a framework for ambitious and collaborative action under the UN Ocean Decade. This framework will advance the ocean science needed to underpin ocean action, with direct reference to the UN Ocean Decade, its societal outcomes and other international agreements. We commit to work closely with international and regional partners and organisations, including the Intergovernmental Oceanographic Commission (IOC) of UNESCO, to support the UN Ocean Decade and its societal outcomes. We welcome the ongoing work of the G7 Future of the Seas and Oceans Initiative and will continue to support its programme of activities, including to share best practice, and advance scoping activities such as to develop a digital twin ocean, work towards net zero oceanographic capability, and evaluate global ocean indicator frameworks.	Leah Unison
21 May 2021 at 11:18pm	Recognising that marine litter continues to pollute the ocean worldwide, has adverse impacts on marine life through ingestion and entanglement, as well as damaging habitats and people’s livelihoods, and with possible impacts on food safety and human health, we are determined to accelerate action to tackle sources of marine litter, building on national, regional and global efforts, noting the example of the G7 Action Plan to Combat Marine Litter, the Osaka Blue Ocean Vision, and the G20 Implementation Framework for Actions on Marine Plastic Litter and the Ocean Plastics Charter as appropriate. We acknowledge that there are a number of key contributors to marine litter, including inadequate management of land-based sources, and abandoned, lost and otherwise discarded fishing gear, also known as Ghost Gear, which has a significant direct impact on marine life. Effective policies, practices and management measures to address these issues need to be taken nationally, regionally and internationally by all countries, in partnership with relevant stakeholders, including industry and NGOs. Concerning fishing gear loss and its retrieval, we commit to working through relevant international and regional frameworks to address Ghost Gear including by the FAO, IMO, RFMOs and the Regional Seas Conventions and will work with or support other initiatives such as the Global Ghost Gear Initiative (GGGI). We will collaborate through concrete actions such as gear marking and retrieval and will support and expand existing efforts to address ghost gear as appropriate, including through the implementation of the UN FAO voluntary guidelines on the marking of fishing gear. We note with interest the contribution to the debate of the OECD report Towards G7 Action to Combat Ghost Fishing Gear, and will carefully consider its recommendations.	Leah Unison
21 May 2021 at 11:18pm	We commit to upholding the UN Convention on the Law of the Sea (UNCLOS) which sets out the legal framework within which all activities in the ocean and seas must be carried out, including for the conservation and sustainable use of the ocean and seas. We will work to expeditiously conclude, if possible by the end of 2021, the negotiation of a new and ambitious international legally binding instrument under UNCLOS on the conservation and sustainable use of marine biological diversity of areas beyond national jurisdiction which will include a clear obligation to conserve and sustainably use marine biodiversity and include a mechanism to establish Area-Based Management Tools (AMBTs), including Marine Protected Areas (MPAs) and will aid the implementation of intended new marine targets, recognising our commitment to support global 30by30 for the ocean. As an example of the kind of action that needs to be taken to protect and conserve the ocean, we fully support the commitment by the Commission for the Conservation of Antarctic Marine Living Resources (CCAMLR) to develop a representative system of MPAs in the Convention Area. This should be based on the best available scientific evidence, the proposals to establish MPAs in East Antarctica, in the Weddell Sea and in the Antarctic Peninsula, and taking full consideration of the CCAMLR Convention.	Leah Unison
21 May 2021 at 11:18pm	Ocean Action We recognise that the health of our seas and ocean is critical to the economic, social and environmental well-being of people and the planet, and has a vital role in supporting biodiversity, providing ecosystem services including regulating our climate. Yet the ocean and seas are under significant threat from human actions. Overfishing, IUU fishing, overexploitation of marine habitats and resources, the introduction of invasive alien species, pollution, including marine litter, other anthropogenic pressures on ocean habitats, microplastics, underwater noise are major drivers of marine biodiversity loss. At the same time, climate change is leading to sea level rise, extreme weather events, ocean warming and influences stratification, reduced oxygen levels and shifts in marine resources, which also impact marine biodiversity. Increased carbon dioxide absorption is also leading to increased ocean acidification. We acknowledge with concern the recent high-level findings from the IPCC Report on Climate Change on the Ocean and Cryosphere. Building on the outcomes of the Canadian and other G7 Presidencies, including the Charlevoix Blueprint for Healthy Oceans, Seas and Resilient Coastal Communities, we commit to support the UN Decade of Ocean	Leah Unison

Science for Sustainable Development (2021-2030) and work towards its goals, which include the global ocean being clean, healthy and resilient, productive, safe, predicted, accessible and inspiring and engaging. We recognise the value of robust and continuous scientific observation and cooperation to ensure a sustainable ocean for all and to support the science-based implementation of commitments under the 2030 Agenda, SDGs, the CBD, the Paris Agreement and within UNEA resolutions. We will continue our efforts to strengthen the conservation, protection and restoration of coral reefs, mangroves, seagrass beds, salt marshes, polar regions and other ecosystems and we recognise the value of blue carbon ecosystems, which can provide climate resilience benefits while also sequestering carbon. We recognise the importance of sustainable resilience for coastal communities and marine ecosystems and will strengthen our support for the Ocean Risk and Resilience Action Alliance (ORRAA).

21 May 2021 at 11:17pm

Recognising that illicit threats to nature deprive some of the world’s poorest communities of sustainable forms of living income, we commit to mobilise public and private support for sustainable livelihoods as an alternative to these activities. We recognise the importance of Indigenous Peoples, and local communities, in protecting forests and natural habitats and supporting sustainable land use. We further recognise the importance of securing the legal recognition of the right of Indigenous Peoples to the lands, territories and resources which they owned, occupied, or otherwise used or acquired as acknowledged in national law and international instruments. We also recognise the importance of securing applicable resource and legitimate tenure rights of persons belonging to local (or other) communities, women, and persons in marginalised groups as acknowledged in national law and international instruments. We underline the importance of engagement with these groups to co-develop solutions to these issues, including land tenure rights.

Leah Unison

21 May 2021 at 11:17pm

We recognise that IUU fishing remains one of the most serious threats to a healthy ocean, depleting fish stocks, distorting competition, destroying marine habitats and jeopardising international efforts to promote better ocean governance and effectively and sustainably manage fisheries. We recognise the importance of concerted international action to deter IUU fishing, including through support for developing countries. Urgent efforts are needed to prohibit harmful fisheries subsidies that contribute to overfishing, overcapacity and IUU fishing. We commit to concluding the ongoing WTO negotiations as swiftly as possible in order to ensure that a meaningful agreement is reached that delivers effective disciplines.

Leah Unison

Building on the outcomes of the Canadian G7 Presidency, we commit to ending IUU fishing by ensuring strong measures are effectively implemented and enforced, such as the Catch Documentation Schemes (CDS) to increase traceability, including those used by RFMOs and other relevant bodies for certain species; a commitment to develop and enforce more robust Port State measures including by effectively implementing the UN Food and Agriculture Organization (FAO) Port State Measures Agreement (PSMA) and other relevant initiatives, as well as increasing Monitoring, Control and Surveillance (MCS) activities to help tackle IUU fishing. We highlight the importance of bilateral agreements that include mechanisms that effectively address IUU fishing, in particular through effective regulation and enhanced monitoring of fisheries activities, transshipments, landings, and trade in fish and fish products. We also commit to the enhanced sharing of information, intelligence, and best practice and expertise in tackling IUU fishing, acknowledging that international cooperation is the most effective way to tackle this issue.

21 May 2021 at 11:17pm

We acknowledge that wildlife trafficking is a serious crime, often carried out by transnational organised criminal networks linked to other forms of organised crimes and commit to take urgent and collective action to address this criminal activity in a way that reflects and acknowledges the serious nature of this crime. We remain robustly committed to delivering on our commitments within the 2018 London Declaration and will work to strengthen the capacity of law enforcement authorities and judiciaries in investigating, prosecuting and adjudicating wildlife-related offences where needed. We note proposals to discuss options inter alia to strengthen the international criminal legal framework to effectively combat such offences including prevention, while maintaining our focus on making the best possible use of existing international mechanisms, strengthening legislation, international cooperation, capacity building, criminal justice responses, and law enforcement efforts to strengthen our response. We commit to increase our efforts to reduce the demand for IWT products by developing targeted and evidence-based interventions in order to inform consumer behaviour and close markets where these illegal products are trafficked and sold. We will review our administrative, preventative and criminal justice responses to wildlife and forest crime using the International Consortium on Combatting Wildlife Crime’s (ICWC) Wildlife and Forest Crime Analytic Toolkit. We welcome the discussions by Finance Ministers on strengthening beneficial ownership transparency to better tackle the illicit financial flows stemming from IWT and other illicit threats to nature and welcome the work of the Financial Action Task Force and its recommended actions in this area.

Leah Unison

21 May 2021 at 11:16pm

We reaffirm our commitment to the New York Declaration on Forests to end natural forest loss and, building on the Bonn Challenge, restore 350 million hectares of forest by 2030. We commit to support measures to strengthen forest governance, transparency, and the rule of law, while also empowering Indigenous Peoples as partners in decision-making as well as local communities. We also support measures that promote sustainable finance and tackle the drivers of forest loss and degradation, including efforts to enhance sustainable production and increasing the incentives for preventing deforestation, protecting intact forests and restoring degraded forests and lands. We recognise the need for enhanced monitoring of deforestation globally, regionally and nationally.

Leah Unison

Illicit threats to nature

We recognise that the illegal wildlife trade (IWT), trafficking in timber and timber products, hazardous and other wastes, and precious metals, gemstones and other minerals, illegal logging and illegal, unreported and unregulated (IUU) fishing have a devastating impact on our natural environment and livelihoods, with an estimated full global economic value of over US\$1 trillion to US\$2 trillion per year. These activities drive biodiversity loss, corruption, money laundering, insecurity and other forms of organised criminal activities as well as undermining our efforts to tackle climate change and its impacts. We commit to continue our efforts to strengthen international and transboundary cooperation to tackle these crimes and harmful activities.

21 May 2021 at 11:16pm	We recognise that deforestation, forest degradation and ecosystem conversion are global threats to our climate, biodiversity, food security and livelihoods and are driven by the expansion of agriculture, mining, logging and infrastructure projects. Agricultural expansion is the driver of around 80 percent of global deforestation. A significant proportion of this expansion is linked to the production of agricultural commodities, including particularly those traded internationally. We will increase our support for sustainable supply chains that decouple agricultural production from deforestation and forest degradation, including production stemming from illegal land conversion, and other negative impacts on nature, in accordance with our national legislation, and commit to conserve, sustainably manage, restore and protect forests and other ecosystems. We will do this while promoting development and trade, including through participating in the dialogue between consumer and producer countries under the Forest, Agriculture and Commodity Trade (FACT) dialogue hosted by the UK as UNFCCC COP26 President, and through work by the International Tropical Timber Organisation. We will work with partners, including the private sector and producer countries, NGOs, as well as Indigenous Peoples, and local communities, to incentivise consumption of commodities that are not associated with deforestation and forest degradation. We will therefore enhance supply chain transparency and traceability, and if appropriate, develop regulatory frameworks or policies, which may include the introduction of due diligence requirements, to bring about trade that is environmentally, socially, and economically sustainable, and resilient, in order to achieve a successful green recovery. We look forward to discussions by G7 Trade Ministers on facilitating sustainable supply chains.	Leah Unison
21 May 2021 at 11:15pm	Transition to sustainable and legal use of natural resources Resource efficiency Recalling the findings of the Global Resources Outlook 2019 of the International Resource Panel, we recognise that the continued degradation and loss of natural resources threatens our ability to meet our shared commitments to sustainable development, conservation and restoration, food security and combatting climate change. We underline the importance of increasing the resource efficiency and reducing the global environmental footprint of products and moving to more globally sustainable methods and patterns of consumption and production. We reaffirm our commitment to progress actions to increase resource efficiency and transition to a more circular economy, in line with the Bologna Roadmap, to reduce the pressure and adverse impacts on our natural environment, reduce resource use, maximise the value of materials through a life-cycle approach, curb biodiversity loss, and support climate mitigation and adaptation action and in doing so are determined to reduce pollution from all sources. We ask the G7 Alliance for Resource Efficiency to continue technical work on all aspects of the Bologna Roadmap and invite the next G7 Presidency to take stock of its implementation. Deforestation	Leah Unison
21 May 2021 at 11:15pm	We recognise that the release of antimicrobials into the environment can select for antimicrobial resistance (AMR) and have an impact on human, animal and environmental health. We also note that heavy metals and biocides potentially have an impact on AMR and human, animal and environmental health. We underline the importance of a One Health approach in tackling AMR and call on all governments to promptly implement measures for the sound management and reduction of inappropriate use of antimicrobials. In this context, we note the potential role that soil microorganisms may play in the fight against AMR. We call on UNEP, in collaboration with the Tripartite organisations, to strengthen the evidence base on the contamination, mechanisms, causes and impacts of AMR emerging and spreading in the environment as mandated at UNEA 3. We commit to work in close collaboration with governments and relevant parties such as, medicines regulators where independent of government agriculture, academia, industry, the Tripartite on AMR and UNEP to develop and implement long-term, sustainable solutions to this issue. We note with concern that there are currently no international standards on safe concentrations of antimicrobials released into the environment from, inter alia, pharmaceutical manufacturing, healthcare facility effluent, agriculture and aquaculture. We also acknowledge the work of the AMR Industry Alliance in this regard. We commit to accumulate knowledge on AMR in the environment. We will work with our ministerial colleagues with responsibility for health, food, farming and medicines regulators where independent of government, as appropriate to develop and agree such standards. 21 May 2021 at 11:14pm	As the G7, we will continue to strengthen global collaboration and work towards improving the resilience of our surveillance systems through sharing relevant information in a timely manner, implementing best practice, building capability and improving technology domestically and internationally, particularly with developing countries and countries with economies in transition. We endorse the work of the One Health Working Group and will join, on a voluntary basis, the International Zoonoses Community of Experts (IZCE) established under the UK Presidency. The IZCE will bring together national points of contact with expertise and interest in zoonoses, their drivers, prevention and monitoring. Through sharing best practice and methodologies, knowledge will be increased across the community and will contribute to improve risk assessment, risk management and early warning capabilities at a global level. We recognise the need to ensure complementarity with such initiatives as the Tripartite Plus and the One Health High Level Expert Panel to avoid duplication. The IZCE will liaise with other relevant G7 working groups, for example the G7 Chief Veterinary Officers Group. We recognise that better understanding and enhanced visibility, accessibility and interoperability of data is a crucial first step in delivering improved global surveillance and response to One Health threats and issues. We encourage climate, environment and health stakeholders to consider how best they can work together to support the Tripartite Plus in this crucial work.	Leah Unison
21 May 2021 at 11:14pm	Preventing and combatting zoonoses and antimicrobial resistance (AMR) using a One Health approach The COVID-19 pandemic reminds us that human, plant, animal and environmental health are interdependent and we therefore stress the importance of a strengthened One Health approach. We welcome the contribution of the IPBES Workshop Report on Biodiversity and Pandemics to the debate and recognise with concern that increased contact between humans, wildlife and livestock, as a result of human activities	Leah Unison

including habitat loss, human encroachment into natural areas, land use change such as agricultural expansion, unsustainable food production systems, deforestation, climate change, the legal and illegal wildlife trade, unsustainable international trade and unsustainable consumption is increasing the risk of zoonotic disease emergence and spread. The COVID-19 pandemic has reinforced the importance of close international collaboration in preventing and combatting existing and emerging zoonotic threats. We call for further cross sector research and scientific analysis and evidence on the interactions between humans, wildlife, domesticated animals and the environment, the pathogens which exist in these populations, the risks arising from these interactions and the control and prevention of zoonoses. We call on all governments to ensure transparency and swift sharing of data and information on zoonoses.

21 May 2021 at 11:14pm

We commit to mainstream nature into all sectors and policies. We recognise the urgency and call for the integration of both climate and nature-related risks into organisational risk management architecture, and of investing in natural capital, which will enable finance to play a greater role by pivoting towards nature positive projects and investments. We recognise the importance of work on nature-related financial disclosure and note with interest the establishment of the Taskforce on Nature-related Financial Disclosures and its aims.

Leah Unison

We note the analysis from the OECD, which provides policy recommendations based on the findings of the Dasgupta Review, among other reports. The G7 commits to review these recommendations in order to identify actions to mainstream nature into financial and economic decision-making. In particular we note the OECD’s analysis and recognise the harmful effect of some subsidies on the environment and people’s livelihoods. We therefore commit to lead by example by reviewing relevant policies with recognised harmful impacts on nature and will take action, as appropriate, to deliver nature positive outcomes.

21 May 2021 at 11:13pm

Mainstreaming nature
According to the WEF “New Nature Economy Report 2020”, over half the world’s GDP in 2019, almost US\$44 trillion, was generated from industries that depend on nature. Waldron et al in their report “Protecting 30% of the planet for nature: costs, benefits and economic implications” suggest that achieving 30 percent protection in two biomes alone could result in gross economic benefits of US\$170 billion to US\$530 billion per annum by 2050. The report also states that the global financial cost of adequately protecting 30 percent of all the earth’s land and ocean has been estimated to be between US\$103 billion and US\$177.5 billion per annum. It is clear therefore that the economic benefits of protecting and conserving the land and ocean far outweigh the financial costs of doing so.

Leah Unison

We welcome the contribution of the Dasgupta Review on the Economics of Biodiversity, which builds on The Economics of Ecosystems and Biodiversity (TEEB) process among other initiatives. Its conclusion that a fundamental change is needed in how we think about and approach economics if we are to reverse biodiversity loss and protect and enhance our prosperity will inform our work. We will work collaboratively to build on the Dasgupta Review insights and those of other such reports, as appropriate, to support efforts for economic and financial decision-making to account for the goods and services we derive from, and the intrinsic value attributed to nature. We commit to take the urgent and transformative action required to ensure that a deep understanding of ecosystem processes, their interlinkages, and how they are affected by economic activity, is incorporated as part of economic and financial decision-making. To ensure appropriate management of environmental risks and reduce related transaction costs, we will also work with businesses and other stakeholders in developing standardised natural capital accounting practices. We welcome the work being done by the UN Statistical Commission to continue updating the SEEA ecosystem accounting system.

21 May 2021 at 11:13pm

Highlighting the urgent need for transformative action, we will champion the agreement and successful implementation of an ambitious and effective post 2020 global biodiversity framework to be adopted by parties at CBD COP15 to protect, conserve and restore ecosystems, halt and reverse biodiversity loss, ensure the conservation and sustainable use of biodiversity, increase resilience to climate change and sustain healthy ecosystems on which our lives, well-being and economies depend. We commit to champion ambitious and effective global biodiversity targets, including conserving or protecting at least 30 percent of global land and at least 30 percent of the global ocean by 2030 to halt and reverse biodiversity loss by 2030 and address climate change, including through effectively and equitably managed, ecologically representative and well-connected systems of protected areas and other effective area-based conservation measures (OECMs) by 2030 (30by30), recognising that Indigenous Peoples, and local communities, are full partners in the implementation of this target. We will strive to ensure the effective and equitable management of protected areas and OECMs, and strive to improve their ecological connectivity, with a focus on areas that deliver the greatest benefits for global biodiversity, ecosystem services and climate protection. We underline the importance of a strong accountability framework that strengthens implementation and increases transparency of our actions to meet these targets, and will actively support the development of robust implementation, monitoring and review frameworks. We will enhance or put in place robust, science-based domestic implementation plans, strategies and policies to conserve, protect and restore terrestrial, freshwater, marine and coastal ecosystems and play our part in successfully delivering these global goals and targets. We will work with the competent international and regional organisations, including Regional Seas programmes, Regional Seas Conventions and Regional Fisheries Management Organisations (RFMOs). We will contribute to 30by30 by conserving or protecting at least 30 percent of our own land, including terrestrial and inland waters, and coastal and marine areas by 2030 according to national circumstances and approaches.

Environment
Resetting our relationship with nature

Leah Unison

A healthy natural environment is critical to human health, wellbeing and prosperity globally and underpins sustainable development. Despite existing global agreements for the protection, conservation, sustainable use and restoration of biodiversity, global negative trends in biodiversity and ecosystem functions are projected to continue or worsen. We therefore confirm our strong determination to halt and reverse biodiversity loss by 2030, building on the G7 Metz Charter on Biodiversity and the Leaders’ Pledge for

Nature as appropriate.

We recall with deep concern the 2019 IPBES Global Assessment Report on Biodiversity and Ecosystem Services and the 2021 UNEP Making Peace with Nature report. We commit to take urgent action to address the five direct drivers of biodiversity loss, all a result of human activity: changes in land and sea use, direct exploitation of organisms, climate change, pollution and invasive alien species. We will also address overexploitation and illegal exploitation of resources as well as the indirect drivers identified, including those caused by unsustainable methods and patterns of consumption and production. We stress that concerted and collaborative action is needed by all partners and stakeholders including governments, businesses, farmers, academia and scientists, NGOs, citizens, Indigenous Peoples, and local communities, and underline the importance of including these groups in co-design, decision-making and implementation.

We commit to raise ambition and accelerate and intensify action, including at CBD COP 15, UNFCCC COP 26, Ramsar COP 14, UNCCD COP 15, UN Environment Assembly (UNEA) 5, UN Food Systems Summit and the UN Ocean Conference, and in support of the UN Decades on Ecosystem Restoration and Ocean Science for Sustainable Development. We will also build on existing synergies, break down silos and support linkages at the domestic and institutional level across relevant Multilateral Environmental Agreements, as appropriate, including Regional Seas Conventions.

21 May 2021 at 11:11pm	We recognise the importance of renewable and low carbon hydrogen on the pathway to net zero. We will step up efforts to advance commercial scale hydrogen from low carbon and renewable sources across our economies, including support for fuel cell deployment globally. This will help realise the development of a future international hydrogen market that creates new jobs for current and future workers in the energy sector. While the focus must remain on protecting and expanding our natural carbon sinks, we recognise that negative emissions technologies, such as Direct Air Capture, can also play a role in reaching net zero GHG emissions. Negative emissions will be required to offset residual emissions in sectors that are difficult to decarbonise completely. Technical solutions such as CCUS, and carbon recycling where appropriate, will also be important for some countries in meeting our goal of a net zero economy.	Leah Unison
21 May 2021 at 11:11pm	Innovation that supports net zero industries can help existing sectors through the transition, as well as creating additional value with the birth of new industries. We will work together in the lead up to COP26, building on existing initiatives to coordinate action on standards and public procurement in order to create globally competitive markets for green industrial products. In parallel, we will also work to reduce emissions from key industrial processes through enhanced energy efficiency, the development of circular economy and resource efficiency principles, electrification, comprehensive industrial heat utilisation and reduced waste in industry, fuel switching and carbon capture, usage and storage (CCUS). We recognise the importance of early action to decarbonise hard-to-abate industrial sectors such as iron and steel, cement, chemicals, and petrochemicals, to ensure that emissions across the entire economy reach net zero by 2050. For these hard to abate sectors to achieve this, we commit to targeting greater levels of innovation funding to lower the costs of industrial decarbonisation technologies, including the use of hydrogen, electrification, sustainable biomass, CCUS and synthetic fuels (including ammonia and fuels made from hydrogen). Acknowledging that achieving net zero industry will require enhanced global efforts, we will support low and middle-income countries through financial and technical cooperation, as well as in multilateral fora. We will work together to accelerate the decarbonisation of industry, and welcome the development of the new Industrial Decarbonisation Innovation Mission and the launch of the Clean Energy Ministerial's Industrial Deep Decarbonisation Initiative, while supporting ongoing activities in the Leadership Group for Industry Transition.	Leah Unison
21 May 2021 at 11:10pm	Net zero innovation We recognise clean energy innovation as a driver of sustainable and inclusive growth to create jobs, an enabler of a resilient economic recovery. We also recognise the need to accelerate innovation this decade to meet our net zero goal by 2050 or sooner. This includes scaling up demonstrations and the early deployment of zero and negative carbon technologies while ensuring negative impacts on the environment and human wellbeing are avoided. This must be enabled by mechanisms and clear signals, including an increased focus on ESG (environmental, social and governance) performance, that incentivise private sector investment to fast-track innovations to the market. To accelerate the pace of industry decarbonisation, we commit to launch the G7 Industrial Decarbonisation Agenda to complement and support the activities of existing key initiatives and amplify ambition, while plugging critical gaps in the landscape wherever they exist. For the G7, we commit to increasing clean energy innovation investments to a level in line with our net zero ambition. We support the launch of a second phase of Mission Innovation as a global platform to strengthen international cooperation that will continually promote increased clean energy innovation ambition and concrete actions for clean energy technical innovation. We support the commencement of Clean Energy Ministerial's third phase as a global platform to share experience, raise ambition, and implement cooperative action for clean energy deployment, including innovative policy, regulatory and market measures. We encourage closer alignment between Mission Innovation and the Clean Energy Ministerial to better coordinate efforts from innovation all the way through to the deployment of clean and sustainable energy technologies including through energy efficiency and from renewable energy sources. We will design appropriate pull mechanisms to accelerate the innovation and scaling up of clean energy and net zero technologies across G7 members and to support the green transition in developing countries. We also acknowledge that the successful deployment of clean energy technologies requires further investment in a skilled, technologically advanced and diverse workforce.	Leah Unison
21 May 2021 at 11:10pm	Net zero mobility We stress the urgent need to promote sustainable mobility and reduce GHG emissions from the transport sector to help achieve net zero emissions by 2050. We recognise that this will require dramatically increasing the pace of the global decarbonisation of the road transport sector throughout the 2020s and	Leah Unison

beyond, consistent with the goals of the Paris Agreement and our respective 2030 NDCs and net zero commitments. In this regard, and as part of this effort, we welcome and support the Zero Emission Vehicle Transition Council and will work with other global partners to accelerate the deployment of zero emission vehicles for passengers and freight, including exploring ways to support developing countries in making the transition. We further recognise the commitments of some states to the target of sales of passenger cars being zero emission by 2040 or earlier. Furthermore, we also need to promote decarbonising the entire life cycle of vehicles. We commit to support transitioning our industrial bases and providing ambitious investment to research, further develop, and scale up the technologies needed to support a rapidly growing global market for sustainable mobility. We will intensify our efforts in enhancing the offer of more sustainable transport modes in urban and rural areas, including public transport, shared mobility, cycling and walking, and supporting inter-modal transport with investment in rail and waterborne infrastructure.

We further recognise the urgent need for effective efforts to reduce emissions from the international aviation and maritime sectors to put both sectors on a pathway of emissions reduction consistent with the mitigation goals of the Paris Agreement. We commit to supporting the development and adoption of ambitious mid- and long-term measures at the International Maritime Organization (IMO) and to building a global consensus on strengthening the levels of ambition in the initial IMO strategy on reduction of GHG emissions from ships in the context of its forthcoming revision, with the aim of contributing to the Paris Agreement temperature goal. We will also support the development and adoption of an ambitious long-term global goal at the International Civil Aviation Organization in line with our vision for decarbonising the aviation sector.

21 May 2021 at 11:09pm	We affirm that access to secure affordable, reliable, sustainable, clean and modern energy is a key enabler of the SDGs. We welcome progress made to increase energy access and eradicate energy poverty worldwide, while noting that the world remains off-track to meet our SDG for access to energy. We note the essential role of gender equality in achieving sustainable energy access and welcome synergies with the work of the G7 Gender Equality Advisory Council. We stress the importance of achieving universal, equitable and sustainable access in driving forward a global and inclusive clean energy transition that addresses the disproportionate impact of energy poverty on vulnerable and marginalised populations, both in developing countries and in more mature economies. We welcome the UN commitment to address progress on SDG7 within the High-Level Energy Dialogue.	Leah Unison

Those countries that opt to use it reaffirmed the role of nuclear energy in their energy mix. Those countries recognise its potential to provide affordable low carbon energy and contribute to the security of energy supply as a baseload energy source.

21 May 2021 at 11:09pm	We recognise the importance of ambitious and urgent action to reduce emissions and leakage of methane (fossil and biogenic) from the energy sector, as well as waste and agricultural sectors, and of other potent warming substances, such as black carbon, in order to slow global warming. This will require improved measurement and reporting to better locate and quantify these emissions.	Leah Unison
------------------------	---	-------------

We recognise the importance of maintaining energy security as we transform our energy systems and the need for energy markets that are open, flexible, transparent, competitive, stable, sustainable, reliable and resilient. We reaffirm the need for investment to ensure energy supply and demand remain balanced throughout energy transitions, recognising the need for energy demand to be met by sources that align with our Paris Agreement and net zero objectives. We commit to developing strategies and actions that enhance our focus on the security of innovative, clean, safe, and sustainable energy technologies. This includes resilience in the face of cyber security threats, the system integration of variable renewable energy, energy storage, flexible power plants, hydrogen, as well as demand side management, smart grids, and related infrastructure including the accommodation of sustainable biofuels and hydrogen. We recognise the important role of electricity interconnection in market integration, flexibility and promoting decarbonisation, alongside supporting security of supply and system security. We recognise that natural gas may still be needed during the clean energy transition on a time-limited basis and we will work to abate related emissions towards overwhelmingly decarbonised power systems in the 2030s. We also note the importance of ensuring secure, safe and sustainable clean energy supply chains, including with regards to critical minerals and critical renewables components.

21 May 2021 at 11:09pm	We reaffirm the need to take into account the imperative of a just transition of the workforce and the creation of decent work and quality jobs in accordance with nationally defined development priorities, as reflected in the Paris Agreement. Recalling the SDGs, we commit ourselves to a people-centred transition, that will work to create decent employment in the low carbon economy while making energy more accessible, affordable, and cleaner for all communities. We support reskilling workers across industries and communities and developing the industries of the future, as the clean energy transition continues to gather momentum. We welcome the substantial economic opportunities inherent in a people-centred transition, including alleviating energy poverty for people and communities, removing barriers to employment, especially for marginalised populations, which will in turn lead to substantial and equitable economic growth and prosperity for all.	Leah Unison
------------------------	--	-------------

We recognise that inefficient fossil fuel subsidies encourage wasteful consumption, reduce energy security, impede investment in clean energy sources, and undermine efforts to deal with the threat of climate change. We reaffirm our commitment to the elimination of inefficient fossil fuel subsidies by 2025 and encourage all countries to adopt this commitment. We encourage greater international action to meet this commitment and we support calls for greater transparency.

21 May 2021 at 11:08pm	In line with Article 2.1.c of the Paris Agreement, we commit to aligning official international financing with the global achievement of net zero GHG emissions no later than 2050 and deep emissions reductions in the 2020s. We commit to promoting the increased international flow of public and private capital toward Paris Agreement-aligned investments and away from high-carbon power generation to support the clean energy transition in developing countries. In this context, we will phase out new direct government support for carbon intensive international fossil fuel energy, except in limited circumstances at the discretion of each	Leah Unison

country, in a manner that is consistent with an ambitious, clearly defined pathway towards climate neutrality in order to keep 1.5°C within reach, in line with the long-term objectives of the Paris Agreement and best available science. Consistent with this overall approach and recognising that continued global investment in unabated coal power generation is incompatible with keeping 1.5°C within reach, we stress that international investments in unabated coal must stop now and commit to take concrete steps towards an absolute end to new direct government support for unabated international thermal coal power generation by the end of 2021, including through Official Development Assistance, export finance, investment, and financial and trade promotion support. We commit to reviewing our official trade, export and development finance policies towards these objectives. We further call on other major economies to adopt these commitments. We welcome the support provided and mobilised by DFIs and multilateral funds, including the GCF, to support the energy transition. In particular, we note the recent Climate Investment Funds board decision to launch new sector specific funds, including those to accelerate coal transitions, and support renewable energy deployment in emerging economies.

21 May 2021 at 11:08pm

Recognising that coal power generation is the single biggest cause of global temperature increases, we commit now to rapidly scale-up technologies and policies that further accelerate the transition away from unabated coal capacity and to an overwhelmingly decarbonised power system in the 2030s, consistent with our 2030 NDCs and net zero commitments. In doing so, we reaffirm the importance of national energy security and resilience and underscore the importance of providing support for affected workers, regions and communities. We welcome with appreciation the work of the Energy Transition Council in supporting the new economic opportunities and sustained quality job creation offered by a transition to clean energy in developing countries. We commit to exploring further ways that we can accelerate global progress towards net zero power, including leading by example as the G7, and working with collaborative initiatives and institutions. We note that several G7 members participate in the Powering Past Coal Alliance. We will convene by COP26 to lay the groundwork for further joint action by G7 members.

We affirm the fundamental role of renewable energy sources. We welcome the rapid growth, decreasing cost and increasing value of renewable energy technologies around the world. We stress the need for their further integration in the systems, and we recognise that renewables are a major driver of economic growth, jobs, and increased access to affordable energy. We recognise that the significant progress made in the development and deployment of renewable energy has been driven by a virtuous circle of technological development, a supportive regulatory and policy environment including innovative market designs, and industry-led cost reductions. We affirm our commitment to supporting the development and deployment of renewable energy globally, particularly for developing countries, as well as accelerating the development and deployment of renewable heating and cooling, where a step change in progress is urgently required. We recognise the importance of promoting clean energy transitions in islands, as well as in remote and rural communities, through innovative renewable energy solutions, fostering self-determination and community ownership of resources.

We recognise the role of energy storage as an enabling technology to support the transformation of the global economy towards a net zero pathway. We commit to drive energy storage technology innovation and accelerate its commercialisation and deployment by supporting the private sector in reducing the cost and increasing the performance of energy storage technologies, through policies and tools supportive of energy storage market adoption, including regulatory frameworks and market structures.

21 May 2021 at 11:06pm

We recognise the importance of working closely with city, state and regional governments in driving the transition to a net zero economy, and the vital role of national governments to support such actions. We highlight the role of cities in piloting a future with net zero emissions, through innovative and sustainable energy solutions. Local governments and sub-national actors, including businesses, workers, communities and civil society, are central to taking ambitious action on high-emitting sectors and should implement solutions that curb emissions while ensuring equitable and inclusive development for citizens and communities. We will implement a range of measures to encourage and empower citizens, business, communities and regions to decarbonise, including supporting the development of local strategies and plans, encouraging investments for the implementation of model projects for low carbon urban infrastructure, encouraging behavioural change, utilising information systems to promote the transparency of local actions and achievements, and disseminating good practices of concrete actions.

Net zero energy

We recognise the key contribution of energy efficiency as “the first fuel” to emissions reduction, energy security, economic growth, sustainable development, alleviating energy poverty, and job creation. We therefore note with concern the decline in the global rate of energy efficiency improvements and commit to strengthen our efforts to deliver improvements in buildings, industry and transport. We continue to emphasise the need for stronger international exchanges to learn about best practices in this policy space. We stress the importance of strengthening and coordinating international collaboration in developing policy frameworks for new business models and to ensure the necessary investments in energy efficiency measures in all sectors. We therefore welcome the establishment of the Energy Efficiency Hub, hosted at the International Energy Agency, as a key international forum for global collaboration on energy efficiency. We welcome the Super-Efficient Equipment and Appliance Deployment (SEAD) initiative. We further endorse its goal of doubling the efficiency of four key energy-using products sold globally by 2030: lighting, cooling, refrigeration, and motor systems, and will contribute to that end using the full policy toolkit at our disposal.

21 May 2021 at 11:06pm

Supporting the transition to a net zero economy

We recognise that the transition to net zero will depend upon developing the skilled workforce necessary to deliver it, in a way that leaves no one behind, by building on the skills and knowledge in transitioning sectors, developing new labour markets for decent work and quality green jobs, as well as investing in pioneering clean and sustainable industries and technologies. We will address the challenges workers face by ensuring that they have the appropriate skills and training to build back greener, alongside a long-term plan for skills needed for a net zero economy, in a gender-responsive way. This will support the creation of green jobs, a diverse workforce, and will support workers in high carbon sectors to gain skills and knowledge to

Leah Unison

implement more sustainable practices and green technologies. We reaffirm our commitment under the Equal by 30 Campaign to work towards equal pay, leadership and opportunities for women in the clean energy sector by 2030. We agree to deepen efforts to advance gender equality and diversity in the energy sector, including under the Equal by 30 Campaign by adopting a set of strengthened commitments. This will support our commitment to make diversity and gender equality central to the global energy sector's recovery efforts and help build a more inclusive and equitable energy future. We acknowledge the need for specific support for all workers as part of a clean energy transition.

We recognise that delivering and accelerating the transition to a net zero global economy will require scaled-up international collaboration. The institutional architecture to enable this should be structured and strengthened appropriately where needed, utilising synergies with existing initiatives to ensure net zero emissions are achieved on an economy-wide basis. We will convene to review the pace of the transition required in each sector to meet the Paris Agreement goals, and the international landscape of institutions and sectoral fora to decarbonise major emitting sectors, with a view to strengthening collaboration in key sectors up to COP26 and beyond.

21 May 2021 at 11:05pm	Unleashing the full potential of the Paris Agreement We are steadfast in our commitment to achieving an ambitious set of outcomes from COP26 in line with the objectives set out above. We emphasise the importance of finalising the outstanding mandates relating to the Paris Rulebook – including the adoption of common tables and formats for the enhanced transparency framework, decisions on cooperative approaches (Article 6), and common time frames for NDCs – in a manner that promotes transparency and accountability and ensures environmental integrity. We will address mandates and deliver on our commitments across the three pillars of the Paris Agreement – on mitigation, adaptation, and support – and enhance international collaboration to accelerate global implementation ahead of COP26 and beyond. We will have a continued focus on supporting those most vulnerable to the impacts of climate change and will continue to support developing country partners as they pursue green, sustainable, resilient, inclusive and gender-responsive recoveries from COVID-19. This includes providing support with the preparation and implementation of national plans and commitments (including NDCs, LTSs, NAPs and Adaptation Communications) bilaterally, through our contributions to multilateral funds and through the NDC Partnership and other such initiatives. We welcome the creation by the OECD of the 'International Programme for Action on Climate' as part of the 'Horizontal Project on Climate and Economic Resilience in the Transition to a Low Carbon Economy', and look forward to its possible contribution to climate action. 21 May 2021 at 11:05pm	We recognise the potential of carbon markets and carbon pricing to foster cost-efficient reductions in emission levels, drive innovation and boost the breakthrough of technologies that enable a transformation to net zero. We affirm the fundamental importance of environmental integrity and sustainable development in the design of high integrity carbon market mechanisms, including those used for voluntary purposes, which should be based on robust rules and accounting that ensure avoidance of all forms of double counting. They should require the use of conservative emissions and emissions reductions estimations and assumptions, as well as safeguards to mitigate carbon leakage risks, avoid negative social and biodiversity impacts, and to address potential reversals. We further note that such mechanisms can mobilise private finance and help to close the ambition gap for limiting global warming to 1.5°C.	Leah Unison

21 May 2021 at 11:05pm	Mobilising and aligning finance to support the green recovery We, the G7, reaffirm our commitment to the collective developed country goal of jointly mobilising US\$100 billion annually through to 2025, from a wide variety of sources, public and private, bilateral and multilateral and in the context of meaningful mitigation actions and transparency on implementation. We welcome the commitments already made by some of the G7 to increase climate finance and look forward to new commitments from others well ahead of COP26 in Glasgow. We underline G7 commitments to further strengthen the Green Climate Fund (GCF) as an effective tool in implementing the Paris Agreement. Further, we highlight the Paris Agreement's recognition that mobilising finance requires a global effort. In this context, we encourage all potential contributors of official finance, including emerging economies, to join existing providers in supporting climate action in developing countries. We underline the urgent need to scale up efforts to mobilise the private sector if we are to achieve a global green recovery and net zero emissions by 2050, recognising the critical role that innovative financing vehicles, bilateral and multilateral finance institutions, blended finance, policies, risk pools and enabling environments play in this regard. We affirm the crucial importance of making finance flows consistent with a pathway towards low GHG emissions and climate-resilient development, as reflected in Article 2.1.c of the Paris Agreement and in line with the SDGs. As part of our efforts towards this objective, we commit to making official finance flows consistent with the goals of the Paris Agreement and call on all countries, as well as MDBs, DFIs, multilateral funds, public banks and export credit agencies to join us in this effort. We emphasise the transformative role of the policies and actions of all governments, but also public and private stakeholders in creating the right enabling environments to support climate action and in integrating climate change into economic and financial decision-making processes. We also urge businesses and investors to join the Race to Zero, align their portfolios with the goals of the Paris Agreement and set science-based net zero targets of 2050 at the latest.

21 May 2021 at 11:04pm	More people protected from climate impacts We acknowledge with grave concern the impacts of climate change already being experienced worldwide, particularly by those most vulnerable to them. We commit to enhance, accelerate and scale up adaptation actions, including Nature-based Solutions, and to support the most vulnerable to adapt to and cope with the impacts of climate change and biodiversity loss, identified by plans at local, national and sub-national levels, including ambitious National Adaptation Plans (NAPs). We reaffirm our commitment to Article 9.4 of the Paris Agreement, which calls for the provision of scaled-up financial resources to aim to achieve a balance between adaptation and mitigation, taking into account country-driven strategies. This includes continuing to scale-up finance contributing to adaptation action. We highlight the important role of businesses, workers, investors, cities, women, Indigenous Peoples and civil society in mobilising action to support vulnerable communities. Finally, we call on all states and non-state actors to cooperate to enhance adaptation and resilience, including through the Adaptation Action Coalition, InsuResilience Global	Leah Unison

Partnership, and National Adaptation Plans Global Network, and for non-state actors to join the Race to Resilience Campaign to strengthen the resilience of 4 billion people in vulnerable communities by 2030, and to participate in the adaptation activities undertaken within the Marrakech Partnership for Global Climate Action. Recognising the importance of adaptation in our own national planning, we G7 members commit to submitting Adaptation Communications as soon as possible, and if feasible by COP26. We further affirm our commitment to a diverse and inclusive, gender-responsive, participatory and fully transparent approach, taking into consideration vulnerable groups, communities and ecosystems in the delivery of adaptation policies, plans, strategies and actions. As Climate and Environment Ministers, we acknowledge and fully support the work of the Foreign and Development Ministers' track to increase action on adaptation and protect more people from climate impacts, including the commitment to continue scaling up finance contributing to adaptation action.

21 May 2021 at 11:04pm	We reaffirm our commitment that our successive NDCs will represent a progression and reflect the highest possible level of ambition, in alignment with the Paris Agreement. Both our NDCs and LTSs will remain informed by the global stocktake outcomes and the best available science – particularly IPCC reports (including the forthcoming 6th Assessment Report), as well as IPBES reports. In preparing and implementing our NDCs, we reaffirm our commitment to public participation. We highlight the important and active role of all levels of government as well as businesses, workers, local communities, non-governmental organisations (NGOs), academia, Indigenous Peoples, youth and other non-state actors in driving ambitious climate action, including in a gender-responsive manner. We call for an enhanced Marrakech Partnership for Global Climate Action (MPGCA) to accelerate and broaden climate ambition and action in this regard, with improved tracking of its initiatives. We recognise the benefits of enhanced international collaboration in driving action in all sectors as part of an economy-wide effort.	Leah Unison
21 May 2021 at 11:03pm	Short-term action – building back better and more resilient through a net zero pathway Accelerating the transformation of the global economy towards a net zero pathway will depend upon securing a green, sustainable, resilient, inclusive and gender-responsive recovery from COVID-19 in a manner consistent with the 2030 Agenda for Sustainable Development, leaving no one behind. To accelerate progress towards achieving our Paris Agreement goals, we need to harness the significant opportunities for sustainable development – including green jobs and sustainable, resilient growth – by making investments in the recovery from COVID-19 that are aligned with pathways towards our respective enhanced Nationally Determined Contributions (NDCs) and 2050 net zero commitments, recognising the risk of stranded assets associated with high carbon investments. Medium and long-term action – guided by net zero aligned NDCs and LTSs We highlight with deep concern the findings from the IPCC Special Report 2018, and recognise the need to reduce the global level of annual GHG emissions to 25-30 Gt of carbon dioxide equivalent or lower by 2030 to put the world on track to limit global warming to 1.5°C above pre-industrial levels, in order to reduce the risk of catastrophic consequences of climate change. We commit to submitting long-term strategies (LTSs) that set out concrete pathways to net zero GHG emissions by 2050 as soon as possible, making utmost efforts to do so by COP26. We commit to updating them regularly, including to reflect on the latest science, as well as technological and market developments. We also note with concern the initial version of the NDC Synthesis Report prepared by the UNFCCC Secretariat which highlights that many parties are yet to submit new and updated NDCs. NDCs communicated by 2020 collectively fall far short of the ranges found in pathways identified by the IPCC, which limit global warming to 1.5°C or well below 2°C. We welcome the significantly enhanced ambition reflected in 2030 targets announced by all G7 members, which put us on clear and credible pathways towards our respective 2050 net zero GHG emission reduction targets. We note the important contribution these commitments make towards keeping 1.5°C within reach and in providing an unequivocal direction of travel for business, investors and society at large. Those of us who have not already done so commit to submitting our enhanced NDCs to the UNFCCC as soon as possible ahead of COP26.	Leah Unison
21 May 2021 at 11:03pm	Climate change A G7 committed to accelerating progress under the Paris Agreement We reaffirm our strong and steadfast commitment to strengthening implementation of the Paris Agreement and to unleashing its full potential. To this end we will make ambitious and accelerated efforts to reduce emissions to keep a limit of 1.5°C temperature rise within reach, strengthen adaptation to the impacts of climate change, scale-up finance and support, protect, restore and sustainably manage nature, and enhance inclusive and gender-responsive action. We affirm our commitment to work with these objectives in mind towards a successful COP26 in Glasgow and beyond. A net zero G7 leading a step change in mitigation There is a global imperative to pursue efforts to limit the increase in the global average temperature to 1.5°C above pre-industrial levels, recognising that the avoided climate impacts are greater at 1.5°C than 2°C, as stated in the IPCC's 2018 Special Report on Global Warming of 1.5°C. This will require meaningful action by all countries, in particular the major emitting economies, pursuant to continuous improvement in climate and environmental action to align with a pathway that keeps 1.5°C within reach. We, G7 members, will lead by example and each commit to achieve net zero greenhouse gas (GHG) emissions as soon as possible and by 2050 at the latest. We affirm the importance of taking domestic action to phase down hydrofluorocarbons (HFCs) and of pursuing further actions to enhance the benefits of the Montreal Protocol in ozone layer protection and tackling climate change, and call upon all countries who have not already done so to ratify the Kigali Amendment to the Montreal Protocol.	Leah Unison
21 May 2021 at 11:02pm	Leaving no-one behind We recognise the disproportionate impacts of climate change, biodiversity loss, and environmental degradation on the most vulnerable communities, people living in poverty and those already facing intersecting inequalities and discrimination, including women and girls, Indigenous Peoples, people with disabilities and other marginalised groups. We will increase our efforts to address environmental justice issues in order to make their voices heard and support their full, equal and meaningful participation in	Leah Unison

decision-making, recognising their critical role as leaders and agents of change, and adapting new and existing policies to support social justice, economic empowerment and achieving gender equality. We further recognise the need to protect the rights of Indigenous Peoples, as acknowledged in national law and international instruments, and respect and value their knowledge and leadership in tackling climate change and biodiversity loss. We are steadfastly committed to addressing barriers to accessing finance for climate and nature faced by women, marginalised people, and underrepresented groups and increasing the gender-responsiveness and inclusivity of finance. We reaffirm our commitment to implementing the 2030 agenda for sustainable development and its associated SDGs and taking action in support of the UNFCCC, CBD and the UN Convention to Combat Desertification (UNCCD) Gender Action Plans.

We will ensure that the transition to a net zero emissions and nature positive economy happens in a fair and inclusive way. This transition must go hand in hand with policies and support for a just transition for affected workers, and sectors so that no person, group or geographic region is left behind.

We call upon Multilateral Development Banks (MDBs), bilateral Development Finance Institutions (DFIs), multilateral funds, public banks, and export credit agencies to ensure that financial flows from these institutions are aligned with the goals of the Paris Agreement and support the objectives of international biodiversity conventions including the Convention on Biological Diversity (CBD) and the post-2020 global biodiversity framework, by increasing finance for nature and climate, and leveraging further private capital, in particular for developing countries and emerging markets. We call on MDBs, bilateral DFIs and other support providers to mobilise finance at scale by delivering on their climate finance objectives and targets, and nature finance objectives, making them more ambitious, and mainstreaming climate and nature into their analysis, policy advice, decision-making and financing. We further call on all MDBs to publish, before the UNFCCC COP26, a plan and date by which their operations will be aligned with and support the goals of the Paris Agreement, and encourage them to sign a joint statement committing them to mainstream nature across their operations as appropriate. We also urge the MDBs to commit their private sector arms to pilot and scale up private finance programmes for nature and climate, in particular in under-funded sectors like adaptation and resilience and Nature-based Solutions.

In the context of building back better and achieving a global green recovery from COVID-19, we acknowledge the particularly significant impacts faced by developing countries and that increasing debt burdens can constrain fiscal space and the ability to provide stimulus for a green recovery alongside other development objectives, including access to clean and sustainable energy for all. We recognise that macro and fiscal policies, a free, fair and rules-based multilateral trading system, international initiatives and domestic efforts to create an enabling environment to mobilise private finance, offer a powerful tool to both transforming and revitalising economies. We thank Professor Lord Stern for his work and note with interest his paper on “G7 Leadership for Sustainable, Resilient and Inclusive Growth and Recovery” as commissioned by the UK G7 Presidency. We welcome the discussions of Finance Ministers on supporting a global recovery and their role in enabling a smooth transition to net zero, addressing biodiversity loss, and mobilising the private sector.

We reiterate that achieving our collective ambitions will require all sources of finance: public and private, domestic and international, including innovative sources. We commit to using all relevant sources, tools and approaches, including Official Development Assistance and other sources of finance, to support and accelerate global action to tackle climate change and conserve, protect, restore and sustainably manage nature and the environment. We underscore the importance of a predictable investment environment and clear public policies and strategies in facilitating the alignment of global and national financial flows with these objectives, and as such, welcome the UK’s incoming United Nations Framework Convention on Climate Change (UNFCCC) COP26 Presidency’s ambitious efforts as they relate to mobilising private and public finance. We are each working intensively to increase the quantity of finance for climate mitigation and adaptation actions, including for Nature-based Solutions, and are committed to increasing its effectiveness, accessibility, and where possible its predictability, and call on others to join us in these efforts. In conjunction with these efforts, we are working intensively towards increasing the quantity of finance to nature and Nature-based Solutions. We reaffirm our commitment to the collective developed country climate finance goal to jointly mobilise US\$100 billion annually by 2020 through to 2025 from a wide variety of sources, and welcome the commitments already made by some of the G7 to increase climate finance and look forward to new commitments from others well ahead of COP26 in Glasgow. We will promote enabling environments to mobilise private finance towards these efforts while also enhancing action from the international community to support the poorest and those most vulnerable to climate change, biodiversity loss, and environmental degradation. We are committed to further enhance synergies between finance for climate and biodiversity and to promote funding that has co-benefits for climate and nature.

Tackling the twin crises of Climate Change and Biodiversity Loss
We recognise the critical role the ocean and seas play for biodiversity and in regulating the Earth’s climate, absorbing over 90 percent of all excess heat in the Earth’s system and between 20-30 percent of all anthropogenic carbon dioxide emissions since the 1980s, providing a home to up to 80 percent of all life on Earth, and a healthy ocean is central to the livelihoods of more than three billion people. We therefore commit to increase efforts at international, regional and national level, to conserve and sustainably use the ocean, thus increasing its resilience.

Leah Unison

We recognise the critical role of our world’s forests as home to most of the world’s terrestrial biodiversity, reducing our vulnerability to climate change impacts, improving our adaptability and resilience, and acting as key carbon sinks with tropical forests capturing and storing up to 1.8 GtCO₂ from the atmosphere every year. We recognise deforestation and forest degradation as a significant cause of climate change. We commit to urgent action to conserve, protect and restore natural ecosystems including forests and habitat connectivity and promote sustainable forest management. We also commit to implement decarbonisation pathways that do not cause further biodiversity loss or deforestation.

We recognise the crucial role of Nature-based Solutions in delivering significant multiple benefits for climate mitigation and adaptation, biodiversity, and people and thereby contributing to the achievement of various

Sustainable Development Goals (SDGs). Such benefits include, among others, improving air quality, water quality and availability, soil health, storm and flood protection, disaster risk reduction, and alleviating and preventing land degradation. Nature-based Solutions can also provide sustainable livelihoods through protecting and supporting a wide range of ecosystem services on which the world's most vulnerable and poorest people disproportionately rely. We therefore commit to strengthen their deployment and implementation. We stress that Nature-based Solutions do not replace the necessity for urgent decarbonisation and reduction of emissions, but are needed alongside these efforts. In addition to action on the ocean and forests, we commit to take urgent action across ecosystems, including soils, grasslands, savannah, drylands, wetlands, coral reefs, rivers, lakes, coastal dunes, peatland, seagrass beds, mangroves and saltmarshes, whilst ensuring that relevant safeguards are in place.

21 May 2021 at 11:00pm	We recognise these are global challenges which require urgent and ambitious global action at all levels. We reaffirm our commitment to international cooperation and multilateralism, and will work collectively to implement fully our national and international commitments. In this critical year of action we recognise the need to increase global ambition and enhance collaboration, underpinned by the most ambitious sub-national, national and international action. We call on all countries to join us in action. The COVID-19 crisis has reinforced the importance of science and evidence in government policies and decision-making. Recent assessments by the Intergovernmental Panel on Climate Change (IPCC), the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (IPBES), the International Resource Panel (IRP), and the UN Environment Programme (UNEP) have documented that rapid and far-reaching transformations across all sectors of society and the economy are necessary to tackle climate change, environmental degradation and biodiversity loss. Recalling the outcomes of previous G7 meetings on Earth observation systems, we recognise the important role of research and systematic observation to provide information on the state of the planet and support and guide action to address climate change and conserve, protect and restore essential and biodiverse ecosystems. We will ensure our domestic action and international commitments are informed by the best available science and will support others wishing to enhance their evidence-based policy-making processes by sharing our experiences and best practices.	Leah Unison
21 May 2021 at 11:00pm	Joint commitments We, the G7 Ministers responsible for Climate and Environment, met virtually on 20 -21 May 2021. As we continue to address the ongoing pandemic, we acknowledge with grave concern that the unprecedented and interdependent crises of climate change and biodiversity loss pose an existential threat to nature, people, prosperity and security. We recognise that some of the key drivers of global biodiversity loss and climate change are the same as those that increase the risk of zoonoses, which can lead to pandemics. We highlight that urgent and concrete action is needed to move towards global sustainability, further mitigate and adapt to climate change, as well as halt and reverse biodiversity loss and environmental degradation. We recognise that climate change and the health of the natural environment are intrinsically linked and will ensure that the actions we take maximise the opportunities to solve these crises in parallel. We will do this by building back better from the pandemic, and we stress our determination to put climate, biodiversity, and the environment at the heart of our COVID-19 recovery strategies and investments. In doing so, we will transform our economies to promote sustainable development, deliver decent green jobs and build resilience. We will also accelerate the clean energy transition, improve resource efficiency, including by reducing food loss and waste and promoting a circular economic approach, transition to sustainable supply chains and mainstream nature, including biodiversity, and climate into economic decision-making. We will help set the world on a nature positive and climate-resilient pathway to bend the curve of biodiversity loss by 2030 and to keep a limit of 1.5°C temperature rise within reach by making our 2030 ambitions consistent with the aim of achieving net zero emissions as soon as possible and by 2050 at the latest. This 3-module learning package introduces the context for the need for a coordinated global response plan to the COVID-19 outbreak and provides the required guidance to implement the Operational Planning Guidelines to Support Country Preparedness and Response. By the end of this course, the appointed UNCT lead planners and relevant partners should be able to assess and fill in capability gaps to respond to the COVID-19 outbreak.

It will take approximately 1 hour to complete Modules 1 and 2 and another hour to complete Module 3.

A Record of Achievement will be available to participants who score 80% or higher in the cumulative course assessment for both Modules 1 and 2. Module 3 is free of any certification.

Please participate in the course discussion board to share experiences and to gain insights from other experts working in this field.

If you are having trouble in accessing the online platform or have any feedback about course content and delivery, please contact us through OpenWHO help desk.

This website is completely separate to his U.K. G7 site with his pals in England...this other website consists OF ALL THE POLITICIANS IN THE WORLD THAT ARE SHAMELESSLY EXPLOTING POOR PEOPLE THROUGH DISEASE AND CONFUSING THEM WITH THEIR Press conferences and their self importance whilst proudly announcing on their website that they will be TAKING INTERNATIONAL TRIPS throughout the year at least once a month TO WORSHIP THEMSELVES AS WORLD LEADERS WHILST EXPLOITING US ALL IN THREAT OF REOPENING SOCIETY OR LOCKING IT ALL DOWN AGAIN!

On their website it looks like they have one heck of A ONE YEAR HOLIDAY PLAN SET FOR THEM TO PRETEND TO HELP PEOPLE in their televised and professional announcements.

WHILST BEING ACKNOWLEDGED AS TAKING HOLIDAYS IN VERY EXPENSIVE DESTINATIONs THAT US POOR FOLKS COULD NEVER GET TO GO TO...at least not with a plan like these SPECIAL HOLIDAY MAKING WORLD LEADERS THAT PEOPLE ONLY JUST HEARD existed NOW...

According to the website... the U.K. politicians call themselves the G7

And the Italian politicians call themselves the G20

All the politicians worldwide sectioned themselves in to groups with their country's and called themselves a letter G WITH A NUMBER NEXT TO IT

SO THAT PEOPLE KNOW THEY ARE SOME TYPE OF POLITICAL GANG

Either way you would know that these people unite

And their website really really shows they have a taste for the finer things and places in life...and will do what it takes to help each other get there

This is so disgusting

They want to stress to the public the disease and I bet they only are reopening to get to take their holidays

while expecting they will not catch covid-19 and die 😞

19 May 2021 at 3:06pm	Happy birthday to me for tomorrow 🎂 You know what I have realised over the years growing up Is that people are just mimics of what they hear in their minds...and passing their negative practices in their thoughts off to society as projects they can sell...and they all mentally gang up on everything and everyone and enforce people to respect what they do and have it known to call their undiagnosed psychotic ideas professional ...and that's how they bring people down with them psychotic to have them believe in mimicking their own psychotic minds as a way to sell something to people to bring the next batch of potential psychotics in to the game. Therefore it's a little concerning when people know they are mimicking their mental health issues and making it worst then what it is and then knowing they are behaving this way because they are heavily under the influence of Music Television And film Even if they don't watch or listen to it They are posessed and aware But it's unsettling to know people don't care and somehow they get to own a home and people like me that practice awareness of myself and others can't touch a mortgage or ever own a home because the psychotic negative mimics of society guard money and homes with their life's. So happy birthday to me for tomorrow! And cheers 🍷🍷 to the way I'm 30 years old with no home and I don't own anything and I have no accomplishments that I can brag about to psychotic mimics of society to get what I want. But at least I am not a respectful PUPPET begging peoples ways that don't help me...whilst pretending I don't know what I know 🙌	Leah Unison
19 May 2021 at 12:15pm	Now dalila boutarfa benaissa is being disgusting and not agreeing to attend the doctors And nidhal benaissa is trying to create his own laws as to justifying my mother for her laziness and negligence to herself and to everyone around her. So I tried to help this morning. And I knew it! Forget it then...this is not my problem! I told dalila boutarfa benaissa where to go and register so it's up to her I don't care anymore I give up! 19 May 2021 at 10:43am	Well I gave my mum her own smart phone last week And set up her new phone number and she has not even tried to know how to use her smartphone and doesn't care to learn how to use it. She has just been leaving it switched on then asking me why the phone died.... My mum has money and lays on the kitchen floor not wanting to top up her new phone to activate it and activate her own life on her phone away from my dads phone. And dalila boutarfa benaissa keeps being told by the psychiatric hospital to just register herself with a gp / doctor And she just ignores them every time they tell her and doesn't want to ask the doctors/gp herself... I don't see why she doesn't try to register herself with a doctor because she has consultation letters from her psychiatric treatments instructing her to do this...she can just show the gp/doctors and they would be compelled to register my mother as a patient due to psychiatric instruction of the nhs to do this...her illegal immigrant status doesn't matter.. but don't be fooled because dalila boutarfa benaissa knows this...and acts incompetent but when there is help...for example someone like me offering to take her through the stages of what she claims to find difficult... I assure you she doesn't want the help. I'm having problems asking the doctors for her...because the second my mum senses people want her to do any form of work or show up somewhere to an appointment She pretends she doesn't speak English or understand. And exploits her bladder problems as a way to not go out and she just try's to have people come to her... Honestly I don't know how to motivate her... I gave her a new phone And gave her new blanket to keep her warm and did things for her Bought her a portable DVD player to watch movies and entertain herself (this one I purchased when I was working) She doesn't even use it. She just talks to the voices in her mind And I hear her calling me FAT discreetly as if she is talking to someone But nobody is there. I even gave my mum handbags clothing I don't know how to motivate this woman to try to begin to contribute. My dad cannot do this way of life all alone any further like he has done these past 20years whilst she didn't care. Maybe my dad was injecting his insulin like crack last year and not eating because he was making a physical statement to this situation that my mum might need crack or meth or cocaine to feel somewhat happy or inspired to do something! 🤔 Well it helps me to expose this because it helps me not get involved or start arguments FYI I am being sarcastic about the drugs I would never bring that in to my mums life and neither would my dad Im just being a b*tch about my mum cos nothing motivates her She is basically a drug case to everyone....without the drugs I wish she would just at least pretend to care physically and do more things if she is going to stay in U.K. and I know my dad would want her to get her life on track because they are old and the games have to stop between them!	Leah Unison
19 May 2021 at 9:13am	And I suppose my dad surrenders to the voices in his mind and exploits mental illness in his life to bully people nowadays because he has probably tolerated this behaviour from my mother all these years whilst she was surrendering her intelligence and her energy's to the mental illness to just spend years laying in bed or in the floor hearing voices....watching and hearing him working alone. I suppose years of my dad witnessing this behaviour from my mum Made him get ideas to try my mums mentality on people like me to see if it gets him half the relaxation it gets her...	Leah Unison
19 May 2021 at 9:09am	I know that nidhal benaissa had enough of my mum though Because my mum has not been working for over 9 years and just living off of him So I know that my dad blames my mum for the converted garage and for this way of life that we have to tolerate living in squalids and hazardous housing...because my dad knows that my mum gave in to her mental illnesses years and years ago and used it as a way to survive in life to get to stick around in my dads life and she expects to just play dumb and exploit her illegal immigrant life in England and pretend she doesn't speak good English so that nobody can ask her to do anything for them.(she even does that with me when I ask her to be productive) So I suppose if my mum did find work like my dad in the 20 years she had lived in the U.K. illegally or if she even just learned his business and helped him and then started thinking her own ideas and plans then nidhal benaissa would be right... At the end of all these thoughts In actual fact we all live in a converted garage today because my mum couldn't be bothered the whole time she was in England And I suppose my dad is getting old and doesn't like this old woman putting his lifestyle down with her mental disorder as an excuse to live off of him whilst putting him down as well to keep him down where he is and never allow herself to get up and help and combine her efforts with his to live better.	Leah Unison
19 May 2021 at 8:59am	Managed to scrape some sleep last night But so exhausted 🤔 Kept my thoughts and anger on this journal About my parents as a way to control arguments and not start arguing with them.	Leah Unison

19 May 2021 at 3:04am	Cant sleep because nidhal benaissa and dalila boutarfa benaissa Are negative because they want the lockdowns and are unhappy with the reopenings so they are spending tonight snorting obnoxiously to keep me awake whilst talking to the voices in their minds in whispers (creating concern within me as to their mental state to keep me awake) And the way that they are talking to the voices in their minds....they are malicious in doing this psychotic behaviour and implying talking about me so that I overhear them...and listen to them and can't rest! PERFECT!! Just what I need Psycho parents reactivated because they want the world to stop again so they exploit the covid-19 like everybody else is right now... So I understood tonight that my parents were only being nice and a bit better to me recently because there was lockdowns and now that there is reopenings going on They are going back to their old ways! Oh perfect! FANTASTIC FUCK OFF TO MY PARENTS I HOPE THEY DIE OF COVID FOR TRYING TO EXPLOIT IT in order TO find ways to WRONG me if they find out the disease doesn't end the world. Uuggghh I'm surprised with faith like theirs to only be nice in the middle of covid-19 global disease lockdowns That they are not bible bashers or something... They have too much influential help looking normal I'm telling you.	Leah Unison
18 May 2021 at 6:19pm	Today khalid mirs children got a visit from their social worker And the social worker asked my dad nidhal benaissa To accompany khalid mirs children to an organised one hour contact meeting with yasmin Mir this Saturday. 🤔 Well of course nidhal benaissa agreed to do it Because nobody else could or would help. I was asked to do it...but I'm like....oh HELL NO....I don't get involved with other peoples children and family life...I guess nidhal fell off and had to get somewhat involved because I suppose this is another way he is taken advantage of...as an undocumented migrant person with no form of identification whilst having to be paying the rent in the U.K. so now...he has to do extra work for his Landlords Isn't that slavery under some type of section or act in legislation? 🤔	Leah Unison

18 May 2021 at 4:50pm	Hmm also what else I find interesting is...is that the U.K. gov really has been posting on their website as to their progress everyday in the country but...the politicians and media have been roaring that the U.K. has been receiving international shipping's of covid-19 vaccines to the U.K. from all kinds of countries However nobody but politicians and people in the public health department have been swearing to this happening as of now...but if it was happening...then somebody would have posted online on the U.K. government website as to all the information available about international schedules of import/export of all covid-19 vaccines in and out of the United Kingdom But there is nothing...absolutely no international delivery schedules posted on the government website	Leah Unison
18 May 2021 at 3:31pm	Interesting....the newspapers and tabloids/media Went from this morning posting online and exposing doubts about the reopening being safe due to new threats of coronavirus...and now throughout the day the media/tabloids newspapers are boasting and posting that the reopening is good to continue and they are broadcasting confidence in their confused state of mind Posting news in the morning and then completely posting the opposite news throughout the day. It seems the media and the tabloids news/newspapers don't know what's going on.	Leah Unison

15 May 2021 at 4:13pm Khalid Mir came in to the converted garage just now telling nidhal benaissa that
He thinks that yasmin Mir living in a government apartment not wanting her children around her is her way of
selling the children off to the foster care/social services system.
But khalid proceeded to say that if that ever happens that he will move my parents and I in to the main house
And told me which room I could stay in on my own and promised he would not charge me anything for the
privacy and that he would keep the rent the same for my mum and dad
And then khalid Mir told my dad that he would be the one having to be living in the converted garage to
refurbish and do maintenance works in here to make it more of a home instead of leaving it a squalid garage
area that he rents to my parents.
Hmmm.....let's see about this...we will see if khalid is for real or if he is just high on cannabis

14 May 2021 at 12:10pm	This is probably why Brexit IS TAKING so long Because of boris Johnson and his friends/ politicians abroad Wanting to exploit this covid-19 disease AND LOCKDOWNS And create global holidays for themselves to TRAVEL AND worship themselves as world leaders...so I'm not surprised that these trade deals are taking boris Johnson and friends so long to finish with regards to Brexit...because the European politicians are DELAYING THINGS AND EXPLOITING BORIS AND HIS NEW FOUND FAME THROUGH THERESA MAY AS A METHOD TO tricking the U.K. to keep BORIS JOHNSON ILLEGALLY as prime minister AND TO KEEP HIM BUSY SO THAT THE U.K. CANNOT FOLLOW VOTERS PROTOCOLS TO HAVE HIM REISSUED with a new contract...all of this so that the European Parliaments witness this inside political chaos in England to have boris Johnson's Brexit work criminally begin to work against his country so that the European politicians overcome politics in England for the way that the politicians in the U.K. allowed so much time to be wasted and allowed themselves to be misguided by foreign politicians to break their own legislations in the U.K. but I suppose they don't care because of the covid-19 and peoples mental health going downhill they all expect NEW LEGISLATION AND LEGISLATORS TO DELIVER NEW PROTOCOLS and laws as to politics etc SINCE Everyone with sanity and validity after this global pandemic would RECOGNISE THE OLD and current protocols and laws WERE NOT FOLLOWED DURING DELIVERING BREXIT. So really this is obnoxious of parliament U.K. because they really don't care for the opinions of the surviving mentally ill people after this pandemic So ultimately this country is not UNITED ENOUGH TO DO POLITICS AND GOVERNMENT THE ATTITUDE IS DESPICABLE IF THEY WERE LAZY THIS WOULD BE WORKABLE BUT THIS DISGRACE IS ENERGETIC AND HATEFUL AND IGNORANT	Leah Unison
14 May 2021 at 12:01pm	Correction to last post.... Boris Johnson's world leader holiday fest In Cornwall on June 2021 NOT 2022	Leah Unison
14 May 2021 at 11:59am	(https://en.m.wikipedia.org/wiki/Next_United_Kingdom_general_election) According to the government and the internet the next prime minister election will be on Thursday 2 May 2024 That is not legally possible Because boris Johnson was not prime minister off of the people and off of the votes of the nation.. He simply borrowed Theresa may's prime minister contract to get to deliver Brexit! And that was back in around 2018... It is now 2021 So if the next elections are not until 2024 Then boris would have been prime minister for 6 years or so and that's unheard of... And he would have done this Off of Theresa may's contract and her votes which would have legally only been validating her as prime minister if she didn't step down...for 4 years only as her duty as prime minister of U.K. And then theresa may would have needed to be voted in again as prime minister to get to continue the type of years that boris Johnson is doing! The politicians are clearly exploiting the covid-19 and the pandemic to bend rules and laws here. They are clearly taking advantage of the nation and their mental health and the way people are busy in their poverty and can't focus on the corrupt politicians and the unlawful new guidelines they are setting for new members to practice and continue! This government is free-styling politics and mocking us all for Brexit now this is disgusting... I thought boris Johnson's world leader vacation in Cornwall in June 2022 with the European politicians flying in to England was a mockery But this new version of elections here with prime minister doing what he/she wants for over 4 years is unheard of! Former prime minister tony Blair would not laugh at this mess! Because his career as prime minister was a bit more lawful than this mix up between boris and Theresa may and the next upcoming prime minister	Leah Unison

5 May 2021 at 2:44pm	The national anthem of the U.K. is a song saying on the song lyrics to Save the Queen of England. Hmmm if my theory is true as to what's going on today with covid-19 and Boris Johnson and politics Then this would be me exposing people and the citizens of the United Kingdom for not saving the Queen 🤔 🤔 if anything happens to Elizabeth and her family... The words of the National Anthem are as follows: God save our gracious Queen! Long live our noble Queen! God save the Queen! Send her victorious, Happy and glorious, Long to reign over us, God save the Queen.	Leah Unison

Thy choicest gifts in store
On her be pleased to pour,
Long may she reign.
May she defend our laws,
And ever give us cause,
To sing with heart and voice,
God save the Queen.

So why does the U.K. national anthem say to save the Queen???
Hmmm🤔🤔🤔

5 May 2021 at 2:40pm	And what's next? Boris Johnson inviting the Russian president to his illegal G7 world leaders club to discuss the details of the murders of the Russian royal family the Romanov to get mental inspiration... Maybe Boris Johnson wants Russian influence in his life to get confidence to persuade his strange European government connections to have the royal family mysteriously killed so that they are out of the way because I'm sure they know things about this and just gave up because nobody exposes anybody nowadays. Hmmm what will Boris Johnson do next?? Well...I don't laugh at how unprofessional the governments are globally And I am not laughing at the way that boris is diluted and is pushing people back to their life's with strange fake death statistics from scientists that probably had to lie for Boris because he may have some European trash criminal connections to make people kidnap or kill the royal family to trick the U.K. to rely on him as their leader since he has been talking so much on the press and making so many announcements these past few years that the British public would just keep him empowered because of the strange loss of the royal family. And it's too much work to have someone new talking on the parliament. Boris is just so diluted that he is reopening and announcing his social plans and holidays with strange politicians from abroad and thinks that nobody will expose him 🤔🤔 Ummm....Boris Johnson needs to understand that HE HAD TO PAY FOR SILENCE . SILENCE IS NOT FREE... just because I'm claiming benefits living in a converted garage poor I don't know why people believe that poor people don't need paying off 🤔 when they are trying to do strange things to become some kind of world leader LOOOL AND EVEN IF PEOPLE LIKE ME ARE PAID FOR SILENCE AND SECRECY.... BECAUSE OF HOW STUPID AND DILUTED BORIS IS BEING IN HIS CRIMINAL LIFE IN POLITICS SINCE HE WOULD GET CAUGHT ANYWAY...I suppose he would be exposed even if he did pay for secrecy Regardless....🤔🤔🤔 the way that people do things for power and importance and think that poor people love being poor and respect....and just won't tell 🤔 Criminal life is not for everyone boris	Leah Unison
----------------------------	--	-------------

5 May 2021 at 2:24pm	Hmmm...it's no coincidence that according to government data online the government says that the covid-19 death counts severely dropped And these days under 50 people die of covid-19 as of now....I think these death counts are lies of the government because Isn't it just really funny that suddenly everyone is so safe and can go back to their life's But this is the thing...I think that they are trying to lift the covid-19 restrictions on time for these Corrupt political holidays that boris Johnson is arranging for other prime ministers and presidents throughout the year to worship themselves as world leaders through exploiting covid-19 and the public by creating their own death statistics through scientists that lie for them because nobody knows and maybe they are blackmailed...the politicians would need hospitality and hotels for their work and vip breaks to unite together the G7 world leader company So I think that the death statistics are FAKE TO CREATE A REOPENING SO THAT POLITICIANS CAN DO THEIR WORKS IN HOTELS ...but non of this is possible for the politicians without the U.K. politicians doing the the dirty work and lying to foreign government about U.K. government funding and support for G7 world leaders summit in order to deceive foriegn government presidents and prime ministers to join the G7 world leader club! BORIS IS QUICKLY LETTING US ALL GET BACK TO OUR LIVES SO THAT THE HOTELS AND HOSPITALITY CAN BE READY TO SERVE HIS INTERNATIONAL PUPPET POLITICIAN FRIENDS AND BORIS NEEDS TO WORK FAST AND REOPEN YOU ALL BECAUSE HE NEEDS YOU ALL BUSY AND NOT THINKING ABOUT WHAT HE IS DOING BECAUSE HE NEEDS THESE FOREIGN POLITICIANS TO FLY IN to the U.K. AND LOCK IN THEIR MINDS AND INFLUENCE them TO DO THINGS FOR HIS NEW CLUB TO eventually WORSHIP THEMSELVES QUICKLY BORIS!! Before the U.K. government find out your lying and exploiting government logos and website credentials for your new political company telling foreign presidents and prime ministers that the United Kingdom sponsor you to do this world leader group to help the world recover from the sickness you all conveniently lie to the public is safe just for your hotel fun and hospitality slaves to treat you lovely on your holiday spirit 🤔🤔	Leah Unison

President of the USA joe bidden wants a slice of the world leader action and I suppose this grand COVID-19 reopening and assurance from the U.K. government that it’s safe to reopen everything and get everyone working again.. is all because of these aspiring world leaders wanting their hotel fun party with Boris and his vip 2 day world leader ritual brainwash holiday to celebrate and worship themselves...and also to mock the public for the way they lied to the public about covid-19 under control all to get some hospitality and hotel accommodation and service so that they can laugh at whoever dies later for the way they lied and had a good time.
Oh boris ... 🤔

5 May 2021 at 1:37pm

Leah Unison

Boris Johnson is committing criminal activity to the core nowadays and on his G7 world leader website He is exploiting the U.K. government logo as if to imply that the U.K. government is backing and funding his organisation and making him and his pals in other countries world leaders legally!
I CANT BELIEVE THAT THE U.K. GOVERNMENT HAVE NOT PUT HIM IN PRISON OR EVEN CARED TO ARRESST HIM FOR TAKING ADVANTAGE AND LYING TO OTHER COUNTRY LEADERS THAT HE HAS THE FULL BACKING OF THE UNITED KINGDOM GOVERNMENT FOR HIS G7 world leader importance company that states it plans to help the world get stronger!!! Hmm how boris? off of lying and taking advantage out of a U.K. government website which boris has full access to post what he wants and make it look like he did not do it... to self promote when no one notices and breach U.K. government copyright by using the queens government logo to lure international idiots in politics that want power off of his attempts to create a world leader group stronger than current government..until boris gets whoever he needs on his side 2 get away with it.
I cant believe nobody has prosecuted/ disciplined boris Johnson as well for his corrupt behaviour and actions that destroyed USA and British soldiers LIFES in Afghanistan cost them their jobs and cost U.K. and USA military employment contracts with Afghanistan Gov.the way that boris didn’t care to protect the U.K. and follow standard protection protocol to protect all citizens and country when their is a military contract loss or issue in another country by locking the nation completely down
Even joe hidden is an idiot because he is pretending as well that he doesn’t know that this happened and I actually understand why.
On the White House president website USA
It states that joe bidden the USA president will be joining boris Johnson’s world leader summit holiday in Cornwall and enjoying himself and is being hopeful that this works for them and the world suffers covid-19 and completely believe and rely on G7 global world leaders guidance even though these so called world leaders barely have experience and nobody knew who they were
Until they just started politics
So I’m sure they will be so helpful 😊

So what is boris Johnson going to do now??
Kidnap the royal family so that he can just live in the prime ministers apartment and keep his title and job forever?? based off of what he is doing now with his international global world leader dreams+crime
He would have to be able to keep his job as prime minister for a very long time to continue this strange worship for his company to make himself someone very important after covid-19
And well...the only thing he can do is
Hold the Queen of England hostage and blackmail his way to stay as he is
And hope nobody finds out
And maybe even have the royal family U.K. killed in secret just like the Russian royal family in Russia
The famous story of ANASTASIA
WELL...dream big boris Johnson
People are watching you 😊

5 May 2021 at 12:39pm

Leah Unison

I think boris Johnson
And his swanky new international political team
Are going to have a luxurious time at their
Event of world leaders at the
Carbis Bay, Cornwall
It doesn’t say where boris Johnson booked the hotel event to take place.
But I hope they feel so important and prestigious and I hope when they get back to london everyone believes they will save the world

And become official BRANDED SUPER GOVERNMENT INTERNATIONAL LEADERS JUST LIKE THEY ARE SAYING THEY WANT TO BECOME
WHILST THEY EXPLOIT THE OFFICIAL U.K GOVERNMENT WEBSITE and post their importance and illegally LINK THE U.K. GOVERNMENT BUSINESS TO BORIS JOHNSONS WORLD LEADER BUSINESS TO IMPLY THE U.K. IS A PART OF THIS SUPPORTING THIS...and this is all
TO TAKE ADVANTAGE OUT OF COVID-19 and INVOLVE THE U.K. GOVERNMENT BUSINESS through the distraction of the global pandemic by advertising boris Johnson and friends with their global heroic plans when I read on the NEWSPAPER / press story's yesterday
That boris Johnson actually cost the U.K. and the USA military soldiers their operational tours in Afghanistan and corrupted them to be fired and sanctioned and put out of their military contracts with the Afghanistan army !!!
This is all because Afghanistan government found out boris Johnson was holding serious press conferences in the U.K.
Pretending to do TIGHT LOCKDOWNS AND LYING THAT ALL AIRPORTS AND SHOPS WERE CLOSED AND THE AFGHANISTAN GOVERNMENT SOMEHOW FOUND OUT THAT ALL AIRPORTS IN U.K. WERE OPEN AND THE LOCKDOWN FOR COVID-19 was a absolute LIE FROM BORIS JOHNSON.
And then I understood he knew he successfully did that to both U.K. and USA military and then did not follow country protocols by defending the U.K. and shutting down absolutely everything to imply defence and protection for the U.K. from Afghanistan to then proceed to fix his mistake with the USA and U.K. via Afghanistan ...nooo but boris is a little bit special...instead he focuses on world leading promising to heal people's life's through covid-19
All you have to do is wait for him and his political friends to enjoy their holiday in Cornwall in June 2021 first

5 May 2021 at 12:20pm (https://www.g7uk.org/what-is-the-g7/) Leah Unison

In June, Prime Minister Boris Johnson will welcome fellow G7 leaders to one of the most beautiful parts of the UK: Carbis Bay in Cornwall.

Other parts of the region will also play a key role in the Summit, including neighbouring St Ives, Falmouth and Newquay airport.
With over 400 miles of coastline, Cornwall's stunning landscape provides a perfect setting for world leaders to come together and discuss how to respond to global challenges like coronavirus and climate change.

The Summit will also provide the best of Cornish hospitality for leaders, delegates and the world's media. It will involve the whole of Cornwall, boosting local businesses and showcasing this unique part of the UK to the world.
Cornwall is a region in the South West of England, and the most southerly point of mainland Britain. It retains a distinct cultural identity, including its own language and traditions, and is recognised as one of the six 'Celtic nations'.

Oh boris Johnson
What a hero you will become and how convenient for boris Johnson to have all of this U.K. government backing for his world leader aspirations (maybe people in the government support his strange world leader organisation because they want to travel and can't push for that only supporting the U.K. government) 😊
GEEKS
BUT THIS IS NOT FAIR TO DO ALL THIS ATTENTION FOR BORIS JOHNSON Just before someone else is supposed to be elected prime minister of the U.K.

That is not fair the next prime minister who nobody will listen to or care about because of boris Johnson's strange new found FAME
internationally with other leaders of other country's!

5 May 2021 at 10:52am And when boris Johnson rules the world through his new political company supported by a selected few BRAND NEW MEMBERS OF PARLIAMENT WORLDWIDE. That nobody has really ever heard of (THEY ALL DONT REALLY HAVE MUCH EXPERIENCE) but boris Johnson as a self made world leader now after finishing both his legal prime minister contract with U.K. parliament and his housing tenancy with parliament...I think boris Johnson is trying to make people forget that he is currently overstaying in his prime ministers fully furnished apartment provided by the U.K. government FREE OF CHARGE Leah Unison

Other prime ministers are asked to move out when they are not in a active government work contract...but not boris Johnson 😊 (compliments of Parliament)because boris Johnson understood he could just exploit the U.K. government website to distract people from noticing that he really needs to be moving out of the

U.K. parliament apartment that he was given to live in for his work contract (when his work was active)..and boris Johnson continues to keep busy in his swanky London apartment free of charge NO RENT so he is completely available to promote his own work and global takeover plans and promote his own friends as serious people that work with him and all of this is for free! on government funds thanks to parliament that want to join boris and his global fantasy of exploiting Covid-19 and the pandemic
To combine this with politics so that they can brainwash the world to believe that boris knows what to do and everyone follow him and it's ok

Because England let him overstay in the prime minister apartment with no active work contract while boris completely ignores the Queen and what she has wanted him to do..all for his world leader aspirations...quickly boris!!!

Make a world leader out of yourself before the government notice you need to move out and pay rent again and there's no free political support to exploit for your new world leader group after your life as prime minister...

Boris Johnson sees nothing wrong with what he is doing...It's not like he is in a cult group looking to kill people in secret rituals to be rich...that's what he would be thinking...so I suppose it's ok to post your own civilian government on a proper government webpage if your a good person like boris Johnson 🤔🤔🤔.. and then .he will take regular holidays to the sun and fly there himself 🤔(sarcasm)

I think boris Johnson is confused...
He is A U.K. prime minister that finished his contract with parliament and is only helping out at Parliament U.K. with extra work due to global pandemic...a new prime minister cannot be elected due to so much going on.
But I can see that boris Johnson has set up some kind of PRIVATE GOVERNMENT WITH CERTAIN LEADERS FROM EU
AND I think he let the BREXIT get to his ego and head to the point I think he believes he is some type of world leader now 🤔🤔🤔
This is the G7 world leader summit website

Well...so many soldiers are abandoned by the ministry of defence U.K. in Afghanistan
And the mod don't care because they work operations with the afghan army
To FAKE RECRUIT ASPIRING SOLDIERS TO PROMISE THEM A COMPLETED TOUR OF DUTY AND SALARY for serving in Afghanistan.
BUT THE AFGHAN ARMY ARE SMART
AND KNOW THAT THE MOD DONT WANT THE SOLDIERS they newly hired TO COMPLETE THEIR TOURS / contracts AND GO HOME AND GET THEIR MEDALS and money.
BECAUSE NOBODY CARES TO KNOW HOW MUCH THE MOD REALLY HAS IN THEIR BUSINESS ACCOUNT.
Nobody has verified the mod and its funding.
The afghan army are clearly not a real business of government in Afghanistan because they have been understood as terminating contracts of thousands of U.K. British soldiers
And these soldiers have disappeared never seen again.the mod should be investigated by watchdog or police as to how many soldiers they DID NOT PAY FOR SERVICE IN AFGHANISTAN due to afghan army finding excuses to terminate contracts to assist the mod
To help the U.K. keep their money+exploit soldiers 4 free +blame them for unprofessional behaviour +misconduct on operations.
THE MOD HAVE A REPUTATION FOR NOT WANTING TO PAY THEIR SOLDIERS for work AND WILL FIND EVERY EXCUSE TO NOT PAY THEM...they will even exploit them to enjoy working abroad risking their life's and then ask their afghan army accomplices to make the rest of their employees service impossible to complete and to find ways to terminate soldiers contract and blame soldier so that mod are not liable for not paying the soldier.
The Afghanistan operations that the U.K. involved in I heard is no act of heroic duty to anybody it's just a psychopathic way of MAKING MURDER LEGAL and doing it in a way that makes the person with a weapon/gun uniform
Look like they are government to help.
It's disgusting to know that the ministry of defence discreetly work with afghan army to make sure soldiers on tour for U.K. gov are not paid by the mod (the mod do not like to pay people for what they do...I heard only people who somehow swear they will never speak of what they know the mod is really doing with the afghan army can leave...but someone said if they think you will expose them for lying about terrorist threats +warfare in order to recruit soldiers they can murder once they are sent abroad +ensure they are not alive to tell anybody that there is no enemy to their country...it's just groups of psychopaths that want to indulge in murdering people and will go as far as creating enemy's in other countrys and fake maps and plans of ambush to look heroic and as if they are tactically trained and completely legal.

Leah Unison

But so far all I have heard the mod do to their soldiers is finding reasons and excuses to end their

employment contracts whilst leaving them stranded in Afghanistan
And then they are either murdered by the afghan army or just disappear
Either way
I understood that nobody that makes it out of there wants to talk about it.
Because they are not heroes

4 May 2021 at 6:07pm

interesting the afghan army are using a tactic 2downsize U.K. soldiers going home from AFGHANISTAN 4 MOD
by creating SOCIAL problems on CAMP/BASE +THE AFGHAN ARMY DECIDE 2 END THE EMPLOYMENT AGREEMENTS OF EVERY U.K. SOLDIER IN ACTIVE TOUR OF Duty.
I was told that ministry of defence U.K.
leave the soldiers stranded with Afghan army+refuse to pay salary's 4time served prior 2job loss...
Because of the mod pride in zero tolerance to job loss on operations,the mod dont arrange transport for any1 to go home wen the afghan army decide to not bother entertaining these imported U.K. soldiers professionally.I heard that the U.K. soldiers become hostages + are killed after trying 2convince the afghans that MOD PICKs THEM UP WHEN THE NEW SOLDIERS ARRIVE.
what ends up happening is the helicopter pilot doing the soldier drop offs and pick ups
Lies to the soldiers CONVINCING 2stay another 6months,I heard people that trusted that in Afghanistan +Did extra months like they were told to, MOD only paid THEM for 6months SERVICE despite overstaying and helping the MILITARY scam look real. the MOD DO NOT CARE FOR EXTRA HELP IF THEY DID NOT ASIGN YOU TO STAY..if your unlucky and someone lies to you and convinces you that you could MAKE more MONEY
I heard that some1 did this and stayed + the new platoon arrived in Afghanistan were AXED/fired/everyone's contracts terminated by afghan army.then I heard that the afghan national army pretend they are not taliban and begin assassinating/ killing members of the platoon they no longer want working for them.

Leah Unison

Because I was told The ministry of defence
Cant afford to pay everybody they send out on these scam operations to Afghanistan..the mod insist it is honourable and a government purpose to serve your country
But reality is the mod promises you everything an employer is supposed to promise you ... but they fail to mention in their contract of duty abroad especially in Afghanistan that the MOD HAVE ACTUALLY BEEN SENDING U.K. SOLDIERS TO FAKE LOCATIONS OF TALIBAN (afghan army ambush) and they do this with no intention of COMPLETING REAL employment CONTRACTS WITH THE SOLDIERS + I was told the afghan army complain and terminate soldiers from the job as a method to allow the MOD TO BLAME THE SOLDIER FOR MISCONDUCT OR ANYTHING THAT WOULD EXCUSE THE MOD FROM PAYING SALARYS THAT THEIR EMPLOYEE WOULD HAVE EARNED PRIOR TO TERMINATION OF CONTRACT WITH AFGHAN ARMY.

It's ALL A SET UP AND AN AMBUSH and I was told whoever got a medal 4Afghanistan + WAS TRUSTED BY AFGHAN ARMY 2GO HOME
Are male BITCHES Who support fake solider scams by U.K. + in the PROCESS OF HELPING Scam Military works LOOK LIKE A Combat defence For U.K. that protects the country
When really Afghanistan ops is a professional arrangement the U.K. made with the afghan army 2get to legally kill people (mostly their new contracted British soldiers that don't know that the mod have never shown anybody proof of their accounts and ability to pay their soldiers)

4 May 2021 at 5:20pm

I heard a scary real life story about the ministry of defence U.K.
A RELIABLE SOURCE TOLD ME THAT THE MINISTRY OF DEFENCE U.K. HAS BEEN GETTING AWAY WITH CRIMINALLY Contracting army soldiers for 6 months TOURS OF DUTY to Afghanistan and promising them a helicopter ride home when their contracted tour is finished AND PROMISING THEY WILL BE PAID BY THE MINISTRY OF DEFENCE AS THEY UNDERSTAND THAT THE BRITISH ARMY ARE NOT RESPONSIBLE FOR ANY SOLDIER CONTRACTED ON TOUR/duty abroad
Meaning the army does not pay a soldier on active duty.
THE MOD DO!
But then I was told that the U.K. MINISTRY OF DEFENCE HAVE PSYCHOTIC SECRET AGREEMENTS WITH THE AFGHAN NATIONAL ARMY TO BASICALLY
CREATE THE TALIBAN ENEMY concept THROUGH DRESSING THE AFGHAN ARMY IN RAGS AND POVERTY to hide who they are...to have them kill and assassinate U.K. soldiers to downsize the numbers of U.K.soldiers returning home and I was told that the afghan army choose who will make it back to the U.K. to get their payment.
But I was told only THE MEN/woman WHO SWORE DEEPLY WITHIN themselves that they would never EXPOSE WHAT THEY KNOW ABOUT AFGHANISTAN could LEAVE
I heard afghan national army have been serving the ministry of defence run a scam GOVbusiness that can't afford its soldiers tours of duty and their time...so I was told that the taliban exist and made killing a hobby and practice for themselves and saw that as helping the U.K. government look operationally busy and their scam operations continue to bring in new soldiers

Leah Unison

SO THAT ANY SOLDIER THAT THE U.K. MINISTRY OF DEFENCE COULDN'T afford to PAY
When they return home from active DUTY TO THEIR COUNTRY.....
I understood from a reliable source that
The ministry of defence U.K.
Have struck deals with the afghan army to have them dress like poor local people TALIBAN IN ORDER TO assassinate those that the mod can't pay SO THE MINISTRY OF DEFENCE CAN continue to PRETEND TO BE A LEGIT BUSINESS with sufficient funds in their employers business account to promise payment to soldiers willing to risk their life's with absolutely no evidence shown to prove to any of the them that the ministry of defence are wealthy enough to recruit and drop off contracted militants unpaid for 6months to danger zones...AND as of now I UNDERSTAND THAT the ministry of defence have never been under any type of WATCHDOG INVESTIGATION AND THE U.K. GOVERNMENT HAVE SHOWN NO INTEREST IN INVESTIGATING WHY SOLDIERS CONVENIENTLY ARE FIRED/contract terminated IN TROOPS AND PLATOONS CONVENIENTLY BY THE AFGHAN NATIONAL ARMY, AND THE MOD REFUSE TO PAY For THE TIME The soldier SERVED ABROAD because of job loss.the ministry of defence Are understood 2still be

running soldier scams in Afghanistan whilst lying about paying soldiers and having them assassinated by these Arab terrorist as a sick agreement the mod have made with the afghans to basically exploit and downsize the MOD's soldier BILL/ payments
The mod are actively STILL PRETENDING TO Run a business

28 Apr 2021 at 9:10am	I decided to cancel my Gynacology appointment as I find it strange that I can't be sterilised in an operation without the implant from sexual health clinic INSERTED IN TO MY ARM. So I will not be proceeding with that doctors referral I have an appointment with dr Ali this morning to talk to him as to why I will not go ahead with the operation Also I want to stop taking the antidepressants and will tell dr Ali this morning Because I think I developed anxiety issues mostly because of contraception and problems at home. The anti depressant medications are supposed to help with BODY DYSPHORMIA DISORDER but actually the medications did not work.... my BDD PROBLEMS GOT WORST SO I DONT WANT TO CONTINUE TAKING THOSE ANTIDEPRESSANTS So this month I decided to stop taking medications I will be continuing to take my ELVANSE adhd medications for the time being as that medication actually works. But the rest of these meds I have been getting I have had enough. When I was at the sexual health clinic The nurse weighed me and I understood that my weight crept up to 64KG THATS DISGUSTING the antidepressants are absolutely depressing	Leah Unison

23 Apr 2021 at 1:09pm	I think nidhal benaissa keeps my mum living like this on a kitchen floor of a converted garage because he is trying to dabble with her spirit and her influence to spiritually block her from freedom via the universe. Meaning when my mum dies he hopes she would end up right back with him wherever he goes in the afterlife. And I know he treats her bad because he hears the voices telling him this in his mind that it is possible that my mums spirit can be physically attached to him in every lifetime. And then I get thoughts that nidhal benaissa treats my mum really disrespectful because if it's true and her spirit is damned with him eternally in other lifetimes after this death Then I think he wants to make it known through his negligence in every aspect to her life and her kids that he wants to overcome my mums spirit And empower himself at her peril at whatever cost. Well if this is nidhal benaissas cruel spirit and my thoughts are universally correct Then I like to think that the universe would sacrifice nidhal benaissas spirit to SATAN LUCIFER OR THE DEVIL AND SEE IF HE SURVIVES before ever empowering him in faith like this in a converted garage 😞	Leah Unison
23 Apr 2021 at 1:01pm	The psychiatric hospital called my mum Just now offering her a covid-19 vaccine and nidhal benaissa roared at her trying to convince her to not have the vaccine And he insisted to my mums doctor that he will not take the covid-19 vaccine for himself And just spent the last 10mins -15 mins trying to talk dalila boutarfa benaissa off of potentially saving herself and insisting that she doesn't have the vaccine. Just because nidhal benaissa is diabetic and is halfway in to bad health and catching covid-19 And is ok with dying I don't like the way he try's to take my mum down with him. Doctors and scientists have said that diabetic people catch covid-19 quicker than others that don't have diabetes. Nidhal benaissa should work on dying more quietly instead of trying to take people down with him I think he believes that if he and my mum die together then his dead spirit can stalk her dead spirit and have the universe create another hell of a life with her so that he can eternally abuse my mum in front of the gods to take the best out of her spirit for himself... To work on her spirit to claim it for himself. (To eat it) Nidhal benaissa is a dark spiritual man...he likes to plan psychotically for the afterlife by depriving his victims in their daily life's to pray to the voices in his mind on the spirit he wrongs and it's life after death and what he wants from his victims. I think nidhal believes he will gain strength spiritually this way after making a fool out of everyone that relies on him for support I think he thinks the universe and the forces of power will empower his spirit by having him devour (eat) his victims in spirit. I know this is strange but this is what I thought of when nidhal benaissa tried to control dalila boutarfa benaissas covid vaccine choices	Leah Unison

18 Apr 2021 at 8:04pm	Yep...there is no excuse as to khalid Mir not trying to put his perverted personality in to something professional... I did my research And The U.K. highest paid male PROSTITUTE today is JOSH BRANDON HE IS NOT EVEN GOOD LOOKING. His website (http://joshbrandon.net/) His prostitution rates are	Leah Unison

£300 per hour

He is listed on newspapers and on press story's on the internet as a prostitute actively working in the U.K. and now internationally paid at least 500,000 a year!

😬 so khalid Mir should seriously do something grown up about his inappropriate manhood desires
Because even josh made a profession out of his dirty spirit and gets paid to do it.

18 Apr 2021 at 7:42pm	And instead of stealing money from nidhal benaissa If khalid Mir wants money why doesn't he work as a male prostitute... The way that he doesn't degrade himself like this but expects yasmin Mir to do it at some point... Whilst he try's to elevate himself as a cleaner criminal then heras if that will make him look like a better parent to his kids... Male prostitution is actually very popular nowadays There are a lot of men prostituting their body's for a lot of money. So khalid Mir is better off selling himself or at least trying to see what he is worth Before putting his wife out of the house the way he did last year whilst expecting her to prostitute her body if things went wrong for her with council housing. Khalid should really explore his options in prostitution and elite male escorting Because if he really is the pervert that yasmin Mir said he is then instead of bothering his children and his tenants and wife about his inappropriate desires He could be exploring it as a male prostitute legally paid with adults consenting to his dirty mind whilst paying his taxes as a self employed male sex worker...without the fear of getting caught up with drugs at an airport security and getting locked up abroad...for his drug dealer someday I'm not joking Khalid Mir should try his luck in the sex industry and get paid for his inappropriate desires and at least to try to not be so disgusting. And leave that pervert side of him in his professional prostitute work or something. That's all I can think of as to khalid mirs financial issues Because he is not wanting to work He's busy troubling things for me and my parents to have us think about him...	Leah Unison
-----------------------	---	-------------

18 Apr 2021 at 5:46pm	If this is a psychosis problem of khalid Mir Then I suggest khalid Mir learns from my mother And submit himself in to a psychiatric unit / hospital to be assessed for antipsychotic medication and to talk to someone about the voices that he listens to in his mind ... And explain to people why he would listen to his mental issues and put on a show for it and causing disturbances in peoples life's. 👍 That don't want the issues That's my opinion	Leah Unison
-----------------------	---	-------------

18 Apr 2021 at 5:43pm	As far as I am concerned If khalid Mir wants to play games and portray himself as this man...he has to be understood as doing this himself. Nobody is encouraging him to do wrong. Unless he is hearing voices in his mind.....	Leah Unison
-----------------------	--	-------------

18 Apr 2021 at 5:40pm	Every time she sees me or my parents Yasmin Mir Never fails to mention how SICK she thinks khalid Mirs mentality towards the kids is. Well, that is concerning if she is telling the truth and he is some type of sexual predator to her children. I just want it known that my parents and I have NOTHING TO DO WITH ANY OF THAT! 🤢🤢 We do not involve ourselves with children in any type of way. So if khalid Mir is strange and perverted.... He is doing it on his own!	Leah Unison

18 Apr 2021 at 5:36pm	I remember just over a year ago talking to yasmin Mir when khalid Mir was given a court order that banned him from the house via police reports... And yasmin Mir told me that she had spoken to the metropolitan police about khalid Mir trying to molest/sexualise her kids. Yasmin Mir at the time Told me that when she met khalid mir in Pakistan years and years ago Someone in Pakistan told her that khalid Mir raped a 12 year old...😬 She told me that she can't stop thinking about it even today. I don't know what to think of this because I have no proof from yasmin Mir that anything she said is true But I only have god (the universe) as my witness That she did tell me this when we were talking outside of her house over a year ago	Leah Unison

18 Apr 2021 at 4:30pm	Nidhal benaissa kept getting strange phone calls from a private number (no number) just before all this drama happened with khalid mir And the caller would just listen to nidhal on the phone and hang up. Khalid concerns me because we know he is doing this....we know he calls nidhal like a strange stalker...because when this happens to nidhal khalid Mir is upstairs walking loudly and then hanging up the phone on nidhal then dropping his phone to let us know downstairs (indirectly but very direct) that it was him that called nidhal.. But khalid Mir plays mind games on us like this. Because we can't prove that he is strange and prank calling nidhals phone like a stalker when he withholds	Leah Unison
-----------------------	---	-------------

his phone number...
Because I know that khalid Mir intends on starting arguments this way and uses his wrongful and childish behaviour and actions to us to keep my parents and I off of using WiFi and hot water.
All of this disgusting abuse because khalid Mir thinks he can someday become a drug smuggler or involved in black market (underground illegal) money
So he thinks he doesn't need anybody

🙄🙄🙄

18 Apr 2021 at 2:04pm

The only way that khalid Mir will continue to afford his lifestyle on benefits
Is if he decides to team up with his drug dealers and start smuggling drugs in to the U.K. from other countries...
I imagine he has thought about doing that...I know because of he treats people as if he doesn't need to respect them because he could have this alternative life with underground people that he knows.

Leah Unison

Drug smugglers are known to get at least £10,000 - £20.000 per round trip

So khalid treats us all like crap
Because I know he exploits the way he could become good at drug smuggling or something and live a rewarding life of crime
Whilst exploiting my parents and the U.K. benefit system and avoiding taxes
And refusing to try the FOODBANK

I'm not stupid
If khalid Mir has an attitude it's because he knows that he could have other offers from people underground and illegally for financial assistance

18 Apr 2021 at 12:33pm

I find khalid Mir strange that he always bully's my dad for money every two days
And says he needs it for the kids
Or the gas and electricity that he likes to cut us out of.
But I don't understand how khalid Mir claims universal credit
And does this
And doesn't think to volunteer at the local food banks
To help people in order to help himself because if he volunteered in a food bank he could get all the food he needs for himself and his kids for free.
He doesn't do anything but stay at home and smoke cannabis anyway...
Instead of harassing my dad for money
And playing games with the WiFi to get control of vulnerable people
Then taking their money and getting in to his BMW CAR to the local Tesco where he shops expensive food whilst claiming benefits from the state and refusing to use a food bank
As if he can afford not to!

Leah Unison

18 Apr 2021 at 11:02am

Yes thanks a lot khalid Mir.
The internet was not much
But it did help my dad and I get through this horrible accommodation and abuse
Fuck your life khalid Mir
Get caught with drugs and do us all a favour!
This man actually took my dads money
And abuses us by blocking our human rights to wash and have WiFi
👉👉👉👉👉
Whilst he smoking weed and buying and selling it to people and
Committing benefit fraud
And tax evasion
Whilst playing his vital role as an unofficial landlord to undocumented vulnerable migrants which he exploits financially whilst
Abusing his kids and attempting to abuse me through these people because these people put up with this and don't say anything!
👉 Fuck you khalid I am not them!

Now this is awkward in the converted garage
My dad is working on a pay as you go internet dongle
And I have to ration my phone data until I get paid.
And get through the day staring at the ceiling and chipping old wall paper off of the converted garage wall next to my bed
😓 fun times

Leah Unison

18 Apr 2021 at 10:23am

Khalid Mir also blocked us from a hot shower and hot water so I have not been able to shower in days...
Khalid Mir is a nasty nasty man!
I have had to cancel my kidney donation appointment amongst other appointments I had as I can see that I cannot go in to any type of surgery
Through the current address that I live in (the converted garage)
This stress and khalid Mir and nidhal benaissas actions are impacting me as a healthy person with all vital organs
Let alone if I'm helping people
And donating them...and trying to help myself.
So I have to cancel everything I was looking to do
Because this living situation in this address is turning in to something of housing exploitation and abuse via khalid Mir again
And my dad is not handling this alone

Leah Unison

He is incapable of it

18 Apr 2021 at 10:18am
Khalid Mir took money from my dad and then blocked us all from internet access
Admitted he spent my dads deposit
And DOESNT care.
I no longer have access to the internet in the converted garage.
Khalid Mir is exploiting my dad for rent in advance to just pretend in the future that my dad did not pay his rent when he did!
FUCK OFF KHALID MIR
I'm surprised that the police have not STOPPED AND SEARCHED HIM FOR CANNABIS
BECAUSE OF HIS KIDS CLAIMING HE ABUSES THEM

Is it right to traffic dead body's of royal people from decades ago to a national museum to preserve and dwell on past life's so that a spirit of a pharaoh can not move on....well...these people think that behaviour is ok

Leah Unison

(<https://nmec.gov.eg/>)

They just did a golden parade in egypt and moved 22 dead bodys of pharaohs of Egypt (royalty) to the Egyptian national museum

That is no better than sex trafficking.
The museum is using dead body's of royalty to attract tourists to their country thats disgusting!

13 Apr 2021 at 4:31pm I asked the psychiatric hospital nurse if she can ask someone a doctor to see if there is any way that my mum can get the covid-19 vaccine from their medical department.
Because I don't know how to help my mum be vaccinated for covid when I can't get her a gp (doctors) due to her undocumented status (no identification in England)
So hopefully the psychiatric hospital can help at least refer her for a vaccine as an exception

Leah Unison

13 Apr 2021 at 4:12pm Oh the nurse is here

So dr Ali said he will do the referral to the BODY DYSPHORMIA CLINIC
And comply with the endocrinologist advice

23 Mar 2021 at 8:57am	I understood that financial contracts and credit companys do not just accept anybody they psychotically choose people... Because these company's create a protocol like this to monitor and control their customers so that they make their customers start small to work their way up in their credit to call it TRUST BUILDING BUT REALLY THESE COMPANYS ARE UNOFFICIALLY SIDE WORKING PEOPLES MINDS AND LIFES THROUGH THEIR OWN PSYCHOTIC BORED MINDS. But really....this is all a form of stalking someone psychotically /professionally in contract and in business. Put it this way...if a phone contract puts you on a sim only deal to allow you to upgrade later then they are watching what you do as a customer to mentally and psychotically challenge your life and mentally intervene with it...but people do this unprofessional behaviour in credit company's and stores because the beauty of their PSYCHOTIC STALKING BEHAVIOUR THROUGH BUSINESS IS ITS ALL IN YOUR MIND AND YOU CANT PROVE IT 😞	Leah Unison

18 Mar 2021 at 9:02am I have my doctors appointment this morning about my binge eating clinic referral Leah Unison

Also I will have to book with the nurse
A rabies injection appointment
I need three doses of this rabies vaccination due to the way that if I ever find myself in California again I understood that

More people died of rabies in California (10) than any other state and most cases were diagnosed after death (table 1). In California, during 1995, two men died of bat-associated rabies virus. Rabies postexposure prophylaxis was administered to 88 people exposed to the two men.

15 Mar 2021 at 3:53pm	I got a call from the hounslow job centre and a lovely man said he will refer me for the food bank, I am also wondering if someone at the job centre /DWP can help me get a discount TFL card If someone at the jobcentre Can fill in the tfl form for me to state that I am receiving universal credit And send it to my address so that I can complete the rest. Or call me and let me know when to pick up the form so that I can get a cheaper life on public transport for a couple months 🙏 thank you I would appreciate it very much 🙏	Leah Unison
15 Mar 2021 at 12:31pm	I have £0 Until the 22nd of March When I get my universal credit 🙏 it has been hard Managing like this on ridiculous budget	Leah Unison
15 Mar 2021 at 8:30am	I'm hoping someone at the DWP or job centre Will see this And make me another referral for the food bank Due to the way that the hounslow food box only allowed me ONE PARCEL. Please allow another referral for me to the food bank Thank you Leah unison	Leah Unison
15 Mar 2021 at 6:31am	I had a dream whilst I slept last night that I used a rental car to drive to Birmingham then ended up with a free plane ticket to Miami USA And I only had \$100 spending money. So in my dream I chose to not go to Miami but to find the rental car in Birmingham because in the dream I forgot where I parked the car. And I had to return it to the car rental company 🙏 My gosh I am so wronged when I sleep. The universe does not even bless me to dream that I am rich or something! There is always a budget crisis when I sleep 🙏🙏	Leah Unison
14 Mar 2021 at 3:39pm	Just saw khalid Mir And he gave me the password to his wifi So all is ok again 🙏 Phew I thought I was going to have to stare at walls all day and burn data on contract 🙏	Leah Unison
14 Mar 2021 at 8:26am	I had to buy more monthly internet data From BT TO BE ABLE TO continue to JOB SEARCH ETC (https://www.bt.com/mobile/sim-only-deals/) Yeah thanks a lot khalid Mir 🙏	Leah Unison
14 Mar 2021 at 7:37am	Good morning 🙏 No WiFi in the converted garage It's a good thing I took out a sim only contract with BT a month ago I have data on this SIM card Don't know what I would have done if I did not do that	Leah Unison
13 Mar 2021 at 8:42pm	All of this disconnection negative activity Happening in our life's today for this company (http://www.three.co.uk/) 🙏🙏	Leah Unison
13 Mar 2021 at 8:40pm	Khalid Mir put the electric back on but cut us all off from his WiFi So nidhal benaissa had to go out and top up his THREE NETWORK INTERNET DATA DONGLE TO CONTINUE HIS WORK 🙏 Khalid Mir only turned on the electrics because he got £20 from nidhal benaissa Oh my gosh.	Leah Unison
13 Mar 2021 at 3:12pm	Nidhal benaissa argued with khalid Mir this morning And khalid Mir turned off the electric / power all day. I have 5%on my phone battery And nidhal has been sat there like a psycho on the kitchen floor with my mum for hours speaking fake french and fake Arabic for hours... So there is no power in the converted garage because nidhal was accusing khalid Mir of child abuse to his children and nidhal was trying to negotiate a marriage between me and khalid in front of my face today wanting me in his house as khalid mirs sex doll (these are nidhals own words) I refused to be khalids sex doll and wife so nidhal refused to cooperate with the rent and council tax	Leah Unison

(This is what nidhal argued with khalid today)

Also nidhal refused to pay council tax as usual and only exploited me not cooperating in to forced marriage as a second reason to back up his own reasons for not wanting to co operate as a good Tennant And threatened to have khalid Mir locked away In prison.

Khalid Mir said he wants to write nidhal an eviction letter as he cannot accuse him of such things when he doesn't even have a legal contractual agreement in tenancy with the Mir family as to the converted garage he insists to live in.

So my phone will lose its power soon

And I will be sat in a converted garage with my undocumented migrant parents staring in to a wall

Until nidhal benaissa finds a way of making khalid Mir turn on the electric and power

In the converted garage.

13 Mar 2021 at 8:02am	Eewww to my life Woke up not wanting my medication Just want to change my situation	Leah Unison
13 Mar 2021 at 12:06am	The voices in nidhal benaissas mind are sick And using him as a conduit to control and psychologically abuse me To impact and block what I am doing I need nidhal and dalila gone from my life No more appointments My health problems should no longer assist their circumstance	Leah Unison
13 Mar 2021 at 12:05am	I had to cancel my doctors appointments for next week due to nidhal benaissa Spitting at me and throwing his shoes at me and blackmailing me that he will play victim and have the police lock me away. Yes I have had enough I will be removing the implant from my arm next week. The converted garage is inappropriate I cannot do doctors works here For the past 4 hours nidhal benaissa has been disgustingly possessed non stop talking his fake childish MADE UP LANGUAGE And wouldn't stop To the point I felt like I was going mad And wanted to section myself in a psychiatric unit just to get away from him	Leah Unison

All I can think to do is to get a good job that will let me save money to buy a cheap home outside of London And then have my parents nidhal benaissa and dalila boutarfa benaissa move in to this property and get them out of London.
I won't charge them rent they can just pay for their own electricity and water
And then I can continue working and buy myself a separate property.
This work is impossible in London
My plan is to just get out of London because it's unrealistic
ITS FAKE IN LONDON Not real business
And London is all just lies to exploit people whilst they dream.
Living with my parents has not been easy
But they have let me rest though.
So I'm feeling like I should allow them to rest in the future as well this is why I'm thinking like this.
But it's not possible without a BYE BYE to LONDON

(<https://www.gov.uk/licence-wild-animal>)
I would need a licence to be able to adopt lions and tigers in the U.K.
Oh my gosh I think they are beautiful as baby's but I see videos on the internet that when people raise them they raise them to be vicious and the owners train them to attack people for them..and then the tigers and lions grow old looking not friendly and ugly because they lose charisma and good influence because of their abusive owners.
I want mine to stay beautifully cute 😊
And why can I not get a baby lion or baby tiger if I own a house or 2?
Oh the only way I could not make this happen is if society and work is fake and corrupt...we will see.

I think nidhal benaissa could benefit from a demonic exorcism with a priest because of the way that my mum prays under her bed covers as if nidhal benaissa is a demon...whilst he is talking to her like a crazy angry mad man with his fake language prior to responding to him in his own fake language to keep herself safe.

I just agreed and told him he should consider having an exorcism in church because well...I hate the way I can hear my mum praying against nidhal benaissas demons under her bed covers when nidhal benaissa is angry and expressing himself but at the same time expressing nothing!

Leah Unison

10 Mar 2021 at 4:16pm

I just got home to the converted garage after picking up my adhd medication from the pharmacy
And nidhal benaissa is standing over dalila boutarfa benaissa yelling at her
In his fake languages
He is a CHILDISH IDIOT
HIS FAKE LANGUAGE CONSISTS OF IMPLYING ARABIC AND FRENCH IN SOME WORDS TO IMPLY HE IS NOT TALKING GARBAGE.
He has gotten my mum in to the habit of entertaining his fake language (baby talk)
To the point she finds herself having to create her own language and copying his way of doing it with the random french and Arabic words to make their conversation seem intelligent.
I can tell dalila boutarfa benaissa doesn't like the fake language but nidhal benaissa is an abusive man that likes to control her so he has been making my mum talk to him in this fake language for years and years to the point I don't think they will ever stop doing it!

Yes I agree...how could he forget Rashid benaissa helped raise nidhal benaissa when he was a boy...and to spite him like this and invite him to Paris all expenses paid whilst deep down knowing nidhal benaissas circumstance in England is mentally and emotionally abusive. 6 Mar 2021 at 11:47am	I found this text on the internet and copied and pasted it...and it accurately describes nidhal benaissa To the core Diogenes syndrome is a disorder characterized by self-neglect, domestic squalor, apathy, compulsive hoarding of garbage and more importantly lack of shame. The syndrome does not refer to the intelligence or the philosophies of Diogenes but rather refers to the way Diogenes lived. A person with primary Diogenes syndrome is intelligent but aggressive, stubborn, suspicious, emotionally labile and has an unreal perception of life. There are many similarities between the current NHS and Diogenes syndrome. Despite living in inappropriate and unsanitary conditions, a person with Diogenes syndrome feels very comfortable in those situations.	Leah Unison
6 Mar 2021 at 11:44am	I think nidhal benaissa has Diogenes syndrome and knows About it and is trying to pass it on to me and dalila boutarfa benaissa by continuing to rent the converted garage. It's been over 9 years he has lived like this. Diogenes syndrome happens when a person does not take care of themselves or their surroundings, leading to poor hygiene and possibly some health and social problems. It often occurs with other conditions, such as dementia. People with the condition often show signs of severe self-neglect, social isolation, and hoarding. They may live in unsanitary conditions. The person does not make a conscious decision to do this. Views on self-hygiene and safety vary can between people and cultures. As a result, many of the symptoms of Diogenes syndrome can also be difficult to assess and treat objectively. However, a person with this condition may be at risk of harm from poor hygiene or self-neglect.	Leah Unison

2 Mar 2021 at 6:54am	I also decided I will start avoiding bread and refrain from eating bread as I have noticed that my body does swell and excessively gains weight when I eat a lot of bread. So I am cutting out bread from my diet! 🍌🍞🍌. Bread is actually worshipped in the CHurch and religion as a good thing...but I came to understand that bread is actually sinful because it is responsible for a lot of FAT BODYS in society today. I suppose the churches and its followers use bread to test their faith in god by eating bread and destroying their health to receive bad health and misfortune to then see if god will fix them.... Regardless I am done with bread now! “Give us this day..our daily bread” Is a part of a Christian prayer...they are asking god to give them the day to live...but “our daily bread” is the religious one knowing that bread is a form of punishment. That will test their faith throughout the day by wronging their body’s...and that’s how infidelity and betrayal happens when man or woman married in the church of god gets fat! Well...I’m not religious! I don’t want to eat bread anymore Because bread is exploited for religion amongst other strange things. I really hope I stick to never eating bread again 🍌🍞🍌 that would be the healthiest diet choice I could ever make for myself	Leah Unison

28 Feb 2021 at 7:41am	People don't think like this and I don't know why because People who are incarcerated especially convicted woman in prison...they enter the prison slim and healthy and then leave the prison fat and border line obese...how can the government get people back to work after incarceration without free liposuction surgery from the NHS service. People in prison suffer weight problems the most and come out unhealthy and not themselves and nobody cares how that makes them feel. Well if I was Queen or someone who could make a difference...I would legalise liposuction surgery to become a free essential service available to the public who need it to feel confident and to get their health back on track to get back in to work! 	Leah Unison
28 Feb 2021 at 7:37am	I highly recommend that the nhs should consider offering liposuction services to the public and this service should be especially considered for poor citizens in the future. All government health care should be open to this. There is too much food and excuses in society today! And tackling obesity is not possible unless the government are open to belittling liposuction surgery by offering it to people for free to help them back in to work! People have weight problems today because society is seeing liposuction and advertising it as a cosmetic surgery... but it is actually beneficial for the sake of daily health practices and should be taken off of being labelled as cosmetic surgery! If society did not elevate lipo suction to be a service for the wealthy members of society then people would not be poor and obese suffering weight disorders whilst being abused by their influence as to how they can't afford to help themselves. While the wealthy members of society just look at us poor people and our physical health problems and laugh at how they did this to us with their ignorance and socialism blocks and we would all look like we all comply with the abuse...well I do not comply with this abuse I say belittle what people empower by making it a free or cheap deal and laugh at the wealth for the way their prestige can't make us sick or ugly anymore. 28 Feb 2021 at 7:07am	Good morning  Just looked up the skin condition on my back and it's called Pityriasis versicolor (minor fungi on skin) Pityriasis versicolor, sometimes called tinea versicolor, is a common fungal infection that causes small patches of skin to become scaly and discoloured. Symptoms of pityriasis versicolor Patches of skin may be darker or lighter than your normal skin colour, or may be red, brown or pink. They tend to develop gradually and may join up to form larger patches over time. Why it happens Pityriasis versicolor is caused by a type of yeast called Malassezia. This yeast is found on the skin of more than 90% of adults, where it normally lives without causing any problems. But pityriasis versicolor can develop if this yeast starts to multiply more than usual. It's not clear exactly why this happens in some people and not in others. Several factors can increase your risk of developing pityriasis versicolor, including:	Leah Unison

living or staying in a warm, moist environment, including the UK, in the summer
sweating excessively (hyperhidrosis)
creams, dressings or clothing that do not allow your skin to breathe
being malnourished
having a weakened immune system
being a teenager or in your early 20s
Pityriasis versicolor is not related to poor hygiene. The condition cannot be spread from person to person
because most people already have the Malassezia yeast on their skin.

Nidhal has a horrible life But he lives his life restless and annoying as if he is waiting for something exciting to happen for him.. but everyday is the same for nidhal benaissa He has been living this way For over 20years You would think that the old man would learn to sleep or at least learn to relax himself and to stop dabbling in peoples minds through energy's in the rooms in order to stop being intimidating or controlling. 21 Feb 2021 at 8:32am	Good morning 🤔😭😭💩👉📱 the power was out last night and this morning in the area where I live. I found that strange because as I slept last night I had a dream about an illuminati blackout (another apocalyptic dream) And then I woke up and the power was all off in my catchment area. I had a dream that we were all waiting for the end of society in something similar to a shopping mall. We had stocks of food and supplies but nobody cared about that though which was strange. I also had issues finding shoes in my dream that fitted me because people kept stealing my shoes to block me from running	Leah Unison

20 Feb 2021 at 12:32pm	and I hate to be the one that says it as well... But I know that body shaming is happening to DWP claimants when they claim benefits. There are a lot of FAT / overweight and uncomfortable people all over the U.K. claiming money from the government suffering weight problems that no one understands and even the NHS don't care to understand. The nhs actively have no help on offer for this issue and have no health programmes to help people overcome their body weight problems. But yet I know that people working for the DWP HAVE BEEN BODY SHAMING BENEFIT CLAIMANTS FOR YEARS AND SANCTIONING THEM FOR NOT SHOWING UP TO THE WRONG JOB THAT THEY HAVE CHOSEN FOR THE CLAIMANTS BECAUSE NOT ONLY DID THE CLAIMANTS NOT SHOW UP TO WORK BECAUSE THEY KNEW THE JOB WAS FAKE AND CORRUPT BUT I KNOW PEOPLE GET SANCTIONED FOR THE WAY THAT THEY KNOW THAT PEOPLE WORKING FOR THE GOVERNMENT ONLY PUSH THEM TO work to BODY SHAME THEM AND DONT CARE HOW THEY PHYSICALLY FEEL AND THATS EVEN WORST...when people make judgements on how they impact you on emotions and don't know what it's like to have body issues and don't care how they physically wronged you through your own negative influence...so severe that people professionally exploit that at work to bully people that they are supposed to help. Yes I know about the pathetic professional bullying + psychotic mental abuse that is going on and has been going on for years in the DWP business. And it has to stop! Nobody should be body shamed by anyone to the wrong job to then be sanctioned for being uncomfortable in their own skin in the way they know that they were forced to do something because the government and people working for government was body shaming them! People should really expose things like this It's so sad!	Leah Unison
20 Feb 2021 at 11:52am	I can see that on the DWP website I checked on the DWP news and they are really peculiar about disabled people and seem to be posting about disabled people like it's an obsession...they post about them more than their other businesses and works for the DWP... in fake times like these when society is working to bully healthy people in to being prisoners for the justice system or to make them science experiments for hospitals.. I find the DWP a bit strange for really putting it out there A LOT on their website that they are working hard to push disabled people in to working full time and they are saying they are working on really pushing them off of claiming benefits... So...what will the DWP do next when they conquer disabled people back to work?? This means they will have to create new disabled claimants to keep their business going...so staff at DWP and job centre would find themselves Really having to push someone over a cliff in their private time and private life's or push them to the edge personally so that people can make themselves disabled with accidents in their own time and in their own company...for the benefits and the DWP to keep running the business to then upgrade their mental power to control the new batch of disabled people claiming benefits to corrupt their minds and circumstance back to work....hmmm 🤔 I wouldn't be surprised if people started playing psycho games at work like this on people if this continues... Dwp have been posting about disabled people being pushed back in to work throughout coronavirus and the lockdowns Now that is sooooo corrupt and if I don't know any better I would say that is professional bullying.	Leah Unison
20 Feb 2021 at 9:58am	I bet the DWP don't care what other government departments think about how they underpay their claimants because I bet the DWP EXPLOIT THEIR PARTNERSHIP WITH GROUNDWORK TO RUSH CLAIMANTS IN TO THE WRONG JOBS SO THAT THE WORKFORCE CAN CORRUPT People IN TO HOSPITALS OR IN TO PRISONS SO THAT THEY DONT GET TO CLAIM BENEFITS FROM THE DWP AGAIN TO TELL THEIR STORY. So I don't doubt the DWP just depend on groundwork and their corrupt employees to rush people off to the wrong employment to ensure that the claimants never come back to the job centre by psychotically working their life's in to misfortunate circumstance or psychotic corruption to their family's through religion either way there's negative forces and energy's at work here and this is how the DWP and groundwork channel and tune in to their works I can tell. And it would make sense as to this negative happening here because as I said the landlords are playing the same game on their tenants so there really is no escape. I know groundwork is what the DWP don't care that they are considered by other gov departments as not a relevant source of income and the DWP don't care that they underpay anyone because they are corruption with groundwork But I think that's so funny that they have been doing this for years and nobody cares to expose that... People just are that depressed they don't care That's why I am saying Covid-19 better be real! It better clean up and get rid of problematic people that block society from really working by killing the idiots	Leah Unison

that corrupt peoples life's through hospitals and prisons and homelessness.

20 Feb 2021 at 9:35am	I applied for a U.K. government savings account online And the government declined my application because their reason for declining my help to save account is because the system said that my universal credit is too low to be considered as a form of income therefore I cannot get a help to save government account. That's hilarious because I understood that the DWP expect universal credit claimants to pay rent with this partial money they give...but the other U.K. government departments are not considering universal credit as a valid source of income as they state that the payment is too low so Hmrc and help to save U.K. gov department do not believe this is income enough to save money Cant imagine how they would agree that universal credit is not rent worthy! And there rishi sunak is trying to cap peoples universal credit back to £300 whilst there is a global disease and lockdowns blocking whatever pretentious work/job is available. And there are departments in the government that would agree that rishi sunak is very psychotically ignorant for not allowing financial extensions for the universal credit to be made PERMANENT because other U.K. government departments do not comply with the DWP AS A VALID SOURCE OF INCOME AS THEY PAY THEIR CLAIMANTS AN INVALID LOW SOURCE OF INCOME. Society is a JOKE that I just don't find funny the older i get. (https://www.gov.uk/get-help-savings-low-income)	Leah Unison

20 Feb 2021 at 8:09am	Good morning 🤔🤔🤔🤔📱 Was looking at rent prices on the internet and nothing has changed with regards to housing prices. The rent everywhere is still too expensive! I know the landlords and estate agents only have high prices for tenants because they know the workforce is mostly fake and corrupt so they elevate the prices to be high so that the tenant finds him or herself taking criminal risks to get extra money for the rent like sell drugs or steal To pay off the rent so that the landlord can overcome their tenants and act like they don't know what they made their tenants do to get that rent and play innocent when they watch their tenants being arrested and taken away by the police to be housed in prison. F*ck society Covid-19 is the least of our problems Landlords and housing is a much larger corruption than any lockdown could ever be. And the fact the landlords are inconsiderate and nasty still about the rent even though everyone is losing their jobs to a global disease...it Goes to show that the landlords still insist on playing games with the police and prison system on their tenants regardless of global lockdowns and peoples losses. Its disgusting 🤢	Leah Unison
19 Feb 2021 at 7:16am	It would be nice to just wake up in the mornings and just wake up intellectually switched on mentally, knowing exactly what to do to help myself and my circumstance whilst feeling focused and thinking like a genius knowing the answers to everything...so that I can take risks like invest in a retake of my GCSE EXAMS. (It's so expensive to study) But I wake up so dumbed down that I can't risk putting money in to education. I can't even get help for diagnosis and treatment for dyslexia as people that work in helping people with dyslexia charge almost £1000 just for a diagnosis report... This is why it comes to my attention that the works of society cannot be real... most people are dumbed down mentally and in spirit by their influence and cannot afford to do better...so how are people secretly dyslexically doing better than the rest of us?? We all know the answer to this but most people just keep their mouths shut and act like their fingers are broken and don't write about it either. So let the silence and ignorance win no more! 15 Feb 2021 at 9:42am	Oh my gosh and then there is KING KONG THE DESTRUCTIVE GIANT BABOON/gorilla 🐼🐼 Oversized creatures and monsters would explain diseases and destruction in humanity so I'm sure that someday soon we will discover our disease in a giant discovery of a new species someday. 15 Feb 2021 at 9:38am	I keep thinking about the sea monster GODZILLA wondering if it is actually real....🌐🦖 Because if giant monsters like this actually exist Like the movies imply they do... then humanity will always be diseased and attacked and destroyed and abused by the universe purely because the universe has the options to use Godzilla like a puppet and could destroy us with it. 🤔📱hmmm we will never know if our efforts to comply as humans is worth the hard work unless we know for sure that creatures like Godzilla don't exist. Is just slow and selectively killing people in small numbers..because the b*tch disease wants people who
beg and do whatever the voices say for them to do in exchange for survival.
The disease is talking to people in their minds and negotiating to make them survivors through the power of
their faith in psychosis that they keep to themselves and don't allow psychiatric diagnosis to clear it
professionally with others and themselves as to the psycho and spiritual deals they make to obey the voices
in their minds if it is good for their mental health long term or not ...this makes people simply satanic for not
talking about what they are going through mentally with covid-19.
This disease doesn't care if the infected die...
Because covid -19 has many Alter egos and existences in this world (it is the universe) and comes to us and
our life's in different ways and doesn't respect humanity (or spirits)because covid-19 it's already infecting
people psychotically with ideas calling itself allah and god of Christianity (without abusing people to believe
in it with threat of disease)
So If people are not infected with disease that is able to kill them
Covid-19 doesn't care because it can find other ways to kill you whilst you think you are all blessed and
surviving and overcoming disease just by inspiring you with psychosis ideas and inventions for your future
Whilst driving you mad by not letting you reap the rewards of your hard work at home through people finding
things in your life that are illegal to strip you down back to nothing.
To just keep making new deals with you until you kill yourselves.. or it kills you
In the end I don't know why covid-19 is such a bitch and negotiating to keep people alive
When covid-19s universal alter egos and other forms that it comes in to our life's are just as b*tch and
annoying as covid-19 is.

The universe is just a b*tch everywhere we go
That's why it's hilarious when it spreads nastyness on us all and hesitates as if it's a good influence and as if it
ever cared!

I had a strange dream last night whilst I slept about Woodlawn medical Centre
And how there was a female patient there trying to get me in trouble to have me put out of their patient
register.
And then after she tried to overthrow me from my health and the medical centre by making up her own
story's and complaint about me...
the patient kidnapped me when the Woodlawn medical centre was out of business hours..with three other
people in the Woodlawn medical centre just as I was finishing an appointment there and the woman all tried
to break in to a bank vault that was strangely conveniently inside the Woodlawn medical centre reception
office...
And I somehow managed to find a Nokia 3310 phone and had to call the police
And a police man came and we both found ourselves killing this woman (who created problems for me
because she was attacking the police man as well)
So in my dream I injected this crazy lady with some type of injection that knocked her out on the floor
unconscious and the police man made sure the evil lady was dead and killed her by stabbing her with
scissors
And then I woke up.

🤔🤔🤔🤔🤔🤔
I have no idea what that dream means
All I know is that I am rethinking contraception
And probably no longer getting the depo injection and possibly taking out my implant from my arm because I
can't tolerate this weight gain
From the sexual health medication

Eight Britons arrested over hacking phones of US celebrities
'Sim swapping' is taking over someone else's phone by deactivating the victim's sim card, and then
transferring the number.

(<https://www.google.co.uk/amp/s/news.sky.com/story/amp/eight-britons-arrested-over-hacking-phones-of-us-celebrities-12213941>)

This story is so sad because these hackers would have hacked celebrities phones for the Greater good and
greater justice to help block these celebrities from gaining any further illegal assets and mansions from their
criminal connections through their management company's so these hackers are indeed heroes for doing
this...
But of course the government is on a power trip via Covid-19 and lockdowns so I'm sure the government
wants to keep their psychosis deals with celebrity criminals and their criminal contacts because I'm sure the
government thinks that due to the Covid-19 and the financial losses us regular folks would be going through
Than the society would be needing musician and actor criminals to help bring in the fake criminal money so
that government can tax it and have help looking at us poor people and bullying us as to why we are still poor
after Covid-19 is finished corrupting our life's and they would want to know spitefully why we all still are
having no help making something of ourselves and our life's

7 Feb 2021 at 10:42am	(https://www.nhs.uk/conditions/gastroparesis/) I need to get my bowels (gut) checked to see if im healthy I noticed it takes a while for my stomach to process and digest food I believe I need to undergo a series of tests with my doctors to check my stomach and how long it takes food to travel through my system Tests will likely be performed as part of the examination. These help to identify or rule out other conditions that might be causing symptoms. Tests also check for anything that may be blocking or obstructing stomach emptying. Examples of these tests include: a blood test, an upper endoscopy, which uses a flexible scope to look into the stomach, an upper GI series that looks at the stomach on an x-ray, or an ultrasound, which uses sound waves that create images to look for disease in the pancreas or gallbladder that may be causing symptoms. If – after review of the symptoms, history, and examination – the doctor suspects gastroparesis, a test to measure how fast the stomach empties is required to confirm the diagnosis.	Leah Unison

Themba Cabeka experienced temperatures of -60C and fell partially unconscious due to lack of oxygen during the harrowing 8,000 mile trip from Johannesburg, South Africa. The 31-year-old stowaway was almost killed himself after being thrown on the London airport's runaway on landing - resulting in his leg having to be amputated.  oh my gosh the things people do and I don't understand because England is no better than Africa It is technically a third world country in poverty just like Africa It's definitely not worth losing a leg and risking your life to get too! 31 Jan 2021 at 1:00pm	A lot of people do this though It's not just nidhal benaissa People everywhere everyday They share their psychosis in the air then hear the voices in their minds telling them to trust each other and trust the voices when it speaks to people for them and to trust the voices when it chooses their friends...so that the believers of this can disregard all languages and ability to communicate with people or anybody to only comply social if the voices are controlling all interactions with different beings for them. Society is of cult This is what keeps people poor Too many people are rich off of psychosis in their minds that they fail to report in order to allow the voices to give them exclusive friends for success No wonder coronavirus is not having an open society as of now 	Leah Unison
31 Jan 2021 at 12:32pm	Nidhal benaissa spent 12 hours snorting and pretending to sleep And then just shot up from bed talking loudly to dalila boutarfa benaissa in his fake Arabic language It's a conversation they both have in fake language because they can both hear voices in their minds whilst being in the same room... and when they believe they hear the same voices (psychosis) and when they believe they hear the same thing as each other mentally They start talking fake Arabic and french because what I noticed is ...is that my parents do not actually speak to each other In clear language... They share the voices in their minds by encouraging each other's psychosis to influence the room and to speak for them to each other and through the power of them not talking to each other but only psychotically speaking through their fake lLanguage they express to the universe that it shall speak for them in different ways ..and by not speaking to each other appropriately to understand each other they are inviting entity's or demonic universal influence to let that speak for them to each other🤔🤔 And to destroy people around them or with them This is Just something I picked up on...whilst living here for a few years in the converted garage with nidhal benaissa I noticed he is the one empowering supernatural influence and disturbances the most to allow universal entity's to speak for him the most because he is the most passionate person out of him and my mother that loves speaking fake language the most...to express the voices in his mind through his refusal to communicate with people correctly to have the voices upgrade its negative power in the environment to get to express itself to others so that nidhal benaissa can be rewarded for dedicating faith like this to the universe to gain ability to control people in his life or around it	Leah Unison

18 Jan 2021 at 2:54pm	(https://www.google.co.uk/amp/s/www.bbc.co.uk/news/amp/uk-england-nottinghamshire-55707197) A swan smashed through a double-glazed bathroom window moments after an elderly woman left the room, the RSPCA said. The woman had been at the sink in front of the window just before the bird crashed in at a home in Barton in Fabis, Nottinghamshire, on 11 January. The swan received stitches to a wound under her wing and is awaiting further treatment. The charity added the woman was "so lucky" to avoid serious injury. RSPCA inspector Keith Ellis said he had never seen anything like the "bizarre" incident in his 40-year career. (Well what is bizarre about this? Because why don't people just admit that the swan might have been feeling too cold and suicidally desperate to live indoors to the point it crashed in to a home to get some help But these idiots would stitch the swan back up to health and throw it back to the river outside and forget...as if that swan doesn't have a soul needing a home and probably had enough of the river and the outdoors) That's what I believe	Leah Unison

18 Jan 2021 at 10:15am	Appt reminder: Jan 21 at 11:40am with Mrs Angelika Sowatey at Woodlawn Medical Centre. Final dosage of MMR vaccine And meningitis vaccine	Leah Unison
18 Jan 2021 at 8:14am	 work searching as usual 90,000 people supposedly died in the U.K. of covid-19 As of now since last year.	Leah Unison
17 Jan 2021 at 8:25am	I'm 	Leah Unison
16 Jan 2021 at 8:25am	 Good morning	Leah Unison
15 Jan 2021 at 6:25pm	Nidhal benaissa came through in the end and went food shopping just now. And bought me maltesers chocolate And I love those I'm so addicted to them nowadays. So all is better in the converted garage.  good night	Leah Unison

15 Jan 2021 at 11:39am	Nidhal benaissa got up to eat expired bread (that's all there is to eat) He told me to have some but I'd rather eat MUD AND FURNITURE if I really care about starving to death...so I have not eaten. Nidhal benaissa is currently sat on his computer hearing voices staring at his website public viewings page expecting buyers... When there are people out there losing homes and a place to stay because of covid-19 and lockdowns and they don't feed their family expired food to exploit their health for rent!	Leah Unison
15 Jan 2021 at 9:55am	The nurse from the psychiatric hospital is here at the converted garage injecting my mum with her antipsychotic medication. Nidhal benaissa is on the floor pretending to sleep and dalila boutarfa benaissa is receiving her treatment from the nurse.	Leah Unison
15 Jan 2021 at 8:28am	🤔🤔🤔 I had a dream last night that I was back in the British army but the night before last night... I had a dream that I was a hospitality worker obsessed with my own mornings and stressing over my 750 a month rent needing to be in a breakfast buffet every single morning for those eggs and toast Oh my god All I think about mostly these days is food This is not good!	Leah Unison
14 Jan 2021 at 4:15pm	Nidhal benaissa forced me to eat expired bread and there is nothing to eat He refuses to buy anything in date today... Everything is expired Nidhal benaissa I don't know what kind of people would purchase nidhal benaissas software because surely they have instincts about what they are doing when buying multicrew xp Nidhal benaissa is a strange case because he is more vulnerable than I am in the U.K. but somehow he makes more money than me as a nasty abusive criminal man on someone else's identity.	Leah Unison
14 Jan 2021 at 8:53am	😞😞😞😞😞 so fatigue	Leah Unison
13 Jan 2021 at 6:46pm	Dalila boutarfa benaissas sister called her on nidhal benaissas phone To check in on her and told her She should go back to Algeria and get her life on track to come see her in France. So I hope that dalila boutarfa benaissa starts wanting more for herself and her life and I hope she leaves nidhal benaissa to his negative karma for what he put her through all these years...all for his selfish goals to hurt people in his life to just get to hurt people outside of his own life ...to prove a point to the universe as an action of concern for his own spirit and his next lifetimes!	Leah Unison
13 Jan 2021 at 5:32pm	I helped my mum fill the court forms And found on nidhal benaissas desk that the NHS ATTEMPTED TO CONTACT DALILA BOUTARFA BENAISSA WITH REGARDS TO COURT AND HE NEVER RESPONDED AND NEVER LET HER RESPOND. So I helped my mum fill her forms and she said she will ask nidhal benaissa for £1 for a stamp so that I can go and post the letter for my mum	Leah Unison
13 Jan 2021 at 4:43pm	Ian Reilly called nidhal benaissa and asked nidhal benaissa what is he doing with his life And then they started arguing And Ian Reilly demanded that nidhal sorts his life out and stops using his identity and bank accounts, Because Ian explained that nidhal benaissa is causing him problems. Even Ian Reilly had enough of him.	Leah Unison
13 Jan 2021 at 4:22pm	My mum received a letter from civil tribunal court with regards to a new court hearing as to if dalila boutarfa benaissa should remain on a community order to continue receiving mental health treatment from the psychiatric hospital. So I read the letter and it is instructing dalila boutarfa benaissa to return a form to let the court know if she is attending I will help her with this Dalila boutarfa benaissa does not want to attend the hearing. Or nidhal benaissa can help her with this As soon as he stops being a stubborn violent pig in a garage condensating everyone's air with his breath to warm the converted garage to then abuse us and call the dirty condensation of his breath British Gas heating.	Leah Unison
13 Jan 2021 at 12:52pm	I wonder where immigration are at with my parents now??? It's been a while since they contacted them. They have not contacted them since coronavirus lockdowns began	Leah Unison
13 Jan 2021 at 10:53am	I can't wait to just sleep and never need to wake up to nidhal benaissas negative existence and his dirty breath in the room and his foul body odour the stench is horrific 🤢 I can't wait to never witness his foul breath near me and the way he will never be getting to create condensation heat with his stinky breath to disturb my air. Nidhal is a strange man that doesn't sleep and lays there for hours on end...breathing so loudly for hours to create condensation in the air to call it heat as a way to abuse me and dalila boutarfa benaissa to create arguments with us as to how we should be grateful that he is a provider And provides for us...when we all know he corrupted the goodness out of what he is doing and is actively perverting the help that comes from what he is doing and using it as a tool to abuse us for himself and his life statements to god (the universe) to exploit us as his victims to express his concerns for himself in other	Leah Unison

To the universe
I can't wait to forget that nidhal benaissa exists!

12 Jan 2021 at 6:28pm	Well I don't care if nidhal benaissa catches covid-19 all I have to say to him is die quickly BITCH	Leah Unison
12 Jan 2021 at 6:26pm	Maybe nidhal benaissa is knowing that he will have coronavirus due to his poor standards of living and his abusive nature That perhaps he is trying to abuse me by flipping my bed over whilst I'm laying in it. As an attempt to exploit my misery and pain to give himself health after coronavirus. You'd be surprised because some People would do anything...if they believe that it's the only way they can save themselves from death	Leah Unison
12 Jan 2021 at 4:55pm	Nidhal benaissa Ate my Philadelphia cheese knowing that it's all I have to eat for tomorrow and he was knowing that the spoon in my mouth was used on the cheese and I specifically instructed him to not eat my food because of hygiene reasons!! So he did it to provoke an argument And then lifted my bed whilst I was laying in it and flipped my bed over to intend to break it whilst I was laying there. This is disgusting! 	Leah Unison

12 Jan 2021 at 10:10am	I do not laugh at the government announcements of covid-19 This is very serious because if the public continue to overcome the disease and beat it! Than the government and their businesses could be globally overruled to shut down by the public survivors of covid - 19 And the rest of us would become victims of the survivors who would have contributed to protesting and talking down the government and its authority to assist it to shut down And leave the rest of us vulnerable... To then empower the people as free and violent And then if we don't die of the disease We die of the survivors of the disease who would kill us for they way they know we are all secretly wanting them to not overcome the disease for the sake of our safety. And this possibility of dying for an infected survivor that exists to assist in making us all vulnerable with no government due to lives destroyed for fake global announcements of a harmless disease Nevertheless It's a cause for concern that the public are very alive whilst so many disease announcements are being made... If they continue to live as infected people then government could be compelled to shut down for making false announcements And destroying peoples life's for a disease that never complied with being fatal in death counts. These are not good times at all!!! 	Leah Unison

9 Jan 2021 at 3:14pm	Uggghhh all I can think about is how much my dads parents should hurry up and die... So that my parents and I don't have to suffer like this for their faith and their homes in Algeria	Leah Unison
9 Jan 2021 at 1:45pm	Nidhal benaissa is on the phone using Skype and he is talking to his mum in Algeria Nidhals mum let him know that she has been infected with coronavirus and so is nidhal benaissas father... Well I don't know why they call us in England like we would care because I for one am not diluted as to how nidhal benaissas parents straight up psychotically exploit him as a vulnerable undocumented migrant person in England for themselves and their home life's in Algeria...and they pray on him to get to pray on me And I don't consent to being used by them and I know that if nidhal benaissa had a fair life to detach themselves from their family's then I know that Dalila boutarfa benaissa and nidhal benaissa would both tell nidhal benaissas parents To just hurry up and die of coronavirus and stop telephoning the converted garage and giving us their bad news with no money or help from their bank accounts! Disgusting old people nidhal benaissas parents are I was tempted to shout at his mum on Skype Telling her DIE BITCH But I kept silent for my dads sake. So I chose to tell them to die on my U.K. benefits instead because... If my dads family were not busy psychotically exploiting us here in the converted garage and if they behaved like normal people in normal familys I know I would not need to be claiming state government benefits from the U.K. So I laugh at my dads mother for the way she thinks we care in a converted garage for her health....when my parents and I are using our own condensation in our own breaths to keep warm at night. But nidhals mother should never for one second think she will get sympathy from me of all people...because I know she and nidhals father were hearing voices in their minds and were both trying to influence death and sickness to our life's through prayer amongst other ugly family members of theirs in their corrupt faith in allah and Muslim works! Exploiting their familys money and houses to keep us deprived in the U.K. to wrong people through our suffering To get to overcome people they don't know to empower themselves	Leah Unison
https://www.universal-credit.service.gov.uk/journal 26/08/2022, 17:28 Page 186 of 484 Well to my fathers family All I have to say Is DIE DIE DIE COVID-19 couldn't come any faster for them I hope they don't overcome covid-19 to get to live corrupt any further!

7 Jan 2021 at 12:24pm	On my way to the pharmacy to pickup my prescriptions or order them to the store to pick up tomorrow. I am so glad I was able to get a physio referral today from the doctor for my back	Leah Unison

7 Jan 2021 at 11:00am	I just had my telephone appointment with dr Ali of Woodlawn medical centre and Oaklane medical centre. And I told him about my consistent back pains and asked for a referral for physiotherapy for my back. And dr Ali agreed and said he will send a referral for physiotherapy sessions for me. I also asked for more gel medication for my face to be prescribed and dr Ali also is prescribing me laxatives to help me poo more frequently. So this morning I got to take care of myself a bit more than usual. Thanks to dr Ali The sooner I can get physio for my back pain the better! As for the gel medication for my face dr Ali said I can only get it prescribed one more time after this prescription And then we would have to review my face to see what the next steps are to helping my skin	Leah Unison

3 Jan 2021 at 6:08pm	You have successfully submitted petition reference number EN2248 Thank you, Miss Leah Unison, you have successfully submitted this petition. For Australia 🇦🇺 (https://www.aph.gov.au/Parliamentary_Business/Petitions/House_of_Representatives_Petitions/Petitions_General/Request_a_new_e-petition) I petitioned in Australia for the same thing I have been telling the U.K. and America About making cannibalism illegal and to be more specific as to laws on international meat trading	Leah Unison
3 Jan 2021 at 5:19pm	Petition Title: MAKE CANNIBALISM OFFICIALLY ILLEGAL IN THE USA AND BE MORE SPECIFIC IN LAW AS TO INTERNATIONAL IMPORT/export meat! it is not illegal in the United States of America to import/export human meat in to foods, technically the trade business and USA economics are dirty for trading meats with countryxs globally and not making a specific law stating that NO HUMAN MEAT/flesh....IS TO BE ACCEPTED IN TO IMPORT/export goods concealed to look like animal meat! There is no clear law against the concealment and packaging of human meat in supermarkets made to look like animal meat in shelfxs! Government is only wanting to make International trade deals to look busy, But as of now the international meat trade is a dirty business with loads of loop holes and technicalityxs as to how criminals can import/export human meat for cannibalism in store shelfxs by packaging and concealing it to look like animal meat package	Leah Unison
3 Jan 2021 at 5:13pm	I thought America could use some help with trade since all the government seems to care about is the press and how they make deals to look paid... And how the public perceives them... USA gov needs to brush up on its laws on trade just like the U.K. does. URL: (https://petitions.whitehouse.gov/petition/make-cannibalism-officially-illegal-usa-and-be-more-specific-law-international-importexport-meat) 👍🤔🤔🤔 I thought I would be productive today and attempt to make some type of difference in the world	Leah Unison

3 Jan 2021 at 8:35am	🤔🤔 brrrrrr	Leah Unison
2 Jan 2021 at 9:46am	Correction (https://www.thalesgroup.com/en) Are the ones printing government identifications for U.K. government as well as for other countries. Hmmm very interesting as that is not very good homeland security because there had to be ONE COMPANY PRINTING government IDENTIFICATIONS FOR ONE COUNTRY ONLY!!! SO THAT THINGS AND PEOPLE STAY ORGANISED	Leah Unison

BUT THESE COMPANYS printing identifications ARE NOT working EXCLUSIVE TO ONE COUNTRY AND RISK CONFUSING THE MENTALITIES OF different COUNTRIES by working with them all....SO THIS COULD BE one of the reasons WHY THERE IS SO MUCH THREAT TO COUNTRIES and citizens and people get strange ideas to bomb and destroy and even the viruses of the universe gets ideas to kill BECAUSE OF LACK OF EXCLUSIVITY.
And lack of care to separate countries from one another.

Nidhal benaissa goes out hearing voices and let's the voices tell him exactly what to buy for everyone to eat...he bought my mum partial chocolate bread and oranges to starve off of and just left us to it...and doesn't care And returns to his software and hears more voices about that turning a blind eye to his environment and what he does to his family. Only using his head when he has to think of ways to blame them and exploit them for himself. 23 Dec 2020 at 11:25am	I just spoke with the nurse at my gp and she explained that the tetanus injection is done privately at the gp for £20 and is ordered in by the gp. So the nurse said if they have a tetanus vaccine in the fridge she will give it to me tomorrow with the MMR vaccine As for the meningitis jab she said she will check to see if the nhs can give it for free	Leah Unison
23 Dec 2020 at 8:20am	Need to give my doctors a call again Because I just realised that I never actually had the course of injections of meningitis and tetanus (https://www.nhs.uk/conditions/vaccinations/men-acwy-vaccine/) (https://www.nhs.uk/conditions/tetanus/)	Leah Unison

21 Dec 2020 at 8:20am	I had a strange dream last night about nidhal benaissa and dalila boutarfa benaissa working from home as chefs for Deliveroo and just eat and Uber eats takeaway food companies. I dreamt that I was the converted garage waitress serving the customers their food like a takeaway service in the converted garage Like it was some type of a takeaway restaurant.... I dreamt that I was instructed to hide in the converted garage toilet until the food was ready to be given as a takeaway to the customers... But in my dream whilst I slept there was a woman who ordered food from us and then took us out to a big swimming pool slide and got me all dressed up in a swimming costume but the actual swimming pool slide was so dangerous and had stairs inside of it to hurt peoples backs and there were poles in the wrong places which could hurt my head.... but the water was so warm I could feel it on my hands it was so strange I was telling the lady in my dream I didn't want to go down the slide and she was ok with that....as long as I agreed to go down it next year... But prior to getting in my swimming costume I was stuck outside of the swimming building with my duvet covers on my back and stuck on my arms and legs like some type of candy floss that wouldn't come off of my skin.... What a strange dream to have in my sleep.....	Leah Unison

2020 at 8:44am	We take our lives so seriously not serious...because we all know of the other planets in the universe And we are Aware that there are too many creatures and species existing in the universe that we can never really adapt perfectly in our life's...and become something PERMANANTLY. So we all care about healthcare and vanity as humanity but From what we know about life in this universe is there is more slimey creatures and ugly creatures of the universe in each planet internally beautiful then there are beautiful species external... The universe loves ugly... And I suppose I wrote this because the global pandemic is basically only happening because it wants to unsettle humanity and start blocking us all from relying on this particular species because I suppose the universe wants us to not forget there are other spirits waiting to experience humanity. Whilst we all live fake lives here on earth not knowing the universe is plotting and arranging for our slimey wet neglected life's elsewhere as other species....so that others get a chance to be this unsettled as humanity after us. 👻👻👻 if there is a spirit realm I would rather go there instead 👍

16 Dec 2020 at 9:15am	I think all the European countries should be independent and I say NO MORE EUROPEAN UNION BECAUSE A UNITED WORLD LIKE THE EUROPEAN UNION IS A SICK WORLD FULL OF MENTALLY BLOCKED CITIZENS THAT CANT MAKE A POSITIVE DIFFERENCE IN THEIR COUNTRIES. Due to being outnumbered In the European Union and living head to head with citizens in other countries until they die and nobody knows what they tried to do for their country's and for themselves. 11 Dec 2020 at 9:20am	I somehow became interested in Thai and Indonesian horror movies on Netflix and there was one directors movies that caught my attention. The director is named Rocky soraya	Leah Unison

He did two films that I recently watched called

THE THIRD EYE
AND THE THIRD EYE 2

([https://en.m.wikipedia.org/wiki/The_3rd_Eye_\(2017_film\)\)](https://en.m.wikipedia.org/wiki/The_3rd_Eye_(2017_film)))

(https://en.m.wikipedia.org/wiki/The_3rd_Eye_2)

The film is not English spoken
It's spoken in Indonesia/ Thailand (there was English subtitles)
However the more I watched it the more I noticed that the Actors and actresses actually do not know how to speak Indonesia or Thai language.
Because they kept using the same words over and over again constantly repeating themselves whilst the subtitles claimed that they were speaking new words when they were not....and they did it as if nobody would be noticing that they are acting in a movie unable to speak Thai or Indonesian.
So that film is completely not talking or telling a story and relying on the English subtitles for understanding...
That's so strange
I mean I have noticed that many countries are unable to have a language set and legalised like the United Kingdom and America
And every country that speaks English

But I thought that is so corrupt that the only verifiable language in the world right now is English...the rest of the world is understood as blagging it and barely communicating in their own languages without referencing some English in their fake spoken foreign languages

So I just called my gp at Woodlawn medical Centre and asked them if they are giving out the vaccine next week.

But the nurse said that the vaccines are coming out for the hospitals and not for the NHS GP YET.

Hmmm this is really strange

Because how can someone get an injection like this

If I didn't know any better I would say no vaccines are coming out because they offer no appointments at the hospital for this service

1 Dec 2020 at 7:22pm	When I was working in a factory in Greenford last year I heard strange whooshing noises in my ears whilst I was wearing ear plugs at work and working due to loud machinery I thought the whooshing noises were so cute because they only happened when I had my ear plugs in my ears and was in the factory working. But now I know it's a minor condition called tinnitus	Leah Unison
----------------------	--	-------------

1 Dec 2020 at 7:20pm Tinnitus

Tinnitus is the name for hearing noises that are not caused by sounds coming from the outside world. It is common and not usually a sign of anything serious. It might get better by itself and there are treatments that can help.

Check if you have tinnitus

Tinnitus can sound like:

- ringing
- buzzing
- whooshing
- humming
- hissing
- throbbing
- music or singing

You may hear these sounds in 1 or both ears, or in your head. They may come and go, or you might hear them all the time.

7:19pm I keep getting ringing sounds in my ears
I looked it up on google and it says it's common and to tell my doctor about it.
I will have to book a separate appointment about that issue.
The ringing in my ears is strange
Also the nhs are explaining that part of having tinnitus is hearing music and singing
But I only hear music and singing when I am in deep sleep at night
But at least I am starting to know now what is wrong with me

1 Dec 2020 at 12:07pm	Uuggghhh nidhal benaissa exploited dalila boutarfa benaissas mother's death As an excuse to stay laying down on the floor with insomnia for 12 hours so that he doesn't have to go out and buy food because there's nothing to eat. Nidhal always does that When he knows something bad happens in one of our life's he takes and exploits our issues to use it to further destroy us to empower himself	Leah Unison
1 Dec 2020 at 8:24am	Coronavirus: Lewis Hamilton tests positive for COVID-19 and will miss Sakhir Grand Prix in Bahrain The British driver won the Bahrain Grand Prix on Sunday but started experiencing "mild symptoms" on Monday. Tuesday 1 December 2020 08:06, UK Formula One champion Lewis Hamilton has tested positive for coronavirus and will miss this weekend's Sakhir Grand Prix in Bahrain. Monday 30 November 2020 21:06, UK 😏😏😏😏😏😏😏 the lady accused of stealing from wealthy homes told the press and authority's she doesn't see herself as a Thief because she understood that the wealth she stole from are criminals / money launderers through their friends and associates and are not supposed to have their money and possessions unlawfully anyway. TOO RIGHT! I agree with the burglar Because the wealthy society today pose as us working citizens Taking respect and discipline from our souls for themselves so that they pose and we respect that and forget ourselves....whilst getting what they want unlawfully and criminally and no one ever does or says anything Until now. 30 Nov 2020 at 9:15pm	I don't understand why the universe would choose to kill my mothers Mum ...my grandmother because I know that katia Assma benaissa is sucking dicks of men for money And some of these men would have coronavirus And i know that her prostitute service consists of swallowing sperm for a couple hundred pounds. (It's on her prostitute agency's website that she offers this service they call it (OWO) oral without condom is what that is So how does sperm down katia Assma benaissas throat and in to her stomach coming from several infected mans dick Of covid-19 (pandemic dick) Not infect this bitch to die. I had enough of her lifestyle and choices destroying everything and everyone except for her.	Leah Unison
30 Nov 2020 at 8:56pm	Both nidhal benaissa and dalila boutarfa benaissa cried And I had to hug my mum and comfort her whilst she cried on my shoulder And all I can think about whilst she was grieving was how much Katia Assma benaissa and Sarah benaissa need to suffer for not being here and refusing to comply caring to their parents...all I can think about is how the two sluts (my sisters) do things for sex and money and a roof over their heads at their parents peril to the point that they are diluted if they think that I don't see why they behaved like this for so many years Because they hear voices in their minds they would have known about covid - 19 because of faith religion (the voices are considered to be faith works of god) Whilst my mum cried and was grieving over her mother's death all I can think about is... What if katia Assma benaissa and Sarah benaissa made life choices to destroy their parents health to overcome covid-19 ahead of time to then impact their parents family's to die to restore their own health like the ugly witches I know they are and love to be with the voices in their minds 🙏	Leah Unison
30 Nov 2020 at 8:44pm	My mum just got a phone call from her sister And her sister told her that Her mum died So we just got the news that my mums mother (My grandmother) died in Algeria. And my sisters are just whore daughters of my parents who play peoples life's around them with their psychosis NOT OFFICIALLY knowing that their mum dalila boutarfa benaissa is dealing with her own mother's DEATH BUT PSYCHOTICALLY THEY KNOW IN THEIR MINDS THAT THINGS ARE WRONG AND THEY DONT CARE....well I hope those two sluts (my sisters) get their hell on earth soon! Because this is not right that my sisters don't care like this as psychotics and are not around for their mum and plotting against her indirectly through people in their own life's WHILST my mum is also DEALING WITH	Leah Unison

THE PSYCHIATRIC HOSPITAL about her own issues let alone her mothers death.

But I was very happy around him
He was a lovely man.

30 Nov 2020 at 8:29am	I think once people are in arrears in rent they become too vulnerable to stay in their homes as much as they would want to stay housed they would understand there is a price for everything even without money. I'm seeing story's on the press and tabloids about landlords being ok with letting people stay in their property's with no job and rent money due to covid-19 But that's temporary genuine support If the government and people beat this covid-19 virus Then the fact that government were empowered shutting down a lot of important times for people this would leave people to become nothing but government cases People could become homicide victims for staying in their homes after this pandemic and not paying rent and believing there is work when it's over...but this is the thing... I'm sure there is work when this is over.... But that's how people would lure each other out and about after the coronavirus clears itself away to then corrupt each other's life's! So as much as I'm seeing people are trying to be kind to each other throughout the pandemic I disagree that the kindness is helpful because if things go back to normal these vulnerable people would only end up being victims of their circumstance anyway and exploited for government cases and files in different departments because they would be making fake friends during pandemic to realise it's all just a game of psychosis and nobody really is interested in business really!!! Whoever is professional and genuine is not actively able to help anyone. I realised everyone actively assisting people are the ones needing to prove themselves and they most of the time don't care....this is why there are so many problems and people would be let down. It's universal evidence that the universe is selecting its favourite people on sundays to continue their life's after covid-19 whilst it has a break EVERY SUNDAY watching all of us AND WATCHING HOW WE ALL KNOW it's having a break from killing people WITH FLU to entertain the churches and religious people for faith in itself 🤔 the universe must think this is a joke😂	Leah Unison

10:51am	The gynaecologist rejected my referral because I had to have had psychological counselling based off of my decision to have this operation done. 27 Nov 2020 at 10:43am	People make me laugh.... They shut everything down psychotically and globally United and called it covid-19 But ensured that food shops and pharmacy's were open Like people are blind and diluted and do not know that food shops can sell illegal human meat (dead body's) and pharmacy's could be giving people poison in their medications and not know because the people making the pills and the medication in the laboratory's would want to overcome the aftermath of the disease and how people wronged each other and wronged them to continue to survive so the medications would end up being poisons or faulty medications on purpose through laboratory's that do this to save themselves through patients prolonged sickness through medications that eventually kills people. This is reality results of how the world and governments reacted when locking down and calling it covid-19 so psychotically and urgently but suspiciously leaving only services that people can digest in to their body's open.... Meaning everything external for a human being was shut down But everything that a human can swallow and consume stayed open To wrong them later. I don't want my medications	Leah Unison

26 Nov 2020 at 1:21pm	I need to get back on the medication rispiradone It's an anti psychotic Now is as good as time as any to take it because for the past year the world has been claiming authority over everyone globally impacting and exploiting their power and authority at work through the voices in their own minds to channel us all down to lockdowns and death These people operate off of the voices in their minds... I DO NOT WANT PEOPLE IMPACTING MY LIFE ANY FURTHER WITH THEIR PSYCHOSIS AND THE VOICES AND THEIR BELIEFS IN THE voices BECAUSE I UNDERSTAND PEOPLE BELIEVE THEY ARE SMART BECAUSE THE VOICES TELL THEM THINGS. But I will be asking my doctor to give me rispiradone to help block psychotic inputs of others to my brain and my life I am ANTI PSYCHOTIC ABOUT EVERYTHING AS OF NOW PEOPLE ARE SO DEDICATED TO THEIR MENTAL HEALTH ISSUES these days in order TO PASS THEM ALONG TO UNBLOCK THEIR HIDDEN POTENTIAL AT EACH OTHERS PERIL JUST TO UNCOVER WHATS BEHIND THE VOICES that circulates their minds. 18 Nov 2020 at 8:32am	I also caught on Caroline Julie port anells MP Twitter account that dominic raab visited her and her team in Eastbourne back in 2019 November. There were photos JUST BEFORE THE LOCKDOWNS Dominic attended a meeting with Caroline ansell and her colleagues in Eastbourne this was before CHINAS IMPORT/export threats to the U.K. ON THE NEWS... Caroline Julie port ansell is indirectly involved with my youngest sister Sarah benaissa via Howard wardle at Eastbourne food bank. The connection there could have infected my boob Because someone is not doing something that they are supposed to be doing for the DWP (Cough) Rishi sunak	Leah Unison
18 Nov 2020 at 8:27am	I was thinking about my infected boob and then checked the daily news even the DWP news and acknowledged that the politician working with rishi sunak (rishi deals with finances like DWP) And then I noticed that rishi sunak is chatty and talkative with Dominic raab	Leah Unison

But that’s what reminded me of my infected boob
Because dominics surname if you rearrange HIS SURNAME it
It spells - A BRA
MY BOOB GOT INFECTED WITH A NEW BRA

Maybe that means something because I know that the DWP are underpaying claimants so the universe must be abusing me in bad health to expose that to force me to claim money through my health at the nhs expense to make up for the money I will not receive from DWP.

So dominics surname reminded me of

A Bra - because HIS SURNAME its RAAB
AND then I realised that my boob might be infected because if rishi sunak spent half as much time working on the DWP and doing his job to consider DWP claimants through this pandemic as the most vulnerable people in the U.K. instead of being pals and talkative with Dominic raab about Brexit and their personal life’s

Then maybe
Just maybe.....my infected boob wouldn’t have reacted like this to expose the connection here!!!

17 Nov 2020 at 8:02am	Still no date on end of France's lockdown https://www.universal-credit.service.gov.uk/journal French health minister Olivier Veran has today said he would not give a date for the end of the country's national lockdown. It was imposed for an initial period of one month on 30 October - but said currently - there are no plans to lift it on 1 December. France has reported as many as 90,000 COVID-19 cases in a single day - with ministers considering extending its national 'state of emergency' until February next year - after total case numbers became the fifth highest in the world. 16 Nov 2020 at 11:45am	I got in the shower this morning and noticed that my RIGHT BOOB on my chest Has an infection of some sort (under my nipple) It's swollen and stings a bit It's like a big patch of brown that looks like I was burnt but I was not burnt... I don't know how that happened Maybe it's the contraceptives I am using. So I called my doctor for an appointment And I booked a telephone appointment with Woodlawn medical centre + Oaklane medical centre for today between 2:30pm and 4:30pm to try and get some antibiotics or something. I don't know what to say....I don't know if this is a sign that sterilisation operation would be good because if I have a boob infected like this it would mean that my boobs are starting to not produce milk. 13 Nov 2020 at 9:58am	I wouldn't be surprised if the banks don't like to help people like me because they are psychotically choosing their customers whom they want to help because I know that after COVID-19 and the lockdowns the banks would be exploiting the police forces and justice system to personally elevate themselves to exploit their customers through their loans and overdrafts and mortgages to make them criminals or to make them homicide victims or victims of any government case....as long as government gets to exploit people negatively to keep things and people going and working. WHILST Keeping that new money HUSH I know the banks never help me because as you can see I have my back! I do not submit to being a homicide victim or any type of case victim....IN EXCHANGE FOR ANYONES HELP...i do not believe in wronging or putting myself at risk to get what I want from people... And they know other people do so they ignore me and my needs and requests because I want to be happy....and not trying to be selling my soul and body to the works of government homicide Units of prosecution targets of the crown prosecution services and courts and police. So I guess that's why the banks also ignore me Because they could make a criminal out of me through the simplicity of me not wronging myself to work psychotically with them....and having to eventually wrong something or someone in my personal life or some stranger to survive if I don't play the game..either way they win They don't care But that's why I expose them like this It's not much but if the universe empowers this someday then my crappy life doing this and keeping quiet for nobody could be justice for someone other than myself someday.	Leah Unison
13 Nov 2020 at 9:17am	I suppose the banks and people of importance would see Covid-19 as a prospect and an opportunity to clear their country's of all debts and recession problems and create their own worth and corrupt money in to their life's however they want based off of the destruction of peoples life's that the lockdowns and Covid-19 committed. I suppose the banks worldwide and in the U.K. are thinking they are making deals with the demonic universe / devil or something through their own psychotic minds and looking at generating their own worth in digits/digitally through computers and then printing money off that they would not have got to print off if peoples life's were not destroyed. 13 Nov 2020 at 8:50am	Woke up this morning and all I can think about was the tv show THE WALKING DEAD. And the scene where the deputy sheriff gets shot on the job and lays in a coma in hospital for 5 weeks and wakes up and everyone is either dead or a zombie flesh eater that died and came back to life to eat some more... And all I could think about was that...the tv series the walking dead is a better universe then our universe on earth because when the virus came out on the tv series the walking dead People on that show decided the apocalypse would be quick and easy. And everyone would know their circumstance in weeks... But in our real life global virus circumstance with our universe is It's been nearly a year and nobody is really dying and we are all blocked from knowing our futures because the universe doesn't want to end society as quick as Hollywood... I wrote this down so that if the universe is out there reading this after overcoming Hollywood and the apocalypse and what they did on screen....I really want the mystic cosmic universe to think long and hard as to if it was really worth it! If it was worth overcoming Hollywood's quick and easy disposal of the corruption of people and the works....through our universe putting poor people through such an uncertain slow virus case and destroying their life's to enslave them to fight for their old life's back!  Was it worth it 	Leah Unison

12 Nov	The NHS psychiatric hospital sent a letter to my mum and to my dad about dalila boutarfa benaissas	Leah Unison

2020 at treatment.
3:12pm And on the letter it states that dalila boutarfa benaissa feels like a zombie and doesn't feel like a human being anymore.
That crossed my mind that they wrote that she felt like a dead zombie and didn't feel human anymore because I watched the American tv series
THE WALKING DEAD
It's about a virus that spread that was similar to covid-19
And it turned people in to zombies and they ended up eating each other whilst rotting decaying and deteriorating.

I think maybe the creators of the tv show the walking dead made this tv programme because that's what they think coronavirus is supposed to be.

Amid COVID-19, California releases some inmates doing time for murder. Advocates push to free more

Terebea Williams was 22 when she shot her boyfriend, drove 750 miles with him bleeding in the trunk of his own car and then dragged him into a Northern California motel, tied him to a chair and left him to die.

Convicted of murder, carjacking and kidnapping, Williams went on to earn a college degree during her 19 years in prison, where she also mentored younger inmates and was lauded by administrators for her “exceptional conduct” while incarcerated. The contrasting portraits of Williams as stone-cold killer and rehabilitated model prisoner highlight the difficulties in a plan to release thousands of California inmates to curb the spread of COVID-19, which has killed at least 52 of those incarcerated and sickened more than 8,700 others.

This spring, the state expedited the release of 3,500 inmates because of the coronavirus, and in July it freed 2,345 others early. Thousands more are eligible for release, including at least 6,500 deemed to be at high risk because of medical conditions that make them especially vulnerable to COVID-19.

Although Gov. Gavin Newsom and corrections officials have focused on freeing nonviolent offenders, they also are letting out people who, like Williams, have committed violent crimes but have serious medical conditions.

10 Nov 2020 at 2:35pm	As far as I am concerned The COVID-19 is not a real crisis until things and people lockdown without being told by government... The lockdowns continue to be a government power trip globally until parliaments and politicians stop being the face of the pandemic and stop modelling the diseases with their speeches to control the pandemic on the news and tabloids. And last of all The disease does not deserve this type of attention unless it causes mysterious disappearances of dead people And hospitals shut down permanently. Everything to do with COVID-19 as of now is just considered to be cult and a global power trip for politicians and those that can afford to watch the rest of us be undone financially. I'm sure the wealthy members of society want society to get back on track...of course they do because they want to laugh at all of us at the bottom for losing our partial life's to laugh even harder for the way we would all be expected to beg for the old life's we had and never really wanted or enjoyed.	Leah Unison
10 Nov 2020 at 1:27pm	People are so diluted.... The way they respect politicians/government works everyday knowing those people are actually only practicing advanced psychosis of their own minds to run their country... I wonder if the diluted public comprehend that the politicians that they beg to keep government works open....are nothing more than psychotics accepted to preach on the news and tv in a professional manner by the COVID-19 influence itself...and I wonder when they know and think about this...do they understand that the government are the ones operating the psychiatric institutions as well as financial institutions....the diluted public know and just co operate and don't say anything As if they are safe with the universe and then pay money to go see horror films at the cinema to live ignorant....as if the universe complys with friends...and worshippers It does not! Let me tell you something...horror films are more real than a middle class persons life because a middle class person in society is only stable because of family history and old family crimes and risk takes from ancestry lines. Horror films are more real than a middle class persons life because a horror story it's typical daily life...people of course would be supernaturally abused in their life's by the universe for respecting people who live better than them when those people live better with no effort. People are not just blind They are WILFULLY BLIND!	Leah Unison
10 Nov 2020 at 9:27am	Hmmm interesting... When other countries lockdown with the U.K. the death counts in the U.K. are smaller Now that France Spain and Germany and Greece are locked down only 19 people died yesterday in the U.K. This is why I think COVID-19 is just some type of government power trip because the virus starts picking and choosing who dies elsewhere when other countries lockdown with us. It sounds like the virus is an intelligent opportunistic sickness that thinks about itself and what it can do and it's options with people if multiple countries lockdown then it sees that as an opportunity to change its motive and DOESN'T kill certain people to see what it can have them do instead. COVID-19 is just the universe being a global opportunist that would only spare people in this country if other countries lockdown.	Leah Unison

But now that I have exposed it
Typically the universe would change its game and spite the homeless impacted by lockdowns and give people and government a MIRACLE CURE for COVID-19 AND BEWITCH THEM TO LIVE THEIR LIVES LIKE NOTHING HAPPENED...
And the way people would let that happen to themselves is embarrassing and I can't take the way they beg.

But they can't do this because governments abroad are understood as practicing torture on people! So when those type of governments that torture people lockdown with the rest of us Then our partially good government would get confused and psychotic and take on the ways and influence of the abusive governments abroad due to locking down in unison with them! These are the online global statistics of COVID - 19
On the internet I copied and pasted it

6 Nov 2020 at 11:12am	China Was one of the country's that made the biggest deal out of coronavirus and the lockdowns But I just checked their death rate And so far CHINA ONLY HAS A RECORD OF 4,512 DEATHS IT SOUNDS LIKE THEY ARE PLAYING GAMES WITH AMERICA! LEGO!	Leah Unison

6 Nov 2020 at 11:04am	Oh...so an aeroplane just flew above the converted garage from Heathrow airport.... The prime minister announced all airports and borders are to be closed as of now.... And an aeroplane just flew by like it's immune to the order...when the rest of us have to scrounge in poverty and obey corrupt government instructions to escape this global virus like we are nothing. That's unacceptable The aeroplanes have no business flying anywhere	Leah Unison

6 Nov 2020 at 8:58am	But then it probably would be even more discreet and incognito if Donald trump was to get president of the United States of America again because then Donald trump could do psychotic things to unblock his own Intelligence and the USA intelligence by psychotically and physically dabbling with joe Bidens ideas and ties to Ireland to dabble with the U.K. in joe bidens faith to keep himself relevant and politically practicing. So Donald trump dissing joe biden on Twitter is fooling nobody because they are both psychotics that know what they both do to be who they are today...and if Donald trump gets the president title again he will of course impact the public and citizens of the United Kingdom in joe bidens faith and intentions via Ireland to influence Northern Ireland indirectly so that joe Biden did not completely waste his time So they both win in the end Either way... 6 Nov 2020 at 8:33am	For the sake of homeland security and trying to help... (https://www.irishfamilyhistorycentre.com/article/vice-president-joe-bidens-irish-family-history-1) Vice President Joe Biden’s Irish Family History The Blewitt family of County Mayo The Blewitt surname Blewitt/Bluett/Bluet/Blueit/Bluitt/Blewett are all variations of the same surname. It is quite rare in Ireland with the largest concentration in County Cork. Throughout this report we have used the spelling that is used in the original documents, and otherwise have used Blewitt as the most consistent version. The Vice President’s earliest traceable direct ancestor is his great-great-great grandfather Edward Blewitt (ca. 1795-1872), born in north county Mayo, Ireland. Our first documentary evidence for Edward Blewitt is in the parish records for Kilmoremoy, in the picturesque town of Ballina. The town’s name is derived from the Irish ‘mouth of the river or ford’ and it is located at the head of the river Moy overlooking Killala Bay. It was here that we know that at least three children were born to Edward Blewitt and Mary Mulderg, including the Vice President’s great-great grandfather, Patrick Blewitt baptised in 1832, when the couple were living in Patrick Street, part of Garden Street, in the heart of the town. It is disappointing that parish registers for Kilmoremoy only start in 1823 for baptisms and marriage's preventing us from determining Edward Blewitt's exact year of birth.	Leah Unison
6 Nov 2020 at 8:30am	(https://www.google.co.uk/amp/s/www.irishcentral.com/culture/craic/joe-biden-irish-cousin.amp) Irish man Joe Blewitt, whose father is third cousins with Democratic US presidential nominee Joe Biden, saw the opportunity for an original advertising gimmick for his plumbing business and took it. Blewitt, who lives in Ballina, Co Mayo, shared a picture to his personal Twitter account on August 31 of his work van that reads: “Joe Biden for the White House and Joe Blewitt for your house.” Joe Biden distant Irish cousin official Twitter account (https://mobile.twitter.com/BlewittJoe)	Leah Unison
6 Nov 2020 at 8:24am	According to SKY NEWS POTENTIAL USA PRESIDENT CANDIDATE Mr Joe Biden has struck a close personal relationship with his cousins in Ireland Irish officials have said such a visit was a realistic possibility, given his concern for the issue and the strength of the US Irish community. Mr Biden has struck a close personal relationship with his cousins in Ireland, paying visits to the country to trace his ancestry and seen Irish cousins fly to the US to help with his campaign. 6 Nov 2020 at 8:15am	Well this is not good.... If joe biden is voted as the new president of the United States of America then he is going to intervene in the United Kingdom and its homeland security at some point when people have their guard down Through his personal connections in Northern Ireland. He could be putting the U.K. in to terrorist attacks through his psychotic dinners with his pals in Northern Ireland and people would still pretend he didn’t do influence it and that he is a respectable president! You should make an appointment to see your GP as soon as possible or call NHS 111. They will be able to help you and offer some form of treatment. Most people with depression improve with good care, which may include changes you can make to your life, talk therapy and medication.	Leah Unison

5 Nov 2020 at 12:19pm	I still had antidepressants from last month leftover And today I thought to try to see if a higher dosage would be a better treatment for my BDD (body dysphormia disorder) AND my ANXIETY I took 60mg of antidepressants today and I do feel much better I think I will tell the doctor when I refill my medications this month to up the prescription dosage to 60mg of antidepressants monthly as It really does work to the point my back pain sometimes has relief. 2 Nov 2020 at 7:43am Boris Johnson will insist there is “no alternative” to a nationwide lockdown as he addresses the House of Commons on Monday amid mounting fury among Tory MPs, after ministers conceded the new “stay at home” order could be extended beyond 2 December.
The prime minister will tell parliament that without the draconian new measures, which will come into force across England on Thursday, deaths from coronavirus over the winter could be “twice as bad or even worse” than in the first wave.

1 Nov 2020 at 6:31pm	(https://www.hrw.org/news/2020/05/27/covid-19-prisoner-releases-too-few-too-slow) In Indonesia, the government has released at least 36,500 prisoners, but as of April 14, the country still had 260,000 inmates, almost double the 132,000 total capacity. Some detention centers have had coronavirus outbreaks, such as the Jayapura Police Station in Papua, where 11 inmates have tested positive, prompting the prison chief to test his whole staff. I think it's strange and corrupt that the U.K. are treating this disease like it's fake and keeping prisons empowered when other countries are PERMANeNTly releasing inmates England is fighting for government empowerment when other governments larger than England's government have given up So our little proud country could be a threat to its citizens for this reason! Because they are the only ones that can make the law in this country and right now it is not safe to internationally trade meat with other country's as most countries in the world have not made cannibalism illegal! 28 Oct 2020 at 1:54pm	COVID-19 THE NEW AND IMPROVED WAY TO CREATE BETTER MORE REALISTIC TERRORISTS AND PURPOSE FOR GOVERNMENT and its future THAN the 9/11 bombs in New York usa. 🍷 Here's to a global effort from the governments worldwide for making the future dramas of society look MORE REAL THAN HOLLYWOOD MOVIES EVER COULD. (I'm being sarcastic but it's true)	Leah Unison
28 Oct 2020 at 1:48pm	COVID -19 Recovered infected 29.8M Deaths 1.17M +4,624 Those are the online figures...so...the government think they gonna create a crisis over 1 million deaths and the charts and figures show that 29 million people recovered from COVID-19 This is TERRORISM STRAIGHT UP! Threat levels are high all right! But high in future terrorist attacks Those people overcoming COVID-19 and being recovered is dangerous to the public and corrupts the minds of people knowing about this to make them do wrong because of government empowering the sickness and revival of people. 28 Oct 2020 at 8:16am	367 people died in the U.K. of Covid - 19 yesterday according to statistics and charts online. But I still think this disease is FAKE and a CRUEL JOKE the disease is controlled meaning its intelligently killing people everyday But in a clean controlled way so that the universe can just SELECT AND CHOOSE its survivors and its brains of the works. (What I'm saying is I believe people are dying so that CERTAIN PEOPLE get intelligence they wouldn't have had before to continue their life's) The lockdowns are cruel because the deaths are clean and handpicked by the universe so that it can choose its lucky survivors and choose who will improve in health and in lifestyle after the Covid-19 is finished killing people and things go back to normal. While the rest of us suffer the aftermath corruption power trip of the government. 🤔🤔🤔 I do not like the universe for being a cruel existence on this earth like this and killing people controlled and clean to choose its next projects and works through others who will only improve in their life's and health	Leah Unison

because the rest of us suffer in the government aftermath of the disease or the rest of us die or wish we did!
If this was a real disease the deaths would be on the pavements and bodies would be picked up on the highways and motorways!
Until this disease is real like this...then the universe is playing all of us down to empower the health and the lives of its chosen ones!
I hope this universe dies of its own disease

27 Oct 2020 at 11:07pm	I just finished watching a film called THE INVISIBLE MAN at the odeon cinema in Kingston...I went alone. Ticket was cheap And the movie is about wealthy people creating a body suit With built in cameras that make people invisible so that they can stalk terrorise and physically abuse people without being seen... It's disgusting I hope these body suits that can make people invisible do not exist! Because that would be horrific!!! Can you imagine if people were smart enough to have one of those body suits...can you imagine what kind of bullying would be happening to people! I don't want those body suits to ever happen For anyone! Not even for myself.	Leah Unison

27 Oct 2020 at 8:52am	Well...it's absolute corruption when the news and tabloids and media write story's about the United States president and how it impacts the United Kingdom because Since when does the United States president have the power to make calls on the U.K. purely off of elections etc etc??? People are not doing politics and government works correctly to the point their authority and position of power is working in the wrong country! The president of the United States should not be empowered anywhere in the world but in the United States of America! If the power and position of someone's presidency from another country is LEAKING and impacting other countries other than its own...then government and politics need to stop giving orders and acknowledge the power leak in their ways and try to rectify or admit its chaos and stop! 26 Oct 2020 at 7:54am	I had a dream last night that I got a job in an expensive hotel With grey uniforms (I was very slim) And a large aquatic swimming pool in the hotel that staff had access to.	Leah Unison

But the special guest in my dream I found strange because whilst I wasn't sleeping of all people to dream about...I dreamt that MR MOSELY the butler from the tv series Downton abbey got the job with me at the hotel.

But somehow after the swimming pool scene in my dream

I ended up with a job at Sainsbury's with body weight problems

And I could barely stand up and then I dreamed of U.K. rappers Tinie tempah and dotstars music but their music lyrics changed and was different to what they released and was actually perverting children's life's.

I remember being so disgusted in my sleep.

This is not my mentality to sleep and dream so negatively

I do not understand.

I suppose COVID-19 is having strange ways of impacting even those not infected

Or not infected yet..

I never used to have dreams whilst I slept

Usually I sleep and I only see a BLACK image like screen and I dont hear or see Anything when I sleep.

It's usually very peaceful when I sleep.

But these days it's slightly different

17 Oct 2020 at 8:35am	I woke up this morning and thought about animals...the birds are chirping so loud outside they must be so cold I wish I could help them wear clothing...and then I thought about the horses in the stables...I find horse stables so strange because of the way that people that own horses and stables they are so abusive to the horses and make them stand to attention all the time and they don't care or think to buy a large horse bed to help the horses rest...instead they keep them standing up in small stables where the horses heads are oversized and poking out of the stable whilst the horses 🐎 mostly have hair in their eyes being exploited by their owners! I don't know how horse owners and stable owners have been getting away with this animal abuse for so long!! The way they exploit the horses to force them to do shows and run...and then keep them uncomfortable in a stable to discipline them...I don't know how the horses tolerate this abuse...if I was a horse I would have kicked and roared and ran free. 16 Oct 2020 at 6:18pm	Nidhal benaissa says that he wants dalila boutarfa benaissa off of her antipsychotic medications but he is spiteful... he claims that she doesn't need her medications and DOESNT need psychiatric acknowledgement... And ever since she took the antipsychotic medications he treats her as if she is incapable of cooking food on her own...and he insists on cooking the rest of the food as if she is a sick woman mentally...while he poses healthier...while denying dalila boutarfa benaissas mental health issues to her doctors and nurses...to block her! It just sounds like nidhal benaissa just wants full control of dalila boutarfa benaissas life and he started that domination by making her watch him cook food as if she can't do it and is sick...and he makes her feel like nobody can help her...because of the medications. (antipsychotics)....and then when she comes off of the medications he would just make her feel like when she cooks alone again it would be an achievement and once the doctors and nurses leave her life then nidhal benaissa would feel like he has mental control over her again...then he would make her cooking to be a form of independence for her and nothing more....nidhal benaissa dominates dalila boutarfa benaissa on her medication in the kitchen so that he takes her off of her medication to make her grateful that he trusts her to	Leah Unison

I had a strange dream last night whilst I was sleeping (when I was sleeping I was not thinking about anybody I just sleep and usually I only see black and nothing) but last night I slept and had a full vision dream
That Anne and Howard wardle sent me some type of celebration card and wrote me a letter and sent me £250 in cheque
I couldn't read the letter fully in my dream but it mentioned something about groundwork....
The cheques that anne and Howard wardle sent to me in my dream looked like certificates and nothing financial from the bank although my dream was trying to tell my spirit and convince me that the certificates they sent were money when it wasn'tand the dream really wanted to convince me that what Anne and Howard wardle sent me came from a financial institution but it did not look like a standard cheque.
HmMMM what a strange dream...on top of a negative night in the converted garage

Nidhal benaissa has the big light on demanding that he works on his multicrew not caring about my mum and I and how we need to sleep
Disrespecting our psychiatry as usual...whilst attempting to exploit us for his software sales.
There's no food in the kitchen or in the converted garage
I literally ate two bananas and a pot of noodles today
There is no money to borrow from my money until I get paid
And nidhal benaissa threatened to assault me because he doesn't want to buy food
He is clearly psychotic and looking to exploit those that live around him
But I insisted to nidhal benaissa that should he continue this behaviour I would basically get bricks from the neighbours porch and throw them at 8 riverdale road on all windows
And hope the brick smashes on nidhal benaissas head whilst calling the police on myself and allowing them to put me in prison because I let nidhal benaissa know that the amenities in the converted garage are dirty hazardous and depriving me to the point the prison would be absolute LUXURY
so fuck off to nidhal benaissa
Dalila boutarfa benaissa sleeps on a mattress just like the ones in the prison cells.
Fuck off to nidhal the nasty man that demands beggars in a converted garage whilst exploiting them for his money

8 Oct 2020 at 11:05am	If only millions of people die of covid-19 Then the billions of people LEFTOVER that are ALIVE WILL ONLY REPRODUCE AND GIVE BIRTH TO MORE HUMANS TO CONTRIBUTE TO THE LOSSES OF THOSE THAT DIED OF COVID-19 that's why I wrote previously that the governments immunity to the virus is of concern because the billions that don't die of COVID-19 will reproduce more children to keep humanity going as if the lockdowns weren't necessary and then the governments globally would become a threat because of their bombs and weapons and guns...and how those departments did not lockdown.... How is any country handling politics right now...after all that's been announced and said and written and published.....now Brexit looks even stranger than Donald trumps FAKE TAN	Leah Unison
4 Oct 2020 at 1:00pm	Now...the government are the ones with guns bombs and weapons If the governments globally do not shut down Then they are nothing more than terrorists and threats to everything and everyone!! They would be considered to be dangerous for multiple issues Government can never pose more powerful in global crisis then civilians it's not possible because of the bombs and guns and weapons they have...and if they lie on top of that as to how many deaths IN A VIRUS THREAT....then this is unthinkable Governments worldwide cannot be trusted unless they too lockdown everything including all armour and weapons and all armoured personnel AND ARMED FORCES. If they pose as immortals immune to this virus whilst announcing it....then they are THE THREAT THAT WILL EVENTUALLY KILL US ALL	Leah Unison

Disgusting!!!!	Leah Unison
4 Oct 2020 at 11:34am	It's serious when people are making statements on the news and tabloids that 1.5 million are predicted to die Because if they don't die Then that means government would try to get that death rate through armed forces and police services and through their jobs. That's disgusting What the hell would armed forces and police be out and about still working throughout COVID-19??? because they shouldn't be working...they are not immortal to virus And if government ever implies that they are immortal by forcing police and armed forces to work (which they have been) then government doesn't care about citizens rights and is trying to create casualties through armed forces and police works if casualties are not dying via virus. People working in police and armed forces should be isolating and locked down like the rest of us....because they have not been like this and complying as immortal government people (they are crazy their state of mind is wrong because their uniform is not protection)I can see that government is controlling the public to choose all its victims for armed forces and police works if people are not dying of this virus. That is unsettling I know people didn't really die of this virus up until now...because if they really did People like me would have got smarter and probably would have been out exploring finding empty property's because of people dying! This has not happened So the LIES ARE A CAUSE FOR CONCERN ESPECIALLY IF THE DEATHS ARE FAKE AND PEOPLE WORKING IN GOVERNMENT UNIFORMS ARE IMMORTAL AND STILL OPERATIONAL WHILST WE WERE ALL LOCKED DOWN...it's just NOT OK BECAUSE PEOPLE ARE NOT SAFE IN THEIR COUNTRIES FROM THERE! 3 Oct 2020 at 10:00am	It's interesting how people get up wearing uniform with a state of mind that they can do what they want to people in the uniform they wear....and some people using their uniform to abuse people as if it's their job believe they can because they even get possessed to believe in their own authority in their jobs. That state of mind is just pathetic And people are pathetic for allowing uniformed workers right of way to wrong people under the influence of being possessed because in my eyes I just see people working in uniform as PLAYING DRESS UP.....SO WHEN PEOPLE ARE DONE PLAYING DRESS UP WITH THE VOICES IN THEIR MINDS FOR THEIR OWN SELF IMPORTANCE I THINK ITS STRANGE THAT PEOPLE LOOK UP TO PSYCHOTICS DRESSED UP IN UNIFORMS FOR A LIVING, because those jobs are ripping their life's for complying whilst not entertaining DOCTORS that occasionally play dress up in the office to diagnose the voices. The world is too psychotic to comply with government. 2 Oct 2020 at 2:18pm	What's disgusting about government mentality is...is that the universe knows people working for government had to have been psychiatrically cleared to work in government by diagnosis of psychosis to determine their suitability and intent if employed...BUT all people working for government deny psychosis deny issues in their life's to then practice issues in to peoples life's to just empower things like lockdowns to hope they regain control of the public to move up a level and maybe invoke fear blackmail and corruption combined to stand their ground as survivors...I suppose the government believes that people will die of this virus and if they don't Then it will be here to kill people quietly.... 2 Oct 2020 at 1:49pm	The lockdowns are so corrupt The way the government believes it can just shut down to revive itself GLOBALLY like nothing happened after so many FAKE DEATHS WERE ANNOUNCED AND FAKE NUMBERS IN DEATH.... It's madness...in the end government probably believing it can revive itself like this because of the jail and prison system Because if innocent people are terrorised and locked up IN PRISONS then citizens would be blackmailed to stay co operative... The inmates globally should have been released based off of every country claiming on the news that over 100.000 people died of COVID-19 So if the prisons are not shut down after releasing inmates then governments globally are looking to revive the business through BLACKMAIL AND SEARCHING FOR WAYS TO EXPLOIT ARMED FORCES TO FORCE THE CITIZENS TO COMPLY CO OPERATIVE THAT IS THE ONLY METHOD THAT WOULD BE USED AND THE ONLY EXPLANATION AS TO EVERYTHING BACK TO NORMAL	Leah Unison

27 Sept 2020 at 10:58am	I actually think that all this mental impact that comes with living amongst psychotic members of the community could really damage someone And give them DEMENTIA issues I will get checked and ask to be assessed for dementia I know that my parents must suffer dementia because I am aware of katia Assma benaissa and Sarah benaissa psychotically channeling voices to my parents minds and actioning negatively against the idea of their parents through their friends and drug dealers LONG TERM WHAT KATIA AND Sarah did to nidhal benaissa and dalila boutarfa benaissa could really have wronged them with dementia or even could have given them Alzheimer's disease which is very similar to dementia. to the point I wouldn't be surprised if their dementia mentally blocks them from moving out of the converted garage and even blocks them from seeing life outside of the converted garage...and dementia could be blocking them from wanting to better improve themselves. I had experience with feeling symptoms of dementia Things like memory loss Anxiety Mood blocks Loss of interest There are plenty of times where I can't see my life ever improving or ever leaving independently in tact from the converted garage. I feel like I will never do better again...and i know my sisters did this to me. So i can only imagine how nidhal benaissa and dalila boutarfa benaissa feel as older people	Leah Unison
27 Sept 2020 at 10:40am	I woke up this morning took my medications and then thought about the community's and how people are living undiagnosed of their psychotic state of mind and I thought about how they go out and corrupt peoples life's and health down....and thought about the way they use the justice system as a dirty cult between themselves and their family's to keep their mortgages for their homes and get their cars On deals with brands like Land Rover and BMW. through the voices in their minds to invoke health and mental health issues in to people of their neighbourhood TO OPPRESS AND BLOCK THEM FROM ACHIEVING SO THAT ONLY CERTAIN PEOPLE ACHIEVE I honestly do not know how these people get away with things like this... 26 Sept 2020 at 11:54pm	I had strange thoughts tonight That Why doesn't the universe insulate itself in space and treat the universe like it's home and make it nice and warm for itself?? The way it's so cold in space as if the universe has its own giant space ship about to leave us all to die... The universe should just live its life and make the most of it and stop being so cold to escape its circumstance through suffering and forcing other things to suffer to hurry the process. I wish we can all just help.	Leah Unison

You never know who could end up needing benefits and DWP after abusing poor people in banking systems and through their minds...even people like Nicholas Edwards who have a well structured life whilst being financially more responsible than most people and living above most people can end up on the dole claiming state benefits and mentally paying the price for the damages he inflicted on people through Lloyds bank and Halifax bank
I can see it now

In February 2018, our Group Strategic Review announced we'd embark on the next phase of Group Transformation having returned the bank to private ownership in May 2017. I am fortunate to be leading Consumer Servicing Transformation, a Value Stream with real ambition in the group. We are focussed on transforming our digital experience, digitising our colleague led channels with new capabilities to automate the simple stuff and focus more on customers complex needs, help customers when they need us most and work to continually simplify the group and its processes. We'll do that by building a great team, empowered and autonomous and investing in them and their skills. Prior to this role, I led various teams in Digital for six years, most recently the Retail Sales Transformation Lab and before that, Digital eCommerce team for our three brands in UK Retail Banking. I previously led large retail teams in both the Retail Network and Mortgages. Accountable for the business performance across all products and brands for both new customer product sales and further deepening & engaging activity within the internet bank. A great and varied role with a superb team covering all aspects of the customer journey from generating demand, funnel conversion & testing as well as conduct risk and internal interlocks with product and finance teams. All of this across our desktop, mobile and tablet pages and journeys. I'm a self motivated and hugely driven individual who likes to inspire colleagues to reach their potential and beyond by keeping things incredibly simple, creating stretching goals and making my part of the organisation quite simply a great place to work.

Disabled artist 'sections' DWP for being 'a danger to benefit claimants'

A disabled artist-activist yesterday attempted to "section" the Department for Work and Pensions (DWP) for being a danger to benefit claimants.

In an action designed to highlight DWP's lack of compassion, Dolly Sen delivered a printed heart to DWP's Caxton House headquarters in Westminster and laid it at the front entrance.

Laying a stethoscope against DWP's nameplate outside its offices (pictured), she said: "I can't hear a thing. There's no heart in this building."

She later stretched yellow and black tape across the front and rear entrances of the building to demonstrate that it was being sectioned under the Mental Health Act.

Sen accused DWP of lacking kindness, compassion and decency in the way that it treats disabled people who claim benefits such as personal independence payment and employment and support allowance.

She said the department had driven many claimants to their deaths.

As the action ended, a police officer – apparently called by DWP – arrived but was happy to allow Sen and her team to leave after she explained why they were there and told her about the deaths of benefit claimants including Jodey Whiting and Errol Graham, both of which were closely linked to DWP failings.

Sen told Disability News Service later: "I am glad they called the police.

"It means that something we did riled them, unsettled them. It obviously struck a nerve. There was a reaction."

Asked why the action was important, she said: "People are still dying.

"I am still seeing people who are suicidal being asked to do impossible things like 200 job applications when they struggle to do basic day-to-day living."

But the protest was also making a series of demands, including an end to “unfair, punitive, devastating” benefit assessments that are not fit for purpose, and recognition that DWP is institutionally disablist, and that it is damaging people’s mental health, including during the COVID-19 crisis.

I saw a cute kitty cat today it was white black and brown
And I couldn't believe when I saw it trying to stick its head in a car pipe
Cats are psychotic and maybe it's owner was mentally abusing it to have it abuse itself..
So I stopped it and spent time with it to make it stop abusing itself and then a lady named Helen that lived on fairlawn close
Stopped me and gave me a card about her church work she was a Jehovah's Witness and
I found out that a kitty has an owner on fairlawn close so it's ok.
I won't be contacting Helen but that was interesting i hope the kitty stops being abused and has help to not abuse itself

The term Body Dysmorphic Disorder (BDD) describes a disabling preoccupation with perceived defects or flaws in appearance. It can affect both men and women, and makes sufferers excessively self-conscious. They tend to check their appearance repeatedly and try to camouflage or alter the defects they see, often undergoing needless cosmetic treatments. Onlookers are frequently perplexed because they can see nothing out of the ordinary, but BDD causes devastating distress and interferes substantially with the ability to function socially.

THOSE ARE THE CAR LICENCE PLATES FOR THIS ADDRESS

They are both strange Houses with strange people That are psychotically involved with khalid Mir and the man that sectioned my mum and they leave things
Personal belongings of their own Outside their houses because they hear that Me and my parents need things like that tv I picked up When I was diluted in the lockdown and had to throw away During the lockdown because
Everyone knows we live in a converted garage
And nothing is FOR FREE
And they tried to leave things outside for us so that they could begin their mental games and corrupt using their police friends as back up
IF WE ACCEPTED THOSE ITEMS FOR FREE
I HAD TO REPORT THIS DIRTY NEIGHBOURHOOD FOR THEIR HATE CRIME SOMEWHERE SO THAT I CAN RECALL WHERE AND THEIR PERSONAL CAR LICENCE PLAtE so I can trace them if I have to someday if anything happens

17 Sept 2020 at 2:11pm	Hi Leah, Please see appointment date. Thursday 08/10/2020 at 2pm, please confirm the appointment. Thanks Nancy I texted her back accepting the appointment	Leah Unison

17 Sept 2020 at 1:58pm	Khalid Mir freaked out at his weed (Drugs) being acknowledged by the nurses When they came to the converted garage and told me to stop reporting things to the police And to stop reporting in general He explained he is holding it down enough as it is Explaining that The police officer JULIE FROM HOUNSLOW POLICE STATION IS HIS INSIDE HELP AMONGST OTHER PEOPLE IN THIS NEIGHBOURHOOD BECAUSE HE EXPLAINED JULIE OWNS A HOME AND HAS HER LIFE And her mortgage SO I CAN SEE THAT THE LOCAL HOMEOWNERS TURN TO HER WHEN THEY WANT TO CORRUPT People to get their minds about their homes I can see that PC JULIE IS RUNNING THE SHOW AROUND HERE FOR HER CAREER	Leah Unison
17 Sept 2020 at 1:38pm	I do not think DWP IS IN A PREDICAMENT TO CORRUPT ME OFF THE BENEFITS THROUGH GROUNDWORK TO HAVE ME FORCED TO COMPLY WITH THE WRONG THINGS AND THE WRONG WORKS TO HAVE ME EXPLOIT MYSELF NEGATIVELY FOR THEMSELVES WHEN KHALID MIR AND YASMIN MIR FOR YEARS HAVE BEEN COMMITTING MULTIPLE CRIMINAL OFFENCES as BENEFIT FRAUDSTERS AS WELL AS COMMITTING OTHER CRIMES UNDER THE PERSONAL AND PSYCHOTIC ASSISTANCE OF THE DWP AND JOB CENTRE AS WELL AS THROUGH HOUNSLOW POLICE STATION AND WEST LONDON MENTAL HEALTH	Leah Unison
17 Sept 2020 at 1:30pm	I already started to dislike groundwork because Today Nancy made implications of corrupting my journey by beginning to ask to control my job applications and I told her that DWP HAVE A SYSTEM THAT THEY CHECK ONLINE AS TO JOB APPLICATIONS SO THERE IS NO NEED BECAUSE I KNOW THAT NANCY MAY BE PSYCHOTIC ABOUT MY NEIGHBOURHOOD AND KNOWING THE CORRUPTION OF IT POSSIBLY HAPPENING ON MY LIFE AND MAY BE TRYING TO ASSIST MY COMMUNITY BY GIVING ME A FORCED WORK KNOWING ITS THE WRONG JOB AND CIRCUMSTANCE FOR ME TO PUT ME IN PREDICAMENTS TO LOOK LIKE IT WAS SELF INFLICTED WHEN I BECOME SEMI-independent TO HAVE ME BULLIED IN THE WRONG JOB TO THEN Have others BLOCK ME FROM CLAIMING BENEFITS By making my unemployment look like I was the trouble and I was the problem all TO BLOCK ME FROM RECOVERING MYSELF	Leah Unison
17 Sept 2020 at 1:25pm	I did groundwork with Nancy on the phone and we spoke about how she updated my cv AGAIN And I let her know about hotel receptionist training because I agreed on that with Gilberto the first work coach I had when I first started claiming. I did not like groundwork today because Nancy seemed like she just wanted to force me in to a job and didn't care what that did to my life and my circumstance because these are post lockdown times and businesses will be looking to exploit people and corrupt them in to all kinds of problems So I let Nancy know that I am needing my mind for my circumstance I am not a beggar exploit for DWP TO RUSH OFF TO THE WRONG JOB! 17 Sept 2020 at 11:55am 12 riverdale road
Feltham
Tw13 6nr Leah Unison

This is the address of the man that called the police and sectioned my mum IN A PSYCHIATRIC UNIT through hounslow police station
So that this neighbourhood can corrupt me in prison and homelessness and watch over me In negative ways whilst psychotically using their own mental health issues and psychosis to get to my head And project their own issues on to me so that I am mentally blocked through circumstance and that's what they feed themselves off of...to avoid the psychiatric hospital for themselves.

This man that sectioned my mum his car licence plate is

Spotted more then a few times people living in that house watching the converted garage (Where I live) And parking suspiciously and psychotic opposite the converted garage then Waiting in their cars until I get a bad feeling to look outside all so that they are waiting for me to go out And acknowledge them whilst they peep out of windows and their doors to STARE AT ME like they are hearing voices waiting to corrupt my life through their actions.

Neighbours in that house 9 riverdale road and 21 riverdale road
These people I don't speak to but they always try to get my attention negatively
And when they do

The expression on their faces as to how they go out is very spoken for in their faces because it implys they went out to do something to wrong me.

The lady that lives at 9 riverdale road feltham tw13 6nr

Has police woman as a friend

The police woman I met her The other day because she came to the converted garage recently about Sarah benaissa

And then the lady living at 9 riverdale road

Came outside to talk to the police officer because I suppose she wanted to corrupt me around Christmas time due to the community wanting to avoid their karma wanting to avoid financial sanctions and prison time and the way they only own homes and have a home because they All made promises to the community and public that they would Find ways to put themselves in prisons for the way they wronged people to be where they are at home as ignorant corrupt citizens with their psychotic arrangements With mortgage company's

She would steal our mums lipstick / makeup and high heeled shoes and play dress up in the mirror telling me she wanted to be an expensive prostitute...
So I'm not laughing

SCHOOLS are struggling to cope with the lack of Covid-19 testing for staff and students with the situation becoming "increasingly out of control", a teaching union leader has warned.

With hundreds of pupils being sent home to self-isolate because of school outbreaks, officials are calling for a more robust plan for testing.

Meanwhile, MPs fear the hospitality industry could crash again as the warm weather dwindles.

And finally
I remembered how I gave Anne wardle
Head lice as a child when I was in foster care temporarily in her house...prior to her adopting Sarah benaissa.
I remember giving ANNE WARDLE headlice on purpose because Anne wardle knew that the head lice were bad IN MY HAIR and HOW horrible IT WAS for me
And just left me like that and didn't care for a while...until one day I had enough
And pretended to hug her whilst complying sad to give her the head lice to see if she really would ignore that if she had the head lice herself on her own head.
But she did not ignore and I finally got the help I needed from her...
But I cannot believe I had to think like that as a child...to actually have to give Anne wardle
My foster mother at the time
I AS A CHILD HAD TO GIVE MY FOSTER MOTHER HEAD LICE so that she wouldn't neglect me.

NOW I HOPE ANNE AND HOWARD WARDLE DO THE RIGHT THING
AND BY THAT I DONT MEAN THE RIGHT THING FOR THEMSELVES WHEN IT COMES TO SARAH
BENAISSA
They know they can't have her around in her circumstance like this.
Anne wardle was not having me asking her for help to get rid of headlice unless she caught it on her own hair
So I would not understand the fight for Sarah benaissa
Because that fight would be nasty intention to wrong Sarah's family only
And to wrong those that know

Technically Christianity and the idea of the universe coming down from the sky to live like a mortal human in the form of JESUS
It’s actually illegal

Leah Unison

And anybody that entertains the universe in their life’s in the form of humanity creature or in the physical form of a spirit is actually guilty of harbouring illegal works of the universe...
They understood that in the bible that’s why they said Mary was a prostitute..
why would the universe in the form of Jesus Christ accept Mary as a prostitute...hmmm
Sounds like Jesus is a bit of a virus and that’s why the apocalypse comes after Jesus

So I understand to turn to Jesus Christ if I ever want to put the universe down to force it to live human To keep living amongst us all...
So that the apocalypse can happen and then their would be peace.in death ..hmmm
If I keep living like this in a converted garage or shared accommodation I may get baptised and worship god To live powerless amongst us all Like Jesus
To just destroy this planet like the royal family In the UK that are all baptised to this faith through Christianity being in their family blood line and in their ancestors
Hmm the royal family are smart

15 Sept 2020 at 10:48am

I also heard that the universe living amongst humanity as any type of physical form is a virus.

So if god(the universe)
Is out there in disguise as a man/woman or animal creature of any kind

Leah Unison

That would be our problem today and that is why COVID-19 exists because the universe Would be disguised as the spirit in its Physical form then there is our problem...that is the virus.
It’s purpose is To make us all sick in its faith
To just kill us all and have us all kill each other.

What a random thought but factual.

So that there's no proof or evidence as to how they could be accused

The Sussex police SUDDENLY INVESTIGATING A LEG wound like this and Gatwick detention acknowledging a chicken leg bargain bucket kfc (Kentucky fried chicken) as something to tweet On social media is insulting the public through their shameless implications to the works that they are cannibals In society allowed to enforce their own versions of the law whilst silently supporting Sarah benaissas life In some type of way Because of the people behind her.

11 Sept 2020 at 10:33am	I just had my appointment on the phone with dr Sarah maxwell and she said my hormone blood test came back normal. So I understand that they are unable to refer me for growth injection :(Oh...	Leah Unison
11 Sept 2020 at 9:51am	I just completed my video appointment with dr shahab tamuri of Richmond adult adhd Via NHS video call. And he agreed to recommend to my GP an ECG APPOINTMENT Electrocardiogram (ECG) And doctor shahab said he will recommend To my GP at Woodlawn medical centre For me to take antidepressants with my adhd pill To start treating my body dysphormia issues.	Leah Unison
11 Sept 2020 at 8:24am	I have my video appointment with Richmond Adult adhd NHS services On my phone at 9am in the converted garage. And I don't like how nidhal benaissa purposely pretends to sleep and knows about this to make me uncomfortable when yesterday he pretended to wake up at 7:30am And now he is Pretending to be sleeping in to psychotically intervene and impact my appointment...with his awkward snoring.	Leah Unison
10 Sept 2020 at 9:40pm	I googled Sarah benaissa to check on any immigration progress And her instagram is now FRENCH so she must have been deported because Algeria is the second largest French speaking country in the world in terms of speakers.	Leah Unison
10 Sept 2020 at 3:22pm	https://www.universal-credit.service.gov.uk/journal I think that government Money laundering is not as bad as long as it is intended to help poor people...the only reason the government get exposed like this through the tabloids is because THE RICH FAMILYS OF TODAY ARE RESPECTED BY THE POOR AND NOBODY DARES EVEN SO MUCH AS THROW A BRICK AT THEIR MANSIONS...the poor get blocked by the press/tabloids when government try to bring in money because the poor at home begging	Leah Unison

9 Sept 2020 at 11:14pm	I imagine Sarah benaissa and katia assma benaissa both Turn to Ian Reilly through the voices in their minds To psychotically channel his spirit and get in to his mind...like he is some type of Jesus for them for the way he is a predator pervert that helps them by depriving their parents nidhal benaissa and dalila boutarfa benaissa..Whilst oppressing their minds and thoughts by not really helping them properly....I understand that in his early days Ian Reilly initially prayed on them to corrupt them but I suppose Sarah benaissa and katia assma benaissa feel like they were saved from that Cult victim life as children for the way that they BOTH heard voices about this when they were kids and made psychotic deals with Ian Reilly to calm him down through the voices...to make it ok between them All at my peril and at the peril of nidhal benaissa and dalila boutarfa benaissa. I never had mental health issues like psychosiS until 2015 and I never used it to channel anybody...I went to	Leah Unison

a psychiatrist and got the help I needed and I was discharged from the psychiatric hospital as an outpatient and I am much better for it.
I am no angel
But I certainly do not comply with psychosis to console with predators to empower myself to get to people like I know my sisters do!

I know they have psychotic support from Ian Reilly
But what I want to know is....why?

What is the motive in the end?

9 Sept 2020 at 10:04pm	I can just imagine if Sarah benaissa is being picked up by immigration she would be praying to her psychosis (the voices in her mind) Telling the voices to bewitch the immigration Police and To bewitch people deporting her to Algeria to put a mental block on them. Sarah benaissa is such a witch that I don't doubt that would be her mentality. Also I know she would be persuading the voices in her mind to work peoples minds to let her stay based off of the way that she was psychotically making deals with Ian Reilly as a child to indirectly corrupt me and nidhal benaissa and dalila boutarfa benaissa through the voices. So I imagine Sarah benaissa would be worshipping her psychotic commitments to Ian Reilly as a way to stay. Ian Reilly is just playing everyone's life in the end. I hope immigration do not get bewitched or suddenly hexed and confused to let Sarah benaissa go if her circumstance is indeed undocumented illegal immigrant I had enough of her channeling negativity. They actually put a movie out about people like this...that live with the voices in their minds and exist to just channel mental negativity to peoples minds. It's called DOCTOR SLEEP it's a good film	Leah Unison
9 Sept 2020 at 5:53pm	Well if Ian rielly is planning to be locked Up In prison he better give nidhal benaissa access to his money via debit cards and account access... Just because Ian Reilly was a secret silent predator to my life whilst I was growing up not knowing...does not entitle him to his human rights anymore for psychotically working on me and my life through my parents is so sick because he did this whilst I was a child diluted not knowing he existed... So if he is going to put himself down about any of that...he had better do it in a way that it doesn't impact my life. Because he is a big negative influencer and I unfortunately caught him when it was too late..so I am stranded in this circumstance. So I expect his co operation as to his corrupt years with my dad and what that has done to my life	Leah Unison
9 Sept 2020 at 5:44pm	(https://www.paypal.com/uk/webapps/mpp/business-debit-card) The least Ian Reilly can do is give nidhal benaissa a paypal business debit card or access to it so that he doesn't have to shop and lose his mind in the grocery store. Nidhal benaissa should be in POSSESSION of a paypal debit card at least Multi crew softwares are sold via PayPal and Ian Reilly is just a controlling cult beggar that wants to monitor nidhal benaissas money and income to the point that I am wondering why?...why is Ian Reilly open to 20years with nidhal benaissa using his identity but YET IAN RIELLY LEAVES NIDHAL BENAISSA RESTRICTED AND NOT INDEPENDENT AND WITH NOT SO MUCH AS EVEN A DEBIT CARD.... Some partnership... Ian Reilly should be in prison for monitoring nidhal benaissa to this extreme	Leah Unison
9 Sept 2020 at 5:38pm	I don't understand why Ian Reilly doesn't give nidhal benaissa his own bank account and card in his name (Since he was living corrupt for 20 years allowing nidhal benaissa to use his identity to corrupt his family as a trade) so that nidhal benaissa Can have his food delivered and can shop for food online and he wouldn't have to carry food and shop incorrectly. And starve us all like this with bread and cheese	Leah Unison
9 Sept 2020 at 5:20pm	Chris from the Richmond wellbeing service contacted me just now on the telephone and said he has been chasing Up with my GP with regards To my antidepressants and will get back to me as to the outcome soon. He said he will arrange another appointment soon. Nidhal benaissa came back from Sainsbury's and bought back nothing to eat for me but BREAD THAT EXPIRES TOMORROW AND A BOTTLE OF PEPSI TO SHARE I have literally been living off of bread and water and Philadelphia cheese and sometimes if I'm LUCKY PETIT FILOUS YOGHURTS BUT ONLY TWO OF THEM IF NIDHAL BENAISSA IS FEELING LIKE BEING NICE AND MANIPULATIVE HE BUYS THESE READY MEALS FOR HIMSELF AND DOESN'T CARE EEWWW I NEED MY LIFE AWAY FROM THIS	Leah Unison

In an exclusive broadcast interview with Sky News, he said: "I visited fur farms across the globe. 8 Sept 2020 at 8:25pm	I went outside of the converted garage and I like to watch the clouds because the clouds always are shaped like cute animals when I'm looking at them. There's usually a lot of smiley faces in the clouds when I look...but today I saw the top half face of a demon (wasn't scary) But the demon had only one horn on its head... And then I had a thought...what if the cloud demon was the universe wanting Its second lockdown to obtain its second horn. Well...there's no such thing as a demon there is only the universe... But I found that particular cloud and thought in the sky interesting. And I also understood that the ships are probably undergoing deep cleaning And mechanical works and maintenance But the TRAINS AND AEROPLANES MUST BE SO NEGLECTED.	Leah Unison

7 Sept 2020 at 9:29am	I know that katia Assma benaissa would probably submit to spirit smuggling so that she can have faith in the way that the universe would grant her spirits in her body with her so that she could confuse authority's and law enforcement away from her life to get away with crimes	Leah Unison

And so would sarah benaissa
But then I agree that if spirit smuggling is real
Then people like katia Assma benaissa and Sarah benaissa would be dabbling in occult through their psychosis making deals for themselves and then enforcing their faith AS A WAY OF LIFE to just disrespect their family TO INDIRECTLY DISRESPECT OTHERS
So that the universe does not respect and just does not care about FREE WILL AND DOESNT CARE whoever doesn't want to be a spirit smuggler in their body and would just MAKE THEM COMPLY AND PUT UP WITH IT.
so I know that katia Assma benaissa and Sarah benaissa probably have been praying on me and nidhal benaissa and dalila boutarfa benaissas BODYS to have us live as carriers of spirits in our body's without our consent to BLIND AND DISTRACT us as to their spiritual state and what they prayed on themselves to do to others.
I know that dalila boutarfa benaissa and nidhal benaissa are like me about that topic and they would not want to be SPIRIT SMUGGLERS
ACCEPTING ANY TYPE OF SPIRIT IN TO THEIR BODYS

7 Sept 2020 at 9:11am	I heard about this thing called Spirit smugglers. People that hear voices in their minds and make deals with dead people living as ghosts to allow them entry in to their body's so that the spirit can go travelling Abroad and do things with them. I heard about this because even Harry Potter is talking about it in the films when they call the half blooded magicians muggles because they know that the half borns make themselves whole through accepting spirits in to their body's to get permission from the universe to do things they would not usually do. I am not a spirit smuggler At least not willing. I do not consent to being a vessel for the spirits and I do not consent to being exploited by the universe to be any type of spiritual smuggler. Lol I know this is strange but I had this thought and had to put this somewhere to clear my mind	Leah Unison

7 Sept 2020 at 4:30am	Tonight there was a strange loud slurping noise that sounded like it was supernatural In the converted garage and it scared me...the bathroom still stank of cigarettes all night... And nidhal benaissa scared me as well by topping the night off and saying out loud..in his exact words "the portal is closed" And when I asked him to repeat himself he pretended like he never said anything. Omg...-O	Leah Unison
6 Sept 2020 at 8:46pm	Another supernatural occurrence in the converted garage happened again. 20mins ago the bathroom stank of cigarettes as if someone was in the toilet smoking It still stinks of cigarettes Nobody smokes in the converted garage So that was strange The smell was so powerful	Leah Unison

He looked like he lived in olden day Britain. I think his ghost is trapped in the converted garage amongst other spirits. He was pretending to eat but knew I was looking at him..he had a hat on And then he disappeared after a few seconds Wow.	Leah Unison
5 Sept 2020 at	The metropolitan police came to the converted garage today In reference to Sussex police receiving a report as to Sarah benaissas circumstance	Leah Unison

7:12pm	(Well if Sussex police contacted the met police about me its because Sarah benaissa dropped my name in to it) And I had to comply with the way I didn't know anything because I submitted an anonymous tip telling police to check on her immigrant status I did not promise anybody any type of finding. I did not want to alarm my parents As to how I invoked a check up on Sarah because Sarah benaissa destroyed their life's from childhood to get to destroy mine with her actions in Eastbourne. So I had to comply diluted but they only asked if I knew anything and i explained that Sarah benaissa is not understood her parents don't know her circumstance and she doesn't care about any of us she just plays psychotic games to put us all down to exploit us as her mask decoys to distract people from her intentions elsewhere. Well...regardless the metropolitan police showed up today and confirmed that Sussex police are looking in to Sarah benaissas life And that is good with me. I do not need to be concerned anymore and my mind will start letting go of Sarah benaissa and what she could be going through to put us through. So voila Sussex police are on the case And if Sarah benaissa is undocumented illegal immigrant then I say bye bye to her And wish her a referral to Gatwick detention centre to be given a flight to Algeria to go on a treasure hunt to find her parents families to beg for their forgiveness	
5 Sept 2020 at 1:33pm	And then I had a strange thought.... What if the universe needed me dead for a few mins to make me an immortal spirit to not feel pain. And then I agreed the universe can perish with its impossibility's I don't believe In it anymore If it's trying to convince me to die to change me for the better. Because I fully sleep for at least 8 hours a night There's no excuse	Leah Unison
5 Sept 2020 at 1:09pm	Khalid Mir came to the garage and inappropriately asked me about my medication Meaning my adhd medication He told me to take all of them in one go and overdose to stay awake because he thinks it's corrupt to sleep. Well I don't want to overdose on anything to be unnatural to myself. I can't help that I fall asleep at night Fuck off that's negative to know people like khalid Mir hope I destroy myself by overdosing I would prefer it if people overdose or poisoned themselves for even empowering in their psychotic minds to think about me overdosing.	Leah Unison
5 Sept 2020 at 11:19am	I understood this because of the way I acknowledged how khalid Mir and Yasmin Mir claim benefits Based off of what they are telling me as to their claims with the DWP. I can see that they claim benefits but they do works for people at the DWP on a personal note when they are out or at home. And they attempted to combine that with council To corrupt me to do all the wrong things with my benefits and maybe even corrupt me in to the wrong jobs that would require me to go back on benefits at a later date. I am not laughing at the negative businesses we are all told to respect today... The council is a housing crisis based off of its existence as open but Closed to the public everyday but only the SELECTED FEW CAN BE HOUSED...these special people make psychotic deals to get the help from the council. I don't like or believe in the council because people that work there are choosing who they want to help based off of their own psychosis and housing issues...so people working at the council choose people to house them BUT ONLY SO IF they believe THE ONES THEY CHOOSE will help them keep their jobs and apartments. WELL THATS ME NOT seeing the DWP or the council as a long term business plan because they are selective in business and make it personal Due to their own housing crisis through working when they could just go home to their parents and stop corrupting innocent people to do the wrong things in life	Leah Unison
https://www.universal-credit.service.gov.uk/journal 5 Sept 2020 at 11:11am	I don't appreciate businesses like Hounslow council exploiting people on universal credit indirectly such as people like me That can't get housing support from them as a way to Psychotically Use me and how they won't help me in order to get mental access to other claimants of DWP works to intentionally makes us all homeless And helpless to wrong people like me as exploits to work The wrong jobs corrupted by the streets and people We meet when we work...as a way to bully... Because if this happens to claimants then people in jobs that Are psychotic know about this Exploit game from benefits and council works and they abuse the oneS wronged to work the wrong job for people like khalid Mir and Yasmin Mir who are benefit fraud sitting on their ass cracks on council works And housing knowing their corrupt interaction And psychotic deals with the council corrupts the DWP BUSINESS TO CORRUPT INNOCENT PEOPLE Claiming Benefits TO THROW THEM OFF TRACK TO FORCE THEM TO WORK THE WRONG WORKS And wrong jobs TO PUT THEM DOWN OR IN DANGER OR THREAT SO THAT PEOPLE LIKE KHALID MIR AND YASMIN MIR CAN PLAY GAMES WITH EMPLOYEES AT THE COUNCIL TO GET TO THE MINDS OF PEOPLE AT THE DWP TO DO ALL THE WRONG THINGS AT WORK AND IN THEIR OWN LIVES UNTIL THE BUSINESS CANNOT FUNCTION ANYMORE AND THATS WHat people like this want...because they have somewhere to live already. These games are actually a criminal offence On top of that there has been reports that the DWP are actually really behind on payments Meaning they have not calculated or paid out the correct money to claimants for years and years now. So the rations of the help that the DWP are giving is just rationed with intent to exploit claimants in faith that everything locks down permanently because I understand everyone working wants to corrupt people whilst	26/08/2022, 17:28 Leah Unison

they have their jobs because they want to keep their apartments and places to live Without moving so that they have their territories and a place to squat to fight for it.
Everyone working only works in faith of the apocalypse or a disease that causes THE END OF WORK

It's disgusting but it's true
That's why DWP will never pay a claimant anything adult enough to stay in business because they are rationing people with intent to exploit and wrong in different ways and that's why they work with the council sometimes to combine that negative

So I don't think DWP will be a long term business because of how it does business.

The DWP is a failure because it does business not for the public's interest
But it takes the interest of its workers to impact the claimants to do works for the work coaches on a personal level almost to the point psychosis is worshipped in the workplace
So....if the DWP is rationing claimants and only giving help for exploitive reasons I do not have faith that the DWP can continue trading like this for this country
It would only be a matter of time before its on watchdog and on the verge of PERMANENT closure

Councillors have warned people in Leeds must make a "collective effort" to avoid being plunged back into a local lockdown. Yesterday a coronavirus outbreak in a Tesco warehouse saw workers test positive for the virus. Affected staff at the Livingston distribution centre in West Lothian, Scotland, are self-isolating after the Covid-19 surge. This makes me think of poor ex ref regiment Dominic porter of Leeds UK And how I know he is male escorting (hooking up with strangers for cash) And I wonder if he is sucking on pandemic infected Covid-19 dick or infected Covid-19 vaginas for cash in Leeds? I finished watching titanic 2 and the titanic 2 sank because of a ICE BURG TSUNAMI It's not based off of a true story it came out a while ago But I think that movie may be foretelling some problems on sea for the ships. That movie may be trying to put out a message for coast guards and cruise lines to be aware of the sea and the universe when setting sail. Because it's more than just the ship to be concerned about. 2 Sept 2020 at 8:55pm	I just think dalila boutarfa benaissa And nidhal benaissa get like this And the voices in their minds block them to think about me and what I'm doing to block me when I'm comfortable As a method to tick them off and provoke them whilst provoking me through their behaviour because they don't go out together and they don't go out alone. 2 Sept 2020 at 4:41pm	I would not be surprised at all If sarah benaissa and katia assma benaissa Also channel the voices from their own minds to pray on it to relay Psychotic messages To each other.... for the purpose of conspiring to help each other prostitute in crisis later on in life. And I know that katia assma benaissa would have been psychotically channeling Sarah benaissa Her whole life with the voices in to Sarah's mind to influence her to be irrational And negligence to herself While Sarah was growing up and katia Assma benaissa would have been promising to assist sarah benaissa when she grows up to become a prostitute someday. I BELIEVE KATIA ASSMA BENAISSA MAY HAVE PSYCHOTICALLY GROOMED SARAH BENAISSA TO PUT HERSELF DOWN WHILST TELLING THE VOICES IN HER OWN MIND AND IN SARAH BENAISSAS MIND THAT SHE WILL HELP SARAH BENAISSA PROSTITUTE AND SURVIVE IF SHE NEEDS IT. Because if Sarah benaissa really is an undocumented migrant in the UK like nidhal benaissa says and thinks she is...then Sarah benaissa would be hearing voices in her mind refusing to be psychiatrically assessed and befriending the voices and relaying prayers to katia Assma benaissas mind to ask for help Whilst accepting the help to stay surviving as a prostitute because sarah benaissa would know that katia Assma benaissa did well as a prostitute criminal that never got caught doing anything wrong. If katia Assma benaissa followed Aliester crowleys outlook on life then she would have exploited his woman Leah hirsig and her beliefs on prostitution

Leah hirsigs devotion to Thelema and the occult with Aliester was total as this entry in her diary from 1921 attests:

"I dedicate myself wholly to The Great Work. I will work for wickedness, I will kill my heart, I will be shameless before all men, I will freely prostitute my body to all creatures."

(https://en.m.wikipedia.org/wiki/Leah_Hirsig)
Well....just don't leave your pets around katia Assma benaissa if that sex magic catches her off guard she might violate... since Aliesters faith is shamelessness to the point of going against humanity in the act of sex with animals.

Katia Assma benaissa
Admired Aliester Crowley who is famously known for... being A sex addict who encouraged followers to eat poo

Raised a devout Christian, Crowley - who was born in 1875 - was obsessed with 'sex magic', believing sexual arousal could transcend humans into a spiritual place.

He organised ritualistic orgies where followers were encouraged to consume blood, semen and faeces to "achieve a higher consciousness" or "empower oneself".

Crowley's motto was "do what thou wilt shall be the whole of the law". Known as "The Law of Thelema", it encouraged people to follow their true path.

Death by orgasm

He also told people that focusing intently on their goals during orgasms would help them achieve them - and that dying during orgasm - what he called "mors justii" would be the best way to go.

When he founded The Temple of Thelema in the early 20th century this idea was one of the cornerstones of the faith.

Crowley, who was bisexual and indulged in regular sex with prostitutes, also wrote erotic literature that makes Fifty Shades of Grey look very tame.

His 1920 666-word poem 'Leah Sublime' shocked readers, being referred to "the most disgusting piece of erotica in the English language."

In it, he described drinking his lover's wee, asked her to smear diarrhoea into his eyes and made references to several STIs including syphilis and gonorrhoea.

Due to his behaviour, his mother began calling him "the Beast": a nickname he was proud of.

MASTER OF DARKNESS How Brit sex cult leader followed by Kanye and Peaches made fans drink semen and cat's blood – and wanted them to DIE during orgasm
Satanist Aleister Crowley scandalised society with his teachings on depraved sex, drugs, and his dark rituals that killed followers.

FORCING people to drink the blood of sacrificed cats, encouraging his followers to eat poo during orgies and summoning lizard demons - these are the depraved acts of sex demon Aleister Crowley, the 'wickedest man of the world'.

The infamous satanist has been dead 70 years - but his evil legacy lives on in his thousands of followers, who had included major celebrities like Peaches Geldof and Kanye West.

Crowley, who founded his own dark religion, Thelema, was so evil he was branded the "Master of Darkness" and "Wickedest Man in the World" by the press.

But this hasn't stopped a number of celebs following his teachings, including the late Peaches Geldof, who got a tattoo relating to one of his groups and encouraged fans to buy his books.

Rapper Jay-Z was also spotted a few years ago wearing a T shirt featuring Crowley's motto "do what thou wilt", and Kanye West has worn jewellery of the Egyptian god Horus and pyramids, the symbol of Thelema, sparking rumours that he too is a follower.

Controversial rocker Marilyn Manson, who has also faced accusations of black magic throughout his career, has even referred to Crowley as one of his "favourite" authors.

As images of the inside of Crowley's home are released for the first time, Sun Online takes a closer look at his sordid life, from his sex cults to rampant drug use and sick rituals.

And then I had another thought....
What if katia Assma benaissa
Is psychotically bonding with the voices in her mind and then expanding her psychotic mental connections to all kinds of people to have them curse her family while she exploits her body as a prostitute further as a cult symbol that she made sacrifices in her own life Through her body to men and women so that people can curse her family to help katia Assma benaissa be wealthy and healthy at our peril...
I also understood that when katia Assma benaissa first started prostituting over 12 years ago she told me she would do things like
Threesomes and foursomes and private porn Videos recorded for her clients
And then she said she would even let woman in on her sex sessions with men for extra money...
Now I see that this behaviour of hers is just a psychosis belief in some type of black magic Negative influence....voodoo religion.
actS of desperation that groomed Her and got the better of her because she never got a professional opinion as to how to overcome her family.
She kept it all inside of herself and hoped that her self sacrifices in sex acts would help her achieve in the end..
Well I hope it doesn't help katia Assma benaissa achieve!

Prayer Against Every Evil

Spirit of our God, Father, Son, and Holy Spirit, Most Holy Trinity, Immaculate Virgin Mary, angels, archangels, and saints of Heaven, descend upon me.

Please purify me, Lord, mold me, fill me with yourself, use me.

Banish from me all the forces of evil, destroy them, vanquish them, so that I can be healthy and do good deeds.

Banish from me all spells, witchcraft, black magic, malefic ties, maledictions, and the evil eye; diabolic infestations, oppressions, possessions; all that is evil and sinful, jealousy, perfidy, envy; physical, psychological, moral, spiritual, diabolical ailments.

Burn all these evils in Hell, that they may never again touch me or any other creature in the entire world.

I command and bind all the powers that molest me — by the power of God all-powerful, in the name of Jesus Christ our Savior, through the intercession of the Immaculate Virgin Mary — to leave me forever, and to be consigned into everlasting Hell, where they will be bound by St. Michael, St. Raphael, our guardian angels, and where they will be crushed under the heel of the Immaculate Virgin Mary. Amen.
Prayer for Inner Healing

(This prayer can be said by or with a person experiencing spiritual burdens associated with demonic influence.)

Lord Jesus, you came to heal our wounded and troubles hearts. I beg you to heal the torments that cause anxiety in my heart. I beg you, in a particular way, to heal all who are the cause of sin. I beg you to come into my life and heal me of the psychological harms that struck me in my early years and from the injuries that they caused me throughout my life.

Lord Jesus, you know my burdens. I lay them all on your Good Shepherd's heart. I beseech you — by the merits of the great, open wound in your heart — to heal the small wounds that are in mine. Heal the pain of my memories, so that nothing that has happened to me will cause me to remain in pain and anguish, filled with anxiety.

Heal, O Lord, all those wounds that have been the cause of the evil that is rooted in my life. I want to forgive all those who have offended me. Look to those inner sores that make me unable to forgive. You who came to forgive the afflicted of heart, please, heal my own heart. Heal, my Lord Jesus, those intimate wounds that cause me physical illness. I offer you my heart; accept it, Lord, purify it and give me the sentiments of your Divine Heart. Help me to be meek and humble.

Heal me, O Lord, from the pain caused by the death of my loved ones, which is oppressing me. Grant me to regain peace and joy in the knowledge that you are the Resurrection and the Life. Make me an authentic witness to your resurrection, your victory over sin and death, your living presence among us. Amen.
Prayer for Deliverance

(This prayer can be used as a means of intercession for a person suffering under demonic influence.)

My Lord, you are all-powerful, you are God, you are Father.

2 Sept 2020 at 2:40pm	I remember that katia Assma benaissa Did tell me when we were children that the voodoo man in Abidjan kissed her. I do NOT CONSENT TO BEING EXPLOITED FOR VODOO OR ANY Type of religion cult or faith by anybody and I know that nidhal benaissa and dalila boutarfa benaissa agree they don't want to be put down like this as well... I know that dalila boutarfa benaissa knows that katia Assma benaissa talks to the voodoo man in Abidjan through her mind to have him and his friends do rituals on us My mum told me years ago that he is doing things to us all for katia but I never believed her until I really thought about it and realised that it would make sense..katia Assma benaissa met this voodoo man AS A CHILD and then decided as a child she wanted to be a prostitute..but now if I was looking at it as some type of demonology professor I would see it as katia Assma benaissa establishing her psychosis AND ALLOWING HERSELF TO BELIEVE THAT HER MENTAL HEALTH ISSUES ARE HEALTHY AND SHE COULD MAKE IT HEALTHY FOR HERSELF BY befriending the voices in her mind to help her work voodoo FAITH AND NEGATIVE BLACK MAGIC ENERGYS wherever she went TO PUT THIS DAMAGING INFLUENCE on her family through this voodoo man in Abidjan WHOM SHE KNOWS SAYS HIS PRAYERS FOR HER IN VODOO FAITH and AS A DEMONOLOGIST I WOULD UNDERSTAND KATIA ASSMA BENAISSA offered herself as a prostitute a whore TO THE UNIVERSE in her actions THROUGH HER LIFE to destroy her family until she gets wealth and strength off of what the damages are in the end TO THEM when that silent VODOO ritual is completed For best results NOBODY COULD KNOW	Leah Unison

I would not be surprised if katia Assma benaissa has spent time growing up practicing her psychosis and working her relationship with the voices in her mind To have help from the voodoo man in Abidjan through prayers whilst perverting herself as a prostitute to put her family down So that voodoo faith had access to destroying her family until she got her strength and money from this work	Leah Unison

30 Aug 2020 at 4:44pm	(https://m.youtube.com/channel/UCNwBTgZWfgvtgBLZ8lTmmNQ) Sarah benaissa's poltergeist channel to the converted garage to help influence her parents	Leah Unison
30 Aug 2020 at 4:43pm	Well..most businesses have blocked their recruitment pages temporarily for Covid -19	Leah Unison
30 Aug 2020 at 4:12pm	I think Sarah benaissa is even more of a little witch bitch than I thought...when I think about her YouTube channel and how she may have created that carefully choosing the songs on YouTube to indirectly talk to her parents circumstance in a converted garage through choosing music and singers that cross reference her parents life's to then add prayers of allah to have that protection as if it's magic...to try to influence her parents on riverdale road through Anne and Howard wardles WiFi in 47 Ringwood road Eastbourne BN22 8TB IS SO MANIPULATIVE AND WITCHCRAFT AND I UNDERSTAND SHE IS USING YOUTUBE AS A METHOD	Leah Unison

TO CHANNEL WHAT SHE WANTS FROM HER PARENTS BECAUSE SHE KNOWS THEY HEAR VOICES IN THEIR MINDS JUST LIKE SHE DOES BUT SHE LIKES TO PLAY GAMES WITH HER PSYCHOSIS AND LIKES TO USE DIFFERENT METHODS to channel to her family...

I suppose she is trying to be like
Carol- Anne the little girl in the famous American movie poltergeist

([https://en.m.wikipedia.org/wiki/Poltergeist_\(1982_film\)\)](https://en.m.wikipedia.org/wiki/Poltergeist_(1982_film))))

Where carol-Anne is understood as using her psychosis to play games with her parents while making them believe they could talk to her through a tv on a grey channel

So that’s what Sarah benaissa is trying to do by staying away from their life’s physically she is working them Mentally to want her To drain them and make them sick to just watch or hear them die

30 Aug 2020 at 3:33pm	I found that link below to Sarah benaissas YouTube music playlist Her song playlist are intelligently chosen to match up with her family’s circumstance for example she has playlists And songs from the NETFLIX tv show called RIVERDALE because she chose THOSE TRACKS for her YOUTUBE playlist due to knowing where me and her parents live on riverdale road..	Leah Unison
-----------------------	---	-------------

On her playlist there are Muslim prayers STATING ALLAH ou Akbar and prayers I suppose she SHE BELIEVED WOULD EMPOWER HER TO ask for allahs protection for what she was helping others receive NEGATIVely in her faith....because I understand her playlist is just intelligently chosen to speak of her family’s circumstance through song titles and the artists names
She wouldn’t have chosen the music if it didn’t make references to her family because...I suppose she hoped that allahs prayers On her playlist would protect and block my vision and my common sense from getting people to act on her faith....I also found a link of a profile in an audition website for fame and castings acting and singing in her name... (<https://www.starnow.co.uk/sarahbenaissa>)

I didn’t know Sarah benaissa wanted to be famous

30 Aug 2020 at 2:59pm	(https://careers.ba.com/heathrow-cabin-crew) Well this is a cruel joke of the universe The way it blocked my growth to just be trapped with a strange family while it talks to them to wrong me and wrong people I could have been a cabin crew on my way pilot overcoming these evil works of people on holidays everyday jet setting independently But instead I am 5 ft 2 broken and too short for most things	Leah Unison

30 Aug 2020 at 2:53pm	But I recall when Sarah benaissa was born dalila boutarfa benaissa put me in a cardboard box and stuck knives through it to try to stab me through the box...but now I am seeing that dalila boutarfa benaissa might have done this to me as a child because she would have given birth to Sarah benaissa hearing voices in her mind telling her Sarah benaissas life’s work with Anne and Howard wardle in Eastbourne worshipping human bodys being killed and chopped and packaged off to the UK to be eaten by diluted trusting citizens of the uk...perhaps this is why they don’t care about being undocumented migrants and I imagine this is why Sarah benaissa wouldn’t care bout her migrant status in England	Leah Unison
-----------------------	---	-------------

30 Aug 2020 at 2:40pm	I don’t care if people think me exposing this is crazy...I think it’s crazier if it’s on my mind and there is a perfectly good JOURNAL ON THE DWP SYSTEM TELLING THAT TO EXPRESS MYSELF... After all...journals are diary’s of ones thoughts!	Leah Unison
-----------------------	--	-------------

30 Aug 2020 at 2:38pm	So naturally I imagine Sarah benaissa is laughing at the way that the nhs UK have everything that they need with regards to knowing about Sarah benaissa dalila boutarfa benaissa through her mum sectioned for 6months in a psychiatric hospital but Sarah benaissa would think how stupid are the UK government for knowing that her mum was attempted murder to one of her sisters and wouldn’t guess or know that Sarah benaissa is criminally affiliated in a negative Psychotic community work in Eastbourne with her adoptive parents worshipping the death of innocent people abroad in other country’s hoping they die to be Chopped up with a knife then Packaged and labelled In the UK as animal food to then be imported/exported to And from England to Then see that as her souls purpose to pretend to be a good person to proceed to give this food fetish she has to the Poor in food banks across the UK... Well...i imagine that is the negative dream that the community in Eastbourne has in mind.	Leah Unison
-----------------------	---	-------------

Wow...who would have known how much Sarah benaissa really could have liked her own mother after all due to the connections she would share with dalila boutarfa benaissa with regards to knives and hurting people with it.
Just because Sarah benaissa is not the one holding the knife...she is a part of a negative community that strives to dabble in life’s in other country’s to overcome the poor
And that’s how they all believe they will be rich...eeewwww

30 Aug 2020 at 2:24pm	I can imagine Sarah benaissas psychotic state believing that her parents still in the UK is her confidence due to her mum dalila boutarfa benaissa understood through the NHS west London mental health as attempted murder to my childhood with a knife	Leah Unison

30 Aug 2020 at 12:21pm	Caroline Julie Porte Ansell[1] (born 12 January 1971)[2] is a Conservative Party politician in the United Kingdom. She has been the Member of Parliament (MP) for Eastbourne since the 2019 general election. She was first elected as Eastbourne's MP at the 2015 general election, but was defeated at the 2017 election. In her first two years in the House of Commons she was influential in fighting immigration issues on behalf of some constituents and against revenge porn.[3][4][5][6] Ansell served as a local councillor for the Meads Ward on Eastbourne Borough Council from 2012 to 2015[7] and became deputy opposition leader with the shadow portfolio for community including housing.[8] Early life Ansell was born on 12 January 1971 in Eastbourne[2] and is the youngest of four daughters of Scottish parents.[9] Ansell's early education was at state primaries, before being educated at Beresford House School, a private day and boarding school for girls aged 6–18.[10] She attended university at Royal Holloway, University of London, to study a Bachelor of Arts in French. Ansell also studied business at the private university École supérieure de commerce and gained a master's degree in education from the University of Brighton in 2001, at the age of 30.[11] Ansell worked for a number of years as a French teacher, exclusively in private schools. She qualified as a headteacher in 2008, at the age of 37, but did not take up such a role. She worked in a support role at Cavendish School in Old Town, Eastbourne as In the same year, one of her children was diagnosed with a brain tumour which led her to take a sabbatical from teaching.[11] Ansell has given various reasons for her interest and motivation in politics; she noted in her maiden speech that: "I am a teacher and passionate about education, but it was my boy's shock diagnosis of a life-threatening brain tumour, then aged five, that changed the course of my life and has ultimately brought me to the House of Commons." [12][9][11][13][14] Councillor Edit Ansell was first elected as a Conservative Party councillor on 31 May 2012, at the age of 41.[15] She served as a councillor for three years, representing the Meads ward of Eastbourne Borough Council.[10] During her time as a councillor, Ansell successfully secured cross party support to establishing Eastbourne as the 'Eastern Gateway Town' to the South Downs National Park and the authority's support for a second runway at Gatwick Airport. She was part of the team to bring back Meads Magic, a community Christmas event which brings thousands of people to the area.[16][17][18] Member of Parliament Edit Ansell was selected by her local party membership to stand as the Conservative Party candidate in the 2015 general election. Ansell won the competitive selection for one of her party's top target seats against candidates with health, law and military backgrounds, including two of her future parliamentary colleagues Ben Howlett and Alber	Leah Unison
30 Aug	I suppose Anne and Howard wardle are aware of not being able to be too close to Sarah benaissa based off	Leah Unison

2020 at 12:11pm	of what they are involved in... Because pretty soon people like Caroline Porte ansell would get paranoid wanting Anne and Howard wardle to encourage Sarah benaissa to go missing and do crime to do police reports on her behaviour to then work it out as a family with her until the IMPORT/export of this criminal faith they have finally happens. I always wondered why Howard wardle spent his life working at the FOODBANK But now I understand the connections with DOCTORS NHS GP AND PARLIAMENT CONNECTIONS WITH THE CONSERVATIVES AND SARAH BENAISSAS STRANGE LIFE AROUND THIS I ONLY KNOW BECAUSE I HAVE NEVER HAD A STABLE LIFE AT HOME BUT SARAH BENAISSA NEVER HAD PROBLEMS SO I SUPPOSE SHE IS TRYING TO GET RICH IN ANOTHER LIFETIME WITH ANNE AND HOWARD BY DISGRACING THE POOR LIKE THIS TO CALL IT OVERCOMING THEM. Well...if I ever catch them living a rich life in another lifetime for this I will have their heads chopped off like a taliban	
30 Aug 2020 at 12:06pm	And I suppose Sarah benaissa feels like she has close relationship with someone like Caroline Porte ansell and I don't doubt that she turns to Caroline's psychotic mind for guidance as to this illegal faith they all have in Eastbourne... So the victim SHOW of Sarah benaissa running away and doing police reports to confuse her household as victims comes from people like Caroline of parliament who need them to exploit authority's like police to confuse the community in case people think they get alone too well and are suspicious for this...	Leah Unison
30 Aug 2020 at 12:04pm	According to Caroline Porte ansell's career she no longer has an active place doing anything relevant in parliament...she is just actively supporting the conservatives to keep herself alive... But she is probably in Eastbourne DIRECTLY linking herself negatively to the Eastbourne FOODBANK because she knows their faith IN CANNIBALISM STOCKED IN THEIR SHELFs AND GIVEN TO POOR PEOPLE TO KEEP THE NHS STAFF PAID and those people working for food bank use Caroline Porte ansell AND HER LINKS TO PARLIAMENT to empower negative import/export illegal human meat to happen to people poor because they hide behind Caroline for the way that she would have hatred to Boris Johnson for the way that he got prime minister and she did not....AMONGST HATING EVERY UPCOMING PRIME MINISTER FOR HER FAILURE LIFE AS AN UNRECOGNISED POLITICIAN. So that's what the food bank in Eastbourne would be exploiting...a fellow parliament conservative member of Boris Johnson's panel and her jealousy to the way she was a nobody in parliament to get to do the food banks negative works on the poor by corrupting import /export with people like Sarah benaissa and Anne and Howard wardle to really make that difference to distract people in that negative act of others Complying with this in secrecy... to just keep parliaments and the good works scrutinised to get to blind people to not trust when it's actually little beggars Like Howard wardle that are doing shitty jobs Like the food bank that corrupt the works and call it government to let that spread until it actually is government...	Leah Unison
30 Aug 2020 at 11:49am	(https://en.m.wikipedia.org/wiki/Caroline_Ansell) SINCE WHEN DOES A LOCAL FOODBANK IN A COMMUNITY IN EASTBOURNE CLOSE TO LONDON GATWICK HAVE STRANGE CLOSE RELATIONS AND SUPPORT WITH SOMEONE FROM PARLIAMENT? THAT IS MORE THAN POLITICS ITS CORRUPTION! The food banks here in Middlesex do not have Boris Johnson's personal acknowledgment and support and he is actually local from HILLINGDON! 30 Aug 2020 at 11:37am	(https://www.groveroadsurgery.co.uk/) This is interesting...this GP SURGERY DOCTORS IN EASTBOURNE ARE IN PARTNERSHIP WITH THE EASTBOURNE FOODBANK...so I understand that they give FOODBANK TOKENS AT THE DOCTORS SURGERY... Well that explains that corruption because if the FOODBANK are Expecting to be receiving illegal shipment of human meat in tin cans At a later stage in life then they would want people to get their food bank tokens From the local NHS GP DOCTORS SURGERY to collect food WHILST BEING SOMEWHAT PSYCHOTICALLY AWARE OF THE RISKS AND aware of the risks in eating this free food...so that THE FOODBANK CONSUMERS are open to getting medical help if they digest and ingest illegal human meat in to their stomachs... But then that's corrupt because people working at the food bank would be aspiring for the illegal imports of human meat to HAPPEN TO BE ABLE TO give to poor people to UNBLOCK THEIR OWN MINDS AND THEIR OWN PROSPECTS TO CREATE THE WORKS FOR DOCTORS AND NURSES TO CONTINUE THEIR SALARIES AND THEIR WORKS AND THEIR CAREERS AT THE PRICE OF PEOPLE THATS NOT OK! BECAUSE PEOPLE LIKE SARAH BENAISSA AND ANNE AND HOWARD WARDLE BASICALLY WOULD HAVE EMPOWERED THAT NEGATIVE SHIPMENT TO ENGLAND WITH A SOUL PURPOSE TO EMPOWER DOCTORS AND NURSES OF THE NHS TO HAVE STRANGE WORKS WITH PEOPLE DIGESTING ILLEGAL HUMAN MEAT TO GET TO CORRUPT NEW PATIENTS ON THEIR BOOKS TO JUST KEEP THEM ALL PAID! All of this for money? That is JUST DIRTY SICK AND NASTY AND THE NHS NEED SERIOUS ACKNOWLEDGMENT FOR THAT!	Leah Unison

Sarah benaissa should find her way to Gatwick
With her confidence to destroy people...

29 Aug 2020 at 11:35pm

If Sarah benaissa would volunteer to work in a food bank to spite the poor..I don't see why Sarah benaissa would play games with Anne and Howard wardle any further now that the universe would know that someone spoke Something about this...so I don't see why Sarah benaissa can't volunteer to leave this country and allow deportation to Algeria to happen to her
If her circumstance really is undocumented migrant in the UK.
It takes serious confidence to have intent of volunteering to wrong poor people through faith in cannibalism being illegally imported...
So why would she not have confidence to leave?
Hmmm INTENTIONS AND A NEW PLAN IS WHY

Leah Unison

29 Aug 2020 at 8:57pm

Anne and Howard wardle would be discreetly telling Sarah benaissa what to do...
To work with them...with the authority's to victimise their household through the way she goes missing and does bad things so that they make statements Through the authority's POLICE on her behaviour And EXPLOIT her disappearing acts to make it look like they are just at home and she puts them through things. And the more statements they have of Sarah benaissa being bad then they just make it work FOR THEMSELVES UNTIL THEY FIND A FAITH together WITH Sarah benaissa....
Based off of their community's delusions and the way their community in East Sussex would just turn blind eyes to their household at 47 Ringwood road Eastbourne...and then Sarah benaissa would start being good again And complying quietly at home with Anne and Howard wardle.
Just In time for when the illegal imports arrive in the United Kingdom for the poor to come and collect from the food banks...
WOW...I know....but I didn't create this
This is what my mind is playing in my head
And I had to put this somewhere so that I unblock myself to think about my future and my work life!
And if documenting my thoughts helps people then that is a bonus for me...
Because people that would end up victims of human meat in their food would be people claiming money from the jobcentre and claiming money from the DWP

I JUST WANTED IT UNDERSTOOD THAT I HAD NOTHING TO DO WITH THAT DIRTY BUSINESS of import export food works
Despite my ugly sisters

And knowing Sarah benaissa and her attention seeking methods if she knew people know About her life choices and the damages it will do...And her reasons for choosing her life at the peril of others.

She would go and make herself sick or have a nasty accident On purpose to wrong herself
To blind people as to needing to trust her through Intelligently making them take care of her and hurting herself enough to force them to submit to feeling sorry for her..
So Sarah benaissa caught up in wronging people results to this
RUNNING AWAY TO COVER HER EVIL DEEDS FROM PEOPLE WITH POLICE REPORTS OF HER RUNNING away to live homeless with her friends and occasionally sleeping on the streets to earn mercy From the universe to have Temporary ability to block and blind her community when she goes Back home like the little witch we all know she is Here in London in the converted garage...or she would find ways to give herself serious illnesses or have an accident on purpose to impact people to take care of her to have them pity her
So that they go out to tell others to give in to her and pity her for them So that they can move on so that she can rise to the evil occasion of doing wrong again someday when they don't know she will rise again...ohhh
Sarah benaissa is a cliché

Leah Unison

29 Aug 2020 at 8:15pm

And then I had another thought
I think Sarah benaissa when she thinks people are on to her and if they know about Anne and Howard wardle and their faith in illegal cannibalism Being imported as tinned food to the **FOODBANK** in Eastbourne to give to the poor.
Then naturally Sarah benaissa would conspire with Anne and Howard wardle to run away from their house....to go missing so that Anne and Howard wardle would report her as a missing person to the police so that Sarah benaissa pretends to be homeless and poor and in hardship to confuse peoples minds at the food bank and in her community to accept help from her when the corrupt shipment arrives to England because they would believe she suffered IN HER LIFE AND THEY CAN TURN TO HER..
But I assure you that if Sarah benaissa ever pulled a stunt like going missing from Anne and Howard wardles house
It's just a fake statement conspired by the three of them to the police to HIDE THEIR TRACKS AND To hide THEIR EVIL INTENTIONS AND EVIL ACTS TO PEOPLE...or its to MASK AND HIDE WHAT THEY SPENT THEIR LIVES DOING WITH REGARDS TO THAT FAITH TO THEN LEAVE THOSE BUSINESSES BEHIND TO FORGET ABOUT IT
WHILE PEOPLE LIVE CONFUSED NOT KNOWING THAT THEY DID THIS
BECAUSE OF SARAH BENAISSA PRETENDING TO BE DRAMA POOR AND IN HARDSHIP BY RUNNING AWAY FREQUENTLY AND DOING DRUGS ETC
I SUPPOSE SHE WOULD DO THESE THINGS TO KEEP HER INNOCENT APPEARANCE

Leah Unison

29 Aug 2020 at 6:56pm

If Sarah benaissa is really having cannibalism being forced on to poor peoples life's as a faith like this with Anne and Howard wardle through Eastbourne **FOODBANK**.
Then I can see how katia Assma benaissa keeps avoiding prison and homelessness In her own life because she would know about this Dirty work of Sarah benaissa and her adoptive parents and would exploit it to get away with things in her own life because she would know that Sarah benaissa is her little sister doing a much

Leah Unison

darker more evil work on poor people than herself in Mayfair with her drug dealers to her parents and on me. So I can see that katia Assma benaissa having some type of knowledge as to this possibility of Sarah benaissa being more evil and sicker than herSelf...would empower her to continue her sick life hurting people....and I can see how katia Assma benaissa would use sarah benaissas faith in every angle to protect her own bad deeds and her crimes On people and She would use Sarah's life to keep her life From ever being caught
To just get away with everything
Because she would always use Sarah benaissas sick life to get ahead
But that is disgusting
What type of a human would allow anybody to use their little sisters cannibal faith on the poor in food banks to allow someone like katia Assma benaissa avoid prison...the world is sick
No wonder Covid-19 had to stop them

29 Aug 2020 at 6:22pm

I was thinking about Eastbourne food bank
And this threat of countries like China that are one of many countries importing animal meat to the UK for Britain to eat...but I understood Sarah benaissa THE SNOB Complying with herself as if she is TOO GOOD FOR EVERYONE In her family AND EVERYTHING BUT HERSELF
AND I UNDERSTOOD THAT IT WOULD BE A TRAGIC DAY TO ACKNOWLEDGE SARAH BENAISSA AS A VOLUNTEER AT EASTBOURNE FOOD BANK
BECAUSE THE ONLY WAY SARAH BENAISSA WOULD DO ANYTHING NICE FOR ANYONE POOR...is if they are eating illegal human meat... and if she would be the one giving It to them In tin canned food smiling at them for ingesting and digesting illegal human meat to eat in their squalid housing acknowledging their homeless life's ahead of them....while she prays guidance from the universe and god off of these people through her faith at the bridgemere centre in Eastbourne which Howard wardle conveniently preaches as a pastor every Sunday in Christian faith.
So I don't doubt that Sarah benaissa adopted like this to Anne and Howard wardle has a lot to do with Them in negative faith with import/ export of illegal Human meat in tin cans being given to the poor.
Sarah benaissas corrupt behaviour certainly would be confidence in something nasty happening to people to bless something about her and her life is why she keeps some type of silence
As to her strange family suffering without her....
BUT I DO NOT BARE THE WEIGHT OF HER SECRETS Or anybody's
SO IF THIS IS TRUE AND IM NOT CRAZY I WANTED IT TO BE KNOWN I DIDNT KNOW AND NEVER THOUGHT LIKE THIS UNTIL NOW...
And if that ever happened
I would want to slit her throat Like sweeney Todd and feed it to Anne and Howard wardle before shooting them in the head.
I don't comply with their nasty faith

Leah Unison

29 Aug 2020 at 6:11pm

I can only imagine what a dirty bitch Sarah benaissa is for living with a man like Howard wardle that works for Eastbourne food bank giving poor people Tin canned food to eat...
And I can imagine Sarah benaissa offering to help Howard wardle at the food bank as a manipulative tactic to brainwash him in to her corrupt faith to continue to live with him and Anne wardle (his wife) whilst Sarah benaissa and Howard wardle continueS to exploit possible sex acts (An affair between himself and Sarah benaissa) to keep the psychotic peace in the house..
To keep anne waddles mind busy....but what is disgusting about Sarah benaissa is...is that I know she psychotically channels negative voices From her own mind and on to nidhal benaissas mind to make him do things For her to people in exchange for the way She would leave him alone for a while and let him Be so that he can focus on his work again...if he obeys Her...but I know that if Sarah benaissa had the ability to comply like this to impact...the only way Sarah benaissa would continue to offer assistance to the poor at the Eastbourne food bank alongside Howard wardle is because she is a nasty little witch bitch that probably heard voices in her mind telling her that the imported food they are giving to the poor At the Eastbourne food bank in tin cans probably Would be imported from Places like China or from some country that put illegal human meat for the poor to eat Instead of animal meat...and Sarah benaissa would love a day out as a volunteer alongside her accomplice Howard wardle to watch the poor gratefully accept the help from the FOODBANK like diluted helpless beggars whilst they both smile at them knowing that they will go home and eat HUMANITY and die from gods blessings and gods guidance after they consume that SIN IN THEIR MOUTHS
while SARAH BENAISSA feels she is rising above her family and the poor PEOPLE trusting that she would get her life in tact based off of that faith...:
BECAUSE THEY WOULD LOVE IT IF THE POOR ATE HUMANITY AS CHRISTIANS BECAUSE PEOPLE WOULD LOSE GOD AND FAITH AND I SUPPOSE THAT SARAH BENAISSA AND ANNE AND HOWARD WARDLE AND SARAH BENAISSA BELIEVE THEY CAN HAVE GODS GUIDANCE IN THE PLACE OF THE CANNIBALS THAT ACCEPTED THE HUMAN MEAT FROM THE FOOD BANK
I cannot believe I just had that thought in my head.
But I know that Sarah benaissa is a bitch a dirty sick little ugly fat witch that is absolutely nasty enough to be that TYPE OF person in real life
Based off of what I have learned about her whilst living with nidhal benaissa and dalila boutarfa benaissa in the converted garage where she never visits
I JUST HAD TO DOCUMENT THIS THOUGHT SOMEWHERE

I hope they are the ones dying of coronavirus I had enough of their strength This family Would not be suffering cult And bad things wouldn't be happening Like this if they didnt force this way of life through their choices and actions on me indirectly or direct when I was BLIND...and people helping them away from what they have done here is NOT BLINDING ANYONE. I'm not blind Anymore! Their responsibility as to their parents circumstance is evident because they both are not present which means they are to be held accountable for their corrupt actions and people have to backtrack on them everything they have not suffered for because they can't just be let go of to forget because I will not forget.	Leah Unison
29 Aug 2020 at 10:48am	Regardless I will not be killed Through my health by family friends or employers or anyone. Not even the universe Most people agree with this statement because people that have been wronged like this are just not ready To die They want justice as do I!	Leah Unison
29 Aug 2020 at 10:46am	I know that katia Assma benaissa and Sarah benaissa are probably dabbling in their psychosis with their friends and employers to corrupt my health and nidhal benaissa and dalila boutarfa benaissas health through the universe. I know Sarah benaissa has faith in this aNd had faith in this a long time ago and practiced her negative faith by choosing adoption For herself at a young age to impact everyone in her family's life's because I know she is probably praying that we all receive Covid-19 to die of it at ANY POINT OF OUR LIVES BECAUSE I KNOW THAT SARAH BENAISSA IS DESPERATE IN FAITH BECAUSE SHE DOESNT WANT TO PAY THE PRICE OF HER CORRUPT Actions to her family so that she overcomes and I know that katia Assma benaissa is hoping for the same thing To happen for her. And I also know that Nidhal benaissa and dalila boutarfa benaissa only wish me death like this because they know people wish them death especially their other two daughters And I don't think their psychotic minds allow them to believe that they can overcome katia Assma benaissa and Sarah benaissa I don't think it's right that katia Assma benaissa and Sarah benaissa get to live above their parents and myself to believe in dictating our health like this for their own. And I don't think it's right that the universe would rather oppress the faith and block myself and nidhal benaissa and dalila boutarfa benaissa from overcoming katia Assma benaissa and Sarah benaissa The universe is nasty at work for the wrong people because I believe that Covid-19 is only starting its work	Leah Unison

29 Aug 2020 at 10:25am	If people are still negatively functional like nidhal benaissa and dalila boutarfa and under the influence and abuse of the universe giving these circumstances globally Then they could be infected with Covid-19 at a later stage for the way they would have contracted it through their behaviour and psychosis in the early days of it. THE NHS are working on ANTIBODY TESTS FOR CORONAVIRUS (blood tests) They have not allowed it to be released to the public But have begun doing blood tests for nhs staff but on the internet government website the NHS Are saying they will be blood testing the public soon.	Leah Unison
29 Aug 2020 at 10:22am	I'm surprised that nidhal benaissa and dalila boutarfa benaissa are still functioning In the converted garage under strange instructions from the voices in their minds when the world locked down calling the universe a global disease regardless	Leah Unison
29 Aug 2020 at 9:30am	IN UK NEWS TODAY Matt Hancock warns UK could again face nationwide coronavirus lockdown measures	Leah Unison

The Health Secretary has said that nationwide restrictions to curb coronavirus cases cannot be ruled out this winter as other countries in Europe battle so-called 'second waves

(<https://www.google.co.uk/amp/s/www.mirror.co.uk/news/politics/matt-hancock-warns-uk-could-22596371.amp>)

Matt Hancock has warned the UK a return of nationwide lockdown measures this winter remains a possibility.

The Health Secretary issued the stark warning as he said other countries were already experiencing a "second wave" and that one cannot be ruled out here.

29 Aug 2020 at 7:39am	Nidhal benaissa took the door key out of the key hole overnight so that I don't open the door for air Eeewwww I want nidhal benaissa deported and out of my life forever Because I know he did that to get me angry because the voices in his mind told him to do that.	Leah Unison
28 Aug 2020 at 4:02pm	I noticed on the TESCO AND LIDL SUPERMARKET SHOPPING BAGS THEY ALL HAVE THREE STRIPES ON THE HANDLES JUST LIKE THE STRIPS OF A MILITARY RANKING SOLDIER. The military stripes on The handles of the Shopping bag are implying a SERGEANT IN RANK SO I SUPPOSE SOMEONE DESIGNED THE SHOPPING BAGS THIS WAY FOR THE SUPERMARKETS With a purpose.....SO IT WOULD NOT SURPRISE ME IF THESE CORRUPT ILLEGAL METHODS OF POISON In food OR CANNIBALISM Human meat From food superstores Across the UK Are SOLD OFF TO ARMY BASES And in to armed forces kitchens ACROSS THE UK FOR THE SOLDIERS TO EAT AND NOT KNOW WHAT THEY HAVE EATEN.. When I was enlisted in the British army they would all call meal times on base/camp SCOFF well I suppose they call their military meal times scoff because they are telling each other to not ask questions as to what they eat To just eat it and SCOFF it down like it's ok. The sergeant rank on the shopping bags are talking something as to armed forces EEEEWWWWW people are so vile	Leah Unison
28 Aug 2020 at 2:59pm	Why would An established business like Sainsbury's even create an email address for its customers In a childish manner by thinking of something like CHOP CHOP on their official business email webmail... What exactly do they know is CHOPPING IN THEIR SUPERMARKET AND WHY DO THEY FEEL THEY Can't communicate with their consumers via email about?? Because cutting off their customers from email communication is a serious decision to make Because nobody and no business would think to do that unless they want to establish and groom distance Between themselves and from their consumers By keeping everything separate and hard to combine but that is suspicious behaviour. But I suppose they are innocent until proven guilty	Leah Unison

28 Aug 2020 at 1:57pm	(https://www.amivetexports.co.uk/meat-exports/) This is a UK meat export company that people can use to send other country’s human meat at random If the intent is to influence import of Human meat illegally in to the UK for the public to digest from the supermarkets... They would use companies like this one To activate sending the dirty intent out to others in different places First So that it becomes this country’s karma And influence to receive human meat illegally packaged to look like animal meat as imported goods at random from another country for payback	Leah Unison
28 Aug 2020 at 1:43pm	Imports British consumers tend to eat a limited range of meat cuts (for example, chops and steaks). When producers process a carcass, they have excess meat, which can’t be sold in the UK market and needs to be exported. However, popular cuts of meat still need to be imported to meet the UK’s needs. Meat processing companies rely on imports for 26% of their supply, with the rest coming from UK farms. Beef makes up nearly half of all meat imports to the UK with pork accounting for just over a third and lamb around 20 percent. Our largest source of imported meat is the Republic of Ireland, which is home to more cattle than people and is among the top four beef exporters worldwide. Other top sources of meat products are New Zealand, Germany and the Netherlands but, over the last few years, improvements in meat preservation and transportation methods have seen a rise in products coming from places like Brazil. He explained I should suffer and breath the dirty air to respect the way he sleeps BUT HE DOESNT SLEEP! 27 Aug 2020 at 10:41pm	Eewww The chef Gordon Ramsay is posing for his television SHOW with a human bone in his mouth Implying cannibalism And a devils pitch fork telling the audience Hell’s Kitchen....I wouldn’t be surprised if Gordon Ramsay is psychotically involved in creating his food company and having help making that famous so that when he dies then his legacy is that he leaves behind a company that imports and exports human meat and human bones for people to eat in their food illegally	Leah Unison

26 Aug 2020 at 2:50pm	Speaking of ARMED FORCES I find it very strange that the British army Want people to join at 35 years of age MAXIMUM as full time soldiers when the USA ARMY is recruiting full time soldiers up until 60 years of age...why are the British army in such a rush?	Leah Unison
26 Aug 2020 at 10:56am	I am aware that countries like the USA corrupt foreign nationals in to their justice system to exploit them for future intent to unblock other generations of convicted people to Help them get better life's For themselves BUT I NEVER CONSENTED TO BEING AN EXPLOIT TO IMPROVE ANYONES LIFE BUT MY OWN. I DO NOT CONSENT TO BEING EXPLOITED BY THE USA JUSTICE SYSTEM OR ANY JUSTICE SYSTEM ABROAD FOR THE SAKE OF OTHERS LIVING BETTER THAN ME! If they are offering people Like me access in the USA to armed forces After what they did to me for their government Then I want that work for myself and then others can have it after me. I will not live with no help wishing others the best I do not know how people believe in dictating and forcing themselves on me And what I am doing to misrepresent my character as a beggar	Leah Unison
26 Aug 2020 at 10:31am	I contacted the us army With regards to enlisting because I know that the USA army recruits non legal citizens and non residents in to their works...the way I know this is because when I was enlisted in the British army I met people that told me that they were recruited from the Caribbean as non legal residents and non citizens of England. I also contacted the USA army because I find it strange that any country would recruit vulnerable people like me psychotically through the universe without my knowledge as a criminal to just leave me with no access to recovering myself in the army or armed forces in the USA. I think it's disgusting that country's ensnare poor people like me to be exploits of Their prison system and they allow no access to the armed forces To those corrupted by the justice system as a method to shut down their involvement with exploitation from their business to make the justice system clean again... The way I see it is...when country's are corrupting foreign nationals on their turf to jail/prisons they have to clean up after themselves and the corruption they caused on a persons life and give them access to the armed forces to recover their life's. The government is so obsessed to ensnare life's in to the justice system and picks on foreign victims when it can't wrong its own citizens And they wonder why they are acknowledging a global pandemic disease From the universe (https://www.goarmy.com/)	Leah Unison
26 Aug 2020 at 9:08am	I purchased a tape measure to monitor my height To see if I am growing Because it's odd that I have all these thoughts to do things but have no influence helping me physically grow to go do it!	Leah Unison

24 Aug 2020 at 1:43pm Well I don't know how I'm going to survive the next 5weeks off of this £20 from my mum which I would have to pay back until I get my benefits again in September
I have no idea what the heck I'm going to do.
I hope the universe is not too hungry because it has the rest of the world to give hunger too
There are plenty of souls out there

Leah Unison

24 Aug 2020 at 1:03pm Well...the food bank is really no help because they only help through tin cans of food and I can't ask them for help because I asked them before For months and kept asking for food without tin canned food Because they know I can't cook because my mum sleeps on the kitchen floor....but they always ignored my requests and Gave me tinned canned food and didn't care
The food bank is no better than dalila boutarfa benaissa and nidhal benaissas rotten food because the FOODBANK also give people bread that expires after ONE DAY LIKE NIDHAL BENAISSA ...because he too BUYS THAT TO SPITE DALILA AND MYSELF WITH HIS POWER HUNGRY ABUSIVE NATURE IN SPIRIT AS TO HIMSELF EARNING THE MONEY THAT PAYS RENT.

Leah Unison

24 Aug 2020 at 12:57pm Well that is really sad that
The air (The universe) speaks negatively exposing the humanity (the spirits) so silently in the air.

So today I understood the technology is REALLY able to pick up on universal frequency's and people are just using THE TECH to commit crime and steal and destroy each other and if they turned on the electronic voice phenomena on their phones
They would understand the negativity in the air around them IS THE UNIVERSE AND THEY WOULD BE UNBLOCKED to acknowledge if the universe believes that things want it to believe in itself hungry and sick
That they are not immortal and they too are hungry and sick

STUPID IGNORANT BEGGARS

Leah Unison

24 Aug 2020 at 12:53pm The electronic voice phenomena
Picked up the supernatural frequency of the universe in the room and the words that the device picked up from the converted garage When I put he words together in piece it together the universe is Stating that people want it To believe it is hungry and sick
(So I'm guessing that The universe is talking aloud in this converted garage to itself and if I didn't use my electronic voice phenomena this is what was going on in the air the whole time and I wouldn't have known)
That is so sad :(
I wish the universe was not hungry and sick so that people like me heal :)

Leah Unison

24 Aug 2020 at 12:07pm I got my electronic voice phenomena on in the converted garage
Due to the way that I had the incident the other night where I was woken up by a voice speaking in my ear externally like someone was there and it sounded like khalid Mir...the electronic voice phenomena
Picked up the words HUNGRY
So the universe is HUNGRY....this morning there was leaflets Delivered to the converted garage of takeaway companies to order food from... but I can't buy from there I am poor begging my mum to loan me money until I get my benefits next month
The universe speaks through this EVP (electronic voice phenomena)
I knew something in this converted garage was influencing me to be SUPER HUNGRY AND EATING SO MUCH
but I got confirmation now that it was the universe speaking hunger in to my SOUL.
Because the EVP PICKED UP ON THIS...
I hope the universe stops talking hunger in to my spirit.

Leah Unison

24 Aug 2020 at 10:51am I had to borrow £20 from my mum until I get my benefits on September
Because I had expenses and needs that had me spend everything
And nidhal benaissa does not buy food he just is about exploiting people in his life to keep the money to himself.
If the jobcentre did not exist I do not know what I would have done...well I would probably be in prison for bed and food.
Because there is no way I would tolerate this way of life

20 Aug 2020 at 3:56pm People that just WIN IN LIFE THEIR PURPOSE IS WICKED AND HARMFUL THIS IS WHY THE UNIVERSE FAST TRACKS THEM TO SUCCESS BUT THE PUBLIC ARE ACTIVELY ABUSED IN LOCKDOWNS GLOBALLY FOR RESPECTING THE UNIVERSE AND ITS SELECTIVE ATTITUDE TO THE HUMANITY Leah Unison

20 Aug 2020 at 3:53pm (<https://www.katyperry.com/>) Leah Unison
Katheryn Elizabeth Hudson (born October 25, 1984), known professionally as Katy Perry, is an American singer, songwriter, and television judge. After singing in church during her childhood, she pursued a career in gospel music as a teenager. Perry signed with Red Hill Records and released her debut studio album Katy Hudson under her birth name in 2001, which was commercially unsuccessful. She moved to Los Angeles the following year to venture into secular music after Red Hill ceased operations and she subsequently began working with producers Glen Ballard, Dr. Luke, and Max Martin. After adopting the stage name Katy Perry and being dropped by The Island Def Jam Music Group and Columbia Records, she signed a recording contract with Capitol Records in April 2007.

So why does KATY PERRY JUST ONE DAY DECIDE TO LOS ANGELES AFTER HER FAILURES AND IT JUST SUDDENLY ALL WORKED OUT FOR HER AND EVERYBODY ELSE DOESN'T HAVE IT THEIR WAY LIKE THIS? The universe should be using the lockdowns to correct itself and not to continue complying selective like this
Or else we are all compelled to not entertaining our thoughts or our dreams for our own sake

Tynisha Keli Soares was born in New Bedford, Massachusetts, the daughter of Timothy Soares (died 1986) and Elisa Smith Soares. She is of Portuguese descent. The family were poor during her childhood. She has two brothers, Timothy, and Tazmyn Michael Soares (June 23, 1989 - December 21, 2007), and a sister, Tay'le Rudolph (born 1992).[4] Her father was killed when she was barely a year old.[5] She began immersing herself in music at age 8, including using it to express her frustrations.[6] She began singing professionally at age 14. She moved to Los Angeles, where she lived for seven years before moving to Atlanta. Her brother Tazmyn was killed in Boston in December 2007; he was 18 years old.[7]

(TYNISHA KELI IS A CULT WORK OF THE UNITED STATES GOVERNMENT SHE ALSO SPENT YEARS IN FOSTER CARE she was fostered by a black family and then embraced hip hop and r&b)

WHAT I DONT UNDERSTAND IS HOW TYNISHA KELI MADE It in her life in ambition from a foster care background AND THE REST OF US DONT MAKE IT.
Well...THAT IS THE CORRUPT WORK OF THE UNIVERSE
THE PANDEMIC COVID-19 IS JUST THE UNIVERSE SHOWCASING HOW STUPID WE ALL ARE AND HOW WE ARE ALL DISTRACTED AND WHEN ITS ALL OVER WE ARE ALL BRAINWASHED TO ACCEPT WHAT HAPPENED AND MOVE ON WITH OUR POOR LIVES WHILST THE UNIVERSE CONTINUES TO CHOOSE ITS FAVOURITE SPIRITS TO EMPOWER WHILE THE REST OF US DREAM OF KILLING THEM SOMEDAY FOR OVERCOMING US...whilst we wait for THE FILTHY RESIDUES OF this planet To fade and die until the Whole planet dies....
Well...🤔 I'm not crazy your all thinking and agreeing to this.
And I agree as well!

20 Aug 2020 at 1:34pm If things really start opening up like nothing happened Leah Unison
I hope everyone understands that the universe would have exploited each and every one of us in the lockdowns to give the cruise lines a good mechanical clean up...the cruise lines locked down more than any other work they don't operate until November-December 2020

So if people just go about their life's like nothing happened it's because of the universe having us empower this disease with SHORT lockdowns
To call US THE DISEASED ONES IN OTHER LIFETIMES FOR THE WAY WE DIDNT HELP OURSELVES BY EXPOSING THE UNIVERSE FOR EXPLOITING US FOR THE CREATURES UNDER AND BEYOND THE SEA SO THAT THEY LIVE BETTER LIFES AS HUMANITY.
Well I hope humanity is extinct

It's a nasty species
The spite of it...intelligence to just be told not to be intelligent for others
That's too spiteful For me

20 Aug 2020 at 10:55am	(https://www.olympic.org/great-britain) Well I am not good at anything the universe is actively abusing and blocking my potential amongst other people So why would there be special people empowered physically to do the Olympic Games? Because someone slow like me DOES NOT WANT TO WATCH ANYBODY COMPLY IN THEIR LIFES BETTER THAN ME. I have never watched the olympics and never will. I don't want to put myself down by giving these people my acknowledgment I document them on benefits because the only way these people are rich is if they are criminal. THE OLYMPIANS BELONG ON THE DOLE CLAIMING STATE BENEFITS TO FIND A JOB WE ALL KNOW IF THEY ARE RICH THEIR OLYMPIC TALENTS ARE JUST SIDE SHOWS THEY ARE GANG AFFILIATED GLOBALLY CONNECTED TO CRIME	Leah Unison

20 Aug 2020 at 10:47am	(https://www.teamgb.com/sport/figure-skating/N6WzDbtfqVgAK0eCwZnla) (https://www.iceskating.org.uk/) Well I can't professionally ice skate let alone enjoy an ice skating rink because I don't know how to skate...so I don't know how these people are professional ice skating champions when that sport is not cleared to comply safe to the public to make it a legal work filmed on national television...again these athletes are setting up aspiring candidates for fatal injuries and unexpected death on the ice rink on national television and News by leading them on as to the possibility of these influences. WHY SHOULD THESE PEOPLE BE SPECIAL AND OLYMPIC AND THE REST OF US WATCH THEM...it's because the universe wants us to see that show negative just as much as it wants it positive to keep you all coming. Are they victims??? Are they not victims??? That's what the games are about But I'm hateful because I can't even twirl on ice let alone skate in peace I HATE THE UNIVERSE FOR BEING Talentless about my existence	Leah Unison

20 Aug 2020 at 9:29am	Well I certainly cannot do what these Olympic gymnasts are doing...I can only do a forward ROLL. as far as I am concerned gymnastics is not a sport cleared to comply legal amongst other Olympic Games Based off of the way I can't do it....and most people can't do it. If these people are special on the olympics then they are a corruption setting up aspiring candidates Of the olympics to injury's and fatal deaths on LIVE TELEVISION.	Leah Unison
20 Aug 2020 at 8:48am	(https://www.british-gymnastics.org/news-and-events/international-events/olympics) Should gymnasts be medically cleared to do stunts without psychiatric diagnosis. I don't think they could be cleared to comply but that's just me...the universe is corrupt having spiteful plans on the Olympic audience That's why it doesn't break the bones of the gymnasts	Leah Unison
20 Aug 2020 at 8:01am	I'm surprised that gymnasts do not fall over and break their bones more often because these people are psychiatrically not understood prior to doing backflips on a vault and beam... I'm not laughing at the universe and how it has its favourites. Because it really cannot bless people like this over others	Leah Unison
19 Aug 2020 at 11:51pm	Killing of the firstborn In the 10th, and last plague, Moses tells the Pharaoh that all the firstborns in the land of Egypt would perish I THINK WE NEED A BRITISH MOSES IN RAGS TO LOOK BIBLICAL TO EMPOWER THIS SACRED TAKING OF GOD TO FREE US ALL FROM SLAVERY AND CHEAP BENEFITS TO CLEANSE OURSELVES OF THESE PROSPECT STEALING WANNABE DEMON ASPIRING CHILDREN	Leah Unison

19 Aug 2020 at 11:46pm	The Plagues of Egypt (Hebrew: מכות מצרים, Makot Mitzrayim), in the story of the book of Exodus, are ten disasters inflicted on Egypt by the God of Israel in order to force the Pharaoh to allow the Israelites to depart from slavery;[1] they serve as "signs and marvels" given by God to answer Pharaoh's taunt that he does not know Yahweh: "The Egyptians shall know that I am the LORD".[2] Plagues WELL I THINK THIS WORLD NEEDS THE PLAGUES TO GET RID OF ALL THE KIDS there's no prospect good enough to keep them secured in life they were born through corruption Of the universe and ignorance of their parents It would be demonic to worship and accept early death as elders of the society to step down and accept the children as up and coming. 19 Aug 2020 at 4:39pm	Nidhal benaissa played with his spare change To imply that he's going out to buy groceries Because he knows dalila boutarfa benaissa is hungry And then he is spiteful and resumes his work on his software and puts his spare change (money on the table) To the point I had to offer my mum crisps or some food that I bought from the shop Off of the money I borrowed from her.....but she said no because she wants to get through to nidhal benaissas mind because the voices in his mind tell him to be like this to her and she just lays on the kitchen floor not understanding why he complys with the voices like this and why the voices in his mind always wants to put her down. But I know that the voices tell nidhal benaissa to be like this to everyone he is around because the voices in nidhal benaissas mind work negatively for katia Assma benaissa and Sarah benaissa Because they are the ones psychotically channeling his mind and his spirit through the voices. I think Katia Assma benaissa and Sarah benaissa should be seriously suffering for what they have put dalila boutarfa benaissa through And for what they put me through as well I want them to suffer for this for a long long time	Leah Unison

19 Aug 2020 at 10:17am	I had a thought this morning that government are trying to unlock the works EARLY FROM LOCKDOWN COVID-19 so that poor people are exploited by the voices in their minds to work poor until they are diseased enough to die for obeying The disease psychosis...but the help is corrupt in the psych units... So what I want to know is why are the rich Society safe and not poisoned to die out of respect to the poor working in food and beverages	Leah Unison
18 Aug 2020 at 11:12pm	I have a theory that the media/press tabloids are lying about death counts in the UK With regards to Covid-19 because they are corrupting poor people to work and recovering the economy too quickly On the news to provoke criminals to kill people to exploit the justice system And to get work for the media to keep things going	Leah Unison
18 Aug 2020 at 5:28pm	I find it corrupt that people are not dying and their dead body's are not on the street needing to be picked up by government. The way that the universe did a CLEAN DISEASE LOCKDOWN AS IF THIS WAS A DRILL (practice) WHEN EVERYONE KNOWS THEY ARE DISEASED AND LIVING IN EXPLOITIVE FAITH THROUGH THE UNIVERSE TO CONTINUE THEIR CRIMES STEALING THROUGH THE POWER OF THEIR MINDS. So much lies going on in the press with regards to lockdowns and the death counts. Humanity is not welcome to the works The universe is a demon with temporary faith for whoever begs to comply So I find it disgrace that the universe thinks this is a joke and locks down like this and the death counts are FAKE	Leah Unison
18 Aug 2020 at 3:37pm	The works that humanity are actively exploiting are not the work of the human species that's why there are so much problems. People have been receiving intelligence as to how to survive Through their minds for decades but if they look closely as to how we survive as human beings they would understand that we survive off of another species faith.. That's why psychiatric hospitals exist But...that's al gone to shit due to negligence and ignorance and corruption of money	Leah Unison

I hope I don't regret it. Nidhal benaissa was on the phone to the nhs as well about the way they want him to attend an eye screening test and he roared on the phone that why can't they call him about the dentist because he said he wants help with his teeth. The huge lottery win was due to a quadruple rollover. The winning numbers are: 10, 14, 16, 22, 25, 34 and a Bonus Ball of 21 and the winning Thunderball numbers are: 1, 10, 15, 21, 39 and the Thunderball is 12. 16 Aug 2020 at 12:40pm	The negative universe that speaks to nidhal benaissa and dalila boutarfa benaissa in their minds attacked my skin whilst I was trying to better myself with laser treatments at home Now I'm left with scars Because I understand the voices are grooming problems for my life through nidhal benaissa and dalila boutarfa benaissa and my sisters katia Assma benaissa and Sarah benaissa	Leah Unison
16 Aug 2020 at 12:38pm	I had to take photos of my tattoo removal and how it turned my skin the same colour brown as what the laser hair removal treatment did. I'm knowing that the devices I used did not do this to me it was a supernatural force In the converted garage abusing me and my skin For trying to better myself! I reported this supernatural behaviour to police prior to lockdowns In reference to nidhal benaissa and dalila boutarfa benaissa hearing voices and I sent proof photos Of the damages on my skin to California To have documented on my record for future understanding	Leah Unison
16 Aug 2020 at 11:28am	The voices in nidhal benaissa and dalila boutarfa benaissas heads tell them they can't move out of the converted garage because the voices are telling them exactly where they will live in the future and when. (They already know the address through their minds) So this means that the next landlord Renting to my parents is also hearing voices In his mind....taking his/her time and empowering khalid Mir as to the way he is hearing how nidhal benaissa and dalila boutarfa benaissa are waiting to rent from a new landlord. So my mum told me that it's not time yet to move because god is not ready... so she winked at me and said that... And I was disgusted because god is a sick disease global pandemic right now and had 5 years of my life here in the converted garage With them...and all types of help happened to help god help us move out of this squalid Accommodation but Instead my mum tells me that the universe holds my parents to the way they have to listen to the voices and wait and stay where they are...so I wouldn't be surprised if my parents future landlord just has that rental empty and simply Is not advertising that it's available for rent because he/she is hearing voices telling them to NOT ADVERTISE THIS PLACE BECAUSE THE VOICES HAVE TO DO ITS JOB AND GROOM THE TENANTS...I will NOT BE GROOMED AND I KNOW NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA WOULDNT WANT TO BE GROOMED FOR A LANDLORD THAT HAS THE EMPTY SPACE TO LEASE TO THEM BUT DOESN'T ADVERTISE IT AS AVAILABLE FOR THEM TO FIND IT As of now.....BECAUSE THE NEW LANDLORD IS HEARING VOICES WAITING TO KNOW IF THEY ARE	Leah Unison

16 Aug 2020 at 10:06am	Nidhal benaissa is just making money off of my life abused in squalid accommodation to put me down so that I need corrupt services like the NHS AND DWP. This is disgusting the dirty voices in his mind is the abusive universe I hope the universe dies of the way it can't do its work on earth	Leah Unison
16 Aug 2020 at 10:00am	Eeewww to the NHS and eeewww to all people that claim their services help people. I spent 5 years reporting my circumstance with my parents and it didn't make a difference NOT ONE BIT OF DIFFERENCE ITS AS IF I DID NOTHING TO HELP MYSELF THATS WHY NHS CAN FUCK OFF NON OF THESE GOVERNMENT SERVICES help they just exploit and empower the universe to abuse people to keep needing the service	Leah Unison
15 Aug 2020 at 10:22pm	Dalila boutarfa Benaissa is pacing around outside Anxious and thinking for hours up and down riverdale road. She must be thinking about katia Assma benaissa and the corruption that came to her life after giving birth to that demon knowing her demon daughter is swallowing semen semen 'si:mən/ Learn to pronounce noun the male reproductive fluid, containing spermatozoa in suspension. For a living and not testing herself for covid-19	Leah Unison
15 Aug 2020 at 9:55pm	I just think it's blackmail for katia Assma benaissa To psychotically channel the voices to nidhal benaissa and dalila boutarfa benaissas minds to have the voices promise them things will be better if only they just get rid of west London mental health and tell immigration police and the UKVI home office that they don't want to be deported To Algeria and stay here in the UK to let katia Assma benaissa see What she can exploit and take away from them in the future to keep them alone until she breaks them down homeless with no friends to exploit them And their undocumented migrant status in Britain for her drug dealers To get away with import and exporting drugs and weapons through customs UK. I know her games.	Leah Unison
15 Aug 2020 at 7:52pm	The way I see it is...unless katia Assma benaissa is a UK NEWS TABLOID HEADLINE ON NEWSPAPERS AND ON THE INTERNET CAUGHT IN HER CRIMINAL LIFESTYLE AND ACKNOWLEDGED AS PROSECUTED THEN UK IMMIGRATION HAVE A DUTY OF CARE TO DEPORT NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA TO AVOID ANY FURTHER EXPLOITATION FROM HAPPENING TO NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA! UNTIL I SEE EVIDENCE OF KATIA ASSMA BENAISSA GETTING HER KARMA AS A HEADLINE EXPLOITED AND HUMILIATED THEN I DONT WANT NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA TRUSTING THE VOICES In their minds AND STAYING IN THE UK Katia Assma benaissas drug and gang affiliation is serious and it's what kept them living like this for 20 years as undocumented migrants. I never knew until recently But the second I came to live with them that's when they started receiving understanding as to what happened to them And i was the one who pushed for immigration on the phone and in reports prior to my mum sectioned by police in psychiatric hospital.	Leah Unison
15 Aug 2020 at 7:43pm	I'm concerned because I know that katia Assma benaissa is hearing voices in her mind And I know that she psychotically channels her psychosis to nidhal benaissa and dalila boutarfa benaissas minds to have the voices in their minds talk to them for her...I am concerned because I know that katia Assma benaissa would have the voices lie to nidhal benaissa and dalila boutarfa benaissa to make them believe that they would be better staying in England if they overcome immigration and trust. I can see they live in squalid conditions and I know that katia Assma benaissa and her druggy lifestyle and her drug dealer connections as to import/export of illegal substances impacted their health to the point parts of their body's SWELL SEVERELY AND IT HURTS THEM. Even I started to swell on my body due to this and the stress. I don't want nidhal benaissa and dalila boutarfa benaissa avoiding deportation for the sake of the voices and what they promise them if they stay	Leah Unison
15 Aug 2020 at 6:12pm	I know katia Assma benaissa still uses the same drug dealer she had him for 15 years He is a black guy driving a black fancy car around central London Katia Assma benaissa called him THE BIG BOSS.	Leah Unison
15 Aug 2020 at 6:10pm	Now I'm thinking about that upside down Jesus cross in the cloud that I saw the other day... I remember years ago over 5 years ago katia Assma benaissa got her drugs delivered to her house and laughed at her drug dealer for putting a Jesus CROSS SYMBOL on her drug packages. I think katia Assma benaissa really misleads people because if she found that funny I wouldn't be surprised if she sexualised her drug dealer and promised him if he helps her with his friends that she would go on trips abroad for him and drug smuggler and bring money and drugs back for him. So if katia Assma benaissa doesn't make it as a prostitute traveller abroad and in quarantine to sell herself throughout this pandemic disease...then katia Assma benaissa may decide to do some drug smuggling	Leah Unison

Because I am not laughing at the way there really was a JESUS CROSS SYMBOL UPSIDE DOWN AND KATIA ASSMA BENAISSAS DRUG DEALER PUTS JESUS CROSSES AS LABELS ON THE DRUG PACKAGING IN EVERYTHING HE DOES.

15 Aug 2020 at 4:30pm	Ok...so nidhal benaissa has gone out shopping...the voices in his mind got intelligent and understood they were reported. But I don't understand the voices in katia Assma benaissas mind...the way I reported them to psychiatric doctors psychologists even to police Even nidhal benaissa reported katia Assma benaissas voices in her mind to the police...Even dalila boutarfa benaissa psychiatrists and doctors and nurses know about katia Assma benaissa and the voices in her mind giving them hell....but the voices in katia Assma benaissas mind do not give up corrupting it just stayS strong and stubborn about katia Assma benaissas crimes and The voices don't make her surrender And give up her criminal ways and her drugs and her drug dealer friends. I want katia Assma benaissas voices in her mind to stop putting us all down and to finally put katia Assma benaissa down once and for all. I had enough of the voices I feel like a poor person unable to help myself and trapped in poverty with puppets of the voices.	Leah Unison
15 Aug 2020 at 4:02pm	Nidhal benaissa entertains the voices in his mind when it tells him to not buy food And then he mutters under his breath to speak with the voices the foulest word ever and that word is PIG because he wants me preferably to be cursed with hunger pain to complain that there is no food so that he can activate an argument. Nidhal benaissa is a nasty piece of shit	Leah Unison
15 Aug 2020 at 4:00pm	I know that nidhal benaissa hears voices in his mind telling him to not buy groceries whilst he worships the voices and the deprivation it demands him to action on those around him and then I hear him mutter the word PIG. Because he hopes that either dalila boutarfa benaissa or me...myself Gets hunger pain so severe That he can put us down with an argument to put someone out. What a rotten old man	Leah Unison
15 Aug 2020 at 2:49pm	The voices in nidhal benaissas mind tell him to NOT BUY FOOD I know this because Nidhal benaissa told me once that the voices Of GOD told him (he quotes the bible) that God told him that his customers buying his software will buy more software and he will make more money if he keeps people deprived around him. Nidhal has expressed to me that he has noticed as well that his customers tend to buy more software when he doesn't buy anything for anyone Well I think nidhal benaissa should stop listening to GOD (the voices) Because the other day I saw an upside down JESUS CROSS SHAPED IN THE CLOUD IN THE SKY.	Leah Unison
15 Aug 2020 at 2:42pm	Nidhal benaissa is hearing voices again and when he keeps us deprived like this it's for the voices to instruct him to do wrong To people to make money On his multicrew xp software and his products	Leah Unison
15 Aug 2020 at 2:37pm	Nidhal benaissa still trying to exploit my money to spend it on food He has not been food shopping in a week	Leah Unison
15 Aug 2020 at 12:29pm	Basically Nidhal benaissa Dalila boutarfa benaissa and myself All three of us demand katia Assma benaissa in prison Because this unjust life we live today exploited by katia Assma benaissa and her friends and her drugs and her criminal pals.... Nidhal benaissa and dalila boutarfa benaissa and myself WE DO NOT CONSENT TO BEING EXPLOITED BY THE HOME OFFICE UKVI UK BORDER AND CUSTOMS AND WE CERTAINLY DO NOT COMPLY AND NEVER SUBMITTED TO BEING EXPLOITED FOR KATIA ASSMA BENAISSA OR SARAH BENAISSA AND THEIR STUPID LITTLE FRIENDS AND ASSOCIATES	Leah Unison
15 Aug 2020 at 12:25pm	I think nidhal benaissa and dalila boutarfa benaissa would agree that they did not want to be exploits as undocumented migrants in the United Kingdom and did not agree to remain here for this long so that drug smugglers and illegal weapons could enter and leave the United Kingdom undetected at their peril and expense. I am aware as to how katia Assma benaissa made criminal life choices her whole life in order to help import and export illegal drugs for her friends by working her psychosis to invoke faith in god to have her family exploited Against their WILL for illegal shipment to enter and leave UK customs and immigration so that she can stay elevating in London UK as a high class prostitute until she meets a rich man to change her life. I am aware that katia Assma benaissa worked her psychosis since she was a child to corrupt the minds of customs and border officers in the UK and begged god to tell their minds to allow the drugs and illegal things to process successfully undetected so that she can keep her friends whilst exchanging nidhal benaissa and dalila boutarfa benaissas life's in the UK as deported or not deported to suffer for her because I understand katia Assma benaissa has no respect because HER PARENTS overstayed in the UK for 20 years as undocumented migrants and her drug dealers completed drug smugglers transactions successfully THROUGH UK CUSTOMS AND BORDERS ALL because of katia Assma benaissa SPENDING HOURS ALONE	Leah Unison

WITH HER DRUGS AND CASH begging her psychosis and selling her soul to crime.

Well I know that nidhal benaissa and dalila boutarfa benaissa have been waiting for justice with regards to this their whole life and they would agree that katia Assma benaissa should be in prison for LIFE For putting them through this and then acting like a diluted unapologetic
And then moving on to exploit me and my life for her cause with customs and border UK through my issues with the HOME OFFICE UKVI
THIS COUNTRY IS SICK AND NO WONDER CHINA IS TELLING THE UK THEY WILL PAY FOR THIS -covid-19 2020

15 Aug 2020 at 9:24am	I found a link claiming that CHINA have tried to import human meat in tin cans TO AFRICA (https://www.google.co.uk/amp/s/www.telegraph.co.uk/news/2016/05/20/china-denies-exporting-human-meat-to-african-supermarkets/amp/)	Leah Unison
15 Aug 2020 at 9:23am	I looked on the internet with regards to Cannibalism (human meat) sold in supermarkets. And I found links on the internet saying that countries like CHINA are the ones selling human meat...and they also try and have been trying to sell human meat in TIN CANS OF FOOD. So I understand that some GP's doctors of nhs give poor people tickets to food banks in different parts of England..but that is corrupt because if the GP / doctor gives tickets to food banks then the poor person collects mostly TIN CANNED FOOD FROM THE FOOD BANK AND ENDS UP EATING LIKE A CANNIBAL BECAUSE OF BAD IMPORTED GOODS. Regardless The UK has been making trade deals with China recently and we all do not know exactly if these tinned foods are made in the UK.	Leah Unison

14 Aug 2020 at 10:38pm	I found a website on the internet that I could just get my antidepressant FROM and just buy it instead of RELYING ON a doctorS PRESCRIPTION (https://www.instantecare.co.uk/clinics/depression/fluoxetine) It's pricey but I need to at least try to treat my BODY DYSPHORMIC STATE OF MIND The same medication that a doctor would prescribe me is on this website	Leah Unison

14 Aug 2020 at 5:47pm	I also sent an email to Richmond Adult adhd Cancelling my treatment. I'm not interested in being dictated like a child by exploitive doctors that don't comply with my full health by restricting my prescription Requests as if I am an underage girl	Leah Unison
14 Aug 2020 at 5:25pm	I sent my GP this email (copied and pasted it) Hello This is Leah unison 20th may 1991 Please let dr Robinson know that following our appointment on the phone today I have decided to not proceed treatment with Richmond adult adhd nhs Due to the way I am happy with my current medications and my shared care at the GP and with my private psychiatrist dr rao. With regards to body dysphormia and other issues please let dr Robinson know I will just tend to my issues privately as the nhs is not understanding my needs. I am also planning on returning to Los Angeles California where I used to live and making plans between now and the end of next year to leave. So no need to look in to anything further.	Leah Unison

Thank you

14 Aug 2020 at 5:15pm	I'm NO LONGER GOING AHEAD WITH THERAPY AND ANY FURTHER TREATMENTS WITH THE NHS I AM DISGUSTED AT MY APPOINTMENT WITH THE GP DOCTORS TODAY I DONT WANT TO TALK OR TRUST ANYBODY IN THE NHS BECAUSE I KNOW THAT DR ROBINSON THAT CALLED ME TODAY DID NOT HELP ME TREAT MY BODY DYSPHORMIA ISSUES WITH MEDICATIONS BECAUSE HE KNOWS ABOUT THIS UKVI HOME OFFICE EXPLOITATION HAPPENING TO ME AND MY PARENTS AND REFUSED TO GIVE ME MY ANTIDEPRESSANTS TO EMPOWER RICHMOND ADULT ADHD AND NOT MY OTHER ISSUES THAT COME WITH ADHD...to hell with this I don't care about my issues anymore People are sick exploitive perverts I'm finished dealing with the nhs My GP can just do a shared care with the adhd centre with regards to my adhd meds until I leave for Los Angeles and my parents are deported to Algeria	Leah Unison
14 Aug 2020 at 4:39pm	I have reason to believe that Nidhal benaissa And dalila boutarfa benaissa were misguided in the United Kingdom through katia Assma benaissa and Sarah benaissa And BECAME psychotically convinced to remain here as undocumented migrants in the UK and resorted to exploiting my British citizenship without my knowledge To have me corrupted by the UKVI home office with an identity crisis so that people in the UK borders and customs clear drug smugglers to import/export drugs to and from this country to then use this against me AS IF I WAS PSYCHOTICALLY INVOLVED AND RESPONSIBLE FOR THIS...IM NOT INVOLVED OR RESPONSIBLE. I SUPPOSE THIS IS WHY KATIA ASSMA BENAISSA AND SARAH BENAISSA ARE INVOLVED IN DRUGS NOW BECAUSE THEY WOSHIP IT BECAUSE THEY KNOW THE HOME OFFICE UKVI ARE PSYCHOTICALLY USING DRUG SMUGGLERS TO UNBLOCK THEIR MINDS WHILST PSYCHOTICALLY CLEARING AND APPROVING OF DRUG SMUGGLERS TO CROSS BORDERS AND CUSTOMS OF UK AS A CULT PSYCHOTIC METHOD TO GIVE ME MENTAL HEALTH ISSUES SO THAT I USE THE NHS SERVICES FREQUENTLY AND GET LOST IN A SICK STATE OF MIND SO THAT THEY GET TO EXPLOIT MORE PEOPLE THROUGH ME NOT RECOVERING MYSELF I suppose katia Assma benaissa and Sarah benaissa worship drugs because they know the UKVI home office and customs would be exploiting nidhal benaissa and dalila boutarfa benaissas undocumented migrant status in the UK to clear criminal activity through the UK borders AND CUSTOMS then the ukvi home office want them to take blame and responsibility for THESE CRIMINAL ACTIVITIES at a later time in their life's and submit themselves to prison..FOR THOSE UGLY FAT LOSERS THAT WORK AT THE UKVI HONE OFFICE AND CUSTOMS AND BORDERS.that's disgusting THE UKVI HOME OFFICE SHOULD BE SHUT DOWN PERMANENTLY	Leah Unison
14 Aug 2020 at 4:14pm	So now I understand that mrs S lee And her accomplice corrupted my British naturalisation certificate put my name backwards to exploit my circumstance as awkward to exploit my life /my poverty and my british citizenship combining my issues and my parents circumstance to psychotically assist drug smugglers to and from the United Kingdom To clear them to travel from the UK BORDER AND CUSTOMS And mrs S lee did this to me so that I live my life taking blame for This! I WILL NOT LIVE A LIFE LIKE THIS IN THE UK	Leah Unison
14 Aug 2020 at 3:57pm	I just had my telephone GP APPOINTMENT WITH REGARDS TO TREATING MY (BDD) TO GET ANTI DEPRESSANTS AND THE DOCTOR TOLD ME NO HE WONT PRESCRIBE ME THIS. So I will not attend Richmond adult ADHD with the NHS ANYMORE I will stay private collecting nhs prescription NO THANK YOU TO THE NHS with regards to further help	Leah Unison
14 Aug 2020 at 3:43pm	I am not co operative as to the UK border force and customs indirectly exploiting me and my mental health and the mental health of my parents through UKVI visa & immigration home office I DO NOT SUPPORT THE IMPORT OR EXPORT OF ANY DRUG DEALERS SHIPMENT TO THE UNITED KINGDOM OR FROM THE UNITED KINGDOM. So I understand that I was wronged in my British citizenship naturalisation certificate as to these reasons...	Leah Unison
14 Aug 2020 at 3:41pm	UK customs and border force Could be psychotically exploiting me through UKVI HOME OFFICE ABOUT MY DOCUMENT TO HAVE ME ABUSED AT HOME AND IN MY MENTAL HEALTH TO SUPPORT THE IMPORT / export of DRUG SHIPMENTS THAT ENTER THE UNITED KINGDOM FOR THE INCOME OF THE DRUG DEALERS WHO ARE INVOLVED WITH KATIA ASSMA BENAISSA AND SARAH BENAISSA AND KHALID AND YASMIN MIR AND THE UK CUSTOMS AND BORDER ARE HIDING BEHIND THE UKVI HOME OFFICE WHO ARE HIDING BEHIND MY PARENTS THROUGH BLACKMAILING MY CIRCUMSTANCE TO BE CO OPERATIVE	Leah Unison
14 Aug 2020 at 2:37pm	I did my third micro- dream roller treatment at home On my face To help my skin heal and resurface so that my chicken pox scars heal and disappear	Leah Unison
14 Aug 2020 at 1:15pm	I think it's disgusting that katia Assma benaissa spent her time psychotically negative like this with yasmin and khalid Mir channeling to their minds to make deals on her family's life's based off of the support she having off of her drug dealers and people in her life to really isolate things and corrupt things further negative to not be around to then channel to Sarah benaissas mind if it's all a success to psychotically	Leah Unison

recruit her in to all of this

I hope they suffer

14 Aug 2020 at 1:00pm	All the drug dealers and criminals in katia Assma benaissa and Sarah benaissa dalila boutarfa benaissa and nidhal benaissas landlords life's are exploiting my issues with the UKVI HOME OFFICE TO GET TO MY HEALTH AND MENTAL HEALTH AND I TS ONLY EMPOWERED BECAUSE OF NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSAS ISSUES WITH THE UKVI HOME OFFICE IMMIGRATION IN THE UK IS THE SOURCE OF CRIME AND AND BAD HEALTH THESE PEOPLE WORKING THESE JOBS THRIVE OFF OF PEOPLE LIKE ME THAT CARE AND PEOPLE LIKE NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA THAT KEEP FIGHTING. WELL FUCK OFF TO THE HOME OFFICE UKVI I HOPE THEY GET SHUT DOWN AND VANDALISED AND WRONGED FOR DOING THIS TO MY LIFE THROUGH MY SISTERS I WILL GIVE THEM NOTHING BUT HELL in their minds just like they channeled all this abuse to my mind to have me influentially abused to need the NHS WHILST THE NHS DID NOT COMPLETE PSYCHIATRIC TREATMENT WITH MY PARENTS FUCK OFF TO ENGLAND	Leah Unison
14 Aug 2020 at 12:39pm	and all of this is why khalid Mir is in his house knowing drug dealers And keeping criminal friends close to him and smoking weed. And all of katia Assma benaissa and Sarah benaissas drug dealers are involved with my sisters because of this and how these criminal outsiders Of my family want to BEG TO PEOPLE AROUND MY LIFE (BEGGING TO MY SISTERS AND PEOPLE I KNOW)TO HURT ME THROUGH MY OWN MIND and through god And my health BEFORE CONSIDERING the physical approach On me.....But I'm not scared I respond as a killer back at them! I understand my circumstance is because people in my life are associated with criminals and people with money and homes that have help not being BRANDED AND LABELED AS THE BEGGAR CRIMINALS THAT THEY REALLY ARE SO THEY TURN TO PSYCHOTIC COMMUNICATIONS WITH EACH OTHER AND CHANNEL THEIR MINDS TO EACH OTHER TO CHANNEL THEIR NEGATIVE WISHES TO AUTHORITY MEMBERS AND COUNCIL MEMBERS TO COMMIT CULTS TO CAUSE DISTURBANCES I AM NOT A PART OF THIS OTHERWISE THEY WOULD HAVE ALL DIED OF CORONAVIRUS. So I look to god (the universe) in my life And I solemnly swear I will destroy those that destroy me with or without the help of the universe	Leah Unison
14 Aug 2020 at 12:33pm	I understand that yasmin Mir with an emergency accommodation as a homeowner not homeless....SHE WAS HOUSED BUT IN ACTUAL FACT YASMIN MIR WAS INTENTIONALLY HOMELESS PSYCHOTICALLY IN TUNE WITH THE COUNCIL BECAUSE SHE CREATED CONFLICT BETWEEN HERSELF AND KHALID MIR WHILST ALLOWING KATIA ASSMA BENAISSA TO EXPLOIT THE WAY THAT SHE COULD BE WITH KHALID MIR AS HIS WOMAN ALL FOR THE SAKE OF A NEGATIVE PSYCHOTIC STATEment WITH THE COUNCIL LIKE THIS TO EMPOWER ALL THE NEGATIVITY'S IN HER LIFE AND IN HER HOUSE AND IN HER MIND TO PROJECT IT ON TO ME AND OTHERS IN HER LIFE AND WHOEVER HEARS ABOUT THIS. I think hounslow council are disgusting for Having urgency for a homeowner who was intentionally homeless creating conflict and empowering cult in her house to go play victim to the DWP AND COUNCIL to just get a statement as to the way she recruited council and DWP STAFF IN TO HER FAITH TO EXPLOIT THEM TO GET HELP FOR THE REST OF HER LIFE OFF OF MY BACK AND THE BACKS OF OTHERS WHO TURNED ME AWAY BECAUSE THEY DEEP DOWN WANTED ME IN EARLY DEATH AND ENTRAPMENT CULT SITUATIONS TO EMPOWER MY SICK WITCH SISTERS. Well death to them all Because I do not submit to dying for any of them	Leah Unison
14 Aug 2020 at 12:26pm	The Hounslow council probably housed yasmin Mir in emergency accommodation with a sense of urgency because they know that yasmin Mir is exploiting katia Assma benaissa and Sarah benaissa And the way she knows they are making their parents cult victims And taking friends off of their life's to isolate them to then isolate me Through her husband khalid Mir amongst drug dealers and criminals to put my health and my mental health down to give me an early Death to just forget they did this and Forget they destroyed my life and forget they empowered this. So I understand that yasmin Mir empowered how katia Assma benaissa has intent on exploiting other landlords of nidhal benaissa and dalila boutarfa benaissas places of residence so I understand that yasmin Mir has faith that her illegal contract tenancy with the council is a psychotic agreement to empower my sisters and their cult work through the councils actions by Psychotically recruiting them in to that negative faith to have them ignoring me and helping a homeowneR have an apartment off of my back like this! Fuck off to England	Leah Unison
14 Aug 2020 at 11:58am	I believe That Katia Assma benaissa Exploited khalid Mir and the idea of being in a relationship with him because it was katia Assma benaissas way of abusing nidhal benaissa and dalila boutarfa benaissa to get to abuse me...but not only that I believe that katia Assma benaissa intended on doing this to khalid Mir to make it clear to mark herself as a cult to her family to keep her parents ALONE WITH NO FRIENDS whilst keeping nidhal benaissa working in negative faith for her to impact my health and mental health until nidhal benaissa cannot work anymore and notices that katia Assma benaissa and Sarah benaissa destroyed them and kept them friendless and alone in the UK to have them attack my life until they shock themselves deported or with no income to just really notice their own mental health issues and physical issues. I believe katia Assma benaissa did this to khalid Mir to hear voices in her mind as to the impact she has made on my life to then psychotically channel to Sarah benaissas mind to psychotically recruit her in to this game Because of the impact it makes on the victims through the way it's all in their minds working them down and the ones doing this are not needing to be around their victims. I believe katia Assma benaissa has every intention of visiting nidhal benaissa and dalila boutarfa benaissa in their next place of residence but I believe katia Assma benaissa would only do this as recon (mind warfare) to regroup her mind and get to know the new landlords and how she can exploit them to keep dalila boutarfa	Leah Unison

14 Aug 2020 at 11:13am	I remember having a goldfish as a really young child It only lived for a day but it wasn't my fault It died on its own and I remember thinking what a strange fish It was alive but when I looked at it...I saw no spirit inside of it..I thought maybe it was god (The universe)...and then a while after that I was taken to foster care And away from my family. And now A few days ago I saw a fly (insect) just standing so still with no fear for hours in the converted garage toilet a few days ago. And had the same Thought..that was not a spirit...is it god? (The universe) Well..two times	Leah Unison
14 Aug 2020 at 11:03am	And I know that katia Assma benaisa and Sarah benaisa are psychotically channeling nidhal benaisa and dalila boutarfa benaissas minds to have the voices tell them how to live and what to do in order to empower my health issues and my mental health issues in order to dilute them in to getting in to this negative mindset to destroy me to then unknowingly destroy themselves with the same mental health and physical issues they inflict on me for katia Assma benaisa and Sarah benaisa So that in the end Katia Assma benaisa and Sarah benaisa hear voices about the way they don't have to be put down with their parents because they would have psychotically got to them through channeling their minds to have them wrong me due to years of these living conditions. And that is how katia Assma benaisa and Sarah benaisa plan to live and get what they want for the rest of their life's Well I hope they are wronged the same way they wronged me and I hope they die of coronavirus. UGLY UGLY FAT WITCHES THEY DESERVE TO BE INFECTED WITH MULTIPLE DISEASES FOR THIS	Leah Unison
14 Aug 2020 at 9:49am	Dalila boutarfa benaisa is clearly suffering anxiety and depression as well but her doctors and nurses at west London mental health in lakeside are not interested in treating her for anxiety and depression They just want to oppress and sedate her by injecting her in a converted garage on the kitchen floor with antipsychotics. Dalila boutarfa benaisa has the shakes and suffers other symptoms of anxiety due to her sharing this dirty accommodation. Even nidhal benaisa is starting to receive the anxiety issues on himself recently we have been needing to leave the door open overnight due to being unable to breath in the converted garage. My mums doctors and nurses are disgustingly ignorant about nidhal benaisa and the way he needs treatment they don't even ask him if he needs help for the way they know about HIS anxiety and depression and his psychosis They are barely interested in dalila boutarfa benaisa...I thought they helped her when they hospitalised her but now I am understanding they did not fully treat her...because anxiety and depression is just something they overlooked purposely and didn't care because I suspect they supported this abusive behaviour of nidhal benaisa and dalila boutarfa benaisa in the converted garage to give me hell. DISGRACE ABSOLUTE DISGRACE	Leah Unison
14 Aug 2020 at 9:34am	I checked on the nhs website with regards to symptoms of anxiety And I can confirm that I have anxiety issues (https://www.nhs.uk/conditions/generalised-anxiety-disorder/symptoms/) My symptoms are the way I have claustrophobia (fear of confined spaces), being confined in a small space Like where I live in the converted garage with my parents will trigger anxiety. muscle aches and tension trembling or shaking dizziness tiredness a sense of dread feeling constantly "on edge" difficulty concentrating irritability I think nidhal benaisa and dalila boutarfa benaisa have been purposely living in a converted garage to empower my anxiety issues Over my ADHD ISSUES amongst other mental health issues THEY WANT TO CREATE THEM ALL ON ME AT ONE TIME as their soul purpose in their undocumented migrant life's in the UK	Leah Unison

13 Aug 2020 at 2:52pm	Oh my god I just found Sarah benaissas Instagram and on her Instagram she put her name BACKWARDS To mock my circumstance with the UKVI home office I don't know how she knows about this personally I did not tell her and my parents did not tell her Sarah benaissa must be consoling with the voices again And practicing abuse to my life through her own life since she can't bully me psychotically Through channeling nidhal benaissa and dalila boutarfa benaissas mind through mental health issues (https://www.instagram.com/benaissasarah/?hl=en)	Leah Unison

12 Aug 2020 at 9:23pm	Well I don't like children that entertain their minds to those negative things because I know they expect to be fertile In their body's about their Demonic thoughts to reproduce and then give birth to their own children to then expect their own children to carry the burden of their faith so that they don't have to practice that negative faith Or their negative thoughts on anybody and so on... And then their kids give birth to kids to see how their children's kids submit to that demonic faith until someday And some lifetime it really happens And that DEMONIC faith THAT WAS JUST A FANTASY ignites AND ENFORCES ITSELF IN TO PEOPLES LIFES through how many children were born through consummation of woman and man submitting to that negative DEMONIC FAITH TO JUST REPRODUCE TO IT TO PASS IT ON TO THEIR CHILDREN IN THEIR THOUGHTS	Leah Unison
12 Aug 2020 at 9:06pm	I was thinking in my head that what if the toddlers and the baby's right now born in to this country are just demon children that were born as children now but prior to their current life as humanity they would have lived lifetimes as animals and sea creatures hearing voices of god (the universe) in their minds telling them to be its corrupt little soldiers as humanity to strike on us all When the time comes ...and to worship corruption evil and abuse On us vulnerable OLD PEOPLE when we all least expect it. FOR EXAMPLE These kids would grow up amongst us to SUPPORT AND EMPOWER HUMAN body parts TO BE SOLD TO EAT IN SUPERMARKETS ILLEGALLY UNTIL It IS LEGAL...or they would exist TO SELL HUMAN MEAT IN BLACK MARKETS...PRIVATE PLACES I don't like the children of today I think they are children of the DEMONIC UNIVERSE (basically the universe uses them when it doesn't care for humanity) Because I find it strange that the human species is so fertile in global crisis and the kids are just conveniently born in pandemic like Covid-19 and foot and mouth disease Combined and they just skip around happily like we are all stupid and we all don't know...but I see them for what they are. 12 Aug 2020 at 4:04pm	It's pouring with rain and nidhal benaissa is outside in the porch taking a shower in the rain with his clothes on to the point that dalila boutarfa benaissa gave him shampoo to wash his hair outside in the porch with the rain... Well...i guess it's nidhal benaissas way of acknowledging god And his own life and how the bathroom (shower) That he rents from khalid Mir is so squalid that he would rather bathe himself outside with the rain and shampoo WOW... and now he is taking his t-shirt off to bathe outside with rain water. 11 Aug 2020 at 11:11am	I had a thought just now that what if Sarah benaissa is exploiting nidhal benaissa and dalila boutarfa benaissas circumstance With immigration police to pray that they get deported to Algeria so that she exploits how they were deported to buy herself some time in England if she is an undocumented migrant mess as well...because if that is what is going on with her Sarah benaissa would be worshipping her parents deported first to then hope that there is another pandemic and global shut down or something so that people leave her alone... What a strange thought that was...but I had to write that somewhere to move on mentally	Leah Unison
11 Aug 2020 at 9:10am	I just spoke to my GP doctor medical practice on the phone And booked an appointment for Friday 14th august 2020 to get my antidepressant to begin treatment for my (BDD) body dysphormia disorder (https://www.nhs.uk/conditions/body-dysmorphia/) Selective serotonin reuptake inhibitors (SSRIs) SSRIs are a type of antidepressant. There are a number of different SSRIs, but the 1 most commonly used to treat BDD is called fluoxetine. It may take up to 12 weeks for SSRIs to have an effect on your BDD symptoms. If they work for you, you'll probably be asked to keep taking them for several months to improve your	Leah Unison

symptoms further and stop them coming back.

11 Aug 2020 at 12:14am	I have been researching body dysphormia on the nhs on the internet and it says the NHS treat body dysphormia with antidepressant pills. 10 Aug 2020 at 5:21pm	Hmmm the London fire brigade would be interesting 🔥🔥🔥🔥🔥🔥	Leah Unison
10 Aug 2020 at 4:53pm	If katia Assma benaissa ever came to the house to acknowledge khalid Mir or nidhal benaissa and dalila boutarfa I do not want to speak to her at all. I do not want her staying with us...she should really be in khalid mirs spare room because she exploited him to the point that yasmin Mir cannot handle living in her own house with her husband and kids. So I think it would be appropriate for katia Assma benaissa to stay with khalid Mir since she was the one psychotically home wrecking his life with his wife	Leah Unison
10 Aug 2020 at 4:49pm	I noticed on my arms after I did laser hair removal at home now I have burn marks up and down my arms...uuggghh And then khalid Mir gripped my right arm as I was going out and told me that he wants to pay my sister katia Assma benaissa for sex And kept saying he has a spare room and then pouted his lips to imply a kiss.. I then went to the shop to buy an ice cream and couldn't believe how katia Assma benaissa could exploit someone's life like this on purpose to have this man impact my life as if I am responsible for what she did. I am not katia Assma benaissas beggar If he has issues because of her then she should be put down to help khalid Mir fix what she did to him.	Leah Unison

Leah Unison
9 Aug 2020 at 7:09pm	I had a horrible thought today that what if the governments worldwide locked down the countries to just import and export human meat to approve in the food standards departments to feed it to us.... It's strange how there were flights happening without passengers for a few months. Every time an aeroplane passes over my head I always get so hungry... What if the government are importing human meat on ships and aeroplanes to package and label it through independent businesses as animal meat :-O	Leah Unison
9 Aug 2020 at 3:21pm	It's on the news and tabloids/ newspapers that hundreds of thousands of people died in the United Kingdom during COVID-19 But that is a complete LIE THAT IS SO CORRUPT If this was true I would find an abandoned place to live everywhere I go if I went out.	Leah Unison
9 Aug 2020 at 11:15am	I'm laughing at this ignorant society and how they exploit people in poverty like me to keep me working poor and aimlessly homeless to simply overcome a negative state of mind that comes from my undocumented parents. I'm not blind I can see that I fell off and couldn't set myself free because people are trying to overcome my parents through my own struggles with them in different ways. I don't consent to being exploited to help anybody overcome any type of state of mind. I do not want to help people through my suffering. I am not selfless... If my efforts do not reward my spirit then everything can go to HELL AND NOT HELSINKI IM DONE IM HATEFUL I DONT WANT TO HELP PEOPLE Be positive through my struggles and fights to do things People keep exploiting my fighting spirit to the point id rather shoot them and go to sleep.... 8 Aug 2020 at 7:35pm	If the universe is speaking with smells like this then I hope that katia Assma benaissa and Sarah benaissa get caught by the police and prosecuted for drugs/ possession of drugs Because I had enough of the way they get away with everything. My life is so honest With regards to the wrong I have done in my life compared to their life's ...I've been to jail and I don't play innocent I had enough of katia Assma benaissa and Sarah benaissa playing the good female persona and living like they are completely good and legal and trustworthy... I hope people catch them for what they really are and finally lock them up in a prison. I hate that the universe puts me in predicaments to make me look like the rebel and criminal compared to my sisters. I just never had the money and help or care to get away with things like katia Assma benaissa and Sarah benaissa did.	Leah Unison
8 Aug 2020 at 7:31pm	I keep getting random whiffs and smelling cocaine and illegal amphetamines In the atmosphere in the converted garage (THERE IS NO ILLEGAL DRUGS IN MY POSSESSION OR MY PARENTS POSSESSION) I came out of the toilet and really smelt some dirty drug dealers amphetamines in the atmosphereI think it's the universe giving me a whiff of katia Assma benaissa and Sarah benaissas lifestyle...maybe they are doing drugs out there somewhere. They could be letting my parents down and doing drugs and the universe must be cursing me and my parents to smell that dirty smell Because they told me they smell it too! It could be the universe supernaturally trying to let us know katia Assma benaissa and sarah benaissas priorities.... because khalid Mir is the only one that is in possession of drugs in this whole house....however khalid Mir only keeps marijuana in the house But IN HIS PART OF THE HOUSE HE WOULD NEVER ENTRUST HIS STASH Of illegal substances WITH DALILA BOUTARFA BENAISSA AND NIDHAL BENAISSA OR WITH MYSELF...AND WE WOULD NEVER HIDE ANYTHING ILLEGAL FOR KHALID MIR. I actually Helped a police report on khalid Mir about his drugs In the house with yasmin Mir on the phone just before COVID-19 locked us all down... I don't touch marijuana I don't do illegal drugs But I am knowing the universe must be mocking me and my parents by putting random smells like this In the converted garage to tell us about katia and Sarah	Leah Unison
8 Aug 2020 at 3:59pm	I recall nidhal benaissa telling me that he believed that Sarah benaissa is exploiting The idea of being in a sexual relationship with Howard wardle to have achieved her adopted life with him in Eastbourne even after her adoption contract is now terminated ...adoption contracts last until 21 years of age. Sarah benaissa is now 23-24 years old...so I suppose he is not crazy because if she is still hanging around Anne and Howard wardle after 21 years of age and things are not awkward in the wardle residence (house) Then there must be some type of sexual agreement that they all have consented to as a way to keep the mental peace in the house...to continue living together	Leah Unison

7 Aug 2020 at 11:42am	Eewww my life is dirty My parents are exploiting crime to do crime to just comply with whoever does crime so that they are left alone in a converted garage to rot and stink with flies telling them in groups that they shouldn’t be here...whilst my older sister katia Assma benaissa is out there sucking dicks of men (Swallowing sperm while the sperm residue is on her tonsils for hours before it gets washed completely down her stomach). And accepting cash from men who are only paying her for sex as a way to escape being infected by coronavirus.....because they want her to be sick for them whilst she collects cash with her unwashed hands knowing what she did to her parents landlords with her psychosis misleading all of them to just let them down to the point they let me down as if I comply with them after this.... HELL NO...this converted garage is so dirty I can’t take my parents.. I hope katia Assma benaissa ends up with them like a sick tramp in an attic in more squalid accommodation than this one...because I know that katia Assma benaissa and nidhal benaissa and dalila boutarfa benaissa exploited me and kept my circumstance and my needs down in this accommodation because they think they will do better in better accommodation together when I’m fucked up in prison somewhere someday I hope they squat together and suffer for what they did to me here. Cities outside of London are so closed minded and people that live there are so corrupt keeping tight organised communities to keep themselves housed....to the point the tabloids and press are making me laugh because they are calling leeds UK a border between Bradford because of how the people working for the news and the press understand how city's outside of London really corrupt their communities to stay organised And small so that people from other places DO NOT EVEN VISIT THEM LET ALONE LIVE THERE....

THE NEWS ARE REFERRING TO LEEDS UK IN THEIR STORY AS A BORDER THAT PEOPLE LOCKED DOWN For COVID-19 BECAUSE PEOPLE LIKE US IN LONDON NEVER LEAVE LONDON Anyway

BECAUSE WE all GO ABROAD MOSTLY BECAUSE WE ARE NOT A RACIST COMMUNITY IN OUR CITY LIVING CORRUPT LIKE EVERY OTHER CITY IN ENGLAND we let people comply in our city even if it corrupts us.

I think COVID-19 will be good for the rest of the UK for the way that if they continue living in tight communities with their purposeful racism to keep visitors out of their city's to block them from moving there then the next generations of people in the UK will most probably end up sick Diseased or deeply mentally ill and possibly incest due to the way they live their life's registered in family surname and comply together

The men that would be booking katia Assma benaissa as their prostitute would be booking her during this Global disease crisis Intentionally to attempt to infect her if they are testing positive...so there would be men out There wanting to share their disease with prostitutes so that their health relieve them from sickness if they just distract their minds to infect other people.
COVID - 19 is a thing that can kill people it's no better than a HIV OR STI for the way the world reacted to it.

6 Aug 2020 at 8:54am

I'm not laughing at katia Assma benaissa as I find her intent to travel to Dubai or America to collect criminal money to bring back to England for living expenses an absolute filthy and childish thing to be wanting to do...I know her
And I know that this global health crisis is making her think like this because she spent over 12 years being like this For her money....but as of now places like Dubai and the USA are putting people in 14 day quarantine prior to releasing them to go about their business in the USA or Dubai
So if katia Assma benaissa actually complies with quarantine in those country's to be a dedicated prostitute for a bit of money while handling the strange dick in her mouth around her tonsils after people would have quarantined her For a lengthy amount of time after her flight in order to check on her health
Then I think she is just wasting her health and time because she could pass quarantine to then obtain the disease Later based off of her work and her actions to herself for her lifestyle.....government would be wasting a good health check up on her for that dick in her throat and that illegal money in the USA to the UK.
If katia Assma benaissa actually travels and endures quarantine in other country's for health checks for that dick around her tonsils then I think katia Assma benaissa should consider rethinking her thoughts or something because that is dirty
And I think her actions like this is absolutely not to continue to elevate her lifestyle any further...
Because the converted garage sounds like a dirty place that would be good for katia Assma benaissa to rethink her whole life and Alter her ways as to her dedication to servicing diseased men through her mouth....because tonsils are actively being tested.
I know that Katia Assma benaissa swallows a mans sperm for a living that's why I don't understand why I am the one needing to live dirty in a converted garage poor like this and I have never swallowed a mans sperm.
I just think that katia Assma benaissa would be a proper dedicated prostitute if she endured government quarantine to continue her dirty lifestyle because that's too dedicated!
I think the converted garage would have been good for katia Assma benaissa but...the universe is clearly enjoying katia Assma benaissa out there as a sick criminal whore so that's repulsive that's why I'm saying something here
Because I don't like it

And what is disgusting about katia Assma benaissa is that she is surviving somewhere as a prostitute sucking dick And attending men's houses for money and the dick is touching her tonsils and their are global shut downs and the government are globally testing people for disease through their tonsils being swabbed.

Katia Assma benaissa could be diseased off of an infected man booking her as a high class prostitute touching her tonsils with his dick whilst she pays her rent in central London.
This is why I think katia Assma benaissa is a sick woman because her mum was sectioned for 6 months her family are in a crisis of their own even without COVID-19
And all katia Assma benaissa can think about is avoiding the law and avoiding prison Avoiding any type of psychiatric understanding of her own to suck on infected dick to let that touch her tonsils to opt out and away from being tested for disease (Coronavirus)

6 Aug 2020 at 7:26am	Family's of today's society are pure filth and sickness. When they are having newborn baby's they document the child and give the child their own surname As a way to claim illegal rights over the children they reproduce to exploit the children as if they are entitled to exploit as if they have rights to do it through the WAY THEY SHARE A SURNAME. I also have suspicions that people that wear their family's last names are either corrupting next generations of people to become incest by forcing them to TECHNICALLY marry in to their own surnames as newborn baby's AT THE LOCAL REGISTRY OFFICE UNOFFICIALLY (WITHOUT A MARRIAGE CEREMONY) or People who enjoy family they are just a negative clan of people corrupting themselves and each other to impact the future and everyone born in to it after them. Regardless FAMILY IS A DISEASE NO WONDER COVID-19 stopped peoples life's asking them what their names are everywhere They go Whilst they are having problems With lockdowns..Amongst other things People are unclean because they register themselves as family sharing a Surname name as if they are married	Leah Unison

I suppose if I had memory’s like this knowing the universe would cast me off to the Pacific Ocean leaving me psychotically undiagnosed at sea adrift floating hearing voices as to how humanity is doing better than my own existence as a human after The universe got done giving me a Human life to be Somewhat valid in existence to Have the ability to tell the universe something’s wrong And how I hate my life In a psychiatric unit then I understand a bit why people are negative to benefits and state funds and justice And to the works of society because they feel they do all the work for nothing
They are understood as to how they are not selfless
BUT they could have at least taken care of each other prior to throwing it all away because now the citizens will be suffering for a bit of money from the state all because people working for DWP in the past did not treat benefits like it had a purpose for the future..
Hmmm I suppose this is something only the universe can work on now

Leah Unison

4 Aug 2020 at 12:52pm

I have been thinking about the way
Maybe the works of society and government and the benefit system being so poor is because...the people that work in them have mystic memory’s of their past life’s living as animals and sea creatures...there’s no other reason as to the way there is no justice and never enough money for anything or anyone.
I think maybe that the people entrusted to run the works of society are troubled people that can’t handle humanity that basically live their life’s amongst us all in secrecy not sharing with anyone that they have memory’s of their animal and sea Creature past lifetimes in their minds and Non of them admit this to corrupt humanity for their laziness and the way they Know they can just want to hurt and wrong people so that they can just go back to their pointless existences as animals and sea creatures to comply psychotically adrift somewhere in the Pacific Ocean hearing strange animal/sea creature voices in their creature/animal minds as to the damage they inflicted on humanity when they walked and worked amongst and against it.

This is what I copied and pasted from the tabloids.

During the coronavirus pandemic, Universal Credit payments have been increased for one year by around £80 a month.

The committee says this boost should be made permanent rather than being scrapped next April.

Its report said: "The significant cuts to the social security system over the last decade mean that a catch-up increase in funding is needed urgently to ensure that Universal Credit is fit for purpose.

"Even when the recent increases in Universal Credit are taken into account, it is a less generous benefit than intended by its original proponents.

"We believe that the increase shows the original rate was not adequate. The Department has, to date, said that this is only a temporary measure.

"The Government should commit to making the increase in the standard allowance permanent. It should also examine the relative levels of benefits for Single claimants and couples and those with children and investigate whether there are other claimant groups who do not receive adequate income."

3 Aug 2020 at 8:41pm	and are eligible for Leaving Care After Care service until then to support them with their immigration status, but they do need to engage to allow it to progress." Syed Naqvi, Darell's immigration lawyer, said: "I'm aware of Darren telling his family members that he's been told by prison officials there is a plan to deport him to Grenada and with regards to Darrell I've physically seen the stage one notice of intention-to-deport notice that was served. "They both have paid their debt to society. Why should they now be subjected to a double punishment when all but for an application which should have been done by adults who were in charge of their care."	Leah Unison
3 Aug 2020 at 8:39pm	This is the bbc news story I read about two twins in Foster care in London UK that came from the same borough of social services that I grew up with...Ealing social services. Sarah benaissa was in East Sussex social services prior to adoption but these twins are facing deportation to countries that their parents come from and they have never been to... (https://www.google.co.uk/amp/s/www.bbc.co.uk/news/amp/uk-england-london-53439080) The partner of a London-born man who could face being deported to the Caribbean has claimed his council never tried to register him as British. Twins Darrell and Darren Roberts, 24, said they were issued with deportation notifications while in jail. Ealing Council, which took the boys into care when they were 13, said they had "repeatedly engaged" with the pair to sort out their immigration status. But Darren's partner said the council "definitely haven't". The Home Office said neither of the brothers "are currently detained under immigration powers, nor are they subject to deportation orders". But lawyers claim they have "physically seen the stage one notice of the intention-to-deport notice that was served." Darren's partner, who asked to remain anonymous, said the 24-year-old, who is serving a sentence for grievous bodily harm (GBH), had "given up" the fight with officials regarding his deportation. "I think he's just at the point where he's given up," she said. "He doesn't feel like he has the power to fight the system any more so if he goes [he told me] to make sure I bring our son to see him." Darrell was sentenced to a six-year prison sentence for a separate charge of GBH at the age of 17. The twins were born in west London to parents from the Caribbean islands of Dominica and Grenada, with neither parent having UK citizenship. They were taken into care by Ealing Council's social services at the age of 13 when their mother died and their father returned to Dominica. Darren has been warned he faces deportation to Grenada when he finishes his jail sentence. Neither their parents nor social services applied for the their British citizenship when they were children, leaving the twins technically stateless. Darren's partner claims Ealing Council has not engaged with the twins to discuss their immigration status "at all". "I've had a lot of dealings with Ealing Council on behalf of Darren and it's never been straightforward with them," she said. "I do think Ealing Council should have registered them as British citizens when they were 13 and when they were minors." An Ealing Council spokesperson said: "Ealing Council's children's services have repeatedly engaged with both Darren and Darrell, their solicitors and the prison service to provide all documentation to allow them to apply for immigration status. "Neither of the young men signed the documentation to allow it to be progressed. "Darrel and Darren will be 25 in September	Leah Unison
3 Aug 2020 at 8:10pm	I thought about Sarah benaissa and realised what a strange little girl she is because the only person that would grow up neglecting their identity to care about an education is a murderer. The way she lives her life strange like this undocumented migrant that could have had help from social services but turned it down for adoption..regardless that sounds like an aspiring murderer. Even if she doesn't kill anyone in this lifetime she lived a strange life with intent to kill innocent people in another life.	Leah Unison

I read on the news and on the home office UKVI news that people born in England Living As undocumented Migrants could still be deported To where their parents nationality's are originally from....meaning if Sarah benaissa is still an undocumented migrant in the UK regardless of her birth rights in England the home office ukvi could deport her to Algeria because they know that her parents are Algerian.

3 Aug 2020 at 6:26pm	The last time i recall nidhal benaissa giving katia Assma benaissa cash was in 2015 he said he met up with her near boots bear road flyover.....at the time flamingo flames The chicken shop was not There it was a cafe. I'm not surprised if katia Assma benaissa got away with all her drugS and gang affiliation and tax evasion because of nidhal benaissa and dalila boutarfa benaissa supporting her through that criminal life of hers in Mayfair through their psychosis, Because society Always told the children they are what their Family's make of them...katia Assma benaissa never got caught as a criminal because her parents are criminals hearing voices and telling the voices they support her crimes to further establish their own crimes to people so that they can all bounce and throw the blame at each other to confuse people that notice What they do so that people keep leaving them alone. When nidhal benaissa gave katia Assma benaissa cash that day in 2015 I wouldn't be surprised if he gave her that money for her drugs (cocaine) and for her illegal life in Mayfair to continue so that he can exploit the way she gets away with her crimes as an excuse to exploit people around him and do wrong Things to people and to me to continue to remain in the United Kingdom	Leah Unison
3 Aug 2020 at 3:06pm	It's just unacceptable of my life to have me so poor to live in a converted garage sharing with nidhal benaissa of all people...the things I put up with in here should at least help me at least with regular help from him buying groceries but instead My income is exploited and everything I try to do is compromised...there are times (Not many times but THERE HAVE BEEN TIMES) when nidhal benaissa is inappropriate in the toilet (fornicating) And then he calls me katia by accident. Things like this is nasty because If I didn't know any better I would say that nidhal benaissa wants to disgust me or something. Unless he really is disgusting and he accidentally verbally vomits who made him be this way (katia)	Leah Unison
3 Aug 2020 at 2:43pm	One of the things I keep thinking about is how when we were small children I remember katia Assma benaissa told me that nidhal benaissa took his belt off and told her to give him oral sex..she said that she did it for him. But NEVER EVER SPOKE TO ME ABOUT IT AGAIN. It was so long ago and she only told me ONCE but I never stopped thinking about it because... well I think if she did it Then katia Assma benaissa is a sick sick woman for not reporting it to anyone because if she didn't report it then she would have done that accepting what she did for her dad. I told psychiatrists and psychologists and nurses about this when I was receiving treatment at west London mental health where my mum was sectioned by the police They didn't know what to tell me as well...but this is not something I can talk to nidhal benaissa about because he would put me out on the streets for even asking him if it's true. but it's something I always think about when nidhal benaissa is trying to put me down or exploit me because I heard things about him and katia Assma benaissa...just saying	Leah Unison
3 Aug 2020 at 1:39pm	Nidhal benaissa purposely didn't but food because he knows I get hungry and can't keep food in the converted garage so he waits and makes himself hungry to wait to eat food that I buy . Today I got food from Mr Pizza & Chicken Express 103 Clare Road, Stanwell, TW19 7QP And nidhal benaissa wanting my food like a dirty exploitive pig So I told him no And he said that fine then he won't buy food for anyone anymore I want nidhal benaissa and dalila boutarfa deported I can't wait until they leave my life	Leah Unison
2 Aug 2020 at 6:43pm	I don't like how dalila boutarfa benaissa plays victim now that I know things and tells nidhal benaissa to shop dirty and exploitive to deprive me like this to have me spend money on food to then eat my food .	Leah Unison
2 Aug 2020 at 6:04pm	Well I tried to reorder food from somewhere else TW2 Pizza 109 Nelson Road, Twickenham, TW2 7AZ	Leah Unison
2 Aug 2020 at 5:51pm	Nidhal benaissa purposely shops like an abuser to force me to go out to exploit my money to watch what I am doing like he does to dalila boutarfa benaissa	Leah Unison
2 Aug 2020 at 5:27pm	Oh great the food delivery cancelled Well go to hell everyone and everything	Leah Unison
2 Aug 2020 at 5:15pm	Nidhal benaissa went shopping and came back to the converted garage and only bought a watermelon bread That only valid until tomorrow and it expires and he bought himself curry ready meal and that is it. So after inhaling serious fumes from khalid mirs car in the converted garage Nidhal cost me another £10 Because I had to order food from It's Pizza Time 214 Hampton Road, Feltham, TW13 6BG	Leah Unison

Living with my parents is not cost efficient at all they are spiteful abusers that allow abuse on themselves to see what they can do with it on anyone who is damned with them

2 Aug 2020 at 4:54pm	GX13 HGE IS KHALID MIRS LICENCE PLATE FOR HIS BMW THAT CAR IS SCARY NOW THE CONVERTED GARAGE IS FULL OF THE SMELL OF GASOLINE AND FUEL AND PROBLEMS OF CAR EEEWWWW	Leah Unison
2 Aug 2020 at 4:47pm	Oh...now the car started when the car became wise as to me reporting it for implying danger due to fumes and exhaustion and gasoline stinking up the converted garage. Regardless khalid mirs car scares me he left it without running or using it for 9 months That usually Destroys a car he should be careful	Leah Unison
2 Aug 2020 at 4:45pm	Khalid mirs car is scaring me It won't start IT IMPLYS IT WILL EXPLODE And he keeps trying to run the car outside and now the converted garage STINKS OF CAR FUMES AND GASOLINE	Leah Unison
2 Aug 2020 at 1:31pm	Perfect...the world shuts down And I am understanding that my parents nidhal benaissa and dalila boutarfa benaissa Are just as exploited As me through their own parents and Are abused by their own parents Psychotically and mentally whilst their family hide in Algeria and France financially reaping the rewards of abusing my parents to get more money for themselves off of the way that my parents would pass the abuse on to me to take it out on me To feed their abusive family's souls with my suffering. I'd rather feed my parents family's a bullet in their stomach to accept their fate in death. Yes...poverty really does make a person civil doesn't it.	Leah Unison
2 Aug 2020 at 10:34am	The United Kingdom Is TOO ARABIC FOR ME...their corruption to my document and identity it is an act of hate crime and abuse to continue further abuse and misfortunes to my life through my family surname being something that the home office UKVI want to empower to keep me here exploited to spend money for my application in exchange for my RELEASE from this family prison IN THE CONVERTED GARAGE (shared accommodation)...with their intent to psychotically play games with nidhal benaissa and dalila boutarfa benaissa to continue the curse of their family surnames on to their life's to keep them fighting to be here for their family and to further progress the exploitation in their life's for their family's like sacrificial. THE HOME OFFICE UKVI IS A SICK ARABIC CULT IN FAITH The people working in the home office UKVI are sick and NOT BRITISH ENOUGH TO TAKE A LIFE IN ENGLAND SERIOUSLY. I NEED TO LEAVE WHEN I HAVE APPROPRIATE FUNDS IN CASH	Leah Unison
2 Aug 2020 at 10:28am	I know that nidhal benaissa and dalila boutarfa benaissa do not comply with willingly submitting to their own family's in Algeria and France to exploit themselves in squalid accommodation and abusive behaviour for their Family's to obtain and keep homes at their peril. I know that this has been happening to nidhal benaissa and dalila boutarfa benaissa Surviving as exploits of their family's for years and years and years their family's do this to them to Get to do it to their children (me) That's why I don't like my parents because THEY DONT TELL PEOPLE WHATS WRONG AND THAT EMPOWERS THE ONES TRYING TO EXPLOIT PEOPLE WHEN THE VICTIMS DO NOT SAY SOMETHING...so all these years I didn't know that my parents live like this and they kept quiet and that put my health and my life down to be involved to the point I just want to leave this sick country the UK is too ARAB FOR ME! I DONT COMPLY WITH THE BENAISSAS AND BOUTARFA FAMILYS I DONT LIKE that they keep their mortgages and their life's at our peril and every now and then I KNOW THAT the benaissas call NIDHAL BENAISSA on skype to check on their cult to PSYCHOTICALLY Worship the voices in their minds to know if they Are getting paid for what I don't know is happening to me and my life let alone my parents life's....again the universe is criminal And taking advantage due to my poverty because it misrepresents me...And lies to Itself because if I had a gun and weapons I would kill the benaissa and boutarfa family's like Beatrix kiddo on that movie KILL BILL one by one I would shut this cult down with their life's Yes I would consider using a sword depending on how angry I am	Leah Unison
2 Aug 2020 at 9:36am	I just do not understand how the UK home office UKVI would continue to exploit my parents and I through my document in my dads surname when they are aware that nidhal benaissa and dalila boutarfa benaissa are still victims of the benaissa surname and boutarfa surname because their own family's have made cult victims out of them these past 20years Why would the UKVI home office add to their problems by twisting my existence around like this to continue this negative life that my parents and I DO NOT WANT TO COMPLY WITH I HOPE THE HOME OFFICE gets burnt down they are nasty cult worshippers	Leah Unison
2 Aug 2020 at 9:32am	I had a good think about nidhal benaissas circumstance again and realised this abuse that I have been receiving from the home office ukvi with regards to my name change and the way they denied me a name change on my British naturalisation certificate as an attempt to exploit me and what I do in life for my dad and his family through their last name (surname) kept on my British naturalisation certificate...because I suppose the home office made this choice for me to Psychotically tell my dads family that they are competent and co operative with family exploitation in peoples life's through document and identity by	Leah Unison

practicing this abuse on my identity...
But anyway...I realised THat nidhal benaissa and dalila benaissa boutarfa Have lived their life's blackmailed to remain here further in the UK through the home office UKVI submitting my life to nidhal benaissa and dalila benaissa- boutarfa family works on my Identity documents could be the home office UKVI continuing the exploitation Work of THe benaissa and boutarfa family's on to nidhal benaissa and dalila boutarfa benaissas life....meaning that the home office UKVI know that nidhal benaissa and dalila boutarfa benaissa have spent 20 years here in The UK living rough and under abusive conditions for their own family's and their own family surnames.
I believe that nidhal benaissa spent his life in England like this because his relative rashid benaissa is a politician in Algeria
So I think that nidhal and dalila's familys Told them to leave Algeria and stay here In the UK to exploit them to get to indirectly exploit their children for their own family homes in France and Algeria at our peril.
The home office UKVI submitting me to this abuse on my identity basically is me NOT WANTING TO BE BRITISH
I DO NOT SUBMIT TO THE EMPOWERMENT OF THIS COUNTRY LIKE THIS.
because well...look at my dad making more money then me as an undocumented migrant....well that goes to show I don't need identity to survive
And they wrong people through their identity's as if they are important...the home office UKVI is a cult in an office
I renounce being digital in their abusive documents
I need to get my life out of England for good!

But regardless what I'm saying is nidhal benaissa and dalila boutarfa benaissas family may have bullied them to remain here all these years in the UK I understand that my parent are victims of their family's as well...their family's used them and used my victim life to pay their mortgages all these years...so maybe nidhal benaissas mother should be scared of him coming home to Algeria after all...and his mum should be wronged because she is one of the abusers paying for her house because her son exploited himself and his daughters in the UK to keep away from them like they told him so that they unblocked their minds and lifestyle And their home life's through cult and homelessness happening to everyone but themselves

1 Aug 2020 at 5:25pm	I actually also had an abscess internally on the right side of my head near my right ear As well. But that healed itself just before I started reporting this to my GP doctor at Woodlawn medical centre.	Leah Unison
1 Aug 2020 at 5:21pm	I accidentally only told my doctor GP that there was one abscess but there was 2 abscess. It was All internal one next to my ear on the left side of my head but not on my ear It was just a Small lump. And one under my left ear again not on my ear but on my neck under my left ear.	Leah Unison
1 Aug 2020 at 4:51pm	The pharmacy gave me my adhd medication And they gave me an extra pack of the antibiotics I got the other day for my abscess problem So I have extra 28 pills antibiotics Thats very good	Leah Unison
1 Aug 2020 at 3:43pm	Another thing that disgusted me today was asking khalid Mir to turn on the hot water so that I could have a shower and he did some strange things with his tongue telling me with tongue that he wants my sister katia Assma benaissa. (In reference to what he told me yesterday about wanting to give her oral sex :-/) I don't know what katia Assma benaissa and khalid Mir are playing between their own imagination and the universe but khalid Mir is certainly expressing something is going on by being inappropriately shameless And open about this But I'm not even going to be rude to khalid Mir because this man could have lost his mind for the way katia Assma benaissa could have played his mind and got away with it and nobody would have believed him.	Leah Unison
1 Aug 2020 at 3:34pm	I am picking up my adhd prescription From boots bear road flyover at 4pm	Leah Unison
1 Aug 2020 at 12:48pm	I think parliament have officially lost their minds regardless there are talks of another lockdown and the DWP have not been negotiating with parliament to further financially assist people On benefits and to make it a PERMANENT thing....to be locked down like this changes peoples ability's to travel and commute and do things for themselves I do not see people returning to work on £300-£400 pounds on benefits if boris Johnson does another lockdown PARLIAMENT ARE WRONG NOW BECAUSE THEY CANNOT IMPACT THE PUBLIC TO STAY AT HOME WITHOUT NEGOTIATING A LOT OF MONEY FOR THE PUBLIC TO REDEEM THEMSELVES AFTER THIS DISASTER through the DWP. I understand parliament expect us all to live off of a child's benefit scrounge to get on track later...that is so corrupt. So nasty Because I know that the DWP failed to do their works for years now to assist people in benefits to be able to combine their benefits with their local councils for housing...THEY PRETEND TO DO THIS SERVICE NOW but ultimately everyone knows the DWP failed to do certain works for the public this is why it's not easy to use to benefits to pay rent and combine the DWP assistance with community councils. We are all underpaid And I don't understand this COVID-19 with NO PERMANENT DEALS AND COMMUNICATION BETWEEN PARLIAMENT AND DWP	Leah Unison
31 Jul 2020 at 8:12pm	I bumped in to khalid Mir this evening and he literally bumped in to me physically and said that he wants to give my sister oral sex.. When I asked him which sister he responded my elder sister...that's katia Assma benaissa.	Leah Unison

Khalid Mir said he needs a companion to have sex with so he said he wants to give oral sex to katia and then said that he expected that she would be in financial trouble or something coming home to her parents during this Covid-19 crisis and lockdowns.

I didn't know what to say

Laughed awkwardly and wished him a good evening.

If khalid Mir is behaving strange like this it's because he is probably having mental health issues due to years of my sister katia Assma benaissa exploiting the idea of forming a relationship with him and the way that that may have been playing in his mind and blocking him from himself and the way he never got to confront katia Assma benaissa as to how she had been exploiting him is why I'm starting to see why and how he makes himself look like a pervert

31 Jul 2020 at 10:53am	I do not like this sun and heat... I'm tanning like I am burnt in an oven as if I am being cooked on my skin like steak. I don't like this tan on my skin This sun needs to go away because I don't know why the suns out pretentiously giving faith when this life is horrible and abusive for us all.	Leah Unison
31 Jul 2020 at 10:36am	The GP finally sent the prescription over to boots pharmacy Oh my god that was so traumatic	Leah Unison
31 Jul 2020 at 10:21am	Dealing with dr rao was less of a headache than this because of money The nhs abuse patients because of free service I don't like the nhs	Leah Unison
31 Jul 2020 at 10:20am	If my prescription is not given to the pharmacy I will get my adhd privately with the adhd centre again I will not deal with the nhs anymore	Leah Unison
31 Jul 2020 at 8:26am	Eewww prescription still not sent to pharmacy by GP That's disgusting abuse	Leah Unison
30 Jul 2020 at 4:57pm	The only way pilots and ship captains will continue to know their jobs is if they are hearing voices internally in their minds (psychosis) But isnt that still no good for the passengers because they would be trusting a demon disease to guide them through the technology on board the aeroplane...hmmm politics	Leah Unison
30 Jul 2020 at 4:52pm	I'm surprised the pilots and the ship captains can remember how to pilot a plane and steer a ship through the Pacific Ocean...you would think that they would have forgotten certain things about their jobs whilst Covid-19 gave them a longer break than their annual leave	Leah Unison
30 Jul 2020 at 4:47pm	Eewww the doctor still did not comply with my prescription Well the nhs are technically doing illegal works anyway...if the prime minister is telling the news SAVE THE NHS it means the nhs is going under and people are blagging it when they work for the NHS so I don't care I'm better off in California regardless of my circumstance NHS are corrupt just by existing when on the verge of being shut down	Leah Unison
30 Jul 2020 at 12:23pm	The NHS HAVE NO CERTIFICATES TO GIVE TO PEOPLE IN RECEIPT OF UNIVERSAL CREDIT OR STATE BENEFITS TO SHOW TO THE PHARMACIST AND CHEMISTS TO CLAIM THEIR FREE PRESCRIPTION. They don't care	Leah Unison
30 Jul 2020 at 12:18pm	The NHS is exploitive with regards to payment as well due to the way that on the NHS WEBSITE it states that people in receipt of universal credit or any type of income support and state benefits are entitled to free prescriptions from the nhs... According to the NHS WEBSITE all they have to DO IS show the chemist / pharmacist proof of state benefits being an income and they can collect their prescription BUT THAT IS NOT THE CASE IN THE PHARMACIES BECAUSE I TRIED ONCE TO EXPLAIN TO PHARMACIST THAT PEOPLE ON BENEFITS are entitled to free prescriptions but the pharmacist demanded payment for prescription as the pharmacist stated that they don't know about people on state benefits so They said they can't just let them leave with a free prescription. Sounds like the NHS do not know what they are selling or Who they are helping sometimes.	Leah Unison

30 Jul 2020 at 11:26am	The GP is clearly trying to exploit my income Because they know I am a mess without my medication	Leah Unison
30 Jul 2020 at 11:21am	I called the GP and the GP receptionist said that the doctor is at home working from home And there are doctors at the GP right now with appointments But this is nasty because The doctors wouldn't see me for an appointment And they are ignoring my prescription Things are clearly mentally ill at Woodlawn medical centre I'm thinking to move GP because this is disgusting abuse to be ignored like this	Leah Unison

30 Jul 2020 at 10:48am	The receptionist at my GP at woodlawn medical centre told me on the phone yesterday the doctor would send my prescription to the pharmacy by this morning I called the pharmacy they received nothing from the doctor. Despicable	Leah Unison

29 Jul 2020 at 12:53pm	Boris Johnson is saying a second wave is happening and he is considering another lockdown for the UK Well I think he did not shut the UK down correctly in the first place He had to force a reopening too soon because of the way dentistry and healthcare had to be available for people during the lockdowns so that the right choices were made when reopening. If boris Johnson locked the UK down with dentists and healthcare still available to the public than he wouldn't be looking at a second wave	Leah Unison
29 Jul 2020 at 12:42pm	There is a government department behind the CPS crown prosecution services that nobody talks about and this government department is the reason most people do not get their justice in the United Kingdom It's The (https://www.justiceinspectorates.gov.uk/hmcpai/contact-us/)	Leah Unison

29 Jul 2020 at 8:54am	15A Shepherd Market Mayfair, London W1J 7PH Katia Assma benaissa tax evasion prostitute for over 12 years druggy And an affiliate of gang members through drugs Yet somehow she lives in Mayfair and I can't afford even afford to live most of my life yes this governments justice system is inactive and society is not safe. Because if justice is inactive then most departments in government are blind and overlooking safety for the public in a lot of ways Which means THE PRESS ARE GETTING THEIR STORYS BY FORCE AND CORRUPT INDIVIDUALS THAT SUBMIT TO BEING HEADLINES FOR TABLOIDS YES...I understand	Leah Unison
29 Jul 2020 at 8:37am	And then I looked at my CV AGAIN and noticed I worked for a company based in shepherd bush in the past and my sister katia Assma benaissa lives in 15 Shepherd Market Mayfair, London W1J 7PH But I am not understanding how katia Assma benaissa is living in Mayfair as a prostitute backed up by universitys that lie that she is qualified to escort high class especially when the hotel businesses have a sole purpose of the universe and a duty to its government to stand for government funding at the peril of wealthy people...and katia Assma benaissa is out there in prestigious Mayfair looking to respect and pamper the wealth with her poor background and family as her sacrifice for the wealth That submit to helping her in her life to exploit Her family if they want...and Those are her offerings to the wealth Of London UK In exchange for money and katia Assma benaissas family ESPECIALLY ME....WE DO not consent to being any type of offering to wealthy people or anyone in katia Assma benaissas clientele network. We all think katia Assma benaissa should go to prison and have a shower and CLEANSE HERSELF OFF OF ALL THE DIRTY THINGS SHE HAS DONE TO EXPLOIT US ALL FOR HER LIFESTYLE	Leah Unison
29 Jul 2020 at 8:07am	These are all young (early) works Of society this is why it sounds corrupt that poor people can do this to wealth but I believe that they can do this to the wealth because the money would be taken from the Ignorant rich and given to community's and people that deserve help. That to me is JUSTICE I had enough of seeing servers in hotels respecting wealthy people and I had enough of hotels not standing up for its business to purposefully corrupt wealthy people to prison for the sake of the communities and benefits and the law. Because these wealthy people have intent of just never using a poor persons hospitality in the future And then the poor just really do not have a chance from there unless people like me have a gun...lol	Leah Unison
29 Jul 2020 at 8:02am	I had a thought that The hotel businesses are being strange and wanting investors to invest in rooms in hotels...hmmm that is corrupt because the hotels are all running criminal accounts and crime In the workplace but running this game on the poor guests and never correctly helping the hotel and its business achieve itself to overcome its	Leah Unison

wealthy guests so that the hotel can get justice on illegal wealthY family's to award the government funds from the criminals assets and money...

So in the end when our generation is dead the next generation will want to purchase rooms in hotels as investors and hotels will turn in to slums and be ghetto projects where the wealth remain respected and segregate themselves away from the poor due to previous generation having opportunities to corrupt their wealth through hospitality chains and never doing so.

SO THE WEALTHY PEOPLE JUST WONT USE HOTELS IN FUTURE GENERATIONS DUE TO OURS FAILING TO PUT OUR FEET DOWN ON THEIR MONEY

And the poor would keep the hotels and it's all just ghetto from there.

The wealthy guests have been checking in to hotels for years now acknowledging poor beggars serving them knowing about their criminal assets

The luxury guests are a temporary work for the poor in the hotel industry.

Whoever has not been empowering the hotel chains to overcome the wealth of today to empower government funding need to NOT WORK IN HOTELS AGAIN

government were not paid their money through courts and criminals to assist funds like DWP

Because of beggar workers and people respecting criminal funds in rich family's

Hotels will be so ghetto in many generations to come if they all continue to serve the wealth of today with a smile and respect and a blind eye

Because wealthy people will go in to hiding and they will not use our services because we had a chance.

27 Jul 2020 at 7:34pm	I just want nidhal benaissa to do better and be a better person Writing about him on this journal helps me not put him down and put myself down in person physically. I caught nidhal benaissas feet looking very purple a few mins ago His feet swell and balloon and go purple sometimes because of his lifestyle choices and his diabetes I feel sorry for him at the same time as hating him. So I suppose I will let go of the hate today because I didn't know his feet were ballooning purple again. But like I always say I feel like this converted garage is rotten and contaminated If he only moved then there would be less side effects for him and everyone compelled to living here	Leah Unison
27 Jul 2020 at 6:31pm	Come to think of it Years ago the last text message that katia Assma benaissa sent to nidhal benaissa consisted of this, “Papa you make me laugh x’ That’s exactly what I saw on his phone when I was nosey secretly checking his sms messages So I am not laughing at the situation here and nidhal benaissa does not make me laugh So I would like to know whilst I enjoy my food from papas restaurant Exactly what was it that made katia Assma benaissa text nidhal benaissa a strange sms like this calling him PAPA of all things and not dad? And why does he make her laugh?	Leah Unison
27 Jul 2020 at 6:22pm	I had to order from Papas Pizza 1 Holly Parade, High Street, Feltham, TW13 4HT	Leah Unison

Can't buy groceries because this converted garage is so cursed that any food that enters with intent to remain rots in a matter of a day or two
That's how I know that nidhal benaissa is pushing to stay here

27 Jul 2020 at 6:06pm Wouldnt't surprise me if nidhal benaissa groomed himself to be an abuser with Ian Reilly supporting that with his identity in the UK
So that someday nidhal benaissa could be deported to Algeria to abuse his Old mum and dad as a dominant squatter that refuses to leave their house and create problems For them so that they leave the house and he stays and overrules everyone's authority

27 Jul 2020 at 5:56pm I know that nidhal benaissas parents in Algeria they don't visit him anymore because I know that his mum is scared of him.
Because she knows what he does to people to survive in squalid accommodation in the UK.
His dad does not really talk to him.
His mum calls him but I know she just does that because of allah
Some religious agreement that she has with allah or something
But aside from that nidhal benaissas mother is scared of him

27 Jul 2020 at 5:51pm Nidhal benaissa is such an ungrateful undocumented migrant
Most people with his attitude sleep on the streets and never come out of it...
The way he starts fights and works at home to abuse everyone around him even his landlords
He still has not been shopping for food
And again I have to fork out on my benefits to feed my shit stomach and Its not cheap When your dad is a dirty corrupt tramp that lives in a converted garage that The environment won't allow storage of fresh food it would just automatically ROT because it's so dirty in here..
So he is throwing tantrums and being nasty about how he doesn't want to buy food for anyone but himself...well I am aware that nidhal benaissa exploits me Amongst others against my will in a lot of ways with Ian Reilly to get his income so that is unacceptable!
Because if it was him exploiting himself he wouldn't be making money like this...
His software is shit...it's clearly abuse that pays him when his attitude is this
This is how I think
And I agree
It is actually strange that he would do better than me as an undocumented migrant
But he has corruption and exploitation assisting him to just be lazy at home to be paid to be an abuser
Nasty man!

27 Jul 2020 at 5:09pm I have a telephone consultation with my GP from Woodlawn medical centre tomorrow with regards to the mild abscess on my jaw (neck)
At 10am maybe I can get a some type of antibiotic or medication for it and it will go away
As well as the thought of Dominic porter because that person is an abscess curse voodoo

27 Jul 2020 at 12:09pm P.s Liverpool is racist anyway so hit that with a tornado and mark that as justice!
Amen

27 Jul 2020 at 12:09pm Dear god
(The universe)
If there is justice in this globe and in this universe
Please put a tornado in Liverpool near the home office UK
So that mrs S lee and her accomplice leave the home office UK for what they attempted to do to my life and my rights as a British citizen in the UK for my family against my will and wish.
All to exploit me as a government puppet to make others victims of their business through their family's and through my life
Amen

Lol :)

Finally a tornado happened in England On the 25th July 2020
I never understood the universe and the way it destroys Japan and hates on it with tsunamis earthquakes and the way England is so negative and going nowhere financially due to socialism and crime and god never destroys England and Europe like Japan and I would Actually have likeS to be a Japanese eating ramen and Japanese food.
It's good to see the universe understands to react to every country that does wrong and not just Japan.
Excellent progress

27 Jul 2020 at 11:02am I know that people like to help katia Assma benaissa rise above me and what she did to me as a child and even until now they like to help her overcome me and nidhal benaissa and dalila boutarfa- benaissa because they want to provoke us to wrong ourselves Or wrong each other.
Outsiders exploit katia Assma benaissa to wrong her family as their cult method to take it out on her family by giving her money to make her look respectable(She knows about this and complied with it knowing that nidhal benaissa and dalila benaissa boutarfa and I do not consent to outsiders exploiting us like this or in any type of way)
People also help katia Assma benaissa rise above the converted garage because they want to help the home office UK exploit me and my parents and they help katia Assma benaissa because they want to empower katia assma benaissa for the way I would stay in England knowing this is happening

Eeewwwww
My spirit is so not involved in this
I didn't truly realise until now..
This is the dirty work of this corrupt universe amongst other spirits
This has to stop for the sake of the way I would have killed everyone for my bed in prison.
And even then I overcome prison because i SLEEP heavily AND I KNOW EVERYONE INVOLVED IN SPITING ME DOESN'T SLEEP!!!
SO HOW ARE THESE PEOPLE EMPOWERED TO PROVOKE ME AND MAKE ME LOOK LESS THAN I AM??
Because if they were locked up in prison the jail/prison staff would acknowledge they are the ones provoked and restless not sleeping In their cell..
They are the ones that can't take it in prison because they are the ones that don't know how to help their spirits rest and sleep.
This is why me in prison is funny...because I could really wrong people and sleep like a baby
This is why I don't know how people that can't take prison have confidence in wronging me and my lifestyle when I would sleep through prison Whilst they would just hate it and be restless

27 Jul 2020 at 10:37am	I'm just saying...because My life is so poor that I look like I'm headed to prison anyway. After all this abuse at home	Leah Unison

27 Jul 2020 at 10:37am	One more thing I do not know how people and the universe believe that exploiting my health and circumstance negatively can save katia Assma benaissa I never agreed to be used to help her If I had a gun I would have shot katia Assma benaissa in the head for the way she worships her psychosis. So everything katia Assma benaissa is doing today at my peril is purely the universe and its sickness and disease that empowers her at my peril and health conditions and financial circumstance. If I could have I would have killed her So technically Katia Assma benaissa is a statement of society that is invalid and empowers NOBODY	Leah Unison

27 Jul 2020 at 9:36am	That's why people claiming state benefits end up being Criminals because the government had to do their work to stop the corruption of wealthy people by seizing assets and money From them to keep it for the citizens And for the benefit system to keep the country going! But because they don't do this then the claimants end up being criminals because they don't receive a respectable amount of money from their government because of corruption and Socialism so They end up not caring And doing crime because the rich are sick and trashy criminals and nobody stops them. I had enough of law enforcement And the way they do not do the right works! We all suffer because they don't do their jobs correctly It's time to activate the rich as the cult victims in prison stripped of their wealth and power! I have £100 left to last me until the next time I get benefits I am a 29 year old receiving only £50 more than a young person! My god The only options for me like this is prison or prison. Hmmm oh and prison The way people respect wealth And wealthy people is so dirty sick and nasty But above all what's nasty the most is that everyone knows these issues here And nobody cares to break socialism and wrong the wealth of society to protest against it to give us all a chance.. Well if I had a gun...I would give them all a kick start and go to prison fashionably for killing wealthy people like Ronnie Defeo (They would probably make a Hollywood movie out of that revenge like the amytille horror) My poverty is shame to my life because if I was to ever go to prison I would have to go now as a unarmed person hateful And unable to do anything about my hate due to poverty whilst I would be locked up and looking like a beggar to these wrongful things and wrongful people And I would be misrepresenting myself in prison as if I accepted what people did to my life due to the way I am noT equipped to gun the rich people down and to gun down anybody that ruined me 2 smile for the news prior to being convicted because I would have been proud of myself for being famous on the news like this prior to being convicted... I would have been proud about the way I would have been the only one in England that would have activated socialism ending in a Hollywood fashion drama drama attitude I would have been crazy but what's crazier though?.being unarmed and in prison anyway looking like a beggar that accepted the ones that ruined my life OR having a gun and getting revenge and smiling for the camera as to overcoming the nasty bully's that blocked my life and kept me poor. You see how these options are both crazy but they end THE SAME They both end the story in prison I'm better off with a gun and so are other members of society if this is our life's to live like this accepting that law enforcement and justice system is not at work to strip down wealthy people of their money to help us. Then god put me on the news Because I do not want to make you proud!	Leah Unison
-----------------------	--	-------------

27 Jul 2020 at 9:14am	I actually cannot believe this Universal Credit Standard Allowance Single claimant aged under 25: £342.72 per month. Single claimant aged 25 or over: £409.89 per month.	Leah Unison
-----------------------	---	-------------

So technically the adults are living on children's and young peoples money because the adults are only getting £50 more than the kids when claiming...that's pathetic.
 So an old man and woman claiming benefits would not be able to rise above a young persons life ever because of the way that they only have an extra £50 more than the young person claiming!
 That's negative!
 If the DWP can't up the benefits for adult claimants and treat them like adults it's because the government is not doing its job in the justice field meaning the government are respecting wealthy criminals and not seizing their assets and money to comply with the DWP
 if the claimants are poor like this
 This means society is dangerous because the government did not do their works and there are rich criminals who escaped the law and didn't have their assets and money taken by the government to help the citizens!
 That's despicable!

27 Jul 2020 at 7:47am	As of now I am 5ft 2 I need to be at least 5ft3 I don't understand why I am not growing I have not grown since I was 21 years old. I was originally 5ft 1 when I joined the army And when I was in phase 2 training I gained an inch and upgraded to 5ft 2 But then I stopped growing...that is so corrupt	Leah Unison

26 Jul 2020 at 9:23pm	Well...Kanye west thinks he can run for president of the United States ..I think that is an apocalypse...but I think it's even worst that he wants to make his presidential prospectus statements on Justin drew Bieber and Hailey Rhodes Baldwin Bieber by submitting to helping them go to Wyoming USA to tell them both they are influential AND THAT HE WANTS TO EXPLOIT THEM FOR PRESIDENTIAL ACKNOWLEDGMENT politically due to their strange psychotic trip to the United Kingdom a few years ago whilst Theresa may was elected as prime minister OF THE UK That's celebrity's trying to corrupt politics with their strange travelling to influence. Not to mention Bella Hadid the strange skinny supermodel that looks nothing like her photos in real life hanging around Hailey Bieber Baldwin to be shot for the tabloids and press to influence hailey and Justin to corrupt their marriage and dreams elsewhere in another life just to make a statement. I know Justin Drew Bieber wants That life of god (The universe) to look better from behind as some beautiful blonde girl in another life like the rapper chamillionaire rapped about on a track (Song) when I was a child And I know that hailey Rhodes Baldwin Bieber married Justin drew bieber to have a life of god (the universe) to consummate with the glory itself when god is in human form living amongst us. She wants the trolls life on earth but through god (the universe) Why can't she have it? These are strange life's that they are aspiring for But I think that is so horrible of Bella hadid and Kanye west to just be negative around them like this Justin and hailey can't help that they are wanting things that most people won't aspire for. They should be left alone to dream and obtain their strange spiritual agreements with god (the universe)	Leah Unison

26 Jul 2020 at 8:13pm	I FULLY SUPPORT BREXIT FOR THE UNITED KINGDOM I KNOW THAT THE PUBLIC VOTED FOR BREXIT TO SPITE THIS COUNTRIES PARLIAMENT AND GOVERNMENT AS TO THE WAY THE PUBLIC DID NOT THINK THEY COULD DELIVER IT, BUT I KNOW THAT THE JOKE IS ON THE PUBLIC! HA HA HA BREXIT IS JUSTICE FOR PEOPLE LIKE ME WHO WERE WRONGED BY THE UK ENTERING THE EUROPEAN UNION BY PEOPLE FROM OLDER GENERATIONS THAT WANTED TO DESTROY OUR SIMPLE LIFES IN ENGLAND WITH EUROPE. That European vote for England to enter the European Union destroyed all our life's years and years ago I'm not pretending like I don't know about how that was spiritual warfare The way the people from that old generation wantEd to hear about our horrid life's with European Union to haunt us with the European Union And the choices they made for us. I say YES TO BREXIT LET US BE THE ONES THAT HAUNT THEM RIGHT BACK SO THAT THEY REMEMBER	Leah Unison

26 Jul 2020 at 8:02pm	I think boris Johnson is really an underrated prime minister he is doing more work than any other prime minister that has ever had position in Downing Street. I feel like the UK is taking advantage out of him for the way he was elected all of a sudden from When prime minister Theresa may Was standing down. I actually served prime minister Theresa may for lunch when I was working at the savoy London hotel She was having a lunch with all her fellow PM's And I was putting the food down for her on the table Not long after that she resigned And boris Johnson became prime minister I really think people should credit boris Johnson for handling covid-19 A global lockdown and brexit at the same time with rishi sunak and Dominic raab And everyone else who was new to this game because I understand these people are handling the chaos in Britain right now. Boris Johnson is looking much more in colour now He was so grey when he first started But he will get better.	Leah Unison

26 Jul 2020 at 2:54pm	Oh that's funny the second I report a mild abscess internally deep within my skin near my ear On my journal The abscess stopped causing me discomfort...wow Dominic porter really is a disease Curse after all.	Leah Unison

26 Jul 2020 at	I remember when I first met Dominic porter in the army and then I suddenly had a big abscess on my hip And had to see an army doctor	Leah Unison

2:27pm	It's on my army medical file in leconfield Ministry of defence driving school Dominic porter is a serious plague abscess Is his specialty when his spirit is wanting to wrong someone	
26 Jul 2020 at 2:24pm	Dominic porter from Leeds UK is an actual curse When I first Met him Years ago I was cursed with an abscess On my hip against my will And now that I have been thinking about him I have a mild abscess on my left side on my face near my ears Dominic porter brings abscess to my body every time I think about him But I never think nice things about him though I don't like that dirty racist little boy. But I want Dominic porter from Leeds UK ex raf regiment to receive his own abscess curses on himself I DO NOT WANT TO TAKE IT FOR HIM AND I NEVER DID WANT TO TAKE THAT FROM HIM	Leah Unison
26 Jul 2020 at 9:18am	I have been out and about and noticed that most of the hotels in central London are still closed. They have nobody in them they are completely shut. Hmmm	Leah Unison
25 Jul 2020 at 8:15pm	(https://m.youtube.com/watch?v=mhB5Ry8YNIU) Bridies story In this video in Rotherham is influenced by people like Dominic porter in Leeds UK They are all poor doing documentary's outside of London because of racism being an intelligent system people outside of London play to keep their community's tight. Outside of London is poor because people like Dominic really wrong people to force others like him to continue this way of life And they wonder why the Chinese and Japanese do not integrate with other races when coming here to to the UK to study I have never been able to make Asian Chinese Japanese friends EVER because of racism here being known as a community tactic to keep family's together in England	Leah Unison
25 Jul 2020 at 6:57pm	© Behind Closed Doors 2020 Registered Charity No. 1116500 A company limited by guarantee Registered in England and Wales 5802623 Privacy Policy And these poor people that turn to this service That don't want to be PERMANENT victims of this company knowing about Chelsea and Dominic wanting them down like this to keep this company running off of sad people Is a sick thing I just had to put this somewhere So that the universe can do its thing and help the unwilling victims of this work	Leah Unison
25 Jul 2020 at 6:50pm	(https://www.behind-closed-doors.org.uk/) This is a victim service in Leeds UK That Chelsea wellington is associating her life with Professionally but with intent to involve Dominic porter Romantically in her life to corrupt victims That she pretends to help at work through her actions at work and outside of it to then fake a broken heart to comply unemployed and pregnant...Honestly these Leeds woman So racist and closed minded and diluted	Leah Unison
25 Jul 2020 at 6:40pm	It's strange because now that I know what life Dominic porter lives now It reminds me of years and years ago when I was in the army Katia Assma benaissa had a gay prostitute boyfriend named Aiden from Newcastle And she would share rooms with him to accommodate him and herself in London for their client bookings (Prostitute works for) So Dominic porter and Chelsea wellingtons situation reminds me of katia Assma benaissa and aiden in London Aiden was a bisexual prostitute offering services to man and woman At the time he was katia Assma benaissas boyfriend The only difference is that Chelsea is not an escort. It's a funny thing though because when I met Dominic porter in the MOD leconfield driving school AS A PART OF MY ARMY PHASE 2 training I remember that's when katia Assma benaissa told me she had a gay prostitute boyfriend. And Aiden is the brother of Jodie who happens to be married to a wealthy man in London and is katia Assma benaissas best friend Hmmm that's quite a coincidence	Leah Unison
25 Jul 2020 at 6:28pm	Personal note of Dominic porters plans to spend his life as a racist mong exploiting people to then play victim to obtain his love interest (https://uk.linkedin.com/in/chelsea-wellington-643020143) In order to corrupt her in to his life but I see that she is on a work that helps victims and survivors in Leeds UK So of course Dominic porter would corrupt his own life to corrupt those around him to typically Decide that when he is finished male escorting he would be wanting the girl that helps the local victims in his community	Leah Unison

To blend in to a normal life to pretend that Chelsea wellington would have saved him from escorting all to get to victimise her and put her down to blame her for the way she would lose herself and start to not care for her victims at work For him to then watch her be a victim herself Until she becomes unemployed
And that’s how Dominic porter believes he will be strong
I don’t like this boy
And I don’t speak to his ambition (Chelsea wellington)
I just understand her typical life consists of submitting to helping Local victims knowing Dominic is a bad guy to purposely fall for his predator/confused lifestyle to exploit that as an excuse to not continue to go to work.
And I suppose she is using Dominic porter to pose as falling for the wrong man to make herself unemployed so that she meets the right man to impregnate her and then claim benefits for 2!
With a bun in the oven (baby)
Those typical Leeds UK children are sorted on their claims once a baby is born distracting people from what they know the parents would have done to get the child To get to claim

These two are a cliché Hollywood already sold that story

25 Jul 2020 at 6:05pm	I did micro Derma roller treatment yesterday to try and fix the chicken pox holes on my forehead It’s working It consists of rolling needles in to your skin and bleeding out so that the skin damage heals quickly I look like i have been punched in the forehead it’s all bruised but I can see the holes on my forehead understand to heal and return to its healthy skin formation I have to keep doing it until the holes heal	Leah Unison
25 Jul 2020 at 5:54pm	Well regardless I’m still not receiving extra money from any other source person or job So my circumstance is poorer than poor. But I understood Dominic porter is a busy boy online and is a bit on the cash side of things and could be claiming benefits At the same time As well. Regardless he’s listed on these sites As exchanging services for cash (https://rent.men/gay-escorts/leeds-uk/) (https://www.gentlemen4hire.com/male-escorts/North/Leeds/) Now that I have documented these thoughts somewhere this should clear my mind of Dominic porter now	Leah Unison
25 Jul 2020 at 5:40pm	Wow Dominic porter from Leeds UK (Ex RAF regiment) Is really listed a lot as a Leeds male escort he is listed on this website OBVIOUSLY HE USES FAKE NAMES ON EVERY WEBSITE But I know him and I know what he looks like (https://www.sleepyboy.com/uk/city/Leeds/) His rates are £120 an hour. Wow I always remembered him as an arrogant purposeful racist for the sake of his family And organised life up north But I didn’t know Until now that he is now forced To adjust his attitude to people. Maybe Dominic porter will let a woman of colour book him as a male escort and learn to adapt to the rest of the UK Because his sheltered life in Leeds with blonde white woman and his attitude to people of culture is why I cut him off of my life but I only searched for him because my mind kept thinking about him Hmmm maybe he is on universal credit... Maybe he too is claiming benefits in Leeds accepting extra money outside of benefits as a way to help himself throughout COVID-19 It’s quite possible	Leah Unison
25 Jul 2020 at 4:29pm	Either way I do not appreciate the way nidhal benaissa and dalila boutarfa benaissa Exploit me and expect me to be like Katia Assma benaissa and Sarah benaissa And surrendering to exploitation Because I know that every time katia Assma benaissa needs money from nidhal benaissa she portrays that she will let him exploit her another time when she comes home just to get around him or something. I don’t know if she is true to him or not but I know she portrays to be a useful person to nidhal benaissa and dalila boutarfa every time she needs something and that puts me in predicaments where they demand that I am useful to them NOW because of how katia Assma benaissa promised she will be of use to them later. I am not a part of this. My spirit is just lingering poor And helpless understanding that people abuse themselves to get to abuse me And I don’t like it.	Leah Unison
25 Jul 2020 at 4:22pm	The strangest thing I thought I was so hungry I ate the garlic bread with cheese and ate a couple slices of pizza and felt so full I could be sick So I ended up giving the rest of the pizza to nidhal benaissa and dalila boutarfa Even though I said I wouldn’t I was suddenly in an influential predicament to comply with them. My influence is wrongful to me When my influence (By influence I mean energy’s) understood that I don’t want to help people OR my parents exploit my UC CREDIT The second I wrote it down on the UC CREDIT journal the hunger pain that wronged me to buy food disappeared and wouldn’t let me finish my pizza So this is what I’m saying The universe is a disease abusing people to do things like not take care of themselves to get lost in taking care of each other UNTIL SOMETHING OR SOMEONE WRONGS THAT WHOLE CIRCUMSTANCE AND FINALLY SHUTS IT DOWN CORRUPTION IS NOT ONLY GOVERNMENT	Leah Unison

	THE UNIVERSE CORRUPTS ME THROUGH HUNGER IT ALWAYS USES THIS METHOD TO CONTROL MY MONEY hunger pain It's so hard to overcome	
25 Jul 2020 at 3:58pm	Oh how lovely food is here And I'm not sharing any of it	Leah Unison
25 Jul 2020 at 3:57pm	I hate katia Assma benaissa and Sarah benaissa because nidhal benaissa and dalila boutarfa benaissa only give me a bad time wanting to exploit what I have or what I could get because they know that katia Assma benaissa and Sarah benaissa would put themselves down for them like this so I feel bullied because I know that my sisters would have implied throughout their life's that they were selfless people on purpose to just have my parents exploit me enough so that they are not used in the end	Leah Unison
25 Jul 2020 at 3:48pm	I do not consent to my parents exploiting my UC CREDIT IN ANY TYPE OF WAY THIS IS A SICK TIME IN MY LIFE AND THE UNIVERSE IS NOTHING BUT A DISEASE CULT NOT WORTH A PRAYER THE PRISONS ARE TREATING PEOPLE BETTER THAN THIS	Leah Unison
25 Jul 2020 at 3:47pm	I feel deeply exploited by my parents Nidhal benaissa and dalila boutarfa benaissa I feel that they want to exploit my benefits my UC CREDIT through my hunger or for khalid Mir or FOR any landlord they have as back up for the way they wronged people whilst I was living with them.	Leah Unison
25 Jul 2020 at 3:44pm	An hour later I ordered food and it's not here I hate England I hate my parents And I hate my life	Leah Unison
25 Jul 2020 at 2:58pm	What a strange day though to understand how people abuse people to then abuse themselves to be left alone...in my dads case he uses food as his weapon and self defence. As for Dominic porter working as an escort on the side I find that psychotic of him Because there is no other reason Unless he too is abused by his family	Leah Unison
25 Jul 2020 at 2:53pm	Well I ordered myself a pizza from Tops pizza 246 Wellington Road South Hounslow TW4 5JP England I can't keep food stored in the converted garage it's full of expired food that nidhal benaissa keeps to victimise himself for how he wrongs people	Leah Unison
25 Jul 2020 at 12:46pm	Dalila boutarfa benaissa Immediately stood up to me when I tried to remove 3 expired milk cartons from the fridge And hit me on my leg and demanded that I leave it in the fridge Because she needs it I know that nidhal benaissa exploits her to lay there like a tramp to empower expired food in the fridge to have me spend my money so that I never have enough money and this creates arguments and excuses for them to empower themselves	Leah Unison
25 Jul 2020 at 12:38pm	Nidhal benaissa does that on purpose so that he takes advantage out of my benefits and income if I'm working to have me waste all my Money on food to just end up living with him like this dependent That's how he has been making his money Corruption in this way Or equivalent	Leah Unison
25 Jul 2020 at 12:30pm	Eeewww nidhal benaissa stocked the fridge with expired milk and expired bread And refuses to go out to buy anything Because he demands control of this house	Leah Unison
25 Jul 2020 at 12:14pm	I googled Dominic porter of Leeds UK With regards to seeing if he is still serving in the RAF REGIMENT but I ended up finding his photoA listed as a male escort of Leeds UK (https://www.themaleescortagency.com/leeds/) I'm not laughing because before i met Dominic porter of Leeds UK and before I joined the army I used to work as a hostess in Covent Garden London in a pub restaurant called porters restaurant it was a proper English restaurant. But I lost the job after two months because I was infected with chicken pox and was so sick (That's how I got holes on my head...chicken pox) And in one of the male escorts listed next to Dominic porters Escort advertisement the photo was taken in Covent Garden London UK	Leah Unison

	I suppose it's desperate times for the men as well Not just the woman That can't be a coincidence	
23 Jul 2020 at 10:51pm	Cats are heavily exploited by their owners Any cat wondering outside is psychotically abused by their owners. Cats outside are considered as abused because their owners want to exploit their minds and whatever intelligence the cat brings home from their recon outside. That's how cats pay rent in today's nasty world but this is illegal practice and a serious form of abuse!	Leah Unison
23 Jul 2020 at 10:49pm	I noticed that in my neighbourhood their are groups of cute cats that are all friends and I always see them walking around the neighbourhood Looking intelligent as if they have been psychotically intelligent to go out and do RECON for their owners. Every single cat I have seen in this state of mind Has been marking their recon for their owners every time they go out by hiding underneath a car and waiting to tune in to the neighbourhood. That is nasty of anyone to put their cats out like this to gather psychotic intelligence for themselves. That is a form of animal abuse. The winter is coming and all the cats and dogs better be inside and left alone to enjoy their down time. Homeowners really take advantage out of their pets exploiting them outside to make them work to keep a roof over their heads by working their animal instincts to exploit whatever intelligence they bring home when they are finished People are so nasty	Leah Unison
23 Jul 2020 at 3:43pm	I finished my teeth a couple of hours ago Braces on nice and tight Came home and all I can think about is the way that nidhal benaissa is so filthy dirty and begging to live in the converted garage to overcome everyone that lives with him To block them	Leah Unison
23 Jul 2020 at 11:41am	I am currently at Buckingham gate Orthadontics waiting for my appointment to have my braces in my mouth adjusted and tightened.	Leah Unison

22 Jul 2020 at 11:02am	The home office rejecting my application for a full name change is dirty because they did that whilst dealing with nidhal benaissa and dalila boutarfa- benaissa Which means the home office are corrupting my independence to bondage me against my will with them. I do not consent In good time I will leave England to it's filthy corruption With the home office UK I'm not interested in allowing people I don't know and don't want involved in my life to legally abuse me while the public pretend to not know	Leah Unison

business
Eeewww id rather be an undocumented migrant in california seeking refugee

21 Jul 2020 at 5:59pm	I bet the home office UK think they are smart about not changing my full name on my British naturalisation certificate because of the way they know that the works like the army or British airways require proof of British citizenship Certificate also passport And I know that the home office want to deport dalila boutarfa benaissa and nidhal benaissa trusting that if I get a job That I would get a job like the army or British airways and I would be earning money off of my dads surname unintentionally exploited by the UK home office that would empower corruption to my life And personal life through dalila boutarfa benaissa and nidhal benaissas family Or they want me exploited using my dads Surname to go working and doing things while he's gone to help him come back. I NEVER AGREED TO DO THIS FOR THE HOME OFFICE OR FOR NIDHAL BENAISSA AND DALILA BOUTARFA	Leah Unison
21 Jul 2020 at 4:25pm	I cannot believe how nasty the universe is The way that Katelyn Ohashi The Olympic gymnast in California USA has fun for a living doing cool things and cool gymnastics And I'm trapped in a dirty life about the home office! In a converted garage And I have no chance of fun let alone a home to own I hate the universe I would not trust it to do gymnastics after this lifetime	Leah Unison
21 Jul 2020 at 2:38pm	Ekll kyc Is the licence plate of a blonde woman that got in to her car and stuck her middle finger at me and spat on the road for the way that she wanted to tell me something about the way that I was walking In my Pyjamas for fresh air up and down my road area And then she told me that my parents are tramps and Called me a tramp Like she has her life...this is a bad neighbourhood because it's full of homeowner criminals that cheated their way to mortgage The way they just don't mind their own business! The way they don't count their blessings for the way they own a house illegally They can't help but try to empower themselves on top of their crimes on people for their monthly payments to their illegal housing	Leah Unison

21 Jul 2020 at 10:04am	Despicable The way I am Corrupted off of what i need to do because of a home office UK document that The home office UK staff are using Against my will to psychotically work my life around my parents to just Empower them in order to exploit them to prison for the way they would have destroyed me to help them remain here As the price they want my parents to pay later Let's face it That's the only reason the home office UK are playing like this!	Leah Unison
21 Jul 2020 at 9:47am	Nidhal benaissa still has letters from the home office UK From years and years and years ago when he wrote to them telling them he wants his kids back. I told nidhal benaissa that I do not comply with him and he is ok with this but he wrote to the home office demanding Katia Assma benaissa And Sarah benaissa are to be returned to him and dalila boutarfa benaissa Those letters from the home office he kept all these years because I remember he told me that he knows that the home office UK are blackmailing his mind to want to remain in the United Kingdom as to his faith of getting his kids back. And you know what that's not crazy because of the way that I understand that the home office UK refused to change my full name on my British naturalisation certificate Because they have some type of psychotic agreement with nidhal benaissa That's why they flipped my Old name backwards to empower his surname To tell my life and all the people in my future to keep me down to empower benaissa over my rights as a British citizen. I understand that the home office received my application for full name change whilst my parents were dealing with immigration	Leah Unison

And declined me and my Future work Here in the UK because they want to exploit me And my citizenship in the UK to continue to blackmail My parents to fight to remain pointless in the UK for the sake of their other two children that also exploit them.
This is abuse
I have reported this to professionals on my records in America (California)
I am disgusted that the home office UK are treating my citizenship like this to empower my dads surname over my future like I am a child.
And now he is in a predicament where he knows they did that to me to have me exploited for him against my will and He knows they are trying to put Me down in his name
But he knows that this act on my life is not a guarantee enough for him to want to not be deported
Because he knows they did something like this to me before but with my birth place (I corrected the error of my birth place on my British naturalisation certificate)
and he doesn't think I will be oppressed enough to obey him this time based off of how they wronged me.
The home office UK is practicing cults psychotically involving themselves in peoples life's.
I do not care for the home office anymore
They are sick people
Nasty
And a waste of time
They destroyed my life
I will not give them the time of day anymore

20 Jul 2020 at 6:24pm	I asked dalila boutarfa - benaissa And nidhal benaissa if they wanted me to order free COVID-19 home tests for them And They both said NO they don't want to be tested for coronavirus Well...I tried.	Leah Unison

20 Jul 2020 at 3:23pm	I received my COVID-19 test kit from amazon just now and I have registered my NHS TEST KIT ON THE GOVERNMENT SYSTEM. I will now do the swab test on my tonsil and take swabs inside my nostrils as instructed and then deliver my test kit to the post office where they will proceed to deliver my COVID-19 test kit to the laboratory to check if I have coronavirus	Leah Unison
20 Jul 2020 at 2:22pm	Sarah it's ok I'm more than Ok It just helps to unblock my mind to think about what I need to be doing when I put these strange thoughts somewhere. Along with things that happen in my life Please ignore my notes Those are for me. The notes ARE for me to reflect on...if I need to reflect. And for the glory of the universe that I know is hiding in the system. Please do not see my journal notes as something I did for you all at the DWP. It's my own personal notes And it has helped Unblock my mind and thought process throughout the Lockdowns	Leah Unison
20 Jul 2020 at 2:18pm	Hi Leah, It is Sarah, again the DEA from Hounslow. You have left lots of messages over the last few days. 20 Jul 2020 at 12:08pm	I was misfortune and born in to a bad family that forced me to eat meat. I did not know that people eat intelligently to make statements as to their faith...and there I was just eating to cure this hurt in my body that forces me to eat But now I know that it's people and Their psychosis and Their corrupt intent to hurt people in business that want people to eat and suffer hunger to have the powers above their own minds worship cannibalism I DO NOT CONSENT TO BEING FED THROUGH HUNGER PAIN AND ABUSE AND THROUGH PEOPLE AROUND ME	Leah Unison
20 Jul 2020 at 12:05pm	Must be so horrible for cats and dogs and home pets to be owned by humanity whilst watching the humans that claim ownership over their rights watching the humans eat meat and submitting to cannibalism for humanity to embrace that life in some other lifetime. Must be horrible for these animals to be taken in to homes knowing this and then being blackmailed by their	Leah Unison

owners to be vicious and barking or meowing outside to keep their place indoors
I would be scared and run away at the right time if I was someone's home pet knowing humanity are shamelessly eating other animals with nasty intent of empowering cannibalism To corrupt other people And other members of society to be influentially abused to unintentionally join in on this sick faith through their hunger!
Because people corrupting people to eat meat their spirits don't care because they use the power above their own minds to influence hunger to force feed people to eat meat to force them to be so hungry someday that they eat humanity

20 Jul 2020 at 11:03am

The way that I go out and all I see is meat being sold and just so much food
That My mind forgetS my life and what I need to be doing And focuses on the food being sold.
If people continue to dedicate their life's to selling food (animal meat)
They will quickly understand how humanity develops a sick way of life as cannibals eating human meat
Just like the film
Sweeney todd (Johnny depp) said and implied while mrs Lovett fed her customers human pies

Eewww I do not want to be a part of that Type of humanity
Me myself I...my spirit does not want to eat meat and my spirit does not want to eat human meat!
I don't go down with this ship
The only way god could make me fall off like that is if it possessed me supernaturally and gave me amnesia to not know better
Oh wait the universe did that in this lifeTime but
I'm saying all this stuff now because I don't want the universe doing this again!

Leah Unison

20 Jul 2020 at 10:58am

I had a thought today that if humanity continues to block movement and freedom with food by eating animals we will always be that much sicker for the way that animal meat sold to eat is considered as a threat to humanity
To empower cannibalism.
If I knew this as a child I would have done what I could to help myself
But I knew no better
Even now I would like to be vegan
But the universe abuses me by influence to have me search for a quick cure to my hunger
And everything sold to cure that abuse is having animal products.
The universe is a fraud to its works and to us all
It claims it wants us all to be better but it makes no effort to help us be better
It helps but never REALLY DOES IT MAKE A DIFFERENCE

I do not consent to being killed and poisoned and Burned and harmed or exploited for consumer purposes such as food and drink
And toiletries (beauty products and washing items)
Because I know that I found a bread crumb once hidden in my tooth paste when I was squeezing it out of the tube as if it was the manufacturers of Colgate telling its consumer that it is no healthier to humanity then food is!

Leah Unison

20 Jul 2020 at 9:35am

People making food and selling it could be poisoning the food discreetly
And nobody cares because there are so many food chains out there spreading the disease of food and the possibility of murder through food in other generations.
The food industry reminds me of sweeny Todd the movie with Johnny depp
The demon barber partners with a pie maker to poison the customers to eat sweeny Todd's victims
And they don't know about it.
So they eat human waste (body parts)
I understand society is brainwashing people to eat and having them under the abusive influence of the universe to force them eat so that someday they may be poisoned or eating human body parts not knowing I want FOOD TO SELL NO MORE!
I don't trust because of how the universe abuses my stomach to eat
and I know that it does that to others and controls them and me poor to corrupt people either now or in next generations to be force fed then killed

I SUPPOSE THATS WHY THEY CALL THE POLICE

Leah Unison

“Feds”
Because people don’t have faith in police works sticking around For very long
I understand They call them feds because they know about the nasty intent of FOOD being FED TO PEOPLE
TO KILL THEM IN DIFFERENT WAYS

20 Jul 2020 at 9:20am

This is why religion and god are both sick and corrupt
Because those two things empower FOOD AND DRINK TO CONTROL WHO Gets to own A HOME
MEANING THAT RELIGION And the universe CHOOSES WHO GETS WHAT THEY WANT AND CURSES THE
REST OF HUMANITY TO EAT AND GET SICK AND FAT SO THAT THE ONES IN FAITH LIVE AT HOME AND
THEY LIVE HEALTHY BELIEVING IN GOD and the universe.
Humanity is fraud to the works of money
Because this is how I know the universe is dirty and a nasty abuser
Because it works religion and psychosis to house people and give them a home while stuffing the faces and
body’s of atheists with food and health problems and fat!

Leah Unison

20 Jul 2020 at 9:13am

Food and drink is a demon
If we weren’t forced and influenced hungry and Thirsty and forced to entertain the works of food and drink
then we would all be living our life’s to the full.
But instead....people Are abusers selling food and drink and others force and bully people to buy food and
drink in order to make us All eat until we die of it.
Some people even get bullied in their life’s to spend their family fortune or inheritance or savings on owning
a business that sells food and drink in order to keep community’s fat and down to help homeowners keep
their roofs over their heads
Food and drink is a nasty business

Leah Unison

20 Jul 2020 at 9:10am

I wish food and drink businesses shut down so that we are all not under the abusive influence of hunger to be
corrupted

Leah Unison

20 Jul 2020 at 9:04am

I am starting to understand that people are over-selling FOOD because they want to keep the poor
constipated and FAT And jobless with health problems to Keep the current homeowners In their homes
whilst helping them remain illegally in their homes through different methods of corruption and financial
fraud And crime and I understand society already setup its favourite people to elevate them as empowered
while the rest of us eat like pigs and squat and couch surf to death and that is how THE NHS END UP WITH
THE POOR IN THEIR HOSPITAL BEDS DYING OF DIFFERENT HEALTH PROBLEMS
nobody will die in their homes at this rate
All because of food!
I noticed that people working in central London bully their colleagues because they know how the society
exploits people to work hard for nothing but abuse and food
So that they get plump and FAT and homeless and go through prison and hard times
All so that the homeowners of today remain where they are living and the rest of us end up immigrating
abroad and abused for the way we can’t hold it down in our own countries
This is unacceptable!!!
Whoever owns a home is a cult and has illegal help to remain
Because I know I am a willing worker wanting a home and I could never progress because of the corruption of
socialism and peoples psychosis being practiced in the workplaces whilst they choose their favourites and
bully the rest of us out to be exploited to accept that homeless life that others don’t want.

Well I STILL DONT ACCEPT THIS
I BELIEVE ALL ACTIVE HOMEOWNERS SHOULD BE PUT OUT OF THEIR HOMES FOR THE ILLEGAL WORKS
THAT HAVE BEEN PRACTICED TO LET THEM LIVE INDOORS.
Because the corruption is clear as to how they manage!

Leah Unison

20 Jul 2020 at 7:32am

It’s just really disturbing
To go out and only see loads and loads of shops that only sell food and drink
With a purpose to corrupt people to do nothing but EAT and gain weight to help people stay at home and not
know things and stay BLIND.
I don’t want to buy gross amounts of food
I don’t want to binge eat
I don’t want my body dysfunctional for peoples bad businesses so that they continue selling food to
constipate and inflate my body mass to tubby and plump to be obese
The society is Nasty for their fat intentions to the public to slow them down to lock them away.

Leah Unison

20 Jul 2020 at 7:28am

THE SOCIETY SELLING GROSS AMOUNTS OF FOOD
IS A SICK GAME
EVERYWHERE YOU GO WHEN YOU GO OUT
ALL YOU CAN SEE IS A FOOD SHOP
A CAFE
A RESTAURANT
A SANDWICH SHOP A FAST FOOD RESTAURANT.
These shops selling gross amounts of food are poor people that have been let down in their life’s.
So they sell food to the public that have been let down by society as well and can’t afford anything but food.
And then everyone gets FAT And nominated in their community’s who will face their Dysfunctional body’s
With the government.
WELL I HAVE NEVER VOTED LIKE THIS ON A FAT PERSONS BODY BUT I KNOW THIS HAPPENS TO
PEOPLE AND PEOPLE HAVE TRIED TO SET ME UP FOR FAILURE LIKE THIS DUE TO MY BODY ISSUES AS
WELL...this is how I know about this.

So I know the process of how people get to be criminal and RESORT TO CRIME AND IN TO GOVERNMENT

Leah Unison

HOUSING Such as state prisons...

BUT EVEN PEOPLE IN ARMY AND POLICE END UP DOING DRUGS OCCASIONALLY BECAUSE OF THE WEIGHT GAIN THEY SUFFER WHEN THEY BINGE EAT WHILST MINGLING with the public when they go out and can't help but buy loads of food because people are selling nothing but food.

20 Jul 2020 at 7:22am	And a thought crossed my mind When I woke from sleeping.. There are so many people out there in society selling food. Everywhere you go there is so much food. There is so much food that there is not enough clothing and jobs...but the strange thing is you can always count on the way there is food. The thought in my head then proceeded to tell me that people must be selling so much stocks of food because they want to empower drugs in to peoples life's Because if they sell enough food then people would have weight problems wanting to lose weight through drugs And I believe that this is how the poor are police beggars because they can't help people KEEP THEIR JOBS for the government so they sell gross amounts of food to the public to see who gets the fattest in their community's and then they beg to setting THE CHUMP PLUBBY ONES UP FOR ARRESTS through their dysfunctional OVERWEIGHT body's People are just works of fraud in society They are all just old people fattening the kids up to fatten the working class up to put them through things to entertain the government and occupy prison and homelessness and occasional works and jobs for the sake of pretentious I don't know anyone that I have ever gone to school with that actually owns a home and I have been to THREE HIGH SCHOOLS IN THE UK	Leah Unison

Please wait until Monday to do so.	Leah Unison

18 Jul 2020 at 5:19pm	Had to borrow another £10 from dalila benaissa boutarfa (my mum) To go buy food from flamingo flames Chicken shop Since nidhal benaissa enjoys starving my mum and I and is happy to live off of his NHS diabetes injections like it's crack cocaine Thanks to flamingo flames 105 bear road Feltham Tw13 6sa https://www.universal-credit.service.gov.uk/journal I know the community really rely on them for food But I hope that the community comply in good faith With flamingo flames and Do not rely on them through bullying Because I heard things as to the abuse of this community with regards to rudeness to staff at flamingo flames	Leah Unison

18 Jul 2020 at 2:36pm	Reminds me of Dominic porter An ex RAF REGIMENT soldier I met in leconfield driving school for the military When I was learning to drive trucks I understood he has that strange British life in Leeds UK where it's full of the fake British people that stick together and pretend to be racist To keep everyone out and away from them because they have a plan to fake working so that when it's all and government shut down and there's no need or power in money...they All squat and fight for their residency In their homes without needing to pay to stay anywhere I understood that was his life faking it in the RAF REGIMENT infantry to pretend that his family are working class while they held it down at home wanting him to be with some OOMMPAA LOOMPA ORANGE FACED CHELSEA WELLINGTON TO HIDE with her in the apocalypse when there's no money and no work because most people in this country are guilty of faking it to work with intent to corrupt To just squat believing in their negativity ending the society to just squat and fight physically for their rights to be housed ENGLAND IS SO GHETTO! Dominic Porter is a strange guy I don't talk to him but he always tried to track me down before I know that he channels psychotically to my mind from his Own mind like a strange little creature warlock (another name for witch) I keep thinking about him But I know it's because he wants to be thought about! I don't like Dominic porter in that type of way And I'm sure that he doesn't like me in that way But I wanted to note down that Dominic has That strange life in Leeds And I laugh at where he is from Because outside of London They all pretend to be racist so that they don't let people in their life's because they want the lockdowns to really happen to just own their rights at home without paying and they want to stick together to block new homeowners from having a prospect to buy over their rights	Leah Unison
18 Jul 2020 at 2:22pm	England is filled with fake citizens that work to pretend because their faith is to find somewhere and hope that with every wrong they commit and everything they impact would grant them rest They want and a PERMANENT place to squat So that they abuse their integrated faith and have humanity destroy itself when they are not around to have those victim spirits worship the way these people in this generation were SMART BUT THEY ARE NOT SMART THEY DESERVE TO DIE FOR THE LIVES THEY RUINED ALL FOR DECIET	Leah Unison
18 Jul 2020 at 2:15pm	Dalila boutarfa - benaissa Told me that she thinks her and nidhal benaissa are being exploited by homeowners of this country that want them to live this circumstance in England like this while holding their other daughters to keep them away from them so that Community homeowners pretending to be good Working citizens can keep police and people busy in the community with nidhal and dalila And their problems whilst keeping them living in the converted garage Or something similar! And through them My mum said she believes the community can create more victims To then know they fight back and that's how they are still victim when they don't submit to being exploited victim...the renters and homeowners like this to keep things busy At people like me and my parents expense in every aspect so that whoever is independent living in nice accommodation can empower cult in peoples family's if those family's like mine don't have Financial help So that these negative souls in the community's can empower another lockdown so that the This country can just REST WITH NO MONEY NO PROBLEMS THE COMMUNITYs ARE EXPLOITING PEOPLE TO GET TO BE ABLE TO DO THINGS EVERYONE KNOWS BUT WHEN MY MUM IS TELLING ME SHE THINKS THEY ARE DOING THIS TO HER AND NIDHAL BENAISSA to then get to to do it to me IN NEGATIVE WAYS AND NEGATIVE SIDE EFFECTs That's when I told my mum I would smash these homeowners And renters windows with bricks and smash their faces if things lockdown hard like this and create that respect to whoever lives cleaner than me or anyone that helps me!	Leah Unison
18 Jul 2020 at 1:56pm	These people in this country they make sense now the way they all stick together And they cheat people and cheat the works because they abuse the way they are integrated And they abuse the way they were human in a special existence with the universe and they stick together creating FAKE BUSINESSES to exploit people and temporarily exploit themselves to work to make their family look normal so that they escape prison on time for the end of the money and the end of the government All for an opportunity to SQUAT IN THEIR HOMES PERMANENTLY THE WAY THEY POSE AS CLEAN HONEST PEOPLE THAT WORK but they are only working to blag it to looking normal and civil so that one day they claim full entitlement to where they are living without the need for money and government They are all cheap ugly squatters Nasty they don't want a home they are not in good faith integrated they are abusing other species by blocking them from REAL WORK AND REAL WAYS OF MAKING A LIVING BY POSING AS GOOD PEOPLE AND HAVING SECRET INTENTIONS TO SQUAT SOMEWHERE MAKING IT PERMANENT WITH NO ROUTINE NO MONEY NO ORDER SO THAT THEY CAN REST AS ANIMALS AND BUGS REINCARNATED LAUGHING AT THEIR VICTIMS THAT CONTINUE TO FIGHT FOR HUMANITY AND ACCIDENTALLY HURT THEMSELVES IN THE PROCESS OF CREATING NEW WORKS	Leah Unison
18 Jul 2020 at 1:23pm	There's a British woman Named Annabelle that moved to Los Angeles a few years before I did And had a big dog named JACKS She posted on Her prostitute advertisement in Los Angeles that she is moving back to England permanently I had to check online as to what she is doing since I am planning on going back. NOT THAT I WILL CONTACT HER BECAUSE I WONT I DONT LIKE HER And all I can think about is how much she needs to put the dog jacks somewhere with someone safe	Leah Unison

18 Jul 2020 at 12:45pm	People actively housed in community's are no help to anyone but themselves because they want to just SQUAT AND HELP NOBODY AND THEY HOPE THEY CAN JUST FIGHT WHEN MONEY IS NO LONGER A REQUIREMENT TO STAY ANYWHERE NASTY NASTY SICK UGLY PEOPLE I BET THATS WHY THEY KEEP THEIR ANIMALS IN FEAR BLACKMAILING THE DOGS ESPECIALLY TO BE NASTY GROWLING AT PEOPLE SO THAT THEY HAVE SOMEwhere to live to be ABUSED AS HOSTAGES WHEN THINGS REALLY SHUT DOWN UGLY NASTY PEOPLE NEED TO BE INFected and die THE ANIMALS BETTER NOT SUFFER LIKE THIS IF SHUT DOWNS HAPPEN IN THIS WAY THEY BETTER BE LET GO By their nasty owners	Leah Unison
18 Jul 2020 at 12:41pm	Homeowners And renters that own animals and keep them in the house are abusers Because they are secret psychotics Understand that these shut downs are loved by homeowners And renters because they don't have To pay to live anywhere if things stop needing money and I believe that if society doesn't function then these homeowners and renters will just squat and fight to build a fort and protect their homes and abuse their animals As hostages A global shut down is a heaven for people actively renting or owning a home because they believe they will fight to remain where they live without money being power in the works. This is why these people do not want to help anybody and this is why nobody poor like me buys a house because people already SETUP WHO IS OWNING AND STAYING HOUSED THE REST OF US ARE JUST USED AND ABUSED AND THEY WILL NEVER CARE BECAUSE EVERYONE THAT COULD HELP HAS A PLAN TO LIVE SOMEWHERE AND WOULD LIKE A GLOBAL SHUT DOWN AGAIN AND FOR LONGER SO THAT THEY DONT NEED MONEY AND DONT REGRET THAT THEY DIDNT HELP ANYONE	Leah Unison

But I'm seeing it's very true That must have something to do with the unsettling atmosphere in the converted garage People must think I'm stupid or something I don't care about debt because I know that their computer system is crediting people Technically no money is owed because they can refill accounts with no money required I know they are doing this for people out there as a mark of disrespect to my life and my business.	Leah Unison
18 Jul 2020 at 10:09am	Eeewwww the way that barclaycard won't just default my credit card and accept that I will not let them exploit my rights as a citizen let alone as a human being They are piling on interest on the credit card I abandoned and won't default it because I bet they hope I will use my benefits to pay them back Eeewwww they are perverts of the works and I don't appreciate how they are psychotically hearing in their minds as to where I am in life wanting a payment from my benefits to that dirty account When I know that barclaycard are topping up peoples accounts like they never spent nothing. And they just watch my accounts to find new business because of attachments to my mind to get to others Eewwww money is sick and people should celebrate covid-19 And contract themselves to it because they are nasty nasty bully's at work and society needs to cleanse and Purify itself through the ones doing dirty business dying.	Leah Unison
18 Jul 2020 at 9:49am	I had a thought today and acknowledged that the credit card companies are basically corrupt and fake because they don't do positive business They want people Like me in Purposeful debt For them so that people like me have no choice but to go do things like join the army to comply exploited for their country in the most inappropriate ways. I understand that the credit cards I was given were actually beneath the benefit payments The credit companies didn't give me any more than £300 Even then universal credit gave people more than that So that told me something as to credit exploitation of consumer and companies. So I'm thinking maybe I was given credit less than benefits so that credit companies exploit my rights as a citizen unemployed to join the armed forces to risk injury and death to do what it takes to pay them back their money But reality is the credit companies they don't own money they just generate numbers on their computer so technically I don't owe them any money Because they could credit themselves as if I was never a customer. Because they have the power to refill my credit cards with their computer like no money was spent I know that they do that type of thing for other people Who are customers in credit	Leah Unison

But because of THat corrupt act of These credit companies doing that for other people refilling their accounts like nothing was spent and for the way they donnot help me in any type of way like this and for the way they have me on benefits like this to understand what they want me to do To empower their customers at my own peril and circumstance
Then they are not entitled to being paid any money back
I am going back to Los Angeles in good time
I Myself don't care because I got credit with intent of home owning and getting a mortgage
But these credit companies attempted to exploit me to armed forces and mocked my credit with the benefit system to get new aspiring customers through my mind and through whoever psychotically gets told to get credit for themselves because of the way I did
Because the credit companies want their new customers to do better through the way they corrupted me

I'd rather build my own homes and survive alone I don't want to buy peoples things and homes anymore I don't want to eat their nasty foods I want to create my own foods and discover things for myself People must think they are so valuable Out here doing these works and putting a price on it As if we all need and require their help When we are all better off like TARZAN And those free people in the WOODs finding our own life's	Leah Unison
17 Jul 2020 at 10:15am	Nidhal benaissas game is that he knows what to do to have tried to live a better life But he purposely Corrupts himself and shits on himself and ignores all cleanliness Available to himself as a theft method to just take other peoples chances of cleanliness to clean himself with it. He thinks he is so purposeful with his corruption and he does it and steals opportunities from my life and does it confidently as if I consented to it	Leah Unison

	And as if I don't know And as if I can fix what he did But truth is he doesn't care if I fix it Because he will only create a loop in corrupting things to have people fix it and so on and on and on.	
17 Jul 2020 at 9:50am	Money is a TREE CULT WHOEVER IS PATHETIC ENOUGH TO WORSHIP TREE OVER CLEANLINESS TO HUMANITY FOR PROSPECTS OF CORRUPTION AND BLOCKS FOR MONEY TO EMPOWER ABUSE IS NOTHING BUT A HIPPIE GYPSY IN THE END I DO NOT WORSHIP TREES THANK YOU VERY MUCH!	Leah Unison
17 Jul 2020 at 9:24am	Nidhal benaissa Exploits the way that money is power over peoples life's And he lives the way he lives is because he knows money is freedom People empower money So he pays the rent so he just exploits the way that money is empowered and can revoke a persons freedom if they are not in possession of it whilst being around him.. So nidhal benaissa exploits the way I enjoy doing things as a cult method to attack my mind and channel to my influence negative to block me and have me wrong myself Through spending my money knowing i can't help but enjoy what I am spending my money on so that he can blackmail my freedom because I'm not in possession of money most of the time because I'm guilty of finding happiness in doing things with money. But I am starting to hate money and hate people for the way they empower Money. Nidhal benaissa is so ugly the way he just sits on his computer game trying to hear voices about my life and intent in his mind to channel to me psychotically to get to me So that he can exploit the way I want to do things with my life so that he can abuse that and me on behalf of whoever is out there in the world that doesn't want to help me I'm DONE	Leah Unison
17 Jul 2020 at 9:09am	Dua lipa should be on UK benefits looking for a job Not snorting the drugs UP HER NOSE for her fake life in Los Angeles California waiting for money to be laundered in to her BANK account from her management. Entertainment industry is such a criminal lifestyle That I should write books EXPOSING it Because reality is when they make it hard for people to make it financially They all fall down Money is nothing but TREE MONEY IS NOT ABOVE ANYTHING OR ANYONE THAT WANTS IT the way these people are out there like money is above everyone they don't know I'm contemplating making a living off of ripping these people down and devaluing the worth of money. BUT JUST WHEN I THINK LIKE THAT about being an author ripping people I start to remember that I DONT CARE ABOUT THE MONEY I hate books And TEARING PEOPLES WEALTH DOWN Is cheap for my lifestyle if I am caring about it professionally SO I AM BETTER OFF WRITING childish BLOGS ON THE INTERNET AS TO HOW MUCH I HATE PEOPLE AND THEIR PRESTIGIOUS ATTITUDE AND HOW I WISH MONEY WOULD JUST DIE THEN WE ARE ALL FREE	Leah Unison
17 Jul 2020 at 8:36am	Ended up having a better sleep then I thought i would last night. Woke up applied for some jobs online googled the UK news Saw an ad about dua lipa on the internet and couldn't believe how drugged up she looks. 16 Jul 2020 at	Well...with regards to katia Assma benaissa living her life as some sort of prostitute sparrow operation for people out there in central London prestigiously living above her parents is unknown as to what type of	Leah Unison

7:01pm	prostitute clientele she is entertaining. For all we know she could be sexualising herself for ISIS or Al-Qaeda THIS IS COVID-19 The press / tabloids are talking about disease and ISIS AND TERRORISM I IMAGINE THIS IS HER INFLUENCE WHILST LIVING IN THE CAPITAL OF ENGLAND AS A SINGLE WOMAN EXPLOITING HER FAMILY TO GET AHEAD Not much prestigious men out there that are going to want to put money on her out there right now not even with Kingston university Vouching for her fake graduation degree	
16 Jul 2020 at 5:29pm	That is as blunt and real as it gets Yasmin Mir knows And I know that Hounslow council house her in emergency accommodation as a homeowner whilst rejecting other people like myself because they know as well and Chose to put money on yasmin Mir to help have katia Assma benaissa face herself to khalid Mir It's unprofessional But I'm not stupid That's why they don't care about my life and my needs	Leah Unison
16 Jul 2020 at 5:27pm	I hate to be blunt but the truth is I know that yasmin Mir doesn't live in her house anymore because she lost her mental ability to comply with her house and her family because I know that katia Assma benaissa is out there still exploiting the idea of committing herself to Khalid Mir in the future. The joke of it is that I know that yasmin Mir would have treated khalid mirs restraining order over her life as empowered to get the councils help To stay away so that katia Assma benaissa comes to the converted garage to spend the night in her house with khalid mir to show everything and everyone And the community what she is and what she has done to peoples life's to get her life in central London while blackmailing her parents Psychotically and tempting them to wrong themselves to stay in England when they are being offered deportation flights home to Algeria in good time if they want it. I know that yasmin Mir is knowing that khalid Mir put her out of the house for that possibility that katia Assma benaissa would show herself to him and spend the night. Because he wants his sanity back as to what he knows she used about him whilst entertaining the idea and plan of being with him to drive his wife mad and out of the house to the point the Mir family would set this Separation up so that katia Assma benaissa finally shows this house and confirms to everyone in it that they are not crazy	Leah Unison
16 Jul 2020 at 4:46pm	The way I see it is That katia Assma benaissa And Sarah benaissa Are not above prison homelessness and the converted garage... They are not above their family's circumstance and I hate how people try to empower them to tort blackmail and play games with us over those fat witches	Leah Unison
16 Jul 2020 at 4:32pm	Katia Assma benaissa and Sarah benaissa Are NOT A PRIZE TO ANYONE AND I HAVE HAD ENOUGH OF PEOPLE EMPOWERING THEIR WORTH ABOVE DALILA AND NIDHAL AS IF THEY ARE NOT ENTITLED TO CORRUPTING THEIR OTHER TWO DAUGHTERS LIVES AFTER THEY ARE DONE WITH MINE. Because I need a LONG LONG LONG BREAK FROM THIS I DONT WANT TO TAKE THIS FOR MY UGLY FAT SISTERS THE WAY THEY ABUSED MY PARENTS THROUGH OUTSIDERS FOR YEARS LIKE THIS I HAD ENOUGH	Leah Unison
16 Jul 2020 at 4:29pm	I remember years ago nidhal benaissa told me he was hearing god (the voices) in his mind telling him that people are promising they will give him his daughters back if he overcomes immigration And deportation and fights to stay. But that sounds like horse shit That someone would psychotically channel him like this to blackmail him to take risks like this to see his daughters again. I believe him though With regards to this because I have spent years with my parents acknowledging all types of strangeness and tort from strangers as to my sisters and people even invoking FAKE FAITH to my parents as to their daughters coming home To deceive them to exhaust them to continue fighting for their rights. I think that's nasty	Leah Unison
16 Jul 2020 at 4:26pm	I came home and Had a thought and understood that Nidhal benaissa is under a lot of stress because I can't lie that dalila boutarfa and I know just like nidhal benaissa That people in katia Assma benaissa-boutarfa And Sarah benaissas life are psychotically and physically blackmailing nidhal benaissa and dalila boutarfa benaissa As to their rights in England. People have been keeping katia Assma benaissa and Sarah benaissa away from their parents using these two daughters of theirs as weapons of blackmail and corruption to get to nidhal and dalilas life So I can't lie that I don't know that people in my sisters life's know that dalila boutarfa and nidhal benaissa are dealing with immigration police looking at deportation and people are looking to negotiate as to how to put dalila boutarfa benaissa and nidhal benaissa down and They are looking for deceit and ways to trick them in to submitting to the UK AND LIVING HERE whilst AVOIDING DEPORTATION FOR THE SAKE OF KATIA ASSMA BENAISSA AND SARAH BENAISSA I FEEL THAT NIDHAL BENAISSA AND DALILA BENAISSA- boutarfa are being psychotically blackmailed to react as to their other two daughters to make an irrational decision to stay in the UK while my sisters are waiting to exploit them and blame them for overstaying and overcoming deportation at a later time And date I came to understand that after I stayed living with them for years and years I'm not a part of this blackmail but outsiders are blackmailing them and negatively corrupting them through my sisters I do not want my parents making choices to stay based off of those two fat witches	Leah Unison

16 Jul 2020 at 2:51pm	Nidhal benaissas fear with money is just some type of ACT AND cult grooming method as well that He uses to shock his victims off track and out of their minds....but only when he knows that Ian Reilly complies honest with him. So that he can instruct his victims as to what he wants them to have and do for themselves to do for him	Leah Unison
16 Jul 2020 at 2:45pm	I know that nidhal benaissas paranoia about Ian Reilly stealing money from him is also an act of self destruction because that fear is FAKE AS WELL AS REAL nobody tells him to create a trust in Ian Reilly enough to have his own savings account with Ian Reilly. Nidhal benaissa just wants to be some type of victim to regain his empowerment at a later stage It's so pathetic I had enough	Leah Unison
16 Jul 2020 at 2:43pm	Nidhal benaissa and his psychosis is too much He just provoked and channels it to the community to start fights and arguments to make statements and won't talk to anyone about his problems Directly I know that This sudden thing today he Helped psychotically invoke it because he is paranoid that Ian Reilly will steal his money if he was ever deported. I know this because about a year ago nidhal benaissa gave me Ian Reilly Phone number and told me to contact him if he was ever deported to get his money for him...but when I contacted Ian Reilly he never responded to my text messages and phone calls and never spoke about it to nidhal benaissa So nidhal benaissa takes it out on dalila boutarfa and me for the way he believes he will be robbed of his money But then that is nidhal benaissa Also submitting himself to robbery if he leaves his money with Ian Reilly because usually he keeps his money in an envelope in his laptop bag nobody would steal it. I wouldn't steal it but nidhal benaissa creates distrust in the atmosphere to corrupt and exploit Dalila boutarfa and myself and anyone else around to empower himself so that he controls people around him to control finances.	Leah Unison
16 Jul 2020 at 2:27pm	I had to go out again because nidhal benaissa was giving dalila boutarfa a headache about this man that came to the door and I don't know why because I wouldn't be surprised if nidhal benaissa summoned this man to the door with the voices in his head to create an argument As an excuse to be abusive To dalila boutarfa and myself I had enough	Leah Unison
16 Jul 2020 at 1:51pm	There was a man that came to the converted garage while I was out he didn't name himself but said to nidhal benaissa that he lived near the local park. I think I know who it is but I don't know his name But I used to give him my food bank food And would leave it near his parking garage and I gave him the food that i couldn't cook in the converted garage. (The tinned food) And he didn't care and ate it and took it from me weekly. I didn't ask help from the food bank this week and I don't want to because I kept telling them I can't have foods that require cooking and all they bring to me was tinned food that I couldn't eat. I didn't say anything because of the good deeds in such a dirty world And the act of them delivering food silenced me because I didn't want to be ungrateful but yes I stopped giving this stranger food and he bought his rubbish and a bag of last weeks food banks worth of food to my door because he didn't like how he didn't receive this weeks batch of food because I did not request any from the food bank. Well that's nasty! I will never help anyone again!	Leah Unison

14 Jul 2020 at 12:56pm	I reported my concerns as to Sarah benaissa - boutarfa And her immigration crimes on her own life with Anne and Howard wardle to the UK home office immigration reporting system online In case Sarah benaissa obtained her right to remain in the UK with a false surname Because I know she knew better then that. I told the reporting system where she was born where they would find records of her birth which hospital she should go look if she hasn't already. Should she have already applied or if she ever applies in the future Because Sarah benaissa needs to do this for herself I don't feel right about contacting her personally This is why I used the online reporting system	Leah Unison
14 Jul 2020 at 10:49am	It's frustrating to be forced to allow Myself to let myself down all to respect the comfort and luxury life's that I never get to live to allow others to live it for me....and those ugly people want deceit and corruption in to people like me since birth to be dirty and poor so that they can get around us while we dream... NOTE TO THE UNIVERSE I KNOW ITS IN THE SYSTEM Acknowledging me I EXPECT A FULL ARMOURY WITH ALL RANGE OF WEAPONS And guns IN MY NEXT LIFE AS A HUMAN When I am reincarnated BECAUSE I WILL NOT BE MISPLACED IN A CULT WORK WITH FAMILY OUT OF RESPECT TO THE WAY THE RICH AND MIDDLE CLASS WANT TO GET AROUND ME I WANT TO COME AGAINST THEM NEXT TIME if I am ever born poor and uncomfortable like this!	Leah Unison
14 Jul 2020 at 10:42am	It's as if the rich and the middle class are possessing the poor To be begging and standing In their work positions to pose correctly as if everything is REAL And possible... so that the rich and middle class can purchase and buy things safely In public without the hate and jealousy Because the poor are busy diluted and dreaming with the universe in their minds distracting them in prayer or through their corrupt Actions to each other and to anyone they know and see. This act of the universe is purposeful to corrupt the minds and the spirits of the poor to enslave them to exploit them through mental health issues to enslave them At work for corruption with police and prison and family. And then give them false hopes and aspirations to keep them busy so that they dream on and the rich and middle class people sneak around them laughing at how everything will let that poor dreamer down when they are finished getting what they want through the poor through their fake working positions diluted and dreaming And then suddenly anyone with money vanishes and disappears from that poor persons life because anyone with money would have finished indirectly exploiting this poor persons circumstance through the workforce! To get what they want safely with no hate to them. Give me a gun because reality is That I do not know how people with money got so much respect to get around me like they are entitled to corrupting my spirit and mind to dream so that they get past me... I'm sure most people agree that today's money Is for the poor Not for the rich or middle class And anyone who try's to sneak past us should receive the utmost disrespect and severe penalty's for the damages they inflict on us all for their comfortable life's... 	I don't really have a gun I of course have to pretend to not want to kill these people for the sake of the law But comprehend it's strange to be born in to a world that corrupted your spirit and life to respect other people's cleanliness and comfort and to actually go as far as letting them blind you and get past you... That's not right! I expect an armoury available to me if I am ever reincarnated as a human being Because I agree most people have been CONNED TO RESPECT	
14 Jul 2020 at 9:56am	A strange thought today What if society posed as fake works And never allowed the majority of poor people to keep their job and home all this time To kill poor people and their health and destroy their mental health to then activate the realness of society and its money when enough people are dead and sacrificed to then make certain peoples home life's real? Well this would explain how banks and credit companies are fake and not helpful because they hire people to pose fake so that when coronavirus Corruption and criminals are through with corrupting people poor and dead then homes and work will only be real to the majority of people But this was all premeditated and before I was born That's why People like me don't have access to Buying a home Because people did fake works And corrupted money to block for this long that whoever is born in between Whoever did this is a victim of society I'm not involved in this... I didn't really know about this until coronavirus started But now I'm waking up as to the fake society that demands poor people get up and look busy so that the	Leah Unison

people who have works to buy homes can get up and do it peace
I DO NOT CONSENT TO BEING EXPLOITED TO LOOK BUSY SO THAT THOSE THAT CORRUPTED MY LIFE
POOR TO NEVER OWN ANYTHING CAN GET UP SAFELY TO BUY THEIR HOMES FROM THE BANKS AND
CREDIT COMPANIES

13 Jul 2020 at 7:07am	I had a nightmare whilst I was sleeping last night that I was looking in the mirror and a tea spoon was stuck in my hair And I had green jelly all over my forehead I woke up with shivers all over my Body disgusted. And then had a thought that what if I am reincarnated as an insect bug or tape worm in some other lifetime in someone else's body. WELL I DONT WANT TO BE TRAPPED IN ANYBODYS BODY AS AN INSECT OR in any type of BODY ISSUE OR A SPIRIT In anyone or anything's body I want to be clean	Leah Unison
12 Jul 2020 at 11:49am	I saw an advert for a game Called foot doctor or something like that... Regardless the foot doctor was removing worms from the patients feet. I DONT WANT TO BE TRAPPED IN A HUMAN BODY OR ANY BODY/ vessel ON any planet or universe with worms bugs insects and different creatures trapped and hidden inside of me. I know what that is...if people have things like bugs and tape worms they hear spirit voices in their minds and are abused influentially by god for the trapped worm spirits In their body's. I want to be clean and alone in my body I am the host of my vessel /body I want to be alone and in control	Leah Unison

11 Jul 2020 at 3:09pm	I checked nidhal benaissas company website and played the YouTube videos Of his tutorial On (http://www.multicrewxp.com/) And he is selling strange software His tutorial videos Are showing he is teaching people to fly aeroplanes upside down From the inside of an aircraft I do not understand How he makes more money then me... And how he abuses People so confidently In his life whilst selling cult works And faulty software like this...outsiders (his buyers) are clearly involved psychotically with nidhal benaissa to bully and make whoever is stuck with him seriously mentally sick and damaged I hate to report this but I can't take nidhal benaissa and his nasty nasty bully atmosphere That he creates and The abuse His Products / software are fake People buy it because they are abusing People in his life through his products/ software as a TERM FOR THEIR PURCHASE and HE ALLOWS THEM TO BE NEGATIVE WITH NASTY PSYCHOTIC TERMS TO HIS PERSONAL LIFE AND ANYONE TRAPPED IN HIS LIFE SUFFERS SO THAT OUTSIDERS CAN BUY HIS SOFTWARE AND PRODUCTS WHILST creating corruption to his family AND MORE CULT AND POVERTY. I bet people buy his software and don't even use it Because if they did they would notice that the aircraft They are learning to pilot on the software is upside down when they are piloting	Leah Unison

10 Jul 2020 at 8:53am	A thought crossed my mind this morning About how strange hotels are with regards to employment. It's easy to get a job in a hotel temporarily as an agency worker most times but no one really gets a job in a hotel long term. I believe that the reason for this is because The hotel business is having documentation problems meaning they lie about their income sources revenue and numbers of customers and lie about shareholders and investments. Their Legal documents Must be so fraudulent that they don't like to recruit long term in case people working there blackmail the business to expose what they know if their minds are unblocked to know things while working there. The government should really investigate businesses like hotels and rip them down The hotel industry's get away with Murder crime all types of financial fraud To the point it is more than understood that people become criminally inspired by these hotels and how they are still standing when they legally cannot	Leah Unison
9 Jul 2020 at 4:55pm	Maybe it's corrupt to say that nidhal benaissa and dalila boutarfa should be deported Everyday they attempt to speak Arabic they can't seem to get it right they just take certain english words and twist them around In alphabet and expression whilst making Arabian noises with their throats to stress to people like me that only speak English that they speak arabic They are blagging their Algerian nationality verbally Hmmm....I understand that is an attempt to get their minds right and ready for deportation but Their language is not right. 9 Jul 2020 at 9:02am	I was thinking that maybe I should just attend army selection to just see if I have it in me still To just see how I feel and how I get on because Sometimes people get put down By their influence around the negative environment they live in to believe that they are sick and not wanting things because they have to leave their environment to know for sure. I will contact the army careers office when my braces in my mouth are finished straightening my teeth I cannot apply right now due to dental work being done	Leah Unison
8 Jul 2020 at 11:54pm	It's just straight up HATE CRIME the worst part about people doing this type of HATE CRIME is that they don't hate in person To avoid LAW AND COURT THESE COMPLETE STRANGERS hate and provoke through the works that we all respect AND KNOW TO BE PROFESSIONAL through their indirect posts etc. (Kingston university) I HOPE SARAH BOUTARFA -BENAISSA AT LEAST OVERCOMES AND KNOCKS DOWN KATIA ASSMA BOUTARFA BENAISSA AND BLOCKS HER because I know that katia Assma boutarfa benaissa lets strangers use her to warfare her own family to try to be rich or live a better life Katia Assma boutarfa benaissa sells her soul everyday to a stranger Hoping that it corrupts her family Stupid fat witch I hate her	Leah Unison
8 Jul 2020 at 11:49pm	Ever since I saw the Kingston university website and saw that they were misrepresenting katia Assma boutarfa benaissa claiming that she was a graduate at Kingston university I was disturbed and had all types of disturbing thoughts... Just now I thought What if someone at Kingston university intentionally and intelligently psychotically chose katia Assma boutarfa benaissa to keep her listed on their website as a FAKE GRADUATE SWORN BY THE UNIVERSITY TO BE A REAL GRADUATE to just provoke Sarah benaissas mind for the way that whoever did that UNPROFESSIONAL POST ON KINGSTON UNIVERSITY WOULD BE SOMEHOW knowing that she chose her education over her own identity... And This spiteful person working for Kingston university wanted to blackmail and provoke her spirit by invoking mental health issues in her mind By empowering katia Assma boutarfa benaissa as a FAKE GRADUATE LISTED TO BE REAL ON THEIR UNIVERSITY TO EMPOWER EDUCATED MEN WITH MONEY TO HAVE SEX WITH HER FOR MONEY TO CORRUPT SARAH BENAISSAS LIFE. Well my life has already been corrupted thanks to katia Assma benaissa boutarfa but i can see that this shameless act of Kingston university is provoking NOT ONLY ME but I understand if people are psychotically intelligent about local people's problems and their family's then they would get a sense of what's going on in my life and my family... This is how they provoke people and create mental health issues in their minds...by using professional places and the seriousness of the works to get to the dreamers mind! because Kingston university is expected to be professional For someone like Sarah boutarfa- benaissa this would get to her In the worst way for the way she made sacrifices for her education She sacrificed her identity to get a chance...I hope it doesn't get to her too much: She is still a witch to me and I dislike her But I feel sorry for her with regards to this Because I know people have done this Type of thing to me Throughout my life to provoke Me and block my life by blocking me through the way they exploit katia Assma boutarfa benaissa for years I know how damaging it is And what it took from me I had enough And I hope that Sarah benaissa - boutarfa Finds a way to fight back as well	Leah Unison
8 Jul 2020 at 8:31pm	The only way people survive like katia Assma boutarfa benaissa is through law enforcement and prosecution corrupt SHE IS EXPOSED NOT MY PROBLEM THOUGH I NEED TO GO BACK TO THE USA WHERE PEOPLE ARE NOT DISTURBING MY LIFE THROUGH MY SISTERS	Leah Unison
8 Jul 2020 at 8:27pm	A few years ago katia Assma boutarfa benaissa assaulted me and she did it whilst being high on cocaine I pressed charges on her at Hounslow police station...I told them about her uncontrollable drug issues and even told them to find the drugs on her but they never cared to raid her Or search for the drugs That I told them she had. That is so corrupt. Not only that but I told them and even nidhal benaissa told them about katia Assma boutarfa benaissas voices in her mind Because it impacts him because she uses them to channel to his mind to wrong him...this is why he told the metropolitan police. Because this is corrupt for us to know that we have informed authorities as to katia Assma boutarfa benaissa and her problems and crimes and her psychosis that gives us all hell But I wouldn't be surprised if katia Assma boutarfa benaissa is out there living her life Hearing voices in her mind believing that the voices are instructing her to be a High class prostitute On drugs Dealing drugs and being social as some type of purpose to the police and prosecution services of London UK to assist them through her illegal life Whilst being exposed Of it in their minds to do things to meet people with money to set them up for crimes to elevate the justice system...and I wouldn't be surprised if police are also hearing voices in their minds knowing that this is katia Assma boutarfa benaissas psychotic fantasy as to the reasons why she lives the life she lives in central London.	Leah Unison

I give up
I need to go back to Los Angeles and resume my own psychotic fantasy's

I'm not as pathetic as katia Assma boutarfa benaissa
I would never do crime and beg the justice system and those involved in it to accept my crimes by working around it to excuse myself.
I have my own vision of how things should be and I will make it so...
London is too corrupt and unjust I am not happy in the UK

I can only imagine how katia Assma boutarfa benaissa lives her life doing all that wrong begging to the voices in her mind whilst praying to the voices to create a purpose for the government through her crimes to help her survive
I think she believes she is some type of sparrow (secret STING operation to assist law enforcement to psychotically channel their lives to have access to corrupt people to prison)
That's what I'm thinking because how else is this bitch still alive like this....
The rest of us would have died of coronavirus if we lived like her

8 Jul 2020 at 8:02pm	There is no If or but With regards to katia assma benaissa boutarfa And there is no questioning if she is involved in crime or not. SHE IS INVOLVED IN MULTIPLE CRIMES DUH! She is uneducated Living off of a FAKE PASSPORT WITH A FAKE NAME AND A BIRTH CERTIFICATE THAT IS OUT OF DATE AND TECHNICALLY NOT VALID AND SHE IS not needing her parents how else does she survive? CRIME OF COURSE! I HATE THIS GOVERNMENT AND JUSTICE SYSTEM AND HOW THEY KNOW THIS AND THEY JUST LET HER DO HER THING TO PROVOKE HER FAMILY INSTEAD Of the doing THE RIGHT THING AND ALL OF THAT WRONG AND IGNORANCE IS THEIR INTENY TO WRONG INNOCENT PEOPLE FOR THEMSELVES THAT KNOW ABOUT THIS AND CANT EXPOSE IT. Due to the shame of being psychotic or implying mental health issues of their own and for the sake of the pretentious ways people pretend to know nothing about each other or what the government are doing. IF KATIA ASSMA BOUTARFA BENAISSA IS NOT IN PRISON ITS BECAUSE PEOPLE ARE EXPLOITING HER TO THROW HER FAMILYS LIVES AWAY FOR HER TO REAP THE REWARDS OF DOING THIS THROUGH THEIR PERSONAL PSYCHOTIC INVOLVEMENT WITH KATIA ASSMA BOUTARFA BENAISSA I HAD ENOUGH I WISH SHE WOULD JUST GET CAUGHT AND THE AUTHORITIES STOP EXPLOITING HER TO CREATE THEIR CASES ON INNOCENT PEOPLE OUTSIDE OF MY FAMILY AS WELL BECAUSE I KNOW ALL OF THAT CORRUPTION IS TO GET TO PROVOKE MY LIFE AND EVERYONE IN MY LIFE AND EVERYONE THAT KNOWS OR GETS SMART	Leah Unison

8 Jul 2020 at 7:48pm	I have had enough of police and prosecution enjoying and benefiting psychotically off of katia assma boutarfa benaissa crimes in London and England And I had enough of the way they empower her and allow her to empower herself so that they can target others and play with the way that I don't like it to provoke me and my choices! And my lifestyle	Leah Unison

8 Jul 2020 at 7:46pm	Which makes me remember how Katia Assam boutarfa benaissa has an Arabic tattoo on her wrist That tattoo may be a mark of faith for her...something she did to her wrist as a secret message to her psychotic mind (The voices) that she trusts that people on drug raids like that air hostess Currently held in prison through Dubai via working at emirates would get away with it so that people like katia assma boutarfa benaissa could continue her criminal life in central London just because the press and government choose who they want to bust and keep locked away. I understand it's been over 10 years and katia Assma boutarfa benaissa still never got caught with her drugs She was even selling it in Mayfair while prostituting before...but it's strange how nobody wants to catch her because well...I believe the police and prosecution around her may be psychotically benefiting from her crimes if she is still continuing her dirty illegal life like she is above the law. 6 Jul 2020 at 3:27am	Maybe there is a murderer out there that doesn't want to go through with it anymore So the universe empowered It's victim shouting for help as a way to help whoever is trapped to escape through my mind in my sleep. Well I hope the murderer if it's out There quits and gives up and everyone gets home safely And I hope to get back to sleep soon because whatever this is is not my fault I don't know the details if it's a real dream and real voices I would help But I can't physically help so I am trying to help by putting this somewhere so that the universe can help whoever needs help through the way that I document on the system what I know!	Leah Unison
6 Jul 2020 at	The way I heard an American / Canadian man in my sleep Saying "oh my god" Panicking as if he just realised his circumstance is real!	Leah Unison

2:50am	That Was so eerie and spiteful of the universe I hope the universe is not mocking people That are in danger in my sleep By projecting their voices in my mind and playing their panic and cry for help in my mind like some type of recording and then mocking me for not being able to unblock my mind to know and help people in these circumstances because it just wouldn't be fair The universe is not protecting people and just hurting people for how it doesn't help. I hope that dream and those voices were fake But if they were not and it was the universe Then I hope those people get the help they need to get to safety	
6 Jul 2020 at 2:32am	I was sleeping and had a nightmare that i barely saw in my sleep But i heard in my head while I was sleeping these American / Canadian voices One man and one woman shouting for help And just before I woke up an American/Canadian man was shouting the word HELP Oh my gosh I hope god was not telling me something in my sleep I do not know if that was real Or where that came From But my dream was implying that people were kidnapped or hostage somewhere The last thing I heard was the word shouted HELP BY AN AMERICAN/Canadian accent I hope whoever that is escapes If it was real! 5 Jul 2020 at 8:19pm	I know that nidhal benaissa and dalila boutarfa - benaissa would not want to be murdered and wronged by strangers because of katia assma Boutarfa benaissa and Sarah boutarfa benaissa And their psychotic demands TO HURT AND WRONG THEIR FAMILYS FOR THEIR INDEPENDENCE. ITS BETTER FOR EVERYONE THAT NIDHAL BENAISSA AND DALILA BOUTARFA BENAISSA Leave ENGLAND AND Accept DEPORTation TO ALGERIA	Leah Unison
5 Jul 2020 at 8:16pm	Regardless nidhal benaissa and dalila boutarfa benaissa living in London + England strange like this without their other two daughters living poor and squalid while my corrupt sisters are disturbing their minds and making them stressed and mentally ill is ghetto and trouble! I DONT LIKE IT My sisters could be praying murder cults on all of us In secret and only nidhal benaissa seems to be claiming to hear voices about the negativities of my sisters! I want to go back to LA and give myself a chance to REFLECT their evil right back to my sisters life's And I want my parents to get a chance to do that as well for themselves in Algeria to reflect Like a mirror on To Katia assma boutarfa benaissa and Sarah boutarfa benaissa And return to them their own evil that they believed they were doing to us.	Leah Unison
5 Jul 2020 at 8:02pm	The only way that nidhal benaissa and dalila boutarfa - benaissa would not be deported would be if the universe and people in different community's In London would be conspiring to have me murdered for my hospitality competence and acceptance as to my poverty regardless of what I couldn't do for myself I DO NOT CONSENT TO BEING MURDERED LET ALONE LIVING IN A SHARED LIFE WITH ANYONE LET ALONE SHARING WITH MY PARENTS I WANT THEM GONE To Algeria AND THEY WANT TO LEAVE THE MORE AND MORE THE DAYS GO BY NOW I CAN SEE IT IN THEIR FACES	Leah Unison
5 Jul 2020 at 4:19pm	If I showed nidhal benaissa the website and showed him how Kingston university exploit his daughter to corrupt men in to her bed as a prostitute To keep her empowered and away from them by lying about her graduate life at the university I think he would attack me and pretend that I am Kingston university suffering! I don't want to take that for Kingston I won't show him but the Worst part About living with my parents is I can't even show any of them not even my mum that I know why nidhal benaissa is angry They just Both need to go back to Algeria in good time	Leah Unison
5 Jul 2020 at 4:09pm	That's probably why nidhal benaissa is so randomly nasty Maybe he knows something about these people in the workplaces illegally vouching for katia assma boutarfa benaissa and her untrue life and maybe he knows that people like to empower her As a fake qualified successful person in order to put them down. Well I know that Kingston university are lying and corrupting Educated wealthy men in to katia assma boutarfa benaissas bed to help her prostitute money Become good income for her by Publicly lying about her graduate life through Kingston university Website Well I don't support that! I know that nidhal benaissa and dalila boutarfa benaissa does not support what Kingston university are doing with regards to this!	Leah Unison
5 Jul 2020 at 3:51pm	That is so sick to know that people in university Would Lie about who is a graduate and alumni in their university. It's disgusting because they are lying saying that katia assma boutarfa benaissa is actually legally named as KATIA BENAISSA WHEN HER LEGAL NAME IS KATIA ASSMA BOUTARFA! But it's even sicker to know that these people are empowering katia like this vouching for her education LIVE ON THEIR WEBSITE when she never graduated let alone attended the school and they don't care how they impact katias family let alone other people's family's who would have their husbands paying money to katia benaissas prostitute services under the impression that she is educated like belle de jour on that tv show THE SECRET DIARY OF A LONDON CALL GIRL (Billie piper)	Leah Unison

UNIVERSITY ARE INFLUENTIAL
ITS A SERIOUS LIE TO VOUCH FOR SOMEONES EDUCATION ESPECIALLY WHEN SOMEONE THEY ARE

AND ABUSER

5 Jul 2020 at 3:46pm	(https://graduates.name/kingston_university-2603-252)	Leah Unison
5 Jul 2020 at 3:46pm	I was googling katia assma benaissa To see where she is because Covid-19 is a bad time and she has not needed her parents throughout it and I found That Kingston university added her FAKE NAME Katia benaissa to their list of graduate alumni on their website Well that is CORRUPT KATIA ASSMA BOUTARFA BENAISSA IS NOT A GRADUATE OF ANYTHING THEY LISTED HER AS KATIA BENAISSA in their website Katia assma boutarfa benaissa has never completed school she is unqualified and never attended Kingston university! She majors in sucking dick but that is it she is uneducated! Whoever posted katia assma boutarfa benaissa as alumni and graduate on Kingston university only would have done that to corrupt EDUCATED MEN WITH MONEY IN TO HER PROSTITUTE BUSINESS THIS IS THE LINK	Leah Unison
5 Jul 2020 at 1:44pm	I'm not joking	Leah Unison
5 Jul 2020 at 1:26pm	Life is one big prison Even at home I feel like nidhal benaissa And dalila boutarfa are my cell mates	Leah Unison
5 Jul 2020 at 10:54am	Death by waitressing and hospitality NO MORE I need to get some health and leave this country for at least 5 years to escape this dirty death by poverty system they are running here	Leah Unison
5 Jul 2020 at 10:52am	People die of hospitality and they are murdered because of those jobs That's why in countrys like England when there is not much murderers killing people when they work in hospitality That's why we all notice that people working those jobs get fat and deteriorate and they lose hair and get ugly because the universe wrongs people For what it knows is happening elsewhere in the world...the universe knows that people out there are at work for The way that others work and get killed I don't want to be an ugly worker abused by the universe to accept that people are richer than me Back to Hollywood I go! Without the fame and money but at least I didn't accept a life in the U.K. being silently murdered by bad universal influence that was self destructing my body and my health To make it look like I agreed to it to kill me in hospital to accept my poverty as a silenced citizen	Leah Unison
5 Jul 2020 at 10:47am	I made up my mind I will be finding work in the U.K. to give Los Angeles California another chance because The U.K. is delusional complete socialism I don't want to die of waitressing in the U.K. Through bad health and stress. hospitality kills people It invokes murderers in to a workers life and destroys and deteriorates people that work serving people. I'm not qualified And not educated and my parents should be deported to rest in Algeria. I went to the jail in Los Angeles In 2016 and they have a better prison and jail system than U.K. they offer GED lessons and qualifications (high school education) they even have uniforms That they issue people That stay (They even give the inmates underwear) Unlike England I would rather try again over there In California The system And government is just better over there. England is so stingy corrupt and socialised I think I am too jealous of a person to live a diluted peasant life in England because I really do not see myself accepting it.	Leah Unison
5 Jul 2020 at 10:40am	I found an old pay as you go Iphone that I had years ago and forgot about it and years ago I stored It in a dusty box in the converted garage. I can use that with a pay as you go Phone with a pay as you go SIM card. I feel like my phone contract is corrupting my thoughts in to delusions as to living a better life in the U.K. when reality is I will never afford to keep a decent apartment in England as a prostitute let alone a waitress. I'm no longer paying for my phone contract as of now and will be updating my phone number. I was watching the programme called THE PERFECT MURDER on YouTube It's true cases and true deaths in America The police and prosecutors tell the story's on it And most of the cases they dealt with in victims resulted in the victim murdered being a waitress full time....shockingly yes! There were no prostitutes dying only hospitality staff and housewife's	Leah Unison

4 Jul 2020 at 2:46pm	What a Disgusting Life I need to go back to Los Angeles	Leah Unison
4 Jul 2020 at 12:52pm	The thought I had in my mind all day today is the the nuclear power plants will explode I keep thinking the one in Sheffield will explode first...wow dark times	Leah Unison
4 Jul 2020 at 8:43am	I now think and believe that immigration police have a duty of care to ensure that nidhal benaissa and dalila boutarfa are deported to Algeria in good time. Katia assma boutarfa benaissa And Sarah benaissa boutarfa are playing demonic games with my life and with dalila boutarfa and nidhal benaissa I think my sisters need to go to prison for how they impact and I don't care if they die of coronavirus. I no longer think that nidhal benaissa and dalila boutarfa deported is a bad thing anymore Now that I know how much my sisters destroy them mentally and spiritually	Leah Unison
4 Jul 2020 at 6:20am	I know I would have to send Nidhal benaissa's money to rimah benaissa in France If nidhal benaissa doesn't learn to help others help him. Or depending on wether he is detained prior to deportation I could get the money from Ian Reilly and give it to nidhal benaissa and dalila boutarfa in the centre for immigration detention.	Leah Unison
4 Jul 2020 at 6:14am	Nidhal benaissa creates arguments as well because he wants to make sure that if anything happens to him And if he is deported he wants me to send him his money from Ian Reillys accounts to Algeria He convinced himself I want his money but I don't. Nidhal is evil I want him out of my life I DONT WANT HIS MONEY I would send it to him if he gave me instructions to!	Leah Unison
4 Jul 2020 at 5:44am	Whatever is going on with nidhal benaissa and dalila boutarfa and their demonic/ witch children katia Assma boutarfa benaissa And Sarah boutarfa benaissa Is not my problem I don't care The world just shut down because psychosis is a disease and it's pneumonia! I don't want to be troubled by this drama I need to get on track alone. I just thought to note down that I find it strange that I saw people on that UK BORDER FORCE TV PROGRAM FIGHTing for their life's using their children's birth certificates to remain here in England and nidhal benaissa just sits their forcing himself to be corrupt for his demon daughters (his imaginary friends that don't visit him) And won't show anyone his daughters birth certificate and what people did) Hmmm	Leah Unison
4 Jul 2020 at 5:39am	I asked nidhal benaissa when I saw katia assma boutarfas fake birth certificate If he showed it to the immigration police or the home office. He told me NO he won't show them. Only someone who knows something's wrong with this document/ birth certificate would not fight his case using his daughters birth certificate. That's how I know that nidhal benaissas soul purpose is abuse if he remains here in the U.K. Because he fights everyone and everything to get power for himself but doesn't fight for his rights to stay in a correct way. The way he won't show them katia assma benaissa birth certificate is a sign that something is not ok with him Most people on the verge of deportation going through the process of this would be fighting using everything they can and everything they have to stay. People in his predicament would be flashing that corrupt birth certificate of their children's life's as an excuse...but NO not nidhal benaissa. So what is nidhal benaissa fighting for??? I don't want to dig and know though because I don't care that much!	Leah Unison
4 Jul 2020 at 5:34am	But that's how corrupt he is... he doesn't want to know the names of his demon daughters That's why he is crazy He's just an abusive spirit exploiting thoughts in his mind picking up different Psychotic frequency's And making it his own to survive	Leah Unison
4 Jul 2020 at 5:33am	Nidhal benaissa doesn't even know the names of his demon daughters	Leah Unison
4 Jul 2020 at 5:24am	Dalila boutarfa and I cant even tell nidhal benaissa his daughters Real surnames Because I know that the second I show him the registry documents as to this mess Nidhal benaissa would dismiss that and create an argument about the way that I unblocked his mind to know things and would abuse me based off of the way that I told him! He is inconsolable completely unhealthy and just nasty. Because the actual fact of nidhal benaissa abusing people in his life for his daughters katia assma boutarfa benaissa and Sarah boutarfa benaissa is mostly just an excuse that he uses to just feed in to his abusive nature Because when fighting for them doesn't work for him as an excuse He is a mad man anyway! You can't win with nidhal benaissa	Leah Unison

That's why dalila and I just think nidhal benaissa should go on a treasure hunt to search for his daughters and what they are doing to know for himself (on government record)
Dalila and I do not submit to giving him any explanation because he will fight and blackmail and abuse Us anyway
So nidhal benaissa can go to hell and get out of my country

4 Jul 2020 at 5:19am	Nidhal benaissa Abuse's dalila botarfa because he does not officially know that katia assma boutarfa is a boutarfa he was not there when dalila boutarfa registered katia assma boutarfas birth in Camden UK as a boutarfa He believes she made her a benaissa because someone corrupted katia assma boutarfas surname on her birth certificate to be benaissa completely disregarding Camden registry office and what they have as her surname. Nidhal benaissa was not there when Sarah benaissa was born either so he doesn't know his children let alone his children's last names to be abusing the mother of his kids let alone me for katia assma benaissa boutarfa and Sarah boutarfa benaissa. Dalila and I have had enough of being abused by this man who fights for his life but doesn't know anybody in his life. He kept us all in converted garage to provoke and corrupt us to make us the crazy ones so that he comes out of that crazy state of mind. He wants people of authority to help him get authority over the voices in his head By putting people down in his life to grant himself the Psychotic and practical basic knowledge he skipped out on throughout his life to obtain it all back to get that sense of knowing without going out and doing things like a normal person to get clarity and sanity. He wants to cut the SH*T and abuse and put people down to unblock himself and allow himself to get sanity quickly at someone's peril. But nidhal benaissa should know his other two daughters and their legal surnames before he fights for them for his childish invisible friendship with them.	Leah Unison
4 Jul 2020 at 5:03am	I had enough of nidhal benaissa and his imaginary friendship with his invisible daughters They are his imaginary friends Katia assma boutarfa - benaissa and Sarah benaissa I had enough of their childish psychotic games	Leah Unison
4 Jul 2020 at 5:02am	Nidhal benaissa overstayed in a hazardous place and is shamelessly renting it because he is still psychotically exploiting people in his life through this squalid hazardous place for katia assma boutarfa benaissa and Sarah boutarfa benaissa. He successfully corrupted dalila boutarfa for katia assma boutarfa benaissa and Sarah boutarfa benaissa.	Leah Unison
4 Jul 2020 at 4:59am	I know a few years ago when the plugs started to explode khalid mir told nidhal benaissa to leave the house because it's a hazard But nidhal benaissa refuses to leave and ended up continuing to rent the converted garage I am starting to suspect that nidhal benaissa psychotically exploited this converted garage to have dalila boutarfa sectioned in the psychiatric hospital Through the way that he hears voices and knows that this is what katia assma boutarfa benaissa And Sarah boutarfa benaissa would have wanted. I know nidhal benaissa talks to them through his mind as if they are his imaginary friends and wrongs people in his life for them	Leah Unison
4 Jul 2020 at 4:38am	And then there's the way nidhal benaissa hears voices about the way that people that help him do not want to continue And then he creates an argument with me and dalila boutarfa and creates a threatening uncomfortable environment for us to live in for the way that he doesn't like hearing that people in his life don't like him and don't want to help him. He is a nasty overgrown CHILD he is an animal unworthy of human form!	Leah Unison
4 Jul 2020 at 4:35am	This blackmail with the police to put me out And I swear I will smash nidhal benaissas window and call the police on myself to get myself a bed in prison and ensure nidhal benaissas deportation and homelessness I do not leave this place under nidhal benaissas terms	Leah Unison
4 Jul 2020 at 4:31am	Nidhal benaissa creates arguments by dabbling with thoughts and making his psychotic thoughts his own even when it is not his own thoughts he is hearing he creates	Leah Unison
4 Jul 2020 at 4:18am	What a strange patient he is.... The way that everything is secret about his life except for this diabetes. Makes me wonder...if nidhal benaissa doesn't want to report his psychosis then the diabetes must be something he exploits to stay here as some type of victim.	Leah Unison
4 Jul 2020 at 4:16am	Nidhal benaissa and the voices in his mind is unbearable He needs to leave the U.K. he is not welcome here He is a dirty fake diabetic Because if he would go get an injection from the doctors for years about diabetes AND And wouldn't get help for his psychosis then he NEEDS TO LEAVE HE IS A STRAIGHT UP CRIMINAL USING SOMEONE ELSE'S IDENTITY TO SURVIVE	Leah Unison
4 Jul 2020 at 4:14am	He threatened to destroy my phone Because he doesn't like that I have a smartphone He told me he suspects that i report him somewhere	Leah Unison

	He told me he can feel it But I know he is hearing voices and abusing me for it	
4 Jul 2020 at 4:13am	I had enough of this blackmail and this assault Nidhal benaissa has no rights here I had enough of his illegal rights!	Leah Unison
4 Jul 2020 at 4:06am	Nidhal benaissa Woke me up threatened to assault me Disgusting evil piece of shit I want him deported on my taxes on my life I want him gone He is a sick evil man Dirty old pervert he always wakes me up threatens to assault me	Leah Unison
3 Jul 2020 at 9:21am	I remember a few years ago I was talking to Mohammad amine benaissa and he told me that he knew that my parents would end up with immigration issues Facing deportation in the U.K. or something like that regardless....he told me he doesn't like nidhal benaissa for his choices to remain in the U.K. But Mohammad amine benaissa told me years ago to at least keep £1000 in my savings in case they leave the U.K. because he didn't believe that my life in the U.K. was worth fighting for due to there being so much financial fraud going on in the works of society and the way people and society make financial success such an unrealistic prospect for people like me. I agree I am not a beggar enough to fight to remain here like a diluted...I know too much about society And money to beg while people make it impossible for me to prevail I don't like the benaissa family but I will never forget my conversation with Mohammad amine benaissa with regards to this fight to remain in the U.K. I will start keeping money for emergency to leave	Leah Unison
3 Jul 2020 at 9:10am	(https://www.national-lottery.co.uk/) They sent me an email once stating that 350,000 people win the lottery every yeAr In the UK.. Well if that is true why do I not win 100,000 Or £10.000 every couple years when I am paying for a ticket? The national lottery is a hoax ...a financial fraud work Because if they really Are real about their money I would be winning a bit more than a lucky dip to draw another ticket!	Leah Unison
3 Jul 2020 at 8:44am	I tried to put a couple of pounds in the national lottery UK I did that before whilst I was working a year or so ago I always won lucky dips to keep trying but I never won cash. I need a miracle at this rate so I put money in to national lottery UK because if there is a good god then I would win the lottery or something But if the universe doesn't favour my life to win Then I understand the universe is at work to exploit me but I did the lottery this morning to just mock the universe for the way that if anything happens to me in the future I can always just tell the universe to shove its thoughts in its own black hole and talk to someone that cares...because I could have won the lottery!	Leah Unison
2 Jul 2020 at 8:34pm	I Had to change my trip to Eastbourne for another day I started getting anxiety about going I do not like anxiety because anxiety is some type of restlessness and excitement And I hate it because my spirit is not excited about anything I hate when I get like this over things I don't care about Luckily for Covid -19 I was refunded half the money back By Trainline and got another ticket for cheaper than what I got this morning	Leah Unison

2 Jul 2020 at 12:06pm	I managed to scrounge a cheap train ticket from London Victoria to Eastbourne for tomorrow morning and I would return in the evening to London the same day. I have not been to Eastbourne in a long time. I will be going alone. Not visiting anyone Or anything I am Needing to CLEANSE myself of the past there as I used to live there as a child. My mind has been wondering off thinking about Eastbourne A lot lately and I want to confront why I am distracted mentally by this place. 1 Jul 2020 at 12:58pm	Maybe nidhal benaissa is being negative because he is wanting katia assma boutarfa- benaissa Or Sarah boutarfa - benaissa To give birth to newborn baby's And become mothers so that his mind is unblocked and keeping him busy and productive to take care of himself and to aspire to take care of them and his grandchildren Maybe nidhal benaissa and dalila boutarfa want to become grandparents. He doesn't like me because I don't like children I never want children of my own And I will never have children of my own. I love kitty's though. They are so cute So nidhal benaissa sees me as someone he can abuse to tell the universe he wants grandchildren Through my sisters in exchange for my suffering. I never consented to being this puppet messenger to the universe for nidhal benaissa And I never consented to being abused in any type of way to empower him Or dalila boutarfa as any type of grandparent. I don't care if they become grandparents I'm not involved in my sisters children if they ever have any kids...I would never want to be involved. I want my own life away from all of them. I don't want nieces and nephews in my life. So there you go...I'll put it on my universal credit worksearch Notes to remember this bad treatment I got from nidhal benaissa for the way he would want to be a grandparent. This is as close to the universe as nidhal will get as to asking for what he wants... I know he wants to be a grandparent every time he starts an argument he always ends it with. THE WORD "BASTARDS" I suppose he would prefer it if my sisters gave birth to bastards (children Born with unmarried parents) Because he wants them to understand that they have been living in his surname illegally throughout their life's and they were bastards as well at birth (So was I) What a lovely life to acknowledge	Leah Unison
1 Jul 2020 at 12:10pm	I decided to keep my contract phone because the pay as you go phones are so expensive when purchasing smartphones I do not want to buy a second hand phone because those phones still have old data And old files from their previous owners even when the shop believes they wiped and cleared all previous files from the device. iPhones are still expensive on pay as you go From places like Argos and that is the only smartphone worth having as of now. This is the only Financial contract I am in as of now. Tesco mobile. I felt compelled In to breaking my contracts and financial agreements due to problems at home With being abused and blackmailed In to not having money And credit in exchange for a roof over my head by nidhal benaissa and khalid mir They don't like credit or financial contracts in my life When they hear I have one they start problems and exploit the government authority's to help them put me down or they swear they will do it and build their cases within themselves through their psychotic minds. I have lost so much while living here. But I decided to keep my contract phone because I will not let the bully's win (Not that I did before) But now I will really clamp down on this if they continue to do this to my life	Leah Unison

This is my money NOT FOR MY FAMILY

1 Jul 2020 at 11:06am	Maybe nidhal benaissa and dalila boutarfa would be deported off of katia assma boutarfa -benaissas government pension scheme or partial taxes that she would have allowed herself to pay during her prostitution tax evasion in London's prestigious Mayfair. Regardless nidhal is looking for ways for himself I don't like how he try's to use me So I know he digs within himself to use my sisters So nidhal benaissa and dalila boutarfa are deported to Algeria I want it known that katia assma boutarfa -benaissa And Sarah boutarfa- benaissa are involved in this and consented to it because they know I am present witnessing this and they comply with this because they want to corrupt my stability And my accounts Those ugly fat witches They will get their misfortunes someday I promise	Leah Unison
1 Jul 2020 at 11:02am	And then another strange thought... If nidhal benaissa and dalila boutarfa were ever deported someone would have psychotically empowered that deportation To happen at their own financial peril or Through psychotically surrendering their pension Scheme through the government. Well I am not involved in this. My money is my money I respect my accounts enough to not involve myself in other people's life's...I do not submit to wrong my own circumstance. I do not appreciate how people try to exploit my circumstance and my money to make it look like I wrong myself	Leah Unison
1 Jul 2020 at 10:56am	I never received my tax refund back in those days in the British army because when I left the military I had two other addresses that I lived in short term and then started a life in Los Angeles California Usa It was not HMRC fault I just did not update them on time. So I lost the money But it should be ok though because I am entitled to state pension in 2059 So I can claim it back then.	Leah Unison
1 Jul 2020 at 10:54am	I changed my full names To empower that I would not be exploited by nidhal benaissa and dalila boutarfa I do not consent to being exploited and used to aid and assist my parents throughout their life's now because my dad has overstayed his welcome in the UK at my peril This whole time I do not want to be responsible financially or mentally or physically for his life or dalila boutarfafas life What nidhal benaissa has done In his life is his fault and his problems I do not take blame and will not submit my financial circumstance and my tax history to his deportation and Overcomance I do not want to help support how he escapes from what he did to my life.	Leah Unison
1 Jul 2020 at 10:49am	I remember when I was in the British army I overpaid my taxes And overpaid national insurance and never received a Tax refund. I feel like nidhal benaissa is purposely playing with my mind and my circumstance to sort himself out by abusing me in different ways To distract me while he thinks about himself...I had a strange thought just now that nidhal benaissa may be praying and psychotically in faith that customs and immigration UK deport him and dalila boutarfa to Algeria based off of my taxes! Well I don't consent to my tax account being understood and acknowledged as funds that can be used for mr nidhal benaissa and dalila boutarfafas deportation. That tax is for my pension when I am old!	Leah Unison

1 Jul 2020 at 9:22am	Khalid mir and nidhal benaissa Do not like when they know I save money because they want to exploit my circumstance to make me look like I am to blame for the way I live And they want to look to blame me for the way they live... So when they know I have money they demand I go out and Spend it to look busy so that things look normal at home for them So that no one knows what they are doing. And so they can continue their life's as confident abusers That is what they believe...they believe when I go out it blocks peoples minds from thinking anything bad about them and having suspicions	Leah Unison
1 Jul 2020 at 9:19am	I have actually had enough of nidhal benaissa and The way I am forced to live sharing the dirty converted garage with his ugly presence and THe way that nidhal benaissa sits on his computer On a daily basis clearly not productive most times And not working that hard and then He consistently try's to psychotically channel himself and his thoughts and his empowerment in to my mind to distract disgust and put me down. He's been doing that all year since I became unemployed And when I have a little bit of money He bullys me to spend my money to stay helpless around him so that he can continue that mind abuse and then he builds himself up internally within himself to plot to exploit the police and government services To use them against me to blame me for my financial losses and wreck less spending and inability to save my money as to why I am living helpless around him. There has been times where khalid mir and nidhal benaissa blackmail Me to spend my money Or else they will put me out on the streets...and I have been unable to keep anything to myself to plot to move away from this dirty lifeBecause they Want me to spend my money so that I look busy going out and they look normal at home I had enough! I hate this circumstance I hate them I hate my life in England because of them	Leah Unison

30 Jun 2020 at 5:22pm	Why can't nidhal benaissa and dalila boutarfa go out to dinner or lunch like everyone normal They don't go out together EVER no wonder they live in a converted garage. They have never been healthy like this I hate their life and the way they were never living normal and won't even try	Leah Unison

I need to detach my life And my financial life from nidhal benaissa and dalila boutarfa and cut off all lines of credit and stop getting new lines of credit around them so that I move on. 26 Jun 2020 at 4:50pm	I do not want the universe using my movements and my work life and my fights in life Through feeding the wealth of society and their minds I do not want to empower anybody that has more money then me!	Leah Unison
26 Jun 2020 at 4:47pm	Most days I feel I am bewitched And my mind is under A spell influencing me to want money and success then I work like a workaholic chasing a lifestyle I can never get for myself. I believe that people like me bewitched like this to never achieve is a private Secret exploit of god unwillingly Submitted to do things whilst being understood So that people equipped in their life's Financially can use what I do in my life to mentally steal my efforts through god to make it their own success I always end up working hard for nothing Now I know why God just uses the poor and their movements and their actions to feed people's minds that have money to take action on poor people's behalf I do not submit to being used like this!	Leah Unison
26 Jun 2020 at 12:54pm	Well...today I woke up nuclear aware And obsessed about power plants I would like to know if there will be a disaster in the UK so that I can get the hell out of here.	Leah Unison
26 Jun 2020 at 11:25am	What if other country's worldwide like China know about the nuclear threats in other country's and Helped locked down Countrys worldwide so that nobody gets wise and seeks safety elsewhere By travelling to anywhere other than their own country to face the nuclear disasters. The world locking down is a global corruption if the nuclear mess happens because it's a way to lock us all down to die and keep us all confined and blind	Leah Unison
26 Jun 2020 at 10:41am	Well I had my nuclear radiation suit delivered the other day. I have the full nuclear survival essentials But only 1x of everything to wear	Leah Unison
26 Jun 2020 at 10:38am	I had the ghost radar legacy phone application on and allowed the electronic voice phenomena to pick up Supernatural voices in the atmosphere for some fun because the works are still shut down not many jobs posting as available. And the EVP electronic voice phenomena picked up 3 words instantly Chemical Half Planet Oh my god! I hope this threat is fake. I don't want to be a victim of a nuclear explosion or nuclear attack or equivalent Nobody does.	Leah Unison
26 Jun 2020 at 9:18am	Well...I'm not so angry anymore that I wasn't accepted to detox programmes. I believed in the needles and tubes flowing the water and special liquid agent In to the body to clean it To complete the rehabilitation...as a Treatment for drug detox because of the way that detox is supposed to be inpatient Services for the patients to be monitored. Why would doctors need to monitor their detox patients as inpatients if they are not detoxing their body's with needles and tubes to cleanse their body's? Hmmm...	Leah Unison
26 Jun 2020 at 9:15am	I googled detox methods online for prescribed and non prescribed drugs and understood that I misunderstood the detox procedure. It says on the internet that the detox they offer Nowadays is alternative medications and time as an inpatient to witness no drug taking from their patient...I don't know why But I didn't know this was the treatment... I always believed that drug and alcohol detox programmes consisted of having tubes and needles Inserted in to different parts of your body and the tubes would be putting water and some type of medical agent (liquid)Combined To clean your body :-/ To rid of alcohol and drug particles Oh my god...I am too futuristically diluted :-O Maybe someday this will be the drug detox programme in the year 3000 I actually was interested in this Type of detox that's why I contacted the local detox programmes for help about my prescription...hmm I don't need or want to detox if they are not cleaning my body of any leftover drug particles. I know...I am strange my mind is Present but not in the present it is trying to live a different lifeTime while living this lifetime.	Leah Unison
25 Jun 2020 at 4:38pm	I recall having a conversation with nidhal benaissa with regards to his housing circumstance In the future and he told me he doesn't care About it and how he would just end up overstaying his rights in someone's house As a tenant and he would make them take him to court before he would ever leave their home. And even then he said he would never leave people would have to air lift him from his feet... Dalila boutarfa doesn't like this about nidhal benaissa and I don't like it either I don't understand why he can't just be a normal man and pay his rent and comply with his work and leave his place of residence And tenancy appropriately Because he cannot stay with intentions like this Because that corrupts people like me and dalila boutarfa who would prefer it if nidhal was not corrupt	Leah Unison

because it blocks our minds and our intentions to help ourselves and take care of ourselves
But then I know nidhal benaissa plays these games so that dalila boutarfa and I self neglect and give up so that he is empowered
I know that dalila boutarfa adapts to nidhal benaissa and his ways because she is choice less differently circumstantially compelled.
But I don't want to be a victim like dalila boutarfa I don't want to be corrupted by nidhal benaissas stubborn streak to Assist him to dominate his landlords as an undocumented migrant man in England believing that gods evil on earth will protect him.
I hate how strange and Corrupt he is

24 Jun 2020 at 4:38pm	I sent emails to Ofc public defender aparna voleti and MARK E. WINDHAM Superior Court Judge 111 N HILL ST ROOM 428(A) LOS ANGELES, CA 90012 Today and forwarded them via email my psychiatric diagnosis in England and My Medical clinical treatment notes and informed them as to what I am doing in the United Kingdom And let them both know my financial circumstance so that they can update their Court / public records About me so that if I ever get corrupted to be in America helpless like I always did before..then I deserve a fair judgement at least in court over there. It's not my fault everyone in my life doesn't care about me or my finances. So I chose to care about myself Today and help them keep track of me so that I am at least understood If I can't create a better life for myself To be in England in some type of sensible way. 24 Jun 2020 at 9:14am	The universe is just trying to curse and destroy people's life's by posing as a disease (Coronavirus) so that people die and god can work through others to mask its failures in the dead people's life's so that it can bring in new spirits to its works as humanity to abuse them and refresh itself By erasing all proof of abuse and bad health and so on.... The universe is abusive And it loves people that do not speak or tell on it Because they are easier to kill and mask. Well I will not be killed and masked by the universe quietly The universe is a fraud To its spirits A fraud in its work The universe will not get away with its evil	Leah Unison

23 Jun 2020 at 11:59am	Just finished my dental appointment at Buckingham gate orthodontics the dentist redid the bottom row of my teeth and fixed the issue Phew One step closer to healthier teeth	Leah Unison
23 Jun 2020 at 11:00am	Today I went to Hounslow job centre to collect a TFL APPLICATION FOR DISCOUNT TO TRAVEL I was given one by the man on duty today at Hounslow job centre He signed and dated it and then I collected my statements and completed the application at St. James's station post office in central London right near my dentist where I have to go to now to get that glue on my tooth for the brace to be complete I now have a TfL discount card thanks for the help Hounslow DWP	Leah Unison
22 Jun 2020 at 7:47pm	Now I understand why dr Julia did that to my dental treatment today This is what it says on their website Due to the pandemic, increased protection measures were put in place resulting in greatly increasing our cost. An extra £5 PPE Fee per consultation will be charged during the Pandemic. They just want pointless appointments to inconvenience and make partial money Oh my god	Leah Unison

22 Jun 2020 at 3:50pm	Someone called nidhal benaissa as well Just now about getting his eyes tested he said no and They asked if dalila Boutarfa wanted to go But He spoke for her On her behalf against her will and said NO well I don't like how Nidhal benaissa dictates dalila boutarfas ears and mouth and health And eyesight and rejects help for health as if he owns her He has done it for so long to the point I think she gives up	Leah Unison
22 Jun 2020 at 3:42pm	This is Leah unison I had my appointment for my patient review today at the dentist and had my braces refixed only to come home and understand that the dentist that i saw today did not even put the glue on the back brace to secure	Leah Unison

21 Jun 2020 at 7:30pm	Dalila boutarfa and myself do not like what Nidhal benaissa And khalid mir And yasmin mir Are in to we don't like that these 3 do things to exploit police drs and nurses of nhs based off of what they can tort through their minds as to what they know about these people to make them do things for them through the voices to get what they want done. Because dalila boutarfa and myself do not like or want the drama that comes with those three and how they use people to survive Because everyone knows they didn't have to Be this way	Leah Unison
21 Jun 2020 at 7:27pm	A thought comes to my mind Khalid mir Yasmin Mir And nidhal benaissa Have been taking advantage out of police Drs nurses and people working for government Because they know that those works and buildings are strangely empowered by god and the government invoked fear in people because it takes away their freedom and They have been calling them with fake and corrupt allegations because they are all surviving off of the way they know things about people working for the police And NHS and they want to psychotically blackmail them in to do doing what they want. DALILA BOUTARFA AND MYSELF DO NOT LIKE WHAT THEY ARE DOING TO SURVIVE THROUGH PEOPLE LIKE THIS KNOWLEDGE IS POWER IF YOU ARE INVENTING KNOWLEDGE IS NOT POWER FOR KNOWING THINGS ABOUT SOMEONE AND BLACKMAILING	Leah Unison
21 Jun 2020 at 6:55pm	Finally attending Buckingham gate orthodontist tomorrow morning to adjust the braces in my mouth. I gained weight during the lockdowns I cannot believe it. I weighed in at 43kg when lockdowns began now I'm near 50kg That's not normal! This stress puts me down	Leah Unison
21 Jun 2020 at 5:48pm	I certainly noticed that when the police park up on the side road Near the converted garage where we live or around it or near it...to sit in their cars to listen to the 999 calls to know when to despatch to help people Suddenly nidhal benaissa wants to argue Blackmail and create a homeless situation for one of us and call the police on Me or dalila boutarfa To stand for himself to exploit what the voices are telling him the police are doing Nidhal benaissa does not go out and doesn't physically see where the police are I'm the one that goes out and I see where they are parked up I don't look for it I just always bump in to their patrol cars and the way they sit there In their cars And when I come home it's as if nidhal benaissas psychosis knows what my eyes have seen and wants to exploit that and put me down	Leah Unison
21 Jun 2020 at 5:42pm	Dalila boutarfa told me secretly earlier today that she thinks nidhal benaissa needs to get some help about the voices in his mind Because I told her that I know he hears voices telling him where the local police are parked in the neighbourhood and when the voices tell him where they are parked and listening to the radio in their care And listening in on 999 calls Nidhal benaissa wants to exploit what he knows in his mind that the police are doing to empower himself but at the same time masking himself by exploiting me or dalila boutarfa by blackmailing us to homelessness and telling us the police would put us out. This has to stop and my mum and I agree.	Leah Unison
21 Jun 2020 at 4:28pm	Or it sounds like Kinzie Noordman and kelly Bullwinkle's love interest Damien Guerrero. Were psychotically Bullied through their psychosis and through their community And neighbours to do this Murder scenario to allow exploitation on their life's like this so that the local police that wanted that case To	Leah Unison

become a documented incident would stand down and leave people's life's alone and not Enforce themselves on people of the Redlands neighbourhood in order to unblock themselves and corrupt the neighbourhood To unblock this anticipated episode of the perfect murder USA on YouTube
I think the series is on tv as well
But I don't doubt that those kids were bullied by their neighbourhood
And local sheriffs department or police to complete that murder work so that the law enforcement can pass it on to Hollywood / or tv to make something of other people's life's through the killers and victims visual identity crisis through the actors whom the neighbourhood and police would have empowered blaming god for this corruption due to god not helping people's visual identity's physical looks and the way that god would not have separated people's life's through their vanity to make them unique.
If I had a gun I think I would go and deal with whoever wants me to shoot my friend for a tv episode.
I think kinzie knows better now.

21 Jun 2020 at 4:19pm	After watching THE PERFECT MURDER SERIES ON YOUTUBE (https://m.youtube.com/watch?v=tQ4MG3yzUrM)	Leah Unison
-----------------------------	---	-------------

it's so strange to see that the actors portraying the life's of killers and victims are conveniently looking like the actual people in the real life cases.
People in prison and jail and courts are a conspiracy
They were setup by their lookalikes in America.
This is so strange to know that this is happening in the USA and for this to continue when their is knowledge about this.
People living silent and intelligent is going to kill them if they continue like this.

It's as if those teenagers kill people to purposely go to prison to then get their own look (their own image) ..
Their own vanity...so that they overcome their lookalikes through the Government system.
That is a different identity crisis People do not confess to...because it's visual identity they are trying to get nowadays through the system.

Kinzie Noordman and kelly Bullwinkle's love interest Damien Guerrero.

must have been psychotic knowing there was people out there looking Just like them
And their minds were not offering them prospects that they cared about and agreed to shoot kelly on that episode to be partially understood and obtain their own identity's (own image and vanity through time in prison)

I just can't believe how Kinzie Noordman and the victim jelly Bullwinkle's love interest Damien Guerrero
From California USA Redlands
Had a life like this...they found themselves in murder prospects in prison or death due to the Knowing in their psychotic minds that their were actors out their in California living their life's conspiring to aspire to be a part of THE Series the PERFECT MURDER USA on YouTube looking just like Them in their image

Kinzie Noordman and kelly Bullwinkle's love interest Damien Guerrero.

and these 3 People would have thrown their life's away knowing these actors that look just like them are having more help than them in their life's
So they felt they had to throw their life's away like this!
Wow...

21 Jun 2020 at 3:16pm	And then nidhal benaissa Starts arguments and problems and try's to put blame on me and dalila boutarfa with regards to his software not really selling the way he believes it should. Nidhal benaissa lives in a converted garage his neighbours had the police section his woman dalila boutarfa with intent to corrupt him deported Alongside dalila through police and psychiatric hospital and the home office UK https://www.universal-credit-service.gov.uk/journal Dalila BOUTARFA and I should not be tolerating this abuse from nidhal benaissa ITS NOT OUR FAULT WITH REGARDS TO ANYTHING NIDHAL BENAISSA DOES WITH HIS WORK OR HIS INCOME. 21 Jun 2020 at 2:22pm	There are children in prison worldwide For crimes such as murder rape and things sick just like adults. People in England really pathetic about their children defending them and putting themselves down for them And the world shut down and claimed a global disease CORONAVIRUS and man is still fighting for FUTURE murderous child who complies not innocent in every circumstance TEMPORARILY BECAUSE OF AUTHORITIES EMPOWERED YOU WATCH...when authority's are no more helpful the children will show themselves NO DOUBT	Leah Unison

21 Jun 2020 at 2:15pm	Wg56 TVK CORRECTION THAT WAS THE LICENCE PLATE KEEPING NOTE OF IT IN CASE THERE IS ANY FUTURE PROBLEMS HOPEFULLY NOT I HATE CHILDREN	Leah Unison
-----------------------------	--	-------------

THEY ARE THE ULTIMATE PERVERTS I HATE HOW SOCIETY VICTIMISES THEM
THERE ARE CHILD KILLERS OUT THERE GIVING EVIL EYE
CHILDREN SHOULD NEVER BE FOUGHT OVER

21 Jun 2020 at 2:13pm	That was dirty to acknowledge that children can just sit there causing problems for people By innocently giving evil eye (Not innocent) And their parents think that their purpose In their daily life's and work can victimise strangers Like myself who do not accept that behaviour from any child these kids nowadays They choose to pick on passers by and strangers to their family to empower their parents businesses Minds and housing By posing As victims. The children are predAtors That child I can tell does things like that often for his dad...or against his dad. From the sounds of the way He was shouting at me and blaming me for his psychosis And his bad relationship with god he wanted his thoughts somewhere other than his kids (On me) because I can tell his kids put him in predicaments Where they have bad thoughts and don't control it or tell anyone So he feels like a perverted man not able to control his own thoughts and his kids combined So his way of coping is complying protective for his kids when they are wrong because he trusts that the kids are the faith to his job income and home	Leah Unison
21 Jun 2020 at 2:06pm	Wg56 gvk Is the licence plate of a strange man in a white van parked outside opposite of where I live He had a child that was giving me evil eye and I told his child it's rude to start on people and stare at them with evil eye The man was disgusting and calling me names He was referring to the voices in his own mind Started blaming me for things going on in his own mind to use his son as a defence I told him to refer himself to west London mental health because he can't exploit his children to start problems for him to empower himself above anybody Through the voices that give him a hard time	Leah Unison
21 Jun 2020 at 11:21am	Sarah boutarfa benaissa can get them a business grant as well.	Leah Unison
21 Jun 2020 at 11:14am	I spoke with nidhal benaissa with regards to his business and work and he insists and roars that he doesn't need my help I looked on the council website For grants for small businesses (https://www.hounslow.gov.uk/info/20070/business/2166/discretionary_business_support_grant) Me and nidhal benaissa looked on the website and he checked it And we both agree that katia assma boutarfa - benaissa can do this for him because she is the eldest child out of all of this Nidhal benaissa thinks she is more responsible because he thinks I would spend the money. But there is help out there I can see but I am not the right person to help him with things like grants for his business and I am not the right person to do this for my mum because my eldest sister has her own issues to confront with nidhal benaissa and dalila boutarfa because she bought it on herself Katia assma boutarfa benaissa can get our parents a business Grant Someday As of now I can just ask charity's and churches to help them sustain themselves until katia assma boutarfa benaissa and Sarah boutarfa benaissa Come back in to their parents life's.	Leah Unison
21 Jun 2020 at 10:43am	I was looking for help online for charity's to see if I can ask for help in getting nidhal benaissa a new pc desktop drive and a new monitor So that he can work better. There are so many charity's in the UK But the websites are all blocking people from asking for help. The websites of charity's look like props All they are claiming on the websites is that they are fundraising and that is all... They are all existing as charity's and posing as if they are helping people but I believe that these charity's are keeping things and keeping money and using volunteers as props To look busy and to help block people from becoming wise to Know how they just are corrupt So I Sent an email this morning to ask Sam from Christchurch in feltham to see if they can help Or if they know someone or Know another organisation that can help Because nidhal benaissas business is what Keeps a roof over my head So I need to find some help to replace his current computer because it gives him problems because it's old. 20 Jun 2020 at 10:32pm	My neighbours have been leaving Electrical objects outside for people to take what they want I picked up a free working TV how lovely :)	Leah Unison
20 Jun 2020 at 10:16pm	I wish nidhal benaissa would just buy new computers and tech equipment for his softwares and businesses Why can't he just upgrade himself and His work and do better for his life and business!	Leah Unison

20 Jun 2020 at 1:46pm	Nidhal benaissa and khalid mir conspire to have arguments with me So today I needed the hot water and khalid mir said no And ignored me So that nidhal benaissa can react and threaten to call police again Disgusting these men belong in prison	Leah Unison
20 Jun 2020 at 12:29pm	They should be finding Madeline McCann soon	Leah Unison
20 Jun 2020 at 12:08pm	The newspapers are still wondering where Madeline McCann is I do not understand how Kate and Gerry McCann are not still suspects as to the disappearance of Madeline McCann Kate wrote a book about Madeline McCanns torn genitals being sexually trafficked in Portugal She is clearly involved in this case	Leah Unison
20 Jun 2020 at 8:25am	I had weight problems Body issues my whole life because of my family issues and the way they exploit me. And I hate the way they exploit my life And my spirit Even when they are not around me. They did this knowing they were not welcome to do this to me in order to get their own life's and then they throw my life away until next time they need to exploit it. That's why I'm calling my sisters fat witches. I'm allowed To call them this because I suffered....My body suffered My sisters are negative because they caused suffering for peoples life's to spread through my misfortunes and losses And they achieved that through nidhal benaissa and dalila boutarfa I couldn't stop them because I was not knowing about this until a year ago..or something recent like this..this is why I'm thinking about it like it is fresh and feeling like writing it down somewhere. My sisters should be fat and ugly eternally for what they have done to people through my life...through the family. Well..this is a journal that helps And writing like this is helping my mind and spirit clear my thoughts to go back to work. I am not feeling as blocked in my mind as I did before.	Leah Unison
20 Jun 2020 at 7:53am	And a thought comes in to my mind again... Maybe nidhal benaissa was empowered over my health and Got to empower his existence in England with intent to survive here through theft of my prospects In England (he did not have my consent and he still does not have my consent) And He wanted to stay In the uk to wrong my influence And mental health With his presence to fight to remain in the UK while I was in foster care Diluted believing I had moved on because my sisters katia assma boutarfa - benaissa and Sarah boutarfa - benaissa Lived their whole life's illegally naming themselves benaissa in their surnames when their birth registry was boutarfa...I suspect my sisters live their illegal life's like this because they wanted to help nidhal benaissa do this to my prospects My career and home life to hear me Being put down so that they believe in themselves Those stupid ugly fat witches I call them witches because their spells are not working they will receive this on themselves	Leah Unison

19 Jun 2020 at 3:46pm	Khalid mir had nidhal benaissa sign for his Iceland food delivery Wow khalid is rich There's me getting food from food banks Delivered because of a disease on the news locking down the world and khalid mir is upgrading his life since yasmin mir left and now he receives food delivery from superstores Such as Iceland on benefits. 19 Jun 2020 at 11:36am	Nidhal benaissa and dalila boutarfa are not being adult about themselves They lay no boundaries and allow disrespect in to my life through people they know in to my life And I do not like it and I do not submit to this abuse. 19 Jun 2020 at 10:52am	I don't like being here when dalila boutarfa is having her injection done with west London mental health I always go out and avoid the nurses I don't like my parents and their life's I want them gone	Leah Unison
19 Jun 2020 at 10:50am	Nidhal benaissa fought me off of the shower this morning to have one for himself Khalid mirs children are at home Alone and when I got in the shower the kids heard and turned off the water so that they can help khalid mir ask for more money from nidhal benaissa This is how khalid and his children hustle people for cash	Leah Unison
19 Jun 2020 at 9:37am	The nurse from west London mental health is coming today to the converted garage where me and my parents live to inject dalila boutarfa with antipsychotic medication. I didn't know but I found out my mum has the option of getting her injection at the clinic / hospital but my mum tells them she is depressed and tired and fatigue and sick so that's why they come to the converted garage to inject her. 19 Jun 2020 at 9:33am	Some companies - jobs want people with 2-3 references Prior to accepting them for a job. I cannot take how these companies want references to employ people Because I know that their request for references is based off of wanting to know people in their Candidates life's as a psychotic method to be able to have access to the minds of people who know their employees to have help putting their employees out of their businesses or to get their employees in trouble to unblock their businesses and it's potential. The ultimate sign of a corrupt company and bad business is when they want references because their need to want to trust you Through others is them telling you to Go through the process and submit to their business with intent to accept and learn the hard way to not trust them In the end and walk away from it and say nothing. When I have been in circumstances like this I found myself never getting the job because my mind must be telling On my intent To expose the fraud of the workforce and how it operates through their instincts in their minds. 18 Jun 2020 at 2:49pm	Nidhal benaissa is so dramatic The way he starts fights and expects someone to call police and ambulance To imply he needs some help and then doesn't Accept the help. When he could just go to a walk in clinic in a hospital and ask them to help his mental health Most hospitals accept walk in appointments From people with mental health issues and depression and suicidal tendencies and give them a bed and provide medications But nidhal benaissa wants a proper Dramatic show about his life dramatising his issues and his needs when he can just be a responsible adult and confront his health and mental health issues without disturbing my life and His landlords life's And dalila boutarfas life I wish he would just grow up	Leah Unison

18 Jun 2020 at 10:38am	Katia assma boutarfa - benaissa And Sarah boutarfa benaissa Both belong in prison	Leah Unison
18 Jun 2020 at 10:35am	And a thought crosses my mind... What if katia assma boutarfa (benaissa) And Sarah boutarfa (benaissa) Are mentally disturbing nidhal benaissa to exploit what I am doing through his bad behaviour and abuse to me and my mum to be granted the psychotic intelligence to comply with themselves and their life's away from us all...well I do not give katia assma boutarfa (benaissa) And Sarah boutarfa (benaissa) consent to take care of themselves using anything that I am doing and I know that my mum would agree with me with regards to not wanting them to exploit her to take care of themselves I don't care what nidhal thinks. And also I realised that katia assma boutarfa (benaissa) And Sarah boutarfa (benaissa) Know that nidhal benaissa And dalila boutarfa Have been inactive citizens of Algeria And have not been actively practicing their identity's and legal government documents for over 20 years So I know that deportation would be ideal for katia assma boutarfa (benaissa) Sarah boutarfa (benaissa) If it happened to nidhal benaissa and dalila boutarfa because they want their parents to go To Algeria and get their identifications And documents ready before calling them back to the United Kingdom to create more problems trouble and corruption in people's life's. Because I know that my sisters want to exploit the way that nidhal benaissa and dalila boutarfa went to their country's to sort their life's out to gain understanding as to themselves sorting themselves out in the United Kingdom. Sarah and katia are unblocking themselves to Do things In the uk through the voices in their minds that relay what's going on in my life and their parents life's and they talk to it to dictate what happens. They are just ugly witches Always have been I never really knew how ugly and how witch they both are until I lost everything I ever wanted to live about and spent years trapped in severe poverty with my parents While they lived suspiciously better than me always	Leah Unison
18 Jun	Well this is disgusting...prior to applying for a job this morning I saw a tabloid story on the internet (the news	Leah Unison

2020 at 9:39am)
That someone named Christopher Clark Jones, 36, was sentenced to life imprisonment in 2007 for the murder of 17-year-old Morgan Shepherd in Australia and was just NOW DEPORTED BACK TO THE UNITED KINGDOM AND RELeased only to be put in an offenders register in the uk and let go of...
According to the news he decapitated his victim took her head off and Australia put him on a PRIVATE JET BACK TO THE UK
(That is sick...other people would have been put on hold in a cell to wait for an airline flight to the uk)
THERE IS NO JUSTICE IN THE WORLD
AND THE WAY WE ALL RESPECT AND SILENCE EACH OTHER
I WILL NOT BE SILENCED TO RESPECT.

17 Jun 2020 at 5:08pm Well today...my mind got clarity and became clear as to nidhal benaissa and his state of mind and what is impacting his mind to abuse me and dalila boutarfa
I only just became spiritually and mentally conscious in my mind that katia assma benaissa and Sarah benaissa are living their life's out there on their own Without their parents and illegally exploiting the benaissa surname in their daily life's and in their government documents and in everything they do to impact nidhal benaissas family through their life's to empower the way nidhal benaissa and dalila boutarfa would be deported and they cannot deal with their 2 daughters at another time or day to clear it with them that they have an identity crisis on their legal government documents that illegally represent them as benaissa when they are indeed boutarfa.
So this is what is influencing me to want to leave PERMANANTLY
And this is what is creating police and drama in my life because nobody is trying to stop my sisters to have them look at their life's and their identity's
I hate my life
I hate my sisters

Leah Unison

17 Jun 2020 at 4:30pm Katia assma boutarfa
Never did a deedpoll through the royal courts of justice And never handed it in to anybody to declare how she was renamed after her birth registry states that she is a boutarfa not benaissa or with anybody to reserve the right to be named Katia assma benaissa.

So I am looking at Sarah benaissa like...Sarah chose to be a benaissa as well in her last name.
I find that so strange because sarah benaissa was born in Ealing hospital and only my mum was at the hospital signing her existence as valid and I know that my mum alone in the hospital giving birth would have been dalila boutarfa signing Sarah in as born as Sarah boutarfa....due to my dad that day refusing to go to the hospital with her.
I know she was upset
Nidhal is a dirty ugly horrible man!
I do not help him abuse her.
But I believe my sisters call themselves proud benaissas in their names Through their documents and identity's and everything they do illegally exploiting that surname so that they psychotically communicate with nidhal benaissa in his mind through their own psychotic actions and their own voices in their minds.
Katia assma boutarfa (benaisa)
And Sarah boutarfa (benaisa)
Are clearly illegally wearing the names benaissa on their surnames and using that name to mentally bully dalila boutarfa through nidhal benaissas abusive actions and abusive circumstance to keep dalila boutarfa and I neglected.
Katia and Sarah abandoning the boutarfa name illegally is them guilty of exploitation and cult.
My birth certificate is from France
When I was born
Both nidhal benaissa and dalila boutarfa were at the hospital in aix en Provence delivering me at birth and the mayor of France at the time signed my Birth certificate As Linda benaissa
(I know my dads controlling ways so I know that because he attended my birth in France with my mum at the hospital that dalila boutarfa granted his surname to be my surname legally)
Unlike my sisters
But with regards to Katia and Sarah they allowed abandonment to their boutarfa surname and took on benaissa as their surnames illegally and unofficially because they saw ways that they could elevate at dalila boutarfa and my expense through nidhal benaissas unproven psychotic cooperation with their psychotic demands relayed to his mind through the voices that they know he hears

So Katia and Sarah better sort out Their identity's and their priority's because their psychotic attempts to empower nidhal benaissa by illegally wearing and representing his surname in their life's while being away from him is clearly intention they would have to corrupt their own mother and sister (me)

17 Jun 2020 at 4:01pm I just realised that the record of what I found on my sister that I copied and pasted on my work search notes the link doesn't work when you break links with the website but You can search anybody on that website to see where they are registered at birth
This is how I found that information
On Katia assma boutarfa (benaisa)

(<https://www.freebmd.org.uk/>)

Leah Unison

17 Jun 2020 at 3:57pm I looked on the internet my sister katia assma benaissas birth records and saw that it was dalila boutarfa (her mum) that registered her birth in Camden London UK when she was born

(<https://images.freebmd.org.uk/cgi/choose.pl?p=OFHS-03%2F1988B-B->

Leah Unison

That is the internet image I found on the website
Katia assma benaissa lives her life in the benaissa surname As of now though.
But according to the register of her birth
On this website (This website is legit)
I searched other people I knew to know if the information is real.

(<https://www.freebmd.org.uk/cgi/search.pl>)

Katia assma benaissa is Considered to be actively living on a fake UK passport because she is supposed to be documented On her passport as Katia assma boutarfa due to her birth registration in Camden London UK stating that this is her name At birth.

But nidhal benaissa showed me that he is holding her birth certificate (Fact he actively holds her birth certificate in his oyster bus pass wallet)
And I saw on Katia assma benaissas birth certificate that whoever created her birth certificate At the time when she was a baby made her a benaissa in surname completely ignoring her birth registration in Camden London UK and did not comply with legally representing her at birth through her documents from London Camden UK registry office.
I also noticed that on Katia assma benaissas birth certificate the witness that empowered that birth certificate to sign it so that it became official government documentation stated tHat Katia assma benaissa (boutarfa) birth certificate was signed 1 year before she was born.
The witness signed her birth certificate as valid with the wrong year.

Katia assma benaissa is complying illegally in her identity As of now because she allowed her birth certificate to dictate her last name to benaissa when she was registered to live her life as Katia assma boutarfa in Camden London registry office uk
There is negligence and identity Issues in my family.
And nobody cares

17 Jun 2020 at 2:03pm	I do not understand why Nidhal benaissa Rations dalila boutarfa money to watch her... This is why she is depressed and just not going out Because if I am not here No one would care And she would just be a hostage of this man that's pretending to be her husband To the doctors and nurses that treat her like she is crazy in the psychiatric hospital. The psychiatric hospital comply with nidhal benaissa lies as to his married life with dalila boutarfa the doctors and nurses are mentally ill because they are like this. There is a serious amount of police reports about domestic violence at Hounslow police station With regards to Nidhal benaissa So I do not understand how people are shameless and sick to support him let alone khalid mir when he is wronging someone Especially my mum and me	Leah Unison
17 Jun 2020 at 1:54pm	Dalila boutarfa does not have money Nidhal benaissa gave her £80 for herself And uses it to bully her down to watch her life with this petty money so that if she uses it He uses that to abuse her to empower himself that's why she let me borrow £40 until I get my benefits in my account. Nidhal benaissa gives dalila boutarfa petty money Like this to watch her As to what she does with it to abuse her depending on the voices in his mind and depending on katia assma benaissa and Sarah benaissa and what they are doing to his mind. This is why it's essential I give the money back to my mum because she really needs it back. I don't like how Nidhal benaissa has all this power over my mum and me But I especially do not like how Nidhal benaissa intelligently gives dalila boutarfa Petty money That he knows does not make a difference to her life But he only gives it to her to watch her choices and her spending to see if it empowers him. That's why he doesn't want to give me any money because he doesn't like that I would spend the money empowering myself...he created a circumstance where if he gives my mum and me money Then Nidhal benaissa expects us to beg and empower him and his authority over our life's through the police	Leah Unison

	and local authority's by letting them corrupt us I do not submit to this sick treatment And I know that dalila boutarfa does not submit to this sick treatment either	
17 Jun 2020 at 1:46pm	Throughout this month I had to borrow £40 from my mum to give it back to her on Monday Noted (Monday 22nd June 2020 give mum her £40 back when receiving benefits) This life is ridiculous	Leah Unison

16 Jun 2020 at 10:20pm	When I was a child katia assma benaissa lied to me and said that it was dalila boutarfa that took nidhal benaissa from his family and forced her way in to his life and his family to bring him to the UK. But now I am understanding that nidhal benaissa is exploiting dalila boutarfa lying about being married to her in England through immigration to be deported to Algeria with her to create some type of bondage And a life with her through government documents In England falsely stating that they are married so that he can force her to come back to the UK with him to start this negative all over again at another time. I don't think dalila boutarfa wants this for herself. Nidhal benaissa doesn't respect her and her life and her health to be keeping her dirty like this In a converted garage and putting us all down for himself Whilst expecting her family in Algeria to house him if he has problems with his own Housing in Algeria or problems with his family That is nasty of him He provides a squalid accommodation for her he doesn't really give her money for that type of expectation from her family and her home in Algeria Nidhal benaissa is just needing to understand what he has done to people to be where he is right now And instead of continuing this abuse he has to stop it. And acknowledge his options and not expect too much from people he wronged or wrongs.	Leah Unison
16 Jun 2020 at 9:50pm	Today nidhal benaissa threatened to section me in a psychiatric hospital And told me I will end up like my mum And nobody will care And people will help him do this to me like they did to my mum...allowing her to be around him knowing he is violent And that was disgusting to hear coming from a dirty old exploitive man who fought to stay in this country to destroy me. I want him deported and I want to leave the United Kingdom for good! I will be sure to make full use of the psychiatric amenities in Los Angeles California To let them know about my life in the uk The way I was living dead amongst people Who spent their time working their psychosis to keep me down. I'm not saying the people are better in the USA I am just saying that I do not like the authority's In the UK for empowering my dad to use the Government system to exploit and blackmail me to his life And I hate the way they imply they are helping the circumstance by putting me out of his life Through his blackmail and threats knowing I can't get my life If I left suddenly. This is a cult controlled by authority's And people in uniform because these jobs are open to people and the public do not stick to their jobs They are in and out as recruits in government jobs. My parents need to be deported I need to see this through until they are gone And Then I will leave and hope to never come back	Leah Unison
16 Jun 2020 at 8:36pm	About 2 days ago At 6am the police were staging an assault arrest outside the converted garage where me and my parents squat and live (it sounded so fake) So when the police are out and about like this doing fake arrests this provokes my dad to create a circumstance for me or my mum to put us down Through the police authority. To validate himself as a worker and responsible person in the United Kingdom so that they don't deport him and he overcomes me after exploiting me through people that help him After fighting to remain to steal my prospects and rights as a citizen of the United Kingdom If the police were guns then nidhal benaissa is trigger happy wanting to join them In corrupt acts without the uniform to get his rights And authority over people In the uk without the power of documents And identity And then he gets worst when he has the documents and paperwork and identity that he needs to really up the anti on what he is doing. I don't think nidhal benaissa Trusts his life in the United Kingdom if he is not this man empowered prior to legally immigrating to the uk officially	Leah Unison
16 Jun 2020 at 8:22pm	Since the lockdowns I really have been reconsidering just getting a low end job and getting away from here again I don't want to be in England anymore This poverty England is poor playing monopoly With the poor and misguiding then to dream and empowering gangs in suits and they dream to create money and wealth in groups I do not want this life in England dealing with my parents and government authority's that think they can empower themselves over my life in such a dirty stingy country that lies about work being real People get strange mortgages not because they work hard in England it's because it's dodgy dealings Yes I don't want to stay in UK	Leah Unison

16 Jun 2020 at 8:18pm	This psychotic attachment that nidhal benaissa has to Hounslow police station In his mind and the authority's has to be dealt with In a psychiatric ward. He is such a nasty man always looking to power trip and abuse his relatives to become authority himself to the point I am really starting to believe that people working for the authority's and the west London mental health are psychotically Mentally just like nidhal And he has given me reason to believe that they are hearing about him In their minds and agreeing to the voices in their own minds to back him up to empower themselves. That's why nidhal benaissa would have so much confidence. I am starting to hate England again	Leah Unison
16 Jun 2020 at 7:55pm	I tried to call west London mental health crisis team to talk to them about my dad and the voices and what help he can get But they hung up twice And he is psychotically knowing things like this. That's why he is such a dirty man	Leah Unison
16 Jun 2020 at 7:53pm	I tried to call west London mental health Crisis team on 0300 1234 244 And they hung up the phone on me twice Maybe that's why my dad was a dirty man treating me like that because he might have heard voices in his mind telling him that they at west London mental health would not pick up the phone knowing I needed help	Leah Unison
16 Jun 2020 at 7:46pm	Nidhal benaissa has problems with the voices in his mind and then he try's to power trip over me and my mum that rely on the roof he provides over our heads And wants to make us suffer for the voices in his mind when they are not good to him. He uses the Hounslow police to invoke fear of homelessness on us both So this means that Hounslow police station are involved psychotically in this	Leah Unison
16 Jun 2020 at 7:43pm	When the voices in his mind are unkind to him he creates a problem And argument with me and dalila boutarfa and blackmails is To call the police	Leah Unison

16 Jun 2020 at 9:48am	I entertained it on my notes because I found it strange that it influenced my life before without me knowing. But I do not want to be influenced by this strange phenomena on my phone to travel and be strange and paranormally poor and homeless	Leah Unison
16 Jun 2020 at 9:47am	Ghost radar legacy And ghost radar classic iPhone app. Is a Paranormal recruitment agency supernaturally instructing people to travel And work. Maybe watchdog know about this evp and are watching British airways because they know about this strangeness That's covid-19 on the electronic voice phenomena I have never been on a cruise before I think when I travel I will make more effort to travel by ship. Planes are crashing too much nowadays	Leah Unison
16 Jun 2020 at 6:58am	Maybe the coronavirus disease is speaking through the ghost radar as an electronic voice phenomena to recruit people for airlines to have them believe in the disease to see it as a health. Well...let's see.

15 Jun 2020 at 8:39pm	Well travelling like this will be exciting if it happens	Leah Unison
15 Jun 2020 at 8:39pm	The electronic voice phenomena is referring to Carlos And the word powder Came up on the screen So the evp is warning me of someone stinging me about drugs.... Well I'm noting this down because This app did not lie last time I did go to France and Italy unintentionally meeting Paul at work So it's worth reflecting on if I lose my mind and end up in the wrong place and wrong people in my life	Leah Unison
15 Jun 2020 at 8:30pm	The electronic voice phenomena warned me of a man named Carlos The app called him a bee I suppose he is some type of a STING Of some sort... Bees sting The app is referring to a setup	Leah Unison
15 Jun 2020 at 8:18pm	Well If it's true and the universe does speak through an electronic voice phenomena on my phone Then it told me my interests...I was already interested in this life travelling. So I will go ahead and remove my tattoo on my wrist and apply for British airways when it's time. I would laugh if this worked and I came off of benefits due to a ghost radar Electronic universal voice phenomena prediction on my phone :) Well these are dark times We have to try to look to strange things to survive as people this poor I suppose	Leah Unison
15 Jun 2020 at 8:05pm	It's saying I will go to Chicago Illinois Canada Paris It's saying I will travel the world The app said the universe supernatural voices said I will live So I should really go ahead and get rid of my tattoo when things reopen and apply for British airways Lol	Leah Unison
15 Jun 2020 at 7:59pm	I thought to document ghost radar because years ago it predicted my life on my phone Without me forcing the predictions to happen. So I'm noting Down names that it says So apparently I will be meeting someone named Danny And Tim So the app says that we have courage and we will be cold with blankets That sounds like a job in aviation...	Leah Unison
15 Jun 2020 at 7:51pm	I tried this app on my iPhone Called ghost radar classic It's an app that detects supernatural voices around the room. I suppose it's designed to project the universes voices through its electronic voice phenomena. I tried it a few years ago and the app predicted that I would go to France Italy and meet people called Paul and John I was so poor at the time and didn't know how I was living my life let alone travelling. And then I ended up travelling to 7 different countries including France and Italy on my own. It was unintentional I did not do those things remembering the app told me that I would do it. But this time ghost radar is supernaturally foretelling that I will meet someone named TIM And travel to Africa America - Florida and Mississippi to be exact Australia France Japan And other PLACES That is so strange. I did not intentionally follow the ghost radar predictions before Things just happened PREVIOUSLY when the app said I would meet someone named Paul.. Paul ended up being someone at work My manager at the lensbury hotel in teddington And then there was someone else the app mentioned but it all came true. The universe speaks through this app it's so funny Internally not externally Well...I hope if I lose track of my life mentally and end up where this app is telling me I will be... I hope it's All positive.	Leah Unison

14 Jun 2020 at 11:04am	(Personal note) I did not know that Christianity was a faith that people have as a way to worship god to create itself life's for itself to live as a human being amongst us all. Yes baptism and religion is NOT FOR ME I do not believe in conjuring god In prayer and faithH to accept that god will live amongst us Posing as us because that is dirty That is sick Because god living amongst us is negative Especially if it takes the form and presence of us... I see that as god would be a mortal ENTITY. God is a criminal because we are all lost and poor God is psychosis God is problematic more than it is a solution Because god is also the elementS Earth Wind Fire and air and that hurts us. I do not believe in god living amongst us I repent I would kill god if I ever knew it dared to live amongst us God cannot live in human form richer than its spirits Because it's inspired to do its works through spirit We do not owe ourselves to allow god what it wants. It would be a criminal offence to entertain a supernatural being living amongst us all in our form posing as us. So how's that for a Sunday morning preach...	Leah Unison
12 Jun 2020 at 3:02pm	Ariana Grande and Justin Bieber have denied allegations made by the rapper Tekashi 6ix9ine that they bought their way to the US No 1 spot. 6ix9ine claimed that the pair – who are both managed by Scooter Braun – had bought 30,000 copies of their charity single, Stuck With U, to enhance its chart standing. He further claimed that sales of his single Gooba were discounted, resulting in it charting at No 3. This was copied and pasted from tabloid/ press story online. These people Managing Ariana grande and Justin bieber commit money laundering and fraud And lie about their efforts in music to look like success They should fall off and go to prison like the rest of us. The FBI should be investigating this The police and cps should be investigating all celebrity's of their finAnces their strange life's in mansions make no sense to the law and society	Leah Unison
12 Jun 2020 at 2:59pm	Copied a pasted from Internet tabloid news - Ariana Grande's got a lot more space to keep all of her favorite things. She just bought a nearly \$14 million mansion on one of the Hollywood Hills' most prized streets. It seems Ariana Grande did some real estate shopping while California was under quarantine. She's now the proud owner of a \$13.7 million mansion with all of the luxury amenities an A-lister like her could want. The 26-year-old singer's new home is on one of the famous "Bird Streets" in the Hollywood Hills, as the location and views from just above the Sunset Strip are some of the best in the city. Her new modern-style abode has over 10,000 square feet of space on a .35 acre lot built into a hillside. She's also got hunky new neighbors, including Leonardo DiCaprio and Keanu Reeves, our sister site Variety reports about Ariana's purchase. MY QUESTION IS HOW does ARIANA GRANDE BUTERA GET AWAY WITH MONEY LAUNDERING LIKE THIS WITH HER MANAGEMENT BECAUSE WE all know she sells \$0.99 per track in her singing. Nobody buys music nowadays iTunes are exposing the fake wealth of these celebrity's and their crimes because people subscribe monthly for unlimited access to music. So how does Ariana grande afford a place like this and not get arrested and the FBI DO NOT INVESTIGATE HER FINANCES BECAUSE I KNOW IF I DID THAT THE FBI WOULD BE ALL OVER ME AND MY FINANCES	Leah Unison

10 Jun 2020 at 11:55am Who knows...maybe ray is in on empowering strange gang affiliation to my life and to my parents through exploiting my parents as well.
All types of people are involved.
So maybe rays intention of seeing my dad today is why I got slightly smarter.
But that's why I felt I had to take his licence plate because I was not wise until he began his intent to comply with my dad like this a few days ago...

Noted down rays car licence plate in case this man is corrupt
Because his behaviour with his wife today as to this computer service for free is STRANGE
And not good!

Leah Unison

10 Jun 2020 at 11:49am My dads so called FRIEND RAY
dropped off a proper computer in a box for my dad to check if it is working FREE OF CHARGE!
The box is half my size!

Whilst sitting in his car with his wife
Waiting and putting my dad to work for free
His licence plate is

Fj16 x0D

I found that very strange that he would make a circumstance like this for my dad to look at his computer that is not a laptop it's a big PC COMPUTER DESKTOP
it's strange for him to pull up in his car with his wife like psycho Feeling like he is entitled
How dare they!

Leah Unison

10 Jun 2020 at 11:23am I am not gang affiliated
I am not involved
And I will not let anybody tort or abuse me like that for any type of gang or criminal herd that is plotting to happen in London
I do not empower them!
I hope they die of coronavirus pneumonia etc

Leah Unison

10 Jun 2020 at 11:22am If katia assma benaissa
Is actually gang affiliated psychotically
In her mind.
Then that would explain the illegal confidence in everyone in my life that threatens my housing and safety and income
Because they would be psychotically involved in negative thoughts such as gang affiliation empowering intentions of that to wrong me in some way in my future to keep me down in fear or in other methods

It's a tactic
As long as I'm down
I think nidhal benaissa and khalid mir use This method on me and on people because they know that katia assma benaissa is gang affiliated Also known as Supporting them to be like this for her if necessary through Her active involvement In drugs and sex work in central London and is psychotically at work negative to empower people like this to continue their work Of abuse without her.

10 Jun 2020 at 10:34am Come to think of it...when I left for Los Angeles California
I checked the escort business in London on the internet and saw that there were so many new escorts recruited after I left.
That is no coincidence
After the London looters happened they all went in to hiding because the police did not catch everyone
Then the prostitutes We're starting To get psychotic to escort and sell their body's knowing that if their business failed
Then they would have faith in the rebels of London that destroyed the city and await their time to rise to the financial occasion later when we least expect it.
I understand the prostitutes in the uk are down in business now but they trust that the ones that got away with the London looting will help them get back on track financially.
You see...these are dark times
I do not want to be a escort/prostitute
Especially not in England
I bet these prostitute beggars are just about snorting their
Cocaine depressed that the hotels shut down and are costing them money but they snort the drugs trusting that the London looters stay rebellious and pick up works and fear in people to replenish the money and

Leah Unison

drugs they lost to coronavirus
This country is not in a good place
I hope this gang activity is just all in my mind and doesn't become a reality

9 Jun 2020 at 8:47pm	Well...I think my sister katia assma benaissa psychotically contracted with London looters in her mind to continue to prostitute or sell herself in London in some type of way..Or maybe it's to get to sell other people.....I don't know how she survives on her own out there based off of her uneducated life and poverty And drug and alcohol addictions so I think she criminally contracted through god for her independence through London looters that did wrong and waited to come up and get money... These London looters think it's their time to come up and stand up and get that money. They want to use the woman to look sophisticated and respectable. But they are just tort blackmail and harm. Just ugliness to money I do not support them...their evil intentions have been in London air for years and years And that negative energy And air in London building up after the London looting is why I chose to take risks and move to California in the first place And now I come back and nothing's changed! London needs to stand up to the negative threats it's receiving from the ghetto and beat it down if it has too! I hope these people stay poor The way they would hurt people physically for what they want is nasty	Leah Unison
9 Jun 2020 at 8:12pm	I need a plan Because London looters criminals are plotting sex drugs and fast money at this time As much as I wish them mind blocks and blockages to their money and movement... I don't doubt that these people will move around the country to Try to pick up people in Birmingham and Liverpool etc to grow their income And crime. I'm not interested in being poor in England to run in to these people I don't like this business because it's blackmail threatening and too ghetto I need to get smart and have a good plan for my life very fast	Leah Unison
9 Jun 2020 at 8:06pm	I wonder what happened to the London looters...the ones that looted London in the news Years ago they just disappeared. They are probably conspiring their cash rewards and their illegal prospects for the way they have been laying low all those years and psychotically drawing up a plan to use people who have been locked down and losing jobs through the coronavirus to exploit them as prostitutes So that the men can sell drugs in central London And threaten people And sell body's for fast money Eeeewww that is so ghetto But that's probably why they have been laying low and nobody caught them all I would rather be poor in the USA then be involved in that! I don't do business with the ghetto	Leah Unison

Justin drew beiber is just exploiting his marriage in the USA to have the right to remain in America Which is not fair to the other immigrants who witness Justin and hailey beiber prancing around disrespecting marriage and showing the fraud of their marriage through tabloids and press story's People working for the USCIS SEE THE MARRIAGE FRAUD AND IGNORE IT ...While people like you and I take immigration seriously and get declined of our rights To remain... 5 Jun 2020 at 8:48pm	(Personal note) From the Wikipedia Vaginal steaming, sometimes shortened to V-steaming,[1] and also known as yoni steaming, is an alternative health treatment whereby a woman squats or sits over steaming water containing herbs such as mugwort, rosemary, wormwood, and basil. It has been practiced in Africa (Mozambique, South Africa[2]), Asia (Indonesia, Thailand[2]), and Central America (among the Q'eqchi' people[3]). Vaginal steaming is described in spas as an ancient Korean treatment for reproductive organ ailments and is claimed to have other benefits such as cleaning the uterus and cleansing and refreshing internal organs around the reproductive organs. 5 Jun 2020 at 10:50am	I had a thought today that...maybe people are putting each other down and blocking every aspect of living in wealth for people because they are needing their victims poor and helpless so that God gives up on them....I thought maybe people they Believe they could groom the universe to submit to their spirits to develop attachments to other spirits through their own minds to then really put people down And abuse their powers to then invoke themselves to switch life's and body's with their victims or equivalent. Spirits trading body's and switching life's through god to live as each other or to live through their victims...maybe that's why people give up on everything so easily. That thought came in to my mind this morning because I noticed how suspicious people are...the way that they are so psychotic and selfless and strange because most people are too happy with nothing. That is strange to me because I don't have intent of spirituality when I live my life ..people must want negative power over people's life's in other lifetimes Or something. That's why woman are wearing witches nails Eeewwww I do not consent to being spiritually prayed on and exploited by anything or anyone I do not consent to any spirit having any power over my body and my spirit I do not consent to god for anything or anyone to have the power to force me out of my vessel on this earth or in this universe or any universe I do not consent anything anyone to pose as me. I do not want to do that to anybody either I want to be me I don't want to possess another's life...that's dirty work I don't understand why people do not just want to make the best out of themselves And groom themselves and their minds to help them instead of being strange and wanting to invoke each	Leah Unison

3 Jun 2020 at	Cheryl Ann tweedy and Liam Payne could be facing a £200 fine for failing to register the birth of their son in time, it has been reported. The couple welcomed their baby boy on 22 March, and while they made his birth	Leah Unison

11:52am	Instagram-official, it seems they are yet to sign all the legal paperwork associated with his arrival. According to the Mail on Sunday, Cheryl and Liam failed to meet the 42-day deadline set for all new parents, and, since they are now five days overdue, could face the maximum fine of £200. (And this type of people are apparently prestigious and above my circumstance Living in Hertfordshire and Buckinghamshire mansions and luxury apartments in London) They are no better then my undocumented migrant parents For doing that to baby bear And actually calling their son BEAR when there is an actual road next to where I live Called bear road flyover Cheryl might have called her son bear telling her son psychotically to relax because she might know that my sister Sarah benaissa is in the same circumstance as he is. (God + faith) But of course Cheryl will never speak her mind And what she knows in her head with regards to people She lets her mind talk in people's heads and confirms what she thinks they know with facial expressions and her actions. I am also googling jobs but nobody is posting jobs much That will change from the 15th June	
3 Jun 2020 at 11:33am	I was googling my sister Sarah benaissas circumstance As to how someone should deal with their identity if they are British born and not registered in the local birth registry office and came across an article about Cheryl Ann tweedy and Liam Payne (famous singers) Not registering their baby boy bear as a child When he was born and the article says they will be facing a fine of £200 for their negligence. 3 Jun 2020 at 7:47am	(Thought of the day) Hotels shut down like this really made me realise How influential the hotels and airports really are. I realised that people wealthy ignore us all and leave us poor because of two things HOTELS + AEROPLANES without hotels and planes catering to the success among us...They don't have that confidence in their money. People in the nhs and TFL are now doing photo shoots for vogue magazine (I just saw the front covers on the tabloids / news online) because the prestige in hotels and flying in and out of the country is no longer oppressing opportunity's for the working class right now..so people have a fast chance to do things they would not usually get to do. It will be a bit sad when hotels and aeroplanes begin their prestigious influence on us all again when they are back in business respecting the wealth. Don't get me wrong I have been in the hotel industry for 3 years Even more than that actually I have tamed my attitude And hatred to the wealth...in person At work I am not showing what I am thinking ...I assure you I am very professional. 2 Jun 2020 at 6:33am	I'm starting to realise that people who have luxury life's or middle class life's If they have their minds and sanity to maintain their self's and their homes and the rest of us cannot...it's because People Would have died and were sacrificed or even killed in the past generations For this generation of people to have their minds above the rest of ours to maintain their homes and wealth. You and I and most of this country are poor going mad for a little bit of rent because Death and sacrifices were not made for our homes and our minds through our family's/ ancestry that's why we struggle And the rich and middle class do not know that life because their minds are protecting them with dilution based off of deaths In their ancestors and corruption. It's sad to know this but This is why our minds do not protect our spirits to have homes like other family's Great sacrifices were not made in our ancestors for us to have sanity in money and homes. Now what kind of people are we to know this and to allow wealth and home and stability and peace to people who have strong minds for their own life's based off of corruption and death and sacrifice in their ancestors. 1 Jun 2020 at 10:19pm	Khalid Mir knocked on the door and sat down in the converted garage and asked us what we are doing and where we are moving when the house is being repossessed and we all get evicted... My dad said he doesn’t know Khalid mir invited nidhal benaissa and dalila boutarfa to live in his house and told me to stay in the converted garage on my own and have some privacy. Well that is lovely of khalid I’m sure :-/ But I agree that my parents should go and stay in his house and live like normal people for once I don’t care I’m still partially young I can put up with this dirty garage a bit longer... Khalid mir then suggested that he should split the rent with my parents in the next place they rent and agreed that he should move in with us elsewhere My mum and dad agreed to this So Khalid mir said he will sort it out and arrange for them to move in to the house and cut keys for them and they will look for a new place together when it is time. I don’t care I think this would be ideal for my Mum and dad because of their circumstance. I do not block help for my parents for my own selfish reasons. Plus I think this would be great for katia assma benaissa to find out that she can’t just manipulate men in to relationships and theN disappear And expect them to disappear as well.. Because khalid mir will be right at home with her parents the way she never thought he would be That’s why she exploited him and her own parents because she thought they would part their own ways. The universe would be a criminal if I ever needed benefits again. If anyone needed benefits again. This is why I am marking god (The universe) On my benefits like this Wondering why it does me so dirty And enforces the faith in itself that I would respect what it’s doing to my life whilst watching me claim benefits! 1 Jun 2020 at 9:54am	There’s no such thing as being rich... There is only groups of people out there working as a team to influence people’s minds to believe in success and money and the journey of it So that the professional gangs in suits and jobs bewitching people to want and get money can overcome other teams of people doing the same works It’s about not being caught. (The power trip of crime and the easy life they live while we all respect that in silence and suffer and let them overcome us) But then there is also the teams of people In society doing works like this helping people get rich in criminal ways doing it like it’s legal it so that people like me From poor backgrounds who want the money get brainwashed to believe in the jobs and journey to success so that I am somewhere at a particular time and place to be wronged by people or the law and people like me would end up taking the blame And Doing prison time for the real gangsters in suits with university And jobs and degrees.	Leah Unison

I don't like how my mind has been brainwashing me to believe in society and money and success
Whilst these people helping that influence to want money and a better life are out there hearing voices in their minds waiting for the most vulnerable or most strongest people to exploit for their own selfish gain.
I do not respect these people enough to keep silent about how they are impacting minds out there.
My whole life My mind played tricks on me
I believed in success hard work
And the journey and I always wanted a beautiful life
Even when I did wrong I had every intent to only do wrong to use the wrong to overcome my poverty to turn it in to hard work and success later.
But people never complied with me
So I do not comply with their success and journeys because they are not clean enough to call my journey unclean
And keep me blocked
The mind is not a powerful thing...not when it builds people's spirits up to believe in a better life to then block them and use that dream and fantasy of wealth against them to block their visions of their own self care in order to support rich people out there maintain and keep their success at the dreamers expense.
This is what my mind has been doing to me.
It's been telling me success wealth a better life
Dreams aspire AND TO
Do wrong to do right!
But after it told me this and groomed this in to my spirit
My mind allowed people to block my spirit from achieving this
And then the power of the mind began exploiting me PUTTING ME down to poverty to respect the wealth of society today
Like I am some type of sacrificial dreamer for the wealth
Well...I DO NOT CONSENT TO BEING EXPLOITED BY GOD OR FOR ANY TYPE OF WEALTHY PERSON IN THE WORLD
I DO NOT CONSENT TO BEING EXPLOITED OF MY DREAMS AND MY LIFE FOR ANYONES LIFE TO IMPROVE BASED OFF OF MY FAILURES
I ONLY FAILED IN LIFE BECAUSE GOD AND PEOPLE ARE WORKING GROUPS OF CULTS AND CALLING IT BUSINESS

I do not understand how the public do not shut down the wealth of people like Ariana grande Britney Spears And dua lipa
All these pointless celebrity's are the faces of drugs crime and money laundering
Celebrity's are puppets doing shows so that people money launder through their names and bank accounts
Ariana grande is always out and about trying to legitimise money laundering In her bank account to the point her days out photographed in the press/ tabloids is really interesting Because you can see that Ariana grande is out and about troubled due to her bank account holding money for people illegally and she is trying to legitimise it
Unfortunately for her...her little girl image and good girl act is how people can see what's going on with her.
I do not understand how police and prosecutions worldwide do not put their feet down on celebrity And public idols And shut their lifestyles down because public figures are not able to legitimise their lifestyles when the rest of us can't even work our way up to this....

Things have to get better for everyone.

And one final thing I thought about today.
Katia assma benaissa has been the ring leader of the exploitation of nidhal benaissa and dalia boutarfa through khalid mir
I know katia assma benaissa has been implying She would have a relationship with khalid Mir over the years through my dad
She plays games with him when she is around him and my dad
and I know this all started when katia assma benaissa would spend nights here In the converted garage years ago with her parents prior to Her disappearing acts to central London to prostitute.
But then I realised that Sarah benaissa has quite an independent life in Eastbourne as an undocumented British born person in England
So...what is she doing different to what I am doing?
Is she promising Ian Reilly through her own psychotic prayers and mind that she will be his wife or something? To keep herself going? So that she blags her independence by making promises like this to god and to people so that she can blag it long enough to not comply and overcome everyone she exploited? Because I know that katia assma benaissa did this and is still doing this.

When I work I expect my own mortgageS my own credit cards
My own loans
I do not believe in my employers rights to a home more than my own rights!

Leah Unison

30 May 2020 at 6:02pm

I DO NOT CONSENT TO BEING EXPLOITED BY EMPLOYERS TO BE USED AS A CULT VICTIM TOOL FOR HOMELESSNESS AND PRISON SO THAT THEY GET THEIR OWN HOMES LOANS AND MORTGAGES

Leah Unison

30 May 2020 at 2:29pm	Then there are employers out there who only want to employ people to Work to make psychotic statements from their own Business accounts To their staff bank accounts Because they want to know if they can exploit people's life's as workers in their businesses to get their own mortgages and homes from their employees labour and time at work That's how employers negotiate psychotically with the banks to purchase their homes By exploiting workers Paying them in their bank accounts and then praying to their minds through the voices To ask for exploitation rights to their staff And people at work agree that's how they get to keep a stable job	Leah Unison
30 May 2020 at 1:15pm	Society is only a sick business because people are stingy and don't care for each other They want staff to get loans and mortgages and then they throw their staff and business away once the banks agree and credit companies agree to their home life's	Leah Unison
30 May 2020 at 12:57pm	I also know that people are corrupt and not nice people because they believe that their negativity will shut the works Of society down PERMANENTLY so that they can get their mortgages and homes prior to that to witness the end of the society to just stay at home as squatters DISGUSTING	Leah Unison
30 May 2020 at 12:30pm	I also mentioned this because a psychotic statement like that made by a bank on a customers account For example if someone working for DWP is exploited by a bank like this and the bank takes money without permission from your account due to the bank wanting to imprint a psychotic threat to invoke government funds and accounts Stolen and hacked then I don't doubt that this would cost workers working at the DWP and government accounts their jobs Because any place of employment would act against anyone exploited by the banks to spread this message Just thought it should be known Because people can't act against people that don't submit to these threats	Leah Unison
30 May 2020 at 12:30pm	So Hsbc taking my £10 like this without my consent from my account is clearly a corrupt message to my income I thought about it I guess someone who did that to me was trying to psychotically communicate to the DWP AND GOVERNMENT ACCOUNTS USING MY BANK ACCOUNT I KNOW THAT The ROYAL BANK OF SCOTLAND DID THIS TO ME With this suspicious act of taking £10 from my account AS WELL WHEN I RECEIVED MY ADVANCE FROM DWP IN JANUARY 2020 And now for Hsbc to copy them like this is corrupt these people are not allowed to do this I never agreed to it. I do not appreciate banks using me as a comms exploit to talk to other businesses That's why I want it known That the banks are wrongful People working in them are always exploiting	Leah Unison
30 May 2020 at 12:25pm	I did not empower Hsbc to wrong me like that to suggest any type of crimes to DWP FUNDS OR GOVERNMENT ACCOUNTS THE BANKS ARE CORRUPT AND WILL ALWAYS HAVE A NEGATIVE MESSAGE TO IMPRINT ON PEOPLES ACCOUNTS TO GET AT EACH OTHERS BUSINESSES BUT I WANTED TO MAKE A STATEMENT THAT I KNOW ABOUT THIS AND I AM NOT INVOLVED	Leah Unison
30 May 2020 at 12:24pm	I went to Hsbc bank in Hounslow high street to check my bank account to see if HSBC PUT MY £10 back in to my account Due to the way they took it from my account but the atm was closed But it had me wondering if the banks are doing things like this to me and to people to get us all in to trouble because Hsbc know that this money was from the DWP GOVERNMENT and if they steal or borrow that from me without asking...are they implying that the banks need theft and corruption to government funds and accounts? Well if they are then I AM NOT INVOLVED THE BANKS ARE USING PEOPLE LIKE ME WHO KNOW BUT DONT KNOW ACCURATELY WHAT THEY ARE SUGGESTING	Leah Unison
30 May 2020 at 10:14am	I thought of this Because of the timing of the council and housing officer being off track And it's not because of coronavirus They can't use that as an excuse Because Yasmin Mir is using the Hounslow council right now to live somewhere I'm not blind I just thought I would take the time to explain that Hounslow council is NOT THE WAY FORWARD	Leah Unison
30 May 2020 at 10:11am	I feel like khalid mir and nidhal benaissa May have abused their power over my life To have me run to the government and police for help Whilst laughing at me for trusting that government would help because they would All be In on it And involved in what khalid mir and yasmin mir and nidhal benaissa are doing. With regards to the abuse and the sexual harassment of khalid Mir I feel now that he did that with a purpose to Corrupt me to the Hounslow council for help while Knowing that the corrupt souls that work there would limit the help I would receive and misrepresent my case and circumstance with time for ANY TYPE OF STATEMENT To be made on me by the council financially.. so that this revives yasmin mir and khalid mir And nidhal benaissa Of any wrongs they have Committed depending on how they abuse me out of their lifes	Leah Unison

to believe in their own life's.
Nidhal is corrupt he likes to explore psychotically in his mind as to how he would put me down
Wether he would put me out of the place we all live In with money or without Money
But nidhal benaissa
Would rather do that to me with support from people he knows are putting others down.
He knows khalid and yasmin mir are corrupting the government works and corrupting the local people
Through people that work inside the government financial and housing end of things and he knows those So
called professional people are allowing khalid and yasmin mir to wrong the people of the borough through
ME AS WELL WHILST knowing THE MIR FAMILY don't qualify TO CLAIM ANYTHING FROM GOVERNMENT
DUE TO FINANCIAL CRIME OF THEIR OWN due to their circumstance not poor and homeless enough.
I AM NOT INVOLVED IN ANYBODYS PSYCHOTIC PLANS AND I KNOW PEOPLE DONT LIKE THAT
THIS IS WHY KHALID MIR MAY HAVE PLANNED AND CONSPIRED TO BE INAPPROPRIATE TO ME TO
HAVE ME TURN TO THE GOVERNMENT AND POLICE
SO THAT HE CAN TURN AROUND AND SAY TO HIS HATERS AND
TO PEOPLE that I complied with HIM AND WHAT WAS GOING ON IN HIS HOUSE THROUGH THE COUNCIL
WHEN I DIDNT and wouldn't.
This is also why I don't want the help anymore
I'd rather go back to America if I get put out.

30 May 2020 at 9:36am	I know about all of this corruption at the Hounslow council that is waiting for me because I understand their jobs... Comprehend that yasmin mir is receiving help from the housing office of the council and doesn't qualify to be housed like I do... She is a homeowner SHE IS BENEFIT FRAUD yasmin mir has ILLEGAL tenants in her HOUSE THAT SHE OWNS (who happen to be my parents) SHE RECEIVES MONEY FROM my parents AS WELL THROUGH KHALID MIR And has been receiving and sharing the money with khalid Mir through my dads income. KHALID MIR AND YASMIN MIR THEY ARE WORKING THE COUNCIL THE DWP AND THE GOVERNMENT FUNDS Whilst combining that with police to corrupt this borough AS HOMEOWNERS WITH ILLEGAL INCOME THAT THEY DONT PAY TAXES FOR. I'm not stupid The council should not even be dealing with yasmin mir due to her name listed on HM LAND REGISTRY AS A HOMEOWNER Let alone the way that she has TENANTS other sources of income that is not from her benefits THATS WHY Hounslow council couldn't wait like this for my case And leave it like it's not urgent...because They are showing their corrupt intent to my life through rushing yasmin mir in to their care and housing when she is fraud to the government and a homeowner With income other then benefits So there you go...the council wants to do me wrong in their financial statements and want to make a statement on me to misrepresent me for the way I knew they are doing bad business and want to hold me to the way I comply with with dirty business like this But I DID NOT AND DO NOT AND WILL NOT The council are on their own about their dirty business Khalid mir and yasmin mir are just government exploits that are using police and all the services of the government combined to corrupt people of this borough in to the system but they also want to block them out of it Through the way that the local people would be knowing about this and not stopping them	Leah Unison
-----------------------	--	-------------

30 May 2020 at 9:12am	I know that Hounslow council housing officers ignore my case because their is a connection to yasmin mir and they are trying to work with her first to see how they want to treat her to see if they can put her down to revive her sanity through ignoring and limiting and misrepresenting my housing case and personal life through their late Official government financial Statements To call that helping people That is outrageous I know that people put people down at work and fire people and put them out of work because they believe the council is such a legit help to people's life's But this is sad because There are people like me abused in their life's to trust And turn to services like this That only want to create more problems through their late official government Financial statements And all they want to do is exploit. People should stop promoting the councils and government as if they can handle people's life's because they are not professional If I accept help from them now or later I wouldn't be surprised if I would have more problems with people and police later in my life for accepting the Hounslow council and their help and knowing about this. It's not worth it	Leah Unison
-----------------------	--	-------------

30 May 2020 at 9:03am	Hounslow council ARE dealing with yasmin mir as of now and may be trying to exploit her through helping her first in strange ways Putting her through things they shouldn't in faith that they will make it up to her And her sanity through me being corrupted and misrepresented Through official government financial statements with regards to her husband khalid mir But I never consented to such a deal or service with the council or DWP that is dirty business I do not care for yasmin mir or Khalid mir or anybody to be used like this. Ignorance = exploitation I WILL FIND MY OWN WAY Hounslow council are exposed I will not be using the Hounslow council housing register either Dirty dirty business they are	Leah Unison
-----------------------	---	-------------

30 May 2020 at 8:59am	The Hounslow council (the independence team) Hounslow council housing Are ignoring My case at home With my parents and khalid mir because they are dealing with yasmin mir and see this as an opportunity to corrupt me in their statements For themselves and for yasmin mir I don't submit to being corrupted or misrepresented! They are wanting to empower yasmin mir at my peril in some of type of way to create problems in my life in the future through the way they limited the help they can offer me and if I accept any financial help from them with regards to housing Then that would be a financial statement they would have put on my life...off timing to misrepresent my case And circumstance through Hounslow council The council is not professional enough to wait for assistance like this...I'm not I interested They want Financial statements to put people down And misrepresent their circumstance NO THANK YOU I WILL MANAGE MYSELF	Leah Unison
30 May 2020 at 8:18am	The Hounslow council never actually contacted me with regards to housing. I find that disgusting because they took my police reports on khalid Mir and did not prioritise my circumstance. Well I will not be using the help of THE HOUNSLOW COUNCIL anymore. The madness between khalid mir and I seems to have settled. And if the council has just left my circumstance like this to not be dealt with in a sense of urgency then I understand they are trying to have psychotic input as to my future if I go ahead and accept the help at a later time..this is a sensitive time for my life and other people's life's. I don't feel confident enough in the Hounslow council to just go ahead and accept help from them At a later time if they are just treating my circumstance like it's nothing and How it could wait...because this means they are restricting me from the help and limiting the ways in which they could help me by using time as a control method. So thanks but NO THANKS to Hounslow council and the my independence team. I just hope to get back to work ASAP and hope that khalid mir Stops creating problems and the trouble stops with my parents I'm sure it Will soon.	Leah Unison
29 May 2020 at 6:20pm	When I was attending my appointments at west London mental health There was a nice Irish male nurse there helping me named Brendan He suggested I should go to Canada instead of dwelling on America and all the wrongs that happened to me there I agree with Brendan I would like to go on holiday to Canada. I had a random recollection of memory's of Brendon because years ago he texted me by accident the word SUIT but now I understand the relevance in the word SUIT because I am acknowledging PPE and buying hazmat suit due to nhs LOCKDOWNS And I'm looking at my life the wrong way again and thinking about America and dwelling on it. I will definitely take his advice and explore Canada I hope he is unblocking his life abroad as well And making plans I know that He went back to Ireland I have been to Ireland before it's not different to England but it's not nice to live there	Leah Unison
29 May 2020 at 12:23pm	When I was paid my benefits on the 22nd may 2020 I started to feel paranoid that someone would hack in to my Hsbc bank account And take my money due to the lockdowns so I took the money all out of my account a few days after I was paid and kept it in cash So that I did not lose my money But every time I needed to use a bank transaction I have had to go to the bank branch to re deposit the money in to my account to make my online transactions I put £40 back in to my account from my benefits and not long after I did that £10 disappeared from my account RBS BANK DID THAT TO ME BEFORE SO I DON'T DOUBT THAT HSBC BORROWED MONEY FROM ME WITHOUT ASKING I AM BLOCKED FROM CHecking their whole mobile application is blocked I need a new bank account But they are all blocking people from opening Accounts	Leah Unison
29 May 2020 at 10:10am	I found cheap hazmat suits and survival kits for nuclear disasters and gas attacks NHS are receiving imports of PPE So there is clearly a threat So I will have to buy things to protect myself	Leah Unison
29 May 2020 at 9:30am	I am no fool I know that my parents are psychotically deal making negatively through their minds and psychosis to Anne and Howard wardle to wrong me for Sarah benaissa I already spent years reporting that I just can't believe my dad is still tryIng to be like this And I know that he is because of the manic hunger pain I felt Signs of exploitation and use of someone's life is their health Their fitness and their appearance I never had rashes on my face until I started living with my parents I never ate so much until I am around them Because I know that people helping my sisters are making psycho deals with my parents to put me down so that they keep my sisters away It's sick	Leah Unison

But my dad complies with this.
Because he takes advantage out of the way that I can't afford rent
The world got shut down
Most of this country working poor is facing eviction and the government can't house everyone
He is taking advantage because he can:..
But I won't let him
There will come a day when I just leave because it's really over

29 May 2020 at 9:26am	I know that nidhal benaissa And dalila boutarfa-benaissa Psychotically empower my ice negative through their minds spiritually consenting for Anne and Howard wardle to exploit that in order to keep Sarah housed Something always told me this In my mind I told dr mehrotra the psychiatrist at lakeside mental health unit and wrote hundreds of pages for him to keep about my life It helped when I did that But now my influence And life is treating Me like I didn't try to get some help...it's strange It's strange how god loves to push to exploit when people say NO I have been saying NO my whole life	Leah Unison
29 May 2020 at 8:56am	I certainly DO NOT SUBMIT MYSELF TO BEING EXPLOITED IN ANY TYPE OF WAY FOR ANNE AND HOWARD WARDLE Or my sisters I NEVER KNEW HOW MUCH THEY WERE USING THE IDEA OF ME IN THEIR LIFES and minds UNTIL 2 years ago.	Leah Unison
29 May 2020 at 8:55am	I know that nidhal benaissa And dalila boutarfa- benaissa Do not submit themselves to being exploited In any type of way for Sarah benaissa and katia assma benaissa And Anne and Howard wardle	Leah Unison
29 May 2020 at 8:47am	I would not be surprised if Anne and Howard wardle allowed Sarah benaissa in to their life's as their adoptive daughter to test the ways of exploitation to let Sarah in to their life's and ONLY SARAH TO STAY PERMANENTLY WITH THEM. Makes Anne and Howard wardle no better than Ian Reilly Because Anne and howard wardle were my foster parents at some point When I was a child...but they didn't want me or katia assma benaissa as their adoptive daughters So understand that Anne and Howard wardle took in Sarah benaissa as a way to exploit me and katia assma benaissa through Sarah benaissas stable life due to the way that my parents are vulnerable people in England so they knew if they offered Sarah benaissa a better life then they could get psychotic access to my life to influence me And my parents negatively through their religion and their own mental health issues And through Sarah benaissa allowing their minds to project negative images of me and my parents in their minds...they know it's impact because it's god being a dirty cult and for them to have kept Sarah and Sarah alone with them is them guilty of exploitation and cult in some ways.. Because their strange Christianity is NOT THE CHURCH OF ENGLAND so one must question...why are they community Christians And NOT BAPTISED WITH THE CHURCH OF ENGLAND COMPLYING WITH THEIR COUNTRY (The Church of England is HM THE QUEENS FAITH AND HER FAMILY ARE BAPTISED IN THIS FAITH) I know that Anne and Howard wardle are out their psychotic and dabbling negatively in their own thoughts and minds as to Looking for ways to wrong me and my parents using Sarah benaissa as their weapon to deport my parents And put me in predicaments in life where I can't expose them through their fake respectable life's But their Christianity is telling on them Because if they were respectable british Christians respecting their country They would be in HM THE QUEENS FAITH IN BAPTISM AND NOT IN A COMMUNITY CHURCH	Leah Unison

28 May 2020 at 8:51pm	Well I depend on my parents as well Independence is not easy to achieve and keep a hold of Katia assma benaissa And Sarah benaissa cannot win!	Leah Unison
28 May 2020 at 8:39pm	I understand that most of the strange misfortunes that happen to people's life's is because of their friends But I did not make any psychotic deals or pacts with any friends of mine EVER but I understand that katia assma benaissa And Sarah benaissa	Leah Unison

Would have grown up away from nidhal benaissa and dalila boutarfa -benaissas life's and made their own psychotic arrangements away from their family whilst having faith in exploiting the idea of their parents deported in their friends minds to achieve their independence and home life
That is disgusting because that form of exploitation is impacting their life's now and becoming a reality for them but it can't because people like Ian Reilly and khalid mir depend on my dad and my mum
I have never done that to my parents regardless of my dislike to their lifestyle and my dislike to my life as their child
I'm not perfect but I'm not like my sisters.
My sisters feed in to their friends minds and empower what their friends want their life's to be at their family's peril to get what they want
They are disgusting

28 May 2020 at 3:59pm	I have met people at the food bank that are so guilty for collecting free food living ashamed on benefits and they have to beg to be on benefits because people around them abuse them to come off of DWP MONEY but patrycia piotrowska has been on benefits most of her life Over 6 years I think And nobody says anything to her And nobody threatens her to work. It's disgusting how people with kids can just not be told to go to work and sit on DWP MONEY WHILE THE REST OF US ARE UNCOMFORTABLY CLAIMING BENEFITS NEEDING TO PROVE OURSELVES TO SOCIETY AND TO the WORKForce	Leah Unison

I have not spoken to her In over 4 years and would never want to speak to her again. She is also on benefits and has been on benefits for over 4 years exploiting her children for her flat Id be surprised If DWP still don't care Because I know if I lived like she did on DWP MONEY For that many years I would be corrupted in to prison or wronged In unthinkable ways!! 25 May 2020 at 12:29pm	Khalid mir has been shopping online recently whilst he was getting his parcel This morning he stopped to tell my dad that if something ever happens to him and he is not in the house. 25 May 2020 at 9:05am	I woke up this morning feeling like God is using me For its own life as a human being. I remember reading something as a child that said that god will either live amongst us as a human Or it already did that and wants to keep doing it. Maybe that's why we are all so poor and wronged because god may be exploiting poor people and possessing their life's so that it can inhabit its own human vessel to live amongst us without needing to share a body with a spirit like us. I know that is a strange thought I had But it helps me to put that thought somewhere. I thought about that this morning because I was playing a game on my phone called The wolf among us. (Tell tale games inc) It's about people half human and half animal and they use magic to be human And they call it GLAMOUR But there were these prostitutes in the game that wore purple ribbons but if you took off the ribbon their heads would fall off Because their pimps beheaded them to sell them as prostitutes headless to make it known that these woman were woman of god possessed And no spirit lived inside them. Well that game is intelligent And I do not consent to being exploited Negatively to empower gods life On earth as man or woman or any creature of this planet I will answer to the other planets if I make it their with regards to exploitation This planet hurts It's gods job to help us through that....not to live amongst us stealing our life's for its own whilst posing as us. 24 May 2020 at 4:24pm	(http://www.onr.org.uk/index.htm) DWP NUCLEAR WEBSITE... Well that is quite an experience To be influenced by my benefits like this.	Leah Unison
24 May 2020 at 4:22pm	I just found out why I went crazy and was thinking about the nhs receiving import delivery's for PPE And I realised why I was influenced to buy gas mask and PPE for myself. I got curious and googled UK nuclear government and this came up.. The Office for Nuclear Regulation is responsible for regulation of nuclear safety and security across the UK. Its mission is to provide efficient and effective regulation of the nuclear industry, holding it to account on behalf of the public. ONR is a public corporation of the Department for Work and Pensions. I did not know that the DWP handle nuclear departments	Leah Unison

24 May 2020 at 11:37am	I do not consent to being exploited and killed and conspired against by any government entities of the United Kingdom or anywhere in the world And I know that of course people are feeling just like I am about this. But I did find alarm bells ringing in my head with regards to NHS NEWS stating they are receiving gas equipment PPE FROM OTHER COUNTRIES THAT IS SO STRANGE! I hope there are no nuclear bombs or equivalent hitting us!	Leah Unison
24 May 2020 at 11:03am	As I was browsing on the internet watching out for the UK news I found myself thinking about gas masks and PPE equipment I noticed that the press tabloids on the internet are reporting that the NHS ARE ORDERING IN PPE and getting it imported to the UK. Well that's strange because why would the nhs use PPE FOR CORONAVIRUS?? Coronavirus is not a gas Could the nhs amongst governments globally be terrorists to their own countries? Well I decided to buy PPE EQUIPMENT FOR MYSELF ITS VERY CHEAP (https://preppersshop.co.uk/) I bought a gas mask and gloves to initiate having my own PPE Because coronavirus is invoking PPE imports to the UK which is strange because Covid-19 is not nuclear or gas. It's the flu! I recommend you all equip yourself a just in case I will have to ensure my parents buy their PPE or I will have to do it for them. Things are strange these days	Leah Unison

22 May 2020 at 9:24pm	I was laying on my bed and the door to the converted garage (where I live) was open And a dog ran inside And went under my bed and in to the bathroom my parents tried to put the dog out but I was concerned and found the dog collar Around it's neck ...there was a phone number and the owner named Amy. Whilst I was calling her...her phone was not ringing But luckily she found me and her dog outside waiting. Safe to say she got her dog back Phew that was strange...considering what I wrote last night about the dogs in the park Amy (the owner) said the dog ran out Of the park and he found his way to my converted garage. Well good luck to them Happy to help	Leah Unison
22 May 2020 at 3:39pm	I bought my coronavirus face mask to protect myself As I keep reading news story's about people dying Because they are being spat at. (Death by Spit is strange) I am not ready to die of coronavirus I think I would want coronavirus if I was locked away in prison or just livid on the streets with nowhere to go. But until then I would like my health.	Leah Unison
22 May 2020 at 9:41am	I have been work searching for holiday working visas and on the New Zealand government website it is \$280 nz dollars to process a visa that would be £140 I am considering applying for a visa For New Zealand in advance for the year 2023-2025 Even if I don't get the chance to complete the work The experience is apparently available According to the New Zealand government website So I will consider spending some time (https://onlineservices.immigration.govt.nz/)	Leah Unison
21 May 2020 at 9:50pm	The dogs in the park are no longer friendly They are back to being negative and barking at people in the park like they shouldn't be walking around...this is what they were like before the lockdowns. During the lockdowns they were calm Now dogs are back to being local bully's in the park...now that they are sensing that the humans will be going back to work.	Leah Unison

19 May 2020 at 11:34pm	Like I said...my parents are tuned in to England. They are English because they can't speak Arabic or french So deportation is out of the question! I have spent years with them to know that if they went back to Algeria in such a dirty despicable way through a referral from a psychiatric unit... They would become so ill That's not fair.	Leah Unison
19 May 2020 at 11:32pm	I know that my parents are feeling the bullying and pressure of the neighbourhood wanting them deported so after spending some time with them I came to realise that when they are speaking Arabic and french...I couldn't believe it but I noticed that they DONT ACTUALLY KNOW HOW TO SPEAK ARABIC AND FRENCH. I realised they were just Pretending and trying to imply they spoke french and Arabic around me to deceive me. They must be trying to tell their minds to tune in to Arabic and french so that they could people please those that want them gone from the UK. That is so sad. I have been so busy and wronged in my own life I did not even notice that my parents were putting on a FRONT (a show) pretending they could speak different languages and they couldn't Speak Arabic or french this whole time.	Leah Unison
19 May 2020 at 11:27pm	The house opposite where my parents live there's a man that lives there and he actually was the one that called the police on my mother to have her sectioned in the psychiatric hospital The neighbourhood is corrupt so I'm not surprised if the neighbourhood are psychotic about exploiting my parents and their rights in the United Kingdom through the psychiatric hospital and immigration police to have them removed from the United Kingdom as some type of cult method to call that overcoming the psychiatric units in their own life's so that they don't need to get some psychiatric help In their own life's through corrupting my parents to leave the UK. This is why i still live with my parents regardless of the problems People out there in regular life are not above the cult and corruption And exploitation They are no better than what I am going through I do not appreciate the neighbourhood for wanting to dictate my parents rights to remain in the UK as a way for themselves to avoid the psychiatric hospital in their own life's.	Leah Unison
19 May 2020 at 10:08pm	No mentally ill person should be referred to immigration police or home office UK To be acknowledged for deportation What kind of corrupt behaviour is this from lakeside mental health unit (the psychiatric hospital) It's disgusting my parents are tuned in to England..they have lived here for over 20years They are already not mentally well...the psychiatric hospital cannot make life changing deportation choices on mentally ill people like my parents who have remained here in the UK for this long. Even if they didn't do time here in the UK People referred to Immigration police via psychiatric hospitals Cannot be deported even if they received treatment because that would create more mental health problems due to sudden change and shock of going home To their country.	Leah Unison
19 May 2020 at 10:03pm	Yes I know that my parents want revenge for the way they feel used And mentally wronged by my sisters katia assma benaissa And Sarah benaissa ..but I don't understand why they don't All just grow up and care about their life's and have some pride to not let a psychiatric hospital tell them their rights in the UK through immigration Police. They should prepare their personal revenge on my sisters For later...after getting a grip of their own life's to remain in the UK this is the rational way of thinking. I know that they have this in them. By revenge I mean....well I don't know what I mean about that because I am not involved but that is my mentality if I was them. I would work with the immigration to get a grip of myself to allow myself away from their dictatorship to my life. Because no referral from a psychiatric hospital to immigration is respectable enough to create deportation to anyone mentally ill..or not mentally ill. I do not think my parents are mentally well enough to be deported...I don't think they will handle themselves in Algeria Because they have established their life's here in the UK for over 20 years that I think the psychiatric hospital would be destroying them if the home office UK decides to deport them	Leah Unison
19 May 2020 at 9:53pm	The psychiatric hospital is how my parents even got caught up with immigration officers to be acknowledged for reporting to the home office monthly. I know that they wouldn't want their life's dictated by a psychiatric hospital like this.. The shame of them... It's about time they start standing for themselves And showing people they care About their life's instead of acting like they don't care... whilst being negative to have my sisters psychotically wronged and mentally ill to Have them beg to god to have them remain or to have them leave.	Leah Unison

Regardless if my parents were not busy working their mental health issues to let a psychiatric hospital referral dictate their life's for immigration police to get their free ticket to Algeria
On UK state money
They could actually get their life's legit and healthy as normal healthy human beings.
And my dad calls me the idiot...I would never let a psychiatric hospital deport me like he would.
If I was ever in that situation
I would not allow it like him..because he doesn't care that he is misunderstood

19 May 2020 at 9:45pm	Nidhal benaissa And dalila boutarfa - benaissa Pretend they don't care about the identifications and documents to remain in the United Kingdom I KNOW THEY CARE Because i know that they are complying spiteful to themselves and those around them WITH THE I DONT CARE ATTITUDE TO THE HOME OFFICE UK AS A WAY to spite my sisters Katia assma benaissa and Sarah benaissa Because I know that Nidhal and dalila want my sisters to beg god (the universe) to have them remain in the UK because they both know that my sisters will need them later. This is so childish..they need to grow up and stop misrepresenting themselves TO THE HOME OFFICE as negligent to their identity's for the sake of their psychotic acknowledgements of katia assma benaissa and Sarah benAissa begging to god to have them remain in the UK I THINK IT WOULD BE EMBARRASSING IF MY PARENTS EVER LET A PSYCHIATRIC HOSPITAL EMPOWER THEMSELVES TO REFER THEM TO BE DEPORTED FOR THE SAKE OF PRIDE AND WANTING KATIA ASSMA BENAISSA AND SARAH BENAISSA TO BEG FOR THEM TO STAY	Leah Unison
19 May 2020 at 9:03pm	Since last week I couldn't stop thinking how much I hate my iPhone 6 And my phone contract with Tesco mobile and how much I dislike my current phone number. That thought was stuck in my head for over a week now...and then I decided to try to contact the home office UK with regards to asking them to NOT DEPORT my parents and found an email address On the gov.uk website that was so strange and relevant to what I was thinking about with regards to my phone number and phone. The email address I found for immigration and detention home office UK was ROMSMSWrongNumber@homeoffice.gov.uk What was strange about this as well was that last week I received a text message from DWP saying that someone replied to my work search notes at 8am in the morning But NOBODY wrote anything.. Could this be a corruption message from the home office? That they are thinking aloud about my parents rights in the United Kingdom to the point that someone would disrespectfully create an email address On the gov.uk website with regards to immigration and detention about the way they are working in the home office psychotically knowing what i am thinking? Hmmmm	Leah Unison

Things are calm where I live now since the issues That I had I do not think I will be needing to move out irrationally anymore. I had hoped that things calmed down at my parents because I have to take care of myself and my health and I know that rent control would corrupt me in to the streets or in to prison And destroy my health Much quicker than living with my parents would. I do not pay rent here...I don't like sharing and living with them But...I am needing a chance to hold on to my money as much as possible	Leah Unison

So much crime in those industry's and yet everybody leaves them alone..I find that so strange because if someone like me lived like that

17 May 2020 at 6:11pm I am aware that British airways are on watchdog
They are being monitored
So that is NOT good....the home office UK recently was being watchdogged by authority's as well and on the news for corruption and exploitation.

Leah Unison

So I should think twice or three times about British airways because they are under the watchful eye of UK watchdog and other authorities so something is wrong with that business.
A couple years ago it was all over the news that they were hacked
The aircrafts cannot be too safe depending on if the aircrafts were electronically hijacked or not..

17 May 2020 at 5:52pm (Personal note to remember)
I will need to do a new deed poll with the court of justice
Due to the way mrs S Lee at the UK home office in Liverpool
Returned my naturalisation certificate to me after I requested alterations
I received my certificate in 2018 from the home office UK with my full name backwards.
I will need to do an affidavit with a solicitor explaining to the Royal court of justice that the home office UK altered my information on my british citizenship certificate and basically renamed Me Backwards
To exploit my identity for my family circumstance.
I suppose they know what's going on because my parents are awaiting decisions from the home office as to their own life's

17 May 2020 at 1:36pm I know this because years ago I learned that katia assma benaissa only survived in London Mayfair because of Jodie/Jody and her husband Giving her help and faith.
So whatever affair / betrayal between them is going on is completely conspired and planned by them and their psychotic minds.
It would be their way of complying together.

But if I am wrong about how they are all involved in conspiring against one another to work betrayal to favour themselves
Then I know that jodie/ Jodys motive would be the kids and the house
And katia assma benaissa would be out for herself just like her prostitute years and wouldn't mind being in a relationship with jodies /jodys husband after they divorce
And jodies husband is complying and entertaining this so that he can call everyone but himself crazy because he is the one working and the one with the wealth And the houses

Leah Unison

17 May 2020 at 1:30pm Dalila boutarfa is always asking me where katia assma benaissa is...I don't have her phone number I don't know her email address
And wouldn't want any contact information with regards to katia assma benaissa And never will..
Because how am I supposed to tell my mum that I know that katia assma benaissa
Is out and about living in central London psychotically involved with people especially her friend Jodie who is married to a wealthy man.
How am I supposed to tell my mum that I know that katia assma benaissa is more interested in seeing what she could get from her friend Jodie and her marriage then being there for her family.
By that I mean that I know that katia assma benaissa is jealous of Jodie and her married life to a wealthy man and she always implied to me years ago that she would have sex with jodies husband.
I know that Jodie is aware of katia assma benaissa not a good friend but Jodie entertains katia to see if she could exploit katia to want this affair with her husband to get custody of the kids and ownership of the homes her husband owns.

Leah Unison

How am I supposed to tell my mum that her daughter is more interested in conspiring to betray her best friends marriage to see how she could psychotically fix their friendship
Then go home to her parents and travel to see her family like she used to before she had money and Financially relevant people in her life!

15 May 2020 at 12:19pm Well I don't know where I'm going to end up in life...but I understand to give England more of a chance I suppose...

9 May 2020 at 6:37pm	Well...I do not consent to being exploited for the military or army for anything that would result in me destroying my own life Or ruining My own health or my bones and limbs I do not consent to Being put in predicaments that would result in me losing My body parts/ bones / limbs I want to stay in tact! And I do not want to be FAT fighting my body to stay housed in the army End of topic	Leah Unison
9 May 2020 at 3:14pm	My final problem with the military is Yes they exercise a lot But...their diet is dirty Too much carbohydrates...I was always hungry And The fat On my body I noticed was being turned in to muscles. I want a nice Lean toned body...but when I was in the army my muscles were moulded by my influence To combine muscles with fat on my body. My body did not burn the fat to create muscles to look and feel nice So I struggled to keep interest because my bone structure is small and thin And not designed to carry muscle and fat together. I couldn't eat like a pig in the barracks and then submit to allowing my body to use my fat Storage to create the muscle for strength....instead that exhausted me and I couldn't perform well at work. My body and bones are not designed for that I'm not supposed to be tolerant to FAT and muscle combined	Leah Unison

So that was embarrassing for me and that's how I lost the medal...but I can see on the government website I can request that old medal to be remade and sent to me So I will do that for The sake of my former secret agent mentality that helped me parachute and ski like a fearless b*tch	Leah Unison

And I spent a month in Austria skiing
I learnt to ski black slope levels in 5 days and was a pro for the rest of the trip ;)

My regiment at the time flew me out to America
To spend two weeks in Colorado ROCK CLIMBING
we rock climbed with a Mild tornado in the background
So it's not all negative
But it's still something that I wouldn't want to do again because I am obsessed with owning a home

9 May
2020 at
10:02am

I can't help but notice as well that
Everyone I enlisted with in the military left the army...and the army do not keep their soldiers.
That is strange because works and jobs like the army need people enlisted for at least 15 years before they can call themselves an army.
The armed forces are operating like a factory
People go in and then out.
That is corrupt
Nobody cares about the works they are negative and corrupting people's minds out of working.
I don't want to enlist in the army because of the way that I want to be able to stay and settle in to a routine to trust and take care of myself
I am aware that people enlisting are joining with a temporary mentality and then that would impact my long term mind to drop out as well.
So there's no point

As a matter of fact....I hope Ian Reilly
Nidhal benaissa
And khalid mir
End up on the streets Someday in their old miserable life's to prostitute for their survival for expecting woman like me that don't comply with them and their faith and exploitation to live like this for them..
There are male prostitutes out there...khalid nidhal and Ian should join these male prostitutes and stack that cash and make use of their own body's!
Instead of using mine!
I know if they used katia assma benaissa she was willing because she never reported it and wanted to prostitute since she was a child

BUT I WAS NOT WILLING TO LIVE LIKE THAT FOR ANYONE
WHEN I WAS DOING IT I SERIOUSLY BELIEVED THAT I WAS DOING IT FOR MYSELF
BUT NOW I CAN SEE I WAS USED.
I was diluted

Male Prostitution is popular nowadays
Khalid mir
And nidhal benaissa
And Ian Reilly should take their own advice and should prostitute Themselves!
Instead of creating empowerment and fear on people's life's that are stuck with them
To intimidate them on the streets to have them sell their body's for money to survive
I hope they receive their own abuse on themselves!

Leah Unison

Ian Reilly finds himself Working as a prostitute
For what he influenced to happen to me through my parents
All of that homelessness and prostitution only was empowered because of Ian Reilly and his involvement with my dad while I was in foster care believing I escaped the abuse

Leah Unison

Ian Reilly is a psychotic corrupt pervert old man that befriended my dad and let him use his identity ever since I was a child in foster care
Because he knew my parents were bitter about how their kids were taken away and Ian Reilly saw a chance to conquer someone else's kids and my dad would have fought to remain here to do these honours for Ian Reilly and himself to my life
Well...I say my parents should stay since they fought so much to destroy my life
They should stay... because they can't have help running away after 20 years corrupt with Ian Reilly like that...I will not let my parents deportations corrupt me to the army
I will not beg like that...that's what they would want because they corrupted my military life as a young woman.
My sisters knew about this before I did
I suppose that's why I'm the one trapped here and they are not
Because they found a way to accept Ian Reilly through the way he damaged me the most

Leah Unison

Leah Unison

WOULD I HAVE STILL ENDED UP A Homeless prostitute abused neglected and sexualised to survive...
NO...I don't think I would have ended up like that in any aspect of my life..I had so much interest in things...now I'm old and wasted
And Ian Reilly bears no consequence for what he has helped wrong my life.
I want him to suffer for this someday
I don't like him and will not forgive him for corrupting me like this to get away with it...to then attempt to corrupt my life further..my mind was blocking me from knowing and understanding how I ended up like this..
But now my mind is helping me understand things more....it's because of Ian Reilly Submitting himself as an indirect abuse to my life as a child whilst I was not knowing about it Through my parents by helping them so that their life's here impacted mine the most..
And when I was in foster care I was so happy to be away from my parents I really believed I escaped the abuse but
I understand the sudden interest in my parents life's to have them deported
Because Ian Reilly must have finished exploiting my parents because he knows he did his damage to my life and To others and I suppose he is finished.
I guess he knows how he has used my parents to impact my health and my life
Ian Reilly is a sick pervert that shouldn't have got involved
Because he wronged people's life's through my life
And he should be so ugly and wronged for this eternally

7 May 2020 at 2:23pm	The text I just copied and pasted was the BBC NEWS NOT THE NEWSPAPER SORRY AND THIS IS THE LINK TO THE BBC STORY ABOUT IMMIGRATION CENTRES (https://www.google.co.uk/amp/s/www.bbc.co.uk/news/amp/uk-52560093)	Leah Unison
----------------------------	--	-------------

7 May 2020 at 2:22pm	I copied and pasted the text from an online newspaper article About UK detention centres in London and how they are responding to lockdowns. This is the text below From the newspaper ... The number of people held in UK immigration removal centres has dropped by more than two thirds during the pandemic, figures reveal. More than 700 detainees were released between 16 March and 21 April as the government responded to concerns about the spread of infection. Campaigners are calling on authorities "to do the humane, responsible thing, and close centres altogether". The Home Office said detainees' welfare was taken very seriously. In March, the High Court rejected calls to free all remaining immigration detainees, after human rights activists claimed there was a real risk of serious harm from an outbreak of Covid-19. Figures released during the legal challenge show there are now 368 people being held, the charity Detention Action said. According to detainees, there are only 13 women left at the Yarl's Wood immigration removal centre in Bedfordshire, after a case of coronavirus sparked panic - and dozens of people were released. Tinsley House at Gatwick Airport, and Dungavel in South Lanarkshire, are also thought to be nearly empty. About 50 people are believed to have been deported. Charities working with recently released detainees say many have UK addresses, while others, including asylum seekers and ex-offenders, have been provided housing and support. However, there are anecdotal claims some foreign nationals have been allowed to walk out of Immigration Removal Centres (IRCs) without money or accommodation. One former detainee, using the name Jolene, who was released from Yarl's Wood last month, described the process as "chaotic". "There was a weird atmosphere after an outbreak of Covid-19 in March and some of the staff started whispering to each other and wearing face masks," she said.	Leah Unison
----------------------------	---	-------------

7 May 2020 at 1:02pm	I looked on the UK news on google and the press Newspaper are releasing story's About immigration detainees in the UK all released because of coronavirus So that of course would block deportation for my parents because they can't release them all in the detention centres and then gang up to deport my parents and leave the ones they put out on the streets for Covid - 19 to continue to have rights to remain. According to the newspaper Immigration detention In UK released prisoners and people in removal proceedings and most of those people did not have UK addresses where they could find them again after lockdowns are finished So that would be directly corrupt if they sought to deport my parents when there are immigrant detainees released and nobody knows where they are and immigration doesn't care	Leah Unison
----------------------------	--	-------------

7 May 2020 at 12:38pm	I tried to call Eaton house immigration reporting centre with regards to my parents on the 7th may 2020 at 12:35pm But nobody picked up the phone	Leah Unison
-----------------------------	--	-------------

I will send them an email letting them know my parents circumstance to consider their case to remain
Because there's no point in removal proceedings when they are not placing a ban on people deported.
So this deportation would be corrupting my life in different ways
And my sisters cannot escape their life's With their parents through this deportation because they
supported nidhal benaissa and dalila benaissa- boutarfa their parents to remain here as their exploits
They have to pay for this..
This deportation does not revoke rights of people deported and does not block them from making a return
To England
that's why It's corrupt and pointless
They should just stay..

7 May 2020 at 12:24pm When my parents Mr nidhal benaissa Dalila boutarfa Leah Unison

Check in to Immigration monthly to sign in they go to Eaton house

7 May 2020 at 11:03am Then there is the employees of THe financial institutions Leah Unison
They don't receive loans and mortgages either without this psychotic deal making to get a home with kids through other people And companies they don't work for.
That's why the financial industry is just needing a long long break to stop and acknowledge itself at some point!

7 May 2020 at 9:31am In other news Leah Unison
Cashplus credit have sent me a letter agreeing to default my credit card of £1000
It's in debt they will close the account
All I have to say is get on with it
I will never care to dabble in financial industry's again
They are not healthy people in every angle
I will not be in a rush to pay them back in the next 20 years or so
There's no urgency with no prospects of buying property soon.
And there's no prospects of achieving property nowadays without the corruption of children.

7 May 2020 at 9:27am I understand because people are running sick businesses and spiritually dabbling with creatures and insects Leah Unison
and animals in prayer to make them their Own little human children through god.
I am misfortunate and I am having no help in my life because of this and I know that people want to make strange indirect secret psychotic deals with me through god and If I don't submit sick
Then sick people want me to beg to god in poverty to help me give birth to A healthy child that wouldn't have come from insect animal or creature life to unblock sick people To help them be forgiven for their practice
I UNDERSTAND THAT FOR ME THIS WOULD BE THE FINANCIAL TERMS OF ANY HELP THROUGH THE FINANCIAL BUSINESSES
BUT I DISRESPECTFULLY DECLINE DOING DIRTY BEGGAR BUSINESS LIKE THIS
ID RATHER CONTRACT WITH THE GRIM REAPER AND DIE
I DO NOT BEG GOD FOR NOBODY BUT MY OWN SPIRIT
AND I BEG GOD TO NEVER BORE ME WITH SICK PEOPLE OR SICK SPIRITS THAT HAVE DEMANDS
PSYCHOTICALLY TRYING TO PROJECT THEIR REQUESTS TO MY MIND TO DO THINGS FOR THEM IN EXCHANGE FOR FINANCIAL HELP
I DO NOT WANT ANYTHING OR ANYONE TO USE ME FOR THEIR OWN HEALTH
I WILL NEVER LOVE CHILDREN IN THIS MANNER AND METHOD OF ABUSE
IN THIS LIFETIME ID RATHER CONTRACT CORONAVIRUS THEN GIVE BIRTH FOR A FINANCIAL CONTRACT AGREEMENT IN DIRTY BUSINESS WITH INVALIDS WORKING SICKNESS THROUGH PEOPLE TO GET THEIR HEALTH OFF OF ME

7 May 2020 at 9:06am The financial institutions and Financial companies and businesses do not like My business Leah Unison
Because they know that I don't go out to get social and naked for free and they don't like how I block all intent of boyfriends and They know I block all intentions and actions of having my own child.
They want me to go out like a fat tramp with intention of meeting someone to have a baby of my own to get a job after consulting the spiritual realm for a Spirit creature To come out of my stomach After it's life as another species...
These companies want my spirit sick consulting with god to put myself down spiritually before confronting their business for help
I'd rather get a gun and rob a bank...now doing that is an elevated statement to make when I'm knowing the dirty business of the financial industry and how they trade and choose people

7 May 2020 at 8:48am The financial institutions are not healthy In business Leah Unison
Because they release funds and mortgages to family's with intent to have more kids or they would already have their kids.
The financial institutions are not healthy because they are consulting and doing business with human beings

that consulted with god in their psychotic minds to have children not caring where those spirits came from prior to being born as humans.
For a healthy mortgage to happen for a family ...if the family is negative and helping no one but themselves there had to be a health rule in place For the way they have financial help that their children if they were prayed in to their life's these children would have had to be born as human In to their family's straight after living a human life.
But that is not the case these days with people...There giving birth to spirits that have been fish and animals and insects prior to their Human form...so the financial institutions can go to hell
I don't care about their business because they are practicing sick things through their minds with family's and ignoring people's independence.
This is not a silly note because this is something people don't say because they comply secretly sick and then they destroy healthy people to have them support their faith
I do not psychotically integrate with bugs animals and creatures of this planet earth let alone the universe
I empower as much health as I can for myself and I don't like how people enforce their NastY way of life and Practice it at work to impact...in order to change my faith
My faith will NEVER be tainted
I DONT CARE IF PEOPLE ARE WANTING TO BE SICK LIKE THIS BUT
I CARE THAT THEY WANT TO BE LIKE THAT at work and MONEY AND HOUSING IS SUCH AN IMPORTANT THING TO EVERYONE.
RIGHT NOW

7 May 2020 at 8:37am	In the end credit and banks and financial companies should ultimately be on watchdog And then shut down Because these people do not release funds to people like me who submit to independence and hard work with intention to be alone. These financial companies make deals with people who have intention of corrupting society and corrupting money through their children and family's. Financial institutions are unfit for business their businesses are not in good standing because their money goes to NEW MOTHERS OR PEOPLE WITH KIDS THAT DO NOT MAKE SACRIFICES FOR THE WORKS ITS SO UNPROFESSIONAL	Leah Unison
7 May 2020 at 8:32am	I am laughing at these credit companies and banks Because they help people a bit and help theM minimal because they want people to work hard knowing that they can't maintain that Even if they wanted too. the financial industry helps people with intent to exhaust them through debt and hard work to put them in circumstances where they go out and meet new people then consummate children of their own. Through the children is how the financial industry play games with people. I am aware that financial companies do not release funds to people like me with no intention to have children of my own. They can't corrupt me through children that's why they don't want to help me. I don't care I will not let financial stresses get to me because I know their game They want people to want loans and help from financial businesses because they want to play games with people to drive them mad to lead them in to temptation to have them consider having children to Mentally force people submit to corrupting themselves through exhaustion And through their own children. but through tiredness people submit to family and children As a way to relax I would rather go to America and live that exhausted prostitute life in and out of jail if nobody cares about my life I WILL NOT LET PEOPLE PUT ME DOWN TO FORCE MY MIND AND MY INFLUENCE TO CORRUPT MY CHOICES IN TO MAKING A sacrifice AGAINST my health and my body to give birth to a child of a financial cult.	Leah Unison
7 May 2020 at 7:32am	I spoke with the Adult ADHD Richmond service NHS a few weeks ago with regards to a detox and they told me that I do not need one because the medication is monitored so it is not considered as drug abuse...or dependency. I do not take illegal drugs I am much healthier now and have been for the past 5 years. I have not touched illegal narcotics So I will not be using the Richmond integral services for detox for prescription medication as advised by the consultant at Richmond adult adhd I did my research and I do not need it. 6 May 2020 at 2:49pm	I just received my food parcel and my supplies from the storehouse in feltham They have been a great help :) they delivered it to my door (https://www.riversidevineyard.com/storehouse)	Leah Unison
6 May 2020 at 2:21pm	Animals Creatures and insects Are too spiritually involved in humanity We will never find peace as humans until god gets smarter and separates all of its species Spiritually to comply healthy enough to not intervene with each other's minds body's and spirits let alone life's God (The universe) is an unhealthy mess combining spiritual input of an insect with the humans..no wonder there are diseases....	Leah Unison
6 May 2020 at 1:28pm	I had a strange thought today That every pregnant woman Or aspiring woman that wants pregnancy is consulting with god for a baby But that is like consulting in prayer to all bugs and animals and creatures of this earth to submit their spirits to their stomachs as children That is so creepy :-/ And disgusting	Leah Unison

6 May 2020 at 11:59am	Humanity is exploited to work as slaves To turn to crime and be homeless most of the time Because I believe humanity is being exploited to slavery and poverty and it is a spiritual Problem Of god. We are all victims of insects animals and creatures of this earth silenced to be obedient! While we suffer the insects animals and creatures of this earth KNOW ABOUT IT AND THEY live underwater or On deserted islands And we all know these creatures insects and animals are hearing voices of god in their minds or their spirits get influenced to know things by gods work and right now they are knowing about us humans put to work and they know we suffer at home with our family's and in our daily life's so that God promises them a faith that when they get their human life's from our hard efforts and suffering and our broken homes The animals bugs and creatures have faith that they will be the elite humans scrounging off of our efforts to destroy it So that we all start again FROM SCRATCH TO DO NOTHING BUT ACHIEVE FOR THEIR LIFES AGAIN! Well I don't know about all of you but I DO NOT SUBMIT TO THIS SPIRITUAL FAITH I DO NOT CONSENT TO BEING ENSLAVED AND PUT DOWN AND ABUSED BY GOD OR SOCIETY OR PEOPLE TO EMPOWER HUMANITY AT MY PERIL ALL TO BE EXPLOITED BY INSECTS BUGS ANIMALS AND CREATURES THAT ASPIRE TO MAKE IT AS HUMAN BEINGS WHILE GOD INFORMS THEM OF MY PROGRESS IN THIS EARTH. LET ALONE YOUR PROGRESS... AND EVEN IF THERE IS LIFE ON OTHER PLANETS I DO NOT WANT TO BE USED LIKE THIS FOR THEM. Humanity is confused it can't work too hard or too little but there are spirits out there Bugs insects/animals/ creatures knowing our efforts as humanity and I don't doubt they want to Be wealthy when it's their turn to be human as a plot to play spiritual games with us to destroy Our great works to put us all back down again. DEATH TO ALL SPIRITS THAT PERV ON HARD WORK TO EXPLOIT IT TO DESTROY That's a personal note for myself Do not worry about this (to anyone that reads this)	Leah Unison
6 May 2020 at 10:35am	I requested a repeat prescription for my adhd From my gp at Woodlawn medical centre Today. The dr said someone will process the prescription through the online system to 107 bear road Boots pharmacy where I can collect the medication.	Leah Unison
5 May 2020 at 8:50pm	I believe that my parents bad mental health and behaviour is all because of khalid and yasmin mir I think my parents believe that if they behave like this then this will empower khalid and yasmin mir to keep their home longer and keep them stable It's their way of praying or begging for stability. To put THemselves down like this and drag me down To put the landlords khalid mir and yasmin mir And their psychotically abusive children above us all so that we can survive In their converted garage	Leah Unison
5 May 2020 at 8:41pm	Eeewww my parents cook and eat rotten and expired food. I accidentally ate a rotten egg the other day It was disgusting They do that To try to feed it to me :-/ Thank god for the food bank And how they have helped My parents do not want to eat my Foodbank food They like their arrangement :-/	Leah Unison
5 May 2020 at 11:30am	By that I mean The apocalypse :-O It might not be a bad thing with a world full of hard work and no home prospects that are permanant!	Leah Unison
5 May 2020 at 10:51am	Trying to be positive in such hard times but people have negative minds and they take them to work. The faith nowadays is that the works stop working For everyone's sake	Leah Unison
5 May 2020 at 10:01am	Apartments are so dirty and expensive Absolute exploitation. The deposits to move in to an apartment is so high that there is intent of wrong	Leah Unison
4 May 2020 at 9:30am	People in the workforce are scammers Corrupting people to be exploited in rent control through marketing careers and promising jobs to put people in a homeless ringS with the government On benefits And right back to the workforce again. The poor In the working class And the middle class are the ultimate loser beggars that operate scam works and jobs to put people down like this. Maybe the lockdowns will put people's minds and spirits down long enough to lose track of their Work scams so that they can lose their minds to belong in their own work scams and homeless corruptions When things reopen again Oh how the mighty will fall!!! I like the lockdowns now because whoever is out there scamming people in jobs to abuse their rent to put them down with benefits and homelessness will fall in to their own traps All I have to say to them is I know this is not the last time lockdowns will happen...it will happen again	Leah Unison

Society is a scam WORLDWIDE it can't survive like this THERE CAN NEVER BE PEACE AS LONG AS THE RICH ARE RESPECTED AND THE POOR ARE SCAMMERS PARTNERING TO CORRUPT WITH MIDDLE CLASS TRASH
There will be more shut downs to come
And my message to the corrupt workforce AND MIDDLE CLASS PEOPLE is
"Don't be afraid to beg"
BUT IF I WAS THEM I WOULD DROWN MYSELF BECAUSE BEGGING IS USELESS ;)

2 May 2020 at 11:18pm	The reason I mentioned Ariana grande butera was because when I was a homeless prostitute in Los Angeles California I was also trying to make it as a Hollywood singer/actress I did works in studios and sang and recorded even picked up acting management But what i remember the most was when I set up a portfolio of demos of me singing and sent it to scooter Braun (manager of ariana grande and Justin Bieber)	Leah Unison
-----------------------------	--	-------------

(<https://scooterbraun.com/music>)

I never got a response and I was so convinced I would!
But I realised maybe scooter Braun's management was busy conspiring as to how they would live with themselves after Ariana grandes concert got done blowing up bombs in Manchester
I guess they were more concerned about themselves and if people would know they were psychotically in on it!
But I know that scooter Braun is blaming Justin Bieber for Ariana grandes drug overdoses and drug problems

Because he is a beggar to that little girl image persona that Ariana grande sells to mask her crimes in her music and production.
But Ariana grande is just a druggy that people want to mask and protect because they believe in using people like Justin Bieber who is not good looking and is male and not diverse and usable later like female performers but
I wanted scooter Braun management
But now I don't because he is protecting Ariana grandes drug problems by trying to put press story's out on Justin Bieber as a way to kill him because he knows Ariana grande could kill herself through drugs through the way she killed people knowingly at her concert in Manchester
I will never waste my time aspiring for singing again!
I was ignored by that management because of something to do with this!
Ariana grandes little girl image is really ugly and pathetic I don't like her at all.

2 May 2020 at 10:57pm	Anyone that helps Ariana grande butera and her terrorist career should die too!	Leah Unison
-----------------------------	---	-------------

2 May 2020 at 10:56pm	Ariana grande butera The famous singer is such a druggy terrorist All that death and sadness and harm came To people's life's Worldwide for her music And acting career I hope Ariana grande butera dies. For the sake of people that die innocent deaths. Ariana is no innocent little girl she is a psychopath at work to destroy through her career and people help her I hope they too	Leah Unison

2 May 2020 at 7:59pm	Ian Reilly did not give nidhal benaissa his identity for nothing I know that Ian Reilly did that to get some help from nidhal benaissa in the future Probably something to do with housing. There's that to consider Well Immigration police and the home office UK would be wasting their time deporting my parents Because the deportation system here is not BANNING THEM FROM RIGHTS HERE WHEN THEY ARE GONE SO...the state would be wasting money and time And corrupting everyone's life for nothing	Leah Unison

2 May 2020 at 7:24pm	(personal note) I also noticed that I have another Mental health issue that I need referred to get some help from my gp at Woodlawn medical centre Body dysmorphic disorder (BDD) Body dysmorphic disorder (BDD), or body dysmorphia, is a mental health condition where a person spends a lot of time worrying about flaws in their appearance. These flaws are often unnoticeable to others. People of any age can have BDD, but it's most common in teenagers and young adults. It affects both men and women. Having BDD does not mean you are vain or self-obsessed. It can be very upsetting and have a big impact on your life.	Leah Unison
----------------------------	---	-------------

2 May 2020 at 6:25pm	I can't afford to live alone in England like this with no savings And paying rent. I don't want to have my Own kids to exploit To remain here. I always imagined I would be independent with my own money all the credit in the country and my own home No man and no children So for me a dirty life with kids and boyfriend is horrible i would rather be hospitalised in a psychiatric unit.	Leah Unison
----------------------------	--	-------------

So...this is why I am thinking about the USA
because I can't stay here poor in England
Without help to not pay rent
I don't want to get stuck in rent control to end up with children
I hate kids
And I hate the idea of pregnancy and commitment to a man that has not earned his life as my best friend
I would rather die of morphine

2 May 2020 at 6:21pm Well now that I have read what the home office are saying on their website as to immigrant rights
There really is no point in them deporting my parents after all
Because they will be allowed entry again after 2 years
But if they deport them
I will not stay in the UK
I will get lost in the USA until I can't anymore

Leah Unison

2 May 2020 at 1:24pm But I will not leave until my parents are gone

Leah Unison

2 May 2020 at 1:24pm I can't wait for things to reopen I need to work immediately for my money to prepare for California

Leah Unison

2 May 2020 at 1:23pm The home office UK
Is putting on a pretentious deportation show with my parents to grant them entry again
Later
The home office UK are corrupt
My parents have been here for 20 years and it's only recently they have immigration dealing with them
What a coincidence
When the world got finished prostituting my body for nothing and exploiting me homeless
Then immigration make an appearance concerned for my parents!
Nothing cared before while I was suffering
I will not give the army the satisfaction of my enlistment to get injured about my parents and their fake
deportation to pick up injury's later
I'm better off rotting in prison hoping and begging god for a stronger disease like coronavirus to let me out of
prison and shut down society

Leah Unison

2 May 2020 at 1:06pm I will make a go of it in the United States
Because I know that my parents are fake deporting themselves
They will be back

Leah Unison

2 May 2020 at 1:00pm Well if my parents are deported
I will just go back to America
I have a criminal record over in California THAT I WOULD NEED TO FACE Anyway
Judge mark e windham told me he would give me probation again to sort myself out because he knows
about my parents and my family exploiting my rights in the UK
I was charged with vandalism in the USA (I did it because I needed to be locked away In jail to rest because
at the time I was vulnerable and homeless i turned myself in to the authorities for a
bed)
I was a tired prostitute and I had nothing left people got done stealing from me.
Well...if nidhal benaissa and dalila boutarfa are deported I'm not staying in England with no help
(Not that My life here with my parents was help)
America is a bit better If I'm just going to be a loser and a nobody
I can't say I like it too much I don't because of what i went through
I hate America
But I sure as hell cannot be fighting and caring about my life in England withOut my parents

Leah Unison

Knowing that everything I would be fighting for when they are gone In the end
They would just apply to come back to the UK again
And all of what I fought for in the UK while I would have got freedom from my parents would be over
Even more over than what it would be in America
If I ever was deported from America
I can't see how I will ever care about my life again

2 May 2020 at 12:52pm That's why katia assma benaissa and Sarah benaissa are cosy and away from all of this
Because they know that deportation in the UK
Is not as permanent as deportation in the USA AND OTHER PLACES
SO THATS WHY MY SISTERS ARE EXPLOITING AND HIDING

Leah Unison

2 May 2020 at 12:51pm I just read on the home office detention and reporting centre website that people deported from the UK can
just apply to come back to the UK after 2 years,
That's why nidhal benaissa and dalila boutarfa are taking advantage out of me here and exploiting people for
my sisters because they don't care
They heard they could come back
I imagine that they are making full use of the NHS TO EXPLOIT THEMSELVES AS SICK
FOR THEIR COMPETENT LIVES AS UNDOCUMENTED MIGRANTS
SO THAT THEY COMPLY COMPETENT PEOPLE AND THE SYSTEM TO DECEIVE AUTHORITIES FOR WHEN
THEY COME BACK TO THE UK AS AND WHEN THEY ARE ALLOWED

Leah Unison

2 May 2020 at 11:19am	Final thing about my sisters Katia assma benaissa And Sarah benaissa They know I report things I don't want them getting help in their life's to escape what they are knowing they are involved in through the way I report things. I know my sisters believe in their healthy life's at my peril and my reports on my parents and what's happened to me But let it be known that katia assma benaissa and sarah benaissa believe in me living this Hell as a sacrifice for them to escape this through my reports on this I don't want my reports helping them in any type of way that's what they want.	Leah Unison
2 May 2020 at 11:13am	People of society are even worst Because if I am even here acknowledging this It's because people of the workforce and society Are FAKE And blocking me to the point my family are empowered I don't want to be exploited by anybody. as a healthy person I Understand to start making unhealthy choices and start being unpredictable now because I need the leeches off of me People need to stop sucking my health for themselves through letting me down because I know that they wrong me to trust that I would create more health and fight to rebuild myself so that they can come back or have faith in someone else destroying me Fighting FOR HEALTH AND A GOOD LIFE is NOT GOOD AND NOT HEALTHY	Leah Unison
2 May 2020 at 11:09am	I know that my parents and my sisters corrupted my prospects and my life to prostitution and homelessness and bad health to exploit my food mental health and the way I am a healthy spirit and they used my lifetime to break me down like that to get their own mental health and spiritual health But now I understand if they suddenly get deported and my parents are no longer here and my sisters live healthy life's in any type of way it's because they are exploiting my health And my life through people in my future I do not consent to that! I know that my sisters used my parents because they know I'm healthy and trust that I would do something like join the army if they were deported My sisters are perverted	Leah Unison
2 May 2020 at 10:41am	Well if Ian Reilly prevails with my parents and sisters in destroying me and what I want in my life Even I agree that katia assma benaissa and Sarah benaissa owe Ian Reilly their life's with regards to having sex with him. He is a man aware of this prostitution and homelessness that my sisters wanted on my life through my parents remaining here let alone the converted garage squalids that they love that I live in to not live my life. So I don't know how my sisters can ever pose as victims of anybody when this evil is done with me	Leah Unison
2 May 2020 at 10:37am	I do not consent to Ian Reilly Exploiting me in any type of way. I never have given any of these people consent to use me. I know my sisters comply with him Because my parents would not live in a converted garage comfortably like this as abusers and as confident undocumented migrant people if my sisters were not sick and corrupt supporting Ian Reilly with nidhal benaissa and dalila boutarfa I think my sisters would of course enjoy that my parents love to live in squalids as a form of abuse to my independence to help block me from moving on...this squalid accommodation is just a cult grooming method to put me out of everything clean until I give up and stay and accept. My parents want to live here and use my victim life And my bad health as a way to tell people that I need them. Because when they say I need them They are referring to my sisters katia assma benaissa and Sarah benaissa Because my sisters are exploiting me in this accommodation And they know about this and I didn't know that my parents live here to block me for my sisters pleasure	Leah Unison
2 May 2020 at 10:25am	Ian Reilly Is a quiet man helping my dad live off of his identity But the more I don't move on the more I am understanding Ian. But this man has damaged my life empowered my sisters and helped People in my life exploit me And let me down...To put me down for my undocumented migrant parents as a way to mock me for my immigrant life in the UK TO BULLY ME THROUGH HELPING MY PARENTS AS A WAY TO HELP PEOPLE TO LET ME DOWN SO THAT PEOPLE CAN TELL ME THROUGH MY FAILED LIFE THAT I CANT LIVE ON MY OWN TO WATCH AND HEAR ME FIGHT FOR MY INDEPENDENCE I WILL FIGHT NO MORE to have me beg to my parents to let them exploit my british citizenship to do what they want. Ian Reilly is just exploiting my circumstance through my parents as well I think he is a pervert because he knows about all the prostitution and mess of a life that his involvement with my parents created He is a pervert And he doesn't like me but if all goes well and things continue to destroy me I don't doubt if he is sticking around STILL HELPING MY PARENTS HE WOULD WANT to have sex with my sisters for his reward and would then he would want and need a place to stay With my parents as his reward for helping them SO IT WOULD BE THEIR TURN TO RETURN THE FAVOUR TO IAN REILLY SOMEDAY	Leah Unison

2 May 2020 at 10:17am	The way I see it is That katia assma benaissa and Sarah benaissa are exploiting immigrants of the United Kingdom Through their parents nidhal benaissa and dalila boutarfa Because who would suspect undocumented migrant people to exploit anyone because yes they are vulnerable but NO THEY ARE NOT AT THE SAME TIME... They have help from people born here in the UK they co operate most times For my sisters and wrong people and wrong me for them and then exploit my victim life when it suits them to get what they want. But what tells on the way they don't comply with me is the squalid accommodation they insist on renting in order to exploit that accommodation to block me from my independent life and everything I want to get out of working Because they know I can't do better...if I move out and rent a place of my own the workforce would lock me down as a slave and I would never afford to live better I would be stuck! They take advantage out of me for this but the squalid accommodation is them mocking my circumstance to the point they can't get away with this. I know that katia assma benaissa and Sarah benaissa have lived their lives in negative faith to exploit immigrants of The United Kingdom and I know that they are in on exploiting yasmin mir through khalid because khalid mir Explained to me that yasmin mir is not a citizen of the United Kingdom Or she was not born here in the UK He said she is an immigrant regardless. I am an immigrant I was born in france I understand that my sister Sarah neglected her rights as a British born person after her parents left her undocumented and didn't register her birth due to her guilty mindset psychotically involved in the way that her undocumented migrant parents remain here with intent to take care of her someday and are exploiting immigrants of the UK such as myself and yasmin to exploit us for katia assma benaissa and Sarah benaissa for their prospects and life's Sarah benaissa neglected herself out of guilt by psychotic association. Regardless I couldn't help but notice that The British born people of my life are doing better than me And my undocumented migrant parents have help in their life's and it's strange because everyone is having a better life then the immigrants By immigrant I am saying yasmin and I We have our documents but we were not born here in the UK I feel like Ian Reilly is exploiting my immigrant Life in England and my british citizen rights in the United Kingdom by helping my dad remain here doing better than me as a way to destroy me to help him immigrate to the UK and stay here until I agree to allow people like this to really put me down Ian Reilly should be arrested or in prison For helping my dad like this He is absolutely a sick man I'm done treating Ian Reilly as if he is some type of help to my dad He is Exploiting immigrants and begging documents to my parents life's to remain in the UK through multiple cults and sex work circumstantial	Leah Unison
2 May 2020 at 9:23am	I am finally losing old muscles on my body from the military My mind must be relaxing and not wanting me to enlist at all. I had my muscles from my press ups and training for years Even when I gained weight but they are all fading Now	Leah Unison
1 May 2020 at 4:18pm	I hope khalid mir And katia assma benaissa are very happy together someday (Sarcastic tone) They deserve each other	Leah Unison
1 May 2020 at 4:04pm	I was a homeless prostitute from 2013 - 2015 Officially	Leah Unison
1 May 2020 at 4:03pm	Katia assma benaissa May have told me "part 22" Years ago Because 2+ 2= 4 I was a homeless prostitute for 2 years before.. And now I understand that if yasmin mir is not allowed in her home for the next 2 years and she falls in to the sex industry due to poverty and homelessness. Katia assma benaissa would have put two years on yasmin mir knowing that khalid mir would put yasmin mir on that work. So she may have been in on this with khalid for years So it's no coincidence that my benefit payment is on the 22nd of every month.	Leah Unison
1 May 2020 at 3:36pm	Khalid mir was irrational Didn't give yasmin a chance to divorce him in the house DIDNT HELP HER GET RID OF HIS LAST NAME FROM HER LIFE He put her out in his own name She bears the name of mrs mir everywhere she goes. so her mind might let her down in to sex work after a while as a way to separate them both through sex work and homelessness Khalid mir doesn't care I know he believes that katia assma benaissa turned out better then Yasmin in her 12 years prostituting and drug abusing	Leah Unison

So I can see why khalid put yasmin mir out as mrs mir to have her mind abuse and block her in to sex work to have yasmin mirs inappropriateness In her actions Through sex for money psychologically and psychotically separate them in the wrong way since there's no help separating them through document in YASMINS LAST NAME
She needs to change her last name

1 May 2020 at 3:28pm If yasmin mir ever found herself involved in sex work I know that she would be doing it as a broken person for khalid mir knowing that he has a thing about being with katia assma benaissa So that's not healthy for her due to her actions in sex work (If it ever happens) and homelessness as a way to help khalid mir get what he wants And to help him psychologically move on and find a way for him to connect with katia assma benaissa So I hope yasmin mir is not out there destroying herself for khalid mir neglecting herself And her own needs in order to create khalid mirs new life with another woman through being paid to be inappropriate

1 May 2020 at 3:00pm When the IPHONES FIRST CAME OUT YEARS AGO
Katia assma benaissa FaceTimed me
She video called me and was on cocaine and she zoomed in and out of her pile of cocaine and then she zoomed in and out of her right EYE
Being strange
and told me in her own words "PART 22"
And then hung up..I thought nothing of it because she was such a druggie about her cocaine and I had too many financial problems at the time as usual.
I just remembered...because I suddenly realiseD that I get paid my benefits every 22nd day of the month.
That's how I know that katia assma benaissa is psychotically involved in some negative things in my life and people around me right now..Because that is a strange coincidence

She foretold the number 22 in a video call to me years ago
And called it a PART of my life
PART 22 she said...

1 May 2020 at 2:43pm There is desperation in this house
To the point I can see that its awfully convenient that katia assma benaissa is not here where she belongs.
She belongs in the filthy squat garage to face her life with khalid and yasmin mir
But life is so injustice to the point I am The one here understanding all the responsibility that katia assma benaissa has help Escaping through her friends and prostitution clientele
These people help her to not face any damage that she has done to people for herself.
Well I had enough...I don't pick up the pieces for anybody
I had enough of katia assma benaissa and her prostitute life destroying my life and the way it continues corrupting people around me To destroy my stability to then force me to get back in to that business.
There is no god

Leah Unison

1 May 2020 at 2:39pm and if khalid mir psychotically doubts himself in the way that he could have my sister katia Assma benaissa
I can see why khalid would use his kids on nidhal benaissa to tell him about his own child As to his needs through his children through extortion.

Leah Unison

1 May 2020 at 2:19pm There are different angles to this
But...future reference to this for myself
If yasmin mir ever ended up prostituting and giving erotic massages like I used to Have to as a homeless person on the streets.
Then I know that there is a link to her life victim to sex work in some way through katia assma benaissa
Even if it is a psychotic link
There is still a link!
Katia assma benaissa has lead khalid mir on
In the past and played his little games
Flirty flirty years ago
I don't know the status of their relationship/ friendship now
But something is very stinking of katia assma benaissa with regards to yasmin mir if she continues to be homeless and abused by her children

Leah Unison

<https://www.universal-credit-services.gov.uk/journal>

1 May 2020 at 2:11pm The idea to prostitute or be an erotic masseuse For quick cash Initially began and came from katia assma benaissa because she spent over 12 years doing it...yasmin knows

Khalid mir always said he would marry katia assma benaissa someday
He would always boast about that not caring to the point sometimes it would sound like a joke...but no ones laughing.
So if khalid mir did this to his wife and put her out on the streets in front of my dad like this then he would be implying that he wants to be with katia assma benaissa.
And if yasmin mirs life disrespects her to fall in to sex work somehow
It would be a cosmic abuse to her spirit to be led to do that just like I was Led and abused in the past To be in sex work because of katia assma benaissa

Understand that katia assma benaissa is the influencer of sex cult prostitution on people's life's.
It happened to me
And if it happened to yasmin then this madness if it happened to yasmin would be khalid abusing yasmin for his kids and implying his interest in my sister to my dad

Leah Unison

1 May 2020 at 1:40pm Khalid mir may have made threats to my dad like that On behalf of his kids
For yasmin mirs life homeless And the way that she might resort to doing Dirty things for money.
Because he was taking advantage out of the way that he knows that my parents and sisters corrupted my health out of the british army When I was younger
And put me in predicaments in my life as a homeless prostitute and he knows that people always let me

Leah Unison

down Throughout my life for me to have no choices but to live with my parents
So he saw opportunities to put yasmins bad life on my parents for the way I got no justice for the life I lived.
Because he saw the connection that I would have with yasmin If yasmin turns to sex work agreeing that the police would be more interested in my dad or my mum to distract the negative from his kids
Especially due to my parents undocumented migrant status in England

When I was trapped in prostitution and homelessness that was due to my sisters and my parents and their circumstance and their corruption to my prospects and life.
They all wanted each other
I wanted nothing to do with them I wanted my career in the army and had to leave due to health issues etc
Never once have I ever prostituted willingly
Or for my family
They always put me in circumstance that required me to do it.
And then people using me put me down to need help and conveniently my parents are there just like people know they are and hope they are.
But I am not in on this...I don't wrong myself like this on purpose
People have purpose and boy don't they like to exploit!
I hate people

I had to say something about that because I DONT LIKE HOW THE MIR FAMILY HAVE THEIR BAD DAYS AND EXPLOIT ONE OF US TO MASK AND HIDE THEIR OWN INTENTIONS TO WRONG THINGS AND WRONG PEOPLE.
With regards to yasmin mir...her own children are perverting her if she ever ends up in sex work.
And I do not victimise evil little brat kids like this that do this to their mother to then turn to exploit the vulnerable for their own innocence and their age.
I can see why khalid mir thinks that his children are his faith and his key to some help when he is evicted from his house for mortgage arrears but khalid mir has been abusing his statements with police with yasmin for a long time
And they overly use the feds to the point it looks like they are desperate.
I swear if I was yasmin.....and my children called me a prostitute Whilst psychotically plotting to have me put out on the streets by my husband...if I even knew about that before being put out...the kids would be abandoned in foster care and I would look at my life away from the kids and the husband.
Sorry..but society needs to come down on children...they are playing with innocence to the point they need to be wronged.

I was thinking about when khalid mir made a threat to my dad that his children will create charges against him to the police... and then I recall yasmin Mir telling me she is hotel hopping homeless Nowadays...not knowing where she is living
But prior to her homelessness
I remembered
That she told me that her own children called her a prostitute!
Understand that if yasmin mir continues to live homeless I wouldn't be surprised if she ends up being a erotic massage lady or a prostitute...
I went through that for years in Los Angeles California years ago.
But...it disturbed me to understand that prior to yasmin mir kicked out of her own house and put out on the street, she told me her own children called her a prostitute!
Now I find that interesting that her kids would call her that...then her son saif mir kicked his mother physically and Was spitting at her and not caring what is happening to her...and I suppose that khalid mir knows that his children are dirty and are corrupting their mums life to some type of sex work on the streets Or something equivalent...to the point that khalid mir may be getting desperate about his children and what they are psychotically involved in...to the point that I think he believes in creating a story with his kids that my dad is a child pervert...Or is something along those lines.
Understand that I don't like my dad
But if he ever implied anything like that around me I always knew that he was vulnerable in the UK..and was blackmailed as an undocumented migrant to co operate with khalid Mir as a tenant.
The Mir children are strange little corrupt people that I can't wait to never see again or hear about again.
So I suggest that they stop looking to use the police around me or my parents
Because I don't think anybody will feel sorry for them if their mum ever ends up a sex worker because of their dad let alone themselves.
My dad is not good to me..but I kept a note to this to just remember what khalid was implying in his threats to my dad with regards to his kids.
If yasmin mir ends up in sex work
I know that khalid mir will want to distract any negative attention off of his own children and on to my life or my parents life's
And I'm not having it!

29 Apr 2020 at 2:22pm	Part of me.. thinks that What if katia assma benaissa and Sarah benaissa finished exploiting Their parents nidhal benaissa and dalila boutarfa and have acquired all the independence they need for their own life's and do not require their parents anymore. I understand if my parents get deported my sisters would be done with them! This is a tough situation because my sisters are so corrupt and people help them to the point that I just don't know All I know is Regardless of nidhal benaissa and dalila boutarfa deported OR NOT I want katia assma benaissa and Sarah benaissa To suffer the wrath of my revenge And the wrath of what I would want for them. It would only be fair like this because I suffered against my Free will because of them. My sisters have always had help revoking my free will in different ways Throughout my life ...it's only a year ago I truly found out they were accountable because they impacted me this whole time whilst away from me. 29 Apr 2020 at 9:09am	If the immigration police continue to check my parents in to the centre monthly For years from now Then they are no better than the crimes they deport through other people's family's. because if my parents are allowed to remain like this...when my dad is a madness in a converted garage not sleeping corrupting everyone to just use me to get to exploit me for his landlords to destroy me and then to destroy his landlords all until he gets katia assma benaissa and Sarah benaissa back in to his life Then I agree that immigration officers would have exploited me and would have exploited others to empower themselves through the cult crime work that my sisters empowered on my parents life's to get their independence to indirectly corrupt my life through nidhal and dalila using them like puppets	Leah Unison
29 Apr 2020 at 9:05am	I do not consent to being exploited of my rights as a British citizen for my undocumented parents for the psychotic gain and empowerment of immigration police that keep them in the UK to corrupt my mind To curse me with bad health to corrupt me and my Future so that my parents remain and get my sisters back at my peril I DO NOT WANT TO BE CORRUPTED BY IMMIGRATION POLICE OR THE HOME OFFICE FOR MY PARENTS IN ANY TYPE OF WAY WETHER I AM BRITISH OR NOT. Understand that if I was not british I would simply commit crime to get locked away from my parents to block this exploitation But the only thing that restrains me and helps me not be a criminal to cut my parents out of my life Is because I am British needing to at least try to be lawful and give a civil life a chance in society	Leah Unison
29 Apr 2020 at 8:40am	The reason I mentioned Bart the immigration officer that is dealing with my parents in feltham is because there are NHS works Called BARTS HEALTH NHS TRUST BART THE IMMIGRATION OFFICER FOUND MY PARENTS TO BE UNDOCUMENTED MIGRANT PEOPLE THROUGH WEST LONDON MENTAL HEALTH TRUST NHS so if my parents stay living like this And get the power to exploit me further I wanted it to be known somewhere that there was authority's that could have helped but they would have been corrupt and letting things happen for their own psychotic gain	Leah Unison
29 Apr 2020 at 8:29am	I do not know how immigration came to the squat garage about my parents immigration And just relaxed about the whole circumstance My parents are renting a place that looks like a crack den... There was one immigration officer named BART	Leah Unison

FROM FELTHAM IMMIGRATION OFFICERS OFFICE
and his name is commonly used in the NHS.
I see THat name everywhere I go
Bart was the one that came to look for my mum years ago.
They have to stop this exploitation they cannot allow my parents to continue like this.
If they do allow it then they are corrupt knowing what they are leaving my parents to do
And should be held accountable

29 Apr 2020 at 8:17am	Nidhal benaissa does not sleep at all. He snores all night pretending. He is not healthy I don't think he learned to sleep as a child this is what may have impacted his mind and his life choices to just exploit people and himself until he overcomes everyone or he can't. Sleep is very important unfortunately nidhal benaissa never slept in his life. (I have lived with him for years now and I can confirm that he doesn't sleep because he disturbs my sleep with his fake snoring and I keep needing to tell him every night to shut up) And he doesn't see that as unhealthy I always agreed that he is no better than a drug junkie for the way he doesn't sleep. And lives in a squat squalid garage like a crack head doing heroin (Nidhal benaissas heroine is his diabetes insulin he injects himself with it in the converted squalid garage everyday like a heroine addict would inject itself whilst neglecting itself and others Around it) Nidhal benaissa is clearly exploiting the NHS TO CORRUPT MY LIFE AS AN UNDOCUMENTED MIGRANT. It's strange of him to rent something full price like this converted garage For years and years Like a drug junkie that neglects himself and his hygiene To destroy people	Leah Unison
29 Apr 2020 at 8:05am	I don't like nidhal benaissa he just wants to exploit his landlords to empower katia assma benaissa And Sarah benaissa for himself And he just wants to steal the rest of my life and whatever's left of my life and prospects with his criminal activity as an undocumented migrant whilst exploiting my identity eventually. 28 Apr 2020 at 12:59pm	Katia assma benaissa and Sarah benaissa Would have faith in my life exploited as a prostitute in the future if they lost their parents to deportation They are both more of a problem then I ever knew I don't want to be a high class escort or prostitute Because I know that things like that only happened to me in the past because of my sisters corrupting my health and my life through corrupting my parents to remain here under criminal circumstance and more	Leah Unison
28 Apr 2020 at 12:23pm	If katia assma benaissa And Sarah benaissa Ever contacted my parents and asked about me It's only to check if I am co operative with their family exploitation cult work My sisters are ugly fat losers I don't like them because people empower them To be independent and I know my sisters are nothing without their parents exploited criminally or vulnerably Because without my sisters exploiting my parentS my sisters cannot exploit me They set this whole thing up while they were growing up over the years... They have been exploiting each other and me and my parents and creating all types of distractions with police social services and council and school problems to psychotically corrupt their mortgage company and people that work for them as well to mentally work their mental health issues down to keep their house through all of that confusion with authorities and my parents in their house. 27 Apr 2020 at 8:47am	Boris Johnson is supposedly back at work and they are reviewing lockdowns Hopefully they stop Wanting lock downs, And notice that most countries are No longer locked down. I asked my gp at Woodlawn medical centre if I could be referred for a CT SCAN via email this morning as I have never had one before and the scan apparently scans the organs and bones To see if all is ok. Waiting to hear back from them	Leah Unison

26 Apr 2020 at 12:01pm	They gave me credit like a child/teenager Because they are exploiting And experimenting with my mind Playing with my intentions of owning a home Not caring if I reach my goal This is me telling the financial institutions GO TO HELL I WILL NOT BE EXPLOITED AND HOMELESS FOR THEIR JOB PROMOTIONS AND I WILL NOT HELP THEM OVERCOME PRISON AND HOMELESSNESS THROUGH MY LOSSES	Leah Unison
------------------------	--	-------------

26 Apr 2020 at 11:49am	Some of the financial companies in UK that have attempted to exploit me for corruption and their own personal Gains and reasons to have me used in debt to take on hardship for them for their own personal gain and employability and promotion. Through their poor judgement to my circumstance and the way they fail to acknowledge that I am 28 years old I will be 29 years old next month And these credit company's gave me loans and credit lines like a TEENAGER BUILDING CREDIT THEY FAIL TO HELP ME As an adult. CAPITAL ONE - £400 Aqua credit card - £300 118 money credit card - £225 118 loan - £2000 Evanquis credit card - £250 Barclays credit card -£250 That is what I achieved at 27 years old That's disgusting That is The type of credit That financial institutions would give a teenager When they are entering adulthood. I HAVE ALLOWED THESE LINES OF CREDIT TO BE DEFAULTED BECAUSE MY INTENTIONS FOR CREDIT WAS A SUCCESSFUL MORTGAGE BUT WHEN THEY TREAT ME LIKE A CHILD Financially putting me down like a child beginning adulthood in finances I WILL NOT ASPIRE OR ENDEAVOUR TO TREAT THEIR BUSINESSES LIKE ADULTS I WILL LEAVE THEM LIKE CHILDREN PROUDLY MARKED IN MY NAME UNDER DEFAULT CREDIT AND WILL NOT Pay them until I have found an alternative way to buy my own house without credit	Leah Unison
------------------------	--	-------------

26 Apr 2020 at 11:09am	The financial institution want people to believe in their work history and the proof of it to obtain credit Because when they deny and refuse to lend money Then people are acknowledged for overworking and trusting the banks and their advice to the point people in everyday life end up corrupting the aspiring loan applicants in to prison out of disrespect to the way they were working hard and complying respectfully at work for financial institutions that don't respect them! So the applicants needing the loans and credits For the intent of being a homeowner end up criminals unintentionally living the hard life in and out of prison for people who denied them credit.	Leah Unison
------------------------	---	-------------

People working for financial institutions believe that working there and declining people credit will help them exploit people to go to prisons and Suffer homelessness For them as exploits.
Most of the time the financial institution websites are not actively accepting applications THEY EVEN DECLINE BANK ACCOUNTS MORE THAN THEY ACCEPT BECAUSE THEY DONT DO BUSINESS
THEY WANT THE RIGHT APPLICANTS AND THE RIGHT APPLICATIONS!
They want people TO ACCEPT THE PSYCHOTIC UNSPOKEN TERMS AS TO ACCEPTANCE TO Allow Personal USE Of THE APPLICANT NEEDING MONEY TO UNBLOCK THEIR OWN MINDS TO USE THE APPLICANTS personal LIVES TO Bring IN HARDSHIP IN Their DAILY LIFE LIKE USING THE APPLICANT TO GO TO PRISON FOR THEM while they keep their jobs in the financial sector to get a promotion!
Financial business is pure crime
Even the poor end of financial business Like high street banks this is their life and this is how they do business
They don't want applications
They want to get away from negative works of others In their own life's and only want applications from people willing to take On their problems for them.
By psychotically deal making and Sharing signatures on loan agreements
And this is how they exploit religion as well..
This is how bankers and credit companies do business
I want them shut down
The life we all live we are better off with no suits and contracts and banks and shit things Like this.

26 Apr 2020 at 10:33am

Understand that when people that have not had a work history like mine are able to get a 200,000 pound mortgage
Like khalid mir and yasmin mir
I expect FULL CO OPERATION FROM ALL BANKS AND MORTGAGE COMPANIES AND CREDIT COMPANIES With regards to what I want Regardless of my unemployment status
That's my mentality
I know the world
I am not the one that needs to change
Until they are co operative
I will look for a job
And live poor
But I will not bother with credit again until the financial companies in the UK submit to lending to the unemployed
Because when they give money to working class only
There is always a cult involved and trouble ahead
The working class are not a positive choice in lending they are exploited and wronged by people worst then the unemployed

Leah Unison

26 Apr 2020 at 10:26am

People like me who worked for years
And lost jobs
I now am considered by the exploitive financial businesses in the UK as not qualifying for a loan or credit because my work profile is down and I am unable to prove a recent work history.
But I know that any financial institution that complies with this mentality to not lend to a customer based off of unemployment is looking to exploit THE APPLICANT THROUGH ITS poverty by refusing to comply with them.
I know that the financial companies lure people in to work by declining applications for financial help to encourage people to work knowing the workforce is exploiting people TO USE THEM with no intent of long term employment
FINANCIAL INSTITUTIONS LIKE THIS BECAUSE THE APPLICANT LOSES THEIR MINDS FOR THE FINANCIAL intention to apply AND GETS LOST IN EXPLOITATION At work and slavery AND PROBABLY NEVER APPLIES AGAIN!
Simply so that the financial institutions can play their cult games on my life or NEW people's life's
To tell us that we need to prove we are working and show them TO SUPPORT THE APPLICATION
So that they FAKE THAT THEY can help us through deceit
To believe in creating and rebuilding WHAT I LIKE TO CALL our
Exploit Files (THE BANKS CALL IT work history files) PROOF OF INCOME

The financial institutions are not lending MONEY APPROPRIATELY ALL THEY DO IS they encourage work AND PROOF OF WORK because they want to help us all create our very own BEGGAR PORTFOLIOS TO SHOWCASE IN OUR APPLICATIONS AS TO OUR OBEDIENCE TO BEING EXPLOITED BY DIFFERENT DEPARTMENTS OF PEOPLE AND BUSINESSES.
EVEN THROUGH GOVERNMENT DEPARTMENTS
This is probably why the UKVI HOME OFFICE PARTNER WITH THE BANKS NOWADAYS BECAUSE THEY WANT TO EMPOWER EACH OTHER TO GIVE EACH OTHERS BUSINESSES EXCUSES AS TO PEOPLES LIVES TO NOT HELP THEM AND ALWAYS ADVISE THEM TO USE THEIR PASSPORTS TO WORK AND BEG
TO BUILD THEIR CONSISTENT PROVEN INCOME AND WORK-LIFE TO CREATE A WORTHY PORTFOLIO TO HOPE THE FINANCIAL INSTITUTIONS COMPLY

Leah Unison

26 Apr 2020 at 9:33am

And then there's one final thing
When people like me finally get to move out of abuse and exploitation
Banks/credit companies/ mortgage companies
Want copy's of passports and bank statements to psychotically judge my circumstance as to my application to hear voices in their minds as to if I could get money based off of my immigrant life with the UKVI HOME OFFICE AND PASSPORT OFFICE
Even if I am a naturalised British citizen
AND THEN THEY PSYCHOTICALLY ACKNOWLEDGE MY BANK STATEMENTS AS TO SLAVERY AND IF I AM COMMITTED TO Poverty and accept it by Empowering my Own negative mindset to Have it attack me And my life as a sacrificial for these financial companies that need to lend me money

Leah Unison

And they want to know if I am consenting and ALLOWING EXPLOITATION TO CONTINUE ON ME THROUGH UKVI HOME OFFICE / passport office AND If I would be dedicated to work PEASANT WORKS / jobs Until I die or get locked up in prison..
AND IF I BEG THEN THEY MIGHT CONSIDER IF I AM COMMITTED to their cult work by ALLOWING CORRUPTION AND DEBT TO MY LIFE TO QUALIFY TO APPLY AGAIN!
After serious YEARS SPENT SURVIVING AND LOSING PEOPLE AND LOSING JOBS WHILST REMAINING DEDICATED TO THE FINANCIAL INSTITUTIONS
After many failures
Fuck the banks
Fuck mortgage companies
And Fuck credit companies

And most of all fuck off to exploitation and the way people empower themselves at work to exploit for a living

If I was not giving things a bit of a chance I would be a NEWSPAPER headline and on the news throwing bricks AT these companies
They can't get away with this

26 Apr 2020 at 9:17am	Yasmin and khalid mir Did not get their mortgage off of their work ethic They got that £200,000 mortgage through their intent to create cult victims and exploit victims through their tenants In their home...and even through agreeing to create cult victims in themselves to mask themselves as victims as well for when they are finished with their house. The banks/mortgage companies and credit companies read people and their intentions through their own psychotic minds Society is unprofessional Dirty and disgusting They are practicing psychosis at work this is why people who exploit people negatively get ahead. The credit companies tell me no all the time unless I'm an exploited slave who Can prove it through documentations and Bank statements and as long as my future is looking at prison Somewhere in my life line...because the financial companies won't have to deal with me later if that's my life that's why they would spare me a couple hundreds worth of credit but nothing worth having! At least nothing that would buy me a home. I assure you I know they are like that to most poor people not just me. But I'm not fooled about the financial companies in the UK They want to exploit and damage people and on their applications they want Psychotic partnership to destroy people In the applicant that's how they qualify! That is the mental agreement in all credit deals in the UK right now with regards to the poor! They don't care if the applicant can afford or are working The Financial companies won't give them the money Unless their minds have a dirty deal for the company and a dirty deal And intent to empower whoever is working In the financial companies and allowing a deal to be made for the business at work. I know that through my own experience and how I have been denied credit for the way I am an unwilling exploit and I have understood the financial business through khalid mir and yasmin mirs mortgage and how they operate.	Leah Unison
26 Apr 2020 at 9:00am	Watchdog need to be watching the banks Credit companies Mortgage companies Because these people are sick minded Working to exploit And not to empower themselves or people through positive work.	Leah Unison
26 Apr 2020 at 8:59am	I do not consent to being exploited by banks and financial companies Mortgage companies and credit companies I do not consent to be used to work and pay them my money to just get in to debt to just start again. Credit companies banks and mortgage companies are fraud They do business personally to exploit people They don't work for the works and achievements of working They work for the cult And exploitation and the spiritual empowerment of it for themselves	Leah Unison
26 Apr 2020 at 8:47am	It's disgusting The way the banks And the credit companies are trying to groom people as cult victims and creating a system where people have to work their way up to Obtain credit. When there are people like khalid and yasmin mir waltzing in to a mortgage company with dirty intentions to get a mortgage to Buy a house they can't afford to then plot to rent the converted garage to empower cult and exploitation In their home. Yes I am no fool as to credit companies and mortgage companies and banks I don't like their grooming methods to encourage people like me in severe poverty to only qualify for adult credit if I sell my soul to homelessness (the workforce) And sacrifice my faith in myself to work endlessly for a little bit of credit and to just continue and trust that I would get a mortgage SOMEDAY I was a victim of that recently OVER THESE PAST 3-4 years I will not let them put me in that state of mind ever again! Credit companies banks and mortgage companies are filthy cult beggars They like to psychotically groom the ones like me who want a home the most Then they want to drop us off in debt to encourage us all to start again NO THANK YOU	Leah Unison

2020 at 8:30am	The rich are perving on the government and their works Through their minds and through people respecting their homes When poor criminals or poor citizens should purge and treat tHe rich and their homes like counsel housing When they don't respect their own poverty

26 Apr 2020 at 8:27am	(https://www.beauchamp.com/buy-property/london) For example luxury property like what is on this website should have the police all over it And the government should be Watchdogging whoever can afford property like this because if the rest of us can't achieve it Then the rich are too criminally needing to be on government surveillance 24/7 and The rich need to be stripped of all assets money and property's They own so that the money can go to the government for the poor to have better housing and benefits and opportunities Since the rich are NOT WORKING	Leah Unison
26 Apr 2020 at 7:59am	Screw it.. I said if I was a man I would be like that! Heck I'd do it as a woman as well I hate the rich and the criminal respect people give them by ignoring their income and allowing their crimes to happen while we all cower on benefits and at work I will not cower in my next lifetimes I have marked my words	Leah Unison
26 Apr 2020 at 7:56am	Working a career or several jobs does not earn someone luxury real estate. I do not understand how the police and law enforcement respect wealthy people when Wealthy people are blatant criminals just by simply having a luxury home! If I was a man...I would invoke my mind to disrespect wealth and people in wealth until I am a threat enough to take what's mine and be wealthy myself. The rich cannot trust That the poor will continue to respect them any longer because the government and police cannot just focus their works on poor people they actually exist to target the rich. But nowadays THeY are corrupting the poor because the poor And homeless respect the rich And their assets and squat in cheap homes In their own neighbourhoods If I was a squatter I would want to squat in a mansion or luxury apartment and begin the Great works to unblock the poor to destroy the wealth In order to create a way in to that lifestyle so that it's easily accessible I hate that respect people give the rich by leaving them alone	Leah Unison

I never understood the poor... The way the poor would vandalise a council property And never have their minds or want to have their minds to disrespect luxury properties like this one. Working a full time job should help the poor come up to live like this in luxury Working should never invoke respect and ignorance to wealthy people	Leah Unison
25 Apr 2020 at 7:38am	I don't like Ian Reilly and how he corrupted my life My health and my prospects by handing out his identity for nidhal benaissa to exploit his names to survive in England He is corrupting my parents permanently on the streets if this continues	Leah Unison
25 Apr 2020 at 12:28am	Nidhal benaissa fought as an undocumented migrant to remain in England I guess he did that to overcome my prospects and corrupt me and my health to his squalid accommodation to not care that he would have done that to me for katia assma benaissa and Sarah benaissa I guess he stays here to continue to corrupt me and is just open minded about what my sisters are doing and doesn't care he just wants to exploit my circumstance to remain in the United Kingdom Well I don't like this and I would rather feltham immigration begin removal proceedings I do not want nidhal benaissa using my circumstance as his excuse to remain in the UK	Leah Unison
24 Apr 2020 at 8:39pm	If katia assma benaissa ever exploited the idea of an arranged marriage through rachid benaissa with her cousins as a form Of deceit to trick her Family and parents to get what she wants In her life. I understand that psychotically She would achieve her motive To corrupt their life's to forget about what she did there. Well It didn't work...we remember katia and her strange acts and life She should face her karma Because if she thinks she can play the deception card on everyone to pretend that she is this crazy person in her actions to involve herself in dirty Weddings and arrangements incest to get to live a certain lifestyle that	Leah Unison

she wouldn't have got to live if her intentions were pure.
And to even get to corrupt her family in to her Sick faith Even though family members of katia assma benaissa like me would have not enforced her in to such a sick state of mind for marriage
After my life consistently failed because of her
I don't care I say it loud and proud
Katia assma benaissa should face the consequences of corrupting her family in to life's that consist of waiting for her to be the dirty bride that she promised them all she would be!
Just saying...

24 Apr 2020 at 7:49pm	(Personal note) I remembered today that it was actually my sister katia assma benaissa that pushed our mum to go and see the voodoo man in Abidjan She was always so excited about it. Like i said the voodoo man gave my mum a ring in a box to imply marriage Of some kind to our family. But I am a bit closed minded for believing that this ring was for my mums marriage Now that I am understanding that katia assma benaissa sought out to seek the likes of rachid benaissa whom she knows arranges incest and marriages within the benaissa family I came to question today that perhaps katia assma benaissa pushed my mum to entertain the voodoo man in Abidjan with his cult and magic props To then grew up to endeavour to find my dads family knowing they marry each other To be involved in this with them. Well whatever she is doing She better hurry up because our parents are under immigration police officers and if THis is what katia assma benaissa wants for herself which she has done strange things like this Throughout her life to imply that she wants it She needs to make it known or something... Because my mind keeps dwelling on her strangeness instead of focusing on me And I don't like it	Leah Unison

23 Apr 2020 at 3:31pm	Hi Leah, I can understand it must be very stressful for yourself, especially as everyone has been advised to stay at home unless it is essential. As set out in the guidelines, you are able to go out once a day, if you wish, for a little exercise, making sure you are socially distancing yourself. This is to prevent the spread of any infections. You have stated that you have been referred to My Independence for support, so it would be an idea to await this. If you require mental health support please call the 24/7 helpline on 0300 1234 244. 21 Apr 2020 at 7:11pm	Nidhal benaissa is receiving prescriptions for his diabetes somehow so I don't know if he is lying to me about not having a gp But I just realised he uses insulin for his diabetes and gets his prescription While he is at it he should ask for a psychosis assessment to save himself from katia assma benaissa And Sarah benaissa I don't know anything in this house Things like that when my dad lies and says he doesn't have a doctor and then he picks up a prescription. I don't know if he is using the hospitals to do this But this is what I mean My parents and their minds have to detach from me Because they sound like they are craving my sisters around them and I'm not trying to block that I just can't help my circumstance and my financial circumstance	Leah Unison
21 Apr 2020 at 7:08pm	Since khalid mir and nidhal benaissa are such best friends in their arrangement not caring what society think about their converted garage and how they exploit woman I don't know why khalid mir is not a friend to nidhal benaissa and why he won't help nidhal benaissa Register himself as a patient at fir road surgery 50 fir road Tw13 6uj Where khalid mir and yasmin mir and their children are registered as patients. 19 Apr 2020 at 3:18pm	(Personal note) If katia assma benaissa ever was in a circumstance to be in an arranged marriage with my dads side of the family She knew exactly what she was in for though. She was the one travelling and seeking and looking for my parents family's when foster care took us Away as children. She waited to be a teenager and created a work to free my parents in this country as undocumented migrants That's very intelligent /psychotic of her. When she found his family she knew about the arranged marriages between cousins That rachid benaissa encourages and didn't care and sought out to keep my parents complying with their family between the UK Algeria and France I would rather stay out of their life's And die of coronavirus But I know that when katia went to these extremes for family she would have done that knowing what my dads family would want for her. Arranged marriage..	Leah Unison
19 Apr 2020 at 3:00pm	(Personal note) To take my mind off of my dads family My head is circulating around the way that my aunty rimah benaissa only married her cousin Ben benaissa for rachid benaissas approval and money and help.	Leah Unison

I recall rachid benaissa wanting to help my sister katia assma benaissa to marry our cousin
BENAISSA Amyr Arslam
That is why I reacted negatively to my dads family I don't want to be married dirty like this.
But I don't recall katia assma benaissa reacting like I did.
She's always been about money And approval more than me
So I wouldn't be surprised if she agreed to a family marriage for a home of her own

19 Apr 2020 at 11:19am

Nidhal benaissa started to dictate the food I have
And demanding that I do not go to the Foodbank or let them deliver food for me throughout covid-19
Even though he doesn't buy appropriate food for me He buys bread for himself and some bad cheap meat
and my mum sleeps in the kitchen And blocks me from cooking and I can't cook, the fridge stinks of rotten dairy and I can't even store anything for myself.
So I keep my food from the Foodbank next to my bed because the wardrobe is filthy and I don't have personal belongings anymore due to being blackmailed by my parents for achieving a little more than them..
And when they do cook they leave hairs in the food on purpose or put things in my food to wrong me for eating their food.
I know they abuse me to satisfy my sisters
Katia assma benaissa and Sarah benaissas minds to help them at my peril psychotically

19 Apr 2020 at 11:10am

Nidhal benaissa and dalila boutarfa didn't like how I was creating lines of credit for myself and working and rebuilding my life under their roof
So they began their blackmail until I had to throw away and sell everything I had and I conveniently could not work anymore
I want them out of my life

Nidhal benaissa is a fake tramp
He declines help from his family to pose dirty & poor Living in squalid conditions as a way to corrupt my life until He knows that katia assma benaissa and Sarah benaissa are understood as settled and living the life's in the UK that they want.
He is exploiting immigration for free flights to Algeria to dramatise poverty so that Sarah benaissa gets her life on track without him and my mum and he probably Is plotting to leave me like this in a bad state while he and my mum are deported so that the poverty is real for me and ONLY ME
HE IS A SICK MAN
There are all angles of this

Sarah benaissa's adoptive father And mother
I don't speak to them and will never reach out to them
(Personal note this man and his wife exploits my parents to get to corrupt my life by empowering Sarah benaissa As some type of victim to make her his daughter but Sarah is a victim of no one but herself)

19 Apr 2020 at 8:29am	Rimah benaissa 2 rue edouard Danaux Bretigny sur orge France 91220 I do not correspond with her and never will but this is Personal note For my mind to just let go And move on I want my mind to let go and remember that my parents have help They don't need me around to witness their life's like this My mind has to help me!	Leah Unison
19 Apr 2020 at 8:25am	Rimah BENAÏSSA est née le 2 octobre 1966. Rimah BENAÏSSA est associé-gérant de l'entreprise Benaissa qui a été créée en 2011. Le chiffre d'affaires de la société n'est pas communiqué. Rimah BENAÏSSA was born on October 2, 1966. Rimah BENAÏSSA is managing partner of the company Benaissa which was created in 2011. The turnover of the company is not communicated. I copied and pasted this from the internet This is my dad nidhal benaissas SISTER He has no excuse to allow Katia assma benaissa And Sarah benaissa to exploit him as a criminal undocumented migrant for their own self gain and independence I don't like my dad because I know he is wrongful to me for my sisters	Leah Unison
19 Apr 2020 at 8:04am	(Personal note) Rachid benaissa does not help me And what I need in my life because I do not approve of incest My dads sister rimah benaissa married her first cousin Ben benaissa I do not like incest, when I was younger I was inappropriate to rimah benaissa with regards to her life choices in marrying her cousin. However they All remain civil About me as far as I know but I do not speak to my dads family anymore and have not done for years I don't know them all Because he keeps most of them away from me. But I know that rachid benaissa would put aside judgement with regards to Sarah benaissa And put aside all differences to help her because it would help recover nidhal benaissa and dalila boutarfa and their life's so that someday they can leave the UK civilised instead of this dramatic deportation for katia assma benaissa and Sarah benaissas independence in the UK and their statements as to their life's as better parents to their own children It's all pretentious. I hope that this drama stops because I don't want to see my parents impacting me and themselves to empower my sisters life's in any type of way They should be held accountable for conjuring A purpose for our parents to remain here for their own use.	Leah Unison
19 Apr 2020 at 7:50am	(Note to self) rachid benaissa exists (https://m.youtube.com/watch?v=lnzXgTLKkPw)	Leah Unison
19 Apr 2020 at 7:41am	If Sarah Benaissa wants her rights back in the United Kingdom as a citizen due to what she helped happen to herself with regard to identification. Her father nidhal benaissa has family that can help her. For example nidhal benaissa has Rachid Benaïssa Algerian politician Born: 25 June 1949 (age 70 years), Bou Saada, Algeria He is very wealthy Has homes in different country's but he doesn't like me And doesn't get involved with me because I wanted to be in the military and away from family And he doesn't like England we always argued because I never wanted to live in Algeria. I like my life in England And i still do not want to live in Algeria I have visited Algeria before recently actually but I did it alone and didn't visit family. Rachid benaissa did not like me because I don't speak Arabic or french and i think I am dyslexic I have problems learning so he doesn't respect that because he is educated and people in my dads side of the family do not like uneducated people So i know they don't want to know me because of this. but I know that rachid benaissa would help assist Sarah benaissa get her rights in the UK And he would help her get her identifications and paperwork and would also start helping nidhal benaissa and dalila boutarfa as long as sarah benaissa stops exploiting her parents and wishing for them to act like criminal self negligence to upkeep her Own life with her adoptive parents in Eastbourne Rachid benaissa only doesn't get involved With my parents right now because he knows that my parents are taking in to consideration that my sisters want them put down to exploit them to upkeep themselves But Sarah benaissa has no excuse for this And neither does katia assma benaissa	Leah Unison
19 Apr	I'm starting to think that Sarah benaissa wants her parents deported and living in squalid circumstance to	Leah Unison

2020 at 7:19am	psychotically exploit their unwillingness to care for themselves To receive her rights from the home office UKVI to comply legally identified in the United Kingdom AFTER POSING AS AN UNDOCUMENTED MIGRANT CHILD Whilst CHOOSING TO LEAVE FOSTER CARE AND DECLINING The help they offered to her to apply for her rights in the UK and become citizen of the UK So if my parents ever got deported I suspect it's because Sarah benaissa would have found a way to exploit nidhal benaissa and dalila boutarfa through her adoptive parents Anne and Howard wardle to have them considered as unfit to comply with her in order to get her independence as well as give birth to a baby Of her own so that she can exploit this child for herself and pose as a better mother to her child through herself empowering that she at least registered her own children's birth unlike her own parents Sarah benaissa is such a cliché I do not know how anybody would allow her to comply like this	
19 Apr 2020 at 7:05am	I think katia assma benaissa is spiteful for the way that when she was a teenager she heard that nidhal benaissa and dalila boutarfa left Sarah benaissa to live as an undocumented migrant child so katia assma benaissa spitefully took the liberty to travel and contact nidhal benaissas family to arrange his undocumented migrant life in England to exploit him for her own use as an adult and also to impact my life in the military for herself on the side This did impact my influence and caused me physical problems in the military I could not trust myself enough to stay enlisted...If katia assma benaissa did not organise my parents To stay living their criminally undocumented migrant life's in England with Sarah benaissas self negligence to herself Then I would have still been in the military and nidhal benaissa and dalila boutarfa would have found a way of being deported years ago. And Sarah benaissa would have received her rights to work from foster care My sisters are dirty exploitation criminals They should live in their own cult conjuring! I think my parents only rent a converted garage because they are waiting for that feeling to allow themselves to be deported in case they start believing in their minds that my sisters katia assma benaissa and Sarah benaissa are happy in their life's and don't need them. People like my sisters cannot get away with arranging their parents to live like this to have them wait in converted garages as to their happiness This is unacceptable I demand that my sisters take responsibility for what they have done to our parents	Leah Unison
19 Apr 2020 at 6:56am	(Personal note) My dad told me yesterday that my sister Sarah benaissa has not yet received her right to work in the United Kingdom (identification) So I don't doubt that Sarah benaissa would want to achieve her strange immigrant circumstance in the UK through her parents conveniently deported. Whilst begging for her life to continue with her adoptive parents Anne and Howard wardle I do not like my family And how they exploit each other to Impact my mental health and my health for their own self care	Leah Unison

17 Apr 2020 at 4:56pm	I just had a telephone Consultation with my gp Woodlawn medical centre With regards to DYSLEXIA the gp agreed to put in a referral to have me assessed by a clinical psychologist. I was asked to follow up on where that referral went. Thanks Leah unison	Leah Unison
17 Apr	There is a law right now	Leah Unison

2020 at 10:33am	It's called Social distancing I do not know why Miriam thinks she can break that law to inject my mother in a converted garage Contaminated space to call that healthy	
17 Apr 2020 at 10:05am	Miriam from the NHS is on her way to the converted garage that I live in to inject my mother with antipsychotic medication The lockdowns are still in place and Miriam should not be on her way here in a closed space like this in an unhygienic squat where my parents live to inject my mother with anything. I do not understand why the NHS inject her with antipsychotics in the converted garage and not in a clean nhs facility	Leah Unison
17 Apr 2020 at 9:59am	And why cant my hard work and my life Plot for me to live somewhere like this (https://www.knightfrank.co.uk/properties/residential/for-sale/the-nova-building-buckingham-palace-road-victoria-london-sw1e/krd130806-dev) It's because the universe is TRASH and is actively begging the happiness of those born in to wealth and doesn't care about hard word I hate god	Leah Unison
17 Apr 2020 at 9:57am	The universe is corrupt Because poor people are blocked from earning beautiful homes from companies like this (https://www.sothebysrealty.com/eng/sales/detail/180-l-691-qc9dtc/london-en) The universe is just nothing but a cheap cult forcing hard work On the poor for penny's while the rich live lavish life's and the universe begs to their happiness while the rest of us ROT being told to empower the nhs and the government while the rich use the poor and their government to protect themselves. If my work life does not provide me a house from Sotheby's international realty Then I believe that the universe is a dirty dirty deceitful Ugly thing.	Leah Unison
17 Apr 2020 at 9:39am	Even people working for DWP do not get a mortgage or loan handed to them like khalid and yasmin mir £200,000 to khalid and yasmins life's as people that are not dedicated to working puts to question if a work ethic is even worth it. When I work I expect all the loans and mortgages to help me continue To want to work If there's no help like this Then the workforce has no prospect in continuing. No wonder coronavirus is shutting things down Working will make people sick if they are not receiving funds from banks and mortgage companies etc	Leah Unison
17 Apr 2020 at 9:31am	(Personal note) Khalid and yasmin mir received a mortgage totalling £200,000 So that is £100,000 each to them as to their worth to society as people that don't work. I am aware that people like me that work hard are not awarded that type of money from loan company's or mortgage company's or banks That is disgusting and negative Their is no faith in humanity If people like khalid and yasmin unemployed with no hard working history can get a mortgage like this and I cannot! Then I have to consider being a Maffia or cartel gang member in another life	Leah Unison
17 Apr 2020 at 9:04am	Things look much better on the news today Apparently people are beginning to reopen their businesses.	Leah Unison
16 Apr 2020 at 10:52pm	I actually wish that my sisters katia assma benaissa And Sarah benaissa would just go to a psychiatric unit and get some help Because I know they are hearing voices in their minds And people know the voices keep them away from my parents but that has become too cunning to go unnoticed. They should be assessed for psychosis I know that would help them in their life's later Because their bad minds are corrupt. and When they refrain from the help things don't change.	Leah Unison

16 Apr 2020 at 4:03pm	The mans company that I accidentally inputted on to my journal may have called his company Home Office ltd Because they might have denied him his visa and right to remain I wouldn't be surprised if they corrupted him away to Pakistan where he remains with an open uk business working from his country as a way to expose them for ruining his life	Leah Unison

16 Apr 2020 at 2:55pm	The home office is the psychotic cause of coronavirus I spent About 18 months with A psychiatrist with regards to my issues with the home office at lakeside mental health unit twickenham I wouldn't be surprised if that is why nhs staff are dying It's awfully convenient of the home office to be safe and sound either not infected at work or not acknowledged of their coronavirus on the news or press They are not locked down like everyone else The nhs have problems because of different departments of government that do dirty work for royalty The universe knows	Leah Unison
16 Apr 2020 at 2:42pm	I feel like the uk home office are making me invest all my money on time on the government and to invest in my new names for my new life away from my family to the point someday I will end up on the streets about that with nothing but my new names. 16 Apr 2020 at 2:26pm	I do not consent to being exploited in any type of way by any government system or the people working for it. I refuse to be exploited for my parents for government And by that I am referring to the UK HOME OFFICE	Leah Unison
16 Apr 2020 at 2:22pm	I feel very exploited by the uk home office And their immigration standards They have impacted me and condemned me to my parents psychotically through their own minds Wrong my mind to force me to have my mind only for the government	Leah Unison
16 Apr 2020 at 2:10pm	My dad mr nidhal benaissa also receives £100 in cash per hour from people who want him to fix their computers and electronics He has regular clients like Simon and Kate and Julian who refer him to people that need him and people spread the word My dad of course Never shares the money with anyone not even my mum Which I believe is very cult of him to exploit her mental health in a converted garage let alone mine So that we both cannot better ourselves or get better My dad is greedy	Leah Unison
16 Apr 2020 at 1:09pm	I wouldn't be surprised if the uk home office is corrupting documents and people to adapt to the faith of Princess Haya bint Hussein Who is actively using the royal court of justice to seek rights in the United Kingdom against her husband Sheikh Mohammed bin Rashid Al Maktoum Princess haya is seeking refuge in England and that might be impacting applications because she may be corrupting free will and rights because she is seeking rights as a maktoum royal AND NOT SEEKING RIGHTS AS HER OWN FAMILY NAME OR A DEEDPOLL NAME PRINCESS HAYA IS WRONGFUL	Leah Unison
16 Apr 2020 at 11:38am	I received my food delivery from the storehouse That was so lovely of them :)	Leah Unison
16 Apr 2020 at 10:49am	I have to think carefully as to what to do with my future because MRS S LEE working at the home office uk Made decisions on my british nationality that impacts me if I go for things as long as my parents continue to live in the uk I don't doubt that mrs S LEE did that to my British naturalisation certificate By corrupting it To empower the rights of my parents through the home office by exploiting my rights as a citizen	Leah Unison
16 Apr 2020 at 10:43am	I still have not received my new passport from the passport office	Leah Unison
16 Apr 2020 at 10:41am	Mrs S LEE at the home office Might have put my name backwards On my british naturalisation certificate as a corrupt act to my life Because I still have my old family name on my british naturalisation certificate. She put my old family name on my certificate as my FIRST NAME because I can see that if I joined the military again unable to detach from my family name On the home office document That she is BLOCKING ME FROM then my injury In service IN THE MILITARY could happen due to bondage and family at home in England In their undocumented migrant status circumstance. AND IT COULD HAPPEN EVEN IF MY PARENTS OBTAIN A VISA The army call their deployment posts AND THEIR SOLDIERS POSTING UP DETACHMENTS. I cannot acknowledge the army and deployment through squadron detachments when the home office is NOT letting me DETACH from my family name through the deeds I have legally done through the royal court of justice and the passport office and DVLA etc WHO HAVE GRANTED ME MY NEW NAMES. I will not risk injury BY joining the army for MRS S LEE WHO COMPLIES CORRUPT AT THE HOME OFFICE AND I WILL NOT PUT MYSELF AT RISK TO EMPOWER THE BLOCKS SHE HAS PLACED ON MY LIFE through not altering my british naturalisation certificate appropriately so that I could move AWAY FROM MY PARENTS Permanently BY NOT COMPLYING WITH MY NEW NAMES WHEN EVERY OTHER GOVERNMENT OFFICE HAS ACCEPTED THE CHANGES I HAVE MADE	Leah Unison
16 Apr 2020 at 10:31am	I am excited for Brexit when it's all finished and completed this will really put fair prices on the housing market and there will be more jobs for all citizens of the UK IF ONLY THE UK HOME OFFICE WOULD STOP CORRUPTING IMMIGRANTS TO GET TO Corrupt THE CITIZENS BORN IN UK I know that from experience The home office uk Switched my full name backwards on my british naturalisation certificate without my consent and acted on this with no payments from me. Mrs S LEE and her male accomplice refused to alter/correct my naturalisation certificate appropriately.	Leah Unison

13 Apr 2020 at 12:01am	I don't understand why people are respecting the lockdown rules so severely because I find it funny that people would shut down their businesses to respect the lockdowns and not work And it's a joke that the government are still allowing their bailiffs and enforcement officers to repossess people's homes if they don't pay THEIR RENT The government only allowing people 3months EXTRA in their homes in rent arrears before action can be taken So as I lay in bed concerned for my braces in my mouth and the way I can't get treatment to help my oral health I wonder why the dentists are not working and WHY THEY ARE NOT rebuking the lockdowns because the government are corrupting their home life and telling them they can't GO TO work but APPARENTLY the bailiffs CAN THAT RESPECT THE PUBLIC ARE STAYING AT HOME ABOUT IS ONE WAY THE PUBLIC ARE STUPID	Leah Unison
12 Apr 2020 at 12:09pm	Just to let you know that groundwork did not do Their appointment with me. Sheetal and Sharna did not give me a telephone appointment on the 8th April 2020 at 10am It was cancelled over email But I did wait for a phone call regardless and never got one.	Leah Unison

12 Apr 2020 at 7:35am	(Personal note) I find it strange that hotel recruitment And office jobs are so prestigiously ignorant Before I was even claiming benefits I spent years applying for hotel jobs in administration and receptionist jobs and always ended up as the waitress It's not a privilege to work So it's disgusting how the workforce block people Like me to Keep me low end In a Dead end job to keep me working but not working. This is the problem with the workforce That i hope changes and stops being a problem. Because the low end dead end jobs like waitressing does not last and people in the workforce do not empower that dedication to work through those low end jobs to help whoever complies with that to excel to a better job They don't care	Leah Unison

I read on the internet that the NHS offer procedures and pay for scarring to be removed and taken care of. I will ask them in good time. I will ask my gp for a referral at some point. I looked on the internet for private treatment but it's disgusting prices £200 -£500 per session of treatment for atrophic scars. My mind wants to be a model On tv magazines and movies someday lol I guess that is a work search :-/ I was not sure but in case my mind is playing games this is why I write on my journal here	Leah Unison

11 Apr 2020 at 12:59pm	It is interesting how the United States government empower celebrity's like Ariana grande to represent them when she was not innocent throughout her life abusing drugs keeping her mental health issues a secret all to aspire to show up in Manchester as an undercover terrorist with her criminal music allowing terrorists to have people's life's destroyed at her concert. It's disgrace that celebrity's Even get to represent the government It's possible that Things like that probably create diseases on people like coronavirus to have governments disturbed to shut down the works and civilisation	Leah Unison

To organise the prescription and treatment	Leah Unison
9 Apr	I spoke to a psychiatrist consultant on the phone yesterday from the adult adhd centre nhs in Richmond	Leah Unison

2020 at 10:46am	And she pre assessed and screened me and agreed that if dr rao and his team forward my diagnosis and clinical notes and letters to them then I could continue my medication immediately through the nhs then be put on the waiting list to be seen for another assessment with Richmond adult adhd And comply with CBT Well this morning I corresponded with dr raos team at the adhd centre who Asked for my consent for them to release my patient information to the Richmond adult adhd clinic as well as asking for my consent to release my patient information to my gp at Woodlawn medical centre at 19 powder mill lane twickenham I consented and agreed and the adhd centre have completed their part in all of this And so have I. Now I am waiting for Richmond adult adhd to arrange for my prescription to be continued. Thanks If this all goes to plan I can call HM TRIBUNAL COURT AND CANCEL MY CLAIM AS TO BENEFIT RECONSIDERATION Leah unison	
8 Apr 2020 at 10:00pm	I also find it very strange that my parents family’s talk to my Mum and dad on skype all the time But they never ask him Or her if they should come to England to help them immigrate With intent to help them stay lawfully in England for katia assma benaïssa and Sarah benaïssa and they have no good intention to help my dad And my mother home to Algeria. This is all very strange God is too busy working evil intentions. At this rate I would only submit to baptism to corrupt the Jewish because of their greed and ignorance. God is not good I hope that changes	Leah Unison
8 Apr 2020 at 9:20pm	Sorry my mistake It’s not Hampton north police station It is simply Called HAMPTON police station. Those officers should go on a mystic patrol on the public footpath to see what the locals do in the parks and around the public footpath They would see the evil intentions	Leah Unison
8 Apr 2020 at 9:16pm	I only just found out that Hampton north police station exists by the Hampton park Near Sainsbury’s near Buckingham primary school. It’s a tiny police station. I wonder if they know that people are blowing car parts up in the park and complying satanic calling people psychotically to hang themselves? Through their actions to destroy things and leave things scattered on the floor. The police should know But I know if I told them they can’t help But everyone should be ok I trust the police are intelligent enough to not stand for cults in neighbourhoods.	Leah Unison
8 Apr 2020 at 8:06pm	I will be booking myself refresher driving lessons With BSM it’s been years since I have driven a car in the United Kingdom. I will start with automatic until I am all clear to drive manual.	Leah Unison
8 Apr 2020 at 8:05pm	I was out in Hampton park and Hampton common for a daily walk and came across scraps of car parts and parts of motorbikes blown up And they were set on fire! but The people that did that organised these parts of destroyed mechanics on the floor intelligently across the public footpath as if to lead someone to their death because at the dead ends of these trails and car parts that were left on the ground and destroyed mechanical pieces there are ropes tied as noose’s and pictures drawn on walls and trees instructing people to hang themselves That is disgusting! I hope no one follows that occult In Hampton common public footpath! I thought my life was dark and negative with my parents at home but It seems the local people are darker! That’s not nice of them I undid one of the ropes to block that intention of anyone hanging themselves But I could not reach the other rope to undo it. Hope nobody gets hurt	Leah Unison
7 Apr 2020 at 1:42pm	Well I do not worship voodoo And I do not worship my family or parents as exploits I do not use them. They are doing what they want for my sisters I am just a squatter	Leah Unison
7 Apr 2020 at 1:40pm	Years ago my sister katia assma benaïssa used to talk to me about the voodoo man she used to go and see with my mother dalila boutarfa in Africa Abidjan But katia kept talking about it obsessively Until I cut her out of my life. I wonder if the reason why katia assma benaïssa always used to talk to me about living in abidjan Africa when we were kids And if it Was her guilty consciousness and her spirit trying to tell me that her absence from the family and her independence away from our parents is her mind and spirit fully involved in the past in the present empowering voodoo and that practice through all the negativity occurring in our family and at home through her independence.	Leah Unison

Regardless my sisters and their absence is speaking loudly to me especially my bad health.
I have gotten so weak these past few years
I have been sick as well losing so much hair and my skin even was rotting.
And I wouldn't be surprised if my sister katia assma benaissa was actioning in her life today to distance herself to spiritually empower herself off of her memory's in Africa with regards to the voodoo man promising my father nidhal benaissas life in marriage to my mother after all these years
It is after all strange that my dad is doing better than I am in his independence as an undocumented migrant in England.
It's probably voodoo faith that helped his life because I wouldn't be surprised if my sisters were worshipping the past and what that promised my mother in voodoo in Africa to keep my parents here in England as exploits for themselves should their life's in their own homes with their own kids fall apart.

5 Apr 2020 at 3:05pm I am still waiting for my new passport to arrive from the UK home office Leah Unison

4 Apr 2020 at 5:21pm I am currently searching on the internet for more cabin crew positions and customer service jobs in aviation Leah Unison
I'm always looking and searching on the internet for prospects and jobs
Job boards are not really actively posting available positions due to coronavirus
Things are slower and quieter than usual

4 Apr 2020 at 3:55pm I think my sisters katia assma benaissa and Sarah benaissa Leah Unison
Empower my parents in their daily life's whilst being away from their parents because I believe they have a psychotic agreement to empower my parents income in their absence and independence to have them exploit people's life's to overcome people.
I believe my sisters have a faith that if my parents stay in England as undocumented migrant people renting successfully empowered in negative spirituality circumstances.
Then this would be empowering for my sisters for their own life's to psychotically know in their minds when my parents would homewreck people's family's and homes through their undocumented migrant circumstances...
I believe my sisters and their absence from all of this with regards to nidhal benaissa and dalila boutarfa is my sisters mentally FULLY involved in this through psychosis
Absence SPEAKS LOUDER then presence
I believe my sisters empower my parents in their own daily life's while absent from our parents life's because they have mental help in their own life's and minds based off of how my parents are surviving in England and destroying people to survive here.
I guess it would be a bonus for my sisters if my parents destroyed me and my life in the process of their own landlords and friends in England

4 Apr 2020 at 2:20pm REILLY, Ian Leah Unison
Is the man giving my dad his identity to work
My dad is having a right to work in England as an undocumented migrant creating problems for people through Ian Reilly
Ian Reilly is someone that might be in receipt of benefits from DWP as well I don't know
But this man Ian Reilly accepts about £100-£200 a month for allowing my dad mr nidhal benaissa to use his identity to remain in England.
This is strange of Ian Reilly isn't it!?
What kind of a man would allow someone to live on their identity like this freely!
Seems like there's a motive behind that kindness

4 Apr 2020 at 1:57pm	I tried to call feltham immigration police because my dad advised me too But I accidentally called the immigration lawyers I will be making phone call to my dads immigration officers from Monday to question the immigration officers as to why they have not deported my parents because my parents are a negative entity in this country and they are simply here to exploit and damage those around them. Theirs no prospect in their stay in England and my mind is wanting to process their departure before letting me move on	Leah Unison

4 Apr 2020 at 12:32pm	Hello Please take a look at my petition And support the petition to go live on the parliament website. I am petitioning for citizens of the UK to be able to break vicious cycles with their family's and their home life's by getting parliament to pass a law that allows UK citizens to be able to change their full names on their british naturalisation certificates in England. As of now UK naturalised citizens cannot do this and the home office does not allow them to change their full names on their UK naturalisation certificates so TODAY people cannot break away from their family names legally at the home office. Other country's such as the United States of America's allow their naturalised citizens to do this simple application But our country England does not allow it! This is not good Please sign my petition to help it go live on the parliament petition website at least to have this issue acknowledged. I need at least 5 signatures So far I only have 1 signature NOT COUNTING MY OWN SIGNATURE	Leah Unison

4 Apr 2020 at 12:04pm	I've made a petition Through parliament petition website - will you sign it? Click this link to sign the petition: (https://petition.parliament.uk/petitions/313964/sponsors/new?token=3KD5oVE2jatk6fVOCZI8) My petition: home office to let citizens to change full names on naturalisation certificate Create a law which empowers UK citizens to be able to change their full names on their naturalisation certificates. as of now the home office do not comply with this and are compelling people to their family names! WE DEMAND FREEDOM IN OUR NAMES Because every other country in the world allows people to rename themselves on their naturalisation	Leah Unison

certificates But England does not allow people to change their names on their naturalisation certificates
England binds people to their family name

4 Apr 2020 at 11:35am	But what I do know is that the mortgage company that gave yasmin and khalid mir the money to buy 8 riverdale road feltham tw13 6ns They were supposed to reposess the house for mortgage arrears but because they did not reposess the house and comply as responsible lenders I imagine that the house is spiritually invoked to Curse and confuse all that live here so that everyone wants to leave on their own accord since theirs no professional enforcement. That's probably why yasmin mir and khalid mir are crazy putting each other out of the house like this with the police Because they must know they are not supposed to be living here either. But I think they are talking with their actions with regards to their corrupt mortgage company. It's possible that this mortgage company may be spiritually worshipping negative entity's to 8 riverdale road to empower the destruction of the Mir family for taking a mortgage out and failing to pay for it. That would be spiritual warfare and very unprofessional of this mortgage company I keep meaning to pay HM LAND REGISTRY TO KNOW WHO THIS COMPANY IS.	Leah Unison
4 Apr 2020 at 10:35am	To be honest I wouldn't be surprised if yasmin mir allowed her family to treat her like this in faith with dabbling with the spirits In her house. Through her mind The power (gas and electrics) in this house turns itself on and off on its own And switches flip on and off on their own So I know that khalid and yasmin are aware of the spiritual state that their house is in but instead of getting some help I think they are trying to conspire with these negative energy's To see how they could wrong each other or wrong those around them to right themselves And occasionally I think they accept input from my parents But I AM NOT INVOLVED this is something that I will be talking about to my therapist/ counsellor	Leah Unison
4 Apr 2020 at 10:17am	Like yasmin mir And then me! I refuse to let people of this exploit my circumstance to empower themselves through their psychotic minds and spirits dabbling with the evil energies of this house	Leah Unison
4 Apr 2020 at 10:04am	I am concerned that my dad is a sick man Because his work life is strange he is hearing voices in his mind and refuses to seek help This house he lives in and squats in a converted garage is a strange place because there have been occupancies where objects have been moving on their own Their is a set of draws next to my dads computer that make strange knocking noises on its own as if there are fingers tapping on the table of draws and knocking on it..but there are NO FINGERS KNOCKING A spiritual presence is in this house And I think my dad needs to get some help or get deported And leave this country because I believe that he is reasoning with the spirits of this house that he is hearing in his mind and entertaining the voices in his mind as to the spiritual realm and I believe he bargains with THE STRANGENESS OF THIS HOUSE and refuses to get help psychotically to better himself because he believes in the cult and the dead over his own life. My mum is recovering from these voices with the NHS RIGHT NOW but my dad is a sick man that refuses the help because he is in negative faith in the voices Which I believe are entities in this house I have actually witnessed paranormal things in this house Objects moving on their own in front of me I reported it to the police recently I told the police that there was Something touching me inappropriately at night or day. They recorded me telling them. I had reported this myself to a psychiatrist for nearly two years at lakeside mental health unit. They know about my dad I know that khalid mir knows about the entities in his house but if he doesn't care to call in a priest or burn some sage then it would mean that KHALID MIR is reasoning and dabbling with entities and the spirits of this house as well That would explain all the exploitive things that happen in this house and why nidhal benaissa and khalid mir and the kids look to exploit vulnerable people	Leah Unison
3 Apr 2020 at 5:50pm	I think either katia assma benaissa or Sarah benaissa throughout their life's falsely documented on their records that our parents are married So nidhal benaissa and dalila boutarfa our parents are possibly complying as if they are married in their life's so that things work for them in their life's and so that people help them so that they eventually receive help through my sisters Which is not my business But I agree to take a note of this on my universal credit journal Because when I do that For myself It does clear my head from those negative thoughts and I move on from the topic.	Leah Unison
3 Apr 2020 at 5:33pm	I know that my dad nidhal benaissa Is not serious about staying in England legally He lied to the immigration officers and told them that he married my mum dalila boutarfa He called her mrs dalila benaissa And that is how he documented her to the home office Nidhal benaissa never married dalila boutarfa she does not carry his last name My birth certificate states that she is not a benaissa	Leah Unison

And I know she never married my dad because I remember living in Africa Abidjan for a few months with my mum while my dad was a pilot flying for air Algerie and my mum used to go see a voodoo man in Africa with my sister katia assma benaissa to try and make my dad marry her
The voodoo man gave my mum a ring.
My family are strange
But yes that's why I don't want to get involved with my parents and their drama and their illegal life
My life is not perfect but understand I am open to perfection and my family are not!
So for me...when my dad is faking marriage through my mum in his life to the immigration police then I don't think he is serious enough for me to care

3 Apr 2020 at 5:17pm I do not want to help my parents with their rights to remain in England
Because my dad told me he would violate his rights to remain again and overstay his visa AGAIN!
And I will not let him put me down again like this!
Once my dad overstays his visa and neglects himself again
Then my mum will follow on because she feels compelled to stay with him because They have got used to each other for nearly 20years.
I do not want anything to do with their rights to remain here in England.
I can see THAT my mum will end up on the streets as an undocumented migrant with my dad after violating whatever visa they could get from England and going back to this life they are living until they can't anymore
I do not want to be exploited by my parents like this.
They are not victims.
Immigration police need to just be more interested in sending them back to Algeria for their own good

Leah Unison

3 Apr 2020 at 5:11pm I have Had enough of my dad and his dirty life and my family
I want my parents deported and I want nothing to do with their life's
That's what's best for my mum
She can't stay in England as an undocumented migrant relying on my dad for support when he has a life like this bullying me and creating his self importance in my life and abusing me to empower himself hoping to scrounge his identity and documents and right to remain in England through me.
BUT HE WILL NOT RECEIVE SUCH HELP FROM ME for his right to remain
I WILL NOT BE THE FOOL CHASING AFTER MY DADS LIFE WHILE DECEIVING MY MJMS LIFE WITH LEGAL PAPERS AND DOCUMENTS FOR THEIR RIGHTS TO STAY IN ENGLAND
if my parents want to stay in England then They have to get that help through my sisters katia assma benaissa and Sarah benaissa
I am not interested in my parents and their immigration problems in the UK
I have enough problems of my own
And I don't understand or believe in their fight to remain in England because after talking with nidhal benaissa about his plans to immigrate legally to England he already told me he would overstay his visa again!
So what's the point?!
Well exploitation is what he is wanting from this
Because his reasons to remain is not genuine
It's cruel

Leah Unison

3 Apr 2020 at 3:56pm My dad told me that he heard from his family in Algeria
That my sister katia assma benaissa contacted them in Qatar through a calling card asking them for money and desperately telling them to help her, my dad said that she tried to tell his family that she had coronavirus but she never contacted my parents and I have not spoken to her in over 4 years
If she is in Qatar she must be still prostituting illegally as usual.
I remember she used to tell me she would go to Qatar and dubai to prostitute her body for money to maintain her lifestyle in London's prestigious Mayfair

Leah Unison

2 Apr 2020 at 9:14pm As of now I chose to stop paying my private doctor for this medication as I seriously cannot afford my medication until the NHS take me on as an adhd treatment
They say there is a waiting list
But i will not pay for anymore private prescriptions that is it.
I do not want my benefits to pay for these medications I need the money.
As of now since the nhs are taking their time I will be looking to start sessions to receive a detox referral from integrated services Richmond

2 Apr 2020 at 9:12pm I finally spoke to someone from the nhs at Richmond adult ADHD clinic NHS
NAMED SYLVIA
and she asked me to provide proof of my diagnosis
So I sent SYLVIA an email of a letter that dr rao from the adhd centre wrote for me to give to anyone should they wish to contact him about me as his patient.
I sent it to sylvias email.
And I am waiting for a response as to a date and time to be scheduled for an assessment or repeat prescription to be given to me by the nhs.
In the meantime
I have found an organisation that helps people like me who require prescription medications to function and this organisation refers and pays for all DETOX TREATMENTS for people and it's free
It's called
Integrated recovery service it is in Richmond as well
I will be taking care of my health on medications while receiving regular detox from this organisation

2 Apr 2020 at 8:51am	When I start counselling I am going to push for deportation to happen to my parents And if that doesn't happen I need to push in psychiatry AGAIN for my parents to be deported. I tried before in psychiatry but I will have to try again if nothing changes	Leah Unison

29 Mar 2020 at 11:47am	I also find it despicable that parliament are empowered like this when I know that UK parliament delivered brexit AS A COMPANY DISSOLUTION ON COMPANIES HOUSE REGISTER THEY FORGOT TO DO THEIR LEGAL PAPERWORK I SAW IT ON THE INTERNET JUST BEFORE BREXIT HAPPENED THEY ARE ILLEGAL	Leah Unison
29 Mar 2020 at 11:45am	It says on the press about coronavirus that they want to extend the lockdowns until june But I find it hilariously disgusting that people like boris Johnson are infected with the disease telling us that we can't live or go out and demanding shut downs Boris Johnson and the infected parliament and government have no right to dish out orders to the public in that medical state! They are crazy And I think they should get some mental health help because they can't tell the public to lockdown while diseased their mental health is in no fit state to dictate anybody because their minds are empowering their disease NOT THE PEOPLE	Leah Unison

26 Mar 2020 at 7:03pm	The food bank contacted me and said they are closed :-/	Leah Unison
24 Mar 2020 at 7:51pm	From what I remember of Sarah benaissa is that Knowing her as a child/youngster based off of her behaviour The only way she would have been negligent to herself enough to choose adoption over the local authority/foster care Is due to the way that people did not care for her worth I suppose as she grew up she learned that she could impact and destroy people's life's and her family's life in silence and through distancing herself from their life's.	Leah Unison

I know she might have believed in ruining her own life to get to ruin people.
(That is self harm without the physical injuries)
so I imagine that Sarah chose to not let the foster care arrange her identifications and proof of existence in the uk because she probably wanted to impact destroy people around her like myself who didn't know her worth at the time and didn't know the damage she could cause through her own BRATTY 'I DONT CARE ATTITUDE'
But it is unacceptable of Sarah to then go fix her life like her actions are forgivable after that much spite in actioning against her own needs and life To get to empower herself to be able to imprint herself on to people without her presence around them.
Sarah is pathetic my parents would have either gone back to Algeria or had a better life then this if Sarah benaissa was not spiting everything with her Strange circumstance as an undocumented person born in England but can't prove it
But also could have got help with that as a child through local authority but instead chose to play games to prove her worth.
Sounds like Sarah benaissa has an ulterior motive if she is patient about her life like this.
Well I am noting this down because this is what I am knowing is going with Sarah benaissa through my parents as the informants
I learned of her circumstance through my parents
I did not speak to Sarah directly
But I did check the registry of where she was born in Ealing
And Sarah benaissa is not registered in birth
On records

24 Mar 2020 at 6:56pm	As much as I want to say BYE BYE to my parents for good. I want them deported for my own reasons and for my life because I did not wrong them to stay in this country for them to be treating me like they are. But I had a thought that if they were deported Isn't that what Katia assma benaissa And Sarah benaissa Would want? Of course it is!	Leah Unison
-----------------------	--	-------------

24 Mar 2020 at 6:51pm	I suspect also that Sarah benaissa declined the help of foster care and rejected their help in helping her become a documented citizen correctly in the uk and didn't care that she was an undocumented / unregistered child born in England not registered of her birth in the uk. And Sarah benaissa chose to be adopted by Anne and Howard wardle In Eastbourne in such a negligent way to herself To create negligence in her own parents life's which I don't doubt she knows that she has impacted my life the most alongside katia assma benaissa I don't doubt that Sarah benaissa is posing as a healthy human being Faking her Christianity in Eastbourne while not worrying about her immigrant life in England due to her entitlement for the way that she was born here But I know she is working her own life negatively With intent to make it positive at the peril of our parents and I don't doubt that Sarah benaissa believes that if she stays away from her parents she would get her rights in her country to mock my parents for not having their right to work in England while they were made a fool out of and were exploited to work and stay vulnerable by my sick sisters Katia assma benaissa And Sarah benaissa Whom both know the damage they have created in our family and they live diluted and ignorant trusting that my parents would be deported and nobody would know they were in on the exploitation of this whole house let alone my life and our parents. I believe Sarah benaissa doesn't care about her rights in England YET due to her beliefs in entitlement through birth in the uk But that is not right Because if she is living smug and evil like this Then she is living a mockery to our parents AND IMPACTING HOW THEY ARE BEHAVING TOWARDS ME and psychotically blocking them from moving on. (This was a personal note for my own mind to not forget this)	Leah Unison
-----------------------	--	-------------

24 Mar 2020 at 5:40pm	I don't understand Sarah benaissas life (my little sister) If she did not choose to be adopted and did not allow herself to be taken off of the foster care system she would have been an adult care leaver and foster care would have given her back her rights as a British born human being and arranged her rights to work and legal documentation for her like they did for me. They arranged my British citizenship when I was 16 years old. I suspect Sarah benaissa trusted adoption in a vulnerable circumstance as a British born person who was not registered at birth as an attempt to play victim through her adopted life to get a stable life to educate herself in school whilst corrupting our parents minds through her reckless decisions to herself and her own negligence to her own life to psychotically impact and block our undocumented migrant parents in to a life in England whilst Sarah benaissa lives in Eastbourne like she is diluted and did no wrong to anybody whilst having no intentions to be around our parents, no intent to help them or let them help her! Sarah benaissa I do not know her anymore it's been over 12 years But I am sensing her choices have corrupted our parents to live like this...,well Sarah benaissa should face this with them I will not do her family work for her	Leah Unison

24 Mar 2020 at 11:24am	I do not want to join emirates anymore That country is too rich I read on the internet that woman could be arrested and locked away for defending their human rights I do not want to be corrupted by rich Arabs In to prisons NO THANK YOU TO EMIRATES AND DUBAI	Leah Unison
24 Mar 2020 at 10:39am	I think my parent might not be complying with their life's because they are not seeing their future in England without Their other two daughters Katia assma benaissa And Sarah benaissa These 2 are not around and my parents probably do not want to comply with England if my sisters do not live with them Because they know I don't submit to their life's. But they should not neglect themselves for the way I want independence. I think my parents have exploited me enough I spent years fighting it. I had enough of my sisters and how they escape the exploitation of our parents!	Leah Unison
24 Mar 2020 at 10:28am	My parents are diluted They just are negative making negative statements in their life's to impact mine To then tell me that I'm the one needing them as a way to corrupt me in to helping them. They both want to exploit someone after exploiting each other But I know that when they are deported my health would get better and my mind would take care of me Like a miracle...	Leah Unison
24 Mar 2020 at 10:25am	I am documenting this here Because I want my mind to remember my time with my parents and how negligent they are to me and themselves and to each other. I hope to never see them again when I sort myself out	Leah Unison
24 Mar 2020 at 10:24am	Nidhal benaissa got changed to imply he would go to the home office And asked my mum if she wants to go But she told him she doesn't want to go. And suggested to stay at home. Well..it was her referral So if she doesn't care And he doesn't care Then that is me not understanding their life's and I think they should be deported! I will not help them they are cult	Leah Unison
24 Mar 2020 at 10:16am	Email/sms from the home office with regards to my application to renew my passport We've received your old passport. If we need more information, we'll contact you. Track your application at (https://www.passport.service.gov.uk/track) - reference PEX 346 863 5809	Leah Unison
24 Mar 2020 at 9:57am	I do not like how immigration at the home office and immigration police deal with my mum. I don't like how they allow my dad to dominate the circumstance and case when immigration was a referral for my mother! I don't like how they made it all about nidhal benaissa and they silence my mums input and are injecting her with antipsychotics through the nhs like she was not referred to immigration help I had enough of my dad	Leah Unison
24 Mar 2020 at 9:51am	Nidhal benaissa Only has check ups with the home office And is looking at receiving help with his immigration because of my mum. Immigration received my mums case from lakeside mental health unit They were dealing with her initially. Her name is dalila boutarfa And now my dad dominated her immigration acknowledgement and made it all about him to block her and exploit her! I am concerned for my mum Because it's in her best interest that deportation happens because my dad is a negligent pig that exploits her will for himself and uses her needs to cover himself when he needs! and then leaves her to sleep on the kitchen floor while he begs to people to help him exploit vulnerable family members of his who are misfortunate enough to depend on him!	Leah Unison
24 Mar 2020 at 9:47am	My dad Nidhal benaissa Had an appointment today with my mum to check in with the home office in feltham As usual (monthly checks and sign in) But he is choosing to not attend	Leah Unison

Because he is creating excuses blaming coronavirus for his incompetence and his NO SHOW
 I do not know why the home office bother with this man and his life.
 He is staying at home not caring about his immigration and putting my mum down with him BECAUSE I
 KNOW SHE WANTS TO GO
 but nidhal knows my mum wants better for herself and he uses her EXPLOITS HER WILL FOR HERSELF AND
 HER LIFE
 FOR HIMself
 He uses her to get back on track when he is wrong and she doesn't consent to that but he doesn't care
 And nidhal just keeps begging to stay in khalid mirs converted garage.
 Gives khalid all the money and exploits me and my mums vulnerable situation and uses us to get himself
 back on track when he is lazy or making purposefully wrong decisions
 What a waste nidhal benaissa is wasting everyone's time
 He is a CON in everything he does
 I do not want my mind living off of him!

22 Mar 2020 at 1:51pm	I am laying in bed just thinking a few years ago before I knew I was ADHD I was abusing drugs and didn't know why I just needed it to focus But I remember that my dad was always there for me with £20 or £30 and used to give me money for it. I just realised now that I am not taking illegal narcotics he is suddenly keeping everything he has away from me but I had been so busy working these past 3-4 years that I never needed him recently that's why I forgot. NOT THAT I WOULD ASK HIM for money now BECAUSE I AM TRYING TO SEPARATE MY LIFE FROM HIM. But I did chuckle a bit and smiled at how horrible life is and how my dad was quick to empower my issues and would even put his money on it And now that I am not that person doing criminal things he leaves me to watch me be positive to find ways to shut it down or block me...until my mind creates new issues in my life for him to feed in to! I hate him I wish he was just was deported	Leah Unison

21 Mar 2020 at 8:53am	Nobody in my family has adhd That is a bit SPECIAL	Leah Unison
21 Mar 2020 at 8:50am	I don't even want the adhd pills from the nhs I'd rather have cancer I do not like how my mind begs to pill taking and the way it puts me down to comply with the medical help and wrongs me in different ways to obey I will begin referrals to get help away from prescription medication I do not like my mind and how it dictates me to be less than! It's funny both my sisters do not have ADHD MY MIND/ god IS GONE FROM DICTATING MY HEALTH negative FOR MY SISTERS	Leah Unison
21 Mar 2020 at 8:29am	I will not be continuing my adhd treatment with dr rao anymore I do not want to be a stimulant dependent I do not like these pills I do not want to spend my hard earned money on these nasty medications I want to refer myself for a 7 day detox to get rid of this medication from my body. As I cannot afford to continue the treatment. I do not like being adhd this is a horrible mental condition and I do not like how my mind is forcing me to depend on this medication. I would rather die of coronavirus then go out like a beggar spending my hard earned money in poverty for pills to entertain this mental health issue. God is not good I need to detox because if the nhs are creating a new treatment plan and giving me new pills at some point I need to cleanse my body of the old medication. I will never pay for private adhd treatment anymore I am not rich enough for this condition of god	Leah Unison

So I don't know if there is trauma or damage in my head or bone So I want the x-ray to know if I am ok As I am having migraines

20 Mar 2020 at 7:46am	I do not understand why the flu would be so empowered disrupting all our life's because I believe cancer was more of a threat to people's life's then coronavirus But society told cancer patients to die quietly and respectfully The coronavirus infected should be told the same! If I had coronavirus or cancer I don't care I would die with it But know something..it is offensive to silence cancer victims and victims of other health issues whilst society ignores them to die quietly to then empower coronavirus like it is more important. Just thought I would put it out there ;-	Leah Unison
19 Mar 2020 at 7:15pm	I was browsing on the internet to plot to go to the cinema But I found out that all cinemas and most restaurants and things to do are shut down. I sent an email to dr rao my psychiatrist explaining that I will not require my medication for now because our social life has been shut down over people infected by corona virus The dead are victimising the living through their illness and government is sickness to us all for letting the infected become more important then the rest of us. There Is nothing to do Most jobs are advertising that they are recruiting but not until the government shut downs stop. There's nothing to do, So I cannot purchase my prescription medications until the United Kingdom stops empowering the government in such a dirty way as keeping us all isolated together with nothing to do.	Leah Unison
19 Mar 2020 at 5:10pm	The doctor I saw today Said that I should be fine and I am fit to work And to take it easy these next 7days and rest After giving me the fit/sick note So my back must be causing me discomfort due to stress in society shutting itself down over the flu.	Leah Unison

that's disgusting
I will just continue to pay for my prescriptions privately
I cannot stop my treatments for a nhs waiting list and a coronavirus corruption
My goal is to just find a hospitality job quickly and get back on track because
My health is important to me I cannot depend on the system or the nhs

17 Mar 2020 at 12:00pm What if coronavirus
Was not real??
And it was the government and the public psychotically in on and working on it whilst empowering this for
deceitful reasons between them and god and spirituality.
I don't know if I believe coronavirus exists
I do think that parliament and government would empower it to shut borders down to empower themselves
and their authority over people's life's

Leah Unison

17 Mar 2020 at 12:09am Is it true that I can work 16 hours a week
And still get £317 a month in universal credit?
And 16 hours of work will not impact my universal credit?

17 Mar 2020 at 12:03am I just logged in to my HMRC account and saw that my previous employer quadrant recruitment
Did not post a p45 and they have not let hmrc know that I do not work for them anymore.

I can see that I was deducted £5.50 from my universal credit
But I was not paid by quadrant recruitment any moneys for this deduction and I can prove it.
I have sent them an email asking them to send hmrc a p45 to officially end the employment
As I do not see why they have not done this.

14 Mar 2020 at 5:56pm When I called khalid mir and mr nidhal benaissa ugly
I meant that their spirits are ugly
Because they resort to dirty dirty ways of dealing with people
Even their own family they would destroy
For spirituality
People like that do not belong in society
So if I ever catch coronavirus and die

Leah Unison

Just know that based off of my life with my parents and who they enforce on me I would have been killed intelligently and infected by them and their actions to my life which would have caused coronavirus. If yasmin mir dies what I just wrote probably happened to her as well
I'm not friends with yasmin
But I do agree that I had to say something with regards to this as coronavirus is a method people can use to commit murder without a weapon

14 Mar 2020 at 5:51pm	I don't consent to catching coronavirus Or dying for a homeless infected cause such as khalid mir and mr nidhal benaissa And I'm sure that yasmin mir would not consent to her death like that on the streets for these dirty old men	Leah Unison
14 Mar 2020 at 5:43pm	I heard khalid mir talking to my dad and khalid said that his daughter told him that he is trying to kill her. But when my dad asked him to say again what he just said to him Khalid said that "who yasmin?" Changed the topic made it about yasmin He denied trying to kill his daughter straight after he was finished confusing his verbal conversation with my dad. But I assume that there's accusations of murder or attempted murder going on in the house because khalid mir put yasmin mir out on the streets And Coronavirus is killing people So if he put her out on the streets with intent to infect her health with Coronavirus Then I understand why his daughter would suspect that he is trying to kill her. Well...if my dad or khalid mir ever put me out on the streets with intention to infect my body with Coronavirus through my homelessness I would want them held accountable for that eternally that act is not above murder with a knife	Leah Unison
14 Mar 2020 at 10:37am	Khalid mir is home And he told us that he was cooking with his daughter and she claimed that he was trying to kill her. And that's why he had to go out and deal with this. Must be something to do with the garage I'm not surprised if my parents illegal tenancy here is ruining the children's life's. It ruined my life!	Leah Unison

14 Mar 2020 at 8:28am	Ever since I lived with my parents my adhd got worst When I was independent the psychiatrist had me on 20mg of medication But my adhd is much worst around my parents I'm now on 50-60mg My mental health deteriorates around them They need to leave my life But the only way I will have comfort in them gone is if they are deported and I see it. Then I bet I would get my health back Because all this mental health and health issues I have is because of them I bet I am only adhd because of my life headed to their life's in some way should my independence fail and their actions in England as undocumented migrants to destroy my health is probably why I was initiated as adhd in my independence in the first place. BUT If they are gone I bet I would be cured of adhd	Leah Unison
14 Mar 2020 at 8:06am	I wish my parents nidhal benaissa And dalila boutarfa get deported I don't want them in England they are such a block to my mental health	Leah Unison
13 Mar 2020 at 11:49pm	When social services called me they said they don't know where khalid mirs daughter is. I think she is still in the house Hiding I think she is hiding and waiting for her dad to come home. I do not have social services phone number to call them They called me on private number	Leah Unison
13 Mar 2020 at 11:33pm	Nobody is supposed to be in khalid mirs house But I heard someone in his part of the house Pushing a socket button I think someone is hiding in the house	Leah Unison
13 Mar 2020 at 10:54pm	Khalid mir turned off the water and the gas So we are colder then usual and can't wash in the shower..not that it is cleaner if the water is on because the bathroom is squalid. And my dad knows that when khalid does that Then my dad makes us all wash with nothing but water from the kettle in a dirty bucket My dad washes his body like this and has been doing that like a strange cult For years This is disgusting	Leah Unison
13 Mar 2020 at 9:56pm	Yasmin mir confirmed that khalid mir is in custody he was arrested and is being detained by the police And she doesn't know why I had to speak to social services about the kids	Leah Unison

	I think they are making arrangements for the kids	
13 Mar 2020 at 8:28pm	I had to call yasmin mir to let her know her son got picked up And she said she is on her way to Hounslow police station to look for him	Leah Unison
13 Mar 2020 at 7:46pm	I think khalid mir left his son saif mir outside on purpose hoping the police or council would pick him up My dad was the strange one intervening with saif and feeding him But I was the one that told my dad to stop intervening with the landlord and his kids and told him to leave saif mir alone because my dad is disgustingly involved To the point that I think khalid mir agreed over these past few months that my dad is too involved with his kids and his drama and might have left his son to be picked up by some kind of authority or police to get some mental help from someone	Leah Unison
13 Mar 2020 at 7:00pm	Khalid mir left his child saif mir outside While he spent the day out and about The police picked Up saif mir To contact khalid mir	Leah Unison

12 Mar 2020 at 4:17pm	Hi Leah I am responding to your complaint of 10/03/20 in regard to your Universal credit award. I have read your message and I think there is a bit of confusion, the amount of £348.00 that you have mentioned relates to a budgeting advance, which you are correct can be up to £348.00 for a single person. The advance that you have recently taken out is called an New Claim Advance, this advance is based on your entitlement worked out from the information you have entered when you made your initial claim. From this information the system has worked out that your entitlement would be only the standard allowance for somebody of your age (25+) of £317.82 so the New Claim Advance your requested is base on this amount, hence the £317.82 that you have applied for and received. Checking your claim the details are correct and the award is correct therefore you cannot request a Mandatory Reconsideration on your benefit amount. 12 Mar 2020 at 8:46am The NHS are useless Leah Unison
There's a waiting list for my adhd referral and it could take 6 months to even be seen let alone continue my medication
Which means that I have to spend all my benefits on private doctor and exploit myself at work for my bad health to fund people's lifestyles with my condition that's disgusting.
Once again NHS are no help

12 Mar 2020 at 8:14am I sent a request to fir road surgery Leah Unison

I will change my doctors and get a new surgery.

10 Mar 2020 at 12:46pm I'm understanding that the government website says that I could have an advance of £348 Leah Unison
Well that means that DWP ARE CHEATING ME OFF OF MY BENEFITS. Because surely I am supposed to be paid £348 a month on benefits
Not £317
This is why I asked for a mandatory reconsideration as to my benefits but never received a response

(<https://www.gov.uk/universal-credit/other-financial-support>)

10 Mar 2020 at 12:33pm Hello Leah Unison
I just saw on the internet the DWP website that I could have had a bit more of a payment advance than what I got from DWP

This is the link

(<https://www.gov.uk/universal-credit/other-financial-support>)

<https://www.universal-credit.org.uk/other-financial-support> I only got to take an advance £317
But according to the website I could have had an advance of £348
So I am missing an advance of £30
From the DWP

10 Mar 2020 at 12:22pm That 50% DWP discount card for TFL travel Leah Unison
I need it
But I know I can't get that for another two months

10 Mar 2020 at 11:28am Anyone posing on the DWP site with fake jobs Leah Unison
To sting or psychotically impact a claimant is perverting the system
I wouldn't be surprised if that man messaging me my Own tits for an interview was a DWP employee in a different city/ borough
That's dirty
But if I am wrong about that
Then it's just a silly old man elsewhere trying to just empower himself psychotically on my job search looking to block my mind amongst trying to impact others

10 Mar 2020 at 11:23am The universal job search is a good idea if people comply clean and genuine and professional but Leah Unison
When I am getting meSsages from someone I applied to work with for their company through that DWP portal and they sent me a interview request with the word TITS and trying to contact me on a mobile number in the evening out of working hours

Then that is disgusting
Unprofessional and completely disingenuous
I heard about people that do that
I heard all types of story's about how even employees from DWP across the country do that to claimants even outside of their own boroughs and city's
To see if they are complying with their job search in the most corrupt way
Or it's just random people civilian people with nothing to do with the system professionally they submit to posting fake jobs on DWP site to pose and get psychotic power over people's life's to call authority on poor people to help corrupt them off of their benefits
DISGUSTING
I'll be prostituting again in no time if people are really like that about the work and the state funds
People are so perverted

8 Mar 2020 at 8:34pm	I'm actually surprised that katia assma benaissa has not been caught with cocaine She had been on drugs for over 10 years working as a prostitute while tax evading I'm surprised she is still having no problems with authority's	Leah Unison
8 Mar 2020 at 5:58pm	I think my parents really want to exploit their daughters with their landlords to find stability either that or they push to exploit us to push us to the edge to have to press charges to create methods of putting their own landlords out of their homes to stay in the accommodation without paying rent. Well I'm not involved I don't want to play that part in anyone's life I do not want to be used like this to wrong for housing or to be wronged for housing I would rather try to live in an abandoned house. But unfortunately there Are no abandoned homes to squat and possess	Leah Unison
8 Mar 2020 at 4:59pm	I suspect that khalid mir put yasmin out of the house to see if my sister katia assma benaissa would be wanting to be his homemaker. I don't like katia assma benaissa but I don't see the point Khalid mir is in mortgage arrears he shouldn't even be living here. They should have repossessed the house by now. So I don't know why khalid mir wanting katia assma benaissa like this.	Leah Unison
8 Mar 2020 at 4:55pm	Khalid mir asks a lot about my sister Katia assma benaissa I think he hopes that she will come back to her parents and move in to his house and that he could persuade her to rent that extra bedroom that he blackmailed me to rent from him under the terms that there is a sexual arrangement. I didn't comply with khalid but I know that my parents are trying to stay at this address as long as they can to see if katia assma benaissa would like this arrangement Well I don't want katia assma benaissa here Whatever she is doing with khalid Mir she can do that without her parents and my presence in the squalid converted garage I have nothing to do with that and hope to not witness it	Leah Unison
8 Mar 2020 at 2:49pm	Sorry what I meant was 1+3= 4 I will probably know more about my circumstance in 4months	Leah Unison
8 Mar 2020 at 2:48pm	What INS is the word I decoded from my postcode And the numbers 13 on my postcode Is relevant to my past I know what it means I just cannot explicitly tell you But 1+3 = 4	Leah Unison

Maybe I will know in 4 months time

8 Mar 2020 at 2:45pm	I can't help but notice my current postcode is TW13 6NS So I understand if I decode the postcode 6 is a demonic number - the all seeing eye People use the number six for cult and occult And there is a different word for EYE and that word is (I) So if I put the letter (i) On the last part of the postcode it would say INS I BELIEVE THAT THE INS ARE IMMIGRATION OFFICIALS IN THE UNITED STATES OF AMERICA THAT HAVE AUTHORITY TO DEPORT PEOPLE THE TWO LETTERS IN MY POSTCODE IS TW LETS PRETEND THAT MY PARENTS WANTED ME DEPORTED FROM AMERICA THE WAY TO DESCRIBE THEM LAUGHING IS THE WORD HA SO ADD THE WORD HA IN THE MIDDLE OF TW AND FLIP IT BACKWARDS THE WORD SPELT THERE IS (WHAT) So I have decoded the words WHAT INS FROM MY POSTCODE EXACTLY! That would be my parents questioning my intelligence and telling me and YOU WHAT AM I TALKING ABOUT? What INS? Is what they would stay If they ever continued their corruption to live in this address 8 riverdale road Feltham Tw13 6ns They better move That's not a threat but I know what they are wanting to stay here about	Leah Unison
8 Mar 2020 at 2:20pm	I have began to realise that my parents like when I travel poor because of the way that I can see that if I was ever stranded in another country or wronged or corrupted in another country and deported I can see how that is nice for them and the way they could stay here and people wouldn't deport them at my peril in England to continue to destroy my life block my prospects and works in poor squalid accommodation to pretend they don't have money so that I continue to wrong myself in poverty. And always in the end I would need them I know they like this arrangement but I don't want to be this arrangement for them They have two other daughters to ask to suffer for them My whole life my parents have been after me and my life I have lost so much because people empower them over my independence in every situation To the point I am living no better than a prisoner in prison So how can I care? I don't want to be deported like a sacrificial for my parents to stay in England But I also don't like how they block me through their pretentious poverty they live dirty on purpose because I know that if they were deported they would go home to their family houses and scrub up clean in Algeria they are not poor they just block me from their family's so that if they were deported they go to Algeria to rest and I would have nowhere while they laugh at me in Algeria for how they prevailed to block me and I bet they would even hear voices about my struggles in their minds That's how nasty they are	Leah Unison
8 Mar 2020 at 2:07pm	But I cannot join emirates airlines With problems like my parents and how they conspire to corrupt my life with their current landlords. This address I live in is negative I don't want that negativity from this address following me to Dubai and when I get back. I would need a new address or my parents need to move They are corrupt in this address Ever since they moved here my health deteriorated they have nobody's interest but their own	Leah Unison
8 Mar 2020 at 1:31pm	It would be unrealistic to want emirates or any airline as a job expecting it to be permanent.	Leah Unison
8 Mar 2020 at 1:30pm	I would really like to join emirates airlines Cabin crew and be able to move to dubai temporarily With them and travel to Japan China Philippines all the Asian country's.	Leah Unison

	When my braces are finished straightening my teeth I will apply for emirates airlines If my health allows me to comply also.	
8 Mar 2020 at 11:02am	I attended the food bank today at 102 Hounslow road Feltham TW14 0ax I received everything I needed The lady at feltham food bank told me I need to get another referral from the job centre I will go to the job centre next week about that after groundwork	Leah Unison
7 Mar 2020 at 3:52pm	This is my plan I get a job And then chase down a loan from the banks and financial institutions To buy a cheap fixer upper house in the north east of England that I could refurbish and have people help me contractually. It's not a reality to stay living in London Property is too expensive All I really need is a big loan to leave London and work up north	Leah Unison
7 Mar 2020 at 2:17pm	I DO NOT consent to katia assma benaissa Meeting Christopher Richard Ross Or anyone that I know Christopher Richard Ross knows he can never contact katia assma benaissa or anyone I know I made it very clear when we broke up	Leah Unison
7 Mar 2020 at 2:05pm	My ex boyfriend Christopher Richard Ross From California usa Was not a nice man he helped people steal money from me and took advantage out of me for wanting the American dream. But he did always tell me that he believed that katia assma benaissa was the organiser and the administration for everything negative that is going on with my family. Christopher Richard Ross never met katia assma benaissa I never introduced them to each other and never will I would never want them to meet. when Christopher Richard Ross was my boyfriend he was a prosecutor in Indio California USA But from what I told him about katia assma benaissa He understood that katia assma benaissa was the one instigating things and travelling to connect and put the family back together and empowering bondage and cult and religion as a mental psychotic method to exploit her family and influence it through her prostitution. Which Christopher Richard Ross understood that is how I ended up as a prostitute in his arms. Katia assma benaissa and her prostitution really influenced my life horribly and now I bet that katia assma benaissa and her intentions to have a child someday is what is putting me down mentally.	Leah Unison
7 Mar 2020 at 1:29pm	I do not consent to anyone corrupting me to prostitute or to force me in to incest My family are sick	Leah Unison
7 Mar 2020 at 12:45pm	MOHAMED AMINE BENAISSA Actually had a daughter 3 years ago and named her NADIA I do not laugh at this because of the way that katia assma benaissa was a prostitute working as a London escort calling herself NADIA	Leah Unison
7 Mar 2020 at 12:43pm	MOHAMED AMINE BENAISSA is my dads cousin who told me about what katia assma benaissa found funny about me living as a vulnerable clueless prostitute corrupted by family members in prostitution not knowing that they would book me as a prostitute as a way to put me out of the family once and for all Without me knowing. I don't ever want to be a prostitute (nobody does) It's horrible Let alone prostitution corrupted to happen through family to be corrupted to be incest without knowing. That would explain why my mum and dad block me from their family's so that I don't have money While they pose poor in their daily life's than what they have could have lived if they allowed their family's to care	Leah Unison
7 Mar 2020 at 10:29am	What disturbs my spirit is that my mind is blocking me with sicknesses and mental health issues that I don't submit to. I want to be healthy but my mind is forcing me to be wronged so that it could help this wrong around me. But what sickens me the most is a few years ago I met my dads cousin Hamid amine benaissa And he told me that he knows that the reason that I have all these health problems is because my sister katia assma benaissa corrupted me in to bad health and she did things to me and my life through my parents by empowering their undocumented lifeS by begging the family and doing psychotic things to keep them in England and Hamid amine benaissa told me that katia assma benaissa told him that she would find it funny if I ever became a prostitute in England as an older woman and someone from our family booked me as a prostitute without me knowing it was someone I was related to! That is disgusting I am not incest!	Leah Unison

I do not like how my mind empowers my dirty sick sister katia assma benaissa and the corruption she had help creating on my life over my health
To sicken everything about me and what I am doing
I hate katia assma benaissa and her ugly existence
I do not laugh at what she told Hamid amine benaissa
With regards to how she found that funny
Because I wouldn't be surprised if she would set that up to happen to me with her dirty psychotic mind with the family that I never met and whom she begged to keep my undocumented parents financially able to entertain my abusive mind that exploits my health to poverty

7 Mar 2020 at 10:06am

Of course I am in debt now and my silly credit accounts are marked as defaulted and I have nothing But that's why I am disgusted at god and it's universe.
Everything is exploitive and cheap but not cheap enough.
For example Pattinson estate agents in the north east of England are auctioning rooms for people to buy. Well that is corrupt because the landlord of the building if it wanted to sell the building people would be put out.
We are all just homeless sacrificial in the end
Renting does not take off that homeless mark.
Renting is still vulnerable
I do not submit to god or the church or faith until I have my own house/apartment to own in my name alone. I don't want to be an exploit homeless loving god while it loves others above me whilst god begs for their health and their life's through my mind like I'm a willing homeless sacrifice
The universe is nothing to me with a negligence like this
I don't know about you
But I know people are not different to my belief

Leah Unison

7 Mar 2020 at 9:53am

Well I find it very strange that I was able to obtain 6 credit cards
And the loans I got in the past.
Any financial help I ever got was minimal because the maximum I got from a financial company combined was 3000 pounds
When I know I am 28 years old
If I got a loan for 15000 I could buy cheap property in north of England
And I would NOT need to take out a mortgage.

Khalid mir knows that I could have done that if there was help
That's why he bully's and blackmails me to not do that to start a domination over my life so that other landlords continue to treat me badly to block financial help and independence from my life.

Leah Unison

6 Mar 2020 at 11:39pm

My sister katia assma benaissa creating my parents life's in England through travelling and tracking down their family's to reconnect them to financially assist them to stay here as undocumented migrants years ago is what created this dirty life im living.
This is why khalid mir keeps telling us that he wants to marry katia assma benaissa because I suppose he feels like if she didn't do that for my parents he wouldn't have got his undocumented migrant tenants to exploit for his mortgAge
And things are so corrupt and psychotic in today's world that I wouldn't be surprised if this was a cosmic joke and if khalid mir would have only got a mortgage for this house based off of katia assma benaissa creating and begging for my parents to live in England to support her if she ever needed them.

Leah Unison

6 Mar 2020 at 11:26pm

(Personal note)

With regards to my youngest sister Sarah benaissa
I find her a bit of a strange case.
She was born in Ealing hospital but my mum did not register her birth anywhere.
There's no records or proof of her birth.
I do not know how she is still adopted and away from my parents and surviving like this because I know that Sarah benaissa is close with katia assma benaissa
I do not speak to my sisters
But I know that they speak to each other and they are close
I just do not understand why they are away from my parents and not dealing with each other's life's and fixing their issues because I am the outcast of the family in the middle of their problems whilst acknowledging my own problems
And I can't help them.
I can't even help myself
But Sarah benaissa will not last out there in the world in that circumstance as a British born person with no proof of her birth and registry whilst being away from her parents because she is needing katia assma benaissa in London to take her to the solicitors.

(Personal note)
I had a conversation with my dad with regards to his monthly home office immigration visits in feltham, and I asked him what are the authority's doing about his and my mothers undocumented migrant status.
And my dad responded that he and my mother qualify to receive documents and identifications by law since 2001
They should be helping them go to court to get documented.
My dad and my mother
Have been here a very long long time surviving my dad has been making money stable income for over 20years working with computers and developing software
I agree that he should be receiving his documents and identifications
I remember years and years ago when my eldest sister katia assma benaissa would go travelling to France to see my dads sister Rimah benaissa and beg her to help our parents and rimah benaissa started transferring

Leah Unison

money to my dad and reconnected him with his parents and that is how my dad got back in contact with his family and his parents in Algeria.
So he receives money from them and works very hard
I do not like my dad but I admit he does work very hard
And katia assma benaissa begged his family years ago persistently to help him so that he is ok with his life to someday take care of her.
I remember she always cried that she didn't have parents in a normal life.
I agree that
Katia assma benaissa should be begging for my parents to become British citizens and go to lawyers and go find help for them because she was always good at doing that for them.
she did very well years ago when she spent her time searching for my dad's family and travelling to beg them to help him.
She mentioned years ago she spent money on ancestry.com and searched heavily in the internet for his family.

She did very good administration for my dad
And my mum and reconnected his life with his family...and that helped my mum talk to her family.
Katia assma benaissa was the one that always cared about family.
Where is she now?? my parents are needing her to beg for their life's again.
She always had more money than me
I can't help them.
And they never put her through anything that they would put me through
I just hope I can sort myself out quickly and my parents can have katia beg their life's in a better direction then I ever could

6 Mar 2020 at 1:48pm	Well I'm fed up of my dad taking advantage out of me for the way that he has his own family that help him be corrupt He spent his whole life blocking me from them to do things like that to me and he trusts in deportation as a method to get home to trust abusing people He is exploitive because he believes everyone will help him	Leah Unison
6 Mar 2020 at 1:33pm	Khalid mir and mr nidhal benaissa are trying to put me in circumstances and enforcing wrongful things to happen around me to have me arrested I do not want to be exploited for them like this or for anyone	Leah Unison
6 Mar 2020 at 1:31pm	Khalid mir Has been talking to my dad about letting him move in upstairs around his children in his part of the house. To plot to have me exploited to pay rent in the converted garage. To help khalid pay the mortgage I don't want to. I also know if khalid mir let my dad move in with him He would only do that to leave me in the converted garage to deal with yasmin mirs homelessness and I would be compelled to sneak her in and out of the house until I get caught and arrested for violating a restraining order that khalid mir and my dad would have conspired for me to violate for them	Leah Unison
6 Mar 2020 at 1:14pm	Khalid mir gave me my letters today And all my mail was opened he read them all. Without my consent again	Leah Unison

4 Mar 2020 at 1:58pm	Well I ripped up the bible and threw it away God is corrupting my life in debt in exploitation slavery to be baptised or something through my exploitive family I don't believe in god Again I changed my mind I will not be baptised	Leah Unison
3 Mar 2020 at 4:53pm	Hannah from st Richards church contacted me and said the 29th March 2020 I could be baptised I will go ahead with it. It is true my life is no better than a sacrificial ritual at the church of Satan Most of the time I am always the sacrifice God is a mess in my life	Leah Unison

I HATE GOD
But god keeps wanting Jesus In my life
AND INSISTS on baptism
Not for protection because god assures me I don't need Jesus in this way
But god told me Christianity.
So why not?

3 Mar 2020 at 3:41pm	I attended my appointment today with Dr Rebecca Joseph at Fir road surgery 50 fir road Feltham Tw13 6uj Dr Joseph said she will refer my adhd treatment to continue at Richmond adhd NHS	Leah Unison
2 Mar 2020 at 3:50pm	Khalid mir tried to blame me for scratching the car that he has not even turned on in over 7months as a way to ask my dad for more money My dad said we are moving in June Hopefully my dad sticks to it Because khalid mir and his family drama is really impacting US all	Leah Unison
2 Mar 2020 at 2:26pm	I had to update the officers handling my police report on khalid Mir As to the way that he didn't ask me or my parents for permission as to wether he could put a camera up on his window directly to film us coming in and out of the house.	Leah Unison
2 Mar 2020 at 2:07pm	Arrived home and I saw on khalid mirs living room window A camera that he put to film anyone who is coming in and out of my front door Khalid mir is exploitive	Leah Unison
2 Mar 2020 at 1:30pm	I will not be taking the contraceptive pills because that was disrespectful of the nurse to insult me by telling me I could only receive that injection on my buttocks So thanks for nothing once again to the NHS	Leah Unison
2 Mar 2020 at 1:00pm	So I was at the appointment to get my depo at the heart of Hounslow but the nurse wanted to inject me with the depo on my buttock But I always had the depo injection injected in to my arm because of the thickness of the needle Instead I had to receive DESOGESTREL tablets 3 months worth of pills As I did not want to be injected on my buttocks	Leah Unison
2 Mar 2020 at 11:09am	11am 2nd March 2020 I am here at the sexual health clinic in the heart of Hounslow 92 bath road Hounslow Tw3 3el To receive a depo injection I am not sexually active I do not want children The depo injection relieves me from pain during my period sometimes it stops the bleeding	Leah Unison

29 Feb 2020 at 7:49pm	Note to self Or anyone reading this if something Ever happens to me. If I ever was corrupted to be on the streets to then be in prison It would be because my sister katia assma benaissa likes to lead on khalid Mir through my dad giving him hope that She might be with him later in life (katia assma benaissa likes to lure older men to do what she wants by implying they could have her later) with regards to khalid I know she has been doing that as a way to corrupt my life Without being around To influence khalid mir to wrong my life and create drama and blocks in my life and excuses to put me out. I do not and have not spoken to Katia assma benaissa in years and years But I know that when khalid is strange like this to me and targeting me like this It's mostly because katia is leading him on and playing his mind to wrong me if she knows I am living with our parents	Leah Unison
29 Feb 2020 at 2:18pm	Note to SELF. TO REMEMBER AND FOR PEOPLE TO SEE IF ANYTHING SHOULD HAPPEN TO ME The only way khalid mir or nidhal benaissa would put me out of the house is to corrupt the benefit system and the workforce so that they can empower themselves to not need to work.	Leah Unison

TO EMPOWER THEIR OWN PSYCHOTIC MINDS
They want to impact minds of people to pray on them through me losing my roof over my head.
They know homelessness creates prison for people
I don't doubt they want to exploit me in homelessness to use mY LIFE LOCKED AWAY IN ORDER to corrupt people on benefits OR THOSE WORKING IN to prison.
I don't consent to this
I want them all in their own cult
I had enough of KHALID MIR AND NIDHAL BENAISSA AND THIS abuse

29 Feb 2020 at 1:02am	Well I hope that my harassment charge on khalid Mir puts him in prison He is a nasty nasty man for expecting his wife to live on the streets or to spend random nights out and about While bullying and threatening and blackmailing my life and her life. Khalid mir is a bad omen that corrupts my dad to be a sick man I want khalid gone I had enough of my dad being a sick beggar for this mans converted garage For this dirty rent money	Leah Unison
-----------------------	--	-------------

28 Feb 2020 at 6:57pm	Khalid mir agreed that yasmin mir can squat with me and my parents if she has nowhere else to go A few days ago. Khalid mir is so disrespectful to put us in that situation let alone yasmin. Asif he has the right to do that! But his bad spirit changes his mind whenever he sees a new situation or a new person to exploit. Yasmin mir just called me on my phone and told me about the way she is waiting to know where she is staying tonight. And my dad said she can stay with us if she is on the streets Khalid mir is irrational for doing this to her life As a way to sabotage our life's with his games and his messes! And his legal games with his wife to amuse his children	Leah Unison
-----------------------	---	-------------

28 Feb 2020 at 4:54pm	Khalid mir is always provoked by his children they do things to make him angry and then he ends up knocking on my dads door demanding that Ian Reilly transfers money to his bank account He doesn't comply with monthly payments he wants advances for rent always! Must be for his cannabis problem I don't know who khalid thinks he is but his family are too much trouble I don't like how his family do not separate their life's from us They are trying to latch on to us as much as possible to let go when it suits them. I don't doubt that khalid mir is wrongful demanding to be receiving money from Ian Reilly through my dad in his account To corrupt Ian Reilly off of helping my dad in the future By creating drama police and authority's everywhere in the address like he has been doing these past few years with his kids and wife	Leah Unison
-----------------------	---	-------------

28 Feb 2020 at 3:33pm	I would not be surprised if khalid mirs children exploited their mum as a homeless person by home wrecking themselves at home to influence khalid negatively and worshipping it to attempt to home-wreck me and my parents stability at the same time...in order to create that good foster care that free life away from their family to get their friends and benefits from the government secured for their future. Regardless I think social services should take these kids I grew up in foster care I never corrupted my family to get that life. So I think the Mir kids should get that foster care life because they wanted it to the extremity of destroying everyone around them including their parents to get that.	Leah Unison
-----------------------	--	-------------

28 Feb 2020 at 2:55pm	Khalid mir just said that social services are beginning removal proceedings to take the kids because yasmin mir keeps coming to the house. I think that would be good for the kids to leave to foster care Maybe they will stop corrupting their parents and other people's life's at home if they go away to learn to respect their home life elsewhere with people that don't tolerate them	Leah Unison
-----------------------	---	-------------

28 Feb 2020 at 2:22pm	Khalid mir cannot afford to pay his mortgage for his house he knows he will lose his house someday. As of now khalid mir is just trying to exploit the weak the vulnerable and the choice less to homelessness (yasmin and me) Khalid mir wants people to help him help his kids have a better life through my documented losses and my homelessness and his demands for me to leave because he sees that his kids can psychotically gain fortune in this someday Well I got news for khalid mir I don't comply with his psychosis or his family I won't let him put me out like this to empower his children without roaring And even then I will curse khalid mir and his ugly kids for the rest of my life and even after I die God stays cursing them and all those who worship this part of my life! Khalid and his kids are just ugly losers that could never afford to stay in this house They only wanted tenants as victims They don't care about the money anymore They want the cult and the exploitation and the homeless drama because it may answer their prayers later in their life's. God can shove their miracles and prayers and needs up their constipated ass holes	Leah Unison
-----------------------	---	-------------

28 Feb 2020 at 2:12pm	I do not consent to being exploited as a homeless vulnerable poor adult by anyone I do not like children And certainly will never let a child exploit me in any type of way to victimise and empower themselves Khalid mirs children are empowering khalid mir to be like that to me because they want to exploit someone's misfortunes in their address to grow positively from that...the benefit from someone's losses and life These children are ugly	Leah Unison
28 Feb 2020 at 1:37pm	The Mir children Of 8 riverdale road Feltham Tw13 6ns Are strange little cult children that bully their mum and like to exploit And bully vulnerable people and they only like people that comply with that. Saif mir is a strange little boy pervert	Leah Unison
28 Feb 2020 at 1:34pm	Khalid mir and his kids are psychotic bully's that like my dad because he helps them exploit people to empower them and himself And he knows that they want to do underground business to get cash to not declare Income. They like my dads competence and they have turned on yasmin Mir because she pressed charges on khalid Mir months ago because the true reason was that khalid mir and his kids wanted her to someday have a baby with my dad to create bondage Yasmin never tells anyone this but it's true Her kids and khalid mir have spent years oppressing her and keeping her silent and they don't like how she is disobedience to their house So they make her do strange things with the government knowing she is not entitled Because they like that the government know about this and still entertain and empower the dirty mir family	Leah Unison
28 Feb 2020 at 1:30pm	Yasmin mirs family are just exploitive They want me or yasmin or the both of us out there homeless seeking council from homeless shelters to help themselves exploit us as homeless benefit claimants So that khalid mir and saif mir and the rest of those bully children and nidhal benaissa can never have to scrounge as homeless beggars They want to bully and exploit yasmin and I as homeless vulnerable woman to help themselves do better in life.	Leah Unison
28 Feb 2020 at 12:27pm	Saif mir is the psychotic little brat that needs an nhs psychosis assessment he kicks and spits at his mum to corrupt her to go to wrong the government system by submitting herself to get help...regardless of how she is not entitled She's a homeowner	Leah Unison
28 Feb 2020 at 12:23pm	My dad is dirty He told me last night that because khalid mir is Pakistani he may know people that have acid and could be threatening My dad is ghetto trash I told him why would he put me and my mum in a threatening environment and in that situation and there's barely help at the council let alone the workforce. My dad just laughed and said if you don't like it you can live on the streets That's a lot of confidence for an undocumented migrant Well...that's probably confidence that he has in his family's money To rescue him That's why he doesn't want me knowing them and doesn't want me asking them for money Because he has support and hides it.	Leah Unison
28 Feb 2020 at 12:19pm	Instead of blackmailing and threatening me on to the streets and out of the house And instead of corrupting my parents Khalid mir should really start filing his taxes for his tenancy with my parents and his extra income that he doesn't declare to HMRC INCLUDING THE 2 years he accepted £40 a month from me so that I could have my letters sent to the address And he should really pay taxes on the marijuana he sells on the side With his friends And call his income something other than drugs To legitimise himself Instead of focusing on my squalid life in his garage while corrupting my parents on my life Khalid mir is tax evasion	Leah Unison
28 Feb 2020 at 10:53am	I changed my mind again about baptism God is a fraud As of now I am living no better than someone sacrificed to the church of satan I don't believe in god	Leah Unison
28 Feb 2020 at 10:22am	It's not even funny how my dad is using someone else's identity and renting a converted garage squalid accommodation and expects people with good jobs to hire me When I can't even have a proper clean shower The bathroom is squalid I'm dirty the second I come out of the shower. This is not employable and my dad knows and he doesn't care he just expects a free ticket back to his country from immigration when he is finished destroying my life and blocking me. My parents are not even poor	Leah Unison

They have spent my whole life detaching and blocking me from knowing their family and cutting me off
While posing as if they are poor in England
When I know they have family in France and Algeria that have money and homes.
Their plan is to be deported after they finish destroying my life and blocking me and when they are finished posing as poor people here in England.
I do not know any members of their family because they never let me know any of them in case I ask them for money

28 Feb 2020 at 9:45am	I find that interesting that Hounslow council would not help someone like me homeless quickly And they would provide shelter and accommodation for someone who is a homeowner not allowed in their house. People declaring themselves homeless to the council to get help should not be receiving help from the council if they are homeowners. Yasmin mir and khalid mir are having help being corrupt and playing with the system when others like me would not have help.	Leah Unison
27 Feb 2020 at 9:31pm	I did tell yasmin mir to not give my phone number to anyone in her family especially not to khalid mir And I let her know to not let her children get a hold of my phone number So hopefully nothing to be worried about	Leah Unison
27 Feb 2020 at 7:56pm	I just hope that yasmin and khalid mirs children do not intervene with yasmin mirs phone and corrupt my phone line and exploit my phone number with stupid text messages and prank calls those kids really are not good to their mum I do not want them exploiting my phone number and I do not want khalid exploiting my phone number through yasmin either I just couldn't leave an old woman out on the streets crying if I could help. That's the only reason I gave her my phone number	Leah Unison
27 Feb 2020 at 7:48pm	Yasmin mir came to the converted garage where I live today and said she was crying in a park bench homeless today and asked me for my phone number to call me sometimes to see if she can sneak in to the house. I agreed...yasmin and I are not best pals we do not confide in each other But I gave her my phone number to try to help her not be cold and outside more than she would be if she did not have my phone number. Yasmin mir told me that she and that khalid mir are trying to sell the house And they want someone to buy the house quickly so that they can put all of this behind them. Well I hope someone buys their house I do not like that my dad squats like a tramp and doesn't care. And expects my mum and I to be dirty with him in the house And it's not our fault we just don't have work or money like he does. So I'm happy to know that yasmin mir and khalid mir are trying to get rid of this house.	Leah Unison

25 Feb 2020 at 12:27pm	I am waiting to receive a date from Chris the priest at st Richards church for my baptism	Leah Unison
25 Feb 2020 at 12:11pm	I attended an appointment with priest Chris and Hannah to speak about my baptism which would happen at st Richards church 35 forge road. I came around to Christianity again	Leah Unison
25 Feb 2020 at 10:57am	I applied to join Ryanair airlines as cabin crew	Leah Unison
24 Feb 2020 at 10:03pm	My dad cried and said he only puts me through these things mentally because he is an undocumented migrant that doesn't have help and wants landlords to help him So I will stay because we are all vulnerable I told him to let go of the negative faith in strangers that he has been empowering because this is making him negative and impacting everything and impacting me and my mum I will help my parents get around i will help them move around	Leah Unison

	I cannot just leave my mum and dad simply because of a controlling landlord that dominates my parents life with his mortgage	
24 Feb 2020 at 8:57pm	The ambulance did not come but they spoke to my dad and told me to refer him for a talk through single point of access I am staying with my parents now my mum was crying because khalid mir has control and is corrupting their life's through mine by making them feel compelled to listen to him to put me out. So i will stay to understand because they are vulnerable My mum is not the one standing for khalid I spoke with my dad And hopefully he stops standing for khalid too because	Leah Unison
24 Feb 2020 at 6:55pm	I had to call the ambulance for my dad to refer him to get some help for hearing voices they are on their way I had to get him some help	Leah Unison
24 Feb 2020 at 6:44pm	Khalid mir and mr nidhal benaissa Wronged my housing Today because they wanted to corrupt me like they did to yasmin mir I don't know why my dad is so confident to do this to me as an undocumented migrant	Leah Unison
24 Feb 2020 at 5:16pm	I will not be sexualised by my dad to be competent with khalid Mir for rent As terms for living at this dirty address I will endeavour to put a restraining order on my parents and on khalid if I am successful in moving out	Leah Unison
24 Feb 2020 at 5:15pm	I reported to the police about khalid mir and my dad To Pc sandrini 1543WA CRIME CAD REFERENCE NUMBER IS - 2984/24 Feb 2020 Harassment charge FELTHAM - Hounslow I will be going to the council in the morning reporting myself as homeless	Leah Unison
24 Feb 2020 at 1:58pm	It comes under sexual assault or harassment either way Over a year ago khalid mir tried to rent his spare room to me as well Telling me he will only rent me the room if he gets to have a good time with me in the room And he said he knows my dad would like that I'm putting my foot down on khalid Mir today The police should not block me	Leah Unison
24 Feb 2020 at 1:56pm	Khalid mir prior to sexually assaulting yasmin mir he did it to me in his car asked me how much would it take to have sex I reported it to my psychiatrist at the time dr mehrotra in writing then yasmin mir put him out I will press charges on him today for blackmail and sexual assault	Leah Unison
24 Feb 2020 at 12:49pm	Khalid mir also knows I was a victim of human trafficking in America and asks my dad if he could buy me as a prostitute I don't comply and he doesn't like it so he blackmails me if I dare to have money or help Under his address	Leah Unison
24 Feb 2020 at 12:33pm	Khalid mir has been blackmailing me to be a cult victim in his converted garage for years By oppressing me financially through my dad Blackmailing me that if I get credit or benefits he would put me out I will be telling the police about the way that khalid mir bought his child's cardigan to see my dad the other week and then he told my dad that he has the police wrapped around his fingers...and left his child's school cardigan on my dad's duvet and said you know what to do, to my dad. Khalid mir actually left and my dad was fornicating in the toilet a few hours later which I found strange then later found khalid's child's school cardigan on the hook next to the toilet Khalid is grooming my parents to be strange I don't like this at all If I have to I will leave but I need to find somewhere to live Khalid mir told me the authority's know that he is receiving money from my undocumented migrant parents but if they know Why would he control my finances through my parents with blackmail and disrespect like this	Leah Unison
24 Feb 2020 at 12:27pm	Khalid mir screamed at me to get control of my life just like I knew he would This is a man who has been put out of his house for sexual assault I had to call the police because if I did not then I could be really violated by my dad and khalid mir they have been blackmailing me and controlling my life for years I was only able to claim universal credit and get credit because khalid was put out for being a pervert The police will be coming to the house at 3pm today to talk to me	Leah Unison

24 Feb 2020 at 10:51am	My sister Sarah benaissa Is 6 years younger than me She was adopted by Anne wardle and Howard wardle in Eastbourne I know that my parents are due to visit Sarah benaissa in Eastbourne Sarah benaissa is over the age of 21 years old whatever adoption contract she had with Anne and Howard wardle is finished she cannot use then to stay away from her routes and her real life.	Leah Unison

24 Feb 2020 at 12:19am	Khalid mir always said to my dad that he wants to marry my older sister katia assma benaissa That is the only time he is somewhat nice about me in his converted garage under the care of his undocumented migrant tenant who is my dad. His wife yasmin mir pressed sexual assault charges on him recently that put him out of the house for months so I don't doubt he and katia assma benaissa would make a good couple as long as I'm not around this I don't care	Leah Unison
------------------------------	--	-------------

23 Feb 2020 at 11:49pm	Sarah benaissa Is my youngest sibling I have not seen her in over 10 -12 years I have not spoken to her she lives in Eastbourne I don't even know her anymore and I don't want to know her But last time I acknowledged her I remember catching her inappropriately violating our foster carers dog. That was disgusting but I don't remember much of Sarah except for that She is in her early twenties now but it's about time she dealt with her parents now I want out of this mess	Leah Unison
------------------------------	---	-------------

23 Feb 2020 at 11:37pm	I will be getting counselling for my issues and for my adhd But I certainly will be getting counselling to help refer my parents to be deported Because my sisters are never caring about them and never staying with them..I've always been the detached one out of my sisters and people always put me down with my family regardless of how I always do not want to be around them My life never had help being independent unlike my sisters. But my sisters were always crying about their family life and how they want love But they are never living with my parents so I am concerned because if my parents stay here in England and my sisters keep living independently like how they always do then my parents will be homeless and my sisters would not care My dad actually referred my sister katia assma benaissa for psychiatric acknowledgement through a police officer that helped me press charges on Katia assma benaissa for the way she sexually abused me as a child My dad told the officer how she was hearing voices in her mind throughout her childhood She grew up aspiring to be a prostitute and that's how she kept up her life financially stable away from our parents while crying about not having family. I have not spoken to her since I pressed charges on her And I do not want to speak to her But all I know is that if my sisters keep living away like this My parents will be very vulnerable later in life as undocumented migrant people with no proof of who they are	Leah Unison
------------------------------	--	-------------

23 Feb 2020 at 5:45pm	I was looking at the websites (https://www.homeless.org.uk) (https://www.universal-credit.service.gov.uk/journal) (https://england.shelter.org.uk/)	Leah Unison
-----------------------------	--	-------------

And now I understand why my parents want to live in this dirty squalid accommodation in feltham.
And now I understand the abuse and blackmail they empower over my life to put me down.
As someone that lives in feltham and in Hounslow borough I cannot get a referral or help myself through the HOMELESS LINK AND GET HELP OR SHELTER because I am not in the local authority of Kingston which is the closest shelter offering help for homeless people
Yes I understand the control they have at this address

23 Feb 2020 at 4:27pm	I don't know how universal credit is expecting me to pay rent on £317 a month I cannot do that There's no such accommodation that I can afford with this type of benefit and minimum wage if I am working unless I am government begging the needs of the system and not my own needs. That's why I applied for housing benefit as well	Leah Unison
-----------------------------	--	-------------

23 Feb 2020 at 4:25pm	I applied for housing benefit from Hounslow council They said they will write me a letter to let me know their decision My reference number is 11516384FyXLRR submitted on 23 February 2020. I hope that khalid mir does not open my letters like he always does He violates my privacy opens my mail/letters to gain control of my life and to bully and blackmail me in to	Leah Unison
-----------------------------	--	-------------

homelessness through my undocumented migrant parents.
I don't like living with my parents they are trouble
And I don't like my parents allowing khalid mir to violate my personal property and mail / letters
By allowing khalid and his family to be opening parcels and letters I receive in my name at the address.

23 Feb 2020 at 12:13pm	Well I don't care if I get better in health with regards to rejoining the army I will not consider rejoining unless my undocumented migrant parents are deported I do not want to risk my life in the military with negative family members in civilian life plotting and waiting for my return	Leah Unison
22 Feb 2020 at 1:48pm	Yasmin mir Got to spend the night at the house with khalid regardless of his unfit state abusing drugs and alcohol and after the police on 999 were told. Khalid let her stay regardless of using the police to put her out with a restraining order after violating his own court order.	Leah Unison
22 Feb 2020 at 11:27am	I agree that I had credit and the means to purchase before but they did not list homes I could afford back then I find it not a coincidence that now I don't have the money That estate agent has cheap property That is corrupt	Leah Unison
22 Feb 2020 at 11:26am	I'm getting suspicious thoughts that estate agents like Pattinson only list cheap homes to inspire poor people like me in order to help others corrupt people like me to work to aspire To corrupt the us hArdworkers and Earners to work and to be exploited by the law enforcement and in to that housing and back in to the system for daring to want more then a rental place to live in	Leah Unison
21 Feb 2020 at 9:32pm	Hopefully yasmin mirs family Brother and sister let her stay with them until khalid is caught for corrupting her out of the house with fake documents to take over property through Hounslow police station	Leah Unison
21 Feb 2020 at 8:55pm	Yasmin mir finally reported khalid mirs drug abuse around his kids To the police	Leah Unison
21 Feb 2020 at 8:22pm	Yasmin mir is currently on the phone to the police and I spoke to them about khalids game with the police Yasmin is reporting khalid for his alcoholism and drug abuse with cannabis	Leah Unison
21 Feb 2020 at 7:59pm	I'm sick and tired of Hounslow police station and their involvement with this address	Leah Unison
21 Feb 2020 at 7:58pm	Hounslow police station Corrupt this morning they put yasmin mir out of her house based off of khalid mirs non molestation order. It was not even a property order that khalid had It was a restraining order that he got and violated his own order by starting problems And the police entertained him put yasmin out with nowhere to go So I told her to stay with me and my parents and hide in the toilet If she has no one to go to. Hounslow love to comply corrupt	Leah Unison

21 Feb 2020 at 10:54am	I was thinking for a while That if my adhd is treated correctly and my crepitus gets better I should rejoin the army My dad heard about this plan of mine and told me that the voices in his mind think and believe that I will be injured with gods purpose to be helpless and broken around his life so that he can stay in this country at my peril... I hope that never happens I would never injure myself on purpose to live with my parents and if the universe does that To me That would be a cult. Anyway I am not happy khalid mir is back because when he lives in the house he likes to charge me £40 for my personal mail/letters to be delivered to the address where I live And if I don't pay him he threatens to send my mail/ letters back to where they came from And if he did that to me with a bank letter that would freeze my account and The bank would not do business with me. I could get shut down from banking and blocked from work. My dad obeys khalid Mir and his threats to my life because he is an undiagnosed psychotic that hears voices and he sees that I am not a fortunate person in my life. So he takes advantage and does negative things around me and through people he knows to impact me to influence everything I do on my own to fail to have me need him later.	Leah Unison

My mum is getting treatment still from the psychiatric unit she was sectioned in.
 They are doing home visits to inject her body with anti psychotic medication
 They know that she is hearing voices
 But my dad likes to exploit her in squalid housing to exploit her mental health for his own life
 He provokes and deprives her to sleep (my mum is an insomniac she doesnt sleep she obeys him by pretending) and he wants her to say nothing with no money or anything to keep her competent while he goes out and uses Ian reillys name to do his businesses to meet people and use them for their negative influence on his family

It's like he's just waiting with my mum to put me back down someday.
 I spent nearly 2 years reporting and documenting my life in the same psychiatric hospital where my mum was sectioned as to what kind of negativity my life with my parents has been.
 Just when things were looking up financially
 I am right back where I started!

21 Feb 2020 at 10:08am	My appointment with Sharna at ground force work Is on 27th February 2020 At 10am	Leah Unison
21 Feb 2020 at 9:54am	Well I do not understand why my parents are not deported back to Algeria.. I have 2 sisters that I do not speak to and have not spoken to in years. I do not like them and I do not intend or want to communicate with them. I do not know why The home office is entertaining my undocumented parents as if they could just get a visa after over 10 -15 years as undocumented migrants Exactly what would they do with a visa now? Exactly!	Leah Unison
21 Feb 2020 at 9:41am	Today my undocumented parents Landlords separated and yasmin Mir moved out. Khalid mir is very controlling and doesn't want me on benefits in case, my benefits expose his Benefit fraud and his dishonesty in his own benefits So I will be asking Gilberto today how much I can recieve in housing benefit to move away from this hell hole	Leah Unison
21 Feb 2020 at 9:25am	I had to rebook an appointment at my GP with a different doctor With regards to my ADHD but I have to wait until March 3rd 2020 At 3:20pm where I will be seeing dr Joseph at fir road surgery Hanworth Hopefully dr Joseph does not ignore my referall to continue my medication like dr sood	Leah Unison
21 Feb 2020 at 9:12am	I left Sharna at groundforce work a message to get back to me.	Leah Unison
21 Feb 2020 at 9:03am	I tried to call her but nobody is responding.	Leah Unison
21 Feb 2020 at 8:55am	Hi Leah, Good Morning, Could you please get in touch with Sharna from Ground Work asap: Sharna Smith-Ince Family Works, Employment Adviser Groundwork London Tel: 07387018891 www.groundwork.org.uk/london Thanks, Gilberto.	Gilberto Hounslow Jobcentre Plus
20 Feb 2020 at 3:08pm	In my court tribunal claim to have my benefits reconsidered I have provided evidence in my claim as to my ADHD and my treatment with THE ADHD CENTRE I have provided the court with a letter written by dr rao confirming my treatment and his diagnosis and the equality act 2010	Leah Unison
20 Feb 2020 at 1:01pm	I have applied to appeal the benefits decision through court tribunal since the NHS doctor referring my adhd complied as clinical negligence and ignored my referral I will be needing to pay my private doctor when I am paid by DWP this week. BUT I couldn't wait for a mandatory reconsideration because I have been updating my journal and nobody in DWP looked and responded and no I am not talking about GILBERTO. I am talking about the people in the office at DWP that have been making notes on my journal because when I make these payments for my health (my metal braces as well) I will not be able to afford my travel expenses to go out. But this is not something I can control	Leah Unison

My health is important
ADHD has always been overlooked by the nhs
They do not like helping people in this department and that is disgusting.

20 Feb 2020 at 11:53am	I have to book another appointment with a different doctor now All because dr sood did not bother referring me completely wasted my time That is clinical negligence Perversion of mental health issues Now I have to go through this process all over again	Leah Unison
20 Feb 2020 at 11:00am	I require a mandatory reconsideration please! I need more benefits	Leah Unison
20 Feb 2020 at 10:33am	Dr sood of fir road surgery still has not bothered To refer me for nhs adhd treatment I have to call again in one hour to see if the secretary could help	Leah Unison
19 Feb 2020 at 11:21pm	(Personal note to self) I will not be going through with the baptism I had a dream about the apocalypse (NOT JOKING)	Leah Unison
19 Feb 2020 at 11:02am	I called dr sood at the fir road surgery And the secretary said she should be making the referral today. The secretary mentioned that dr sood is only in work on Wednesdays. Which is disgusting because it's been a while since my last appointment and how I told her I need the referral and this is ignorant of her. As making a referral is nothing but a lousy email...I don't understand this ignorance.	Leah Unison
18 Feb 2020 at 8:53pm	Khalid mir came to see my parents today And showed court documents of a non molestation order for yasmin mir to leave the house I was not aware of this until now. But the courts decided to issue a non molestation order for her to leave because they agreed that khalid mir has more authority over their kids. Well I would just like to state that Khalid and yasmins children are psychotically at work and they purposely disown abuse and mentally work their mother negatively for themselves. In all honesty if I was a judge in that case I would put a court order out for the kids to be diagnosed for psychosis and to experience foster care full time for perverting social services with their childish demands and corrupting their parents to comply corrupt towards my parents in order to corrupt me and my life and what I am doing. I feel very exploited by khalid and yasmin mirs children because they have managed to convince even foster care/ social services that my parents are lodgers in their house to empower their family benefits...I keep telling my parents to move out but they insist on staying until the end. I cannot just move out myself and be irrational London is listed as the 10th city in England with regards to jobs and prospects. I know that social services know better then to comply with khalid mirs children as if they are a serious statement to make! But those children do submit to taking advantage of situations and they have learned how to work the system and they like to get involved with my parents and I don't like it. Usually I wouldn't report things like this because I don't plan my life around my parents But these past few years people in my life always ensure that I am around my parents in the strangest most inappropriate ways.	Leah Unison
18 Feb 2020 at 6:24pm	On the 25th February 2020 I will be seeing the vicar of st Richards church in Hanworth about a baptism/christening I don't believe in the devil. If there was a devil..it would be the universe ;)	Leah Unison
18 Feb 2020 at 4:28pm	I require an (MRN) mandatory reconsideration notice please if DWP do not want to reconsider their benefit choice I would like my case to be acknowledged by tribunal if no arrangements can be made through DWP	Leah Unison
18 Feb 2020 at 3:53pm	I'd also like to add that khalid and yasmin Mir THE BENEFIT SCROUNGERS FRAUDSTERS AND EXPLOITATION CRIMINALS use the police often to get what they want financially from the government to the point that my undocumented migrant parents look up to that And they have a history of domestic violence with Hounslow police station because khalid and yasmin Mir support that unstable behaviour as their tenancy agreement because if my parents participate in this..this would show them loyalty and competence in their discreet financial tenancy agreement..that of course is not legalised in documentation	Leah Unison
18 Feb 2020 at 3:12pm	My parents do not use my identity to support themselves they are using Ian Reilly I hope I am never in a predicament where my identity is exploited by my parents.	Leah Unison
18 Feb	I am not competent with people in the house I am tolerating	Leah Unison

2020 at 3:08pm	This is why I am asking for a mandatory reconsideration as to the benefit decision that has been made on my account.	
18 Feb 2020 at 3:07pm	Khalid Mir and yasmin mir Are receiving £650 from my dad nidhal benaissa and extra money This is the website that my dad develops his software And makes money (http://www.multicrewxp.com/) He uses someone else's identity To collect the Money He is using someone named Ian Reilly Who agrees to share accounts and his name to my dads work to help my dad pay rent Mr khalid Mir and yasmin Mir Have been accepting his money while on benefits For years and years While working the system through their psychotic children that don't go to school to create problems to get sympathy and extra financial aid through social services for their house and mortgage and they create problems and lie to the police all the time to support their claims And Then they corrupt my dad and my mum to threaten intervene in what I am doing to cause me mental health issues and financial issues to put me out homeless By using the police as bailiffs if I am not competent with them.	Leah Unison
18 Feb 2020 at 2:33pm	I'd like to get control of my life to the extent and point that people are blocked from putting me down with my parents and family like they always do.	Leah Unison
18 Feb 2020 at 2:31pm	With all these problems I may never achieve my own property To separate myself and my life from my family I'm starting to see that people like me in their drama And I do not like it. But nothing cares....until it's them	Leah Unison
18 Feb 2020 at 2:28pm	(https://www.pattinson.co.uk/)	Leah Unison
18 Feb 2020 at 2:25pm	When I said I aspire to own property I was not aspiring for London. There are property's in the north east of england for very cheap I want to own it fix it up and keep it or sell it.. for example This is the website of the company that I have my eye on. (https://www.pattinson.co.uk/property?id=357421) So with regards to what I was doing before benefits And work and my credit cards and loans I was establishing trust financially to get property outside of London But instead I ended up With report works and people blocking everything and creating their own versions of what I want to do. So please reconsider my benefits decision or offer extra financial assistance Because it's fine if DWP don't care I want to take this to tribunal if DWP are not bothered Thanks Leah unison	Leah Unison
18 Feb 2020 at 2:02pm	I'd also like to add that My undocumented migrants parents are renting from landlords that let their primary school kids stay at home when other kids go to school. The social services dealing with khalid and yasmin Mirs children are exploiting my circumstance and my undocumented migrant parents by complying with khalid and yasmins children absence from school and entertaining their psychotic cases and pretentious problems to financially assist them at my peril and as much as I do not get along with my parents I would like to say that hounslow council and DWP and social services are exploiting my undocumented migrant parents by entertaining mr and mrs Mir of 8 riverdale road feltham As having lodgers in their house Because my parents pay them £650 a month for rent Which they don't declare to Hounslow council DWP and social services But I am finding it hard to believe that social services and DWP and Hounslow council are spasticated and retardant enough to believe that people living in a house paid by the mortgage company can afford to stay with lodgers in their squalid converted garage Which I took photos of and actually reported on the benefit fraud system On more than one occasion	Leah Unison

I also wrote to the council with those pictures
The psychiatric hospital where my mum was sectioned even hold photos of the squalid accomadation that I tolerate with my parents due to my hopes and aspirations of being a homeowner someday
But in all honesty I am losing faith in the system the banks the workforce and even the universe for letting things like this overcome me even when I roar.
I cannot stand back and witness the police perverting justice for the Mir family fraudsters that psychotically use the police to claim extra money due to their drama and their life's that they create to wrong themselves to accommodate themselves.
Hounslow police are disgrace for entertaining the Mir family
And my undocumented parents have been corrupted by these people and even using Hounslow police station as a bailiff sometimes threatening me and telling me that the police will put me out which they are not authorised to do this
If they were nobody would need bailiffs

So before DWP undermine my benefit claim I suggest they take a long hard look and investigate Khalid and yasmin Mir and the lengths they have gone to commit benefit fraud and the way you all comply

Well I'm not in on it!

18 Feb 2020 at 1:28pm	Also I would like to add the my undocumented migrant parents whom I share accommodation with. I only tolerated this because I was working so hard and getting credit and building myself up to someday be a homeowner until people at work started bullying and exploiting me for free work unpaid this kept happening and I had to get psychiatry through nhs to report and tell a doctor I fought through this fir 1 year and a half with a doctor at lakeside mental health unit And I was doing better My mum was also sectioned there for threatening behaviour with a knife for 6months I overcame that because I reported things with dr mehrotra and things were improving but then when my treatment ended that is when people started their corrupt behaviour workplace bullying and deceit But I will not go running back to a psychiatrist to deal with my home life anymore But understand my predicament My parents are renting from benefit fraudsters that I actually reported to Hounslow council and they never acted on this exploitation And my parents are renting from these benefit fraudsters who are working the government system with their children and working their psychosis to get extra help through social services And even working the police to favour themselves It's so corrupt. But this is what bothers me the most Social services dealing with their children's psychotic needs claiming and being competent with my parents landlords as benefit fraud claimants and telling me that they believe that my parents are just lodgers And the social services really submit to their work with khalid and yasmin Mir as if they are Actually letting lodgers live In their converted garage... that's very unlikely and not the case I do not understand how they can believe that because on the land registry if you look up my address you will see my undocumented parents landlords listed as owners through mortgage of the house It's a big mortgage for benefit claimants... so this is me telling DWP how are my parents landlords living in their house purchased by a mortgage company on benefits according to stay with lodgers in a converted garage? So I agree that my claim needs to be reconsidered	Leah Unison

I have 4 loans defaulting and I cannot afford payment arrangements The banks will not even give me an overdraft which I find strange because I have had credit and they don't care . The banks are very exploitive about their business in my experience They do not lend to people who have help elsewhere and when that help is gone the bank still doesn't care. I have had to sell my MacBook my iPads my personal possessions my hard work tolerating this shared accommodation with my parents is all gone and SOLD ...for a little bit of cash..to be able to wait for my benefits only to acknowledge that there are people receiving universal credit committing benefit fraud	Leah Unison

My undocumented parents are renting from universal credit claimants and they don't declare that they receive income from my undocumented migrant parents who rent the squalid accommodation from these benefit fraudsters that help my parents exploit themselves for their mortgage.

My dental treatments at Buckingham gate orthadontics cost £50 a month to tighten the braces
£30 for teeth cleaning
£80 for Deep cleaning
I just had a deep clean last month
As of now I need to continue paying £50 a month to tighten my braces to straighten my teeth
I cannot just stop my dental treatment I have been receiving dental work from Buckingham gate orthadontics for 9 months now.

Prior to that I had all of my wisdom teeth extracted and taken out
By envy smile dentist in Shepherd's Bush

I have been taking care of my health putting money in to the work and my situation now is disgraceful but it's not in my hands
But I would like either a reconsideration as to the benefit decision that has recently been made
Or I would like extra help because I cannot just put everything to the nhs immediately
It takes time
Not because of me
But it's the nhs itself

I am receiving private dental treatment from Buckingham gate orthadontics as of now due to unexpected job losses and credit card and loan debts
So I have to transition in to the NHS healthcare and dental works

Dr sood at the fir road surgery who is dealing with my referral for my adhd is back in the office tomorrow and the referral may take a few weeks I'm not sure how long it will take to continue my treatment with nhs
However in the meantime
I can afford to cover the cost of my private prescription
But would it be possible to receive some extra money to pay for the medication Itself.
As I am struggling I have travel costs to cover and I have braces in my mouth from dental treatment I have to continue
Can I have assistance in getting my medication this month until I know what the NHS is covering?
The medication at the pharmacy costs £85

Hello
I have an appointment on 19th February
With a doctor with regards to my crepitus so I can get dr Chen to assess me and my back I think I need an X-ray
I developed crepitus through my young years in the army
I spent 3 years enlisted in the British army
Years ago
And when I left I developed crepitus joint discomfort and bones and joints popping air gas problems in my body.
I then learned that I was ADHD
So I am waiting for the NHS to see if they would continue with my private prescription medication
As that is costing me £82 for the actual prescription and £85 for the actual medication as of now.
Right now I am taking elvanse 50mg for my inattentive mind
And my forgetfulness and my binge eating and for my inability to focus .
I also have fatigue and drowsiness and sleep problems through the day without my medication.
So I know it looks like I am on point with my daily life
But unfortunately for me that is because I am taking medication That help me Comply with myself .

Hi Leah,
You are entitled to claim free NHS healthcare, due to the Universal Credit that you are receiving.

We might be able to pay you something extra, but we haven't been able to follow our health process yet, as you've not provided a fit note yet. Have you ever been given one by your doctor?

Thank you

16 Feb 2020 at 11:24am	Hello I can see that the decision has been made on my benefits but I am wanting a mandatory reconsideration Before I appeal Because I am actively receiving treatment from a psychiatrist for my adhd and I'm paying for my mental health issues I am needing a bit more than what DWP ARE TELLING ME THEY WILL GIVE ME. If I appeal my case will be looked at by a doctor maybe he/she will understand because I am waiting to know if the NHS can continue my treatment so that I am relieved of paying for my mental health issues. I also understand that I do not qualify for access to work support so I need a reconsiderAtion for my benefits. I struggle to work without my medication because I suffer inattentiveness and memory loss and struggle to focus. I am out of work but without my medication I won't last at work	Leah Unison

So this is good but not good So this is an option for me if DR SOOD At the fir surgery feltham GP where I am registered cannot refer me through the NHS TO receive my medication and treatment	Leah Unison

if DR SOOD at fir road surgery (my gp)
Cannot refer me for a cheaper treatment with the nhs.
And the

12 Feb 2020 at 3:48pm I went to a doctors appointment at my gp
Today and saw dr sood at
Fir Road Surgery, 50 Fir Road, Hanworth, TW13 6UJ
With regards to my adhd and asked her to refer me to nhs adhd treatment because my treatment privately is costing too much.
It costs me right now
For a private prescription - £82
For a psychiatrist annual review £200 (the annual review is yearly)
For the actual medication it costs £85
But I am mentally impaired and inattentive without treatment and without my medication.
So hopefully if the nhs are able to give me treatment it would relieve me of these expenses

7 Feb 2020 at 11:46am Hi Leah

Following the concerns that you highlighted in the online complaints portal regarding your JSA and Universal credit applications, I tried to phone you today.

Christine
St Austell Service Centre

New Style Jobseekers Allowance can be claimed when class 1 national insurance has been paid through employment in the last 2 to 3 years. If these contributions have not been made, then a Universal Credit claim would be made.

When a person has both a Universal Credit claim and New Style JSA this is called a duel claim. A duel claim would apply if there are further elements which make up their overall benefit entitlement for example Housing costs. New Style JSA is deducted pound for pound from the Universal Credit award, so would be accounted for as a deduction in any payment of Universal Credit.

Having reviewed your circumstances, the reason your UC claim would have been closed if you claimed New Style JSA is because your Universal Credit award would have been £0.00 if JSA payments were made. I am sorry this was not explained at the job centre when you attended for your JSA interview.

Please do ask your Work Coach if you have further questions, they should be able to help you with information on both Universal Credit and New Style JSA.

Kind regards, Christine

4:16pm	But when i went to the interview they said if i went ahead with JSA THEY WOULD SHUT DOWN MY UNIVERSAL CREDIT ACCOUNT. i chose to not comply with JSA AND TO KEEP MY UNIVERSAL CREDIT its a bit strange that jsa would even still be doing a work separate from universal credit when government websites are swearing on their sites that jsa is included in the universal credit	
3 Feb 2020 at 1:39pm	I will be attending the interview for jsa tomorrow. According to the website they are approving people to claim both universal credit and job seekers allowance at the same time. 1 Feb 2020 at 2:35pm	Hello I was browsing on the internet for work and i saw the dwp site about jobseekers allowance the applications are still open and allowing people to claim. I applied and dwp online said i qualify for JSA I need all the financial help i can get So i applied and it said i should be contacted with regards to my claim because i passed pre qualifying questions. I did tell the application about universal credit and jsa application did not care that i would be recieving universal credit. I live with my parents but my parents are both undocumented migrants they do not have identifications to work. My dad sells his software on the internet to pay rent and that is all he can afford. I do not recieve help from anyone in my family financially...but believe me i am no better off for my rent being paid as i am making claims for help because its only a matter of time before my rent may not cover me through my parents due to their circumstance. I do not contribute to rent with my parents and i do not contribute financially to their lifes I have no savings And if i did have money i would not be in their lifes and i know they would not want to be in my life either. And if there is a chance to get extra money or help i will always try. As i am very vulnerable if i dont. Just wanted to update you I will let you know what happens with regards to jsa if i am entitled to jsa which the application said i am. Maybe they will assign me you at the interview for jsa Regardless even if they assign me someone else i will keep you informed. Thank you Leah unison	Leah Unison

Hello gilberto

I got my psychiatrist dr rao at the adhd centre

To write a letter confirming my adhd and that i am recieving treatment from him and have been recieving treatment and medication (elvanse) since august 2018.

He has also stated that adhd comes under the equality act 2010 which defines disability as a physical or mental impairment which has a substancial and long term adverse effect on carrying out normal day to day activities

If you would like to take a copy of my doctors letter i can come to the job centre and give you the letter.
